4. CPSB intends to carry out more training for promotion and protection of values and principles that guide public officers. This will be done immediately after the inauguration of Chief Officers.

*Recruitment and Selection**Chief Officers*

- The board did pre-selection and shortlisting. The advertisement for the shortlisted candidates was published in the local dailies. (Nation and Standard newspapers) on the 25th October, 2013.

Interviews were carried out and 30 selected officers' names were forwarded to H.E the Governor for appointment of ten (10).

(This is in-progress.)

*County Policing Authority members*

- The Interim County Secretary advertised locally for the vacancy, the board received the application, shortlisted and interviewed.

(The process was halted pending advice from the national government)

*Heads of Departments and County Secretary*

- The advertisement was done on 25th of October, 2013 in the Standard and Nation newspapers.
- The shortlisting for County secretary and Heads of Department was done and the names were advertised on 26th of November, 2013 in the Standard and Star newspapers.
- During shortlisting the board placed candidates into any other position that they qualified for. This was prompted by the fact that some positions attracted less or no candidates. This resulted in an applicant appearing in more than one position despite not having applied for the same.
- The interviews commenced on 9th of December, 2013 to 9th January, 2014.

(The interviews will continue in January 2014)

*Health Personnel and Others*

- Health department gave an indent for recruitment of health personnel and support staff. The advertisement was done locally by pasting on notice boards. Shortlisting is on-going and interviews will be scheduled for 2014.

*Re-advertisement of Vacancies*

- The positions of Legal Advisor job group Q and Chief Supply Chain Management Officer was re-advertised in the daily newspapers on the 26th November, 2013. Shortlisting is complete and interviews will be done on the 10th January, 2014.

## CHALLENGES

- *Office space*

The Board is currently being housed in the Governors Offices where office space is proving to be a challenge. The Board members are sharing one big office space as an open office.

- *Budget*

The Board doesn't have a budget and since its inauguration, it has been operating within the Governor's office budget vote. For this reason it cannot determine its actual expenditure.

The Board thus requests to have its own budget in the next financial year.

- *Motor Vehicle*

The Board does not have a vehicle allocated to it. This has made operationalization of its mandate a challenge.

- *Casuals*

The board is mandated with human resource management where employing of staff is on permanent and contract basis. Casual employees are not covered and thus the board is grappling with what and how to handle their redeployment.

- *Former Local Authority personnel harmonization*

The County Government transited with 83 staff members from the defunct local authorities who are yet to be absorbed into the county government through harmonization. A Human Resource Audit will be carried out 20th-24th January 2014 to ascertain their qualifications. The harmonization process will be on the scheme of service and salaries-where the same job group attracted a higher pay in the local authorities and a lower pay in the county scheme of service.

#### RECOMMENDATIONS

- The Board requires its own premises since it is an independent body in the county government. This will also allow for employment of its own secretariat. Construction of its own offices should be factored in the budget for 2014-2015.
- The Board to have a sub vote allocation for the remaining six months of 2013-2014 financial year. The board to have its own budget fully from 2014-2015 onwards.
- The Board urgently requires vehicles for its mobility when carrying out its duties. This should be factored immediately.
- The Board is in the process of employing new staff. Staff inherited from the defunct local authorities will undergo HR audit in January 2014 and this will inform their deployment. Those on casual terms will also be audited for appropriate deployment and harmonization of staff.
- The Board's mandate on training is critical; hence the need to have adequate budgetary provisions.

CAROLINE CHEPTOO,  
*Secretary.*

This report therefore dwells on this one particular function of the board.

#### Promotion of the National values and Principles of Governance and of Public Service (Article 10 and 232 of the Kenya Constitution 2010).

The Nakuru County Public Service Board was constituted on 28th May 2013 and since then; it has been able to achieve the following as far as the above is concerned.

- (a) The board visited all the eleven Sub-Counties and educated the employees on the requirement of always being bound by the national values and principles of governance and of public service when they:

- (a) Apply or interpret the constitution.  
 (b) Apply or interpret any law.  
 (c) Implement public policy decisions.
- (b) The board clearly explained to the employees what the national values and principles of governance are and the importance of adhering to them.
2. During the recruitment of the County Chief Officers, the board upheld to the letter the National Values and Principles of Governance and Public Service;
- By observing high standards of professional ethics.
  - By using fair competition and merit as the basis of recommendation for appointments.
  - The recommendations for appointments represented the diverse communities in the county.
  - Men and women as well Persons with Disabilities were given equal opportunities.
  - In order to be accountable, transparent as well as provide accurate information to the members of the public, the board advertised the positions of County Chiefs Officers in three local dailies. The same was done while communicating to the shortlisted candidates.
  - The board recently advertised positions of County Directors, Sub County, Deputy Sub County and one County Executive position which were advertised in two local dailies in order to achieve the same objectives of accountability, transparency and provision of accurate information.
3. As much as possible the board has also attempted to do the following:
- To utilize the available resources economically, efficiently and effectively. For instance, with very limited office space the board has been able to carry out its functions and has achieved the desired results to a large extent.
  - The board has to a large extent been prompt and impartial in providing services to the public. For example in responding to both written and oral inquiries from both the staff and the members of the public, information is readily availed to them in the shortest time.

#### Upcoming Programs

The board intends to undertake the following programs (see table below) towards the promotion of the national values and principles of governance and the public service.

#### Challenges or Impediments in the Promotion of the National Values and Principles of Governance and Public Service.

In the performance of its function of promotion of national values and principles of governance and of public service, the board has experienced challenges which include the following:

- (a) Lack of resources for instance, to date the board has not been accommodated with any office space and does not have sufficient transport facilities.
- (b) Lethargy among the staff as well as resistance to change. Most employees are comfortable with the status quo and assume business as usual attitude. During the reorganization process, there were many complaints when the staff were deployed from their usual working stations to other areas.
- (c) The promotion of national values and principles of governance and public service is a constitutional requirement. However it was a challenge fulfilling the requirements due to the following reasons:

- (a) Many applicants from either gender did not qualify for the positions applied for.
- (b) It is not easy to distinguish members of the minorities and marginalized ethnic communities from the rest of the communities. Since most of them do not identify themselves in their applications. Applicants from non-minority communities quite often identify themselves with the minority communities. For instance it is difficult to identify the genuine Ogiek.
- (c) Many Persons with disabilities do not identify themselves in their applications and most of them do not usually apply for the jobs and those who apply many of them do not usually meet the required qualifications.

#### Recommendations

The board recommends the following that should be applied in order to make the national values and principles of governance and of public service be adhered to and assist in having an efficient and effective County Public Service.

- (d) The County Government and all its entities should be fully involved in the promotion, evaluation and enforcement compliance.
- (e) The Board should quickly be facilitated with the necessary requirements in order to effectively and efficiently undertake its role in the promotion, evaluation and enforcement of compliance
- (f) The board should continuously engage in civic education in order to enlighten the Persons with Disabilities and those from minority communities in as far as job applications and other services are concerned.

#### Conclusions

The Board would wish to conclude by assuring the County Government that it is committed to ensuring that the National Values and Principles of Governance and of Public Service are adhered to through all the County Public Servants as they undertake their duties by: -

- (g) Undertaking a vigorous campaign to promote them among the public officers and the general public.
- (h) Formulating effective measures to promote the values and principles.
- (i) Formulating and implementing programs intended to inculcate in the county public officers the duty to uphold the values and principles.
- (j) Advising the County Government on its obligation under international treaties and conventions on good governance in the County Public Service.
- (k) Visiting any county public office or body with a view to assessing and inspecting the status of compliance with the values and principles.
- (l) Prompt investigation of any violation of values and principles and recommending to the relevant authorities for the necessary action to be taken.
- (m) Cooperating with other institutions working in the field of good governance in the Public Service.

- (n) Performing any other functions that they consider necessary for promotion and compliance.
