THE WILDLIFE CONSERVATION AND MANAGEMENT ACT

(No. 47 of 2013)

AMBOSALI ECOSYSTEM MANAGEMENT PLAN, 2008-2018

IN EXERCISE of the powers conferred by section 44(3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Environment and Natural Resources Gazettes the Plan in the Schedule hereto.

SCHEDULE

The Amboseli Ecosystem Management Plan (hereinafter referred to as "the Plan") defines the principles and strategies that Amboseli stakeholders have designed to address wildlife conservation, tourism development, and community livelihood issues in the Amboseli ecosystem.

The Plan emphasizes that all developments within the Amboseli Ecosystem shall be in accordance with the Plan and guiding principles outlined in the Plan's Strategic Environmental Assessment report.

The Plan is a dynamic document that shall be subject to periodic reviews, depending on emerging issues and new knowledge.

The success of the Plan hinges on stakeholders' commitment to follow through with strategic implementation of various activities under the Plan. There shall be a Plan Implementation Committee (hereinafter "the Committee") to co-ordinate and oversee the implementation of the Plan. The committee shall be an advisory body established under the Amboseli Ecosystem Trust. The committee shall meet regularly and communicate with Plan implementers and other relevant stakeholders with enough frequency to ensure that the Plan remains a living document.

The committee shall comprise representatives from Kenya Wildlife Service, Amboseli Tsavo Group Ranches Conservation Association, Amboseli Ecosystem Trust and other government and nongovernmental agencies co-opted by these three organizations.

The committee shall perform the following functions —

- (a) co-ordinate the implementation of the Plan;
- (b) mobilize resources for Plan implementation;
- (c) monitor and evaluate the progress of activities;
- (d) identify constraints in plan implementation;
- (e) produce annual progress reports on plan implementation; and
- (f) recommend review of the management plan.

The Plan addresses threats to Amboseli ecosystem's conservation values through a zonation scheme and five management programmes. Implementation of the Plan's zonation scheme and management programmes is expected to result in sustainable conservation and management of natural resources in the Amboseli Ecosystem.

The Plan's zonation scheme and management programmes are outlined in the following sections —

1. ZONATION SCHEME

The Amboseli Ecosystem's zonation scheme seeks to —

- (a) Separate incompatible land uses;
- (b) Maintain ecosystem connectivity;
- (c) Provide diverse types of tourism experience; and
- (d) Reduce tourism pressure on Amboseli National Park.

This is achieved through dividing the ecosystem into three broad land use zones (Arable Agriculture Zone, Livestock Production Zone, and Wildlife Tourism Zone) and three visitor use zones (High Use Zone, Exclusive Use Zone, and Low Use Zone).

2. MANAGEMENT PROGRAMMES

The Plan has five management programmes (Ecological Management Programme, Tourism Development and Management Programme, Community Partnership and Conservation Education Programme, Security Programme, and Ecosystem Operations Programme). Each management programme contains management objectives that set out the future desired state that Kenya Wildlife Service and its partners aim to achieve, and a set of specific management actions to achieve these objectives. In addition, to facilitate plan implementation, each management programme has a three year Activity Plan, which breaks down the individual management actions into day-to-day management activities.

2.1 ECOLOGICAL MANAGEMENT PROGRAMME

The Plan seeks to secure critical wildlife dispersal areas and corridors within the Amboseli Ecosystem, protect and manage swamps and river systems in collaboration with stakeholders, enhance conservation of threatened large mammal species, and strengthen ecological monitoring and dissemination of research information. This shall be achieved through implementation of the following actions—

- (a) support development of land use plans for individual group ranches in the ecosystem;
- (b) liaise with the County administration to control charcoal burning;
- (c) carry out a water resource assessment study to discern both water availability in the ecosystem and water requirements for the local community;

- (d) support development of Kimana wetland management plan;
- (e) support establishment of soil and water conservation measures to reduce water pollution in water bodies;
- (f) carry out Environmental Audits of water projects in the ecosystem to determine the social and environmental impacts of water abstraction;
- (g) carry out an elephant-habitat modelling study to determine the elephant carrying capacity of the ecosystem;
- (h) collaborate with Amboseli Trust for Elephants to ensure that long term elephant monitoring and research in the ecosystem is maintained;
- (i) monitor top carnivores to determine population trends, distribution and movements;
- (j) identify potential carnivore conservation zones using available information;
- (k) establish a Geographic Information Systems based human-carnivore conflict database;
- (l) support disease surveillance, monitoring and control;
- (m) carry out a habitat assessment study in the Mbirikani rhino dispersal area;
- (n) improve the joint Kenya Wildlife Service/Maasai Land Preservation Trust and the Rhino monitoring and reporting system;
- (o) support expansion of the Rhino range from Chyulu hill slopes to lower Mbirikani plains;
- (p) establish a Kenya Wildlife Service research sub-station at Amboseli National Park headquarters;
- (q) establish a database of research on Amboseli Ecosystem;
- (r) establish a transboundary research coordinating committee to facilitate information sharing and implementation of cross border research activities;
- (s) monitor the range condition and develop measures to improve the poor range condition within the Amboseli Ecosystem; and
- (t) carry out priority applied research in support of Amboseli Ecosystem Management.

2.2 TOURISM DEVELOPMENT AND MANAGEMENT PROGRAMME

The plan seeks to develop tourism activities in the Amboseli Ecosystem in a sustainable way, enhance tourism returns to local communities, diversify tourism and enhance visitor experience to boost visitor satisfaction, and promote and market tourism in the ecosystem to attract high end local and international tourists. This shall be realized through implementation of the following actions —

- (a) collaborate with stakeholders to control and regulate infrastructure development in the ecosystem;
- (b) provide incentives to tourism investors to facilitate establishment of private wildlife conservation areas in the land bordering the park;
- (c) carry out a detailed land evaluation for Wildlife tourism in the Amboseli Ecosystem;
- (d) facilitate development of viable local level tourism development plans;
- (e) establish a tourism monitoring programme;
- (f) carry out regular inspections of tourism facilities;
- (g) establish a functional tourism-stakeholders' forum and hold regular forum meetings;
- (h) liaise with Kenya Wildlife Service Headquarters to increase the entry fees for Amboseli National Park;
- (i) renegotiate leases for tourist accommodation facilities, wildlife sanctuaries and concession areas;
- (j) promote and facilitate development of cultural tourism showcasing authentic local Maasai culture;
- (k) establish a Cultural Centre Association to control and streamline service and product quality in the cultural centres;

- (l) support establishment of well-designed community curio shops;
- (m) establish a Visitor Centre in Amboseli National Park;
- (n) establish tourism information centres;
- (o) support establishment of walking, horse and camel safaris in the Exclusive Use and low use zones of the ecosystem;
- (p) establish walking trails and picnic sites at vantage viewing points such as Imerishari and Kitirua hills;
- (q) support establishment of volunteer tourism in the community areas;
- (r) develop and market tourism products targeting the domestic tourism market;
- (s) market the ecosystem through the local and international media;
- (t) develop guide books and tourist maps for the entire Amboseli ecosystem; and
- (u) hold special events to promote tourism in the Amboseli ecosystem.

2.3 COMMUNITY PARTNERSHIP AND CONSERVATION EDUCATION PROGRAMME

The Plan seeks to maintain and open wildlife dispersal areas around Amboseli National Park and critical linkages to adjacent Tsavo and Kilimanjaro National Parks, reduce human-wildlife conflict in community areas to minimum levels, diversify community benefits from natural resource use and improve equity in benefit sharing, and enhance awareness on the Park and surrounding ecosystem at the local and national levels. This shall be achieved through implementation of the following actions —

- (a) support development and implementation of local level land use plans;
- (b) support establishment of community wildlife conservation areas in the group ranches to safeguard wildlife corridors;
- (c) support establishment of a land owners association to consolidate Kimana individual land holdings into a viable conservation area;
- (d) rehabilitate and maintain wildlife barriers;
- (e) Reconstitute the conflict resolution committee;
- (f) collaborate with Maasai Moran Conservation Network to reduce elephant spearing and lion killing;
- (g) expand the conflict consolation scheme to cover the entire ecosystem;
- (h) train the local community on construction of predator proof Bomas;
- (i) develop and implement benefit sharing systems in each group ranch;
- (j) improve the management and leadership of nature based enterprises;
- (k) strengthen the Amboseli/Tsavo Game Scouts Association (ATGSA) to increase tourism benefits within the community;
- (l) carry out a social-economic study to determine viable community based income generating activities that can be promoted;
- (m) establish a Maasai cultural museum;
- (n) develop management plans for identified Maasai cultural sites;
- (o) support training of cultural centre managers;
- (p) carry out an assessment of bird shooting potential;
- (q) develop conservation education materials focusing on the ecosystem's resources;
- (r) design a conservation education outreach Programme based on the local community's social strata; and
- (s) create awareness among the public on the importance of the ecosystem through the mass media, Internet, and organizing and participating in conservation awareness events.

In addition, the Plan recognizes that livestock production is the mainstay of the local economy at Amboseli Ecosystem. To gain the local community's support for conservation there is need to improve livestock production and marketing. This shall be achieved through implementation of the following actions —

- (a) support establishment of 'grass banks' in the group ranches;
- (b) support development of traditional grazing plans to secure dry season grazing areas;
- (c) support protection of critical water springs from degradation;
- (d) initiate rainwater harvesting technology to improve livestock pasture;
- (e) support establishment of Water Resource Users Associations to enhance management of water sources;
- (f) provide quality bulls, rams and bucks for crossbreeding with the traditional livestock;
- (g) train local Para vets in animal health care techniques;
- (h) carry out an assessment of cattle dip requirements;
- (i) carry out livestock vaccination campaigns;
- (j) re-Establish gazetted livestock holding grounds in Loitokitok district and improve support infrastructure in the livestock market;
- (k) develop livestock marketing guidelines to prevent exploitation of pastoralists by middlemen;
- (l) establish a local livestock marketing association;
- (m) create linkages with local and international livestock markets; and
- (n) construct slaughter houses in the Amboseli ecosystem.

2.4 SECURITY MANAGEMENT PROGRAMME

The Plan aims to enhance security operations to improve effectiveness of natural resource protection and safety of visitors, staff, and Kenya Wildlife Service's assets. This will be achieved through implementation of the following actions —

- 1. strengthen the capacity of security units;
- 2. intensify patrols;
- 3. support stakeholder-led de-snaring operations;
- 4. liaise with Tanzania's wildlife authorities on cross-border natural resource protection;
- 5. establish a security database;
- 6. expand the wildlife intelligence network;
- 7. improve success of prosecution of wildlife cases;
- 8. coordinate the activities of community game scouts to enhance wildlife security out-side the Park;
- 9. liaise with local communities to enhance security operations;
- 10. improve staff and visitor security; and
- 11. provide adequate security for Kenya Wildlife Service's assets.

2.5 ECOSYSTEM OPERATIONS PROGRAMME

The Plan recognizes the need for stakeholder collaboration in wildlife conservation and management, improvement of the welfare and work performance of Amboseli Ecosystem staff, and enhancement of infrastructure development for effective ecosystem management. This shall be accomplished through implementation of the following actions —

- (a) establish Amboseli Ecosystem Trust;
- (b) enhance the functions of the Park Management Committee;
- (c) enter into formal agreements with key stakeholders to strengthen collaboration and ensure coordination of the wildlife management sector;
- (d) negotiate a formal agreement with the local community on provision of domestic and livestock drinking water outside the Park;

- (e) participate in District administrative forums;
- (f) liaise with honorary wardens to enhance wildlife conservation and management in the Ecosystem;
- (g) liaise with competent land owners to secure Kenya Wildlife Service land parcels and strategic operation sites in the Amboseli Ecosystem;
- (h) liaise with Kenya Wildlife Service Headquarters' Human Capital Department to de-ploy relevant staff;
- (i) liaise with the Ministry of Medical Services to enhance the management and delivery of medical services by the Amboseli health clinic;
- (j) collaborate with the Ministry of Education and Olgulului/Olorarashi group ranch committee to improve the standard of education at the Amboseli Primary School;
- (k) streamline the management of Amboseli National Park Staff Welfare Association;
- (l) refurbish the Amboseli National Park staff canteen;
- (m) rehabilitate the Amboseli water supply system;
- (n) construct and rehabilitate residential and non-residential buildings;
- (o) maintain the road network in good motor able condition;
- (p) design and develop a tourism road network in the Amboseli ranches;
- (q) construct and renovate park entry gates;
- (r) install and maintain signage throughout the Amboseli Ecosystem;
- (s) liaise with Kenya Wildlife Service Headquarters' Infrastructure Department to up-grade the mechanical workshop and associated facilities;
- (t) collaborate with stakeholders to connect key facilities to the Loitokitok-Kimana mains electricity;
- (u) carry out regular maintenance of the airstrips;
- (v) install fire-fighting appliances at the Amboseli National Park offices, mechanical workshop, and airstrip and train staff in fire preparedness; and
- (w) upgrade the radio network to improve communication among Kenya Wildlife Service, Game scouts and tourist establishments.

The Plan, including the background information on the plan, facts upon which the Plan is based are deposited at the offices of the Director General, Kenya Wildlife Service along Langata Road, Amboseli Tsavo Group Ranches Conservation Association and Amboseli Ecosystem Trust whose addresses are provided below.

(No. 3 of 2012)

REGISTRATION OF INSTRUMENT

WHEREAS Nyambura Kariuki (deceased), is registered as proprietor of that piece of land containing 0.23 acre or thereabouts, known as Githunguri/Githiga/T. 423, situate in the district of Kiambu, and whereas the chief magistrate's court at Kiambu in succession cause No. 241 of 2015, has issued grant of letters of administration to (1) Martha Muthoni Gitau, (2) Stephen Gikanga Kariuki and (3) Nahashon Kariuki Gitau, and whereas the said title deed issued earlier to the said Nyambura Kariuki (deceased) has been reported missing or lost, notice is given that after the expiration of thirty (30) days from the date hereof, provided no valid objection has been received within that period, I intend to dispense with the production of the said land title deed and proceed with registration of the said instrument of R. L. 19 and R. L. 7 and issue a land title deed to the said (1) Martha Muthoni Gitau, (2) Stephen Gikanga Kariuki and (3) Nahashon Kariuki Gitau, and upon such registration the land title deed issued earlier to the said Nyambura Kariuki (deceased), shall be deemed to be cancelled and of no effect.

Dated the 30th October, 2015.

GAZETTE NOTICE NO. 8193

THE CONSTITUTION OF KENYA

THE JUDICIAL SERVICE ACT

(Cap. 185B)

IN THE MATTER OF A TRIBUNAL APPOINTED UNDER
ARTICLE 168 (5) (b) OF THE CONSTITUTION TO
INVESTIGATE THE CONDUCT OF JUSTICE JOSEPH MBALU
MUTAVA, JUDGE OF THE HIGH COURT OF KENYA

RULES OF PROCEDURE

IN EXERCISE of the powers conferred by Article 168 (7) of the Constitution and section 31 of the Judicial Service Act, the Tribunal appointed to investigate the conduct of Justice Joseph Mbalu Mutava, Judge of the High Court of Kenya by His Excellency the President of the Republic of Kenya vide Gazette Notice No. 7492 of 2013 and Gazette Notice No. 8279 of 2013 makes the following Rules—

1. In these Rules, unless the context otherwise requires—

The meaning of "Chairperson", "Member", "Registry", "Registrar", and "hearing", shall be as defined in the second Schedule to the Judicial Service Act.

"Judge", means the Judge whose conduct is the subject of the investigation.

"Secretary" means the person or persons appointed by His Excellency the President of the Republic of Kenya to carry out the functions set out in Rule 4 herein.

"Tribunal" means the Tribunal appointed to investigate the conduct of Justice Joseph Mbalu Mutava,

2. The Chairperson shall co-ordinate the work of the Tribunal and shall, in addition, be responsible for—

- (a) constituting such panel or panels of the Tribunal as may be necessary for the fair and expeditious disposal of the business of the Tribunal;
- (b) assigning the business of the Tribunal to the members;
- (c) supervising the activities of the Secretary and of the Registry; and
- (d) exercising all other functions provided and/or implied by Article 168 of the Constitution or conferred by the Act and these Rules.

3. (1) In relation to the proceedings before the Tribunal, the Secretary shall act in accordance with the instructions of the Chairperson and shall, in particular, be responsible for—

- (a) the establishment and maintenance of the register and registry;
- (b) the acceptance, transmission, service and custody of documents in accordance with these Rules and the Second Schedule to the Judicial Service Act;
- (c) the enforcement of decisions of the Tribunal;
- (d) certifying that any order, direction or decision is an order, direction or decision of the Tribunal, the Chairperson or a member, as the case may be;
- (e) causing records of the proceedings and minutes of the meetings of the Tribunal and such other records as the Tribunal may direct to be kept; and
- (f) undertaking any duties assigned by the Tribunal for the benefit of the Tribunal.

(2) With the authorization of the Chairperson, the Secretary may consider and dispose of procedural or administrative matters in accordance with these Rules.

(3) A party may, within seven days of any action taken by the Secretary in the performance of the functions set out in subparagraph (1), request in writing that the action be reviewed by the Tribunal.

(4) Any administrative function of the Secretary may, in the Secretary's absence, be performed by any member of staff of the Tribunal whom the Chairperson may authorise for that purpose.

(5) The Secretary shall have, in addition to any powers specifically given by or under these Rules, such powers as are generally provided under Order 49 of the Civil Procedure Rules, with such modifications as may be necessary.

4. (1) The quorum necessary for the conduct of the hearing of the Tribunal shall be the Chairperson and two (2) other members.

(2) Any other business of the Tribunal may be carried on by any three (3) members and the Secretary.

5. (1) The Tribunal shall interpret the provisions of these Rules in a manner that promotes the principle of substantial justice.

(2) Any irregularity resulting from failure to comply with any provision of these Rules shall not in itself render the proceedings void or invalid where the irregularity does not occasion a miscarriage of justice.

(3) Where any such irregularity comes to the attention of the Tribunal, the Tribunal may, and shall if it considers that any person may have been prejudiced by the irregularity, give such directions as it deems just, to cure or waive the irregularity before reaching its decision.

(4) Clerical mistakes in any document recording a direction, order or decision of the Tribunal, or errors arising in such a document from an accidental slip or omission, may be corrected by the Chairperson, by certificate under their hand.

6. Nothing in these Rules shall be deemed to limit or otherwise affect any of the powers of the Tribunal necessary for the proper execution of its mandate as set out in the Constitution and the Judicial Service Act.

7. (1) The Counsel assisting the Tribunal shall draw up a list of the allegations against the Judge, together with a summary of the evidence in support of the allegations and shall serve the document containing the allegations and the summary of the evidence on the Judge, at least fourteen (14) days before the date of hearing.

(2) The Tribunal shall serve on the Judge a hearing notice at least fourteen (14) days before the date of hearing.

(3) Service upon the Judge shall be effected through personal service or through his appointed legal counsel or through the Chief Registrar of the Judiciary.

8. (1) The hearings shall be held in private save that the Judge may choose to have some or all the hearings in public.

(2) The Tribunal may exclude any person or class of persons from all or any part of the hearings if satisfied that it is desirable so to do for—

- (a) the preservation of order; or

- (b) the due conduct of the investigation; or

- (c) the protection of any witness in the investigation or any person referred to in the course of the investigation or the property or reputation of such witness or person.

(3) The Tribunal may, if satisfied that it is desirable for any of the purposes aforesaid so to do, order that no person shall publish the name, address photograph or any other form of identification of any such witness or person or any evidence or information whereby such witness or person would or may be identified from.

9. The Judge shall have the right to be present during all of the proceedings that relate to him and shall be entitled to legal representation by counsel.

10. The Counsel assisting the Tribunal will present evidence relating to the conduct of the Judge and any matter relevant to the investigation.

11. (1) Evidence before the Tribunal may be presented in the form of memoranda, affidavit or other documentation and the Tribunal shall be entitled to receive such documents and to use the contents thereof in forming its opinion.

(2) The Judge shall be furnished with copies of any documentary evidence and may seek leave to address the Tribunal thereon.

12. The Tribunal may, upon application by the Judge or at its discretion, summon in writing any person or persons to testify before it on oath or to produce such documents as the Tribunal may require and the person so summoned shall be obliged to attend and to testify or produce the required documents and the provisions applying to witnesses summoned by ordinary courts of law shall apply to such person.

13. The Judge shall have the right to cross-examine all witnesses during the hearing.

14. (1) The Judge shall be entitled to testify and/or call evidence to rebut allegations made against him.

(2) The Tribunal and Counsel assisting the Tribunal shall be entitled to cross-examine the Judge or any of the witnesses called by the Judge.

(3) If the Judge elects not to testify and/or call evidence in rebuttal, the Tribunal shall be entitled to consider the evidence presented and make a report and appropriate recommendations.

15. The Tribunal shall have the power to recall any witness.

16. The Tribunal shall not be bound by strict rules of evidence but shall be guided by the rules of natural justice and relevance.

17. At the close of the hearing of all evidence before the Tribunal, Counsel assisting the Tribunal and the Judge or his counsel shall be entitled to make submissions.

18. (1) The decisions and recommendations of the Tribunal shall be by simple majority.

(2) Where a member, for reasons either beyond his control and/or the control of the Tribunal, is unable to sign the decision of the Tribunal, the reason shall be recorded, and the decision signed by the other members.

(3) All decisions of the Tribunal shall be in writing and shall contain a concise statement of the investigation, the points for determination, the decision thereon, and the reasons for such decision upon each separate issue.

(4) Subject to Rule 24, the decision of the Tribunal shall be delivered in public on a date fixed for that purpose but not later than fourteen (14) days after the conclusion of the proceedings.

(5) The Secretary shall on delivery of the decision under subparagraph (2) cause the decision of the Tribunal to be published in the Gazette and posted on the Tribunal's website.

19. The Tribunal shall sit on such days and at such times and venues as it may determine.

20. The Registry shall be open for business from Monday to Friday from 8:30 am to 4:30 pm but may be open at other times for urgent business at the direction of the Chairperson.

21. Summonses issued by the Tribunal shall be endorsed by and bear the signature of the Secretary.

22. The Chairperson shall cause to be taken notes of all proceedings before the Tribunal or may direct that the record of any proceedings before the Tribunal be taken by shorthand notes or tape-recording or, at the discretion of the Tribunal, electronic recording.

23. The Chairperson may issue Practice Directions for the just, efficient and economical determination of proceedings under these Rules, and the Practice Directions so issued shall be special Rules of practice and procedure of the Tribunal and shall have the same status as the provisions of the Second Schedule to the Judicial Service Act.

24. The Tribunal may, for sufficient cause shown, extend the time prescribed by these Rules for doing any act or taking any proceedings upon such terms and conditions, if any, as may appear just and expedient.

25. The Tribunal may, from time to time, by notice in the Gazette amend these Rules

26. (1) Subject to the provisions of the Second Schedule to the Judicial Service Act, the Tribunal may regulate its own procedure.

(2) The Chairperson may issue practice directions in relation to the procedures provided for by this Schedule.

(3) Nothing in these Rules shall limit or otherwise affect the inherent power of the Tribunal conferred by Article 168 of the Constitution either on its own motion or on the application of a party to make such orders as may be necessary for the ends of justice or to prevent abuse of the process of the Tribunal.

Dated this 16th October, 2015.

JUSTICE DAVID K. MARAGA,
Chairperson of the Tribunal.

THE STANDARDS ACT

(Cap. 496)

DECLARATION OF KENYA STANDARDS

PURSUANT to section 9 (1) of the Standards Act, the National Standards Council declares the specifications or codes of practice appearing in the Schedule hereto to be Kenya Standards with effect from the date of publication of this notice.

Number	Title of Specification or Code of Practice
Chemical	
KS 1292:2015	Kenya Standard — Ethyl acetate for industrial use — Specification, Second Edition.
KS 1294:2015	Kenya Standard — Isopropyl acetate for industrial use — Specification, Second

Edition.

KS 814:2015	Kenya Standard — Retro reflective sheeting materials for traffic signs — Specification, Third Edition.
KS 2589:2015	Kenya Standard — Liquid drilling detergent/foam — Specification, First Edition.
KS 2587:2015	Kenya Standard — Chemicals used for treatment of water intended for human consumption — Chemicals for emergency use — Sodium dichloroisocyanurate, dehydrate, First Edition.
KS 2588:2015	Kenya Standard — Chemicals used for treatment of water intended for human consumption — Chemicals for emergency use — Sodium dichloroisocyanurate, anhydrous, First Edition.

KS 89:2015	Kenya Standard — School chalks — Specification, Second Edition.	on vinyl chloride homopolymers and copolymers to evolve hydrogen chloride and any other acidic products at elevated temperatures Part 4: Potentiometric method First Edition.
KS 2591-5:2015	Kenya Standard — Predisposal management of radioactive waste — General safety Part 5: Requirements, First Edition.	KS ISO 306:2013 Kenya Standard — Plastics — Thermoplastic materials — Determination of Vicat Softening Temperature (VST) Second Edition.
KS 2596:2015	Kenya Standard — Diaries — Specification, First Edition.	KS ISO 844:2014 Kenya Standard — Rigid cellular plastics — Determination of compression Properties First Edition.
KS 2597:2015	Kenya Standard — Carbonless copy paper — Specification, first Edition.	KS ISO 1183-1:2012 Kenya Standard — Plastics — Methods for determining the density of non-cellular plastics Part 1: Immersion method, liquid pycnometer method and titration method
KS ISO 6237:2003	Kenya Standard — Adhesives — Wood-to-wood adhesive bonds — Determination of shear strength by tensile loading, First Edition.	KS ISO 1183-2:2004 Kenya Standard — Plastics — Methods for determining the density of non-cellular plastics Part 2: Density gradient column method, First Edition. Food and Agriculture
KS ISO 9311-2:2011	Kenya Standard — Adhesives for thermoplastic piping systems Part 2: Determination of shear strength, First Edition.	KS 2404:2015 Kenya Standard — Tea — Raw material for extraction — Specification, Second Edition.
KS ISO 9311-3:2005	Kenya Standard — Adhesives for thermoplastic piping systems — Part 3: Test method for the determination of resistance to internal pressure, First Edition.	KS 523-2:2015 Kenya Standard — Breakfast cereals — Specification Part 2: Flaked/puffed cereals (ready-to-eat), Fourth Edition.
KS ISO 10964:1993	Kenya Standard — Adhesives — Determination of torque strength of anaerobic adhesives on threaded fasteners, First Edition.	KS 2289-1:2015 Kenya Standard — Compounded tilapia feeds — Specification Part 1: Complete feeds, Second Edition.
KS ISO 13445:2003	Kenya Standard — Adhesives — Determination of shear strength of adhesive bonds between rigid substrates by the block-shear method, First Edition.	KS 2289-2:2015 Kenya Standard — Compounded tilapia feeds — Specification Part 2: Supplementary feeds, Second Edition.
KS ISO 20152-1:2010	Kenya Standard — Timber structures — Bond performance of adhesives Part 1: Basic requirements, First Edition.	KS 2451-1:2015 Kenya Standard — Compounded catfish feeds — Specification Part 1: Complete feeds, Second Edition..
KS ISO 29862:2007	Kenya Standard — Self adhesive tapes — Determination of peel adhesion properties, First Edition.	KS 2451-2:2015 Kenya Standard — Compounded catfish feeds — Specification Part 2: Supplementary feeds, Second Edition.
KS ISO 3676:2012	Kenya Standard — Packaging — Complete, filled transport packages and unit loads — Unit load dimensions, First Edition.	KS 2599:2015 Kenya Standard — Calf milk replacers — Specification, First Edition..
KS ISO 12821:2013	Kenya Standard — Glass packaging — 26 H 180 crown finish — Dimensions, First Edition.	KS ISO 17372:2008 /Amd.1:2013 Kenya Standard — Animal feeding stuffs — Determination of zearalenone by immunoaffinity column chromatography and high performance liquid chromatography Amendment 1: Limitation of the scope, First Edition.
KS ISO 177:1988	Kenya Standard — Plastics — Determination of migration of plasticizers, First Edition.	KS ISO 5223:1995 Kenya Standard — Test sieves for cereals, First Edition.
KS ISO 178:2010	Kenya Standard — Plastics — Determination of flexural properties, First Edition.	KS ISO 3093:2009 Kenya Standard — Wheat, rye and respective flours, durum wheat and durum wheat semolina — Determination of the Falling Number according to Hagberg-Perten, First Edition.
KS ISO 182-2:1990	Kenya Standard — Plastics — Determination of the tendency of compounds and products based on Vinyl chloride homopolymers and copolymers to evolve hydrogen chloride and any other acidic products at elevated temperatures Part 2: pH method, First Edition.	KS ISO 11085:2008 Kenya Standard — Cereals, cereals-based products and animal feeding stuffs — Determination of crude fat and total fat content by the Randall extraction method, First Edition.
KS ISO 182-1:1990	Kenya Standard — Plastics — Determination of the tendency of compounds and products based on Vinyl chloride homopolymers and copolymers to evolve hydrogen chloride and any other acidic products at elevated temperatures Part 1: Congo red method, First Edition.	KS ISO 874:1980 Kenya Standard — Fresh fruits and vegetables sampling, First Edition.
KS ISO 182-3:1993	Kenya Standard — Plastics — Determination of the tendency of compounds and products based on vinyl chloride homopolymers and copolymers to evolve hydrogen chloride and any other acidic products at elevated temperatures Part 3: Conductometric method First Edition.	KS EAS 821:2015 Kenya Standard — Certification standards for maize seed, First Edition.
KS ISO 182-4:1990	Kenya Standard — Determination of the tendency of compounds and products based	KS EAS 822:2015 Kenya Standard — Certification standards for sorghum seed, First Edition.
		KS EAS 823:2015 Kenya Standard — Certification standards for sunflower seed, First Edition.
		KS EAS 824:2015 Kenya Standard — Certification standards for soybean seed, First Edition.

KS EAS 825:2015	Kenya Standard — Certification standards for groundnut seed. First Edition.	KS ISO 7398:1990	Kenya Standard — Motorcycles — Direct current flasher units. First Edition.
KS 1758-1:2015	Kenya Standard — Horticulture code of practice Part 1: Floriculture. First Edition. Engineering	KS ISO 13063:2012	Kenya Standard — Electrically propelled mopeds and motorcycles — Safety specifications. First Edition.
KS ISO 404:2013	Kenya Standard — Steel and steel products — General technical delivery requirements. First Edition.	KS ISO 13064-1:2012	Kenya Standard — Battery-electric mopeds and motorcycles — Performance Part 1: Reference energy consumption and range. First Edition.
KS ISO 1005-1:1994	Kenya Standard — Railway rolling stock material Part 1: Rough-rolled tyres for tractive and trailing stock — Technical delivery conditions. First Edition.	KS ISO 13064-2:2012	Kenya Standard — Battery-electric mopeds and motorcycles — Performance Part 2: Road operating characteristics. First Edition.
KS ISO 1005-2:1986	Kenya Standard — Railway rolling stock material Part 2: Tyres, wheel centres and tired wheels for tractive and trailing stock — Dimensional, balancing and assembly requirements. First Edition.	KS ISO/PAS 22574:2007	Kenya Standard — Road vehicles — Brake linings frictions materials — Visual inspection. First Edition.
KS ISO 1005-3:1982	Kenya Standard — Railway rolling stock material Part 3: Axles for tractive and trailing stock — Quality requirements. First Edition.	KS ISO 15484:2008	Kenya Standard — Road vehicles — Brake lining friction materials — Product definition and quality assurance. First Edition.
KS ISO 1005-4:1986	Kenya Standard — Railway rolling stock material Part 4: Rolled or forged wheel centres for tired wheels for tractive and trailing stock — Quality requirements. First Edition.	KS ISO 12991:2012	Kenya Standard — Liquefied Natural Gas (LNG) tanks for on-board storage as a fuel for automotive vehicles. First Edition.
KS ISO 1005-6:1986	Kenya Standard — Railway rolling stock material Part 6: Solid wheels for tractive and trailing stock — Technical delivery conditions. First Edition.	KS ISO 6808:2014	Kenya Standard — Plastics hoses and hose assembly for suction and low pressure discharge of petroleum liquids — Specification. First Edition.
KS ISO 1005-7:1982	Kenya Standard — Railway rolling stock material Part 7: Wheel sets for tractive and trailing stock — Quality requirements. First Edition.	KS ISO 15649:2001	Kenya Standard — Petroleum and Natural gas Industries — Piping. First Edition.
KS ISO 1005-8:1986	Kenya Standard — Railway rolling stock material Part 8: Solid wheels for tractive and trailing stock — Dimensional and balancing requirements. First Edition.	KS ISO 1825:2010	Kenya Standard — Rubber hoses and hose assemblies for aircraft ground fuelling and defueling — Specification. First Edition.

The above statement was approved for issue by the party National Executive Council on 27th September, 2015 and was signed on their behalf by party leader.

Gazette Notice No. 8198

THE CO-OPERATIVE SOCIETIES ACT

(Cap. 490)

INQUIRY ORDER

WHEREAS I have on my own accord, decided that an inquiry be held into the

- (a) by-laws,
- (b) working and financial conditions and
- (c) the conduct of the management committee and past or present members or officers—

of Kangemi Matatu Owners Sacco Society Limited (CS/12993) and in accordance with section 58 and section 73 of the Co-operative Societies Act of the laws of Kenya.

Now therefore I authorize (1) Anne N. Ochoki, Chief Co-operative Officer, Headquarters and (2) Mr. Stephen W. Kamau, Senior Assistant Co-operative Officer, Headquarters, to hold an inquiry within twenty five (25) days at such place and time as may be expedient and duly notified by them.

The attention of all officers and members of the society is directed to the following sections of the Co-operative Societies Act.

- Section 60 (1)—Cost of inquiry.
- Section 60 (2)—Recovery of costs of expenses.
- Section 73—Surcharge.
- Section 94—Offences.

Dated the 21st September, 2015.

P. L. M. MUSYIMI,

MR/8477183

Commissioner for Co-operative Development.

GAZETTE NOTICE NO. 8199

THE COMPANIES ACT

(Cap. 486)

IN THE MATTER OF TURBO HIGHWAY ELDORET LIMITED

WINDING-UP CAUSE NO. 37 OF 2015

NOTICE is given that a petition for the winding-up of the above-named company by the High Court of Kenya, was on the 23rd September, 2015, presented to the said court by Commercial Bank of Africa Limited, of P.O. Box 30437-00100, Nairobi.

And that the said petition is directed to be heard before the court sitting at Nairobi at 9.00 a.m. on the 20th November, 2015, and any creditor or contributory of the said company desirous to support or oppose the making of an order on the said petition may appear at the time of hearing in person or by his advocate for the purpose and a copy of the petition will be furnished by the undersigned to any creditor or contributory of the said company requiring such copy on payment of the regulated charge for the same.

HAMILTON HARRISON & MATHEWS,

Advocates for the Petitioner,

MR/8477097

*I.C.E.A., Building, Kenyatta Avenue,
P.O. Box 30333-00100, Nairobi.*

NOTE

Any person who intends to appear on the hearing of the said petition must serve or send by post to the above-named notice in writing of his intention to do so. The notice must state the name and address of the person, or, if a firm, the name and address of the firm, and must be signed by the person or firm, or his or their advocate, if any, and must be served, or if posted must be sent by post, in sufficient time to reach the above named not later than noon of the 19th November, 2015.

GAZETTE NOTICE NO. 8200

THE COMPANIES ACT

(Cap. 486)

IN THE MATTER OF HOLMES SYSTEMS AND SERVICES LIMITED

WINDING-UP CAUSE NO. 13 OF 2015

NOTICE is given that a petition for the winding-up of the above-named company by the High Court of Kenya, was on the 30th March, 2015, presented to the said court by Liquid Telecommunications Kenya Limited.

And that the said petition is directed to be heard before the court sitting at Milimani Commercial Courts, and any creditor or contributory of the said company desirous to support or oppose the making of an order on the said petition may appear at the time of hearing in person or by his advocate for the purpose and a copy of the petition will be furnished by the undersigned to any creditor or contributory of the said company requiring such copy on payment of the regulated charge for the same.

Dated the 15th October, 2015.

OMULELE & TOLLO,

Advocates for the Petitioner,

GAZETTE NOTICE NO. 8202

THE PHYSICAL PLANNING ACT

(Cap. 286)

COMPLETION OF PART DEVELOPMENT PLAN

(PDP No. 321/2012/05 for the Existing site for the Law Courts, Siaya County)

NOTICE is given that the above-mentioned part development plan was on September, 2015, completed.

The part development plan relates to land situated within Siaya County.

Copies of the part development plan have been deposited for public inspection at the office of the County Planning Officer, District Commissioner and County Secretary of Siaya.

The copies so deposited are available for inspection free of charge by all persons interested at offices of the County Planning Officer, District Commissioner and County Secretary of Siaya, between the hours of 8.00 a.m. to 5.00 p.m. Monday to Friday.

Any interested person who wishes to make any representation in connection with or objection to the above-named part development plan may send such representations or objections in writing to be received by the c/o County Physical Planning Officer, P.O. Box 925-40600, Siaya, within sixty (60) days from the date of publication of this notice and such representation or objection shall state the grounds on which it is made.

Dated the 25th September, 2015.

C. O. ALINGO,

MR/8449015

for Director of Physical Planning.

GAZETTE NOTICE NO. 7962

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

NOTICE TO THE PUBLIC TO SUBMIT COMMENTS ON AN ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED GATED DEVELOPMENT, AT RIAT HILLS IN KISUMU CITY COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The Proponent, Home Afrika Limited, is proposing gated Development at Riat Hills, in Kisumu City County. The Project involves the construction of gated community development with other related components such as town houses, apartments, conference facility, row houses, kindergarten, duplexes and studio units; country club with Commercial and hotel facilities, tennis, basketball, badminton, volleyball, netball and squash court among others to meet the demand of the growing number of tenants in Kisumu City and its environs.

The following are the anticipated impacts and proposed mitigation measures:

Expected Negative Impacts

Mitigation Measures

- | | |
|----------------------------|---|
| Air and dust pollution | <ul style="list-style-type: none"> Spray water on loose soil and debris during excavation, construction and decommissioning phases Minimize emission of exhaust fumes through servicing of machinery in use Personal protective equipment to be worn Erect dust screens and buffer fences to minimize the amount of dust generated during excavation, construction and demolition during project decommissioning. |
| Increased solid and liquid | <ul style="list-style-type: none"> Use of an integrated solid waste |

wastes

management system i.e. recover, recycle and reuse

- Dispose all solid wastes at dumping site approved by the council and NEMA.
- Channel all liquid waste to the modular decentralized effluent treatment plant.
- Excess rainwater from the property to be channeled to drainage civil works on roads.
- Through accurate estimation of the sizes and qualities of materials required, order materials in the sizes and qualities they will be needed, rather than cutting them to size or having large quantity residual materials.
- Use building materials that have minimal or no packaging to avoid the generation of excessive packaging waste
- Reuse packaging materials such as cartons, cement bags, empty metals and plastic containers to reduce waste at the site.
- Hazardous substance control and emergency response plan that will include preparation for quick and safe clean up of accidental spill.
- Hazardous materials handling procedures to reduce the potentials for spill during construction.
- Identify areas where refueling and vehicle maintenance activities and storage of hazardous materials, if any, shall be permitted.

Hydrology and water supply quality degradation

Increased water demand

- Use water conservatively.
- Harvest rain water.

Increased energy demand

- Use energy saving bulbs.
- Put off lights when not in use.
- Harvest solar energy.

Risk of fire outbreak

- Install fire extinguishers and hydrants.
- Fire exit to be provided.

Noise pollution

- Provide workers with ear plugs and muffs.
- Fix very noisy machines with silencers.

Occupational health and safety of workers

- Sensitize workers on safety measures required during excavation, construction and decommissioning of the project.
- Provide workers with appropriate personal protective clothing e.g. helmets, gloves and boots.
- Provide well stocked first aid kits on site

Generation of wastewater

- Provision of means for handling sewerage generated by construction workers (there are toilets connected to septic tanks on the site).
- Conduct regular checks for sewage pipe blockages or damages since vices can lead to release of the effluent into the land water bodies.
- Monitor effluent quality regularly to ensure that the stipulated discharge rules and standards are not violated.

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Mineral Resources, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.

(c) County Director of Environment, Kisumu County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days

from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process of the plan.

Z. O. OUMA,
for Director-General,
National Environment Management Authority.

MR/8477099

GAZETTE NOTICE No. 8203

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

NOTICE TO THE PUBLIC TO SUBMIT COMMENTS ON AN ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED JUJA-THIKA SOUTH SEWERAGE SYSTEM AND TREATMENT WORKS IN KIAMBU COUNTY.

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Athi Water Services Board, is proposing Juja - Thika South Sewerage System and Treatment Works in Kiambu County. The proposed sewage treatment works for Juja and Thika South are provided at different locations depending on the natural drainage patterns. The designed STW are: (i) Juja STW at Ruiru T-Works, serving a section of Ruiru and Juja area, is located near Ruiru River, (ii) Thika STW is an existing works located along Komo River. A new system will be designed to cater for Southern parts of Thika Municipality on Land adjacent to the existing treatment works. The existing treatment works will be rehabilitated and expanded. The sewage treatment works recommended will comprise of the following units:- (a) Inlet works with coarse and fine bar screens, (b) Horizontal flow grit removal channels, (c) Flow measuring Parshall flumes, (d) Waste Stabilization Ponds, (e) Utility Buildings expansion/Rehabilitation, if required, consisting of offices, workshop and Generator Rooms at both sites. (f) Rehabilitation/Expansion of double grade 9 staff house at Thika.

The following are the anticipated impacts and proposed mitigation measures:

Potential Impact	Mitigation Measures
Air pollution	<ul style="list-style-type: none"> A regular vehicle maintenance and repair program. Ensure that all vehicles involved in the transport of construction material and staff, and machinery involved in the construction is properly maintained and serviced. Machines must not be left idling for unnecessary periods of time; this will save fuel and reduce emissions. Use of dust control methods, such as covers, water suppression. Ensure that all material (sand and aggregate) stockpiled on the site to be used in construction activities are regularly sprayed to reduce the effects of wind whipping. Ensure that all trucks carrying aggregate and sand are covered during delivery to the site.
Water pollution	<ul style="list-style-type: none"> Provide workers at the development site with chemical toilets during this phase of the development. A reasonable ratio would be fifteen (15) workers per toilet. Store all raw materials away from the vicinity of water bodies located on the property to avoid contamination in these areas.

Soil erosion and contamination

- General refuse generated during these phases of the development must be stockpiled in one central area of the development site, away from existing water bodies and collected, transported and disposed of appropriately at the designated disposal site.
- Waste water Management.
- Only remove vegetation from areas for the STW/sewers construction.
- Install appropriate drainage systems to direct water away from slopes.
- Designate a main access route for heavy machinery.
- Avoid site Preparation in period when wind velocities are highest.
- Areas storing hazardous substances such as diesel must be properly contained in a bunded area.
- In the event of an oil spill the contaminated soil must be removed and disposed off.
- Develop a spill management plan (with appropriate budget).

Solid wastes

- Use an integrated wastes management system.
- Agreement with suppliers to accept the return of unused materials.
- Agreement with and license details of companies to be used for the off-site transport of wastes.
- Agreement with and license details of companies to be used for the off-site transport of wastes.
- The Contractor shall set up a solid waste control and removal system.
- Bins shall be emptied on a daily basis.
- Waste and litter shall be disposed of into scavenger - and weather proof bins.
- Agreement with the county government and for timely removal of solid waste.

Disturbance of traffic and difficulty of access

- Provide diversion routes where possible.
- Give a construction itinerary in advance so that the potentially affected population can use alternative routes and start early to get to their destinations on time.
- Erect warning signs of ongoing works.
- Expedite construction works so as to reduce the times where roads are blocked.
- Access of residents should be facilitated by installing appropriate temporary bridges over the pipeline trenches.
- Suitable warning signs should be placed at near locations and should be visible at night.
- A guard should be available 24 hours to help people access across pipeline trenches.

Damage of underground infrastructure

- Get maps of the underground infrastructure from the relevant institutions.
- Sensitize workers carrying out excavations so that they exercise caution to minimize chances of underground infrastructure damage.
- Work closely with the responsible institutions such as Kenya Power,

THIWASCO, RUJWASCO and Telkom's so that incase of damage, the services are restored within the shortest time.

Structural stability

- Reroute sensitive infrastructure where possible.
- The geotechnical report should include suitable measures for confining vibrations within project sites.
- These recommendations identified in the geotechnical report (such as secant piling or sheet piling or establish cut-off walls) should be implemented by the contractor and supervised by EHS Advisor.
- Blasting should not be done near houses or power lines.

Displacement of people

- Avoid displacement as much as possible.
- Prompt and fair compensation of all the PAPs before beginning of works on the site.
- Pre and post resettlement counseling support: including timely information sharing and grievance redress.
- Financial education for the recipients of compensation funds including women in the HHs.
- Identification and full resettlement assistance for vulnerable PAPs.

Water and soil pollution from leaks and sewage overflow and leaks

- Awareness raising among community members not to dump solids that can cause blockage leading to bursts and spills.
- Ensure sufficient hydraulic capacity to accommodate peak flows and adequate slope in gravity mains to prevent build-up of solids and hydrogen sulphide generation.
- Design manhole covers to withstand anticipated loads and ensure that the covers can be readily replaced if broken to minimize entry of garbage and silt into the system.
- Development of an inventory of system components, with information including age, construction materials, drainage areas served, elevations, etc.
- Regular cleaning of grit chambers and sewer lines to remove grease, grit, and other debris that may lead to sewer backups. Cleaning should be conducted more frequently for problem areas. Cleaning activities may require removal of tree roots and other identified obstructions.
- Monitoring of sewer flow to identify potential inflows and outflows.
- Conduct repairs prioritized based on the nature and severity of the problem.
- Immediate clearing of blockage or repair is warranted where an overflow is currently occurring or for urgent problems that may cause an imminent overflows.
- Citizens' sensitization of the importance of monitoring and operational costs related to the sewer lines to promote security of the infrastructure and timely attention to need of repairs.

Accidents and injuries in STW

- Install railing around all process tanks and pits. Require use of a life line and

personal flotation device (PFD) when workers are inside the railing, and ensure rescue buoys and throw bags are readily available.

- Use PFDs when working near waterways.
- Implement a confined spaces entry program that is consistent with applicable national requirements and internationally accepted standards.
- Valves to process tanks should be locked to prevent accidental flooding during maintenance.
- Maintain work areas to minimize slipping and tripping hazards.
- Use proper techniques for trenching and shoring.

Exposure to hazardous chemicals

- Implement a training program for operators who work with chlorine and ammonia regarding safe handling practices and emergency response procedures.
- Provide appropriate personal protective equipment and training on its proper use and maintenance.
- Prepare escape plans from areas where there might be a chlorine or ammonia emission.
- Install safety showers and eye wash stations near the chlorine and ammonia equipment and other areas where hazardous chemicals are stored or used.
- Communicate escape plans on the regular basis to the relevant stakeholders.
- Continuously monitor air quality in work areas for hazardous conditions (e.g. explosive atmosphere, oxygen deficiency).
- Prohibit eating, smoking, and drinking except in designated areas.
- Rotate personnel among the various treatment plant operations to reduce inhalation of air-stripped chemicals, aerosols, and other potentially hazardous materials.

Liquid effluents

- Design, construct, operate, and maintain wastewater treatment facilities and achieve effluent water quality consistent with applicable national requirements or internationally accepted standards and consistent with effluent water quality goals based on the assimilative capacity and the most sensitive end use of the receiving water.
- Consider discharge of treated wastewater to natural or constructed wetlands, which can buffer the impact from discharge on the aquatic environment, unless the wetland itself would be degraded by the discharge.
- Treat greywater, if collected separately from sewage, to remove organic pollutants and reduce the levels of suspended solids, pathogenic organisms and other problematic substances to acceptable levels based on applicable national and local regulations.
- Based on an assessment of risks to human health and the environment, consider re-use of treated effluent, especially in areas with limited raw water supplies.

- Sludge disposal**
- Monitoring the effluent quality through sampling and laboratory analysis.
 - Select appropriate sludge treatment technologies.
 - Develop and Implement faecal sludge management plan.
 - Land application or other beneficial re-use of wastewater treatment plant residuals should be considered but only based on an assessment of risks to human health and the environment.
 - Processing, disposal and re-use of wastewater treatment plant residuals should be consistent with applicable National requirements or, in their absence, internationally accepted guidance and standards.
- Offensive odours**
- Provide adequate buffer area, such as trees, or fences, between processing areas and potential receptors.
 - Cover emission points (e.g., aeration basins, clarifiers, sludge thickeners, tanks, and channels), and vent emissions to control systems (e.g., compost beds, bio-filters, chemical scrubbers, etc.) as needed to reduce odours and otherwise meet applicable national requirements and internationally accepted guidelines;
 - Where necessary, consider alternate aeration technologies or process configurations to reduce volatilization.
 - Proper operations and maintenance of the STW.
 - Monitoring daily to ensure pH is optimum for proper functioning.
 - Fill the facultative ponds with fresh water before commissioning.
- Health risks related to irrigation with treated sewage**
- Consider use of drip irrigation of treated wastewater, which minimizes worker exposure and the amount of water needed.
 - Control vectors and intermediate hosts of disease-causing micro-organisms.
 - Treat wastewater and sludge used for land application in a manner consistent with WHO Guidelines for the Safe Use of Wastewater, Excreta and Greywater and applicable national requirements.
 - Stop irrigation with treated wastewater two weeks prior to harvesting.
 - Limit irrigation with treated wastewater to crops that are cooked before eating.
 - Restrict public access to hydraulic structures carrying wastewater and to fields irrigated with treated wastewater.
- Wildlife and scavenger birds' attractions to the STW.**
- Proper fencing of the Plant to keep off wildlife is recommended
 - Maintaining high standards of hygiene at the site throughout the operation phase of the facility
 - Constant consultations with KWS in event that wildlife is spotted in the area.
 - The inlet works should be enclosed in a building to avoid exposure to birds
 - Daily Burying of the wastes in appropriate solid Waste disposal section covering with soil, this reduces the tonnage of wastes on site and exposing the wastes to scavenging birds

The full report of the proposed project is available for inspection during working hours at:

- (a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (b) Principal Secretary, Ministry of Environment and Natural Resources, N.H.I.F. Building, 12th Floor, Ragati Road, Upper Hill, P.O. Box 30126-00100, Nairobi.
- (c) County Director of Environment, Kiambu County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process for this project.

R. ORINA,

for Director-General,

MR/8449053

National Environment Management Authority.

GAZETTE NOTICE No. 8204

THE ENVIRONMENTAL MANAGEMENT AND CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY

NOTICE TO THE PUBLIC TO SUBMIT COMMENTS ON AN ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED FUEL AND LPG DEPOT, OFF NANYUKI ROAD WITHIN INDUSTRIAL AREA IN NAIROBI CITY COUNTY

INVITATION OF PUBLIC COMMENTS

PURSUANT to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Hass Petroleum (K) Limited, is proposing a Fuel and LPG Depot, off Nanyuki Road, within Industrial Area in Nairobi City County.

The Project entails; putting up a Fuel Depot, LPG depot, Storage Tanks, Pump house, Car Parking area and Support Infrastructural facilities. The design for the industrial and warehouse facility provides for putting up of three fuel tanks each having a capacity of 2036m³, a pump house, LPG Pump house, foam tank, fire pump house, water tank of 500m³ capacity, oil interceptor, LPG tanker filling point, automated filling plant, cylinder storage area, LPG storage vessels, weigh bridge, an office and a go down. The proposed facility will have a total of three floors (ground floor level, first floor level and second floor level). The ground floor will comprise of an office space, kitchen, gents, ladies, executive office, waiting area, store and an entrance. The second and third floor plans will have an office space, conference room, store, kitchen, fire exits, gents and ladies facilities.

The following are the anticipated impacts and proposed mitigation measures:

Possible Impacts	Mitigation measures
Storm water, run-off and Soil erosion	<ul style="list-style-type: none"> • Install proper drainage structures. • Ensure that construction vehicles are restricted to existing graded roads. • Landscaping of disturbed areas. • Control earthworks. • Install drainage structures properly. • Ensure management of excavation.
Air pollution	<ul style="list-style-type: none"> • Stockpiles of earth should be sprayed with water or covered during extreme dry weather. • Provide dust masks for the personnel in dust generation areas. • Provide appropriate dust screens where

	necessary.		site and develop a comprehensive fire management plan.
	<ul style="list-style-type: none"> • Cover all trucks hauling soil, sand and other loose materials. • Avoid pouring dust materials from elevated areas to ground. • Minimization of exhaust gas emissions by reducing engine idling times and ensuring that equipment is properly tuned and maintained. • Sprinkle water on graded access routes when necessary. 	Increased Water Demand	<ul style="list-style-type: none"> • Install adequate fire fighting equipment and ensure regular maintenance of the same. • Install water conserving taps. • Promote recycling and reuse of water. • Promptly detect and repair water pipe and tank leaks. • Ensure taps are not running when not in use. • Sensitize staff to conserve water.
Noise pollution	<ul style="list-style-type: none"> • Sensitize workforce including drivers of construction vehicles to avoid loud hooting especially in sensitive areas. • Install sound barriers for pile driving activity. • Install portable barriers to shield compressors and other small stationary equipment where necessary. • Maintain all equipment. • Workers in the vicinity of high level noise to wear appropriate safety and protective gear, i.e. ear plugs and ear muffs. 	Generation of wastewater	<ul style="list-style-type: none"> • Conduct regular checks for pipe blockages or damages. • Ensure that the effluent generated is monitored for its quality and should meet the stipulated standards before it is directed to the existing sewerage network.
Vegetation disturbance	<ul style="list-style-type: none"> • Ensure proper demarcation and delineation of the project area. • Designate access routes and parking areas within the site. • Specify areas of the site which should be kept free of traffic, equipment, and storage. 	Road safety and traffic	<ul style="list-style-type: none"> • Installation of road signs on main access points to the site. • Enforce speed limits for construction vehicles. • Implement Traffic Management Plan.
Solid waste generation	<ul style="list-style-type: none"> • Develop and adopt an Integrated Solid Waste Management plan. • Order materials in the sizes and quantities on demand basis. • Donate recyclable/reusable or residual materials. • Use of durable, long-lasting materials that will not need to be replaced as often. • Use building materials that have minimal or no packaging. • Provide waste collection points at the site. 	Public health and occupational safety	<ul style="list-style-type: none"> • Ensure registration of premises as per OSHA, 2007. • Ensure posting of important OSH abstracts, policies, notices and signage. • Ensure sensitization of neighbors and other stakeholders on the dangers and risks associated with the construction activities. • Provide provisions for reporting of incidents and accidents. • Provide suitable, efficient, clean and adequate sanitary conveniences. • Monitor and ensure full compliance to the use of PPE. • Ensure training and supervision of inexperienced workers. • Promote safe means of access within the site. • Ensure that materials are stored or stacked in such manner that will prevent any fall or collapse and are not stored against weak walls.
Oil Spills and gas leakages.	<ul style="list-style-type: none"> • Carry out regular waste water analysis. • Regular monitoring and inspection of fuel and gas storage and transportation vessels. • Install warning signage at areas prone to oil spills and gas leakages. 		
Energy Conservation	<ul style="list-style-type: none"> • Install energy saving fluorescent tubes. • Ensure electrical equipment, appliances and lights are switched off when not being used. • Plan transportation of materials during off-peak hours to ensure that fossil fuels (diesel, petrol) are not consumed in excessive amounts. 		
Fire Outbreak/ Safety	<ul style="list-style-type: none"> • Train all workers in Fire safety procedures. • Ensure adequate tank spacing. • Undertake a fire risk assessment for the 		

The full report of the proposed project is available for inspection during working hours at:

(a) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(b) Principal Secretary, Ministry of Environment and Natural Resources and Regional Authorities, N.H.I.F. Building, 12th Floor, Ragati Road, Upper Hill, P.O. Box 30126-00100, Nairobi.

(c) County Director of Environment, Nairobi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process for this project. Comments can also be e-mailed to dgnema@nema.go.ke

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the *Gazette*.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
