WATAMU MARINE PROTECTED AREA MANAGEMENT PLAN, 2016–2026

IN EXERCISE of the powers conferred by section 44(3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism and Wildlife gazettes the Plan in the Schedule hereto.

SCHEDULE

The Watamu Marine Protected Area Management Plan (hereinafter referred to as “the Plan”) defines the strategies that stakeholders of Watamu Marine Protected Area have designed to address ecological, tourism development and management, community partnership, and administrative issues in Watamu Marine Protected Area. The marine protected area includes; Watamu Marine National Park, Watamu Marine National Reserve and half of Malindi Marine National Reserve that buffers the Marine Park.

The Plan emphasises that all activities within Watamu Marine Protected Area (WMPA) shall be implemented in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan is a dynamic document that shall be subject to periodic reviews, depending on emerging issues and new knowledge.

The success of this plan hinges on stakeholders’ commitment to follow through with implementation of activities outlined in this plan. Therefore, to facilitate plan implementation, a Watamu Marine Protected Area Management Committee (hereinafter “the Committee”)

shall be formed to coordinate and oversee the implementation of the Plan.

The Committee shall be an advisory body comprising representatives from—

- (a) representative from Kenya Wildlife Service;
- (b) representative Watamu Marine Association;
- (c) representative Watamu Boat Operators Association;
- (d) representative Watamu Beach Management Unit;
- (e) representative Uyumbo Beach Management Unit;
- (f) representative County Government of Kilifi, and
- (g) other government and nongovernmental agencies co-opted by these organizations.

The Committee shall meet regularly to review progress in plan implementation and make adjustments needed to enhance achievement of Watamu Marine Protected Area's management objectives. Progress in plan implementation will be communicated with other relevant stakeholders with enough frequency to ensure that the plan remains a living document.

The Committee shall perform the following functions—

- (a) Co-ordinate the implementation of the Plan;
- (b) Mobilize resources for Plan implementation;
- (c) Monitor and evaluate the progress of activities;
- (d) Identify constraints in plan implementation;
- (e) Produce annual progress reports on plan implementation; and
- (f) Recommend review of the management plan.

The Plan addresses threats to Watamu Marine Protected Area's conservation values through the following major policy and management intervention measures—

- (a) initiating co-management arrangement for Watamu Marine National Reserve and the section of Malindi Marine National Reserve that buffers Watamu Marine National Park;
- (b) implementing the Zoning scheme outlined in the Plan; and
- (c) implementing management actions under the plan's four management programmes.

The Plan's zoning scheme and management programmes are outlined in the following sections:

1. Zoning Scheme

Watamu Marine Protected Area's zonation scheme seeks to support both consumptive and non consumptive use of the marine resources in the protected area. As regards consumptive resource use, the protected area is divided into three resource use zones (Closed Zone, No Take Zone, and Artisanal Fishing Zone). An additional Influence Zone is added to include non protected areas that interact closely with the Watamu Marine Protected Area. In regard to non consumptive use, protected area is divided into three visitor use zones (High Use Zone, Medium Use Zone, and Low Use Zone).

2. Management Programmes

The Plan has four management programmes (Ecological Management Programme, Tourism Development and Management Programme, Community Partnership and Conservation Education Programme, and Marine Protected Area Operations and Security Management Programme). Each management programme contains a programme purpose, guiding principles underpinning the programme, management objectives that set out the future desired state that the Plan implementers aim to achieve, and a set of specific management actions to achieve these objectives. In addition, to facilitate plan implementation, each management programme has a 3-year Activity Plan, which breaks down the individual management actions into day-to-day management activities.

2.1 Ecological Management Programme

The plan seeks to enhance conservation of WMPA's threatened marine species (e.g., sea turtles, dolphins, whales, sharks, rays, and

dugongs); Conserve important WMPA habitats; and reduce threats to critical WMPA's components.

2.2 Tourism Development and Management Programme

The plan seeks to enhance tourism administration and management; develop and maintain tourism-support infrastructure; and diversify tourism products and services.

2.3 Community Partnership and Conservation Education Programme

The plan seeks to strengthen community participation, collaboration, and benefit sharing mechanisms; strengthen conservation education and outreach programmes; and reduce human-wildlife conflicts and natural resource use conflicts within WMPA and adjacent areas.

2.4 Marine Protected Area Operations and Security Management Programme

The plan seeks to ensure a competent and motivated workforce is deployed and maintained in WMPA; enhance stakeholders' collaboration; and enhance and maintain infrastructure, vehicles and equipment to support MPA administration.

The Plan including the background information on the plan, facts upon which the Plan is based is deposited at the offices of the Director-General, Kenya Wildlife Service, along Langata Road, whose address is provided below:

AMBOSELI LAND OWNERS CONSERVANCIES ASSOCIATION MANAGEMENT PLAN, 2016-2026

IN EXERCISE of the powers conferred by section 44(3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism and Wildlife gazettes the Plan in the Schedule hereto.

SCHEDULE

The Amboseli Land Owners Conservancies Association (ALOCA) comprises of seven conservancies, namely; Kilotome, Nailepu, Nalarami, Osupuko, Olepolos, Oltiyani and Elerai (Hereinafter referred to as ALOCA Conservancy). The ALOCA Conservancy Management Plan (hereinafter referred to as "the Plan") defines the principles and strategies that stakeholders of ALOCA Conservancy have designed to address conservation, tourism development and management, community livelihood, and conservancy administrative issues in ALOCA Conservancy.

The Plan emphasises that all activities within the ALOCA Conservancy shall be in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan addresses threats to ALOCA Conservancy's conservation values through the following management intervention measures—

- (a) implementing the Zoning scheme outlined in the Plan; and
- (b) implementing management actions under the three management programmes.

The Plan's zoning scheme and management programmes are outlined in the following sections:

1. Zoning Scheme

The ALOCA Conservancy's zoning scheme seeks to provide a rational framework for the future land use which, if adhered to, will be

in the best interests of the conservancy members. To achieve this, ALOCA Conservancy has been divided into three land use zones (Wildlife Conservation and Tourism Zone, Livestock Grazing and Conservation Zone, and Cultivation Zone).

2. Management Programmes

The Plan has three broad management programmes (Conservation and Tourism Development Management Programme, Community Livelihoods and Resource Use Management Programme, and Operations and Management Programme).

2.1 Conservation and Tourism Development Management Programme

The purpose of this programme is to protect key conservation values and utilise the tourism opportunities offered by these values for economic development of the conservancy owners.

2.2 Community Livelihoods and Resource Use Management Programme

The purpose of this programme is to enlighten the Conservancy members on the importance of practicing multiple land uses for their livelihoods.

Operations and Management Programme

The purpose of the Operations and Management Programme is to strengthen the Conservancy administrative and management systems for effective natural resource management.

The Plan including the background information on the plan and facts upon which the Plan is based is deposited at the offices of the Director-General, Kenya Wildlife Service along Langata Road and the Amboseli Ecosystem Trust whose addresses are provided below:

MALINDI MARINE PROTECTED AREA MANAGEMENT PLAN, 2016-2026

IN EXERCISE of the powers conferred by section 44(3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism and Wildlife gazettes the Plan in the Schedule hereto.

SCHEDULE

The Malindi Marine Protected Area Management Plan (hereinafter referred to as "the Plan") defines the principles and strategies that stakeholders of Malindi Marine Protected Area have designed to address ecological, tourism development and management, community partnership, and administrative issues in the Malindi Marine Protected Area. The Marine Protected Area includes; Malindi Marine National Park and half of Malindi Marine National Reserve that buffers the Marine Park.

The Plan emphasises that all activities within the Malindi Marine Protected Area (MMPA) shall be implemented in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan is a dynamic document that shall be subject to periodic reviews, depending on emerging issues and new knowledge.

The success of this plan hinges on stakeholders' commitment to follow through with implementation of activities outlined in this plan. Therefore, to facilitate plan implementation, a Malindi Marine Protected Area Management Committee (hereinafter "the Committee") shall be formed to coordinate and oversee the implementation of the Plan. The Committee shall be an advisory body comprising of—

- (a) representatives from Kenya Wildlife Service;
- (b) representative from Malindi Boat Operators Association;
- (c) representative from Malindi Beach Management Unit;
- (d) representative from Mayungu Beach Management Unit;
- (e) representative from Malindi Residents Association;
- (f) representative from County Government of Kilifi; and
- (g) other government and nongovernmental agencies co-opted by these organizations.

The Committee shall meet regularly to review progress in plan implementation and make adjustments needed to enhance achievement of Malindi Marine Protected Area's management objectives. The Plan addresses threats to Malindi Marine Protected Area's conservation values through the following major policy and management intervention measures—

- (a) initiating a co-management arrangement for Malindi Marine National Reserve;
- (b) implementing the Zoning scheme outlined in the Plan; and
- (c) implementing management actions under the four management programmes.

The Plan's zoning scheme and management programmes are outlined in the following sections:

1. Zoning Scheme

Malindi Marine Protected Area has been divided into three resource use zones (Closed zone, No Take Zone and Artisanal Fishing Zone), and an Influence Zone which is added to include areas that interact closely with the Malindi Marine Protected Area. In addition, in terms of tourism use, the area has been divided into three visitor use zones (High Use Zone, Medium Use Zone, and Low Use Zone). The zoning scheme has prescriptions which define what should occur or not occur in each zone.

2. Management Programmes

The Plan has four management programmes (Ecological Management Programme, Tourism Development and Management Programme, Community Partnership and Conservation Education Programme, and Marine Protected Area Operations and Security Management Programme). Each management programme contains a programme purpose, guiding principles underpinning the programme, management objectives that set out the future desired state that the Plan implementers aim to achieve, and a set of specific management actions to achieve these objectives. In addition, to facilitate plan implementation, each management programme has a 3-year Activity Plan, which breaks down the individual management actions into day-to-day management activities.

2.1 Ecological Management Programme

The plan seeks to enhance conservation of MMPA's threatened marine species; conserve MMPA's important habitats sustainably; and reduce threats to MMPA's critical components.

2.2 Tourism Development and Management Programme

This plan seeks to enhance tourism administration and management; develop and maintain tourism support infrastructure; and diversify tourism products and services.

2.3 Community Partnership and Conservation Education Programme

The plan seeks to strengthen community participation, collaboration, and benefit sharing mechanisms; strengthen conservation education and outreach programmes; and reduce human-wildlife conflicts and resource use conflicts within MMPA and adjacent areas.

2.4 Marine Protected area operations and security management programme

The plan aims to ensure that a competent and motivated workforce is deployed and maintained in MMPA; enhance stakeholder collaboration; and enhance and maintain infrastructure, transport and communication equipment to support MPA administration.

OLCHORO OIROUWA CONSERVANCY MANAGEMENT PLAN, 2018–2023

IN EXERCISE of the powers conferred by section 44 (3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism and Wildlife gazettes the Plan in the Schedule hereto:

SCHEDULE

The Olchoro Oirouwa Conservancy Management Plan (hereinafter referred to as “the Plan”) defines the principles and strategies that stakeholders of Olchoro Oirouwa Conservancy have designed to address conservation, tourism development and management, community livelihood, and conservancy administrative issues in Olchoro Oirouwa Conservancy.

The Plan emphasises that all activities within the Olchoro Oirouwa Conservancy shall be in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan is a dynamic document that shall be subject to periodic reviews, depending on emerging issues and new knowledge.

The Plan addresses threats to Olchoro Oirouwa Conservancy’s values through the following management intervention measures—

- (a) implementing the Zoning scheme outlined in the Plan; and
- (b) implementing management actions under the five management programmes.

The Plan’s zoning scheme and management programmes are outlined in the following sections:

1. Zoning Scheme

The Olchoro Oirouwa Conservancy’s zoning scheme seeks to support the regulation and promotion of allowable uses across the area and to reconcile different types and intensity of use in different parts of the Conservancy. To achieve this Olchoro Oirouwa Conservancy has been divided into four land use zones (Core Conservation Area,

Livestock Grazing Zone, Tourism Exclusive Area, and Protection Zone-Rhino Sanctuary). In addition, Olchoro Oirouwa Conservancy has been divided into two management sectors (Romeo One and Zulu One sectors).

2. Management Programmes

The Plan has five broad management programmes (Natural Resource Management Programme, Tourism Development and Management Programme, Community Partnership and Management Programme, Livestock Management Programme and Conservancy Operations and Management Programme). Each management programme contains management objectives that set out the future desired state that the Plan implementers aim to achieve, and a set of specific management actions to achieve these objectives.

2.1 Natural Resource Management Programme

The purpose of this programme is to sustainably manage natural resources of Olchoro Oirouwa Conservancy for the benefit of the local community. In the implementation of this programme stakeholders will be guided by the following strategic principles—

- (a) maintaining ecological integrity through protection of wildlife species and their habitats;
- (b) maintaining habitat connectivity with surrounding areas; and
- (c) understanding and monitoring ecological trends and threats.

2.2 Tourism Development And Management Programme

The purpose of this programme is to provide the tourist with an exclusive and memorable wildlife experience that does not impact negatively on the conservancy. In the implementation of this programme stakeholders will be guided by the following strategic principles—

- (a) offering memorable visitor experiences; and
- (b) promoting sustainable tourism.

2.3 Community Partnership and Management Programme

The purpose of this programme is to provide the local community with tangible benefits from wildlife conservation and thereby gain support for conservation.

2.4 Livestock management programme

The purpose of this programme is to enhance livestock productivity for livelihood improvement. In the implementation of this programme stakeholders will be guided by the following strategic principles—

- (a) enhancing livestock production;
- (b) improving livestock grazing range for sustainable livestock production; and
- (c) improving livestock breeding and husbandry.

2.5 Conservancy Operations Management Programme

The purpose of this programme is to support efficient and effective delivery of the conservancy’s management programmes. In the implementation of this programme stakeholders will be guided by the following strategic principles—

- (a) motivating staff and enhancing their skills;
- (b) developing and maintaining conservancy infrastructure that has minimal impacts on the environment;
- (c) working with others;
- (d) enhancing security in the conservancy; and
- (e) ensuring the conservancy is financially sustainable).

OLARE MOTOROGI CONSERVANCY MANAGEMENT PLAN, 2018–2023

IN EXERCISE of the powers conferred by section 44(3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism and Wildlife gazettes the Plan in the Schedule hereto.

SCHEDULE

The Olare Motorogi Conservancy Management Plan (hereinafter referred to as “the Plan”) defines the principles and strategies that Olare Motorogi Conservancy has designed to address conservation, tourism development and management, community livelihood, and conservancy administrative issues in the Conservancy.

The Plan emphasises that all activities within the Olare Motorogi Conservancy shall be in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan is a dynamic document that shall be subject to periodic reviews, depending on emerging issues and new knowledge.

The Plan addresses threats to Olare Motorogi Conservancy’s values through the following management intervention measures—

- (a) implementing the Zoning Scheme outlined in the Plan; and
- (b) implementing management actions under the four management programmes.

The Plan’s zoning scheme and management programmes are outlined in the following sections:

3. Zoning Scheme

The Olare Motorogi Conservancy’s zoning scheme seeks to minimize land use conflicts in the conservancy as well as protect environmentally sensitive areas. Areas that are within one Kilometre from a tourist accommodation facility and environmentally sensitive areas such as carnivore breeding areas are out of bounds for livestock. The rest of the conservancy will be available to cattle through a rotational livestock grazing system implemented through a stakeholder agreed livestock grazing policy.

4. Management Programmes

The Plan has five broad management programmes (Natural Resource Management Programme, Tourism Development and Management Programme, Community Partnership and Management Programme, Livestock Management Programme and Conservancy Operations and Management Programme). Each management programme contains management objectives that set out the future desired state that the Plan implementers aim to achieve, and a set of specific management actions to achieve these objectives.

2.1 Natural Resource Management Programme

The purpose of this programme is to sustainably manage natural resources of Olare Motorogi Conservancy for the benefit of the local community. In implementing this programme stakeholders will be guided by the following four strategic principles:

1. critical wildlife habitats such as wildlife breeding areas are protected;
2. habitat connectivity with surrounding area is maintained;
3. livestock production does not compromise wildlife conservation; and

4. ecological trends and threats are monitored and understood.

To achieve the programme purpose, the following management objectives and actions will be:

2.2 Tourism Development and Management Programme

The purpose of this programme is to provide the tourist with an exclusive and memorable wildlife experience that does not impact negatively on the conservancy. In the implementation of this programme stakeholders will be guided by the following strategic principles: a high quality, responsible and sustainable tourism product is developed in the Olare Motorogi Conservancy, tourism is developed as a major positive force in support of wildlife conservation; both tourism investors and land owners receive sustainable income from tourism; and Olare Motorogi Conservancy is promoted and marketed locally and internationally as a premium destination.

2.3 Community Partnership and Management Programme

The purpose of this programme is to provide the local community with tangible benefits from wildlife conservation and thereby gain support for conservation. In the implementation of this programme stakeholders will be guided by the following strategic principles—

- (a) communities have the capacity to manage land and natural resources sustainably;
- (b) communities and other stakeholders are aware of the conservancy’s values and importance; and
- (c) the conservancy is having a positive impact on the lives of land owners.

2.4 Livestock management programme

The purpose of this programme is to enhance livestock productivity for livelihood improvement. In the implementation of this programme stakeholders will be guided by the following strategic principles—

- (a) the conservancy management implements best management practices towards creating sustainable and healthy rangelands;
- (b) the conservancy supports the landowners and community members through allowing access to managed grazing areas;
- (c) conservancy users support the conservation of wildlife on conservancy land; and
- (d) conservancy users respect tourism operations, which are the key financial pillars for the conservancy.

2.5 Conservancy Operations Management Programme

The purpose of this programme is to support efficient and effective delivery of the conservancy’s management programmes. In the implementation of this programme stakeholders will be guided by the following principles—

- (a) sufficient human and financial resources are allocated;
- (b) operational effectiveness is improved;
- (c) collaboration with key stakeholders is strengthened;
- (d) clear conservancy governance structure in place; and
- (e) the conservancy has good communications and access.

The Plan’s zoning scheme and management programmes are outlined in the following sections:

5. Zoning Scheme

OI Kinyei Conservancy has been divided into three land use zones (Conservation and Tourism Development Zone, Wildlife Breeding Areas and Corridors Zone, Community Transit Corridor. Livestock grazing is not allowed in the conservancy.

6. Management Programmes

The Plan has four broad management programmes (Natural Resource Management Programme, Tourism Development and Management Programme, Community Engagement and Management Programme and Conservancy Operations and Management Programme). Each management programme contains management objectives that set out the future desired state that the conservancy aim to achieve, and a set of specific management actions to achieve these objectives.

2.1 Natural Resource Management Programme

The purpose of this programme is to sustainably manage natural resources of OI Kinyei Conservancy for the benefit of the local community. Implementation of this programme is guided by the following strategic principles—

- (a) maintaining ecological integrity through protection improvement and restoration of species and habitats;
- (b) maintaining habitat connectivity with surrounding areas;
- (c) restoring degraded habitats; and
- (d) understanding and monitoring ecological trends and threats.

2.2 Tourism Development And Management Programme

The purpose of this programme is to provide the tourist with an exclusive and authentic wildlife experience that does not impact negatively on the conservancy. Implementation of this programme is guided by the following strategic principles—

- (a) avoiding high density and mass tourism wildlife areas;
- (b) offering better and more authentic experiences for visitors; and
- (c) adhering to limits of acceptable use.

2.3 Community Partnership and Management Programme

The purpose of this programme is to provide the local community with tangible benefits from wildlife conservation and thereby gain

support for conservation. Implementation of this programme is guided by the following strategic principles—

- (a) partnering with the local communities;
- (b) providing Maasai Landowners with genuine and meaningful benefits from allowing their lands to be used for wildlife conservation; and
- (c) raising awareness and understanding of the wildlife biodiversity among local communities.

2.5 Conservancy Operations management programme

The purpose of this programme is to support efficient and effective delivery of the conservancy’s management programmes. Implementation of this programme is guided by the following strategic principles—

- (a) ensuring that staff are skilled and well-motivated;
- (b) developing and maintaining infrastructure that has minimal impacts on the environment;
- (c) working with others to achieve conservancy objectives; and
- (d) ensuring that OI Kinyei Conservancy is financially sustainable.

(No. 47 of 2013)

MARA NORTH CONSERVANCY MANAGEMENT PLAN, 2018–2022

IN EXERCISE of the powers conferred by Section 44(3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism and Wildlife gazettes the Plan in the Schedule hereto.

SCHEDULE

The Mara North Conservancy Management Plan (hereinafter referred to as “the Plan”) defines the principles and strategies that Mara North Conservancy has designed to address issues relating to conservation, tourism development and management, community livelihoods, and administration in Mara North Conservancy.

The Plan emphasises that all activities within the Mara North Conservancy shall be in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan is a dynamic document that shall be subject to periodic reviews, depending on emerging issues and new knowledge.

The Plan addresses threats to Mara North Conservancy’s values through the following management intervention measures:

- (a) Implementing the Zoning scheme outlined in the Plan; and
- (b) Implementing management actions and activities outlined in the management programmes.

The Plan’s zoning scheme and management programmes are outlined in the following sections—

1. Zoning Scheme

The Mara North Conservancy's zoning scheme seeks to support the regulation and promotion of allowable uses (Tourism and Livestock production) in the conservancy. To achieve this, the Conservancy has been divided into four grazing zones each of which is divided into grazing blocks which are opened at specific times according to forage availability.

2. Management Programmes

The Plan has five broad management programmes (wildlife and habitat, culture and livelihood, tourism, livestock and security). Each management programme has management goals that set out the future desired state that the Plan implementers aim to achieve, and a set of specific management actions to achieve these goals.

2.1 Wildlife and Habitat Management Programme

The plan seeks to conserve the conservancy's wildlife and habitats through the following actions: (add more content)

2.2 Culture and Livelihoods Management Programme

The Plan aims to promote local culture and improve community livelihoods through actions focusing on land area, settlement, communal water, culture, livelihoods, education and health. These actions are:

2.3 Tourism Management Programme

The Plan seeks to improve tourism management through adherence to the set tourism carrying capacity, quality targets and management regulations.

2.4 Livestock Management Programme

The Plan seeks to improve livestock management through management of livestock numbers, improvement of livestock breed and type and grazing management.

2.5 Security Management Programme

The Plan seeks to improve security in the conservancy through actions focusing on conservancy rangers, equipment, infrastructure and development, camp security, partners and training.

The Plan including the background information on the plan and facts upon which the Plan is based is deposited at the offices of the Director General, Kenya Wildlife Service along Langata Road and Masai Mara Wildlife Conservancies Association whose addresses are provided below:

LAKE TURKANA NATIONAL PARKS (SIBILOI, CENTRAL ISLAND AND SOUTH ISLAND) MANAGEMENT PLAN, 2018-2028

IN EXERCISE of the powers conferred by section 44 (3) of the Wildlife Conservation and Management Act, 2013, the Cabinet Secretary for Tourism and Wildlife gazettes the Plan in the Schedule hereto.

SCHEDULE

The Lake Turkana National Parks Management Plan (hereinafter referred to as "the Plan") defines the principles and strategies that stakeholders of the Lake Turkana National Parks have designed to

address conservation, pre-historic and Cultural Heritage, tourism development, community partnership, and protected area administrative issues in the Protected Areas and their adjacent areas. The plan aims to provide managers and stakeholders in Lake Turkana National Parks a practical framework for conserving and protecting natural and cultural resource values at the Lake Turkana National Parks to maintain its international recognition as a world heritage site.

The Plan emphasises that all activities within the Lake Turkana National Parks shall be in accordance with the Plan and the Wildlife Conservation and Management Act, 2013.

The Plan is a dynamic document that shall be subject to periodic reviews, depending on emerging issues and new knowledge.

The Plan addresses threats to Lake Turkana National Parks' values through the following major management intervention measures—

- (a) implementing the Zoning scheme outlined in the Plan; and
- (b) implementing management actions under the five management programmes.

The Plan's zoning scheme and management programmes are outlined in the following sections:

1. Zoning Scheme

Lake Turkana National Parks (Sibilo, Central Island and South Island) zoning scheme facilitates tourism development as well as management of the three Protected Areas as a single unit. The parks have been divided into four zones (Restricted Use, Low Use, Wilderness and Influence zones). In addition to this, each of the three parks is considered as a Management Sector (Management Zone). The three Sectors are Sibilo National Park; Central Island National Park and South Island National Park. Further, Sibilo National Park is divided into 3 security sectors (Alia Bay, Kokai, and Karsa) to enhance security.

2. Management Programmes

The Plan has five management programmes (Ecological Management Programme, Pre-historic and Cultural Heritage Management Programme, Tourism Development and Management Programme, Community Partnership and Conservation Education Programme, and Protected Area Operations and Security Management Programme). Each management programme contains management objectives that set out the future desired state that the Plan implementers aim to achieve, and a set of specific management actions to achieve these objectives. In addition, to facilitate plan implementation, each management programme has a 3-year Activity Plan, which breaks down the individual management actions into day-to-day management activities.

2.1 Ecological Management Programme

The plan seeks to ensure conservation of Lake Turkana National Parks natural environment is enhanced, through improved ecological monitoring, applied research and targeted management interventions.

2.2 Prehistoric and Cultural Heritage Management Programme

This plan seeks to promote participatory conservation and sustainable use of prehistoric and cultural heritage resources in, and around Lake Turkana through documentation, research and dissemination.

2.3 Tourism Development and Management Programme

The plan seeks to develop low impact, high quality tourism that capitalises on the Lake Turkana National Parks distinctive values and imparts memorable experiences to visitors.

2.4 Community Partnership and Conservation Education Programme

The plan seeks to enhance community support for conservation at the Lake Turkana National Parks and promote conservation sensitive land uses to improve community livelihoods.

2.5 Protected Area Operations and Security Management Programme

The plan aims to support effective implementation of the Lake Turkana National Parks management programmes and protect wildlife and archaeological resources.

The Plan including the background information on the plan and facts upon which the Plan is based is deposited at the office of the Director General, Kenya Wildlife Service along Langata Road whose address is provided below:

WHEREAS Edifice Real Estate Limited, of P.O. Box 12465-00400, Nairobi in the Republic of Kenya, is registered as proprietor of all that piece of land known as L.R. No. 209/18866, situate in the city of Nairobi in the Nairobi Area, by virtue of a certificate of title registered as I.R.114050/1.

Whereas the Environment and Land Court at Milimani in ELC JR No. 25 of 2017 between the Republic versus National Land Commission and Chief Land Registrar *ex parte* Edifice Real Estate Limited, the court quashed the decision of the National Land Commission contained in *Gazette* Notice No. 6862 of 27th July, 2017. The said court order was presented for registration *vide* day book number 1960 of 17th July, 2019.

Whereas the land register in respect thereof is lost/destroyed and efforts made to locate the said land register have failed and whereas Edifice Real Estate Limited has indemnified the Government of the Republic of Kenya against all claims that may be made after reconstruction of the register.

Notice is given that after the expiration of sixty (60) days from the date hereof the property register shall be reconstructed under provisions of section 33 (5) of the Act, provided that no objection has been received within that period.

Dated the 23rd August, 2019.

GAZETTE NOTICE NO. 7954

THE SEEDS AND PLANT VARIETIES ACT

(Cap. 326)

THE SEEDS AND PLANTS VARIETIES (PLANT BREEDERS' RIGHTS) REGULATIONS, 1994

(L.N. No. 482/1994)

PLANT BREEDERS' RIGHTS

NOTIFICATION OF APPLICATIONS FOR GRANT OF PLANT BREEDERS' RIGHTS

PURSUANT to regulation 16 of the Seeds and Plant Varieties (Plant Breeders' Rights) Regulations, 1994, the Cabinet Secretary for Agriculture, Livestock and Fisheries notifies the public of the applications for grant of Plant Breeders' Rights for the one hundred and twenty plant varieties set out in the Schedule.

Any breeder, successor in title to the breeder or any person who has substantial interest or is in a position to adduce material evidence relating to the applications may make representation regarding any of the applications.

The presentations may be made by lodging the original or certified copy of the deed of assignment or lodging the original or certified copy of letters of administration of the grant or such documentary evidence as will satisfy the authorized officer.

The presentations or requests for a hearing concerning the applications or any matters on which the authorized officer should be satisfied shall be made by the person applying for the opportunity to make presentations to the Cabinet Secretary or the Authorized officer within sixty (60) days of this notice, failure to which the authorized officer will proceed with processing of the applications.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement, etc.*:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typewritten with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.
