THE ENERGY ACT, 2006

(No. 12 of 2006)

THE DRAFT ENERGY (LUBRICANTS BUSINESS LICENSING) REGULATIONS, 2013

IN EXERCISE of the powers conferred by section 102 of the Energy Act, 2006 the Cabinet Secretary for Energy makes the following regulations:

THE ENERGY (LICENSING OF LUBRICANTS BUSINESSES) REGULATIONS, 2013

1. These Regulations may be cited as the Energy (Licensing of Lubricants Businesses) Regulations, 2013.

2. In these Regulations, unless the context otherwise requires

"Act" means the Energy Act, 2006;

"Commission" means the Energy Regulatory Commission.

"Kenya Standard" means a specification or code of practice declared by the National Standards Council under section 9 of the Standards Act.

"License" means any document or instrument in writing granted under the Act by the Commission to any person authorizing the importation, exportation, blending, transportation, storage, and distribution and wholesale of lubricants.

"Lubricants" means natural or synthetic oils, greases and fluids whose fundamental applications include reduction of friction and wear between moving parts in machinery, hydraulic power transmission, electrical insulating, heat transfer and sealing systems in machinery and equipment.

"Licensee" means any person holding a license granted by the

"Bulk" means lubricants in receptacle of capacities exceeding 900 litres.

"Bulk Lubricants Road transportation" means bulk transportation of lubricants by road and does not include packaged lubricants.

"Agent" means a person appointed in writing by the Commission to be a licensing agent for purpose of issuing licenses under the Act.

"County Government" means the County government provided for under Article 176 of the Constitution.

"Modification" means any change in the facility that alters the existing technical design, storage capacity or impacts on compliance with local health, environmental and safety legal requirements or any change requiring County Government approval.

"Lubricants facility" means any facility that is or can be used to receive, blend, store, load, offload, filling and packaging of lubricants in bulk but does not include retail dispensing sites.

"Lubricants business" means a concern carrying on the importation, exportation, blending and filling, storage, transportation, packaging or whole sale of lubricants

"Retail dispensing site" means premises where lubricant is stored in bulk in or in packages and dispensed to consumers for their own use and includes filling and service stations.

3. These regulations shall not apply to the Kenya Defence Forces.

4. (1) A person shall not construct or undertake modification of a Lubricants facility except in accordance with the Act, these Regulations, and the terms and conditions of a valid construction permit issued by the Commission.

(2) A person who contravenes paragraph (1) commits an offence and shall, on conviction, be liable to a fine not exceeding one million shillings, or to a maximum term of imprisonment of one year, or to both.

(3) The Commission or any authorized person acting on its behalf may enter and inspect any premises or facility that the Commission believes is under construction for purposes of undertaking a lubricants business.

(4) Where the Commission determines that a person is engaged in the construction for purposes of undertaking a lubricants business requiring a construction permit under these regulations and is not in possession of such permit it shall direct that person to cease the activity unless and until the requisite construction permit is obtained.

5. (1) A person who wishes to construct a lubricants facility shall make an application to the Commission or its agents for a construction permit in the form set out in Part 1 of Schedule A.

(2) An application under paragraph (1) shall be accompanied by the documentation and information specified in Part 2 of Schedule A.

(3) In evaluating an application for a construction permit, the Commission or its agents shall be satisfied that the applicant has complied with the Act and these Regulations, and that the information and documents submitted with the application form are true and correct.

(4) The Commission or its agents may request additional information from an applicant that may be necessary to enable the Commission to make a decision regarding the issuing of the construction permit.

(5) The Commission or its agents shall consider the application within forty five (45) days after receipt of an application for a construction permit which meets the requirements of the Act and these Regulations.

(6) The construction permit issued under these regulations shall be in the form set out in Part 3 of Schedule A.

(7) Where the Commission or its agents refuses to grant a construction permit, it will notify the applicant of such refusal specifying the reasons and shall deliver such notice to the applicant at the address provided to the Commission by the applicant.

6. (1) A construction permit ceases to be valid if—

- (a) The permit is suspended or revoked by the Commission for non compliance with any term or condition thereof within the prescribed period by notice in the Gazette; or
- (b) Execution of the works has not commenced at the expiry of twelve months from the date on which the construction permit was granted or the expiration of any extended period which the Commission may allow.

(2) The Commission or its agents shall notify the holder of the construction permit of the Commission's intention to suspend or revoke the construction permit at least twenty one (21) days before the intended date of suspension or revocation, specifying the reasons.

(3) The Commission or its agents may in writing reinstate a construction permit suspended or revoked if it is satisfied that the reasons for suspension or revocation no longer exist.

7. (1) A person shall not conduct any business of importation, blending, exportation, wholesale, filling, packaging, storage or bulk transportation of lubricants except in accordance with the Act and terms and conditions of a valid lubricants business licence issued by the Commission or its agents.

(2) A person who contravenes paragraph (1) commits an offence and shall, on conviction, be liable to a fine not exceeding one million shillings, or to a maximum term of imprisonment of one year, or to both.

(3) Where the Commission or its agents determines that a person is engaged in a business of importation, blending, filling, packaging, exportation, wholesale, retail, storage or bulk transportation of lubricants requiring a lubricants business licence under these regulations and is not in possession of such licence, it shall direct that person to cease such business until such time as the person obtains the required licence.

(4) The Commission or its agents may issue separate or combined licences in respect of any of the activities prescribed in paragraph (1) above.

8. (1) A person who wishes to apply for a Lubricants business licence or renewal shall make an application to the Commission or its agents in the form set out in Part 1 and Part 2 of Schedule B;

(2) The application under paragraph (1) shall be accompanied by the documents and any additional information specified in Part 3 of Schedule B.

9. (1) In evaluating an application for a Lubricants business licence, the Commission or its agents shall take account of the criteria in Part 3 of Schedule B and be satisfied that the applicant has complied with the Act, and the information and documents submitted with the application form are true and correct.

(2) The Commission or its agents may request additional information from an applicant that may be necessary to enable the Commission to determine the application.

(3) The Commission or its agents shall decide on an application within thirty (30) days after receipt of an application for a licence which meets the requirements of the Act and these Regulations

(4) The licence issued under paragraph 9 shall be in the form set out in Part 4 of Schedule B.

10. (1) A Lubricants business licence issued under the Act shall be valid for one year from the date of its issue and may be renewed in accordance with the provisions of the Act.

(2) An application for renewal of a Lubricants business licence shall be made to the Commission or its agents at least thirty (30) days before the expiry date.

11. (1) The Commission or its agents shall furnish all persons interested in filing applications for any of the licences prescribed under these Regulations with such information in the Commission's or its agents possession as is necessary for the application.

(2) Any discussions with, notifications or requests for information from the Commission or its agents shall not confer any right to any person to the grant of a licence.

12. A Lubricants business licensee shall:

- (a) Operate and maintain the facility in accordance with the requirements of the Energy Act, Physical Planning Act, Standards Act, County Government Act, Environmental Management and Co-ordination Act, Occupational Safety and Health Act, Weights and Measures Act, Traffic Act, East Africa Community Custom Management Act, Anti Counterfeit Act and any other written law;
- (b) Require that third parties, including any contracted Lubricants road transportation licensee, using or servicing its facilities comply with the Act and all applicable regulations made under any other law;
- (c) Only use Lubricants facilities licensed by the commission for logistics services;
- (d) Store, blend, fill or pack lubricants at a licensed lubricants facility.
- (e) Adhere to Kenya Standards for Lubricants or in the absence of such standard, any other international standard approved by Kenya Bureau of Standards;
- (f) Use road tankers for lubricants road transportation that comply with Kenya Standards, have valid petroleum tanker permits issued under the Act, and use petroleum road tanker drivers who are certified for that purpose under the Act;
- (g) Purchase lubricants only from other Lubricants business licensees or a licensed facility, except in the case of importation of Lubricants.
- (h) In case of importation, have a written agreement between the importer and the manufacturer brand owner.
- (i) Only sell lubricants in Kenya whose brand is registered in Kenya.
- (j) Sell Lubricants in Kenya only to other Lubricants business licensees, or end users for own consumption;
- (k) Only transport branded packaging material to licenced facility and with authority from the brand owners.
- (l) Shall not blend, repackage or sell Lubricants brand without written authority from the brand owners.

(m) Submit information to the Commission as required under the Act and any Regulations made there under, including source and quality of raw materials, records of packaging materials, purchase and sales data and any other information requested by the commission.

(n) Inform the Commission in writing of any changes of directorship or address or telephone number or other material particulars submitted as part of the application for the license within thirty (30) days of the relevant change taking effect; and

(o) At all times comply with the Act and these Regulations and carry out the legitimate instructions of the Commission or its agents.

14. (1) A Lubricants business license, or a certified copy thereof, shall be displayed in a prominent position on the premises in respect on which it is issued.

(2) Any license issued in terms of these Regulations—

(a) remains the property of the Commission;

(b) may be suspended, revoked or amended by the Commission at any time subject to compliance with the Act;

(c) may not be tampered with or defaced in any manner; and

(d) is not transferable without the written consent of the Commission.

15. The Commission or any authorized person acting on its behalf may enter and inspect any premises where petroleum business is conducted for the purposes of inspections or conducting investigations pursuant to the provisions of the Act or Regulations made under the Act.

16. (1) The Commission or its agent may at any time revoke or suspend any licence issued under these Regulations if the licensee commits any breach stipulated in the Act.

(2) Unless otherwise specified in the license, the Commission or its agents may give the licensee fourteen (14) days to show cause why the license should not be suspended or revoked setting out the matters specified in the Act.

(3) The Commission or its agents shall determine the matter within thirty (30) days from the expiry of the notice period.

(4) Any suspension or revocation of licence shall not indemnify the licensee against any penalties for which the licensee may have become liable under the Act or these Regulations.

(5) The suspension or revocation of the licence for contravention of its conditions is in addition to any other penalty which may be imposed under the Act or by any other written law.

17. (1) Subject to the provisions of the Act, any person aggrieved by a condition and/or term imposed in the licence may, in accordance with the Act, in writing apply to the Commission or licensing agent to amend such condition or term.

(2) If such a person is not the licensee the Commission or its agents shall in writing inform the licensee within seven (7) days of receipt of the application and the Commission or its agents will determine the matter within thirty (30) days.

(3) A licence amended under the Act and these regulations shall retain the existing expiry date.

18. (1) A person aggrieved by the decision of the Commission or its agents in refusing to grant, renew, amend or replace a license or impose conditions on a licence or in suspending or revoking a licence may appeal to the Tribunal within thirty (30) days of receipt by him of the written notification of such action.

(2) A person aggrieved by the decision of a licensing agent in refusing to grant, renew, amend or replace a license or impose conditions on a licence or in suspending or revoking a licence may appeal to the Commission within thirty (30) days of receipt by him of the written notification of such action.

19. Any person who contravenes any of these regulations commits an offence in accordance with the Act and shall on conviction be liable to a fine not exceeding one million shillings or to a maximum term of imprisonment of one year, or to both such fine and imprisonment.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED GREATER EASTERN BYPASS

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed Greater Eastern Bypass that traverses Nairobi, Kiambu and Machakos Counties.

The Proponent (Kenya Urban Roads Authority) of the proposed project is proposing to upgrade to bitumen standards of a 7.7 kilometres Road; Greater Eastern Bypass that traverses Nairobi, Kiambu and Machakos Counties.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impact	Mitigation measures
Loss of vegetation	<ul style="list-style-type: none"> Control earthworks. Install drainage structures properly. Install erosion control measures. grouted stone pitching and rock fill gabion works will be necessary to protect culvert inlets and outlets. Landscape embankments and re-vegetate gravel sites with grass and indigenous shrubs. Ensure management of excavation activities. On sections with high filling and deep cutting, slopes should be covered by stone walls and planted with grass and shrubs. Damaged existing drainage systems should be rebuilt or rehabilitated by suitable methods.
Solid wastes	<ul style="list-style-type: none"> Solid wastes should be stored in properly maintained and covered sanitary bins or pits. Solid wastes should be separated onsite before disposal offsite. Waste Earth material, should be re-used as earth fills by the contractors or community members. Creation of awareness to the general public on the risks. A record of movement of wastes generated by the project should be made available for inspection.

Liquid wastes

Dust emissions

Safety, health and environment

- A NEMA registered and authorized waste disposal contractor should be contracted to remove wastes from the project site to designated waste disposal sites such as Dandora Dump site.
- Sanitary latrines should be constructed within the staff quarters. These should be at least 100m away from any water body.
- Kitchen effluent should be disposed of either in the latrines or in sanitary pits dug into the ground with adjacent soak away pits.
- The construction workers should always have gas masks on as they work.
- Watering of dusty areas should be at least five times a day.
- Ensuring that un-road worthy vehicles are not used by motorists on the road.
- Tightening of security within the area, both by the local police and private investors.
- Setting up of a centralized police post along the proposed GEB route.
- Sensitizing locals on this possibility and insisting that they take security measures such as always locking their doors, installing alarm systems, having the contacts of the nearest police station and hospitals in case of an y emergency.
- Erecting road furniture such as road signs, guard rails, and road markings. Bumps and rambles should also be put in busy residential areas or near schools, hospitals etc.
- Creating awareness to local residents on proper use of the road, when and where to cross.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Nairobi County.

(d) County Director of Environment, Machakos County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED MURUNY/SIYOI DAM

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has

received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (National Water Conservation and Pipeline Corporation) intends to construct a dam on Muruny River in Pokot South District. The project is made up of the following main components (among others); draw-off and diversion works, embankment and spillway, raw water main 11km – 34,800m³/day, treatment works (34,800m³/day), mainline to Kapenguria (34Km), storage tanks and break pressure tanks, bridge and re-routing road works, embankment, intake, gravity mainline, storage tanks (to serve communities affected by the dam).

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Proposed Mitigation Measures

Loss of agricultural land	<ul style="list-style-type: none"> • Apply relevant regulations relating to compensation issues and compensate.
Encroachment into river catchments	<ul style="list-style-type: none"> • Encourage agro-forestry. • Encourage terracing to check soil erosion.
Catchment erosion and siltation	<ul style="list-style-type: none"> • Integrated land use management involving all stakeholders to ensure catchment protection and watershed management.
Impaired passage across the reservoir	<ul style="list-style-type: none"> • Construct a bridge at suitable location across the reservoir
Water use conflicts	<ul style="list-style-type: none"> • Ensure water to be stored is flood flow only and that regulated normal river flow is guaranteed.
Dust and noise pollution	<ul style="list-style-type: none"> • Ensure that emission levels of machinery are within permissible limits. • Ensure that there is no work at night. • Sprinkle access road with water during heavy traffic due to construction activities or use dust suppressants.
Possible alterations in the flow of water, changes in water quality during construction	<ul style="list-style-type: none"> • Adequately divert the river away from construction areas. • Ensure good engineering practices.
Enhanced erosion / changes in due to excavation	<ul style="list-style-type: none"> • Obtain earth fill from flooding zone whenever possible. • Re-vegetate with native species. • Fill borrow sites.
Social pressure on local community e.g. increase in sexually transmitted diseases)	<ul style="list-style-type: none"> • Enlighten personnel about STDs (HIV/AIDS) and use of condoms. • Partner with NGOs in campaign to stop the spread of HIV/AIDS. • Help strengthen healthcare system. • Strengthen basic facilities. • Avoid actions that could cause or escalate tension.
Possible pollution from construction camp	<ul style="list-style-type: none"> • Construct sanitation facilities at camp site. • Ensure appropriate disposal of used oil. • Ensure appropriate disposal of solid waste.
Workers' safety	<ul style="list-style-type: none"> • Provide protective clothing to the workers.
Downstream erosion	<ul style="list-style-type: none"> • Provide stilling basin to check velocity of released water.
Changes in water quality of the impounded reservoir	<ul style="list-style-type: none"> • Monitoring of in-stream water quality. • Partner in enlightenment for increased environmental awareness in surrounding communities. • Clear vegetation and remove it from area to be impounded.

Introduction of disease vector problems	<ul style="list-style-type: none"> • Monitor the presence of disease vectors. • Contribute to strengthening of local health facilities through public enlightenment. • Contribute to public health programs to eradicate/protect against malaria, schistosomiasis etc.
Possible pollution of water from residual chemicals used in water treatment	<ul style="list-style-type: none"> • Ensure sludge drying beds are included in the design of the water treatment works.
Possible pollution of Siyoi and Kapenguria rivers from additional wastewater	<ul style="list-style-type: none"> • Construct wastewater disposal facility.
Flooding of downstream and river bank erosion	<ul style="list-style-type: none"> • Multi-step release of water before removing dam wall.
Loss of scenery due to dumping of excavated material	<ul style="list-style-type: none"> • Liaise with local community so that excavated often fertile material can be put to good use.

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED AGRICULTURAL PLANTATION AT GALANA RANCH/BLOCK 1/1, MALINDI

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Tembo Agro Oil Seeds Limited) intends to develop an agricultural plantation on 100,000 acres for the production of sugarcane, groundnuts, Jatropha, oil plants, and other related products.

The proponent also plans to get engage in the Agro-forestry industry including plantations of a variety of trees for various purposes and/or other high yielding trees and to engage in any other agricultural activities including agro-industrial production. The first phase of the plantation will cover 1, 000 acres with 700 acres having sunflower, groundnuts covering 250 acres and Jatropha covering 50 acres.

The following are the anticipated impacts and proposed mitigation measures

Environmental Impacts Recommended Mitigation Measures

High demand for raw materials (pipes, fencing materials, water storage materials) etc.	<ul style="list-style-type: none"> • Source building materials from suppliers who use environmentally friendly processes in their operations. • Ensure accurate budgeting and estimation of actual construction material requirements to prevent wastage. • Ensure that damage of materials at the construction site is kept minimal through proper storage. • Encourage use of recycled, refurbished or salvaged materials to reduce the use of raw materials and diverting material from landfills.
Vegetation and animal disturbance	<ul style="list-style-type: none"> • Demarcate and delineate the project area to be affected by construction works. • Specify locations for trailers and equipment, and areas of the site, which should be kept free of traffic, equipment, and storage. • Designate access routes and parking within the sites. • Preserve some individual trees within the site. • Introduce vegetation on open spaces and ensure their maintenance.
Increased storm water, runoff and soil erosion	<ul style="list-style-type: none"> • Harvest and store water from roofs of greenhouses for irrigation etc. • Design a storm water management plan that minimizes impervious area infiltration by use of recharge areas and use of detention and/or retention with graduated outlet control structure. • Apply soil erosion control measures such as leveling of the project site to reduce run-off velocity and increase infiltration of storm water into the soil. • Ensure that construction vehicles are restricted to existing roads to avoid soil compaction within the project sites. • Ensure that any compacted areas are

	ripped to reduce run-off.		
Increased solid waste generation	<ul style="list-style-type: none"> • Site excavation works to be planned such that a section is completed and rehabilitated before another section begins. • Construction and paving of soil-galleys on sloppy sections. • Open drains all interconnected will be provided on site to avoid flooding of the greenhouse sites which could lead to soil and water pollution. • Use of an integrated solid waste management system based on 3R strategy. • Through accurate estimation of the sizes and quantities of materials required. • Carry over material leftovers for utilization in another project site. • Refurbish and reuse damaged construction materials. • Donate recyclable/reusable or residual materials to other deserving users. • Use durable materials that will not need to be replaced often. • Ensure proper storage and handling of materials to prevent damage/ waste. • Ensure controlled procurement of perishable materials • Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste. • Reuse packaging materials such as cartons, cement bags, empty metal and plastic containers to reduce waste at the site. • Dispose waste more responsibly by dumping at designated dumping sites or landfills only. • Waste collection bins to be provided at designated points on site. • Running an educational campaign amongst operators, e.g. through use of posters, to encourage sorting, reuse or recycling of the solid waste. 	High water demand	<ul style="list-style-type: none"> • Monitor energy usage and set targets for reduction of the same. • Explore the possibility of using solar and wind energy within the facility. • Water should be used sparingly if possible. • Harness rainwater. • Install discharge meters to determine and monitor total water usage. • Promptly detect and repair any water pipe and tank leaks. • Sensitize community members and workers to conserve water. • Ensure taps are not running when not in use.
Dust emission		Incidents, accidents and dangerous occurrences	<ul style="list-style-type: none"> • Report all accidents and incidents to the DOSHS as required. • Enforce adherence to safety procedures and emergency response plans. • Provide safety education and training, and provide first-aid facilities. • Develop and communicate site HSE and educate the workforce. • Ensure proper storage that prevents stack/ wall collapse. • All ladders and scaffolds used must be of good construction and sound material and be properly maintained. • Institute adequate emergency evacuation procedures and programs.
Exhaust emission	<ul style="list-style-type: none"> • Ensure strict enforcement of on-site speed limit regulations. • Sprinkle water on graded access routes when necessary to reduce dust generation by construction vehicles. • Personal Protective equipment to be worn. • Vehicle idling time shall be minimized. • Sensitize truck drivers to avoid unnecessary racing of vehicle engines and to switch off vehicle engines. 	Occupational health, security and safety risks	<ul style="list-style-type: none"> • Provide well-stocked accessible first aid kits within the facility. • Provision must be made for persons to be trained in first aid. • Signs such as "NO SMOKING" etc. must be prominently displayed within the project sites, especially in parts where inflammable materials are stored. • Develop a suitable system for the safe collection, recycling and disposal of chemical wastes, obsolete chemicals and empty chemical containers. • Keep a record of all hazardous chemicals used at the sites cross-referenced to the appropriate chemical safety data sheets. • Prohibit eating/ drinking in chemical storage areas. • Provide workers with PPE as appropriate. • Ensure 24 hour site security manning and surveillance.
Noise and vibration	<ul style="list-style-type: none"> • Construction vehicle drivers shall switch off engines of vehicles not in use. • Construction drivers to avoid gunning of vehicle engines or hooting when passing through sensitive areas such as schools and hospitals. • <i>Trees around the sites will provide some buffer against noise propagation.</i> 		
Increased energy consumption	<ul style="list-style-type: none"> • Install energy saving fluorescent tubes at all lighting points. • Plan transportation of materials to minimize fossil fuel usage. 	Air pollution	<ul style="list-style-type: none"> • Suitable wet suppression techniques need to be utilized in all exposed areas. • Unnecessary traffic shall be limited and on-site speed controls enforced.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED DEVELOPMENT OF A BLACK OIL MINI
DEPOT ON PLOT L.R. NO. 82/4137 AT DONHOLM IN NAIROBI
COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Ms. Africana Energy Ltd.) intends to construct a black oil mini depot of fuel oil 180 CST tanks. The project involves the installation of loading pump and five overhead horizontal steel petroleum tanks.

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Mitigation Measures

Soil erosion	<ul style="list-style-type: none"> • Apply soil erosion control measures. • Establish grass lawns, flower gardens and trees around and within the site after completion.
Water and energy use	<ul style="list-style-type: none"> • Provide adequate water storage facilities and reuse water. • Proponent should use energy-saving lighting bulbs. • Raise awareness on water and energy conservation.
Solid waste management	<ul style="list-style-type: none"> • Contract a NEMA licensed waste collection and disposal company. • Proper containment and disposal of solid waste in all project phases. • Segregate, separate and re-use construction wastes.
Effluent discharge	<ul style="list-style-type: none"> • Project to be connected to the standard septic tank. • Maintain internal sewer system and network during operation.
Air and noise pollution	<ul style="list-style-type: none"> • Ensure the noisy machines are insulated or temporary fenced. • Noise hazard signs should be displayed where necessary. • Machinery should be well serviced and lubricated. • Avoid excavation works in dry weather, sprinkle water to reduce dust. • Restrict construction activities to day time only.
Occupational health and safety	<ul style="list-style-type: none"> • Comply with provision of OSHA 2007 in line with Building Operation and works of Engineering Construction Rule 1984. • Engage skilled labourers and appoint a supervisor. • Use stable, safe ladders and scaffolds and display safety signs on site. • Shield construction activities to minimize accidents. • All lifting equipments should be

inspected and well maintained.

Fire hazards and accidents	<ul style="list-style-type: none"> • Ensure all workers have insurance covers. • Provide and enforce the use of proper PPEs. • Register the construction site with DOSHS.
	<ul style="list-style-type: none"> • Comply with provision of Fire Risk Reduction Rules 2007. • Install fire fighting equipments during and after construction
	<ul style="list-style-type: none"> • Comply with provision of Fire Risk Reduction Rules 2007. • Sensitize workers on fire safety.
	<ul style="list-style-type: none"> • Avoid storage of flammable materials near possible fire sources.
Security	<ul style="list-style-type: none"> • Contract a reputable security firm to guard the site and the premise. • Collaborate with the authorities and institute community policing.
Fuel oil leaks and spills	<ul style="list-style-type: none"> • Regular inspection of the overhead tanks for leakages. • Protect the tanks with corrosion prevention materials. • Site the projects away from sensitive environmental receptors including sewers, tunnels, vaults, surface water and ground water reservoirs. • Monitor ground water from at least three monitoring points to also establish the direction of groundwater flow.
Soil and ground water contamination	<ul style="list-style-type: none"> • Regular hydraulic pressure testing of the above ground tanks. • Non destructive testing, for example, ultrasound testing.

AND 1089, KIKAMBALA, KILIFI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Sultan Palace limited) intends to develop on about 43.26 acres of beach land; a mixed use resort, which shall consist of an 80-room 5 star hotel, and a total of 367 residential units (27 villas, 90 town houses and 250 apartments).

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Recommended Mitigation Measures

Soil disturbance and pollution.	<ul style="list-style-type: none"> Excavation only at areas of construction. Ensure vehicles delivering materials and machines are in good condition with no oil leaks. Part of the excavated material will be used for landscaping and beautification of the project site. Landscaping will be done and additional trees planted to enhance the environment. Ensure use of fertilizer only when required (after soil testing). Document watering times and volumes. Retain existing land use or similar to avoid major land changes.
Water pollution	<ul style="list-style-type: none"> Refrain from releasing any construction waste into the sea. Check the site drainage to prevent sedimentation of the marine environment through storm outfall. The location of the sewage treatment plant should not be close to water sources. Monitoring quality of effluent discharged. Provide segregated and covered solid waste bins and skips. Monitor quality of storm drain into the field.
Air pollution	<ul style="list-style-type: none"> Ensure the vehicle engines are in good condition to reduce levels of exhaust gases. Sprinkling of water to reduce dust levels.
Noise pollution	<ul style="list-style-type: none"> Construction during daylight hours. Drive vehicles into the site without undue noise (hooting).
Land use	<ul style="list-style-type: none"> Maintain same land use as in the neighborhood – recreational. Develop facilities for tourism and recreation only.

Socio-economic

- Carefully driving vehicles delivering materials.
- Provide personal protective equipment (overalls, safety shoes and gloves) to employees.
- Keep an accident register.
- Implement safety measures, emergency plans and contacts.
- Install firefighting and first aid equipment.
- Train the community in new technology.
- Conduct safety training and drills for occupants and staff.
- The proponent shall not block community access routes/roads to the beach points.
- Proponent shall share the beneficial use of beach site with the local communities.
- The wastewater treatment plant shall be run by a dedicated trained operator on site.
- Clear measures on riparian protection should be prescribed.
- Water quality and quantity monitoring shall be done to check quality and sufficiency levels.
- Recycling of water to reduce dependency on piped supply hence reducing pressure on infrastructure.

Resource utilization

The full report of the proposed project is available for inspection during working hours at:

- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
- County Director of Environment, Kilifi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette*, *Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
