REPORT OF THE INDEPENDENT AUDITORS PURSUANT TO SECTION 54 OF THE CENTRAL BANK OF KENYA ACT

We have audited the financial statements which have been prepared on the basis of the accounting policies set out below. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and to provide a reasonable basis for our opinion. The financial statements are in agreement with the books of account.

Under the provisions of the Central Bank of Kenya Act, the directors are responsible for the preparation of financial statements which give a true and fair view of the Bank's state of affairs and its operating results. Our responsibility is to express an independent opinion on the financial statements based on our audit and to report our opinion to you.

We conducted our audit in accordance with Kenyan auditing standards. Those standards require that we plan and perform our audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes an examination, on a test basis, of evidence supporting the amounts and disclosures in the financial statements. It also includes an assessment of the accounting policies used and significant estimates made by the directors, as well as an evaluation of the overall presentation of the financial statements.

In our opinion, proper books of account have been kept and the financial statements give a true and fair view of the state of the Bank's financial affairs as at 30th June, 1999, and of the results of its operations for the year then ended and comply with the requirements of the Central Bank of Kenya Act.

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 30TH JUNE, 1999

1. Principal Accounting Policies

(a) Accounting Convention

The accounts have been prepared under the historical cost convention.

(b) Depreciation

Depreciation is computed on the straight line basis so as to write off the cost of fixed assets at the following annual rates—

- (i) Land and buildings (long leasehold) 10%.
- (ii) Motor vehicles, furniture and equipment 50%.

(c) Translation of foreign currencies

Transactions in foreign currencies during the year are converted into Kenya shillings at rates ruling at the transaction dates.

Assets and liabilities at the balance sheet date which are expressed in foreign currencies are translated at exchange rates ruling at the year end. The resulting differences from translation and conversion are dealt with in the profit and loss account in the year in which they arise in accordance with section 51 of the Central Bank of Kenya (Amendment) Act, 1996.

(d) *Revaluation of Investments*

Foreign and local securities are valued at the lower of cost and market value. To determine the lower of cost and market value, investments are grouped into their respective currencies and only if the group total market value is lower than cost is a provision made against that group.

GAZETTE NOTICE No. 5461

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within sixty (60) days from the date of this Gazette, lodge notice of opposition on form TM. No. 6 (in duplicate) together with a fee of KSh. 1,500 (local application) or US\$ 75 (foreign application).

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, Kenya Industrial Property Office, Posta Sacco House, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B prefixed to the official number.
