GAZETTE NOTICE NO. 2116

THE INDUSTRIAL COURT OF KENYA AT NAIROBI

CAUSE NO.78 OF 2001

Parties:

Union of National Research Institutes Staff of Kenya—(Claimants).

versus

Kenya Forestry Research Institute (KEFRI)—(Respondents).

Issue in Dispute:

"RECOGNITION"

Zacharia Achacha, Secretary-General, for the Claimants (hereinafter called the Union).

L. Muiruri Ngugi, State Counsel, on behalf of the Attorney-General, for the Respondents (hereinafter called the Institute).

AWARD

ON 14th August, 2001, the Minister for Labour referred this dispute to the Court for consideration and determination under powers vested in him by section 8 of the Trade Disputes Act, Cap. 234, laws of Kenya (which is hereinafter referred to as the Act). The Minister's reference, together with the statutory certificate from the Labour Commissioner under section 14, subsection (9) (e) of the Act, were received by the Court on 20th August, 2001, and the dispute was listed for mention on 6th September, 2001. On this occasion, Achacha appeared for the Union but there was no appearance for the Institute although it was notified to attend. In the circumstances, the dispute was listed for another mention on 13th September, 2001 and the parties were duly notified. Achacha again appeared for the Union but there was no appearance for the Institute. But despite the absence of the latter's representative, the Union was directed to submit its memorandum on or before 12th October, 2001 and the Institute was ordered to file its reply statement on or before 12th November, 2001, and the dispute was fixed for hearing on 24th January, 2002. The Union submitted its memorandum on 18th October, 2001 and the Attorney-General, on behalf of the Institute, belatedly filed his reply statement on 3rd January, 2002. The dispute was heard as aforesaid, i.e. on 24th January, 2002.

The Institute was established as a corporate body under section 13 of the Science and Technology Act, Cap. 250, laws of Kenya, to undertake research in forestry and allied natural resources and also to disseminate research findings. The Union was registered as such on 13th May, 1998 under section II of the Trade Unions Act, Cap. 233, laws of Kenya, to recruit and represent all unionisable employees of Research Institutes on matters pertaining to their terms and conditions of employment. For this reason, the Union approached the Institute for recognition on the following grounds—

- (a) that it was the sole and rightful or appropriate Union to represent the unionisable employees of the Institute as enshrined under Article 80 (1) of the Constitution of Kenya and the ILO Convention No. 98 on matters relating to their terms and conditions of employment;
- (b) that there was no rival union claiming representation or recognition; and
- (c) that it has recruited more than 51% simple majority, i.e. 600, or 60%, out of 1000 unionisable employees as its members.

After fulfilling the aforementioned conditions, the Union forwarded a model of a recognition agreement to the Institute and suggested that the parties should meet and sign the same. The latter pointed out that its hands were tied because it was "yet to receive a policy guideline on union representation" from the parent Ministry of Research and Technology (see Union Apps. I to IV).

On 4th March, 1999, the Union reported a formal trade dispute to the Minister for Labour in accordance with section 4 of the Act. The Minister accepted the dispute and, under section 7 thereof, appointed W. A. Otieno (Miss) of Nyayo House Labour Office to act as the Investigator. The parties attended the meeting but were unable to settle the matter. Therefore, on 4th August, 2000, the Minister released his investigation report to the parties, wherein he found "that the Union has recruited more than 51% of the unionisable staff of KEFRI" and "that the same members of staff are already paying union dues by way of check-off system every month". In the circumstances, the Minister recommended "that the Union should be accorded recognition

by the management of KEFRI", and finally appealed to the parties to accept the recommendation as a basis of settlement of the dispute. The Union accepted the recommendation, but the Institute refused to sign both the recognition agreement and the Notification of Dispute, Form "A". Hence the reference of the dispute by the Minister for Labour to the Court as stated at the outset of this award for consideration and determination (see Union Apps V to XIX).

Achacha submitted that other research institutes which have been registered under the said Research and Technology Act, Cap. 250, Laws of Kenya, e.g. Coffee Research Foundation, Tea Research Foundation, etc. have since accorded recognition to the Union, but the Institute has continued to frustrate the efforts of the Union and deny the employees their freedom of association and the right of union representation, contrary to Article 80 (1) of the Constitution of Kenya and the ILO Convention No. 98. He also cited and relied on Cause No. 95 of 1999 between the same Union and the Kenya Trypanosomiasis Research Institute (KETRI), which is registered under the same Act, in which the Union was accorded recognition. Mr. Achacha strongly castigated the management of the Institute for their negative attitude towards the Union and also for ignoring legal advice by relevant authorities of the Government, e.g. the Permanent Secretary, Ministry of Labour and Human Resource Development and the Registrar of Trade Unions, on union representation (see Union Apps XXII to XXVI).

Finally, Achacha prayed that the Institute be ordered to accord formal recognition to the Union for purposes of collective bargaining agreement.

In his brief submission, the learned counsel for the Institute, Mr. Ngugi, submitted that the action by the Union was non-suit or non-starter because of misjoinder of the Institute. Therefore, the Union has no cause of action against the Institute in view of the fact that the latter was not a corporate body but only mandated to discharge administrative duties. Furthermore, its employees were civil servants, and the right union to represent them is the Civil Servants Union. He asserted that the right or proper party to the dispute was the Ministry of Environment and Natural Resources; but even if the Institute was the right party to the dispute, the parent Ministry had not given its consent to the Board to sign a recognition agreement with the Union. Ngugi submitted further that the findings and recommendation by the Minister for Labour were evidently baseless and that any recognition agreements accorded to the Union by other research institutes were extraneous to the case at hand. He, therefore, prayed that the demand for recognition by the Union be rejected.

The conditions precedent for recognition of a union by an employer under Section 5, subsection (2) of the Act are—

- (a) that the trade union has in its membership simple majority of employees eligible by virtue of the union's constitution to join that particular union in a particular undertaking or a group of undertakings, and
- (b) that there is no rival union claiming to represent such employees.

In this case, there is no dispute that the Union is the right or appropriate one to represent the unionisable employees of the Institute and that there is no rival union claiming to represent them. The Union was specifically registered to recruit and represent all the unionisable employees and Rule 3 (a) of its constitution specifically covers all research institutes in Kenya (see Union, Apps. XX and XXI). It is also not denied "that the Union has recruited more than 51% of the unionisable staff of KEFRI" who "are already paying union dues by way of check-off system every month" (see Union App. IX), which means that the Institute has in principle accorded recognition to the Union. This being the case, the contention of the learned counsel, Ngugi, to the contrary has no legal force.

In the result, I am satisfied that the Union has fulfilled the requirements for recognition under section 5, subsection (2) of the Act. I, therefore, uphold the Minister's findings and recommendation, and award that the Institute accord formal recognition to the Union and that the parties must sign a formal recognition agreement within three months from the date of this award.

Both members are in full agreement with this decision.

Dated and delivered at Nairobi this 2nd day of May, 2002.

C. P. CHEMMUTUT,
Judge.

THE INDUSTRIAL COURT OF KENYA AT NAIROBI

CAUSE NO. 46 OF 2003

Kenya Union of National Research Institutes Staff of
Kenya—(Claimants)

versus

Kenya Agricultural Research Institute (KARI)—(Respondents)

Issue in Dispute:

"RECOGNITION AGREEMENT"

Zachariah Achacha, Secretary General, for the Claimants
(hereinafter called the Union).

No appearance for the Respondents (hereinafter called KARI).

AWARD

THE Minister for Labour referred this dispute to the Court for consideration and determination on 14th May, 2003, under powers conferred upon him by section 8 of the Trade Disputes Act, Cap. 234, laws of Kenya (which is henceforth referred to as the Act); and his reference, together with the statutory certificate from the Labour Commissioner under Section 14 (9) (e) of the Act, were received by the Court on 19th May, 2003. Achacha for the Union submitted his memorandum on 23rd June, 2003, but KARI neither appeared nor filed its reply thereto, despite being duly notified and properly served. The case was, therefore, heard *ex parte* on 23rd September, 2003.

KARI was established as a corporate body under section 13 of the Science and Technology Act, Cap. 250, laws of Kenya, to carry and undertake agricultural research activities and also to disseminate the findings thereof. The Union was registered as such on 13th May, 1998, under section 11 of the Trade Unions Act, Cap. 233, laws of Kenya, *vide* Certificate of Registration No. 135, to recruit and represent all unionisable employees of Research Institutes on matter pertaining to their terms and conditions of service. According to rule 3 (a) of the Constitution of the Union, membership of the Union is "open to all staff engaged in all National Research Institutes", namely, Kenya Agricultural Research Institute (KARI), Kenya Industrial Research Institute (KIRDI), Kenya Medical Research Institute (KEMRI), Kenya Forestry Research Institute (KEFRI), International Centre for Insect Physiology and Ecology (ICIPE), Kenya Veterinary Vaccine Research Production Institute (KEVEVARPI), Kenya Trypanosomiasis Research Institute (KETRI), International Plant Genetic Research Institute (IPCRI), Kenya Marine and Fisheries Research Institute (KEMFRI), International Crop Research Institute for Semi-Arid Tropics (ICRISAT), International Livestock Research Institute (ILRI), etc.

On 16th June, 1998, the Union approached KARI for recognition on the following grounds—

- (a) that it was the sole and right or appropriate Union to represent the unionisable employees of KARI as enshrined under Article 80 (1) of the Constitution of Kenya and the ILO Convention No. 98 on matters relating to their terms and conditions of employment;
- (b) that there was no rival union claiming representation or recognition; and
- (c) that it had recruited more than 51% simple majority, i.e. 1790, or 59%, out of 3,000 unionisable employees as its members.

On 30th September, 1998, the Union forwarded a model of a recognition agreement to KARI and suggested that the parties should meet on 8th October, 1998, at 2.30 p.m. to sign the same; but the latter demanded that, before the proposed recruitment was undertaken, the following be availed to it—

- (a) a copy of the (Union's) Constitution;
- (b) category or categories of employees who would be recruited (by the Union) as members.

The Union forwarded the information as requested but KARI procrastinated in according it recognition.

On 14th October, 1998, the Union reported a formal trade dispute to the Minister for Labour in accordance with section 4 of the Act.

The Minister accepted the dispute and under section 7 thereof, appointed J. N. Mwanza of Ministry of Labour Headquarters to act as the Investigator; and arrangements to settle the matter inter-parties aborted or failed. Therefore, on 30th July, 2002, the Minister for Labour released his investigation report to the parties wherein he found and recommended, *inter alia*, as follows:

Findings:

- (a) that the union of National Research Institutes of Kenya is the right union to represent industrial interests of KARI employees. It was also confirmed that the union had recruited 1,790 employees out of a total unionisable force of 3,000 employees. This number is representative of 59% of the workforce and is above the simple majority rule requirements.
- (b) that although KARI is for all intent and purpose a public institution which is reliant on public funds from the central government, its management has semi-autonomous powers in running the day to day activities of the institute. The management can make decisions without reference to the parent Ministry or the central Government. These powers are granted under Cap. 250 of the laws of Kenya, through which the Institute is established.

KARI's position is not unique as there are numerous parastatals and institutes which are substantially funded by the government but still have union representation of unionisable employees. Some of these organizations include Teachers Service Commission, Tea Research Foundation and National Universities.

In the circumstances, denial of formal recognition to the union is unjustifiable and untenable.

Recommendation:

The management is directed to sign a recognition agreement with the union immediately so as to pave way for negotiations of better terms and conditions of employment.

The Minister finally appealed to the parties to accept the recommendation as a basis of settlement of this matter. The Union accepted the recommendation, but KARI rejected it and also refused to sign the Notification of Dispute, Form "A". Hence the reference of the dispute by the Minister for Labour to the Court as stated at the outset of this award for consideration and determination (*see* Union Apps. I to XXII).

In a nutshell, Achacha submitted that most of the other research institutes, which have been registered under the said Research and Technology Act, Cap. 250, laws of Kenya, have since accorded formal recognition to the Union, but KARI, which is one of the largest research institutes, has continued to frustrate the efforts of the Union to recruit and deny the employees their freedom of association and the right of union representation, contrary to Article 80 (1) of the Constitution of Kenya and the ILO Convention No. 98. He strongly castigated the management of KARI for their non co-operation and negative attitude towards the Union and also for ignoring legal advice by the relevant authorities of the Government, e.g. Ministry of Labour and Human Resource Development and the Registrar of Trade Unions, on union representation.

Finally, Achacha prayed that KARI be ordered to accord formal recognition to the Union for purposes of collective bargaining.

There is nothing in rebuttal in this case; and I have therefore, no reason to disbelieve the Union's case. The conditions precedent for recognition of a union by an employer under section 5 (2) of the Act are—

- (a) that the trade union seeking recognition has in its membership a simple majority of the employees eligible by virtue of the union's constitution to join that particular union in a particular undertaking or a group of undertakings, and
- (b) that there is no rival union claiming recognition or to represent such employees.

In this case, the Union is the right or appropriate one to represent the unionisable employees of KARI and there is no rival union claiming to represent them. The Union has also recruited more than 51% simple majority, i.e. 1,790, or 59% out of 3,000, of the unionisable employees of KARI as its members. In the circumstances, I am satisfied that the Union has fulfilled the requirements under

section 5 (2) of the Act. Accordingly, I uphold the Minister's findings and recommendation and award that KARI accord formal recognition to the Union forthwith, and the parties must sign a recognition agreement within three (3) months from the date of this award for purposes of collective bargaining.

Both members of the Court are in full agreement with this decision.

Dated and delivered at Nairobi this 10th day of December, 2003.

C. P. CHEMMUTTUT,
Judge.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

NOTICE TO THE PUBLIC TO SUBMIT COMMENTS ON AN ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED VEGETABLE FARM AND TRAINING CENTRE ALONG MOI NORTH ROAD ON L.R. No. 19184/5 NAIVASHA, NAKURU DISTRICT

PURSUANT to regulation 21 of the Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA), has received an environmental impact assessment study report for the proposed Vegetable Farm and Training Centre in Naivasha.

The proposed project will be situated on a 60 hectare site, L.R. No. 19184/5 along Moi North Road, approximately 50 kilometres from Naivasha Town, to the north are a private plot with a small forest and a field with grazing animals; to the south is a dirt road providing access to a private residence (Lentolia House) and access to Lake Naivasha; to the east is Lentolia House; to the west is the main road and open rangeland.

The objective of the proposed development is to establish a farm to grow haricots verts for export to Europe, and to supply training and support to small-scale farmers to enable them to meet European standards.

The project anticipates the following impacts and mitigation measures:

Possible impacts	Mitigation measures
1. High water demand	(a) Harness rainwater for irrigation and employ drip irrigation. (b) Ensure that borehole is not within 800 m of the nearest existing borehole and ensure monitoring of the groundwater level.
2. Water quality (leaks from stores and septic tank, flood water and siltation)	(a) Proper designed of septic tanks and soak pits lined with concrete. (b) Ensure that areas around storage tanks and chemical stores are concreted with containment lip, which is higher than floodwater level. (c) Maintain riparian reserve and provide water troughs for masai cattle.
3. Air quality (dust and burning of wastes)	Do not practice open burning of wastes and maintain roads.
4. Impacts on biodiversity (wildlife movement and tree cutting)	(a) Leave the north-east portion of the riparian land unfenced for hippo access and maintain wildlife corridor on the lower riparian portion. (b) Plant indigenous trees as visual buffer and plant suitable vegetation between greenhouses.
5. Social problems relating to informal settlement, insecurity and pollution	(a) Hire of local residents where possible, discourage mushrooming of kiosks and participate in tree planting projects. (b) Provide lunch and alternative fuel source for home cooking for staff.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, National Environment Management Authority, Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
