JIMMY KAHINDI KADHUA,
Speaker, County Assembly of Kilifi.

GAZETTE NOTICE NO. 114

THE NATIONAL POLICE SERVICE ACT

(No. 11A of 2011)

IN EXERCISE of the powers conferred by section 41(8) of the National Police Service Act, 2011, the Chairperson of the Council of Governors in consultation with Cabinet Secretary issues the following Guidelines:

NATIONAL POLICE SERVICE GUIDELINES ON THE
RECRUITMENT AND REMOVAL OF THE MEMBERS OF THE
COUNTY POLICING AUTHORITY, 2014

1. These Guidelines may be cited as the National Police Service Guidelines on the Recruitment and Removal of the members of the County Policing Authority, 2014.

2. In these Regulations, unless the context otherwise requires—

"Act" means the National Police Service Act, 2011;

"Authority" means the County Policing Authority established under section 41(1) of the Act;

"Cabinet Secretary" means the Cabinet Secretary for the time being responsible for matters relating to the Service.

3. These Guidelines provides for the procedure on nomination, appointment, removal from office, vacancy of office and filling of vacancy of members of the Authority.

4 (1) Within fourteen days upon the coming into operation of this Guidelines or on the occurrence of a vacancy, each Governor shall through their respective county public service board write to the head of the respective organizations specified under section 41 (1) (b) (c) (d) and (e) requiring the names of the person to be appointed as the ex-officio members of the Authority.

(2) Without prejudice to the generality of the provisions of paragraph (1), the Governor and the county public service board shall write to—

- (a) the Director-General, National Intelligence Service to nominate a representative;
- (b) the Inspector-General to nominate the head of the Kenya Police Service, the head of the Administration Police Service and the head Directorate of Criminal Investigation,
- (c) the Clerk, County Assembly to nominate a representative; and
- (d) the chairperson of the County Security Committee.

5. The members of Authority specified under section 41 (1) (f) shall subject to the provisions of section 41 (2), (3) (4) and (5) be competitively recruited in collaboration with the respective county public service board in the manner provided under these Guidelines

6. (1) The county public service board shall, within fourteen days on the coming into operation of these Guidelines or on the occurrence of a vacancy, advertise in at least one national or county newspaper of wide circulation within the county, requesting for qualified persons to be nominated from the organizations listed under section 41 (1) (f).

(2) The county public service board shall, within fourteen days of receipt of the application under paragraph (1)—

- (a) shortlist qualified persons;
- (b) interview; and
- (c) submit a list of qualified persons to the Governor for appointment.

(3) In considering the nominees identified by the organizations specified under section 41 (1) (f), the county public service board shall require the organizations to produce—

- (a) signed minutes as evidence of an accountable process of nomination;
- (b) evidence of compliance with any statutory obligations; and
- (c) vetting form to establish that the nominee has complied with the prescribed criteria for appointment.

(4) The Governor shall, where he approves the names submitted to him by county public service board under paragraph (2), within two days of receipt of the names of the successful applicants, forward the names of the successful persons to the County Security Committee and subsequent thereto, the county assembly for approval, in accordance with the provisions of section 41(3).

(5) The county assembly shall, within seven days of the day it next sits after receipt of the names of the applicants under paragraph (4), vet and consider all the applicants, and may approve or reject any or all of them.

(6) Where the county assembly approves the applicants, the Speaker of the county assembly shall forward the names of the approved nominees to the Governor for appointment.

(7) The Governor shall, within seven days of receipt of the approved nominees from the county assembly, by notice in the *Gazette*, appoint the members under section 41 (f)

(8) Where the county assembly rejects any nomination, the Speaker of the county assembly shall within three days communicate its decision to the Governor and request the Governor to submit fresh nominations.

(9) Where a nominee is rejected by the county assembly under paragraph (8), the Governor shall within seven days, submit to the county assembly a fresh nomination from amongst the persons shortlisted and forwarded by the county public service board under paragraph (2).

(10) If the county assembly rejects any or all of the subsequent nominees submitted by the Governor for approval the provisions of paragraphs (1) to (4) shall apply.

(11) In the appointment of the members of the Authority referred to in section 41(1)(f), the Governor and county public service board

shall uphold the principles and values in the Constitution and the provisions of section 41 (4) and 41 (5) of the Act.

7. (1) a person is qualified for appointment as member of the Authority under section 41 (1)(f) if that person—

- (a) is a citizen of Kenya;
- (b) satisfies the requirements of Chapter Six of the Constitution;
- (c) is a resident, conducts business or is employed in the county for a continuous period of not less than three years;

(2) A person shall not be qualified for appointment as a member of the Authority under section 41 (1) (f), if that person—

- (a) is an undischarged bankrupt;
- (b) has been removed from office for contravening the Constitution or any other law;
- (c) is not a citizen of Kenya; or
- (d) has in the conduct of his or her affairs not met any statutory obligation;

8. The Chairperson and members of the Authority shall on being gazette subscribe to an oath of set out in the Schedule.

9. (1) The office of a member of the Authority shall become vacant if the holder—

- (a) dies;
- (b) resigns from office by a notice in writing addressed to the chairperson; or
- (c) is removed from office in accordance with these Regulations.

(2) Where a vacancy occurs in the membership of the Authority, the Governor shall appoint a replacement in accordance with guideline 5 or 6.

10. A member of the Authority appointed pursuant to these Guidelines, may be removed from office for—

- (a) inability to perform the functions of office arising from mental or physical incapacity;
- (b) violation of the Constitution;
- (c) bankruptcy;
- (d) incompetence;
- (e) convicted of a felony and sentenced to imprisonment for a term exceeding six months;
- (f) gross misconduct or misbehavior; or
- (g) any other justifiable cause or upon an order of a court of competent jurisdiction.

11. (1) A person desiring the removal of a member of the Authority, other than the chairperson, on any of the grounds specified in guideline 10 may present a petition to the Governor setting out the alleged facts constituting that ground.

(2) The Governor shall, subject to Article 47 of the Constitution, consider the petition, and, if he is satisfied that it discloses a ground under guideline 10 —

- (a) investigate the matter expeditiously;
- (b) consider the facts or any evidence arising out of the investigation under paragraph (a).

(3) Where the Governor is satisfied that the allegation is based on facts, he shall exercise his powers to remove him from the membership of Authority.

(4) If the Governor finds that the allegation made is frivolous and has no merit he shall dismiss the allegation and inform the member his grounds of dismissal.

(5) Where the member is dissatisfied with the decision of the Governor he may apply for review of the decision by the Cabinet Secretary.

(6) On receipt of the request for review under paragraph (5), the Cabinet Secretary shall notify the member in writing of the petition to remove him and shall provide the member with an adequate opportunity to defend himself.

(7) The Cabinet Secretary may vary or affirm the decision of the Governor and shall notify the Governor and member of his decision in writing.

(8) Where the member is removed from the membership of the Authority under this guideline the vacancy shall be filled in the manner set out in these Guidelines.

SCHEDULE (g.8)

Oath of office

Ihaving been appointed been appointed (the Chairperson/Vice Chairperson/ a member) of the Authority, do solemnly (swear/declare and affirm) that I will at all times obey, respect and uphold the constitution of Kenya and all other laws of the Republic; that I will faithfully and fully, impartially and to best of my ability, discharge that trust and perform the function and exercise the powers devolving upon me by virtue of this appointment without fear, favour, bias, affection, ill-will or prejudice. (SO HELP ME GOD).

Sworn/declared by the said

Before me this day of

REGISTRAR OF THE HIGH COURT.

(In the presence of the Governor).

ISAAC RUTO,
Chairman, Council of Governors.

GAZETTE NOTICE NO. 145

THE LAND REGISTRATION ACT

(No. 3 of 2012)

REGISTRATION OF INSTRUMENT

WHEREAS Norman Gachunu Kabururi (deceased), of Nairobi in the Republic of Kenya, is registered as proprietor of that piece of land known as Dagoretti/Waithaka/820, situate in the district of Nairobi, and whereas the High Court at Nairobi in succession cause No. H.C./R.M. 2128 of 2005 has issued grant of letters of administration and certificate of confirmation to Frasier Wanjiku Gachunu, and whereas the said Frasier Wanjiku Gachunu has presented an application to be registered as proprietor by transmission R.L. 19 in respect of the said piece of land, and whereas the land title deed is lost, notice is given that after the expiration of sixty (60) days from the date hereof, provided no valid objection has been received within that period, I intend to dispense with the production of the said land title deed and proceed with the registration of the application to be registered as proprietor by transmission of R.L. 19 in favour of Frasier Wanjiku Gachunu, and upon such registration the land title deed issued earlier to the said Norman Gachunu Kabururi (deceased), shall be deemed to be cancelled and of no effect.

Dated the 9th January, 2015.

MR/6724209

B. K. LEITCH,
Land Registrar, Nairobi.

GAZETTE NOTICE NO. 146

THE LAND REGISTRATION ACT

(No. 3 of 2012)

REGISTRATION OF INSTRUMENT

WHEREAS Peter Mukuri Munoru (ID/23081373), of Nyandarua in the Republic of Kenya, is registered as proprietor of that piece of land known as Nyandarua/Njabini/3839, situate in the district of Nyandarua, and whereas Harrison Mbugua Kago (ID/11446564) was the previous owner of Parcel No. Nyandarua/Njabini/3839, and whereas the High Court at Nairobi in succession cause No. 2542 of 2010, has ordered that the said sale was contrary to the law and has further ordered that the said piece of land revert to (1) Margaret Mbithe Njoroge and (2) Peter Njonge Njoroge, as administrators of the estate of Teresia Njambi Njoroge (deceased), and whereas all efforts made to recover the land title deed issued by the land registrar for cancellation have failed, notice is given that after the expiration of thirty (30) days from the date hereof, provided no valid objection has been received within that period, I intend to dispense with the production of the said land title deed and proceed with the registration of instrument of court order and register both (1) Margaret Mbithe Njoroge and (2) Peter Njonge Njoroge, as the administrators of the estate of Teresia Njambi Njoroge (deceased), and upon such registration the land title deed issued earlier to the said Peter Mukuri Munoru, shall be deemed to be cancelled and of no effect.

Dated the 9th January, 2015.

In pursuance of the transitional provisions contained in Section 162 (2) of the Land Act and section 6 (2) of the Land Acquisition Act (Cap 295-repealed), the National Land Commission gives notice that the Government intends to acquire the following parcels of land for the Kenya Railways Corporation (KRC) for the construction of the Mombasa – Nairobi Standard Gauge Railway in Mombasa and Kwale Counties.

Plans for the affected land may be inspected during office hours at the office of the National Land Commission, Ardhi House, 3rd Floor, Room 305, 1st Ngong Avenue Nairobi, and at Lands Offices in Mombasa and Kwale.

Dated the 7th January, 2015.

MUHAMMAD A. SWAZURI,
MR/6724378
Chairman, National Land Commission.

COUNTY GOVERNMENT OF MAKUENI

EXECUTIVE ORDER 2014

SUSPENSION OF COMMERCIAL HARVESTING OF SAND
IN MAKUENI COUNTY

UNDER and by virtue of the authority vested in me as the Governor of Makeni County by the Constitution of Kenya 2010 and the County Governments Act I hereby state as hereunder.

THAT the harvesting of sand for commercial purposes within Makeni County is hereby suspended indefinitely and Pursuant to the Provisions of Section 69(1) of the Constitution as read with the Schedule 4 of the Constitution and Sections 30 and 31 of the County

Governments Act, until a substantive legislation is passed to regulate the process

THAT there is imposed a penalty of Kshs. 100,000.00 on any person found to be harvesting and transporting sand for commercial purposes during the suspension period

THAT the process of formulating has already begun and after a series of meetings have constituted a task force to investigate the issue and come up with recommendations on the way forward.

THAT this executive order is informed by the following grounds:

1. That wanton and unregulated harvesting of sand has resulted in gross environmental degradation resulting in severe water shortage and reduced agricultural productivity;
2. That lack of regulation within the sand industry has led to grave social ills such as family break-ups, child labour, school drop-outs and spread of sexually transmitted diseases among others;
3. That local communities have been exploited by being paid negligible compensation for their labour, road access and resources

Issued under my Hand

Dated the 1st December, 2014.

KIVUTHA KIBWANA,
Governor, Makeni County.

GAZETTE NOTICE NO. 9094

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITYENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED UPGRADING OF MARICH PASS
LODWAR ROAD AT TURKANA COUNTY

PURSUANT to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent (Kenya National Highways Authority) proposes to upgrade the Marich Pass – Lodwar road, totaling 197.89 Km.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impact</i>	<i>Mitigation Measures</i>
Air pollution	<ul style="list-style-type: none"> Sensitize workers on air pollution especially dust. Construction machinery and vehicles should be maintained and serviced in accordance with the manufacturer's manual. Workers shall be trained on dust minimization techniques. Water sprays shall be used on all earthworks areas and transport routes. Any complaints received by the Contractor regarding dust should be recorded and communicated to the RE and ESO. Construction works should be undertaken preferably during business hours.
Noise pollution	<ul style="list-style-type: none"> The Contractor shall keep noise level within acceptable limits and construction activities shall, where possible, be confined to normal working hours across Kainuk, Lokichar and Lodwar. Construction workers will be required to use PPEs appropriately.

Wildlife	<ul style="list-style-type: none"> • Equipment should be maintained regularly to reduce noise resulting from friction. • Deliberately inform workers of the provisions in the new Wildlife Conservation and Management Act, 2012, especially stiff penalties. • Have a code of conduct amongst workers expressly banning any hunting of wild game for food or trophy. • Manage waste in such a manner as to conceal the poisonous types from being accessed by wildlife. 	<ul style="list-style-type: none"> • Decommission the camps and reinstate the land to its natural state or hand over to the community but only with prior arrangement. • The contractor shall prepare a waste management plan. • A suitable potable water supply for the workers. • Suitable ablution facilities. • Facilities for waste water management including solid waste collection.
Vegetation loss	<ul style="list-style-type: none"> • Except to the extent necessary for establishing the construction site and carrying out the construction works, vegetation shall not be removed, damaged or disturbed nor should any unauthorized planting of vegetation take place. • The clearance of the site for construction purposes shall be kept to a minimum. The use of existing un-vegetated or disturbed areas for the Contractor's Camp, stockpiling of materials etc shall be encouraged. • Areas to be cleared should be agreed and demarcated before the start of the clearing operations • Clearing and removal of vegetation, especially at borrow sites must be carried out in such a way that damage to adjacent areas is prevented or minimized. • Areas with dense indigenous vegetation at Kainuk and adjacent areas are not to be disturbed unless required for construction purposes. • Plant indigenous and native trees along the project road at Kainuk and Lodwar. • The use of fuel wood by construction workers should be discouraged. 	Sanitation
Impacts on soils and drainage including landslides	<ul style="list-style-type: none"> • As far as possible earthworks should avoid the rare wet seasons that are always intense to prevent soil erosion and landslides. • Excavated materials and excess earth should be kept at appropriate sites approved by the Supervising Engineer. • Wherever possible, the earth dumping sites will be designed in such a manner as to facilitate natural water discharge. • Areas affected by construction related activities and/or susceptible to erosion or landslides must be monitored regularly. • On areas where the risk of erosion is evident, stabilize the areas and prevent erosion. • Using mechanical cover or packing structures such as geofabric to stabilize steep slopes or hessian, gabions, mattress and retaining walls. • Apply mulch or chip cover. 	Solid wastes
Water resources	<ul style="list-style-type: none"> • The contractor should consult the community on suitable location for sinking the boreholes. • The Contractor must adhere to water quality regulations described in Legal Notice No. 120 of the Kenya Gazette Supplement No. 68 of September 2006. 	Liquid wastes
Contractors camp	<ul style="list-style-type: none"> • Involve local community and administration in site selection. • The Camp layout shall take into account availability of accesses and services. 	Fuels, Oils, hazardous substances and other liquid pollutants
		<ul style="list-style-type: none"> • All temporary/ portable toilets or pit latrines shall be secured to the ground. • The type and exact location of the toilets/septic tanks shall be approved by the RE. • All toilets shall be maintained by the Contractor in a clean sanitary condition. • Provide wash basins with adequate clean water and soap. • Ensure that solid/liquid exhausts are disposed by licensed agents. • The contractor should develop a waste management plan. • Contractor shall provide litter collection facilities. • Wherever possible, materials used or generated by construction shall be recycled. • Provision for responsible management of any hazardous waste generated. • Placement of spoil material, • Contouring of spoil site to approximate natural topography and drainage and/or reduce erosion impacts on the site. • Placement of excavated subsoil and then topsoil over spoil material. • No grey water runoff or uncontrolled discharges from the site/working areas. • Water containing such pollutants as cements, concrete, lime, chemicals and fuels shall be discharged into a conservancy tank for removal from site. • Wash areas shall be placed and constructed in such a manner so as to ensure that the surrounding areas (including groundwater) are not polluted. • Hazardous materials shall be stored above flood level and at least 20 metres from any watercourse. • Areas for the storage of fuel and other flammable materials shall comply with standard fire safety regulations. • Chemicals and fuel shall be stored in storage tanks within a secure compound. All chemicals and fuels shall be stored in accordance with their MSDS. • Storage areas or secondary containment shall be constructed of waterproof reinforced concrete or approved equivalent. • Pipe-work carrying product from the tank to facilities outside the containment shall be provided with secondary containment. • Fence off the tank compound with locks or other adequate security controls. • All chemicals stored within the bunded areas shall be clearly labelled detailing the

	nature and quantity of chemicals within individual containers.
	<ul style="list-style-type: none"> Storm water shall be diverted away from the fuel handling and storage areas.
Diversion and access roads	<ul style="list-style-type: none"> The Contractor should adhere to the road reserve in locating the diversion if required. If diversion routes go beyond the road reserve, necessary permission should be sought. Access to the construction site and works area shall utilize existing roads and tracks where possible Upgrading of the access roads shall be undertaken within the existing confines of the road, unless otherwise agreed with the RE. All diversion and temporary access routes shall be rehabilitated at the end of the contract to the satisfaction of the RE. To avoid dusts and air pollution, the Contractor must sprinkle water in the diversion route, as necessary, this must be supervised by RE and ESO.
Disruption of access to property	<ul style="list-style-type: none"> Disruption of access to property must be kept to a minimum at all times. Where such disruption is unavoidable, the Contractor shall advise the affected parties and the RE at least seven working days in advance of such disruption.
Relocation of public utilities	<ul style="list-style-type: none"> Undertake inventory of existing utilities in the project area before beginning construction. Relocation of services is provided for in the BOQs. Notice should be given to the utility users prior to any interruption in supply. Liaise with relevant parties.
Delays in transportation	<ul style="list-style-type: none"> The contractor will be required to plan itineraries for site traffic on a daily basis. Erect temporary road signs that are visible both during the day and at night. Set aside parking bays for heavy goods vehicles and public transport vehicles. Erect clearly marked speed reduction signage.
Emergence of unplanned settlements	<ul style="list-style-type: none"> KeNHA and local administration will need to undertake routine and strict surveillance around the work sites. KeNHA should inform the district administration to stop further developments within the right of way and conduct regular surveillance.
Occupational Health and Safety	<ul style="list-style-type: none"> The Contractor shall comply with all standard and legally required health and safety regulations. The Contractor shall provide a standard first aid kit at the site office. Employ a Safety Officer on site. Observe speed limits. No unauthorized firearms are permitted on site. The Contractor shall provide the appropriate PPE for staff. The contractor must have insurance cover for the workmen.

Site security

- The Supervising Engineer and Contractor in liaison with the security organs must create awareness to the security situation on the ground all the times.
- Appropriate fencing, security gates, shelter and security guards are to be provided
- The Contractor must ensure that good relations are maintained with local communities and their leaders to help reduce the risk of vandalism and theft.
- Site staff that are found to be involved in incidences of theft or pose other security risks to the local community are to be dismissed.

Fire prevention and control

- Flammable materials should be stored under conditions that will limit the potential for ignition and the spread of fires.
- Hot work activities shall be restricted to a site approved by the RE.
- Smoking shall not be permitted in those areas where there is a fire hazard.
- Any areas where vegetation or other material is such as to make liable the rapid spread of an initial flame.
- The Contractor shall ensure that all site personnel are aware of the fire risks and how to deal with any fires that occur.
- Costs incurred through fire damage will be the responsibility of the Contractor, should the Contractor's staff be proven responsible for such a fire.

Wildlife road kills and potential poaching

- Install appropriate road signs warning of potential wildlife crossing at the section adjacent to Nasolot Nature Reserve.
- Where it is deemed necessary, set up speed calming design.

Road Accidents

- Painting of edge lines in order to separate shoulder.
- Establishment of non-motorised vehicle waiting area.
- Improvement of visibility
- Provision of speed limit signs.
- Construction of bumps to reduce speeds.
- Improvement of crossing sites paintings of zebra crossings.
- Regulations, educations and safety trainings.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.

(c) County Director of Environment, Turkana County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

ZEPHANIAH O. OUMA,
for Director-General,

MR/6254778

National Environment Management Authority.

GAZETTE NOTICE No. 75

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITYENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED STEEL MILLING PLANT ON PLOT L.R.
NO. KWALE/ MWAVUMBO/177 IN MWAVUMBO AREA OF
KWALE COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Top Steel (Kenya) Limited)) is proposing set up and operate a steel milling plant on Plot L.R. No. Kwale/ Mwavumbo/177 in Mwavumbo area of Kwale County.

The proposed plant is designed to consist of three major installations with a total capacity of producing 157,000 tons of steel products per year. The three installations are;

- Mechanized and Automated Rolling mill of 125,000 tons per year capacity for the manufacture of Thermo- Mechanically Treated (TMT) bars known as Top TMT.
- Light and Medium Structural Mill with an installed capacity of 20,000 tons per year.
- Tube Mill Plant with an installed capacity of 12,000 tons per year.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Mitigation measures</i>
Increased demand for water and energy	<ul style="list-style-type: none"> • Construction quality water will be brought in from available sources • Contractor will ensure that usage avoids wastage • Excavation and construction machines will be in good condition to avoid unnecessary consumption of fuel. • Ensure planning of transportation of materials to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts.
Occupational health and safety of workers	<ul style="list-style-type: none"> • The contractor will register the site as a workplace with the Directorate of Occupational Health and Safety (DOHS). • Provision of adequate and appropriate Personal Protective Equipment (PPE) including safety shoes, helmets, gloves and overalls. • Employees to be given the correct tools and equipments for the jobs assigned. • Employees to be trained in the use of all equipment that they will be required to operate. • Rest times and breaks will be observed. • First aid services and an emergency vehicle to be readily available at the site.
Workforce sanitation	<ul style="list-style-type: none"> • Procurement of portable sanitary facilities for use by the workforce until a time when the construction of

permanent sanitary facilities will be completed.

Solid wastes at site

- Emptying of these portable facilities by licensed waste handlers.
- Procure the services of a NEMA licensed waste handler to manage solid wastes from the construction site.
- All recyclable materials should be collected and sent to a licensed company for recycling.
- Procure only the required raw materials to prevent wastage.
- Use of durable, long-lasting materials that will not need to be replaced as often, thereby reducing the amount of construction waste generated over time.
- Provide facilities for proper handling and storage of construction materials to reduce the amount of waste caused by damage.

Air pollution

- Use materials that have minimal or no packaging to avoid the generation of excessive packaging waste.
- The contractor will secure the site using appropriate dust screens.
- Materials that are likely to produce dust such as ballast should be sprinkled with water before use.
- Access road and dusty surfaces at the site will be sprinkled with water to minimize dust.
- The contractor should seek to use of coarse dust free river sand for the construction.

Noise generation

- Employees will be provided with appropriate dust masks.
- Delivery of raw materials, excavation and construction work and will be limited to day time hours only.
- Delivery of raw materials will be done so as to exclude weekends.
- Concrete mixers will be located as far as practical from neighboring properties.
- The contractor shall inform neighbors in writing prior to commencement of the works so that they are prepared psychologically at least two weeks in advance.
- Employees using equipment that produce peak sounds shall be provided with earmuffs.
- The contractor will endeavor to comply with Noise Regulations (Legal Notice No. 61 of 2009).

Potential fire hazard

- The proponent will develop a fire hazard mitigation plan by consulting a competent fire safety auditor.
- The mitigation plan will include fire fighting installations such as fire blankets.
- Fire safety and emergency evacuation plan shall be developed and drills conducted to test its efficacy.
- There shall be well trained and designated fire marshals who shall

remain available on site always.

- Fuel storage shall be in a designated area that meets specifications of the oil sector.
- Electrical audits shall be undertaken biannually.
- All plant machinery will be installed and operated to manufactures' specifications.
- All plant machinery will be installed and operated to manufactures' specifications.
- Only professionally qualified employees will be operating the plant machinery.
- Many of the manufacturing procedures will be automated to minimize possibility of injury to workers.
- Workers will be provided with appropriate PPE and the use of the PPE enforced.
- Access to the plant will be controlled to limit exposure to hazards.
- Warning and informative signage will be on display at appropriate sections of the plant.
- Visitors to the plant will be provided with PPE and accompanied by qualified staff member of staff to potentially risky areas within the plant.

Increased traffic

- The increase in HCVs traffic along the road leading to the site is inevitable as these have to deliver raw materials and collect the finished products.
- The proponent will provide appropriate parking within the site to ensure that such vehicles do not wait beside the road.
- The timing of the delivery of raw materials and dispatch of the finished goods will be communicated in advance to concerned parties to ensure that there is no congestion of HCVs coming into or leaving the site.
- The HCVs motorists will be required to practice due diligence while on the road.

Effluent

- Industrial waste water will be put in recirculation with topping up by normal water (as much of it is used for cooling).
- The proponent is advised to install an effluent treatment plant to domestic waste water before discharge.

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
- (c) County Director of Environment, Kwale County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

KODIA BISIA,
for Director-General,

MR/6794128

National Environment Management Authority.

GAZETTE NOTICE NO. 76

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED WIND FARM ON L.R. NOS.
KAJIADO/LOODARIAK/149 AND KAJIADO/LOODARIAK/1665
AT LOODARIAK SUB – LOCATION, KEEKONYOKIE CENTRAL
LOCATION, KAJIADO NORTH DISTRICT, KAJIADO COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Chagem Power Limited) is proposing to develop a 50MW capacity wind farm on a 40Ha piece of land excised from L.R. Nos. Kajiado / Loodariak / 149 and Kajiado / Loodariak / 1665 and jointly owned by the directors of the firm. The land is situated approximately 10 Kilometres away from Kona Baridi, off Magadi Road, in Loodariak Sub-Location, Keekonyokie Central Location, Kajiado North District in Kajiado County.

The major components of the proposed 50MW Wind Energy Project will include the following: One 120M tall wind logging mast, Improvement of the 10KM earth access road, Transportation of the wind logging mast and wind turbines to the site from Mombasa, On – site sub-station, Underground electrical cabling between turbines and on – site substation, Site office block, Internal access roads development, A 2KM transmission line, Concrete bases and Wind turbines,

Below is a summary of the anticipated impacts and the proposed mitigation measures:

Impacts	Mitigation Measures
Erosion of loose soils	<ul style="list-style-type: none"> • Landscape disturbed surface on completion of the construction phase of the project; • Provision of suitable storm water drainage channels to effectively discharge water safely; • Standard landscaping will be conducted after project completion to control any chance of soil movement; • Re-plant shrubs and grasses on disturbed surface (i.e. along the road rehabilitation access road); • Speed limits for vehicles / traffic using the 10KM access earth road; and • Erection of bumps on the 10KM access road.
Increased noise and vibration	<ul style="list-style-type: none"> • Induction / training of staff on SHE issues; • Use of Personal Protective Equipment (PPE) by construction workers and where appropriate operation staff; • Construction activities to be carried out during daytime (8am to 6pm); • Noise monitoring at the site and equipment to maintain / check noise emissions levels; • Regular maintenance of equipment to keep it in good working condition; • Operators of construction equipment to be made aware of the potential noise issues and how to minimize noise emissions; and • Install modern Vest as turbines which are associated with low noise levels.

- Visual intrusion**
- Proper siting of the project components (a consultant has been hired to undertake micro-siting and design of the wind farm); and
 - Rehabilitate borrow pits and other disturbed surfaces.
- Decreased air quality**
- Implement vehicular speed reduction methods, e.g. speed restriction, erecting signposts, monitoring, and policing during construction in order to reduce dust generation;
 - Regular maintenance of project vehicles;
 - Approved method of disposal should be used to dispose of used oil filters and oil drained from project vehicles;
 - Provision of PPEs to the staff;
 - Development of dust management plan for construction and operation phases;
 - Bulk earthworks for exaction should be carried out in a controlled manner; and
 - Dust suppression i.e. frequent wetting dusty areas.
- Solid and liquid waste generation**
- Waste segregation at source;
 - Waste reuse, reduce and recycle; and
 - Contract a NEMA certified waste collection firm to collect solid waste for disposal.
- Decreased water quality**
- Minimize water pollution;
 - obtain water from a nearby borehole on a pay as you use basis;
 - Drill a borehole on the site to ensure no stress is placed upon the local community's water sources;
 - Provide mobile toilets on site during construction phase;
 - Septic tank used during operation;
 - Install oil traps on waste oil drainage;
 - Use drip trays to collect waste oil and lubricants from machinery during servicing;
 - Proper labeling of containers for holding hazardous materials; and
 - Servicing of machinery and equipments to be done at a designated place with a paved surface and oil interceptors.
- Loss of ecology (ecosystem; fauna and flora)**
- Restore disturbed land surfaces on completion of construction activities;
 - Replant some indigenous vegetation in the area;
 - Wind farm site boundary will not be fenced, this will allow free access to grazing of livestock and wildlife on site to take place during operation stage; and
 - Alternative sources of energy apart from firewood to be provided to project staff.
- Occupational safety and health risks (i.e. accidents, exposure to pollutants).**
- Induction / training of staff on SHE issues;
 - Use of Personal Protective Equipment (PPE) by construction workers and where appropriate operation staff;
 - Install modern Vest as turbines which are associated with low noise levels.
 - Construction activities to be carried out during daytime (8am to 6pm);
 - Noise monitoring at the site and equipment to maintain / check noise emissions levels;

- Regular maintenance of equipment to keep it in good working condition; and
 - Operators of construction equipment to be made aware of the potential noise issues and how to minimize noise emissions.
- Increased water and energy consumption**
- Pay as you use water from the nearby borehole;
 - Rainwater harvesting;
 - Enough water storage tanks to be constructed ;
 - Avoid unnecessary wastage of water during operation; and
 - Residuals from diesel and lubricants used on site should be stored safely awaiting appropriate disposal in order to prevent migration of contaminant hydrocarbons into the site soil and water bodies;
 - Regular servicing of vehicles and machinery;
 - Switch off idle vehicles and machinery; and
 - Use efficient energy consuming equipments.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.

(c) County Director of Environment, Kajiado County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,

for Director-General,

MR/6254990

National Environment Management Authority.

GAZETTE NOTICE No 77

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED HOUSING SCHEME ON PLOTS L.R. Nos. KJD/KAPUTIEI NORTH/41359, 41360, 41361 AMALGAMATED AS ONE PLOT AT KISAJU ALONG KITENGELA—ISINYA ROAD IN KAJIADO COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent (Mwalimu National Co-operative and Credit Society Limited) is proposing to Construct Residential Houses on Plots L.R. Nos. Kjd/Kaputiei North/41359, 41360, 41361 Amalgamated as one Plot at Kisaju along Kitengela - Isinya Road in Kajiado County

The proposed project involves constructing residential houses in a gated housing estate. The estate will comprise 3-Bedroomed Masonettes and Apartment Blocks. In total there will be 5 types of Apartment Blocks containing 200 one-bed roomed units, 350 two-bed

roomed units, 250 three-bed roomed units and 71 three-Bed roomed Masionettes. The rest of the area will be used for access roads, parking, school area, commercial area, playgrounds, waste water treatment plant, water treatment and generator area as shown in the projects Master plan.

The following are the anticipated impacts and proposed mitigation measures:

<i>Project Phase</i>		<i>Construction</i>
<i>Environmental Impacts</i>	<i>Causes</i>	<i>Proposed Mitigation Measures</i>
Soil disturbance	Excavations	<ul style="list-style-type: none"> Undertake manual excavation where necessary. Control activities especially during rainy conditions. Landscaping on project completion.
Vegetation loss	Site clearance	<ul style="list-style-type: none"> The clearance of the site for construction purposes should be kept to a minimum. Instruct all construction workers to restrict clearing to the marked areas and not to work outside defined work areas. Rehabilitate all disturbed areas by planting vegetation cover.
Disturbance of the seasonal water way	Excavations of perimeter fence	<ul style="list-style-type: none"> Reserve and a 10m wide riparian area to the south along the seasonal waterway. Undertake afforestation along the seasonal waterway riparian zone. Establish a live fence between the project's perimeter fence and the seasonal waterway riparian zone to stabilize the banks.
Land pollution from excavated heavy clay (Black cotton soil)	Excavations	<ul style="list-style-type: none"> Use the excavated clay as landfill in a decommissioned quarry and plant Casuarina trees.
Pollution from solid waste	Construction debris	<ul style="list-style-type: none"> Regularly dispose solid wastes through licensed waste disposal agents.
Noise pollution	Construction and vibration	<ul style="list-style-type: none"> Limit construction to day time only (8a.m. to 5p.m.). Comply with Noise and Excessive vibration Pollution Control Regulation, 2008.
Oils and grease	Onsite service of vehicles	<ul style="list-style-type: none"> Do not service vehicles and machinery on site. Use well serviced and maintained vehicles and machinery.
Health, safety and emergency preparedness	Project activities	<ul style="list-style-type: none"> Ensure low speed for material transporters during delivery of materials. Provide personal protection equipments (PPEs) to workers and engineers. Ensure professional wiring of electric cables. Ensure workers wear earmuffs when noise is above the admissible levels. Conduct regular awareness creation for health and safety to workers especially on HIV and AIDS.

<i>Project Phase</i>	<i>Operation</i>	
Pollution from waste water	Burst drainage pipes and waste water treatment plants	<ul style="list-style-type: none"> Contractor to insure workers for injuries. Backfill temporary trenches as soon as their need are no longer required. Install warning signs or red tape at both deep and shallow trenches. Register a wastewater treatment company for the housing estate. The wastewater treatment company to obtain effluent discharge license from NEMA for the housing estate. Install adequate waste treatment plant. Regularly inspect and exhaust sludge from filled up waste water treatment plants. Reuse treated water for irrigating lawns and flower beds. Compost the sludge for use as fertilizer.
Pollution from solid waste	Household refuse from residential units	<ul style="list-style-type: none"> Segregate solid waste at source and containerize it in bags and place the bags in a temporary holding area. Regularly dispose solid wastes through licensed waste disposal agents.
Oils and grease	Grey water	<ul style="list-style-type: none"> Install grease traps along the grey water drainage system.
Health, safety and emergency preparedness	Occupancy	<ul style="list-style-type: none"> Install fire extinguishers at strategic points such as stairways, parking lots and in the commercial area. Ensure regular servicing of fire extinguishers. Conduct regular fire training and drills.
Impeded drainage	Land cover by building and paved areas	<ul style="list-style-type: none"> Install recommended drainage structures. Ensure efficiency of drainage structures through proper design and maintenance. Direct storm water to the natural drainage system along the seasonal waterway.
Flooding from storm water	Rain water	<ul style="list-style-type: none"> Install gutters to harvest rainwater from the roofs for some limited domestic use. Direct excess storm water to into the natural drainage system.
Increased resource use (Water)	Occupancy	<ul style="list-style-type: none"> Use a roofing material that will allow harvesting of roof water for some limited domestic use. Use recycled water for irrigation. Sink at least two boreholes to exploit different aquifers.
Increased resource use (Electricity)	Occupancy	<ul style="list-style-type: none"> Encourage use of energy saving bulbs and water push taps. Install solar panels for street lighting and water heaters.

Project Phase Decommissioning

Land Pollution	Demolition debris	<ul style="list-style-type: none"> • Hold waste in a secured temporary site prior to collection. • Regularly dispose solid wastes through licensed waste disposal agents.
Noise	Demolition equipment	<ul style="list-style-type: none"> • Limit demolition to day time. • Comply with Noise And Excessive vibration Pollution Control Regulation, 2008. • Ensure workers are protected when noise is above the admissible levels.
Oils and grease	Onsite service of machinery	<ul style="list-style-type: none"> • Do not service machinery on site. • Use properly maintained machinery.
Health, safety and emergency preparedness	Demolition activities	<ul style="list-style-type: none"> • Provide personal protection equipments (PPEs) to workers and engineers where necessary • Ensure low speed for material transporters. • Switch off electricity from the pole before demolition commences.

The full report of the proposed project is available for inspection during working hours at:

- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30521, Nairobi.
- County Director of Environment, Kajiado County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

GEOFFREY WAHUNGU,
Director-General,

GAZETTE NOTICE NO. 177

BRITISH AMERICAN INSURANCE COMPANY (K) LIMITED

(Incorporated in Kenya)

Head Office: P.O. Box 30375, Nairobi

LOSS OF POLICY

Policy No. 125-1995 in the name and on the life of Florence B. Mudobo Ottaro.

REPORT having been made to this company on the loss of the above numbered policy, notice is given that unless objection is lodged to the contrary at the office of the company within thirty (30) days from the date of this notice, a duplicate policy will be issued and shall be used as the only valid documents by the company for all future transactions.

J. K. MITEI,

GAZETTE NOTICE NO. 178

UAP LIFE ASSURANCE LIMITED

(Incorporated in Kenya)

Head Office: P.O. Box 23842-00100, Nairobi

LOSS OF POLICY

Policy No. MP01830 in the name of Lydia Wanjiku Gakunga.

APPLICATION has been made to this company for the issue of duplicate of the above numbered policy, the original having been reported as lost or misplaced. Notice is given that unless objection is lodged to the contrary at the office of the company within thirty (30) days from the date of this notice, duplicate policy will be issued, which will be the sole evidence of the contract.

Dated the 4th December, 2014.

EDWARD KARANI,

MR/6254925

Claims Officer

**IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA
GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34 (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the *Gazette*."

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
