MR/1933201 J. E. MALIRO,
for Public Trustee, Mombasa.

GAZETTE NOTICE NO. 7047

PROBATE AND ADMINISTRATION

LET ALL persons concerned take notice that the Public Trustee of Kenya of Social Security House, P.O. Box 80366–80100, Mombasa, has filed applications for representation of the estates of persons named in the second column of the schedule hereto who died on the dates respectively set forth against their names.

And further take notice that objections in the prescribed form to any of the aforesaid applications are invited and must be lodged in this registry within thirty (30) days of the date of the publication of this notice.

And further take notice that if no objection has been lodged in this registry in the prescribed form within thirty (30) days of publication of this notice, the court shall proceed to make the respective grants of representation as prayed or to make such other order as it thinks fit.

GAZETTE NOTICE NO. 7051

PROBATE AND ADMINISTRATION

TAKE NOTICE that after thirty (30) days from the date of this Gazette, and unless cause be shown to the contrary, I intend to apply to the High Court at Machakos for representation of the estates of the persons named in the second column of the schedule hereto, who died on the dates respectively set forth against their names.

And further take notice that all persons having any claims against or interests in the estates of the said deceased persons are required to prove such claims or interests before me within two (2) months from the date of this Gazette, after which date the claims and interests so proved will be paid and satisfied and the several estates distributed according to law.

GAZETTE NOTICE NO. 7058

THE ANTI-CORRUPTION AND ECONOMIC CRIMES ACT

(No. 3 of 2003)

THE ETHICS AND ANTI-CORRUPTION COMMISSION

THE FIRST QUARTERLY REPORT FOR THE YEAR 2013 COVERING THE PERIOD OF 1ST JANUARY TO 31ST MARCH, 2013

Preamble:

The Ethics and Anti-Corruption Commission is required under section 36 of the Anti-Corruption and Economic Crimes Act, 2003, to prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions under section 35 of the Anti-Corruption and Economic Crimes Act, 2003 as read with section 11(1) (d) of the Ethics and Anti-Corruption Commission Act, 2011.

Section 36 provides that:

1. The Commission shall prepare quarterly reports setting out the number of reports made to the Director of Public Prosecutions under section 35 and such other statistical information relating to those reports, as the Commission considers appropriate.
2. A quarterly report shall indicate if a recommendation of the Commission to prosecute a person for corruption or economic crime was not accepted.
3. The Commission shall give a copy of each quarterly report to the Attorney General.
4. The Attorney General shall lay a copy of each quarterly report before the National Assembly.
5. The Commission shall cause each quarterly report to be published in the Gazette.

This report is therefore made pursuant to section 36 of the Anti-Corruption and Economic Crimes Act, 2003. The report covers the first quarter of the year 2013 and is for the period commencing 1st January, 2013 to 31st March, 2013.

KACC/FI/INQ/29/2011

Inquiry into allegations of irregularities in the procurement of a Chancery and Ambassador's residence for the Kenyan Embassy in Tokyo, Japan

The property that was the subject of investigation comprises of land and buildings and is located at 3-24-3 Yakumo, Meguro-Ku in the city of Tokyo, Japan, (hereinafter referred to as the Meguro-Ku property). It was purchased by the Government of Kenya at Japanese Yen 1,750,000,000 to house the Kenya Chancery and Ambassador's Residence. It was alleged that the purchase price was exaggerated by over Kshs. 700 Million with suggestions that senior officials at the Ministry of Foreign Affairs and the Kenyan Mission in Japan may have benefited from the procurement. The matter was taken up for investigations in May 2010 with local and international investigations being undertaken contemporaneously.

The investigation established that there were irregularities in the procurement process, including concealment of crucial information from the decision-makers, such as the Negotiation Team and the Ministerial Tender Committee, and that this directly culminated in the Government of Kenya purchasing the property at the higher price, more than it would have cost taking into account the Valuation Reports that had been prepared by various valuers both in Tokyo and from Kenya.

Investigations further established that, whereas there was sufficient justification to acquire the property in Japan to house the Chancery and Ambassador's Residence on the grounds of high rent, among others, the evidence obtained revealed that the procurement of the Meguro-Ku property was not done in strict conformity with the relevant procurement laws and regulations. However, the investigation did not reveal any evidence to prove that any of the public officers involved in the purchase of the property benefited in any way.

The file was forwarded to the Director of Public Prosecutions on 8th February, 2013 with the recommendation that the PS, Ministry of Foreign Affairs, the former Charge 'D' Affairs Kenyan Embassy Tokyo and the former Deputy director of Administration, Ministry of Foreign Affairs be charged jointly with the offences of abuse of office

contrary to section 46 as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003, wilful failure to comply with the law relating to procurement contrary to section 45(2) (b) of the ACECA, Conspiracy to commit an offence of corruption contrary to section 47A(3) of the ACECA and the Charge 'D' Affairs also be charged with the offence of deceiving principal contrary to section 41 (2) of the ACECA.

On 27th February, 2013, the DPP accepted the recommendation for prosecution.

EACC/NYR/FI/INQ/09/2012

Inquiry into allegations of irregular procurement of motor vehicles and lecture chairs at Kagumo Teachers Training College.

The investigation established that in September, 2011, the Board of Governors, Kagumo Teachers Training College approved a budget for the purchase of three motor vehicles and 600 lecture chairs. After this approval was granted, the college commenced the process of sourcing for the said items. Investigations further established that the school principal, the procurement officer and the Tender Committee participated in the procurement of the items and went ahead to purchase them through direct procurement. This was in contravention of the procurement procedures as set out in the Public Procurement and Disposal Act, 2005.

The evidence obtained established that the Principal, Tender Committee members and the Procurement officer were culpable for the non-compliance. However, it was evident from the evidence obtained that the members of the Tender Committee were appointed by the principal from various departments and were not conversant with the procurement laws. In their evidence, it was clear that they solely relied on the procurement officer who was perceived to be the procurement expert. The procurement officer therefore bore the greatest responsibility for the breach of the procurement regulations.

The file was forwarded to the Director of Public Prosecutions on 19th February, 2013 with recommendations that the principal who was the accounting officer and the procurement officer be charged jointly with the offence of wilful failure to comply with the law relating to the procurement of goods contrary to section 45 (2) (b) of the Anti-Corruption and Economic Crimes Act, 2003.

On 26th March, 2013, the DPP returned the file for further investigations.

KACC/FI/INQ/33/2011

Inquiry into allegations of embezzlement of public funds amounting to KSh.17, 800, 000 by a Cashier at the Ministry of Higher Education, Science and Technology.

The investigation established that the Ministry of Higher Education, Science and Technology (Ministry) receives funds from the Government and donors; and these funds are channelled to the Ministry through the Treasury. The investigations further established that on various occasions between 11th February 2008 and 28th July 2010, the cashier, who is the suspect, prepared several requisition forms for the withdrawal of a total sum of Kshs.17.8 million from the Ministry's Recurrent account held at the Central Bank of Kenya. Upon the receipt of the cash, the suspect did not make any entries in the cash book to reflect the receipt of the money contrary to the Government Financial Regulations which requires all cash transactions to be recorded on daily basis. It was further established that the requisitions had to be approved by other officers in the Ministry's Accounts Department before being taken to the Central Bank of Kenya. These officers were not expected to approve the requisitions when the Ministry had sufficient funds. However, contrary to the normal procedure, the officers approved the requisitions even when the Ministry's cashbook showed that they had sufficient funds. The cashier was unable to account for a sum of Kshs.16.4 million of the sum withdrawn from the Ministry's Recurrent Account in Central Bank.

The file was forwarded to the Director of Public Prosecutions on 25th February, 2013 with the recommendation that the suspects namely the cashier, the Chief Accountant and Head of Accounting Unit and the Accounts Assistant, Ministry of Higher Education, Science and Technology be charged with the offences of conspiracy to defraud the public contrary to Section 317 of the Penal Code, fraudulent acquisition of public property contrary to Section 45(1) (a) as read with Section 48(1) of the Anti-Corruption and Economic

Crimes Act, 2003, and stealing by a person employed in the Public Service contrary to Section 268 (1) as read with Section 280 of the Penal Code. Further recommendations made were that; administrative action be taken against other officers working in the accounts department in the Ministry who approved the aforementioned requisitions; civil recovery proceedings be instituted for the recovery of the lost public funds amounting to Kshs.16.4 million and a system audit be conducted by the Commission in the Central Bank of Kenya.

On 27th March 2013, the Director of Public Prosecutions accepted the recommendation for prosecution of the suspects; that administrative action be taken against two other officers working in the accounts department in the Ministry; civil recovery proceedings be instituted for the recovery of the lost public funds amounting to Kshs. 16.4 million and a system audit be conducted in the Ministry of Higher Education, Science and Technology.

KACC/CR.141/40/2013

Inquiry into allegations of corruption against a Senior Inspector at the Anti-Counterfeit Agency, Ministry of Industrialization.

It was alleged that the suspect solicited for a benefit of Kshs. 50,000 from the complainant as an inducement to forbear charging him with an offence of being in possession of counterfeit goods.

The investigation established the solicitation and receipt of the benefit. The suspect was arrested and charged before the Milimani Anti-Corruption Court with the offences of soliciting and receiving a benefit contrary to section 39(3) (a) as read with section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

The file was forwarded to the Director of Public Prosecutions on 18th February, 2013 with the recommendation that the case be prosecuted to its logical conclusion.

The Director of Public Prosecutions accepted the recommendation for prosecution.

KACC/FI/INQ/12/2012

Inquiry into allegations of irregular issuance of an entry permit to a non-citizen by the Ministry of State for Immigration and Registrations of Persons officials

The investigations established that in November 2011, the Ministry of State for Immigration and Registrations of Persons issued a class "H" work permit to a non-citizen who was a British national. The investigations further established that when the application for the permit was made, all the requisite documents were produced by the applicant. The application was thereafter discussed by the Entry Permits Steering Committee, approved and an Entry Permit issued. The applicant paid the fees for the permit. Contrary to the allegations made, the investigation established that due process was followed in the issuance of the permit to the said non-citizen. No culpability was established against the officers from the Immigration Department who processed the permit to warrant any action against them.

The file was forwarded to the Director of Public Prosecutions on 25th February, 2013, with recommendations that the inquiry file be closed.

On 21st March, 2013 the DPP returned the file for further investigations.

EACC/GSA/FI/INQ/04/2012

Inquiry into allegations of flouting of procurement rules during the tender opening and evaluation for the construction of classrooms at Madogo Secondary School, Tana North District.

The investigations established that after tenders were invited for the contract to construct classrooms at the Madogo Secondary School; several bids were received from contractors. However, during the opening and evaluation of the tenders, some of the bid documents were tampered with. The investigations further revealed that the tampering was in respect to bid documents belonging to one particular tenderer with a view to assisting the bidder to get the award of the tender. This was done through addition of documents to that particular bid which the tenderer had failed to attach at the time of the submission of the tender. At the end of the procurement process, the said bidder was awarded the contract.

The investigations also established that the tampering with the tender documents was done through collusion of the County Public

Works Officer, the head teacher and the bidder who was awarded the contract. The act of tampering with the tender documents and the procurement process amounted to a breach of the procurement procedures as outlined in the Public Procurement and Disposal Act, 2005 and the Public Procurement and Disposal Regulations.

The file was forwarded to the Director of Public Prosecutions on 25th February, 2013 with the recommendation that the suspects involved be charged with the offences of conspiracy to commit an offence of corruption contrary to Section 47A as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003, Colluding to change a tender document contrary to Section 42(1) (b) as read with Section 137 of the Public Procurement and Disposal Act, 2005, and Wilful failure to comply with the law relating to procurement contrary to Section 45(2)(b) as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

On 21st March 2013, the Director of Public Prosecutions accepted the recommendation for prosecution.

EACC/NYR/PI/INQ/10/2013

Inquiry into allegations of irregular disposal of 88 houses constructed on Nanyuki Municipal Block 8/898 by the Kenya National Assurance (2001) Limited (KNAC); conflict of interest and embezzlement of the proceeds of sale thereon.

The investigation established the following facts; that sometime in 1979, KNAC entered into a mortgage housing financing scheme with the Municipal Council of Nanyuki, and loaned the latter Kshs. 4.84 million to put up 88 housing units. A loan agreement to this effect was entered into. Under the terms of the agreement, the Council was required to repay the loan together with interest over a period of twenty years. The Council defaulted in payment and also mismanaged the construction of the housing estate. KNAC took over the construction of the houses. Investigations further established that by the year 2008, the loan by the Council was still outstanding under the terms of the loan agreement. KNAC made several attempts to discuss the issue with the council with no success. This prompted KNAC to seek authority from the Treasury to sell the houses and recover the debt owed by the Council.

The investigation further established that after KNAC advertised for the sale of the houses, the Council and the tenants occupying the houses obtained court orders restraining the intended disposal by KNAC. To settle the matter, a Memorandum of Understanding was entered between the Council and KNAC and a consent subsequently entered in court, which served to discharge the injunctive orders earlier obtained against KNAC. Investigations also established that KNAC and the Council agreed that the property would be surveyed and subdivided into several units for sale. The tenants in occupation were also given first priority to purchase the houses.

The evidence obtained revealed that due process was thereafter followed in the disposal of the houses by KNAC. The proceeds of sale were used to redeem the loan owed by the Council and to meet costs that were incidental to the sale. No criminal culpability was established against the officers who were involved in the sale of the houses and all the proceeds of the sale were accounted for.

The file was forwarded to the Director of Public Prosecutions on 19th February, 2013, with recommendations that the inquiry file be closed.

On 13th March 2013, the Director of Public Prosecutions accepted the recommendations that the inquiry file be closed.

EACC/GSA/FI/INQ/06/2012

Inquiry into allegations of corruption against County Council of Garissa officers in the procurement for the purchase of furniture for the Council.

The investigation established furniture worth Kshs. 2 million was purchased for the offices of Garissa County Council. Investigations established that the said furniture was unilaterally sourced by the Chairman, Garissa County Council. This was done without the involvement of the Tender Committee and the furniture was single sourced through direct procurement. This was in contravention of the Public Procurement and Disposal Act 2005. Investigations further established some of the furniture was not supplied to the Council. However, both the Council's Clerk and Treasurer went ahead to approve payments for the furniture despite the fact that procurement

laws and regulations were not followed. They also approved payment for goods that were not delivered to the Council.

The file was forwarded to the Director of Public Prosecutions on 19th February, 2013 with the recommendation that the suspects be charged with the offences of Wilful failure to comply with the law relating to procurement contrary to Section 45(2)(b) as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003, abuse of office contrary to Section 46 as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003 and conspiracy to commit an offence of corruption contrary to Section 47A as read with Section 48(1) of the Anti-Corruption and Economic Crimes Act, 2003.

On 8th March, 2013, the DPP accepted the recommendation for prosecution.

EACC/GSA/PI/INQ/1/2012

Inquiry into allegations of wilful failure to comply with the law and guidelines relating to the management of public funds by the Head Teacher of Ukasi Primary School

The investigation established that procurement laws and regulations were not strictly followed by Ukasi Primary School in the procurement of textbooks and instructional materials. The procurement was done by the School's Instructional Materials Selection Committee instead of a Tender Committee as stipulated in the Public Procurement and Disposal Act, 2005. However, no loss was occasioned in the process and the goods procured were all delivered to the school. In the circumstances, it was deemed appropriate that the head teacher be admonished for allowing the school's Instructional Materials Selection Committee instead of the Tender Committee.

The file was forwarded to the Director of Public Prosecutions on 15th January, 2013 with the recommendation that the Head teacher of Ukasi Primary School be admonished and that the Ministry of Education be advised to sensitize primary school heads on the need to adhere to the procurement laws and regulations.

On 22nd February, 2013 the Director of Public Prosecutions accepted the recommendation that the Head teacher be admonished.

KACC/MSA/FI/INQ/18/2011

Inquiry into allegations of corruption against a Senior Police Officer based at Malindi was taking bribes from matatu operators arrested for committing traffic offence

The Investigations did not establish the solicitation and receiving of the benefit as alleged by the complainants. None of the complainants who were alleged to have given bribes to the said officer were willing to record statements. Investigations however established that the suspect owned a plot at Malindi and he had applied to the Municipal Council of Malindi for the approval of a building plan. However, in collusion with some Council's officials, the documents were altered to reflect a different applicant. The conduct by the Council officials of changing the official records amounted to professional misconduct. The evidence obtained did not therefore establish that the suspect corruptly solicited for and received a benefit as alleged.

The file was forwarded to the Director of Public Prosecutions on 15th January, 2013 with the recommendation that administrative action be taken against the officers of the Council involved.

On 13th March 2013, the Director of Public Prosecutions accepted the recommendations that administrative action be taken against the officers of the Council involved.

STATISTICAL SUMMARY OF FILES FORWARDED TO THE DIRECTOR OF PUBLIC PROSECUTIONS

Total No. of files forwarded to the Director of Public Prosecutions	10
No. of files recommended for prosecution	6
No. of files recommended for administrative or other action	2
No. of files recommended for closure	2
No. of files recommended for prosecution and the cases are already lodged before Court	3
No. of files where recommendation to prosecute accepted	5
No. of files where recommendation for administrative or other action accepted	2
No. of files where recommendation for closure accepted	1
No. of files returned for further investigations	2
No. of files where recommendation to prosecute not accepted	0

No. of files where recommendation for administrative or other action not accepted	0
No. of files where closure not accepted	0
No. of files awaiting Director of Public Prosecution's action	0

Dated the 6th May, 2013.

HALAKHE D. WAQO,
Secretary/Chief Executive Officer.

GAZETTE NOTICE NO. 7059

THE PHYSICAL PLANNING ACT

(Cap. 286)

COMPLETION OF PART DEVELOPMENT PLANS

(PDP Nos. R/208/2013/01, RVP/299/2013/01 and R/566/2013/01 for Proposed Sites for Law Courts at Baragoi, Wamba and Archers Post)

NOTICE is given that the above-mentioned part development plans have been completed.

The part development plans relates to land situated within Samburu County.

Copies of the part development plans have been deposited for public inspection at the offices of the District Physical Planning Officer, Maralal.

The copies so deposited are available for inspection free of charge by all persons interested at offices of District Physical Planning Officer, Maralal, between the hours of 8.00 a.m. to 5.00 p.m. Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plans may send such representations or objections in writing to be received by the District Physical Planning Officer, P.O. Box 313, Maralal, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

Dated the 2nd May, 2013.

MR/2436774
C. M. MWANGI,
for Director of Physical Planning.

GAZETTE NOTICE NO. 7060

THE PHYSICAL PLANNING ACT

(No. 6 of 1996)

COMPLETION OF PART DEVELOPMENT PLAN

(PDP Nos. RAC/KB/104/2013/01 for Proposed Site for Kenya Industrial Estates Shades)

NOTICE is given that the above-mentioned part development plan was on 3rd February, 2013, completed.

The part development plan relate to land situated within Kendu Bay Town and Oyugis Town in Rachuonyo District.

Copies of the part development plan have been deposited for public inspection at the offices of the District Physical Planning Officer, Rachuonyo District and Town Clerks, Town Council of Kendu Bay and Oyugis.

The copies so deposited are available for inspection free of charge by all persons interested at offices of District Physical Planning Officer, Rachuonyo District and Town Clerks, Town Council of Kendu Bay and Oyugis, between the hours of 8.00 a.m. to 5.00 p.m. Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plan may send such representations or objections in writing to be received by the District Physical Planning Officer, P.O. Box 256, Kosele, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

Dated the 23rd June, 2013.

MR/2436881
GEORGE NDUNGU,
for Director of Physical Planning.

GAZETTE NOTICE NO. 6716

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED RESIDENTIAL ESTATE DEVELOPMENT
IN MUTALIA, OFF KANGUNDO ROAD, MACHAKOS COUNTY,
ON PLOT L.R. NO. DONYO SABUK/ KOMAROCK BLOCK
1/20775

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Ghanima limited) intends to develop on about 41 acres; a total of 449 three bedroom residential housing units; generally in clusters of 23-50 houses, shops and a nursery school, ancillary facilities including driveways and common parking bays. Other components include a recreational area, borehole, waste water treatment plant, associated storm water drainage system and a perimeter wall with guardhouse.

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Recommended Mitigation Measures

Soil erosion and water logging	<ul style="list-style-type: none"> • Terrace, level and rip off compacted areas of the project site to reduce run-off velocity and increase infiltration of storm water into the soil. • Proper planning of site excavation works such that a section is completed and rehabilitated before another section begins. • Landscaping and construction of retention walls to control soil erosion • Surface runoff and roof water should be harvested and stored in suitable reservoir for reuse.
Vegetation Destruction	<ul style="list-style-type: none"> • Ensure proper demarcation and delineation of the project area to be affected by construction works. • Design and implement an appropriate landscaping programme to help in re-vegetation of parts of the project area after construction. • Introduction of vegetation (trees, flowers and grass) on open spaces and around the project site.
Noise pollution and excessive vibrations	<ul style="list-style-type: none"> • Comply with maximum permissible noise and vibration levels for constructions sites as per 2nd Schedule of the Environmental Management and Coordination (Noise and Excessive Vibration Pollution Control) Regulations, 2009. • Prescribe noise reduction measures appropriately e.g. restricted working hours, material transport hours and noise buffering. • Install portable barriers to shield compressors and other small stationary equipment where necessary and locate stationary noise sources as far from existing sensitive receptors as possible. • Minimize vehicle and machinery idling time by switching off engines when not in use. • Ensure use of well serviced and

maintained vehicles and equipment.

Air pollution (exhaust emissions and dust generation)

- All construction works and delivery of materials shall be carried out during the day between 8:00 AM and 5:00 PM.
- Use water sprinklers control dust.
- Vehicles and machinery should be switched off when not in use.
- Cover all trucks hauling soil, sand and other loose materials or require all trucks to maintain at least two feet of freeboard.
- Pave, apply water when necessary, or apply (non-toxic) soil stabilizers on all unpaved access roads, parking areas and staging areas at construction site.
- Use of electrically operated construction machinery to avoid externalities produced by diesel engines.

Health and safety

- Unattended public access to the construction site should be restricted.
- Roster and General Register of all construction workers should be kept within the project site.
- Warning signs should be placed in appropriate places.
- Safety education and training of the construction workers should be emphasized.
- Install proper fire management equipment and strategies.
- Security personnel should be posted on site at all times

Waste management

- Solid waste management during construction and operational phases of the project must adhere to the Environmental Management and Coordination (Waste Management) Regulations, 2006
- Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage or exposure to the elements.
- Use of building materials that have minimal packaging to avoid the generation of excessive packaging waste.
- Use of construction materials containing recycled content when possible and in accordance with accepted standards.
- Adequate collection and storage of waste on site and safe transportation to the disposal sites and disposal methods at designated area shall be provided.

Traffic along access road

- Sensitize truck drivers to avoid unnecessary road obstruction.
- Cover all trucks hauling soil, sand and other loose materials to avoid spillage and dust emissions that may interfere with smooth motoring.
- Transportation hours shall be restricted to the period between 8:30 a.m. and 3:30 p.m., Monday through Friday, unless approved otherwise.

Increased water demand

- Promote awareness on water conservation and reducing water wastage.
- Quick fixing of leaking taps, pipes and toilet cisterns.
- Install push taps.
- Minimize water use in the gardens.

Increased energy demand

- Audit energy use.

- Identify and utilize areas/equipment/systems having minimum energy consumption.
- Buy and install energy efficient equipment and use fluorescent bulbs instead of incandescent bulbs.
- Implement a programme for energy saving in the building's design.
- Other mitigation measures are outlined within this report.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Machakos County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

B. M. LANGWEN,
for Director-General,

MR/1933381 National Environment Management Authority.

GAZETTE NOTICE NO. 6717

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED THWAKE WATER SUPPLY AND SANITATION PROJECT

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Tanathi Water Services Board) is proposing a water supply to supply water to the semi-arid greater Makueni and Kitui. The project shall involve construction of an embankment dam across River Thwake to impound runoff water.

The dam wall will measure 84 metres high and its key components will include river diversion and intake works, embankment and spillway. It will cover an area of about 2,900ha spanning from the dam axis to 2-3km wide and a throwback of about 9km upstream, mainly on Thwake river basin. The catchment is estimated at about 10,276km² of about 35% arable and 65% semi-arable land. dam has been designed for full reservoir storage of 825mcm with live storage of 594mcm. The reservoir will cover an area of 2,933ha at full storage. The embankments will require about 18.4Mm³ of earth fill materials. The crest of the main dam will be 1,600m long.

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Mitigation Measures

Hydrology

- Replace vegetation cover on the buffer area and adjoining area upon project completion to reduce sediment transport.
- Provide sediment traps and/or embankments upstream to prevent excessive silt loading into the dam.
- To reduce sediments downstream during the construction phase, papyrus etc

should be planted downstream river banks to trap the silts.

- During the construction phase of the dam, river water will be diverted to allow the construction works, to support the river line life at least 30% of the river base flows should be allowed so as not to harm the existing ecosystem.
- Diversion of the main stream should be within the Riverine corridor.
- Provide collaborated watering points for the disrupted communities and animals.
- Provide flow transmission channel of adequate capacity to carry highest flows from the proposed Thwake dam.
- The dam will impound and store flood flow water that would otherwise create flooding downstream.
- The reservoir if operated optimum it will increase potential maximum power output to the national grid and hence create more power reliability.

Sediment transport

- Encourage sustainable land use in the immediate riparian areas.
- Ensure a minimum of 30m vegetated buffer zone around the dam.
- Encourage application of natural manure on farms to compensate for lost silt.
- Consider silt release valve.

Water quality

- Provide temporary silt barriers to protect water quality in the proposed dam.
- The exact locations for all pit latrines, therefore, will be established to enable smooth relocation.
- Maintain construction equipment at the highest working conditions.
- Undertake equipment servicing only at approved locations.
- Ensure high sanitation and hygiene at the construction camps at all times.
- Pit latrines will be decommissioned and the earth scooped for safe disposal at pre-agreed sites.
- Identify specific point sources of water pollution (cattle pens, market centers, agro-chemical use points, etc.) for isolation and management.
- Institute a broad water quality monitoring system to focus on the catchment sources, incoming flows, entire dam and water downstream of the dam location.
- All identifiable graves falling within areas to be inundated will require decommissioning and relocating to prevent contamination of water.
- The exercise will be undertaken in full observance of traditional rites as well as the wishes of the affected families.
- Proliferation of aquatic macro-fauna could be encouraged along the periphery of the dam to ensure natural aeration of the water.
- Allow for buffer zone around the dam and limited proliferation of planktons for enhanced aeration.
- All vegetation materials (live and dead) at the dam site shall be cleared and removed before the area is excavated

	and inundated.		to facilitate fish movement.
	<ul style="list-style-type: none"> Control soil erosion from the catchments and the immediate agricultural land (consider additional sand traps and supporting farmers on sustainable land use practices). Provide silt release system for downstream productivity (This will be effective through activation of silt washout valve). 	Topography	<ul style="list-style-type: none"> Consider crossing zones at the tail waters and across the outfall into the proposed dam. The construction works should incorporate landscaping component. Maintain vegetated landscape as is the existing with other dams in the cascade. The dam surroundings should be made safe and attractive for tourists.
Water loss	<ul style="list-style-type: none"> Provide temporary lined channels for transmission of river flows during construction to prevent losses. Ensure water abstracted for construction will be just enough. Geological profiles throughout the area proposed for inundation should be continuously monitored and areas of weaknesses strengthened. Sub-surface water infiltration trends on affected areas should be monitored over a period of time with respect to effects on houses and other structures. Indigenous trees and shrubs that have low water dissipation capacity should be encouraged around the dam buffer zone to minimize loss of water through evapo-transpiration processes. Introduce economic and financial initiatives towards water saving and responsible utilization by approved abstractions. 	Material sites	<ul style="list-style-type: none"> All materials sites should be approved before use. All materials sites should be rehabilitated upon completion of the works. Adhere to laid down regulations at all times during materials extraction. Abide by the principles of CSR on social utilities during construction.
Ecological issues	<ul style="list-style-type: none"> Collaborated initiatives for compensation of vegetation removed by planting a similar volume of vegetation through community groups, i.e. local indigenous plant species. Estimated volume of biomass to be established for the compensation. Initiate a dedicated tree nursery of indigenous plants for replanting. Reintroduction of disrupted species such as fish. Dam slope stabilization to facilitate aquatic animals' free movement. Sensitize the riparian communities on invasive plants to be avoided. Early removal of the alien species through mechanical/physical means as soon they are noted. Monitoring water quality with respect to nutrient accumulation would be necessary. Develop and maintain a database of animal and plant species found in the dam area as a basis for conservation and monitoring of newly introduced species in the future. Have an ecologist to oversee monitoring and management of ecological changes around the dam ecosystem, in liaison with KWS. Liaise with Kenya Wildlife Service in monitoring the new habitats and characteristics of the wildlife migrating into the dam area. Establish community interests and values in the evolving ecological setting and enhance economic benefits from the same. Consider fish ladders or by-pass channel 	Social and economic aspects	<ul style="list-style-type: none"> Sensitize landowners on necessary land use changes for dam protection. Undertake a comprehensive land acquisition and resettlement action plan (LAP & RAP) as a basis for compensations. Compensate appropriately any land acquired for the main dam, buffer zones, water treatment plant, sand traps, the pipelines and storage tanks. Include HIV/AIDS campaigns in dam construction activities. Ensure the provision of condoms, voluntary status testing and use of ARVs. Advise communities on ways and means to develop alternative grazing sites and compensate the farmers for the crops affected. Facilitate farmers to access capital. Where possible, facilitate community-owned and managed wildlife enterprise initiatives in collaboration with KWS. Use of a moat around irrigated crop fields to minimize hippo incursions into crop fields. Initiate collaborations with the communities and the wildlife authorities on wildlife conflict management. Enhance cultural preservation through CSR initiatives.
The full report of the proposed project is available for inspection during working hours at:			
(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.			
(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.			
(c) County Director of Environment, Makueni County.			
The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.			
B. M. LANGWEN, for Director-General, National Environment Management Authority.

GAZETTE NOTICE NO. 6718			

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED DEVELOPMENT OF REFUELING
TERMINAL AT WILSON AIRPORT (NAIROBI)

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Gulf Energy Limited) intends establish a refueling hydrant terminal at Wilson Airport. This will involve the construction of operations offices, installation of fuel storage tanks, parking area for fuel bowzers, safety equipment and auxiliary civil works.

The following are the anticipated impacts and proposed mitigation measures:

Environmental Impacts Mitigation Measures

Construction Materials Sourcing	<ul style="list-style-type: none"> Source building materials from suppliers who use environmentally friendly processes in their operations. Ensure accurate budgeting and estimation of actual construction material requirements to ensure low wastage. Apply recyclable materials to the extent possible.
Disruption of Ecosystem	<ul style="list-style-type: none"> Specify locations for trailers and equipment, and areas of the site which should be kept free of traffic, equipment, and storage. Design and implement an appropriate landscaping programme to help in re-vegetation of part of the site after construction.
Surface drainage	<ul style="list-style-type: none"> Development storm water management plan for the site (piping systems or retention ponds or tanks) for implementation after the building is complete. Provide oil interception and grit traps to all drainage during the construction. Oil spill areas (pump locations, service bays, and stores) should be budded to prevent runoff pollution.
Solid waste management	<ul style="list-style-type: none"> Ensure only optimum material usage to avoid wastage and resource sustainability. Use of durable materials that will not need to be replaced as often, thereby reducing the amount of construction waste generated over time. Use construction materials containing recycled content when possible and in accordance with accepted standards. Provide reusable materials such as cartons, cement bags, empty metal and plastic containers for recycling. Dispose waste more responsibly by dumping at designated dumping sites or landfills only the use of a registered waste disposal company is encouraged. Removal of existing solid wastes on the site including papers, plastics, metallic wastes, fabrics, etc. to approved public dumping area. Removal of hazardous materials (e-wastes, wastes from passenger processing) to designated areas approved by KAA.

Dust and gaseous emissions	<ul style="list-style-type: none"> Dispose of excavated earth safely considering it could be contaminated. Avoid dusty excavation works to the extent possible, especially during the dry weather. Ensure construction equipment emits minimal emissions. Sensitize truck drivers to avoid unnecessary revving vehicle engines and switch off vehicle engines. Ensure proper planning of transportation of materials. Sprinkle water on dry materials to prevent dust emissions.
Effluent emissions	<ul style="list-style-type: none"> Provide means for handling sewage generated by construction workers. Conduct regular checks for sewage pipe blockages or damages since such vices can lead to release of the effluent into the land and water bodies during construction. Monitor effluent quality regularly to ensure that the stipulated discharge rules and standards are not violated.
Noise pollution	<ul style="list-style-type: none"> Sensitize construction vehicle drivers and machinery operators to switch off engines of vehicles or machinery not being used. Sensitize construction drivers to avoid gunning of vehicle engines or hooting especially when passing through sensitive areas. Ensure that construction machinery is kept in good condition to reduce noise generation. Ensure that all power generators and heavy duty equipment are kept in noise proof housing to minimize effects of their noise levels.
Energy resources and use	<ul style="list-style-type: none"> Ensure electrical equipment, appliances and lights are switched off when not being used. Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts. Monitor energy use during construction and set targets for reduction of energy use.
Water resources and use	<ul style="list-style-type: none"> Ensure quantification of construction water. Ensure no wastes are discharged into open drainage systems. Provide drainage outfalls with oil interceptors and grit traps.
Violation of rules and regulations	<ul style="list-style-type: none"> Ensure that all building plans are approved by the Local Authority and the local Occupational Health and Safety Office. Registration of the premises under the Factories and Other Places of Work Act Cap514, Laws of Kenya is mandatory. A general register should be kept within the facility as stipulated in Sec 62 (1) of the Factories and Other Places of Work Act.
Occupational health and safety catastrophes	<ul style="list-style-type: none"> The abstract of the Factories and Other Places of Work Act must be displayed at prominent places within the site. Ensure that provisions for reporting incidents, accidents and dangerous occurrences during construction using

prescribed forms obtainable from the local Occupational Health and Safety Office are in place.

- Ensure that the premises are insured as per statutory requirements (third party and workman's compensation).
- Develop, document and display prominently an appropriate policy for construction works.
- Provisions must be put in place for the formation of a Health and Safety Committee (with appropriate representation) during the construction.
- Ensure that machinery, equipment, personal protective equipment, appliances and hand tools used in construction do comply with the prescribed safety and health standards and be appropriately installed maintained and safeguarded.
- All machines and other moving parts of equipment must be safe to the workers from injury.
- Train and supervise workers safety of machinery use and other procedures/operations.
- Equipment e.g. fire extinguishers must be examined by authorized persons.
- Ensure that materials are stored or stacked in such manner as to ensure their stability and prevent any fall or collapse.
- Ensure that items are not stored/stacked against weak walls and partitions.
- Design suitable documented emergency preparedness and evacuation procedures to be used during any emergency.
- Ensure that adequate provisions are in place to immediately stop any operations where there is an imminent and serious danger to health and safety and to evacuate workers.
- Ensure that the most current emergency telephone numbers posters are prominently and strategically displayed within the construction site.
- Well stocked first aid box which is easily available and accessible should be provided within the premises at all times during construction.
- Provision must be made for persons to be trained in first aid, with a certificate issued by a recognized body.
- Firefighting equipment such as fire extinguishers and hydrant systems should be provided at strategic locations such as stores and construction areas.
- Regular inspection and servicing of the equipment must be undertaken by a reputable service provider and records of such inspections maintained.
- Hazard-warning signs "NO SMOKING", "SWITCH OFF ENGINE", "SWITCH OFF MOBILE PHONE" at different strategic places at the proposed station.
- Ensure that workers at the excavation sites and other dusty sites are adequately protected from inhalation of substantial quantities of dust through provision of suitable protective gear.
- Provide workers in areas with elevated noise and vibration levels, with suitable ear protection equipment such as ear muffs.

Pollution

Sanitary

Impaired Ventilation and Electricity

- Suitable overalls, safety footwear, dust masks, gas masks, respirators, gloves, ear protection equipment etc should be made available and construction personnel must be trained to use the equipment.
- Ensure that construction workers are provided with an adequate supply of wholesome drinking water which should be maintained at suitable and accessible points.
- Ensure that conveniently accessible, clean, orderly, adequate and suitable washing facilities are provided and maintained in within the construction site.
- All work places must be kept in a clean state, and free from effluvia arising from any drain, sanitary convenience or nuisance during construction.
- Enough space must be provided within the premises to allow for adequate natural ventilation through circulation of fresh air.
- There must be adequate provision for artificial or natural lighting in all parts the premises in which persons are working or passing.
- Circuits must not be overloaded.
- Distribution board switches must be clearly marked to indicate respective circuits and pumps.
- There should be no live exposed connections.
- Electrical fittings near all potential sources of ignition should be flame proof.
- All electrical equipment must be earthed.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Nairobi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

B. M. LANGWEN,
for Director-General,

National Environment Management Authority.

GAZETTE NOTICE NO. 6719

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED DEVELOPMENT OF CORDISONS LAMU WIND POWER PROJECT IN LAMU COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Cordisons International (K) Ltd) intends to develop a wind power project with an expected output of 300 MW in Lamu.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Proposed Mitigation Measures
Archeology and cultural heritage	<ul style="list-style-type: none"> Consider engaging an archeologist during the construction phase to monitor excavated areas for potential archeological finds around each wind turbine location.
Terrestrial Ecology	<ul style="list-style-type: none"> Where possible avoid destruction of trees. Use dust suppression methods such as watering down excavated areas during dry periods to avoid dust generation impacts on ecology. Livestock and wild herbivores should be allowed to graze/browse over most of the landscape to sustain dispersal and spatial recruitment of plant species. Micro-siting of the turbines should be done away from riverine areas. No construction activities shall occur within a radius of 500m from priority plant species such as <i>OsyrisLanceolata</i> trees.
Surface water and ground water	<ul style="list-style-type: none"> Stockpiles of excavated soil should be banded to prevent erosion and sedimentation which would lead to silt laden run-off. Silt laden run-off should be directed to settlement/silt ponds to remove suspended solids prior to discharge to nearby watercourses. Any on site refueling operations of construction plant and equipment will be maintained in a good state of repair with minimal leaks. Storage of hydrocarbons and chemicals on site shall be in banded areas to prevent surface water and groundwater contamination.
Noise	<ul style="list-style-type: none"> The proponent to ensure that all construction and operational phase activities comply with the requirements of the Environment Management and Coordination (Noise and excessive vibration pollution) Regulations 2009). Ensure that a 500m buffer zone is maintained between a wind turbine and the nearest household.
Ornithology	<ul style="list-style-type: none"> Critical devices such as the rotor, generator, gear box and cooling system should be equipped with protection systems to ensure safe and proper shutdown of equipment in sensitive periods and avoid bird collisions. Tree clearing (bird habitats) should be minimized by siting access tracks to the wind turbines away from the natural habitats such as woodlands. Tree clearing should be completed prior to or after the core bird breeding season for woodland and grassland birds. Ensure that good site practices (Waste disposal of litter, dust control, stabilization of disturbed areas, etc) and procedures are used to reduce.

Socio-economic

- Give priority to youths from the area in jobs to be created during the construction and operational phase of the project.
- Endeavour to use locally available construction materials and suppliers for the project construction activities.
- Engage the local community and acquire approval from relevant lead agencies prior to upgrading existing E407 road and new access tracks to each wind turbine.
- Provide prudent advice to the community trust fund on types of projects community should engage to uplift their livelihood.

Transport

- Ensure that all wind turbines components are transported in accordance with axle load limits.
- Ensure that relevant lead agencies and Kenya police are involved for the safe transportation of abnormal loads from Mombasa to the project site.
- All construction related plant and equipment should adhere to stipulated speed limits during the construction and operational phases respectively.

Visual impact

- Maintain uniform size and design of wind turbines (hub height, rotor diameters, etc)
- Paint turbines a uniform, matt non-reflective color while observing air navigation marking regulations.

Shadow flicker

- Ensure that shadow flicker does not exceed international guidelines of either 30 hours per year or 30 minutes a day at the households within the project footprint area.

Health and Safety

- Proponent to comply with the OSHA, 2007 and relevant subsidiary legislation throughout the construction and operational phase of the project.
- Contractor to undertake appropriate health and safety risk assessments and produce a safety method statement for the construction of the project.
- Provide health and safety induction and ongoing refresher training during the construction phase of the project.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Lamu County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

B. M. LANGWEN,
for Director-General,

MR/2436736

National Environment Management Authority.

GAZETTE NOTICE NO. 7061

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY
ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED TRUCK PARKING AND FUELLING
FACILITY AT LR KILIFI/KAWALA A/KADZONZO/36,
MARIAKANI, KILIFI COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed construction.

The Proponent (East Africa Transport Logistics Ltd) of the proposed project is proposing to establish a Truck Parking and Fuelling Facility in Mariakani, Kilifi County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Environmental Impact</i>	<i>Mitigation Measures</i>
-----------------------------	----------------------------

Dust emission during construction	<ul style="list-style-type: none"> • Sprinkling water to areas under construction during clearing, leveling and excavation including access earth roads to the site. • Covers shall be placed over the transport trucks to limit airborne dust. • Top soil during leveling shall be reused as much as possible as land fill in lower areas to avoid shuttling out for disposal. • Temporary hoarding fence to secure the construction area shall be high enough to act as a wind breaker. • Appropriate PPE to limit impact of dust inhalation shall be provided to workers.
Noise emission from works	<ul style="list-style-type: none"> • Trucks and construction equipment shall be maintained well to reduce noise. • Trucks over revving and unnecessary hooting shall be prohibited. • Appropriate PPE to limit impacts of noise shall be provided to workers. • Construction work shall be limited to day time only from 7am to 6 p.m.
Soil and geological disturbance	<ul style="list-style-type: none"> • Limit construction activities to actual project area of the site. • A proper plan shall be made on specific areas for material storage and handling, vehicle movements and other activities such as site offices to limit vegetation space overuse. • Landscaping and replacement vegetation such as planting trees and grass to compensate for any loss in vegetation in open unutilized spaces and round the internal boundary of the perimeter wall fence.
Surface drain contamination and blockage	<ul style="list-style-type: none"> • Proper drainage systems shall be constructed to avoid water flooding in the site. • Abatement traps to stop loose top soil/debris being washed away into the drainage. • Compacting shall be done as fast as possible to limit loose soil surfaces.
Excessive use of water	<ul style="list-style-type: none"> • Drill a water borehole for water supply for all phases of the proposed project.

Solid waste

- Proper material requirements shall be made to limit unused materials on site.
- Good material storage shall be provided to limit material damages.
- Adequate waste bins shall be provided throughout the construction phase for contained disposal of solid waste at designated locations.
- Segregation of waste shall be done to assist in recycling/reuse where possible.
- Unusable solid waste shall be disposed of in approved.

Fuel spillage

- The fuel storage tanks and piping shall be built according to approved industry and safety standards that include appropriate design wall specification and surface corrosion resistance to prevent occurrence of failure.
- Secondary containment systems with fail proof walls adequate enough to contain full capacity of storage tank fuel volume shall be constructed round the storage tank.
- Appropriate compartments shall be incorporated in the storage tank design as possible to isolate possible failure zones.
- Leak detectors shall be installed to detect the presence of any fuel leaks.
- Overfill level detectors shall be installed to prevent spillage.

Fuel spill and fire hazard

- Fuel handling equipment such as storage tanks and pipes shall be fully drained of any residual fuel before dismantling to prevent spillages.
- Use of oxy-acetylene gas nozzle cutting in fuel handling pipe-work shall be avoided in favor of opening of bolted/threaded joints to avoid igniting residual fuel deposits.
- Human activity shall be controlled to prevent ignition by human agents such as cigarette smoking.
- Firefighting equipment shall be on standby throughout this exercise.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Permanent Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
- (c) County Director of Environment, Kilifi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette*, *Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
