INDUSTRIAL AREA

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed development of storage and truck loading facilities.

The Proposed project will entail development of a Storage and Truck Loading Facilities with the following infrastructure; Tank farm with nine Above Storage Tanks and bund wall, An oil water separators, Pumps house, off-Loading Bay, 3-storey office block, Fire pump/ foam shed, Fire water tank, Workshop Room, Sentry House, Masonry wall, 3 product loading gantries, and access road

The proposed project site is located on Plot No. 209/14025 off Tanga Road; Between KPC Nairobi Terminal and Jogoo Road, Nairobi East District.

The project anticipates the following impacts and mitigation measures:

Possible Impact	Mitigation Measures
Air Pollution from Incidents	<ul style="list-style-type: none"> Ensure the design, monitoring and safety systems installed for the facility must comply with established industry standards and national and international best practice. Implement, audit and regularly improve HSE measures for emergency response to air pollution incidents during the operation phase Develop and implement effective measures for minimization of dust during construction phase Ensure that construction and demolition take into account the need to prevent and minimize release of fugitive emissions during the operational phase
Water Pollution	<ul style="list-style-type: none"> Implement preventive design, monitoring and management of measures during the construction, operation and decommissioning phases to prevent and manage leaks/spills
Offensive Noise	<ul style="list-style-type: none"> Implement measures during the construction, operation and decommissioning phases to prevent and manage noise and vibration.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED PROPOSED DEVELOPMENT OF HELLER
PETROLEUM LTD AT MODIKAR TOWNSHIP WITHIN
GARISSA MUNICIPAL COUNCIL

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an environmental impact assessment study report for the proposed Development of Heller Petroleum Limited at Modikar Township within Garissa Municipal Council.

The proponent intends to develop a petroleum fillings station which is meant to provide and supply of bulk petroleum products and other services that go with this type of activity. The proposed project is situated in Garissa Town on Plot No. BLOCK 1/183 and 184, along Kismayu Road and opposite the Kenya Armed Forces Military Camp across the road.

The project anticipates the following impacts and mitigation measures:

Possible Impacts	Mitigation Measures
Soil and Geology.	<ul style="list-style-type: none"> The minimum area required for construction shall be cleared of vegetation. Measures shall be taken to ensure that topsoil and top subsoil excavated from the construction site is properly managed on decommissioning. A minimum amount of storm water will be allowed to flow on the site, and control measures like paving and bunding to avoid storm water damage. Top soil shall not be disturbed more than it is absolutely necessary but not below the first impermeable layer. Stockpiled soil will be reused for rehabilitation purposes during decommissioning. Denuded areas shall be surfaced as soon as feasible after construction and during decommissioning stage. At closure, the site be restored to a suitable land use capacity, in the decommissioning stage.
Ecology	<ul style="list-style-type: none"> Re-vegetation to control potential soil

	erosion.
	<ul style="list-style-type: none"> Prevention of soil contamination through oil spills/ leaks from construction machinery and vehicles from the proposed project do not reach the Tana River. Ensure that the effluent may not be discharged into the nearby Tana River. Prevention of contamination through oil spills/ leaks from construction machinery and vehicles from the proposed project, from the fuel tanks that can be contained through bunding with wall. Ensure that effluent is not discharged into the Tana River and the seasonal water pans. This can be done by use of receptors and building soak pits.
Air Quality	<ul style="list-style-type: none"> The contractor shall ensure that the construction machinery and equipment are appropriate and fit to prevent fugitive emissions, as per national standards or international practices. The proponent shall ensure the regular maintenance of the equipment Develop and implement effective measures for minimization of dust during construction phase. Ensure that construction and demolition take into account the need to prevent and minimize release of fugitive emissions during the operational phase. Ensure the design, monitoring and safety system installed for the facility must comply with established industry standards and national and international best practice. Implement, audit and regularly improve HSE measures for emergency response to air pollution incidents during the operation phase. Provide respirator equipment to the workers. Water will have to be sprinkled at the project.
Solid Waste	<ul style="list-style-type: none"> Develop and implement procedure for safe and appropriate disposal of waste for the all project phases.
Socio Economic.	<ul style="list-style-type: none"> Implement where feasible measures to employ local community members during both construction and operational phase.
Health and Safety.	<ul style="list-style-type: none"> Implement sound, cohesive EHS standards throughout all their business cycles and ensure these are observed by all managers and employees. Comply with all relevant EHS legislation. Plan and prepare for all conceivable emergencies and disasters related to their business and work environment. Strive to continually improve in their EHS management through well defined training and audit procedures.
Possible Impacts	<p><i>Mitigation Measures</i></p> <ul style="list-style-type: none"> Follow best practice in EHS compliance

with an aim to be industry leaders.

- Require all their business partners to manage their own EHS in line with their policy.
- Develop, and implement measures to minimize risk and injuries to the public during construction and operational phases.
- Install fuel tanks away from other facilities and residential areas to avoid pollution of hydrocarbons and their vapours to avoid ignition in case of fire. This also achieved through emergency venting distances between fuel tanks, forming of tanks, building walls, good house-keeping etc.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, the National Environment Management Authority (NEMA), Kapiti Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
