THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED PROPOSED SERGOIT GOLF AND WILDLIFE RESORT, IN ELDORET UASIN GISHU COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed Sergoit Golf and wildlife Resort in Eldoret, Uasin Gishu County.

The Proponent (Sergoit Holdings Limited) of the proposed project is proposing to put up a golf and wildlife resort within Eldoret in Uasin Gishu County

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures
Dust emissions	<ul style="list-style-type: none"> Start excavations and grading only when the sod farm is 90% ready. Re-vegetate cleared areas with turf and other vegetation in the rough areas of the golf. Install siltation traps within the drainage design to collect silt and sediments ensuring that they do not end up in adjacent aquatic areas. Ensure strict enforcement of on-site

speed limits.

- Avoid excavation works in extremely dry weathers.
- Sprinkle water on graded access routes when necessary to reduce dust.
- Avoid vehicle idling and sensitise truck drivers to avoid unnecessary racing of vehicle engines at loading/offloading points and parking areas, and to switch off or keep vehicle engines at these points.
- Sensitise construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used.
- Sensitise construction drivers to avoid gunning of vehicle engines or hooting especially when passing through sensitive areas such as churches, residential areas and hospitals.
- Ensure that construction machinery are kept in good condition.
- Ensure that all generators and heavy-duty equipment are insulated or placed in enclosures to minimize ambient noise levels.
- The noisy construction works will entirely be planned to be during daytime when most of the neighbours will be at work.
- Comply with the provisions of Environmental Management and Coordination (Noise and Excessive Vibration Pollution).
- (Control) Regulations, 2009 regarding noise limits at the workplace and provide PPE.

Noise and vibration

- Increased energy consumption.
- Ensure electrical equipment, appliances and lights are switched off when not being used.
- Install energy saving fluorescent tubes at all lighting points instead of bulbs which consume higher electric energy
- Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts.
- Monitor energy use during construction and set targets for reduction of energy use.

solid wastes

- Use of an integrated solid waste management system i.e. through a hierarchy of options:
- Source reduction.
- Recycling.
- 3.Composting and reuse.
- Combustion.
- Sanitary land filling.
- Provide solid waste handling facilities such as waste bins and skips.
- Engage licensed solid waste private handlers and ensure that solid waste generated is regularly collected disposed of appropriately at authorised dumping sites.

Liquid wastes

- Provide adequate and safe means of handling liquid waste at the premises
- Conduct regular inspections for pipe blockages or damages and fix

- appropriately.
- Ensure regular monitoring of the sewage discharged from the project to ensure that the stipulated sewage/effluent discharge rules and standards are not violated.
- Safety, health and environment**
- Develop, document and display prominently an appropriate SHE policy for construction works.
 - Ensure that provisions for reporting incidents, accidents and dangerous occurrences during construction using prescribed forms obtainable from the local Occupational Health and Safety Office (OHSO) are in place.
 - Enforcing adherence to safety procedures and preparing contingency plan for accident response in addition safety education and training shall be emphasized.
- surface and ground water**
- Locate storage sites away from water bodies; storage sites be contained in bunded areas; Containers properly labeled.
 - Provide workers with toilets in the ratio of 8 workers to one
 - Proper management of golf grass, and channel storm water at lower side into open drains.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Uasin Gishu County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

RIRONI ROAD (A104); DUALLING OF AIRPORT SOUTH ROAD;
ACCESS TO JKIA WIDENING; CONSTRUCTION OF ACCESS
ROAD PROPOSED BARABARA PLAZA; AND IMPROVEMENT
OF ACCESS TO INLAND CONTAINER DEPOT

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed construction of additional lanes on JKIA-Likoni-James Gichuru-Rironi road (A104); dualling of airport south road; access to JKIA widening; construction of access road proposed barabara plaza; and improvement of access to inland container depot.

The Proponent (Kenya National Highways Authority) of the proposed project is proposing to construct additional lanes on JKIA – Likoni – James Gichuru-Rironi road (A104); dualling of airport south road; access to JKIA widening; construction of access road proposed barabara plaza; and improvement of access to inland container depot. The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures
Terrestrial habitat alteration	<ul style="list-style-type: none"> • Re-vegetation of disturbed areas with native plant species. • Use human labour as opposed to heavy machinery. • Vegetation management should not eradicate all vegetation. • Excessive vegetation maintenance may increase likelihood of the establishment of invasive species.
Air pollution (dust, fuel emissions)	<ul style="list-style-type: none"> • Control speed of construction vehicles. • Water should be sprayed during the construction phase on excavated areas. • Regular maintenance of plant and equipment. • Provision of dust masks for use when working in dusty conditions.
Soil erosion	<ul style="list-style-type: none"> • Soils excavated for the erection of towers should be used for re-filling and should not be left exposed to wind or water for long periods. • Riverine vegetation should be minimally disturbed during the construction phase to reduce soil erosion and safeguard riverbank protection. • Re-plant degraded areas with local species to improve ground cover.
Hazardous substances	<ul style="list-style-type: none"> • Use of designated areas for repair and maintenance of vehicles and powered machinery to avoid oil spills.
Management of solid waste	<ul style="list-style-type: none"> • provide solid waste collection facility (disposal container) for the temporary storage of waste prior to disposal at an appropriate and designated location. • The storage yards should also be provided for the disposal of large mounds of waste rock and other earth material.
Noise pollution	<ul style="list-style-type: none"> • Noise reduction/hearing protection devices when working with noisy equipment. • The right-of-way or way leave must be strictly adhered to mitigate the effects of the unwanted noise.
Working at heights	<ul style="list-style-type: none"> • Testing structures for integrity prior to undertake work • Implementation of a fall protection program that includes training in climbing techniques and use of fall protection measures. • Inspection, maintenance, and replacement of fall protection equipment. • Use of helmets and other protective devices will mitigate against scratches, bruises, punctures, lacerations and head injuries due to dropping objects.
Physical hazards	<ul style="list-style-type: none"> • Appropriate hand and foot protection (PPE) during the manual clearing of vegetation • Adopting ergonomic work flow designs that fit physical tasks to employees and

- not vice versa while maintaining a balance with productivity.
- Sites of cultural heritage
- Conduct a cultural heritage impact assessment survey in the project area.
 - In the event of chance finds of physical cultural resources, notify the National Museums of Kenya immediately—the resource must be protected from any interference or manipulation of any land.
- Land acquisition and resettlement
- Ensure that the displaced persons are:
- informed about their options and rights pertaining to resettlement.
 - consulted on, offered choices among, and provided with alternatives.
 - provided prompt and effective compensation at full replacement cost for losses of assets attributable directly to the project.
 - offered support after displacement, for a transition period, based on a reasonable estimate of the time likely to be needed to restore their livelihood and standards of living.
 - provided with development assistance in addition to compensation measures.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED PETROLEUM FUEL DEPOT ON L.R. NO. 4689/VI/MN, PORT REITZ AREA OF MOMBASA COUNTY.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed Petroleum fuel depot on L.R NO. 4689/VI/MN, Port Reitz area of Mombasa County

The Proponent is proposing to construct a fuel depot comprising of Seven (7) fuel tanks all with a capacity of 23 million litres and one (1) fresh water tank with a capacity of 10 Million Liters that will store fire water.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact Mitigation measures

- Biodiversity loss
- Undertake re-vegetation of the pipeline route to stabilize soils and regenerate soil profiles.
 - Obtain permits to cut trees along the trench line.
 - Obtain permits to cut trees along the trench line.
- Security, safety and convenience
- Adhere to Health and Safety Regulations pertaining to personal protective clothing, first aid kits being available on site, warning signs, etc, in compliance with the Occupational Safety and Health Act No. 15 of 2007.
 - Devise and submit a traffic management programme
 - Submit a public communication plan indicating how and when, during the programme, the public will be informed of the construction of the pipeline, the construction hours, the proposed route and schedules;
 - Employ security personnel to prevent the Public from entering or approaching the pipeline trenches site;
 - Sections of the trench to be closed continuously and immediately as work are completed.
- Potential to impact on the integrity of the existing KPC pipeline
- Obtain written authority from KPC for connecting to their Tee and use of their way leave.
 - KPC to endorse the plans for the pipeline
 - KPC to have an oversight role on the pipeline works of at the cost of the proponent.
 - The proponent to exercise due diligence and caution in laying the new pipeline system.
 - Only certified/qualified professionals to be involved in the laying of the pipeline.
- Noise pollution
- Construction work and delivery of raw materials will be limited to day time hours only.
 - Delivery of raw materials will be done so as to exclude weekends.
 - Concrete mixers will be located as far as practical from the existing residential compounds.
 - The contractor shall inform neighbors in writing prior to commencement of the development so that they are prepared psychologically at least two weeks in advance.
 - Employees using equipment that produce peak sounds shall be provided with earmuffs
 - The contractor will endeavor to comply with Noise Regulations, 2006.
 - This will be mitigated by ensuring that both the excavations and the laying of the pipeline are localized to the demarcated trench area only.
- Traffic concerns
- In case of any potential for road closure the proponent will have to liaise with the local police authorities and agree on a plan and alternative route for vehicular traffic.
- Pollution of water
- Test any abstracted waters for quality.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environmental Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed petrol filling station on L.R. No. 377/2311 and 2312 in Mavoko Municipality, Athi River Town, Machakos County.

The Proponent (Lali Kathuli) of the proposed project is proposing to put up a petrol filling station on L.R. No. 377/2311 and 2312 in Mavoko Municipality, Athi River Town, Machakos County.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures
Noise pollution	<ul style="list-style-type: none"> • The construction site to be hoarded during the entire construction period. • Working hours to be during day time only (Monday-Saturday). • The building contract to be mainly labour intensive with low level noise construction equipment. • Construction workers to be provided with personal protective equipment including ear protection devices. • Workers will be provided with ear protective devices. • Construction work to be done during daytime only (Monday-Saturday). • The site to be wholly hoarded during construction. • Contractor to use machines with low noise levels. • The contractor to conduct regular noise measurements and take corrective action where necessary as per the requirements of the "noise rules". • The contractor to service the machines regularly and have them maintained in good condition all the time.
Fire	<ul style="list-style-type: none"> • Serviced Fire extinguishers to be put in place. • Contracted building employees to be trained and be conversant in fire fighting skills. • Connection to emergency alarm systems of the local fire brigade, police and hospitals.
Solid wastes	<ul style="list-style-type: none"> • Excavation waste to be carted away on a daily basis for disposal at the approved Municipal Council dump site. • Building debris to be reused or taken away for disposal at the approved Municipal Council dump site. • Bins for solid waste collection and disposal will be placed at strategic places within the facility. • These will be emptied regularly and the wastes taken for disposal by the refuse collection trucks of the Municipal Council of Mavoko.

Social factors	<ul style="list-style-type: none"> • Provision of safe drinking water for all workers at the construction site. • Provision of separate clean toilet facilities for ladies and gentlemen. • Security to be provided on 24-hour basis to guard both life and property for employer and employees alike. • Provide fully equipped first aid box. • Formally train some of the construction workers on First Aid skills.
Occupational health and safety	<ul style="list-style-type: none"> • Workers to be provided with personal protective equipment which will be worn at all times during construction. • Workers and staff to observe all safety measures put in place and as required for construction activities. • Availability of vehicles to handle any emergency which may arise. • The management to initiate and conduct regular joint safety arrangements with the neighboring business community. • Employment of people from the local community at the facility. This will create bondage with the local people and enhance safety for the business.
Fauna and flora	<ul style="list-style-type: none"> • A flower garden to be incorporated into the facility not only for beautification but also to enhance the environment.
Air pollution	<ul style="list-style-type: none"> • Sprinkle the construction area with water. • Provide construction workers with dust masks.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED WAA WHALE SHARK SANCTUARY, IN WAA/KWALE COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of Environmental (Impact Assessment and Audit) Regulations, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the implementation of the proposed project.

The Proponent (Sea Quarium Ltd.) intends to construct a petrol service station in Waa/Kwale County.

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Proposed Mitigation Measures

Environmental/marine conservation	<ul style="list-style-type: none"> • The proponent should ensure that technical and fiscal capacity of the community is built in conjunction with conservation measures of the marine resources at Waa Location. • Women must also be given opportunities to participate on the project.
Community involvement	<ul style="list-style-type: none"> • Involvement should lead to decision making process being inclusive of the community views and wishes in order to make the project suitable. • Involvement should include but not limited to the following: the Local leaders, the BMU, the Kaya Waa elders, the local County Council Representatives as well as the Imam of the Waa Mosque/community.
Economic development	<ul style="list-style-type: none"> • The project should bring diversification of economic activities in the Waa community.
Research and innovation	<ul style="list-style-type: none"> • An MoU with universities and other research institutions should be put in place to ensure involvement in learning more about the Whale Shark Species. • The MoU should seek to avail the Sea Quarium to researchers from these institutions to undertake joint research projects.
Fatal threat of the whale	<ul style="list-style-type: none"> • The project proponent should have in its team qualified Marine Biologists and Veterinary Doctors to take care of the welfare of the whale sharks in the enclosure. • The whale sharks should be kept in their normal habitat in the open sea, not in superficial environment. • Regular cleaning incase of any foreign materials at the sanctuary by the visiting persons (student or tourists).
Safety of the tourists	<ul style="list-style-type: none"> • Safety procedures should be properly taken care of. • The safety of the whale sharks and tourists should be a priority. • All PPE used by the participants should be owned and managed by the Sea Quarium. The project proponent will routinely sanitize all PPE hence mitigate concerns that something undesirable or unsanitary would be exposed to the whale sharks and other marine flora and fauna. • During the pre-dive orientation, safety rules should be carefully explained to the visitors and swimming. • Guests should be instructed to stay together in buddy pairs and to follow the lead Dive Masters and Lead Dive Master should carry visual and physical barrier i.e. hard nets for the animals if necessary. A fourth Dive Master on deck will monitor the dive and will be prepared to enter the water and activate emergency response if necessary. • The above safety rules are in order to avoid inflicting any and all unnecessary stress to the whale shark is completely

- harmless to humans.
- Mitigation of the whale shark
- The project provides a very good avenue for research in migration patterns of the as the captured whales will be tagged and released after every 6 months.
 - Upon release they should mapped using GPS as they mitigate.
- Skills development
- Identification and training of youth within the project area on skill sets required for the marine conservation job market. This can be done with partnerships with local institutions such as Mombasa Polytechnic University College and University of Nairobi (Dept. of Marine Conservation Studies- Diani).
 - Sea Quarium Ltd. Should have guided tours (of university, polytechnic, secondary schools) within its sanctuary to initiate interest among the youth.

The full report of the proposed project is available for inspection during working hours at:

LAND NO. SOUTH MARAGOLI/ BUYONGA/ 847/ 1658

BETWEEN

DANIEL WAKOLO TIEGO
T/A METRO COLLEGE OF EASTERN AND SOUTHERN
AFRICA—(PLAINTIFF/APPLICANT)

VERSUS

GEORGE MUKIZA MUDANYA
T/A MUDASA ACADEMY—(DEFENDANT/RESPONDENT)
REPLY TO THE DEFENDANT'S WRITTEN STATEMENT OF
GROUNDS OF OPPOSITION DATED 14TH DECEMBER, 2012

I, the Plaintiff/Applicant have the following representations to submit to this Honourable Court of Equity:

- (i) THAT the document of the Power of Attorney is not an end in itself. That the most important thing in life is how can we co-exist peacefully with my neighbour? There is one fact which the defendant and his counsel should realize, that George Mukiza Mudanya t/s Mudasa Academy is my neighbour and I swear that I will/can not violate/abuse his rights which are guaranteed in the New Supreme Law.
- (ii) THAT am for peace and co-existence with my neighbour than at war with him.
- (iii) THAT I am for peace and respect for my neighbour as an entrepreneur.
- (iv) THAT whether there is rain or sunshine South Maragoli/Buyonga/847/1658 is my home. That this is private land (as per Article 64 of the New Supreme Law).

(v) THAT I will deal in the best interests of my neighbour George Mukiza Mudanya, my mother, my brother, my sister and myself.

(vi) THAT my neighbour George Mukiza Mudanya t/a Mudasa Academy squandered an opportunity of us working together for our best interests in December, 2006 when he sent me to get my elder brother so that we strike a deal but the moment I got the elder guy my neighbour started playing games up to this moment we are now in this Honourable Court of Equity.

(vii) THAT AM READY FOR ACCORD AND SATISFACTION

2. (a) THAT the application does meet the mandatory legal requirements for review. That there is more than meets the eye whereby the defendant respondent wants to hide some legal concepts which I have in these applications.

(b) THAT fortunately this Honourable Court of Equity is a standard International Institution which has unlimited original jurisdiction capable of unmasking the monster in the defendant respondent George Mukiza Mudanya t/a Mudasa Academy.

(c) THAT corporation/firm both private and public have social responsibilities.

3 THAT the defendant respondent has to some extent denied me/violated my natural rights and civil rights which even my own mother cannot do/has never done.

(iv) THAT the application does not amount to gross abuse of the process of this Honourable Court of Equity.

5. THAT the costs of this Application be provided for.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
