STATEMENT OF DIRECTORS' RESPONSIBILITIES ON THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2008

The Kenyan Banking Act requires the directors to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the Board as at the end of the financial year and of its operating results for that year. It also requires the directors to ensure that the Board keeps proper accounting records, which disclose with reasonable accuracy the financial position of the Board. They are also responsible for safeguarding the assets of the Board.

The directors accept responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Financial Reporting Standards and in the manner required by the Kenya Banking Act. The directors are of the opinion that the financial statements give a true and fair view of the state of the financial affairs of the Board and of its operating results. The directors further accept responsibility for the maintenance of accounting records which may be relied upon in the preparation of the financial statements, as well as adequate systems of internal financial control.

Nothing has come to the attention of the directors to indicate that the Board will not remain a going concern for at least the next twelve months from the date of this statement.

REPORT OF THE INDEPENDENT AUDITORS TO THE MINISTER FOR FINANCE ON THE FINANCIAL STATEMENTS OF DEPOSIT PROTECTION FUND BOARD*Report on the Financial Statements*

We have audited the accompanying financial statements of the Deposit Protection Fund Board set out on pages 6 to 23, which comprise the balance sheet as at 30 June 2008, and the Income Statement, Statement of Changes in Fund Balance and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory notes. The financial statements for the year ended 30 June 2007 were audited by another auditor, whose report dated 25 September 2007 expressed unqualified opinion on the financial statements.

Directors' Responsibility for the Financial Statements

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Deposit Protection Fund Board as at 30 June 2008, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards, and the requirements of the Kenya Banking Act.

REPORT OF THE INDEPENDENT AUDITORS TO THE MINISTER FOR FINANCE ON THE FINANCIAL STATEMENTS OF DEPOSIT PROTECTION FUND BOARD*Report on Other Matters*

We also report to you, based on our audit, that:

- (i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (ii) In our opinion proper books of account have been kept by the Board, so far as appears from our examination of those books;

(iii) The Board's balance sheet and income statement are in agreement with the books of account.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2008

1. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation of financial statements

(i) Basis of preparation

The financial statements are prepared in compliance with International Financial Reporting Standards (IFRS) and Interpretations of those Standards as adopted by the International Accounting Standards Board. The financial statements are presented in thousands of Kenya Shillings (KShs'000) and are prepared under the historical cost convention except for measurement at fair value of certain investments.

(ii) Changes in accounting policies

The Board has adopted the following new and amended IFRS interpretations during the year. Adoption of these revised standards did not have any effect on the financial performance or position of the Board. They did however give rise to additional disclosures. The principal effects of these changes are as follows:

IFRS 7: Financial instruments: disclosures

This standard requires disclosures that enable users of the financial statements to evaluate the significance of the Board's financial instruments, the nature and extent of risks arising from those financial instruments. The new disclosures are included throughout the financial statements. While there has been no effect on the financial position or results, comparative information has been revised where needed.

IAS 1: Presentation of financial statements

This amendment requires the Board to make new disclosures to enable users of the financial statements to evaluate the Board's objectives, policies and processes for managing capital.

- (iii) Standards, amendments and interpretations effective in 2008 but not relevant

The following standards, amendments and interpretations are mandatory for accounting periods beginning on 1 April 2007 but are not relevant to the Board's operations:

- IFRIC 11, IFRS 2 – Group and Treasury Share Transactions (effective from 1 March 2007);
- IFRIC 12, Service Concession Agreements (effective from 1 January 2008)

- (iv) Standards, amendments and interpretations that have been issued and are not yet effective for the Board's operations

At the date of authorisation of these financial statements, the following Standards and Interpretations were in issue but not yet effective for the Board's operations:

- IFRS 2, Amendments to IFRS 2 Share-based Payment - Vesting Conditions and Cancellations (effective 1 January 2009)
- IFRS 3, Business Combinations (effective from 1 July 2009)

- IFRIC 13, Customer Loyalty Programmes (effective from 1 July 2008)

(b) Revenue recognition

Assessed income comprises contributions levied to the contributory institutions and is recognized in the period when they are receivable. Such contributions are assessed at a rate of 0.15 per cent of the average of the institutions' total deposit liabilities during the period of 12 months prior to the date of levy notice.

Interest income is recognized in the period in which it is earned based on the expired portion of the life of the investments it relates to. Interest is primarily earned on Treasury bills and bonds and other interest carrying instruments.

Discounts and premiums on acquisition of government securities are amortized over the life of the security.

(c) Provisions for payments to depositors

Provisions for payments to protected depositors are recognized in the financial statements in the period the contributory institutions are placed under liquidation. Any payments that exceed the provisions made are taken into account in determining operating profit. Provisions that relate to unclaimed protected deposits are written back to income on expiry of the statutory notice period.

(d) Property, equipment and depreciation

Property and equipment are stated at cost, less accumulated depreciation. Depreciation is calculated at annual rates estimated to write off carrying values of the assets over their expected useful lives on the reducing balance basis except for buildings and computers which are depreciated on the straight line basis.

The annual depreciation rates in use are: -

Buildings	2.2%
Fixtures, fittings and fittings	12.5%
Office and Kitchen equipment	20%
Motor Vehicles	25%
Computers	33.33%

The carrying values of property and equipment are reviewed at each balance sheet date for impairment when events or changes in circumstances indicate the carrying values may not be recoverable. If any such indications exist and where the carrying values exceed the estimated recoverable amount the assets are written down to their recoverable amount.

Items of property, plant and equipment are derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal of property, plant and equipment are determined by reference to their carrying amounts and are taken into account in determining operating profit.

(e) Leases

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating leases. Payments made under operating leases are recognized as an expense in the income statement on a straight line basis over the lease term.

(f) Employee entitlements

Employee entitlements are recognized when they accrue to employees. A provision is made for the estimated liability for such entitlements as a result of services rendered by employees up to the balance sheet date. The estimated monetary liability for employees' accrued annual leave entitlement at the balance sheet date is recognized as an expense accrual.

Retirement benefit costs

The Board's employees are eligible for retirement benefits under a defined benefit plan provided through a separate fund. The defined benefit plan is funded by the Board and the Central Bank, the main sponsor. The retirement benefit asset is wholly

recognized in the financial statements of the Central Bank while the Board recognizes contributions to the fund as if it were a defined contribution scheme by charging them to the profit and loss account in the year to which they relate.

The Board also contributes to a statutory defined contribution Pension Scheme, the National Social Security Fund (NSSF). Contributions are determined by local statute and are currently limited to KShs. 200 per employee per month. The contributions are charged to income and expenditure account in the year to which they relate.

(g) **Taxation**

The Board's income is not subject to tax as it has been granted exemption by the Commissioner of Income Tax. Therefore no provision for current tax or deferred tax is made in the financial statements.

(h) **Financial instruments**

The Board's financial instruments which comprise government securities, receivables and payables fall into the following categories:

Held-to-maturity investments

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held-to-maturity when the Board has the positive intention and ability to hold to maturity. All Investments in government securities are classified as held to maturity and are initially recognised at cost and subsequently measured at amortised cost using the effective interest rate method. Amortised cost is calculated by taking into account any discount or premium on acquisition. The amortisation of such investments is recognised in the income statement.

Receivables

Receivables which comprise debtors and prepayments are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, receivables are carried at amortised cost using the effective interest method less any allowance for impairment. Gains and losses are recognised in profit or loss when the receivables are derecognised or impaired, as well as through the amortisation process.

Payables

Payables comprise creditors and accruals, provisions for protected deposit claims and amounts due to Central Bank of Kenya. They are classified as financial liabilities and are carried at amortized cost.

A financial asset is impaired if its carrying amount is greater than its estimated recoverable amount. The amount of the impairment losses are recognised in the income statement.

(i) **Investment held for sale**

Investment held for sale relates to investment in a subsidiary which is accounted for under IFRS 5 'Non-current assets held for sale and discontinued operations'. The investment is stated at the lower of its carrying amount and the fair value less costs to sell.

(j) **Cash and cash equivalents**

Cash and cash equivalents are defined as cash on hand and in bank accounts. Cash and cash equivalents are carried at cost. For the purposes of the cash flow statement cash and cash equivalents comprise cash on hand, bank balances, and government securities maturing within 91 days of the balance sheet.

If depreciation had been charged during the year on the cost of these assets at normal rates it would have amounted to KSh. 640,178 (2007: KSh. 408,803).

The Board owns 50.2% of the ordinary share capital of the Consolidated Bank of Kenya Limited. At the time of acquisition of the investment, the Banking Act allowed the Board to acquire, hold or dispose shares of an institution that would result in a loss to the Board. The Banking Act was later amended and now prevents the Board from holding investments other than in government securities. The Board has signed the agreement transferring the shareholding in Consolidated Bank of Kenya Limited to Treasury for onward sale to third parties. Due to the above, the requirement for consolidation on IAS 27 does not apply. The investment was last valued in December 2004 by external consultants and the value of the shares was considered to be effectively nil. In the opinion of the directors, the additional diminution in value of KShs 100,000 based on this valuation is not material for recognition in the financial statements.

17. RISK MANAGEMENT

Structure and Reporting

The Board of Directors is responsible for the overall risk management approach and for approving the risk management policy and strategies. There are other organs that monitor the assessment and management of risks within the Board including;

(a) Audit Committee of the Board

The Audit Committee assists the Board in the fulfillment of its oversight responsibilities. The Committee guides and monitors the implementation of controls by the Board.

(b) Risk Management Committee

The purpose of the Risk Management Committee is to identify the nature of risks affecting the Board and the processes by which these risks are to be managed. The Committee monitors external developments relating to all financial, business and strategic risks associated with the operations of the Board. The Committee is further, charged with the responsibility of reviewing the adequacy and overall effectiveness of the Board's risk management and business continuity management frameworks and oversees the inculcation of a risk philosophy and implementation of a risk strategy and policy across the Board.

(c) Deposit Insurance and Risk Management Section

The Board has an established Deposit Insurance & Risk Management Section that receives off-site information on deposits from member institutions for analysis and works closely with Central Bank of Kenya to monitor the performance of the Banking industry.

(d) Internal Audit and Risk Management Department (IARM)

The operations of the Board are subject to internal audit by the (IARM) department of the Central Bank of Kenya. The (IARM) department employs risk-based audit approach in planning and carrying out its audit engagements. The business processes are assessed with regard to business continuity procedures, physical safety, system safety, conformity to legal requirements and regulations, sufficiency of human resources and information safety. In addition, the financial risks and reputation risks are also determined. Controls that are designed to reduce these risks to acceptable levels are assessed in terms of sufficiency and effectiveness; additional controls are recommended in order to increase effectiveness.

The main risks faced by the Board in respect of its principal non-derivative financial instruments are interest rate risk and liquidity risk. The directors review and agree on policies for managing these risks. The Board maintains a conservative policy regarding interest rate and liquidity risks. The Board does not engage in speculation in the markets. In addition, the Board does not speculate or trade in derivative financial instruments.

The Board's principal financial instruments comprise investments held to maturity; cash and cash equivalents; debtors and prepayments; creditors and accruals; provisions for protected deposit claims; and amounts due to related parties.

Interest rate risk management

Interest rate risk is the risk that the value and cash flows of a financial instrument will fluctuate due to changes in market interest rates. Excess funds held by the Board are invested in Treasury bills and Treasury bonds.

The following table sets out the carrying amount by maturity, of the Board's financial instruments that are exposed to interest rate risk:

	Up to 3 months	3-12 Months	1-6 Years	Non Interest Bearing	Total
	KShs'000	KShs'000	KShs'000	KShs'000	KShs'000

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates, with all other variables held constant, on the Board's surplus. The sensitivity computations assume that financial assets maintain a constant rate of return from one year to the next.

	2008 KShs'000	2007 KShs'000
Effect on profit before tax of a +5% change in interest rates	72,381	62,657

16 RISK MANAGEMENT

Liquidity risk management

Liquidity risk is the risk that the Board will encounter difficulty in meeting obligations from its financial liabilities. The Board's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, without incurring unacceptable losses or risking damage to the Board's reputation. In the course of its operations the Board invests its capital in forms that vary in liquidity ranging from government securities that are readily convertible and sundry debtors. Simultaneously it carries current liabilities in form of provisions for protected deposits, sundry creditors and related party liabilities. The entity matches its current assets to the current liabilities falling due to mitigate the risk of low liquidity.

The Board's financial liabilities amount to KShs 45.882 million (2007: KShs 58.270 million) and are all short term.

Currency risk

The Board operates wholly within Kenya and its assets and liabilities are reported in the local currency. It does not transact in foreign currencies.

Fair value

The table set out below is a comparison by category of carrying amounts and fair values of all the Board's financial instruments that are carried in the financial statements.

	2008 KShs '000		2007 KShs '000	
	Carrying value	Fair value	Carrying value	Fair value
<i>Financial assets</i>

Protected Deposits	<u>20,712</u>	<u>20,712</u>	<u>20,979</u>	<u>20,979</u>

The directors are of the opinion that the carrying value of financial instruments approximates their fair value.

18. RELATED PARTY TRANSACTIONS

The Central Bank of Kenya and the Board are related parties, performing connected duties of bank supervision and deposit protection respectively. No trading is carried with the Central Bank. The following transactions however take place between the two organizations:

- The Central Bank pays some operating expenses on behalf of the Board. These are fully reimbursed.
- The staff of the Board are contractually employees of the Central Bank but seconded to the Board. Salaries of these staff are met by the Central Bank and fully reimbursed by the Board. In the year, salaries paid to staff by the Central Bank amounted to KShs 78.952 million (2007: KShs 66.204 million).
- The Central Bank is also the sponsor of the Staff Pension Fund to which the Board contributes on behalf of employees seconded to it from the Central Bank. In the year, the Board's contribution to the fund amounted to KShs 4.2million (2007: KShs 4.4 million).
- The Central Bank provides the Board with office space and charges it rent. The Board also reimburses maintenance costs incurred by the Central Bank on its behalf. In the year, rent and maintenance costs charged amounted to KShs 8.092 million (2007: KShs 7.537 million).

The balance at year-end on transactions with the Central Bank is shown in note 9.

19. CAPITAL MANAGEMENT

The primary objectives of the Board's capital management are to ensure that the Board maintains healthy capital ratios in order to support its business and to maximize the value for the insured depositors in member institutions. The Board manages its capital structure and makes adjustments to it, as per the requirements of the Banking Act. The total accumulated Fund as at 30 June 2008 was KShs 17.9 billion (2007: KShs 15.7 billion).

20. CONTINGENT LIABILITIES

Litigation

Mr. Ajay Shah filed a case claiming general damages and special damages amounting to KShs 144 million against Trust Bank Limited (In Liquidation) and the Board on allegations of defamation and publication of malicious false statements. The suit is pending for hearing. No provision has been made in the financial statements because, in the opinion of the directors, the claim is unlikely to succeed.

21. COMPARATIVES

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

22. ESTABLISHMENT
