THE ENERGY ACT

(No. 12 of 2006)

THE ENERGY (ELECTRICAL INSTALLATION WORK)
REGULATIONS, 2011

Citation:

1. These Regulations may be cited as the Energy (Electrical Installation Work) Regulations, 2011.

Application:

2. These Regulations shall apply to all premises and areas in Kenya.

Interpretation:

3. In these Regulations, unless the context otherwise requires—

“Act” means the Energy Act, 2006;

“Commission” means the Energy Regulatory Commission established under section 4 of the Act;

“electrical installation” includes all material, wiring or apparatus situated upon any premises for use or intended for use in connection with the supply of electrical energy to such premises;

“electrical installation licence” means a licence authorizing a person to carry out electrical installation work either individually or as a body corporate or incorporate for voluntary, business, training, or teaching purposes in the electrical installation works either for gain or reward or for no charge at all;

“electrical installation work” means the installation, alteration, or repair, wholly or partially, of any conductor or apparatus or system of wiring in or upon premises of an electricity consumer connected or intended to be connected to a supply of electricity where the voltage in any part exceeds 110 volts;

Powers of the Commission:

4. (1) The Commission shall have power—

- (a) To issue, amend, suspend or revoke an electrical installation licence in accordance with these Regulations; and
- (b) To inquire into and resolve complaints against licensees and/or between licensees.

Establishment and Constitution of the Licensing Committee

5. (1) For the purpose of licensing electricians and registration of electrical contractors in accordance with Regulation 4 and of exercising the other powers conferred on it under these Regulations, there shall be established a committee to be known as the Electricians and Electrical Contractors Licensing Committee, hereinafter referred to as the “Licensing Committee”.

(2) The members of the Licensing Committee shall be appointed from among persons with a university degree in electrical engineering or its equivalent and not less than ten years relevant experience in matters related to electricity distribution and supply and shall consist of—

- (a) a Chairperson, Vice Chairperson and Secretary appointed by the Director General and who are employees of the Commission,
- (b) Four other members licensed as Class A Electricians and who are persons possessing, in the opinion of the Commission, expert knowledge of matters likely to come before the Licensing Committee and who shall be proposed for appointment by:
 - (i) Engineers Registration Board
 - (ii) Public Electricity Suppliers
 - (iii) Ministry of Energy
 - (iv) Electrical Contractors

(c) the members under paragraph (b) shall be appointed by the Director General for a term of four years, renewable once.

Termination of appointment of the Licensing Committee members:

6. (1) A member of the Licensing Committee may resign office by notice in writing delivered to the Director General of the Commission.

(2) The Director General may on the recommendation of the Licensing Committee, remove from office a member who—

- (a) is unable to perform the functions of his office by virtue of mental or physical infirmity of body or mind;
- (b) is absent from three consecutive meetings of the Licensing Committee without reasonable cause to the satisfaction of the Licensing Committee;
- (c) is declared or becomes bankrupt;
- (d) fails to disclose to the Licensing Committee any conflict of interest in any conduct of business or matter before the Committee; or

(e) is convicted of criminal offence involving dishonesty, fraud or moral turpitude and sentenced for a term exceeding six months.

Meetings of the Licensing Committee:

7 (1) The Licensing Committee shall meet as often as necessary for the transaction of business at such places and at such times as may be decided upon by the Committee but it shall meet at least five times every year.

(2) Subject to the provisions of the Act the Licensing Committee may regulate its own procedure.

Electrical installation licences:

8. (1) The Commission, may, on application being made to it, grant to the applicant any of the prescribed classes of licences as set out in the First Schedule.

(2) An application for a licence shall be made to the Commission on the prescribed form ERC 001 as set out in the Fourth Schedule, and such application shall specify the class of licence in respect of which the application is made and shall be accompanied by the prescribed application fees as set out in the Second Schedule

(3) The applicant shall furnish to the Commission such evidence or particulars as may be required relating to the applicant’s previous experience of electrical installation work.

(4) The Commission may require and cause such applicant, for the purpose of ascertaining his ability to undertake, engage in or perform electrical installation work, to be examined, in such manner as it may determine, upon any matter or thing in connection with his application.

Grant and conditions of electrical installation licences:

9. (1) The Commission may grant the applicant such type of licence as in its opinion he is qualified to hold, and the Commission may refuse to grant any licence to any applicant, setting out in writing reasons thereof.

(2) To be licensed as an electrician, an applicant shall possess the prescribed minimum qualifications and be subjected to licence entry points and upper licence limits as set out in Table 1 in the Third Schedule.

(3) In addition to professional qualifications, the applicant shall furnish the Commission with evidence of on the job attachment with a licensed electrical contractor or having worked under a licensed electrician for at least one year.

(4) The applicant shall be required to pay the prescribed fees as set out in the Second Schedule on the granting of the corresponding class of licence.

(5) The applicant shall be required to pay the prescribed fees as set out in the Second Schedule for a renewal of any class of licence on or before the 31st March in each year.

Provided that the prescribed fee for a licence renewed after the 31st March of the year in which it was due shall be one and a half times the prescribed fees for licence renewal.

(6) The Commission shall maintain a register of all licensed electricians for the time being licensed under these Regulations.

(7) Any licence issued under this Regulation which is not renewed for two consecutive years shall, unless the licensee has before expiry of the licence informed the Commission in writing of his intention and reasons not to renew the licence, be deemed to have been revoked and shall not be considered for renewal.

(8) An electrician shall practice for at least two years before applying for upgrading of his licence.

Electrical Contractor Licence:

10. (1) To be licensed by the Commission as an electrical contractor a person shall—

- (a) be a licensed electrician and has held the licence for at least one year, or
- (b) have in his full time employment, a licensed electrician and
- (c) not be in the employment of any other person.

(2) An application for an electrical contractor licence shall be made to the Commission on the prescribed form ERC 002 as set out in the Fourth Schedule, and such application shall specify the class of licence in respect of which the application is made and shall, depending on the class of licence applied for, be accompanied by the prescribed application fees as set out in the Second Schedule.

(3) The applicant shall be required to pay the prescribed fees as set out in the Second Schedule on the granting of the corresponding class of licence.

(4) Subject to paragraph (8), every licence shall remain in force until 31st December in the year in which it is granted and may, subject to such conditions as may be specified by the Commission, be renewed.

(5) An electrical contractor shall be required to pay the prescribed fees as set out in the Second Schedule for a renewal of any class of licence on or before the 31st March in each year.

Provided that for any licence renewed after the 31st March the prescribed fees for renewal shall be one and half times the prescribed fees for renewal of licence.

(6) The Commission shall maintain a register of all electrical contractors and their business names and, in the case of a business having more than one branch, a separate licence shall be effected in respect of each branch.

(7) The Commission shall not licence any electrical contractor who is unable to satisfy it that he carries on a business at premises constituting a permanent address.

(8) The licence of any business or branch thereof shall become void upon the expiration of thirty days from the date of any change in the ownership of such business or branch, or upon the business or branch being transferred from the premises in respect of which it is licensed:

Provided that where the licence holder requests the Commission in writing to sanction such change of ownership or transfer from premises the licence shall not become void until the next meeting of the Licensing Committee.

Electrical installation work:

11. (1) An electrical contractor undertaking any electrical installation work shall submit a commencement notice on the prescribed form ERC 003 as set out in the Fourth Schedule to an electricity supplier delivering the supply.

(2) An authorized electrician of the electrical contractor or the electrical contractor, as the case may be, completing or directing the completion of the electrical installation work shall submit a completion certificate on the prescribed form ERC 004 as set out in the Fourth Schedule to an electricity supplier delivering the supply.

(3) Notwithstanding the provisions under this Regulation, the commencement notice and the completion certificate for electrical installation work shall be submitted by the same electrical contractor unless a special permission is granted by the Commission.

(4) Any person who fails to comply with this Regulation shall be guilty of an offence and liable to such punishment as provided in Regulation 14.

(5) Any person who submits or causes to be submitted to an electricity supplier a completion certificate which he knows or has reason to believe is false in any particular material shall be guilty of an offence and liable to such punishment as provided in Regulation 14.

Periodic Testing and Inspection of Electrical Installations:

12. (1) The owner or manager of a building shall ensure regular inspection and testing of electrical installations of the building is conducted to ascertain the installations are in good and safe condition.

(2) The owner or manager of a building shall affix a notice at or near the electrical installation showing the prescribed intervals between periodic inspections and tests as set out in Table 2 in the Third Schedule.

(3) The owner or manager of a building shall engage the services of a licensed electrician or electrical contractor to carry out periodic tests and inspections and shall be issued with a valid test and

inspection certificate which shall be displayed at the main entrance of the building.

(4) The electricity supplier shall issue a fourteen days defective installation notice to the owner or manager of any building which is overdue for periodic testing and inspection for compliance, failing to which the supply shall be disconnected until proof of a valid test and inspection certificate.

Failure to comply with licensing conditions:

13. (1) The Commission may in its absolute discretion refuse to licence or may suspend or revoke the licence of any business or branch of a business unless it is satisfied that there is and shall continue to be employed in the business or branch on a full time basis, an electrician who holds a licence appropriate to the electrical installation work proposed to be undertaken by such business or branch and who is and shall continue to be available to direct all such work.

(2) The Commission may at any time by giving a seven days notice in writing to an electrical contractor, suspend the licence of the business of such electrical contractor or of a branch thereof until the next meeting of the Licensing Committee.

(3) Any electrical contractor who—

(a) undertakes or carries out by himself, his servant, or agent any electrical installation work at any time whilst his business or any branch thereof is not licensed or while the licence of such business or branch is suspended; or

(b) undertakes or carries out, by himself, his servant or agent any electrical installation work except under the direction of a licensed electrician holding a licence of a type appropriate to such work,

shall be guilty of an offence and liable to such punishment as provided in Regulation 14.

(4) Any owner or occupier of any premises or any developer or main contractor of any premises under construction who causes or permits to be carried out upon the premises any electrical installation work in contravention of these Regulations shall be guilty of an offence and liable to such punishment as provided for in Regulation 14.

(5) Any person who contravenes or fails to comply with any of the terms and conditions of any licence issued under these Regulations or willfully give false or misleading information under or for the purposes of these Regulations shall be guilty of an offence and liable to such punishment as provided in Regulation 14.

(6) Any person who undertakes or carries out any electrical installation work without being the holder of a licence then in force appropriate to the work undertaken or carried out or without being under the direction of such a licence holder shall be guilty of an offence and liable to such punishment as provided in Regulation 14.

(7) (a) The Commission may suspend or revoke the licence of any licensed electrician upon being satisfied that the licensed electrician has contravened any of the provisions of these Regulations.

(b) Where the Commission suspends or revokes the licence of any licensed electrician it shall remove his name from the register of licensed electricians for the time being licensed under these Regulations.

(c) Upon the suspension or revocation of the licence of any licensed electrician under paragraph (a), the Commission may, by written notice to such licensed electrician, disqualify him from holding a licence or a particular type of licence for such period as the Commission deems fit.

(d) Before exercising its powers under paragraph (a), the Commission shall by notice in writing afford the licensed electrician whose licence it is proposed to suspend or revoke an opportunity of appearing or being represented before it to show cause why the Commission should not exercise its power under this Regulation.

(8) Every licence shall, unless previously suspended or revoked under paragraph (7) remain in force until the 31st December, in the year in which it is granted and shall not be transferable, but may be subject to such conditions as may be specified by the Commission, before it is renewed.

Offences and penalties:

14. (1) Any person—

- (a) who undertakes or carries out any electrical installation work without being the holder of a licence then in force appropriate to the work undertaken or carried out or without being under the direction of a suitably licensed electrician;
- (b) who contravenes or fails to comply with any of the terms and conditions of any electrical installation licence granted under these Regulations or willfully gives false or misleading information in relation to electrical installation work;
- (c) who fails to comply with Regulation 11;
- (d) who submits or causes to be submitted to an electricity supplier a completion certificate which he knows or has reason to believe is false in any particular material;
- (e) who, being an electrical contractor, undertakes or carries out by himself, his servant, or agent any electrical installation work at any time whilst his business or any branch thereof is not licensed or while the licence of such business or branch is suspended or revoked;
- (f) who, being an electrical contractor, undertakes or carries out, by himself, his servant or agent any electrical installation work except under the direction of a licensed electrician holding a licence of a type appropriate to such work; or
- (g) who, being an owner or occupier of any premises or any developer or main contractor of any premises under construction, who causes or permits to be carried out upon the premises any electrical installation work in contravention of these Regulations;

shall be guilty of an offence and shall be liable to a fine not exceeding one hundred thousand shillings or a term of imprisonment not exceeding three months or to both such fine and imprisonment.

(2) Any person who contravenes or fails to comply with any of these Regulations or who fails to comply with any prohibition or order of the Commission under any of these Regulations shall, where no specific punishment is prescribed under paragraph (1) hereof, be guilty of an offence and shall be punishable with a fine not exceeding one hundred thousand shillings or a term of imprisonment not exceeding three months or to both such fine and imprisonment.

Offences by corporate bodies:

15. Where any offence under these Regulations is committed by a company, co-operative society or other corporate body is proved to have been committed with the consent or connivance of, or to have been facilitated by any director, chairman, manager, secretary or other officer thereof, he, as well as the company, co-operative society or other corporate body shall be guilty of an offence and liable to be prosecuted against and punished according to Regulation 14.

Appeals:

16. Any person aggrieved by a decision or order of the Commission may, within thirty days of communication to him of the order or decision appeal to the Energy Tribunal established under Section 107 of the Act.

(2) Degree programmes shall be proposed by the Academic Board for approval by the Senate and the Commission for Higher Education.

(3) Diploma and Certificate programmes shall be approved by the Academic Board of the College and report made to the Senate.

Library:

18. (1) There shall be a library to serve as an essential study and research facility.

18. (2) A budget for library services for purposes of improvement and maintenance of the library shall be included in the annual budget.

(3) The library shall be headed by a Librarian meeting the standards set out by the University and the Commission for Higher Education.

(4) The Librarian shall collaborate with the academic staff to ensure the adequate provision of textbooks, reference books, appropriate journals, instructional materials, internet access and digital storage systems and to suggest resources to the Academic Board.

Financial Provisions, Annual Estimates and Accounts:

19. (1) The financial year of the College shall run from the first of August to the end of the month of July in the following year.

(2) The Funds of the College shall be in the name of the College.

(3) The Board of Trustees may place on deposit with such bank or banks as the Board may determine any monies not immediately required for the purposes of the College. The Board of Trustees shall nominate signatories to the account(s).

(4) The Board of Trustees may direct that the funds of the College or assets of the College be invested in securities, treasury bonds, trust funds or any other securities as they may deem necessary.

(5) Before the commencement of a financial year the Board of Trustees shall cause to be prepared estimates of the revenue and expenditure of the College for that year.

(6) The annual estimates shall make provisions for all the estimated expenditure of the College for the financial year concerned, and in particular shall provide:

- (a) For the payment of salaries, allowances, and other charges in respect of the staff of the College;
- (b) For the payment of the pensions, gratuities and other charges in respect of the retirement benefits which are payable out of the funds of the College.
- (c) For the proper maintenance of the buildings and grounds of the College.
- (d) For the proper maintenance, repair and replacement of the equipment and other movable property of the College.
- (e) The funding of the cost of teaching, research and outreach activities of the College.
- (f) For the ongoing development of College facilities and programmes.
- (g) For the creation of such funds to meet future or contingent liability in respect of insurance or of such other matters as the Board of Trustees may deem fit.

(7) The Board of Trustees shall cause proper books of Accounts of the income, expenditure and assets of the College to be kept and at such appointed time, shall subject them to audit in accordance with the financial regulations that the Board of Trustees shall establish.

Miscellaneous:

20. (1) The official seal of the College shall be kept in such custody as the Board of Trustees shall direct and shall not be used except as directed by the Board of Trustees.

(2) The official seal shall be authenticated by the signature of the Principal and one or two other persons appointed by the Board of Trustees.

(3) The common seal of the College when affixed to any document and duly authenticated under this section shall be judicially and officially noticed, and, unless and until the contrary is proved, any order or authorization of the Principal under this section shall be presumed to have been duly given.

(4) In the performance of its functions under these Statutes, the Board of Governors may make such rules and regulations generally for the governance, control and administration of the College and for the better carrying into effect of the purposes of these Statutes, and in particular:

- (a) the establishment of faculties, institutes and schools of the College;
- (b) entering into association, affiliations or collaborations;

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED CONSTRUCTION OF A BIOMASS POWER GENERATION STATION AT NG'AMBO LOCATION, MARIGAT DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental

impact assessment study report for the implementation of the proposed construction of a biomass power generation station project.

The project proposes to establish an 11.5 MW biomass gasification electricity plant in Ng'ambo Location of Marigat District to produce electricity from *Prosopis juliflora* for mini-grid rural electrification and supply for main grid.

The proposed project activity is located in Marigat location, sub-location Ng'ambo, in Baringo District, Rift Valley Province.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental issue</i>	<i>Mitigation Measures</i>
Environmental considerations and sensitivity of the project area	<ul style="list-style-type: none"> • All road works are to comply with approved Civil Engineering Standards. • The site development plan (SDP) and all other construction drawings shall be verified on site prior to the onset of any construction work. • Carry out geotechnical surveys along the routes of proposed roads. • Complete vegetation surveys and targeted flora surveys searching for significant plant Species. Any such species to be tagged and recorded.
Solid waste management	<ul style="list-style-type: none"> • Provide compartmentalized litter bins in strategic places to allow sorting of the rubbish stream. • Recycle wastes that can be used again. • Designate certain areas as dumping sites. • Ensure all organic waste is composted.
Risks of oil spills and leakages	<ul style="list-style-type: none"> • Spilt oil should be immediately be cleaned. • Provide spill kits in strategic places and train staff in their use.
Noise pollution	<ul style="list-style-type: none"> • Major noise-producing equipments such as turbo generator, compressors are to be provided with suitable noise abatements. • Vehicles, earth moving machines and tractors should idle as little as possible. • Noisy activities will be scheduled to occur only during day time.
Dust emissions	<ul style="list-style-type: none"> • Water roads under construction. • Provide workers with appropriate protective clothing.
Incident response procedures	<ul style="list-style-type: none"> • The contractor must take corrective action to mitigate an incident appropriate to nature and scale of the incident and must also rehabilitate any residual environmental damage caused by the incident or by mitigation measures. • Contractor must also change operating procedures, where applicable, to prevent recurrence of incident. • Compile an Incident Report and investigate root cause of the incident.
Soil erosion	<ul style="list-style-type: none"> • Monitor sites of bare soil and carry out restoration works, such as re-shaping the ground and planting grass and trees.
Solid waste generation	<ul style="list-style-type: none"> • Provide compartmentalised litter bins in strategic places to allow sorting of the rubbish steam. • Recycle wastes that can be used again. • Designate certain places as dumping sites. Manage dumps to minimize

	vermin and odours or outsource municipal waste disposal service.
	<ul style="list-style-type: none"> • Ensure all organic waste is composted.
Risk of fire outbreaks	<ul style="list-style-type: none"> • Develop and maintain early fire warning system. • Provide and maintain fire fighting equipment and ensure personnel are trained in its use.
Workers' exposure to accidents and health hazards	<ul style="list-style-type: none"> • Induct workers on how to use machinery, vehicles and equipment. • Provide operating manuals and guidelines. • Ensure any Contractors operating on project site have completed and trained their staff in safe work methods. • Develop and implement a Health and safety Plan.
Waste water generation	<ul style="list-style-type: none"> • Inspect septic tanks and soak pits and take corrective measures needed.
Storm water management	<ul style="list-style-type: none"> • Design drainage system that conform to natural gradient and minimize slope length.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED CONSTRUCTION OF A BIOMASS POWER
GENERATION STATION AT MWAVUMBO LOCATION –
KINANGO DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed construction construction of a biomass power generation station project.

The project proposes to produce 11.5MW from *Prosopis juliflora* which will be generated and used to serve companies around Mariakani area while the surplus power will be fed to the national grid through power purchase agreement (PPA).

The main power generating plant boiler and furnace will be located on L.R No. 11492/222 & 1 while auxiliary services will be set up on land provided by the community or outsourced to the community altogether. The site is about 1.6 km from KALUWORKS/MRM

factories. Graphically, the site is in Kalalani sub-location, Mwavumbo location, Mariakani division in Kinango District plot L.R.11492/222.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Issues</i>	<i>Mitigation Measures</i>
Water resources	<ul style="list-style-type: none"> • Management of water usage. Avoid unnecessary wastage of water. • Roof catchments should be provided through installation of rainwater harvesting system. • Water conserving taps should be installed. • Recycling of waste water at construction phase. • Obtain necessary abstraction permits from relevant authorities.
Energy demand	<ul style="list-style-type: none"> • Electrical appliances should be switched off when not in use. • The tenants should be encouraged to use energy conserving lamps for lighting. • Putting off all lights when not in use and when not needed.
Waste water	<ul style="list-style-type: none"> • Use approved water treatments systems to ensure water discharged into the environment meet required standards as per NEMA Waste Water Management Regulations Rules 2006. • Regularly analyse waste water at NEMA Accredited Laboratories. • Seek Relevant discharge permits.
Change in hydrology/impended drainage	<ul style="list-style-type: none"> • Proper installation of drainage structures. • Ensure efficiency of drainage structures through proper design and maintenance. • Provide gratings to the drainage channels.
Noise pollution	<ul style="list-style-type: none"> • Construction during day time. • Make the construction more labor intensive. • Use silencers in heavy machines. • Ear muffs and other ear protectors.
Air Pollution	<ul style="list-style-type: none"> • Vehicle idling time shall be minimized. • Enclose the construction site with dust-proof net during the construction. • Equipment shall be properly tuned and maintained. • Sprinkle the construction area with water to keep dust levels down. • Provided dust masks to all personnel in areas prone to dust emissions throughout the period of construction. • Construction workers should be provided with Personal Protective Equipment (PPE) and be trained on occupational health and safety issues. • Regularly and using NEMA accredited labs carry out emissions/flu gases tests.
Oil pollution	<ul style="list-style-type: none"> • Proper storage, handling and disposal of new and used oil waste as stipulated in the regulations.

- Maintain equipment to avoid leaks.
 - Maintenance of vehicles should be done in designated place within the plant.
 - Construct bund walls around all fuel holding units.
 - Install oil interceptors.
- Soil disturbance
- Provide compartmentalised litter bins in strategic places to allow sorting of the rubbish steam.
 - Recycle wastes that can be used again.
 - Designate certain places as dumping sites. Manage dumps to minimize vermin and odours or outsource municipal waste disposal service.
 - Ensure all organic waste is composted.
- Fire safety and preparedness
- Adapt effective emergence response plans.
 - Carry out Fire Audit to establish risk.
 - Install firefighting equipment as proposed elsewhere in the report sec.(5.6).
 - Maintain/Service firefighting equipment.
 - Develop emergency preparedness plan.
 - Provide emergency numbers and contact institution.
- Road safety
- Enforce speed limits for construction vehicles especially on the roads leading to the site.
 - Post billboards at the site to notify motorists and visitors about the development.
- Public health, occupational health and safety
- Obtain Registration of Workplace from DOHSS.
 - Develop relevant company policies.
 - Implement all necessary measures to ensure health and safety of the workers and the general public during construction and operation phase as stipulated in OSHA and related laws
 - Constitute a Health and Safety Committee.
 - Adopt sound solid waste management plan to ensure proper solid waste disposal and collection facilities.
 - Ensure use of standard construction materials and to the specification. Avoid undesirable, substandard, hazardous or unauthorized materials during construction and maintenance.
 - Provide full protective gear and the correct tools and operational instructions and manuals during construction.
 - Design of sewerage system and neutralization plants should be as provided in the plans and should be constructed to the approved size and design, standard and of approved materials.
 - Fence off the construction site to keep off onlookers and members of the public or stray animals from the site.
 - Ensure occupation certificate is issued before occupancy or commencement of

work.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Mineral Resources, N.H.I.F. Building, Community, P.O. Box 30521, Nairobi.
- (c) Provincial Director of Environment, Coast Province.
- (d) District Environment Officer, Kwale District.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the approval process of the project.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED PETROL FILLING STATION AND
COMMERCIAL DEVELOPMENT ON PLOT NO. NYARIBARI
MASABA/BONYAKONI/1362 & 1363, MASIMBA TOWNSHIP,
KISII SOUTH DISTRICT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority, (NEMA) has received an environmental impact assessment study report for the implementation of the proposed filling station and commercial development.

The actual design of the proposed development will comprise of:

- (a) Petrol filling station (approx.6.4 by 13.2M)—
 - (i) A canopy
 - (ii) Pumps to dispense petrol, diesel and kerosene
 - (iii) Three (3) underground storage tanks
 - (iv) Service oils cabinet
 - (v) Water access section
 - (vi) Petroleum inlet section
 - (vii) Oil gas vent pipes section
- (b) Residential & Commercial development.

The proposed development is on two amalgamated plots on Plot Nos. Nyaribari Masaba/Bonyakoni 1362 & 1363 in Keroka-Nyangusu Road, Masimba which are approximately 0.04 Ha.

The following are the anticipated impacts and proposed mitigation measures:

<i>Possible impact</i>	<i>Mitigation measures</i>
Impact on soil	<ul style="list-style-type: none"> • Apply soil erosion control measures • Establish grass lawns, flower gardens and trees around and within the site
Impact on water resources	<ul style="list-style-type: none"> • Take measures to reduce soil erosion and its deposition on drainage channel • Formulate and implement a water conservation programme during construction to ensure that wastage of water is minimized • Lay out properly lined drainage system
Air quality	<ul style="list-style-type: none"> • Provide PPEs to the construction

- workers to minimize exposure. These should include dust masks, overalls and helmets
- Erect barriers to minimize spread of dust to the neighborhood
 - Regular servicing and maintenance of construction vehicles to minimize toxic emissions
 - Switch off engines when not in use.
- Noise and vibrations
- Erect physical barriers to control noise and dust
 - Use of ear muffs by workers exposed to considerable noise level.
- Traffic flow
- Erect warning signs near the site
 - Provide adequate deceleration and acceleration lanes
- Waste generation and management
- Segregation of wastes at the source for ease of handling and disposal
 - Contract licensed waste transporter for disposal of waste
 - Waste minimization
 - Collection of wastes as soon as is produced
 - Re-use wastes where possible e.g. using excavated soil for back-filling and landscaping.
- Health and safety
- Use of appropriate PPEs (Dust masks, ear muffs, goggles, gloves, footwear, helmets etc.
 - Training on construction safety
 - Formulate safety guidelines and rules
 - Maintain food hygiene
 - Provide sanitation facilities including toilet and hand washing facilities
 - Use of safety belts while working on high and risky section of the building
 - Provision of adequate first aid facilities
 - Provide accommodation for clothing
 - Ladders should be properly fitted.
 - Remove sharps e.g. nails from timber to reduce risk
- Soil and water pollution
- No servicing or carwash should be carried out at the station unless proper mechanisms are put in place to trap possible contaminants. This could require an oil-interceptor or other appropriate pre-treatment facility.
 - Wastewater and run-off from the station should pass through an oil interceptor.
 - Rainwater harvesting should be practiced to reduce surface run-off which could transmit contaminants to the swamp
 - The floor of the station should be paved and an elaborate drainage system established.
- Drainage
- Practice rainwater harvesting
 - Construction of drainage system

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, the National Environment Management Authority (NEMA), Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
