THE EAST AFRICA COMMUNITY CUSTOMS MANAGEMENT ACT, 2004

CESSATION OF WAREHOUSING GOODS

PURSUANT to section 47 of the East Africa Community Customs Management Act, 2004 and regulation 64 (k) of the East Africa Customs Management Regulations, 2010, the Commissioner of Customs and Border Control notifies the public that at the expiry of

ninety (90) days from the date of this notice, the following goods shall not be warehoused:

- All foodstuffs in any form, whether fresh or preserved, including bulk commodities except for those used as ship stores and in duty free shops.
- Ashes.
- Lubricants and batteries including vehicle batteries.
- Building and construction materials including stones, sand, paint, pipes, nuts, bolts, nails, tiles, metals, electrical fixtures and parts and tools.
- Furniture, carpets and floor coverings.
- Cigarettes and tobacco, except where these are warehoused by local excise factories or imported by duty free shops and used as ship stores.
- Clothing and textiles (new and used).
- Denatured and undenatured spirit of Tariff 2207.10.00 and 2207.20.00.
- Cameras and phones except those warehoused for duty free shops.
- Used footwear.
- Office supplies ready for retail sale including stationery cartridges/toners for pens and printers.
- Toiletries and cosmetic products ready for retail sale including fragrances, powder, lotions, creams, lipsticks, hair colouring and haircare products except for duty free shops.
- Second hand motor vehicles.
- Spares for motor vehicles (new and used).
- Motor vehicle and motor cycle tyres.
- Wines, spirits and other alcoholic beverages except those imported for sale in duty free shops and wines and spirits in bulk imported by licensed manufacturers of wines and spirits.

17. Any other goods whose warehousing, in the discretion of the Commissioner, is likely to impact negatively on the implementation of Customs laws and any other written laws.

Dated th 13th May, 2020.

P. AHAGO,
PUBS 0000589/19-20Ag. Commissioner, Customs and Border Control.

GAZETTE NOTICE NO. 3540

THE URBAN AREAS AND CITIES ACT, 2011

COUNTY GOVERNMENT OF MANDERA

ELWAK MUNICIPAL CHARTER

Preamble

WHEREAS Article 2 of the Constitution provides that the Constitution is the supreme law of the Republic of Kenya and binds all persons and all state organs at both levels of government.

WHEREAS Article 184 of the Constitution of Kenya, 2010 mandated parliament to enact a legislation to provide inter alia the criteria for classifying areas as urban areas and cities; establishing the principles of governance and management of urban areas and cities and to provide for participation by residents in the governance of urban areas and cities within 1 year of the promulgation of the Constitution.

WHEREAS Parliament enacted the Urban Areas and Cities Act in the year 2011 which legislation had an effective date falling after the first elections held under the Constitution of Kenya, 2010.

WHEREAS section 9 of the Urban Areas and Cities Act empowers the County Governor, on the resolution of the County Assembly, to confer on a qualifying town, the status of a Municipality by grant of a Charter in the prescribed form.

WHEREAS No regulations have been promulgated under the Urban Areas and Cities Act providing the prescribed form of a Municipal Charter under the Urban Areas and Cities Act.

WHEREAS section 72 of the Interpretations and General Provisions Act allows for substantial conformity of any instruments required to be in a prescribed form under any statute in Kenya.

WHEREAS The County Assembly of Mandera duly approved the request by the County Executive Committee for grant of this Charter to the now Municipality of Elwak.

NOW therefore in exercise of the powers conferred by section 9 (1) of the Urban Areas and Cities Act, (No. 13 of 2011) as complemented by section 72 of the Interpretations and General Provisions Act (Chapter 2) and all other enabling provisions of law, the County Governor of Mandera County grants the Municipality of ELWAK this Municipal Charter on this day of 2020.

ALI ROBA,
Governor, Mandera County.

PART I—INCORPORATION, NAME AND BOUNDARIES

1. *Incorporation and Name*

- (a) There is established a Municipality to be known as Elwak Municipality consisting of a Municipality Board and a Municipality Management.
- (b) This Charter is the Municipal Charter of the Municipality of Elwak within Mandera County, Kenya.
- (c) All processes affecting the Municipality shall be served upon the Municipal Manager or acting Municipal Manager, in the absence of both of said officers, on the Secretary of the Board of the Municipality.

2. *Boundaries*

The boundary of the Municipality of Elwak shall be Elwak South Ward and Elwak North Wards of Mandera South Constituency or as may subsequently be altered.

PART II—POWERS, OBJECTS AND FUNCTIONS OF THE MUNICIPALITY

3. *Power of the Municipality*

- (a) The Municipality of Elwak shall have the jurisdiction and powers conferred on it by the constitution, the Urban Areas and Cities Act, County legislations and this Charter.
- (b) Elwak Municipality shall exercise its powers in the manner prescribed in this Charter, or, in such manner as may be provided by the national or county legislations.
- (c) If not prescribed herein or provided by the National and County Legislation, in such manner as may be determined by the Board of the Municipality.
- (d) The Municipality of Elwak may undertake other functions and activities conferred by an Act of County Assembly or delegated by the Executive Committee.

4. *Objects of the Municipalities*

- (a) The objects of the Municipality of Elwak are to:
 - (b) Provide for efficient and accountable management of the affairs of the Municipality.
 - (i) Provide for a governance mechanism that will enable the inhabitants of the Municipality to:

- (ii) Participate in determining the social services and regulatory framework which will best satisfy their needs and expectations;
- (iii) Verify whether public resources and authority are utilized or exercised, as the case may be, to their satisfaction;
- (iv) Enjoy efficiency in service delivery.
- (c) Vigorously pursue the developmental opportunities which are available in the Municipality and to institute such measures as are necessary for achieving public order and the provisions of civic amenities, so as to enhance the quality of life of the inhabitants of the Municipality.
- (d) Provide a high standard of social services in a cost effective manner to the inhabitants of the Municipality.
- (e) Promote social cohesiveness and a sense of civic duty and responsibility among the inhabitants and stakeholders in the Municipality in order to facilitate collective action and commitment towards achieving the goal of a harmonious and stable community.
- (f) Providing for services, laws and other matters for Municipality's benefit.
- (g) Fostering the economic, social and environmental well-being of its community.

5. Function of the Municipality

- (a) The Municipality of ELWAK shall, within the boundaries of the Municipality, perform the following functions:
 - (i) Promotion, regulation and provision of refuse collection and solid waste management services;
 - (ii) Promotion and provision of water and sanitation services and infrastructure (in areas within the Municipality not served by the Water and Sanitation Provider);
 - (iii) Construction and maintenance of urban roads and associated infrastructure;
 - (iv) Construction and maintenance of storm drainage and flood controls;
 - (v) Construction and maintenance of walkways and other non-motorized transport infrastructure;
 - (vi) Construction and maintenance of recreational parks and green spaces;
 - (vii) Construction and maintenance of street lighting;
 - (viii) Construction, maintenance and regulation of traffic controls and parking facilities;
 - (ix) Construction and maintenance of bus stands and taxi stands;
 - (x) Regulation of outdoor advertising;
 - (xi) Construction, maintenance and regulation of municipal markets and abattoirs;
 - (xii) Construction and maintenance of fire stations; provision of fire-fighting services, emergency preparedness and disaster management;
 - (xiii) Promotion, regulation and provision of municipal sports and cultural activities;
 - (xiv) Promotion, regulation and provision of animal control and welfare;
 - (xv) Development and enforcement of municipal plans and development controls;
 - (xvi) Municipal administration services (including construction and maintenance of administrative offices);
 - (xvii) Promoting and undertaking infrastructural development and services within municipality;
 - (xviii) Control land, land sub-division, land development and zoning by public and private sectors for any purpose.
 - (xix) Develop the framework of the spatial and master plans for the Municipality.

- (xx) Any other functions as may be delegated by the County Executive Committee.
- (b) The Municipality of Elwak shall not carry out any of the functions referred to in Sub-Clause (1) unless is delegated by the County Executive Committee through cabinet resolutions.
- (c) A functions or powers delegated or transferred by the Executive Committee to the Municipality shall be in the form of agreement.
- (d) If a function or power is delegated or transferred from a Ministry to the Municipality, arrangements shall be put in place to ensure that the resources necessary for the performance of the function or exercise of the power are transferred.
- (e) In allocating resources, the executive committee shall give priority to the functions and powers delegated to the Municipality.
- (f) The Municipality of Elwak shall prepare and forward its annual budget for delegated functions.
- (g) The functions referred in clause 5 (1) (a), (c), (d), (e), (g), (h), (i), (k), (l), (n), (o) and (p) shall be deemed transferred to Elwak Municipality upon approval of this charter by the Governor.

PART III – THE BOARD OF THE MUNICIPALITY

6. Establishment of the Board

- (a) There shall be a Board of the Municipality of Elwak.
- (b) The Board of the Municipality shall be a corporate body with perpetual succession and a common seal and shall in its own corporate name, be capable of:
 - (i) Suing and being sued;
 - (ii) Taking, purchasing or otherwise acquiring, holding, charging or disposing of movable and immovable property;
 - (iii) Borrowing money or making investments within the limits imposed by law
 - (iv) Entering into contracts; and
 - (v) Doing or performing all other act or things for the proper performance of its functions in accordance with the Urban Areas and Cities Act or any other written law which may lawfully be done or performed by a body corporate.
- (c) There shall be a principal and agency relationship between the Board of the Municipality and the County Government of Mandera.

7. Powers of the Board

- (a) The Board of the Municipality shall have all the powers and perform all functions vested in boards of municipalities under the Urban Areas and Cities Act, the County Government Act and the Municipality By-laws.
- (b) Except as this Charter otherwise provides, all powers of the Municipality shall be vested in the Board of the Municipality.
- (c) The Board of the Municipality shall provide for the exercise of these powers and for the performance of all duties and obligations imposed on the Board of the Municipality.
- (d) Subject to the Constitution and any other written law, the Board of the Municipality shall, within the boundaries of the Municipality of Elwak:
 - (i) exercise executive authority as delegated by the County Executive Committee of the County Government of Mandera;
 - (ii) ensure provision of services to its residents;
 - (iii) impose such fees, levies and charges as may be authorized by the County Government for delivery of services by the Municipality;

- (iv) promote constitutional values and principles;
 - (v) ensure the implementation and compliance with policies formulated by both the National and County Government;
 - (vi) make by-laws or make recommendations for issues to be included in By-laws;
 - (vii) ensure participation of the residents in decision making, its activities and programmes; and
 - (viii) Exercise such other powers as may be delegated by the County Executive Committee of the County of Mandera.
- (e) Notwithstanding any other provision of law or this charter, the Board of Municipality shall exercise executive authority as may be delegated by the county Executive Committee for the necessary performance of its function.

8. Functions of the Board

- (a) The Board of the Municipality shall perform the following functions—
- (i) oversee the affairs of the Municipality;
 - (ii) develop or adopt policies, plans, strategies and programmes and set targets for service delivery;
 - (iii) formulate and implement an integrated development plan;
 - (iv) control land, land sub-division, land development and zoning by public and private sectors for any purpose, including industry, commerce, markets, shopping and other employment centres, residential areas, recreational areas, parks, entertainment, passenger transport, agriculture and freight and transit stations within the framework of spatial and master plans for the municipality as delegated by Mandera County Government;
 - (v) promoting and undertaking infrastructural development and services within Municipality as delegated by the County Government of Mandera;
 - (vi) developing and managing schemes, including site development in collaboration with the relevant national and county agencies;
 - (vii) maintaining a comprehensive database and information system of the administration;
 - (viii) administering and regulating its internal affairs;
 - (ix) implementing applicable national and county legislation;
 - (x) entering into contracts, partnerships or joint ventures as it may consider necessary for the discharge of its functions;
 - (xi) monitoring and, where appropriate, regulating municipal services where those services are provided by service providers other than the Board of the Municipality;
 - (xii) Preparing and submitting its annual budget estimates to the County Treasury for consideration and submission to the County Assembly for approval as part of the annual Appropriation Bill;
 - (xiii) collecting rates, taxes levies, duties, fees and surcharges on fees as delegated by the County Government of Mandera;
 - (xiv) settling and implementing tariff, rates and tax and debt collection policies as delegated by the County Government of Mandera;
 - (xv) monitoring the impact and effectiveness of any services, policies, programs or plans;
 - (xvi) establishing, implementing and monitoring performance management systems;
 - (xvii) promoting a safe and healthy environment;
 - (xviii) facilitating and regulating public transport; and
 - (xix) performing such other functions as delegated by the Executive Committee of the County Government of Mandera;

9. Composition and Eligibility for Appointment as a Member of the Board of the Municipality

- (a) The Board of the Municipality shall consist of nine members appointed by the Governor with the approval of the County Assembly.
- (b) The members of the board appointed under sub-clause (1) shall be constituted as follows—
- (i) the county executive member for the time being responsible for cities and urban areas or his representative;
 - (ii) three members who shall be appointed by the county governor, with the approval of the county assembly;
 - (iii) four members who shall be nominated by an association and appointed by the county governor, with the approval of the county assembly;
 - (iv) the chief officer responsible for urban development; and
 - (v) the municipal manager appointed under Clause 25 who shall be the secretary of the board and an ex officio member of the board.
- (c) The Four members of the board of a municipality specified under sub-clause (2) (c), shall be nominated by—
- (i) an umbrella body representing professional associations in the area;
 - (ii) an association representing the private sector in the area;
 - (iii) a cluster representing registered associations of the informal sector in the area; and
 - (iv) a cluster representing registered neighborhood associations in the area.
- (d) In appointing members of the Board of the Municipality, the County Governor shall ensure gender equity, representation of persons with disability, youth and marginalized groups.
- (e) The county governor shall while considering the nominated members identified by the organizations specified under sub-clause (2), require the organizations to produce—
- (i) signed minutes as evidence of an accountable process of nomination;
 - (ii) evidence of compliance with statutory obligations; and
 - (iii) vetting form to establish that the nominee has complied with the prescribed criteria for appointment as a member of the board.
- (f) A person shall be qualified for appointment as a chairperson of the board if that person—
- (i) holds at least a degree from an institution recognized in Kenya;
 - (ii) has a distinguished career in a medium level management position in either the private or public sector;
 - (iii) holds at least ten years' post qualification professional experience;
 - (iv) satisfies the requirements of Chapter Six of the Constitution;
 - (v) is ordinarily resident or has a permanent dwelling in the municipality; and
 - (vi) carries on business in the municipality or has lived in the municipality for at least five years.
- (g) A person shall be qualified for appointment as a member of the board if that person—
- (i) holds at least a diploma from an institution recognized in Kenya;
 - (ii) has a distinguished career in a medium level management position in either the private or public sector;

- (iii) holds at least five years' post-qualification professional experience; and
 - (iv) satisfies the requirements of Chapter Six of the Constitution;
 - (v) is ordinarily resident or has a permanent dwelling in the municipality; and
 - (vi) carries on business in the municipality or has lived in the municipality for at least five years.
- (h) A person shall not be appointed as a member of the Board if that person—
- (i) is an undischarged bankrupt;
 - (ii) has been removed from office for contravening the Constitution or any other law;
 - (iii) is not a citizen of Kenya; or
 - (iv) has in the conduct of his or her affairs not met any statutory obligations.

10. Vacation of Office

- (a) A member of a board shall cease to hold office if the member—
- (i) is unable to perform the functions of the office by reason of mental or physical infirmity;
 - (ii) is declared or becomes bankrupt or insolvent;
 - (iii) is convicted of a criminal offence and sentenced to a term of imprisonment of six months or more;
 - (iv) resigns in writing to the county governor;
 - (v) without reasonable cause, the member is absent from three consecutive meetings of the board or committee within one financial year;
 - (vi) is found guilty of professional misconduct by the relevant professional body;
 - (vii) is disqualified from holding a public office under the Constitution;
 - (viii) is convicted of an offence and is sentenced to imprisonment for a term of six months or more;
 - (ix) in any particular case, the member fails to declare his or her interest in any matter being considered or to be considered by the board or committee;
 - (x) engages in any gross misconduct; or
 - (xi) dies.

11. Chairperson and Vice-Chairperson of the Board

- (a) Subject to sub-clause (2), there shall be a chairperson and vice-chairperson for the Elwak municipality board.
- (b) The chairperson and the vice chairperson shall be elected by the members of the board from among themselves during the first meeting of the board, and subsequently whenever a vacancy arises and shall be of opposite gender.
- (c) The chairperson and vice chairperson shall hold office for a term of five years.
- (d) The chairperson shall—
- (i) be the head of the board;
 - (ii) chair meetings of the board;
 - (iii) perform such duties as may be delegated by the board.
- (e) The vice-chairperson shall, in the absence of the chairperson, perform the functions of chairperson and shall perform such other functions as may be delegated by the chairperson or the board.

12. Term of Office

A member of a board shall hold office for a term of five years, on a part-time basis.

13. Removal from Office

- (a) A person may be removed from the office of chairperson, vice chairperson or a member of the board on any of the grounds provided under Clause 10 (a), (b), (c), (e), (f), (g), (h), (i) and (j).
- (b) A person may be removed under sub-clause (1)—
- (i) by the county governor;
 - (ii) by the board, supported by the vote of at least two-thirds of the members of the board; or
 - (iii) upon petition by the residents of a city or municipality.
- (c) A resident of a city or municipality may file a writing petition with a board for the removal of a chairperson or vice chairperson.
- (d) The procedure for the removal or petition for removal of a chairperson or vice chairperson under sub-clauses (1) and (2) shall be provided by regulations.

14. Filling of Vacancy

A vacancy in the office of a chairperson, vice chairperson or a member of the board shall, with necessary modification, be filled in accordance with Clause 9 of this Charter.

15. Committees of the Board of the Municipality

- (a) The Board of the Municipality may—
- (i) establish such Committees for any general or special purpose which, in its opinion, would regulate or manage its affairs more efficiently and as may be necessary for the performance of its functions under this Charter or the Urban Areas and Cities Act;
 - (ii) delegate to such Committee such functions as are necessary for the efficient performance of its duties in respect to the whole or any part of the area under the jurisdiction of the Board of the Municipality; and
 - (iii) include persons who are not members of the Board in any Committee.
- (b) The provisions of this charter relating to the Board, Chairperson, and Vice Chairperson, meetings, Quorum, removal and decisions shall apply, with the necessary modifications, to the committee.

16. Remuneration of the Members of the Board of Municipality

- (a) The Board of the Municipality shall not be entitled to a salary.
- (b) The members of the Board of the Municipality shall be paid such allowances as the County Executive Committee shall, with the approval of the County Public Service Board, and on the advice of the Salaries and Remuneration Commission, determine.

17. Meetings of the Board of the Municipality

- (a) The Board shall hold their sittings at such places within the Municipality as may be determined by the Municipal Manager or the Board Chair.
- (b) The sittings of the Board shall be open and easily accessible to the public unless, owing to the nature of the matter and for reasons to be recorded, it becomes necessary to exclude the public. However, no by-laws, rule or regulation shall be finally adopted at such an exclusive session.
- (c) The meetings of Board shall be chaired by the Chairperson and in his or her absence, the vice-chairperson or the member elected by the members present.
- (d) The quorum at the sitting of Board shall be two thirds.
- (e) The Board shall, at the beginning of every year, prepare schedules of their sittings specifying the time and the venues.
- (f) The Board shall hold its sittings to transact the business of the Board once every three months.

- (g) The decisions of the Board shall be by consensus and where a vote becomes necessary by a simple majority.
- (h) The chairman of the meeting shall have an original and a casting vote in the event of a tie.
- (i) The proceedings of the Municipality shall be recorded in writing.
- (j) The Board of the Municipality shall by resolution adopt rules to govern its meetings.

18. Record of Information of the Board

- (a) The minutes and other information of the Board of the Municipality shall be kept by the Secretary to the Board of the Municipality.
- (b) Access to information on the activities and resolutions of the Board of the Municipality shall be as provided under the Urban Areas and Cities Act or any other national legislations.

19. Citizen Fora

- (a) All recommendations from the Citizen Fora of the Municipality of ELWAK shall be forwarded to the Board of the Municipality for resolution
- (b) The Board of Municipality shall ensure the development of mechanisms for the participation of the residents of the Municipality of ELWAK in the management and administration of the Municipality.
- (c) All recommendations on issues raised in the Citizen Fora and addressed by the Board of the Municipality shall be forwarded to the Municipal Manager for implementation.

20. Legislative Authority

- (a) In accordance with the provisions of Article 185 of the Constitution and Section 21 of the County Government, the Board may make any By-laws that are necessary for or incidental to, the effective performance of the functions and exercise of the powers of the Municipality under this Charter and submit to the County Assembly for approval.
- (b) The Governor shall within fourteen days after receipt of a By-Law:
 - (i) Endorse to the By-law; or
 - (ii) Refer the By-law back to the County Assembly with a memorandum outlining reasons for the referral.
- (c) A by- law proposed by the Municipality Board, approved by the county Assembly and endorsed to by the governor shall be published in the county Gazette within fourteen days after endorsement.
- (d) The Board may propose amendment to the by-laws after six months of endorsement by the Governor.

21. Effective Date of By-laws

- (a) By-laws shall take effect on the 30th day after endorsement, or on a later day provided in the by-law.
- (b) A By-law may take effect as soon as adopted or other date less than thirty (30) days after adoption if it contains emergency provisions.

22. Administrative Authority

- (a) The Board of the Municipality shall exercise its administrative authority by approving resolutions.
- (b) Approval of a resolution or any other Board administrative decision requires approval by the Board of the Municipality at one meeting.
- (c) Any substantive amendment to a resolution must be read aloud or made available in writing to the public before the Board adopts the resolution at that meeting.
- (d) After approval of a resolution or other administrative decision, the vote of each member must be entered into the Board minutes.

23. Effective Date of Resolutions

Resolutions and other administrative decisions take effect on the date of approval, or on a later day provided in the resolution.

PART-IV THE MUNICIPAL MANAGER AND DEPUTY MUNICIPAL MANAGER

- (b) The County Public Service Board, in consultation with the Salaries and Remuneration Commission, shall work out the emoluments, pensions, gratuities or other benefits due to the officers appointed to serve under this Charter.

40. Management of Municipal Personnel

- (a) Employees of the Municipality shall be under the general guidance and supervision of the Municipal Manager.
- (b) For the avoidance of doubt, it is the responsibility of the Municipal Manager to supervise and manage staff deployed across the Municipality to coordinate and implement Municipality, County and National policies and functions.

41. Retirement Systems

The Board of the Municipality may do all things necessary to include its officers and employees, or any of them within any retirement system or pension system under the terms of which they are admissible, and to pay the employer's share of the cost of any such retirement or pension system out of the general funds of the Board of the Municipality.

42. Compensation of Municipal Personnel

The compensation of all employees of the Municipality shall be set by the County Public Service Board upon the advice of the Salaries and Remuneration Commission.

PART VI – MUNICIPALITY PROPERTY**43. Acquisition, Possession and Disposal**

- (a) The Board of the Municipality is a body corporate and may acquire real, personal, or mixed property for any public purpose by purchase, gift, bequest, devise, lease, or otherwise and may sell, lease, or otherwise dispose of any property belonging to the Municipality.
- (b) All town or municipality property and funds of every kind belonging to or in the possession of the town (by whatever

prior name known) at the time this Charter becomes effective are vested in the Municipality, subject to the terms and conditions thereof.

44. Compulsory Acquisition

- (a) Whenever the Municipality deems it necessary to acquire private land for its purposes, it shall request the County Executive Committee responsible for meters relating to Land at the time to acquire the land on its behalf.
- (b) The provisions of the Land Act shall apply to any intended compulsory acquisition by the Municipality of property within the Municipality.

45. Municipal Building

The Board of the Municipality may acquire, obtain by lease or rent, purchase, construct, operate, and maintain all buildings and structures it deems necessary for the operation of the Municipality.

46. Protection of Municipality Property

The Board of the Municipality may do whatever may be necessary to protect municipal property and to keep all municipal property in good condition.

PART –VII TRANSITIONAL AND GENERAL PROVISION**47. Oath**

- (a) Before entering upon the duties of their offices, the Municipal Manager, the Chairperson and Vice-Chairperson and the members of the Board, and all other persons elected or appointed to any office of profit or trust in the Municipality, as determined by Board, shall take and subscribe to the following oath or affirmation:

"I, [...], being called on to exercise the functions of [Municipal Manager/Chairperson, etc.] of the Municipality of [...], do swear/solemnly affirm that that I will at all times be faithful to the Republic of Kenya; that I will obey, respect and uphold this Constitution of Kenya and all other laws of the Republic, that except with the authority of the Board of the Municipality of [...], I will not directly or indirectly reveal the nature or contents of any business, proceedings or document of the Municipality committed to my secrecy, except as may be required for the due discharge of my duties as [Municipal Manager/Chairperson, etc.] of the Municipality of [...] or otherwise under the law. (In the case of an oath— So help me God.."

- (b) The Municipal Manager shall take and subscribe to this oath or affirmation before the County Governor. All other persons taking and subscribing to the oath shall do so before the Municipal Manager.

48. Amendments of the Charter

- (a) The County Governor may at any time amend any provision of this Charter.
- (b) The County Governor shall cause a copy of the Amended Charter to be laid before the County Assembly within 30 days of its amendment for approval.

49. Conflict of Statutory Provisions

Where there is a conflict or inconsistency between the provisions of this Charter and the provisions of the Constitution any other law relating to Urban and Cities or Municipality, the Constitution and laws shall prevail.

50. Effective Date of Charter

The provisions of this Charter shall come into effect upon approval by the Assembly.

51. Rights and Privileges Reserved

Nothing in the Charter except as otherwise specifically provided shall effect or impair the rights or privileges of persons who are Town Officials, Officers or Employees at the time of its adoption.

52. Departments

- (a) All Town Departments shall continue to operate with the same powers, duties, activities, budgets, and employees as were in effect at the time this Charter becomes effective until changed by the Municipal Manager with the approval of the Board of the Municipality.

(b) The Municipality of ELWAK shall at least have the following departments and each department shall be headed by a Head of Department who reports to the Municipal Manager:

- (i) Department of Administrative Services;
- (ii) Department of Development Service;
- (iii) Department of Sanitation and Environment;
- (iv) Department of Fires and Disaster of Management; and
- (v) Department of Enforcement Service.

(c) Municipal manager may—

- (i) establish, continue or vary any department, and determine the objects and purposes of the department;
- (ii) determine the number and nature of departments at the Municipality;
- (iii) abolish any department; and
- (iv) Determine or change the name of any department.

(d) The municipal manager shall carry out powers conferred by this Clause, in consultation with the Governor and County Public Service Bard.

(e) In exercising the powers conferred by this Clause, shall be guided by the principal of public service.

Chairman, County Public Service Board.

GAZETTE NOTICE No. 3542

PUBLIC SERVICE COMMISSION

LIST OF ALL APPLICANTS AND SHORTLISTED CANDIDATES FOR THE POSITION OF THE AUDITOR – GENERAL

HIS EXCELLENCY the President of the Republic of Kenya, and Commander-in-Chief of the Kenya Defence Forces, in compliance with section 11 (2) of the Public Audit Act, 2015, declared a vacancy in the position of the Auditor-General vide Special Gazette Issue Vol. CXXI No. 111 of 27th August, 2019 and invited applications from qualified persons for appointment to the Office. The position was later re-advertised on the 17th December, 2019.

Pursuant to section 11 (5) of the Public Audit Act, His Excellency the President constituted a Selection Panel vide a Special Kenya Gazette Issue Vol. CXXII-No. 68 dated the 17th April, 2020, to consider the applications, and to select at least three (3) persons for appointment as the Auditor-General. The Selection Panel has finalized shortlisting of the candidates who applied for the re-advertised position of the Auditor-General.

In compliance with section 11 (4) of the Public Audit Act, the Public Service Commission herein publishes the names of all

applicants. The Commission further publishes the names of the shortlisted candidates as submitted by the Selection Panel for Recruitment of the Auditor-General, as well as the interview schedule as follows:

(a) List of all Applicants

(a) Interview

Shortlisted candidates are invited for interview at Commission House, along Harambee Avenue, Nairobi, on the dates and times specified in the above schedule. The candidates should bring with them their original documents that include:

1. National Identification Card/Passport.
2. Academic and professional certificates and transcripts
3. Clearances from the following bodies—
 - (i) Kenya Revenue Authority;
 - (ii) Ethics and Anti-Corruption Commission;
 - (iii) Higher Education Loans Board;
 - (iv) Registered Credit Reference Bureau;
 - (v) Directorate of Criminal Investigations (Police Clearance Certificate);
 - (vi) Recommendations from professional body/bodies; and
 - (vii) Any other supporting documents.

(b) Public Participation

Members of the Public are invited to avail in writing any credible information of interest on any of the shortlisted candidates. Submissions may be emailed to auditor-general@publicservice.go.ke so as to reach the undersigned on or before Friday, 22nd May, 2020, by 4.00 p.m. Hard copy submissions may be posted to:

The Chairperson,
Selection Panel for Recruitment of the Auditor-General
P.O. Box 30095-00100,
Nairobi.

Memoranda may also be delivered by hand to Room 404, New Commission Building, 4th Floor, Commission House, Harambee Avenue, Nairobi during official working hours.

MUTUA KILAKA,
Chairperson,
Selection Panel for Recruitment of the Auditor-General.

GAZETTE NOTICE No. 3543

THE POLITICAL PARTIES ACT

(No. 11 of 2011)

THE POLITICAL PARTIES (AMENDMENT) ACT

(No. 21 of 2016)

VACANCIES IN THE OFFICE OF REGISTRAR AND ASSISTANT REGISTRAR OF POLITICAL PARTIES

PURSUANT to the provisions of sections 33 and 34 of the Political Parties Act, 2011 and the Sixth Schedule thereto as amended by the Statute Law (Miscellaneous Amendments) Act, 2012, the Public Service Commission invites applications from suitably qualified candidates to fill the following positions:

REGISTRAR OF POLITICAL PARTIES—ONE (1) POST

Remuneration

Gross monthly Salary: KSh. 650,000 (plus other benefits as determined by the Salaries and Remuneration Commission);

Requirements for Appointment

For appointment to this position, a candidate must—

- (a) hold a degree from a university recognized in Kenya;
- (b) have proven knowledge and experience in any of the following fields:
 - (i) Finance;
 - (ii) Management;
 - (iii) Political Science;
 - (iv) Law;
 - (v) Governance; or
 - (vi) Public Administration;
- (c) have at least fifteen (15) years post qualification experience in the relevant areas of expertise; and
- (d) have high moral character and integrity and has satisfied the requirements of Chapter Six of the Constitution.

Duties and Responsibilities

The duties and responsibilities of the Registrar shall be to—

- (a) register, regulate, monitor, investigate and supervise political parties to ensure compliance with the Political Parties Act, 2011.
- (b) administer the Fund;
- (c) ensure publication of audited annual accounts of political parties;
- (d) verify and make publicly available the list of all members of political parties;
- (e) maintain a register of political parties and the symbols of the political parties;
- (f) ensure and verify that no person is a member of more than one political party and notify the Commission of his findings; and
- (g) investigate complaints received under Political Parties Act, 2011.

ASSISTANT REGISTRAR OF POLITICAL PARTIES—THREE (3) POSTS

Remuneration

Gross monthly Salary: KSh. 400,000–KSh. 540,000 (plus other benefits as determined by the Salaries and Remuneration Commission)

Requirements for Appointment

For appointment to this position, a candidate must—

- (a) hold a degree from a university recognized in Kenya;
- (b) have proven knowledge and experience in any of the following fields:

- (i) Finance;
 - (ii) Management;
 - (iii) Political Science;
 - (iv) Law;
 - (v) Governance; or
 - (vi) Public Administration;
- (c) have at least ten (10) years post qualification experience in the relevant areas of expertise; and
- (d) have high moral character and integrity and has satisfied the requirements of Chapter Six of the Constitution.

Functions of the Assistant Registrar:

The Assistant Registrar shall deputize the Registrar of Political Parties in the following duties and responsibilities—

- (a) register, regulate, monitor, investigate and supervise political parties to ensure compliance with Political Parties Act, 2011;
- (b) administer the Fund;
- (c) ensure publication of audited annual accounts of political parties;
- (d) verify and make publicly available the list of all members of political parties;
- (e) maintain a register of political parties and the symbols of the political parties;
- (f) ensure and verify that no person is a member of more than one political party and notify the Commission of his findings; and
- (g) investigate complaints received under Political Parties Act, 2011.

Note

- (a) A person shall not be qualified for appointment as a Registrar or Assistant Registrar if the person has, at any time within the preceding five years, held office or stood for election as a Member of Parliament or a County Assembly or as a member of a governing body of a political party.
- (b) The Registrar and Assistant Registrars shall serve for a non-renewable term of six (6) years and shall not be eligible for re-appointment.
- (c) The office of the Registrar shall be a State Office within the meaning of Article 260 of the Constitution.
- (d) All shortlisted candidates will be required to obtain clearance certificates from:
 - (i) Ethics and Anti-Corruption Commission (EACC);
 - (ii) Kenya Revenue Authority (KRA);
 - (iii) Criminal Investigations Department (CID);
 - (iv) Any of the Registered Credit Reference Bureaus; and
 - (v) Higher Education Loans Board (HELB).
- (e) Names of all applicants and the interview schedule of those shortlisted shall be published in the Commission website www.publicservice.go.ke after the closure of the advert.

How to Apply

Manual applications should be clearly marked "Application for Registrar of Political Parties" or "Application for Assistant Registrar of Political Parties" and addressed to:

*The Secretary/CEO
Public Service Commission
Harambee Avenue
P.O. Box 30095-00100,
Nairobi.*

Applications may be posted to OR hand delivered and signed for at the Commission Secretary's Office on 4th Floor, Commission House, off Harambee Avenue.

Each application should be accompanied with detailed curriculum vitae (cv), a copy of the national identity card, and certified copies of academic and professional certificates.

Applications together with supporting documents may also submitted online to: registrarp20@publicservice.go.ke so as to reach the Commission on or before 21st May, 2020.

NB. This advertisement can also be accessed on the Commission's website. www.publicservice.go.ke

SIMON K. ROTICH,
PUBS No. 648/19-20 Secretary/CEO, Public Service Commission.

GAZETTE NOTICE NO. 3547

THE BIOSAFETY ACT

(No. 2 of 2009)

NATIONAL BIOSAFETY AUTHORITY

REQUEST FOR COMMENTS ON AN APPLICATION FOR ENVIRONMENTAL RELEASE (OPEN FIELD CULTIVATION) AND PLACING ON THE MARKET OF DISEASE RESISTANT GENETICALLY MODIFIED CASSAVA IN KENYA

The National Biosafety Authority (NBA) is the competent Authority mandated to regulate all activities involving genetically modified organisms (GMOs). Under the provisions of the Biosafety Act, 2009, section 19(4) and Biosafety (Environmental Release) Regulations of 2011, regulation 12 (1) (2), the National Biosafety Authority announces to the public the receipt of an Application for consideration for a possible environmental release (open cultivation) and placing on the market of genetically modified cassava that is resistant to Cassava Brown Streak Disease (CBSD), a common viral disease present in Kenya.

The application was submitted by Kenya Agricultural and Livestock Research Organization (KALRO). According to the applicant and based on data obtained from research conducted so far, the cassava has high levels of disease resistance as a result of the genetic modification. Farmers and consumers will benefit from CBSD resistant cassava as a result of increased cassava root quality and marketable yield.

The Application is currently undergoing a science-based review process conducted by National Biosafety Authority, together with relevant regulatory agencies and independent experts, to ascertain that the genetically modified cassava is safe to human and animal health as well as to the environment. The key aspects considered in the food and feed safety assessment include, but are not limited to, nutritional composition, and assessment of safety of any new proteins. The environmental safety evaluation of the cassava looks at its potential to become a weed or invasive to natural habitats, the potential impact of cross-pollination with conventional cassava as well as wild relatives, altered production potential, and potential impact on non-target organisms and biodiversity.

The general public is hereby requested to participate through submitting written comments on this application to National Biosafety Authority. The comments should reach the undersigned not later than thirty (30) calendar days from the date of this publication.

Thereafter, the Authority will make a final decision on the application based on environmental and food safety assessment, socio-economic considerations, comments from relevant regulatory agencies, independent experts and relevant comments received from the public.

In the event that the Authority decides to approve open field cultivation and placing on the market, the due processes governing any further testing, official release and commercialization of the cassava

seed and plant varieties in Kenya shall apply as per the existing national policy, legislation and guidelines for handling genetically modified crops and new crop varieties.

Further information on the Application, guidelines for public participation, and the submission form can be accessed through the Authority's website www.biosafetykenya.go.ke or physically at the National Biosafety Authority offices (Nairobi, Mombasa, Namanga and Busia) during normal working hours.

Please send your written comments by mail to:

Chief Executive Officer,
National Biosafety Authority,
PCPB Building, Loresho, off Waiyaki Way
P.O. BOX 28251-00100, Nairobi
or by Email: ercassava2020@biosafetykenya.go.ke

Deadline for written submissions: 14th June, 2020

Online Public Participation Forum

Due to the Covid-19 pandemic, public participation forum on this project shall be held online via Zoom. All stakeholders and general public interested to participate in the online meeting should indicate their working emails within twenty one (21) days from date of this publication to ercassava2020@biosafetykenya.go.ke. The National Biosafety Authority shall contact them and share the online link to facilitate participation in the public forum. Comments and Questions related to this project can also be sent via SMS number 0713 854 132 before the submission deadline.

Participation is open to all members of public.

Dated the 11th May, 2020.

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED WASTE OIL HANDLING FACILITY ON
PLOT NO. FR. 343/73, MIRITINI AREA, MOMBASA COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Wang-Tech Petroleum Limited proposes to construct and operate a waste oil handling facility. The proposed project activities entails civil works associated with reconstruction of the existing yard include construction of the following: reinforced concrete slab in the working area, bund walls to serve as secondary containment for the waste oil storage tanks, concrete storm water drainage channels incorporating oil/water interceptors, an office block and washrooms. Activities to be undertaken during operation phase of the proposed project include transportation of waste oil from the port of Mombasa to the yard for processing (decanting) and selling to third parties for reuse or recycling. The technology to be used in the processing of waste oil entails separation of oil from water without an addition of any chemical. The design of the processing facility consists of a chamber with a mechanical screen (sieve) on top, a long channel and a six stage underground oil separator chambers arranged in series. These are simply decanting chambers that have connecting pipes which allow water to pass from one chamber to the next.

Recondition engine exhaust systems. Proper engine tune-up. Establish inspection and maintenance program for equipment and tools. Post appropriate notices to warn drivers against unnecessary hooting. reduction of idling time of equipment and vehicles. Construction activities to be scheduled between 8.00 a.m and 5.00 p.m.
Exhaust emissions from equipment and vehicles	<ul style="list-style-type: none"> Adverse human health Contribution to greenhouse effect (global warming) Nuisance to workers and neighbours 	<ul style="list-style-type: none"> Recondition engine exhaust systems. Proper engine tune-up. Establish inspection and maintenance program for equipment.
Spillage of hazardous materials like lubricants and fuel	<ul style="list-style-type: none"> Ground water contamination through leaching Contamination of surface water through storm water run-off Soil contamination 	<ul style="list-style-type: none"> Document spill prevention procedure and response plan. Off-site maintenance of fuel powered equipment and vehicles. Maintain spill response kits at the site. Use of drip trays when carrying out minor servicing of equipment. Hazardous materials to be stored in closed containers and placed on water proof surface. Minimize the quantity of hazardous materials stored at the site.
Waste disposal	<ul style="list-style-type: none"> Ground water contamination through leaching of the leachate. Surface water contamination through run off Aesthetic degradation Nuisance to workers and 	<ul style="list-style-type: none"> Provide suitable and well labelled solid waste containers. Proper segregation of waste generated. Reduce generation of solid waste at the source. Reuse of top soil for landscaping of the site. Empty packaging materials like cartons and cement bags should be piled in a safe place and sold or issued out for reuse.

<i>Environmental Aspect</i>	<i>Potential Environmental Impact</i>	<i>Mitigating Measures</i>
	neighbours	Sell used oil and scrap metals to licensed dealers.
	• Clogging of storm drains	Other solid waste to be collected by licensed waste handlers for appropriate disposal.
	• Soil contamination	Provision of sanitary facilities for use by workers.
Fire	-Loss of property and/or life	Provide appropriate firefighting equipment. -Train workers on fire fighting. Ensure inspection of the fire equipment. Designate a smoking zone. Post No smoking signs at the storage area for the fuel and/or oil.
Elevated and overhead works	Injury to workers	Provide appropriate number of standard first aid kits. Adequate number of workers to be trained on first aid. Names of trained first aiders to be conspicuously displayed at the site. Maintain a record of incidents and accidents on site. Document the procedure for working at heights. Provide safety nets/traps. Use appropriate safety signage to warn workers. Restrict access to the construction site by unauthorized individuals. statutory inspection of all lifting equipment (Chain blocks and cranes). Cranes should be operated by trained and experienced personnel. Adhere to the safe load of lifting equipment.
General health and safety aspects	• Injury to worker • Loss of life • Damage to property	Construction of a site office for co-ordinating construction activities. Appoint a health and safety personnel. Document emergency response procedures. Conduct mandatory safety inductions for all visitors to the site. Document and display at the site emergency phone contacts for external emergency service providers. Obtain indemnity cover for all workers on site. Provision of wholesome drinking water to workers. Use of permit to work for critical tasks. Hold toolbox and monthly meetings to discuss general safety concerns, review incidents, and

<i>Environmental Aspect</i>	<i>Potential Environmental Impact</i>	<i>Mitigating Measures</i>
		determine actions needed to implement job safety. Maintain a register of workers on site. Designate an emergency assembling point. Establish a health and safety committee where appropriate.
Increased traffic	• Nuisance to neighbors • Violation of traffic rules	Schedule delivery of materials to the site during periods of light traffic. Install appropriate traffic signs. Define speed limit within the yard. Maintain a record of incidents and accidents. Control traffic flow to and from the site.

The full report of the proposed project is available for inspection during working hours at:

(a) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.

(b) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.

(c) County Director of Environment, Mombasa County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process regarding this plan.

CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KAMWAMBA MULTI-COMMUNITY
IRRIGATION PROJECT IN GATUNDU NORTH SUB-COUNTY,
KIAMBU COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Kamwamba Irrigation Project (KIP) consist of three major components which include: Irrigation Infrastructure Development, Sustainable Land Management (SLM) and Formation of Irrigation Water User Association. The Irrigation Infrastructure Development will entail rehabilitation of intake weir and construction of a 21km Kamwamba irrigation pipeline covering an area of 84ha. benefiting 836 households including 30% female headed households. The SLM component will involve conservation of 227Ha in the upper catchment of River Githobokoni using various soil and water conservation techniques.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Devegetation	<ul style="list-style-type: none"> • Proper demarcation of construction sites to minimize disturbance. • Strict control of construction vehicles to ensure that they operate only within the area to be disturbed by access routes and other works. • As much as possible, avoid cutting down indigenous tree species of socio economic significance. • Planting of trees in disturbed construction sites.
Soil erosion	<ul style="list-style-type: none"> • Minimize exposed areas by properly demarcating the project area to be affected by the construction works through minimal devegetation. • Control construction vehicles to ensure that they operate only within the area to be disturbed.
Air pollution (dust, exhaust)	<ul style="list-style-type: none"> • Workers shall be trained on management of air pollution from vehicles and machinery. • Vehicles delivering soil materials should be covered to reduce dust emissions. • Use of dust suppressants. • Sensitization of workers on occupational health and safety. • Workers provided with protective gear like helmets, dust masks, ear muffs when working.
Noise pollution	<ul style="list-style-type: none"> • Workers should be provided with Personal Protective Equipment (PPE). • Use of PPE should be enforced. • Sound-attenuated equipment should be used in as much as possible. • Ensure use of equipment with exhaust systems in good working condition.
Solid waste management	<ul style="list-style-type: none"> • Recycling of the excavated material. • Storage of construction waste in designated collection points. • Appropriate waste disposal directly/through licensed waste collectors. • The disposal site need to be more than 100 meters from watercourses.
Oil spills	<ul style="list-style-type: none"> • Vehicle maintenance should be done on purpose built impervious concrete platforms with oil and grease traps. • Standard operating practices for re-fuelling mobile equipment such as a minimum 15m from any water channel should be practiced.
Occupational health and safety	<ul style="list-style-type: none"> • Availability of adequate and appropriate sanitary facilities. • Ensure workers health and safety through awareness campaign • Provision of appropriate safety gear. • Education of the labour force on the importance of sanitation and possible health effects and how to protect themselves. • Training of at least one employee on first aid skills.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Water pollution	<ul style="list-style-type: none"> • Sensitize farmers on sustainable agriculture practices water and soil conservation. • Educate farmers on appropriate use of agrochemicals. • Establish an IWUA to facilitate implementation of water conservation measures. • Regular water quality monitoring by WRA.
Reduced downstream flows	<ul style="list-style-type: none"> • Adherence to the WRA abstraction permit/license provisions. • Alternating release volumes of water from the intakes during low river flow seasons should be done to optimise usage without much interference with aquatic life and downstream users. • Sensitize the community on water conservation practices. • Develop a water allocation schedule to ensure optimal use of water.
Vegetation loss	<ul style="list-style-type: none"> • Strengthening existing CBOs to promote agroforestry. • Agroforestry practices-adopt fruit trees.
Soil erosion	<ul style="list-style-type: none"> • Construction of soil conservation structures. • Sensitization of farmers on soil conservation. • Agroforestry practices adopt fruit trees.
Pest and diseases	<ul style="list-style-type: none"> • Sensitization on Integrated Pest Management. • Intensified extension services.
Water borne diseases	<ul style="list-style-type: none"> • Sensitization of the community on prevention of waterborne diseases. • Promotion of safe sanitation in the irrigation area.

The full report of the proposed project is available for inspection during working hours at:

- (a) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED 120 METRES INSTREAM WORKS
THROUGH TRAINING OF UNNAMED TRIBUTARY
(SEASONAL STREAM) OF RUI RUAKA, ON L.R. NUMBER
21/1/22, OPPOSITE TWO RIVERS MALL, LIMURU ROAD,
NAIROBI CITY COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the

National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Lone Tree Limited got an approval from Nairobi City County and NEMA to construct a high end office block along Limuru Road on L.R. 21/1/22, Westland Sub-county in 2016. However, passing through the private property, is a narrow seasonal stream akin to a natural drainage that carries (drains) storm water (surface run off) during wet periods parallel to the road to empty to Rui Ruaka via an existing drainage outfall along the main Limuru Road which is a 600 mm diameter pipe culvert. The culvert is about 500 metres from the Lone Tree's property. The surface run off flows through the boundary of Lone Tree property close to the road and they mainly occur and are enhanced by precipitation upstream during rainy season. In order to allow the Lone Tree Limited to develop the office block in a standard way, the surface run off needs to be controlled by training the seasonal stream passing on the property to a functional storm water drainage that direct flow to its natural course downstream while maintain the stream characteristics.

The following are the anticipated impacts and proposed mitigation measures:

Instream Works Phase Impacts

<i>Area of Concern</i>	<i>Recommended Measures</i>
Loss or displacement of fauna e.g. arthropods along the original channel	<ul style="list-style-type: none"> The trained stream channel be limited to 120 metres to minimize possible disturbance to the seasonal stream. comments and advice received from hydrological investigation and WRA are incorporated into the planning, design and construction of the projects as far as practicable.
Impacts related to sediment erosion, surface compaction, reduced percolation and infiltration.	<ul style="list-style-type: none"> Level the project site to reduce run-off velocity and increase infiltration of storm water into the soil. Provide silt traps to manage/trap sediments that can be washed into the stream. Provide inter-connected open drains as a measure to control movement of surface run-off. Consider using porous pavements and/or spaced slabs on pavements to facilitate infiltration.
Noise potential for hearing problems	<ul style="list-style-type: none"> Keep all machinery in good condition to reduce noise generation. Activities to be limited only during the day time. Provide workers with ear muffs, masks and other PPE as the need arises.
Solid wastes Creation of breeding grounds for vectors, rodents and other disease causing and/or transmitting organisms, stream water contamination , choking of the like Rui Ruaka downstream	<ul style="list-style-type: none"> Collect and dispose solid wastes from the site regularly. Install double waste bins at each collection point to ensure separation of wastes into recyclable and non-recyclable. Remove from site and/or recycle/re-use/dispose all materials that will not have been used up that may end up in the stream. Use of an integrated solid waste management system (recycling, re-use, combustion, decomposition of organic matter and sanitary land filling).
Excess excavated soil	<ul style="list-style-type: none"> Be used for backfilling of eroded areas within the site or damped at designated sites.
Blockage of seasonal stream channel	<ul style="list-style-type: none"> Periodic checks and regular maintenance should be carried out on seasonal channel to remove obstructions.

- Dust and other emissions(Health hazard, degradation of Air quality and visual obscurity)
 - Sprinkle water on all dust-active areas to suppress dust.
 - Pave or apply non-toxic soil stabilizers on all unpaved access roads and parking areas.
 - Cover all trucks hauling soil, sand and other loose materials.
 - Provide all construction workers with PPE.
 - Strictly enforce on-site speed limit regulations.
 - Avoid excavation works in extremely dry weathers.
- Water quality along the seasonal stream
 - Have bio-latrines onsite for safe collection of sewage and wastewater respectively from the construction workers.
 - Properly use and clean sanitary facilities daily.
- Riparian degradation
 - Undertake engineered approaches to reconstruct riparian system on the 120 metres channel designed to blend in with the local environment.
 - Ecology restoration and landscape restoration and creation of a minimum 6 metres riparian from both sides of the trained stream.

Operation and Functioning Phase

<i>Area of Concern</i>	<i>Mitigation Measures</i>
Solid wastes on the trained drainage's channel (Pollution and nuisance, choking and blockage of the drainage channel water bodies such as Rui Ruaka	<ul style="list-style-type: none"> Covering of the trained water conveyance channel. Regular cleanup of drainage trenches within. Collect and dispose-off solid wastes from the site/office daily. Ensure source separation and collection of wastes into recyclable and non-recyclable wastes by installation of double waste collection bins at each collection point. Environmental education for the occupants of the office block.
Wastewater and sewerage (Health hazard, degradation of Rui Ruaka stream)	<ul style="list-style-type: none"> The office block be connected to an existing sewer system. Conduct regular checks to detect and correct sewage pipe blockages, damages and leakages.
Water quality down stream effluent from office block finding its way into the stream	<ul style="list-style-type: none"> Location of the trained stream channel be on non-building areas for easy access and monitoring of flow. Implement an appropriate re-vegetation programme along the stream.
Potential mishap in operation and maintenance (Due to lack of proper maintenance of trained stream and associated infrastructure)	<ul style="list-style-type: none"> Regular maintenance of defective slabs covering the trained 120Metres conveyance channel from wear and tear that may cause accidents to occupants of the office block and visitors. Inspection of the trained stream should be carried out regularly to ensure that the systems operate properly. Special attention should be paid to any signs of deterioration in the systems both hydraulically and structurally, since any structural defect, blockage, leakage or siltation detected at its early stage of formation would allow preventive remedial works to be carried out at lower cost. Desilting schedules be instituted and be undertaken quarterly at the entry and end point of the trained stream channel.
Floods from excessive run off (Potential	<ul style="list-style-type: none"> Regular rainfall analysis, storm event simulations, flood-forecast and post-event flood

- for causing electrical faults and damage to appliances within the office block, Injuries and deaths, destruction of property)
- evaluations in relation to the seasonal stream.
- The channel design should be based on local experience and appropriate risk assessment taking into account the duration of the works, the seasons during which the works are being carried out and other contingency measures to be implemented.
 - Installation of flood sensors at the specific areas in the trained water conveyance channel as an early warning system.
 - Weather proof all lighting and power points and install lightening arrestor.
 - Construct a retaining wall to resist the lateral pressure of soil induced by storm water, when there is a desired change in ground elevation.

Decommissioning Phase

Area of Concern	Mitigation Measures
Waste from decommissioning activities	<ul style="list-style-type: none"> • Protection of trained stream from all wastes generated. • Waste generated as a result of wall decommissioning activities will be characterized in compliance with standard waste management procedures.
Rehabilitation of site: <ul style="list-style-type: none"> • Vegetation disturbance • Land deformation, soil erosion, drainage problem 	<ul style="list-style-type: none"> • Monitoring and inspection of the property for indication of erosion will be conducted and appropriate measure taken to correct any occurrence. • Comprehensive landscaping. • During the vegetation period appropriate surface water run-off controls will be taken to prevent surface erosion into the seasonal stream. • Fencing and signs restricting access will be posted to minimize disturbance to the trained stream.

The full report of the proposed project is available for inspection during working hours at:

- (a) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.
- (b) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (c) County Director of Environment, Nairobi City County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process regarding this plan.

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR PROPOSED INSTALLATION AND OPERATION OF
INDUSTRIAL AND BIOMEDICAL INCINERATION PLANT
LOCATED ON PLOT NO. MITABONI/NGELANI/5/98/99 IN
LUKENYA AREA, MAVOKO SUB-COUNTY, MACHAKOS
COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Sureflame Incinerators Limited, is proposing to install and operate an industrial and biomedical waste incineration plant comprising; storage areas, destruction area, bioremediation, evaporation ponds, ash containment, weigh bridge, offices, perimeter wall and associated amenities on a portion of Plot No. Mitaboni/Ngelani/5/98/99 in Lukenya area, Mavoko Sub-County, Machakos County

The following are the anticipated impacts and proposed mitigation measures:

Negative Impacts	Proposed Mitigation Measures
Possible damage of the soil structure	<ul style="list-style-type: none"> • Proper soil compaction measures. • Excavate construction areas only. • Use the excavated top soil for landscaping.
Contamination of ground and surface water	<ul style="list-style-type: none"> • Contain any oil spills. • Put in place waste water collection, treatment and containment facility. • Put in place hard surfaces on working areas with proper connections to containment areas.
Dust emissions	<ul style="list-style-type: none"> • Provision of full protective gear for workers. • Sprinkling water on the dusty roads.
Exhaust emissions	<ul style="list-style-type: none"> • Ensure proper servicing of machinery. • Appropriate pollution control measures should be applied/ adapted. • Compliance to the Third Schedule of the Waste Management Regulations, 2006. • Compliance to the Air Quality Regulations, 2014.
Solid waste generation	<ul style="list-style-type: none"> • Disposal of solid waste at approved dumpsites. • Segregate waste, encourage recycling and reuse of waste materials.
Soil erosion	<ul style="list-style-type: none"> • Strict adherence to the construction design and recommendations. • Proper backfilling and landscaping so as to rehabilitate the land and improve its aesthetic value.
Generation of noise and vibrations	<ul style="list-style-type: none"> • Insulate vibrators and heavy machineries to minimize ambient noise levels. • Lubricate machineries to minimize noise generated in parts movement. • Restrict use of heavy machineries practical hours during the day. • Compliance to Noise and Excessive Vibrations, 2009.
Clearing of vegetation	<ul style="list-style-type: none"> • Only remove vegetation from areas of excavation and construction.
Social tensions and conflicts	<ul style="list-style-type: none"> • Project awareness through public participation and media disclosures.
Oil leaks and spills	<ul style="list-style-type: none"> • Proper and regular maintenance of the machinery and equipment to reduce oil leaks.
Safety and health	<ul style="list-style-type: none"> • Put in place a safety and health policy. • Document an emergency and incident response plan.

<i>Negative Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> • Procure equipment's and materials that will enhance safety and health. • Compliance to occupational health and safety.
Traffic flow	<ul style="list-style-type: none"> • Erect warning signs of on-going works. • Expedite construction works and communicate alternative access ways to the community.
Bad smell/odor	<ul style="list-style-type: none"> • proper housekeeping techniques, installing proper waste storage/containment areas and pretreatment interventions such as fumigations.
Utility relocation	<ul style="list-style-type: none"> • Notify the relevant authorities on affected utilities and provide alternatives. • Relocation of utilities to be suctioned and done by relevant authorities.
Social issues and security	<ul style="list-style-type: none"> • Create awareness on issues such as HIV & AIDS in collaboration with the community leaders, local authorities and other relevant interested actors such as CBOs and NGOs. • Put in place grievance and dispute resolution committee including the community leaders and area Government administrators. • Increase security interventions and surveillance around the construction area.

The full report of the proposed project is available for inspection during working hours at:

- (a) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.
- (b) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (c) County Director of Environment, Machakos County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process regarding this plan.

**THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT**

(No. 8 of 1999)

**THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITY**

**ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED KEBEN DAM AND WATER SUPPLY
PROJECT, NANDI COUNTY**

INVITATION OF PUBLIC COMMENTS

Pursuant to regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Lake Victoria North Water Works Development Agency, is proposing to construct Keben Dam and water supply which will supply water to Lessos, Sochoi, Keben, Kapchorwa, Mogobich, Arwos, Kaptildil, Himaki, Chperit, Baraton, Chemundu, Nandi Hills town, Kipngetunyi and Kapsabet Town and the surrounding areas until

2045. The project will be located approximately 35km east of Kapsabet Town, Nandi County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Land acquisition	<ul style="list-style-type: none"> • Kenya Forest Service land to be used for the dam reservoir, dam buffer and water treatment works. • In extreme case where private land acquisition is unavoidable, it will be compensated under the guidelines presented in the resettlement policy framework. • Resettlement Action Plan being prepared to guide the process.
Design considerations: impacts on ecology, soil and land	<ul style="list-style-type: none"> • Appropriate site selection and design were conducted according to national and the WB guidelines in order to entail no or minimal disturbance to local ecology, soil and land. • Dam components located in ecologically sensitive areas not approved, in order to avoid impact on flora /fauna. • Plantation plan/forest/rangeland management consideration during design phase.
Design considerations: impacts on surface water	<ul style="list-style-type: none"> • Watershed/Scheme Site interventions may affect natural drainage/run-off. This can stress local natural stream flow which may cause surface water quality degradation and contamination of water resources and affect downstream ecology. • Improper design considerations for suspended silt / maintenance of minimum flows may degrade downstream ecology. • Excessive diversion/use of surface water resources may lead to depletion of natural surface water resources.
Water Quality	<ul style="list-style-type: none"> • Erosion and sedimentation. • Contaminated storm water from operational areas containing potential pollutants such as oils, solvents, paints, fuels and waste materials. • Uncontrolled liquid spills of contaminants such as fuel and oils.
Design considerations: impacts on groundwater	<ul style="list-style-type: none"> • Extensive ground water table studies have been carried out during feasibility stage. • Schemes are designed according to Ground water recharge/ pumping regulations.
Increased traffic	<ul style="list-style-type: none"> • Traffic Management Plan addressing general access to be implemented. • Safety and security actions and procedures to protect local community during construction phase. • Implement NTSA: Road Transport and Road Traffic Management. (Road signs, construction schedule).
Occupational health and safety	<ul style="list-style-type: none"> • Continued consultations with the community leaders and local community leaders on security matters. • Security at the work sites and camps. • Identification cards to workers. • Access to the camps must be controlled through gated entrances and entrance and exit logs shall be maintained at each gate.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>	<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> Preparation and implementation of the contractor's Communication plan to engage local leaders and community. Implement ECP 19: Construction and Operation Phase Security. 	habitat	<ul style="list-style-type: none"> Reforestation of forest woodland in riparian buffer zone (60 ha). Plant Riparian grassland around dam shoreline. Ensure approval for removing protected tree species by KFS. Maintain environmental flows to minimize impact on downstream riverine habitat and monitor invasive vegetation species. Catchment management initiatives to include better management of natural habitat within the dam catchment, including the Cerengoni Forest Reserve. Environmental management and awareness as part of training for employees during construction to be done.
Safety, security, and vandalism	<ul style="list-style-type: none"> Employ 24-hour security team for periods of significant on-site storage or when the area necessitates. Ensure there is proper fencing around construction site perimeter, chain-link at least 2.4 m high and secured with a steel chain and lock. Access to the camps must be controlled through gated entrances and entrance and exit logs shall be maintained at each gate. 	Excavation works	<ul style="list-style-type: none"> Avoid construction during the rainy season. Minimize digging of trenches and vegetation clearance to minimum required levels. Limit construction to daytime. Sprinkle water on the excavated sections to abate dust emissions. Practice soil control measures(terracing)Spoil dumping only in approved locations.
Migrant workers	<ul style="list-style-type: none"> Awareness campaign. Code of conduct for workers. Grievance mechanism. Develop and implement strong community participation plan. Awareness creation on HIV/AIDS infection and diseases through a well-designed campaign implementation plan targeting all risk-prone groups. Empowering women through employment in the construction work. Construction contractors will provide all required facilities for workers, so workers will not put pressure on local facilities. 	Construction works and related components dam formation and excavations (WTW and pipelines channels)	<ul style="list-style-type: none"> Limit construction during day time. Ensure adequate provision of the personal protective equipment. Ensure regular maintenance of contractors machineries and vehicles. Provide adequate signage and reflective tapes for restricted zones. Sprinkling water to reduce dust levels. Implement the rehabilitation plan for material sites.
Construction activities	<ul style="list-style-type: none"> Prepare construction schedule to avoid farming seasons. For longer construction works, the contractor shall be prohibited from interrupting the water supply to any canal or reducing it below the allocated discharge of these canals by proving diversion canals on the section where work is planned on priority basis. The Contractor shall programme the Works to utilize the low water demand periods in the command area. 	Construction camps	<ul style="list-style-type: none"> During construction phase the contractor site camps should be properly managed. Water usage, fuelwood cutting, deforestation, trees injury should be avoided. Community of the area should not be affected. Proper sanitation and construction machinery should be maintained according to environmental standards. The contractor needs to establish main and site camps.
Air pollution	<ul style="list-style-type: none"> Water the soil surface and any non-asphalted roads, especially in the dry season. Cover hauling vehicles carrying dusty materials moving outside the construction site. Fit vehicles with appropriate exhaust systems and emission control devices. Limit the idling time of vehicles not more than 2 minutes. Implement ECP 10: Air Quality Management. 	Archaeological and religious sites (Historical sites)	<ul style="list-style-type: none"> Location of all schemes are at a safe distance from sites of archaeological and religious importance, however if sites of religious significance are encountered during construction activities, the works will be stopped in that area, and the appropriate department will be informed.
Clearing of vegetation and trees	<ul style="list-style-type: none"> Vegetation clearance shall be limited to the extent required for execution of works. Avoid cutting down of tree species of conservation significance and those that are protected, even those that act as nesting and breeding sites. Tree plantation will be carried out in and other suitable areas near the river training works at a ratio of 5 new trees per each tree cut. 	Impacts on ecology, wildlife and habitats	<ul style="list-style-type: none"> Minimize construction in the critical habitats of birds. Care should be taken to make sure bird nests are not destroyed. If there is no option available, rehabilitate them in other neighboring trees. Also protect and rehabilitate injured or orphaned birds. Use of existing access road and limit the width of new access roads.
Clearing of vegetation and trees terrestrial	<ul style="list-style-type: none"> Plant forest woodland buffer around reservoir (156 ha). 		<ul style="list-style-type: none"> Implement ECP 13 Protection of Fauna for species with conservation significance especially endangered and near threatened.

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> Plant riparian vegetation around Dam perimeter. Maintain environmental flows to minimize impact on downstream riparian habitat, river flows and water quality. Construction management plan to minimize potential water quality impacts. Dam operational procedures to include management of environmental flow discharges to ensure poor quality dam water is not released. Do not allow introduction of non-endemic species and ensure any pest species are quickly removed from the dam.
Impacts on ecology, wildlife and habitats	<ul style="list-style-type: none"> Minimize construction in the critical habitats of birds. Care should be taken to make sure bird nests are not destroyed. If there is no option available, rehabilitate them in other neighboring trees. Also protect and rehabilitate injured or orphaned birds. Use of existing access road and limit the width of new access roads. Implement ECP 13 Protection of Fauna for species with conservation significance especially endangered and near threatened.
Impacts on downstream and protected areas	<ul style="list-style-type: none"> Plant riparian vegetation around dam perimeter. Maintain environmental flows to minimize impact on downstream riparian habitat, river flows and water quality. Construction management plan to minimize potential water quality impacts. Dam operational procedures to include management of environmental flow discharges to ensure poor quality dam water is not released. Do not allow introduction of non-endemic species and ensure any pest species are quickly removed from the Dam.
Water supply to communities	<ul style="list-style-type: none"> Potable water supply sub-projects are expected to directly benefit 29,220 people (3,653 households). Lifestyle in surrounding areas will be improved by ensuring sustained supply of potable water. Sanitation and water borne diseases in the area will be improved. Sustained water supply will contribute significantly on reduction to households spending on water borne diseases. Improvement in livestock quantity and composition due to consistent availability of water will improve economic income and food security of people.
Protection and conservation of forests and surface water	<ul style="list-style-type: none"> Improved recharge of ground water tables in the project area by water storing techniques and plantation. Improved watershed and rangeland management technologies to improve soil moisture retention, reducing erosion and improving groundwater recharge. The regulated hydrology regime will be more beneficial for the overall ecosystem health,

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
	<ul style="list-style-type: none"> even with reduced total quantity of water, than the current erratic regime.
User safety and risks downstream,	<ul style="list-style-type: none"> Undertake a comprehensive risk assessment study or the dam as part of the pre-commissioning stage. Develop provide clear emergency preparedness strategies. Maintain a fence around the dam with provision for limited and/or controlled access to the dam water. Enhance close surveillance by the community, especially those living on risk prone areas. Sensitize the communities on dam safety issues associated with the dam. Create awareness programmes to the communities on dam safety aspects. Provide safe access points to water for the community around the dam. Consider acquiring the land directly.
Downstream, riparian and river rine forest and wetlands	<ul style="list-style-type: none"> At the feasibility level, Mogobich river and Cheplalbei river flows will not be negatively impacted by the project. Assessments show that the minimum environmental flow required for Mogobich river and Cheplalbei river flows and that after Maintain Environmental Flows equivalent to 90% percentile compensation flow (Q90), which is the flow that is available 90% of the time. Decommission diversion channel at beginning of wet season to minimize time required for dam to reach operational level (2340 masl) and commencement of environmental flow discharges. Hydrology report confirms there is enough environmental flow.

The full report of the proposed project is available for inspection during working hours at:

- Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.
- Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- County Director of Environment, Nandi County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process regarding this plan.

MAMO B. MAMO,
Ag. Director-General,
National Environment Management Authority.

MR/0747869

GAZETTE NOTICE No. 3555

THE ENVIRONMENTAL MANAGEMENT AND
CO-ORDINATION ACT

(No. 8 of 1999)

THE NATIONAL ENVIRONMENT MANAGEMENT
AUTHORITY

ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT
FOR THE PROPOSED MAKUTANO SEWERAGE PROJECT IN
MURANG'A COUNTY

INVITATION OF PUBLIC COMMENTS

Pursuant to Regulation 21 of the Environmental Management and Co-ordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received

an Environmental Impact Assessment Study Report for the above proposed project.

The proponent, Athi Water Works Development Agency is proposing to undertake the construction of Makutano Sewerage Project. The project will comprise; rehabilitation of the Ablution block in Kangari Market, laying of around 12.5km trunk sewer pipeline to serve Kimorori, Wempa, Kabati and Gitura, construction of a new sewerage treatment plant of capacity 3,000m³/d in Kihiu Mwiriri area, Nanga Location, Mitumbiri division, Gatanga sub-county; laying of 15.5km of reticulation sewers and provision of 1000 household sewer connections in Murang'a County.

The following are the anticipated impacts and proposed mitigation measures:

<i>Potential Impacts</i>	<i>Proposed Mitigation Measures</i>
Noise and vibration	<ul style="list-style-type: none"> Machinery, vehicles and instruments that emit high levels of noise should be used on a phased basis to reduce the overall impact. Where possible silenced machinery and instruments should be employed to reduce the impact of noise on the existing residents and workers. Construction hours should be limited to the hours of 8.00 a.m. and 6.00 p.m. daily. Provision of appropriate personnel protective equipment to the workers.
Vegetation clearing, soil erosion and sedimentation	<ul style="list-style-type: none"> Only clear vegetation that is absolutely necessary for the construction activities. Retain all mature trees (> 25 cm diameter at breast height during this phase of the development if possible. Avoid the use of Invasive Alien Species in the landscaping activities Cement mixing should be done in a designated area away from storm water drains. Spilled cement or concrete should be collected and disposed away from natural water ways or storm water drainage. Re-vegetation of exposed areas around the site should be carried out rapidly in order to mitigate against erosion.
Solid waste generation	<ul style="list-style-type: none"> A site waste management plan should be prepared by the contractor prior to commencement of construction works. This should include designation of appropriate waste storage areas, collection and removal schedule and identification of approved disposal site. Proper solid waste receptacles and storage containers should be provided, particularly for the disposal of lunch and drink boxes so as to prevent littering of the site.
Air emissions and ambient air quality	<ul style="list-style-type: none"> Ensure that all vehicles involved in the transport of construction material and staff, and machinery involved in the construction is properly maintained and serviced. Drivers should be sensitized on driving practices that reduce both the risk of accidents and fuel consumption including driving within safe speed limits. Machines must not be left idling for unnecessary periods of time; this will save fuel and reduce emissions.
Occupational health and safety	<ul style="list-style-type: none"> Ensure compliance with the Occupational Health and Safety Act, 2007.
<i>Potential Impacts risks</i>	<i>Proposed Mitigation Measures</i>
Fire outbreak	<ul style="list-style-type: none"> There should be safety policy clearly displayed on the site. Establish a Health and Safety Plan (HASP) for civil works areas and that the working hours are controlled. Provide workers with appropriate Personal Protective Equipment (PPE). Label all inflammable materials and store them appropriately. Provision of adequate firefighting equipment capable of fighting all classes of fire. Put — “No Smoking” signs in areas where inflammables are stored.
Land take	<ul style="list-style-type: none"> Undertake a Resettlement Action Plan which will act as guide for the compensation activities.
Spread of HIV/AIDS	<ul style="list-style-type: none"> Develop HIV/AIDS awareness programs or initiatives to target the construction workers, community, institutions and the general members of the community, particularly the youth; with the objective of reducing the risks of exposure and the spread of HIV/AIDS within the project area. Maximize hiring skilled and unskilled workers from the host community
Disturbance of traffic and difficulty of access	<ul style="list-style-type: none"> Provide diversion routes where possible. Give a construction itinerary in advance so that the potentially affected population can use alternative routes and start early to get to their destinations on time. Erect warning signs of on-going works.
Interruption of existing installations on the sewer routes	<ul style="list-style-type: none"> Formal request for permission to cross, break in and build the sewer lines should be sought from affected property owners and the relevant institutions.
Community accidents	<ul style="list-style-type: none"> Establish and enforce a strict code of conduct for all project drivers including outside suppliers delivering materials. The code should focus on safety, especially speed, and loading, especially banning all carriage of staff, workers and passengers except in seats. Appropriate signs must be erected on the site to warn workers and community members. The surrounding community should be sensitized on health and safety.
Health and safety risks from burst sewers	<ul style="list-style-type: none"> Ensure proper and periodic maintenance of sewer lines. Awareness rising among community members not to dump solids in manholes. Regular cleaning of grit chambers and sewer lines to remove grease, grit, and other debris that may lead to sewer backups.
Odor menace from sewerage treatment plant	<ul style="list-style-type: none"> Storage of screenings and grit in closed containers (dumpsters) instead of on the ground and ensuring that all waste is hauled off-site on a scheduled and timely basis. Ensure appropriate covering/ventilation of the pre-treatment unit. The perimeter of the proposed site should be vegetated with trees and plants of varying heights thereby forming windbreaker and reduce dispersion of odour.

<i>Potential Impacts</i>	<i>Proposed Mitigation Measures</i>
Risks of overflowing manholes due to blockage of sewers	<ul style="list-style-type: none"> Regular inspection of the system to ensure performance is maintained at high levels. Regular monitoring and sampling of the waste water at influent and effluent points as well as in the receiving water bodies. Communities living within the river basins where the trunk sewers will be constructed should be enlightened on dangers of using raw sewerage to irrigate farmlands.
Risk of Encroachment and construction of structures on the sewer way leave	<ul style="list-style-type: none"> Arrest and prosecution of encroachers as required by Murang'a County By-laws on Way Leaves and Road Reserves. MUSWSCO to undertake awareness campaigns aimed at preventing encroachment.
Visual and landscape impact management	<ul style="list-style-type: none"> Elaborate landscaping and maintenance of these sites can limit the viewpoints to the facilities and thus reduce their visual impact.
Grit, sludge and other solid wastes	<ul style="list-style-type: none"> The sludge will be temporarily held in sludge drying beds for sludge digestion and the dry cake will be safe for disposal. The dry cake can then be sold off/collected for disposal as organic fertilizer for use in local farms. Alternatively, in the event that uptake by local farmers is low, the dried sludge can be landfilled and covered with lime/earth at an appropriate location.
Pollution of Nginyi steam	<ul style="list-style-type: none"> The quality of the discharging sewage into the river will be an important parameter on the regional control of the river eutrophication. Continuous generation and sharing of sewage quality data on pre-scheduled monitoring programmes will be necessary.
Inversion of birds and reptiles to the sewerage treatment plant	<ul style="list-style-type: none"> Provide secure barriers to keep off the animals from interfering with the plant operations and safety. In the event of larger wildlife e.g. hippos and crocodiles, AWWDA and MUSWASCO will ensure appropriate consultations with the Kenya Wildlife Services (KWS) on appropriate management actions.

The full report of the proposed project is available for inspection during working hours at:

- (a) Principal Secretary, Ministry of Environment and Forestry, NHIF Building, Community, P.O. Box 30126-00100, Nairobi.
- (b) Director-General, NEMA, Popo Road, off Mombasa Road, P.O. Box 67839-00200, Nairobi.
- (c) County Director of Environment, Murang'a County.

The National Environment Management Authority invites members of the public to submit oral or written comments within thirty (30) days from the date of publication of this notice to the Director-General, NEMA, to assist the Authority in the decision making process regarding this plan.

**IMPORTANT NOTICE TO SUBSCRIBERS TO
THE KENYA GAZETTE**

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) *The Kenya Gazette* contains Notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the National or County Governments. Because of this, they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly, Senate or County Assemblies.
- (4) *Act Supplement* contains Acts passed by the National Assembly, Senate or County Assemblies.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the Notice is, each page being numbered and should be typed with double spacing. Copy should be clear, legible and contain no alterations.

Particular attention should be paid to the following points:

- (i) Signature must be supported by rubber-stamping or typing the name of the signatory in capital letters.
- (ii) Must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to Notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—

Kenya Gazette

"D 34. (1) Communications for the *Kenya Gazette* should reach the Government Printer not later than 9 a.m. on Friday of the week before publication is desired. The Government Printer will not publish communications received after that hour until the next subsequent issue of the Gazette.

(2) Ministries will be required to pay for the *Kenya Gazette* and to meet the cost of advertising in it.

It is emphasized that these notes are for guidance only, but it is requested that persons submitting copy for publication first satisfy themselves that such copy is complete in every respect.

SUBSCRIPTION AND ADVERTISEMENT CHARGES

With effect from 1st July, 2012, subscription and advertisement fee for the *Kenya Gazette* are as follows:

SUBSCRIPTION CHARGES:
