GAZETTE NOTICE NO. 6065

NATIONAL TASK FORCE ON ACCELERATED DEVELOPMENT OF GREEN ENERGY

IN EXERCISE of the powers conferred by section 15A (3) (b) of the Constitution of Kenya and Section 4 (1) (a) of the National Accord and Reconciliation Act, the Prime Minister of the Republic of Kenya, has appointed a Task Force to be known as The National Task Force on Accelerated Development of Green Energy.

Terms of Reference:

The priorities of the Government for the Energy Sector are to:

- (a) Rapidly expand the national generation of green energy;
- (b) Strongly promote efficient consumption of conventional energy;
- (c) Significantly reduce the cost of energy; and
- (d) Install additional power generation capacity of 2000MW by June 2012.

The Task Force shall:

1. Identify and recommend a package of measures that will:
 - (a) Promote the development of green energy power generation projects; and;
 - (b) Assist with mobilization of technical and financial resources for the implementation of green energy programmes and projects, including public private partnerships.
2. Investigate and recommend a package of measures that will significantly expedite the construction and commissioning of the Accelerated Green Energy program by June, 2012 through:
 - (a) Geothermal Power Plants;
 - (b) Wind and Solar Power Projects;
 - (c) Bio-fuel/Co-generation Plants;
 - (d) Carbon free and more efficient power facilities by large power users;
 - (e) Biomass, solid waste and other recycled power generation facilities;
 - (f) Plants to produce energy saving bulbs and other devices, and conversion from conventional energy sources to energy saving ones by public institutions, homes, and private enterprises; and
 - (g) Coal Fired Power Plants
3. Identify and recommend a package of measures that will, within existing multilateral arrangements, earn green energy generated carbon credits for Kenya with the most advantageous terms.
4. The Task Force is authorized to liaise with development partners, other specialized institutions and private investors in the discharge of its mandate.

Structure and Membership:

5. The structure and membership of the Task Force shall be as follows:

Steering Committee:

Prime Minister—(Chair),
Deputy Prime Minister and Minister for Finance—(Alternate Chair),
Deputy Prime Minister and Minister for Local Government—(Alternate Chair),

Members:

Minister for Energy,
Minister for Industrialization,
Minister for Environment,

Managing Director, Kenya Power and Lighting Company,
General Manager, Geothermal Development Company,
Director, National Environment Management Authority,
Steven Smith,
John Ngumi,
Kevin Kariuki (Dr.),

Environment Coordinator, Office of the Prime Minister—
(Secretary)

Powers:

6. The Task Force shall have the power to regulate its own procedures.

Outputs:

7. The Task Force shall complete its work under paragraphs 1, 2 and 3 above and submit an implementation report to Cabinet not later than end of August 2009.
8. The Task Force shall coordinate the national implementation of the measures recommended and approved by the Cabinet under paragraphs 1, 2 and 3 above for the period August 2009 to June 2012.

Duration:

9. The Task Force shall submit a final report to the Cabinet by June 2012.

Dated the 12th June, 2009.

R. A. ODINGA,
Prime Minister.

**ENVIRONMENTAL IMPACT ASSESSMENT STUDY
REPORT FOR THE PROPOSED CONSTRUCTION
OF KISUMU OIL JETTY (KOJ) IN KISUMU**

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed construction of Kisumu Oil Jetty (KOJ).

The proposed project is to promote pipeline capacity utilization at K.P.C. Kisumu Depot (PS28) in order to enhance efficient transfer of petroleum products through Lake Victoria to mainly northern Tanzania.

The proposed project is located in Kisumu City, Kisumu District of Nyanza Province. The proposed Jetty is to be constructed within the Kisumu Bay at the shoreline of the Kenya Pipeline Company (KPC) Depot on the Western side of the Kisumu harbor.

The project anticipates the following impacts and mitigation measures:

<i>Possible Impacts</i>	<i>Mitigation measures</i>
-------------------------	----------------------------

Effects on breeding sites for wetland fauna	<ul style="list-style-type: none"> • Restrict wetland clearance to site. • Engineering design to limit oil spill possibilities • Strictly restrict construction time to 7 a.m. to 6 p.m.
Movement of hippos and other megafauna	<ul style="list-style-type: none"> • Restrict construction period to daytime.

*Possible Impacts**Mitigation measures*

	<ul style="list-style-type: none"> • Minimize noise. • Avoid a cause-way across the wetland. • Using floating construction equipment.
Disturbance of benthic organisms during drilling for piling	
Disturbance of wetland dependent avifauna	<ul style="list-style-type: none"> • Minimize wetland clearance.
Impact on life by pollution associated with oil spill	<ul style="list-style-type: none"> • Establish a rapid response unit, incorporate appropriate automatic devices in design to forestall an oil spill.
Trapping of aquatic weeds by the jetty structure	<ul style="list-style-type: none"> • Maintain a unit for regular clearance of weeds.
Loss of vegetation	<ul style="list-style-type: none"> • Restrict loss of vegetation only for road works and administration building. Plant grass on raid side slopes.
Turbulence in Lake and wetland	<ul style="list-style-type: none"> • Restrict construction period to daytime only, to allow nocturnal wetland animals to move un-hindered, especially the hippo.
Nutrients addition to ground water from sewerage soak pit	<ul style="list-style-type: none"> • Monitor soil condition next to wetlands near building periodically. If BOD encourages growth of hyacinth and hippo grass in wetlands, then increase treatment to include anaerobic decomposition in special non-percolating tanks.
Oil spillage at jetty, jetty heads or besides access road	<ul style="list-style-type: none"> • Monitor water quality around Jetty Head for hydrocarbons periodically e.g. once a week. Scrape any visible oils from water and use oil dispersants when hydrocarbons detected.
Air pollution from construction equipment	<ul style="list-style-type: none"> • Regular service of equipment as per Manufacturers' instructions.
Traffic congestion along KPC access road and entry onto site and KPC Kisumu depot	<ul style="list-style-type: none"> • Erect Traffic signs along KPC access at site entrance. Put security personnel on alert and train two personnel on traffic management.
Soil pollution from machinery	<ul style="list-style-type: none"> • Regular service of equipment as per Manufacturers' instructions.
Dust pollution	<ul style="list-style-type: none"> • Periodic watering of road surface during dry weather and during roads earthworks/sub-base construction.
Noise pollution	<ul style="list-style-type: none"> • Regular service of equipment as per Manufacturers' instructions.
Water quality	<ul style="list-style-type: none"> • Ensure construction period is not prolonged unnecessarily. • Restrict to the extent possible dumping of construction materials into the water. • Ensure that the contractor observes the provisions of the EMP under this report. • Confine construction activities along the surveyed jetty corridor. • Liaise with other water users (specifically the KIWASCO water intake) on managing any negative effects to the water quality during construction. • Construction camp (stores, machine repairs and fuelling yards) should be located away from the lake shores and on a safe hard.

<i>Possible Impacts</i>	<i>Mitigation measures</i>
	<ul style="list-style-type: none"> Initiate a monitoring schedule of water quality with focus on hydrocarbons. Institute a clear emergency plan on oil spill with respect to water quality management within the jetty corridor. Liaise with other stakeholders (specifically the water intake) on handling effects on water quality associated with the jetty operations. Establish and maintain a buffer zone at the riparian area (a wetland and necessary embankments) to prevent any spills on land from reaching the water.
Restrictions of movement in the lake by fishermen	<ul style="list-style-type: none"> Boundaries to be clearly set to mark the navigation route.
Restriction of water recreation activities	<ul style="list-style-type: none"> At the moment this has been affected by the water hyacinth menace and hippo grass.
Increased accidents especially at night	<ul style="list-style-type: none"> Signals for ship routes to be clearly marked. Vessel movements to be restricted to daytime.
Reduced fishing activity in the event of an oil spill	<ul style="list-style-type: none"> Compensation to be worked out in the event that an oil spill occurs and the fish catch is affected.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED HUNKAR GAS LIMITED LPG PROJECT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Hunkar Gas Limited LPG Project.

The proposed project will include the construction of the following infrastructure: LPG Storage area comprising of ten steel LPG mounted tanks having a total capacity of 1,000 metric tons, cylinder filling area oxygen plant, cylinder revalidation plant, compressor/pump house,

LPG truck loading gantries, LPG accessories store, office block and switch room, a fire water tank and pump house, rail loading facility, fire equipment shed, gas trap and drainage.

The project will be located on plot No. L.R. 25799/2 in Mlolongo, Mavoko.

The project anticipates the following impacts and mitigation measures.

<i>Possible Impacts</i>	<i>Mitigation measures</i>
Waste management	<ul style="list-style-type: none"> Use of an integrated solid management system i.e. Reuse, Reduction and Recycle, combustion and landfilling. Private waste disposal company to be contracted to transport and dispose the solid waste from the site. Monitoring and auditing of waste management practices will be carried out during construction and operation.
Dust generation	<ul style="list-style-type: none"> Wetting of the project site will be carried out to reduce dust generation.
Fugitive emissions	<ul style="list-style-type: none"> Equipment and vehicles will be maintained in line with manufacturer's recommendations to meet relevant international standards. Ensure properly maintained and serviced equipment is used.
Noise	<ul style="list-style-type: none"> Equipment and vehicles will be maintained in line with manufacturer's recommendations to meet relevant standards. Most work will be limited to defined daylight working hours Vehicles will be used responsibly, e.g. machines will not be left idling for long periods if they are not in use.
Sub-surface soil contamination	<ul style="list-style-type: none"> Contamination will be avoided in construction areas of known or suspected contamination as far as is practical. Contaminated soil will be segregated from uncontaminated materials. Where offsite disposal or long-term storage of contaminated material is required, it will be undertaken in accordance with the provisions set out in the project Waste Management Plan.
Public health	<ul style="list-style-type: none"> Limit amount of air and noise pollution to manageable amounts. Ensure use of personal protective equipment by workers.
Risk of fire outbreaks	<ul style="list-style-type: none"> Provide adequate fire fighting equipment. Provide sufficient fire exit points and fire assembly points. Ensure regular maintenance of equipment. Ensure the employees are trained on fire fighting and emergency preparedness.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Natural Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.

(c) Provincial Director of Environment, Nairobi Province.

(d) District Environment Office, Machakos District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KULALU BIO-ENERGY PROJECT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the implementation of the proposed Kulalu Bio-energy Project.

The proposed project will involve establishment of a 29,000 ha. plantation, to grow a bio diesel crop of pongamia intercropped with castor and extract oil from the seeds for export or for local consumption.

The project is located at Agricultural Development Corporation (ADC) Kulalu Ranch (situated south of Galana River) in the Northern Ranching Zone of Malindi District.

The project anticipates the following impacts and mitigation measures:

Possible Impacts	Mitigation Measures
Pollution from labour camps	<ul style="list-style-type: none"> Use suitable human waste disposal systems. Segregate solid wastes in the RE, Contractor and labour camp units and arrange for subsequent disposal through either efficient incineration or disposal in a sanitary landfill.
Unplanned settlements	<ul style="list-style-type: none"> Sensitize the local community and the relevant Government agencies and the local authority on the negative impacts of unplanned settlements.
Reduction of the Utilization of Wood Resources	<ul style="list-style-type: none"> The developer will explore the use of pre-fabricated material. Supply at subsidized rate the alternative source of energy to workers. Introduction of wood briquettes from biomass generated. Efficient kilns and use of efficient stoves including Kuni Mbili/Kuni Moja stoves.
Waste Management	<ul style="list-style-type: none"> Use of a combination of septic tanks, pit latrines and solar toilets as found appropriate. Pit latrines should be kept free of fly and mosquito nuisance. Promote on-site waste recycling system. Ensure aerobic decomposition by the time they reach the final storage chamber.

Possible Impacts	Mitigation Measures
Reduction of unplanned settlements	<ul style="list-style-type: none"> Management will sensitize, educate and raise awareness among the local community on dangers of unplanned settlements. Establish a canteen, provision store and a recreation centre where the plantation workers can buy food, drinks, other provisions and have some recreation after work.
Reduction of Visual intrusion	<ul style="list-style-type: none"> Landscaping and replanting should blend with the environment. Adopt a proper design with regard to construction of the workshops, stores, pumping stations and other project buildings. A buffer of natural vegetation will be retained around the entire plantation site.
Noise	<ul style="list-style-type: none"> The developer will invest in modern and appropriate technology in the acquisition of machinery with low noise levels. Use of hearing protective devices such as ear plugs and ear muffs particularly when noise levels exceed 85-90 dBA.
Occupational health and safety	<ul style="list-style-type: none"> Provision of personal protective equipment (PPE) including where applicable overcoats, overalls, headgear, safety boots, earmuffs, safety goggles and swim gear and floats. Install proper and appropriate road traffic signs, markings and road furniture in the constructed or rehabilitated road sections of the project area. Establishment of an appropriate preparedness programme. Training of relevant personnel, and provision of relevant spill mitigation equipment including adsorbent material, leakage plugging devices, foam cover spraying equipment, oil skimmers and water spraying equipment among other measures to contain accidents. Installation of sirens and fire-fighting (water and CO₂) equipment at strategic points. Provision of a fully equipped first aid kits. Provision of medical cover for all staff. Put in place mechanisms aimed at acquiring ISO 14001 certification.
Degradation of Physical environment	<ul style="list-style-type: none"> Implementation of water recycling practices. Implementation of agricultural techniques such as mulching, terracing, contour strip cropping and soil cover. Measures to offset reduced infiltration and conservation of open space on critical aquifer recharge areas. Minimizing losses due to leakage, evaporation, seepage. Apply and obtain a licence for abstraction of water from Galana River. Abstract irrigation water during the peak river flows and make provision for subsequent storage in dams and other storage facilities and reservoirs.

*Possible Impacts**Mitigation Measures*

- Make maximum use of rainwater harvesting.
- Adopt drip irrigation network in the proposed plantation.
- Measures to enhance surface water retention on farm and stabilization structures including dams/pans to ensure reduction of siltation in Galana/Sabaki River system.

Soil Erosion and Siltation

- Silt traps to be installed to prevent sediments from entering nearby aquatic habitats.
- Proper terracing and landscaping of the affected area.
- Planting of sediment binding grasses on the exposed slopes.
- Bush clearing followed by immediate planting.
- Contour ploughing and planting of wind breakers to reduce water and wind induced erosion.
- Installation of contour bunds.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Natural Resources, N.H.I.F. Community, P.O. Box 30521, Nairobi.
- (c) Provincial Director of Environment, Coast Province.
- (d) District Environment Office, Malindi District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the *Gazette*.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
