NATIONAL AUDIT OFFICE

REPORT OF THE DIRECTOR OF AUDIT

TO THE COUNCIL OF

THE DISTRICT COUNCIL OF RIVIERE DU REMPART

Report on the Financial Statements

I have audited the accompanying financial statements of the District Council of Riviere du Rempart, which comprise the Statement of Financial Position as of 31 December 2013 and the Statement of Financial Performance, Statement of Changes in Net Assets/Equity and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the Local Government Act 2011, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International Standards of Supreme Audit Institutions. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risks assessment, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for Qualified Opinion

Write-off of Assets and Liabilities

The ex-Pamplemousses/Riviere du Rempart District Council (ex-PRDC) was split between the District Council of Pamplemousses and the District Council of Riviere du Rempart with effect from 1 January 2013 and the closing figures were split between the two new Councils. The figure for Capital Outlay for each Council was Rs 258,592,970. As no Fixed Assets Register was available at the ex-PRDC, expenditure on items constituting the Capital Outlay prior to 2008 was estimated to have been completely consumed and charged as depreciation. Expenditure incurred thereafter less depreciation up to 31 December 2012 was computed to arrive at the opening balance of Rs 45,121,428. This excluded land, roads, drains, street networks and other items that are normally accounted for as Capital Outlay.

From the split figures assets totalling Rs 231,008,364 (including Capital Outlay of Rs 213,471,542) and liabilities totalling Rs 12,308,548 were not accounted for in the financial statements nor written-off by the Council.

Qualified Opinion

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements give a true and fair view of the financial position of the District Council of Riviere du Rempart as at 31 December 2013, and its financial performance and its cash flows for the year then ended in accordance with the accounting principles generally accepted in Mauritius.

Report on Other Legal and Regulatory Requirements

Management's Responsibility

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transaction and information reflected in the financial statements are in compliance with the laws and authorities which govern them.

Auditor's Responsibility

In addition to the responsibility to express an opinion on the financial statements described above, my responsibility includes expressing an opinion on whether the activities, financial transactions and information reflected in the financial statements are, in all material aspect, in compliance with the laws and authorities which govern them.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Opinion on Compliance

Local Government Act

The financial statements of the District Council of Riviere du Rempart were submitted on 21 July 2014, that is more than two months after the statutory date limit of 30 April 2014. Errors were noted and amended financial statements were submitted on 1 September 2016.

In my opinion, except for the non-submission of the financial statements within the delay prescribed by law, in all material respects, the activities, the financial transactions and information reflected in the financial statements are in compliance with the Local Government Act.

Public Procurement Act

The District Council of Riviere du Rempart is responsible for the planning and conduct of its procurement. It is also responsible for defining and choosing the appropriate method of procurement and contract type in accordance with the provisions of the Act and relevant Regulations. My responsibility is to report on whether the provisions of Part V of the Act regarding the Bidding Process have been complied with.

In my opinion, the provisions of Part V of the Act have been complied with as far as it appears from my examination of the relevant records.

THE DISTRICT COUNCIL OF RIVIERE DU REMPART
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2013

1. GENERAL INFORMATION

The District Council of Riviere du Rempart is a corporate body established under the Local Government Act 2011, Part II Section 3 and 7. The first twelve month of operation ended on the 31 December 2013. The head office of the Council is at Royal Road, Mapou.

2. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below.

Statement of Compliance

The financial statements have been prepared in compliance with the Section 133 of the Local Government Act 2011, in accordance with the Generally Acceptable Accounting Practice and under the historical cost basis, as modified by the revaluation of land and buildings at fair value through income and expenditure.

Basis of Preparation

The financial statements have been prepared on the historical cost basis except for the revaluation of certain non-current assets. The preparation of the financial statements in conformity with IFRS requires the use of accounting estimates and it also requires management to exercise judgement in the process of applying the Council's accounting policies.

Critical accounting estimation, assumption and judgements in applying accounting policies and estimation

The Council makes estimates and assumptions concerning future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing adjustment to carrying amounts of assets and liabilities are discussed below:

Revenue Recognition

The general policy of the Council is to recognize revenue on an accrual basis with the substance of the relevant agreement. Rental income, school fee, advertising fees and bus toll are recognized on the accrual and time basis, while trade fee, building & land use permit fee, burial and incinerator fees are recognized on the actual basis, which is the amount actually received and/or collected.

THE DISTRICT COUNCIL OF RIVIERE DU REMPART
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2013

Provisions

Provisions are recognized when the Council has a present legal and constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties required to settle the present obligation. When the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Retirement Benefit Obligations

Contributions to the defined contribution retirement benefit plans are recognized as an expenditure when employees have rendered service entitling them to the contributions. The retirement benefit obligation recognized in the financial statements represents the present value of the benefit as adjusted for unrecognized actuarial gains and losses, and unrecognized past service. Any change in the assumption used to determine the pension cost will impact the carrying amount of the pension obligations.

The Council operates a defined benefit plan, administered by and invested with the State Investment Company of Mauritius Limited (SICOM LTD). The pension plan is funded by payment of contribution to the fund taking account of the recommendations of the Pay Research Bureau (PRB) report.

Where employees are not covered under the SICOM pension plan and especially for the services rendered to Council prior to the coming up of the PRB Report 2008, the retirement benefit payable as per the pension act and the PRB recommendations is met by Council and charged as an expense in the year it is actually paid. No provision is made for any other fund for such retirement benefit obligation for service prior to 1 July 2008.

Government Grants

Government grants are not recognized until there is reasonable assurance that the Council will comply with the conditions attaching to them and that the grants will be received.

Government grants whose primary condition is that the Council should purchase, construct or otherwise acquire non-current assets are recognized as deferred income in the statement of financial position and transferred to the statement of financial performance on a systematic and rational basis over the useful economic lives of the related assets.

THE DISTRICT COUNCIL OF RIVIERE DU REMPART
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2013

Government Grants (continued)

Other government grants are recognized as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grant-in-aid that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Council with no future related costs are recognized in the statement of financial performance in the period in which they become receivable.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or manufacture of qualifying fixed assets, which are assets that necessarily take substantial period of time to get ready for their intended use are added to the cost of those fixed assets, until such time as the assets are substantially ready for their intended use.

Investment income earned on the temporary investment of the specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Otherwise all other borrowing costs are recognized in the statement of financial performance in the period in which they are incurred.

Property, Plant and Equipment

Land and Buildings held for use in the supply of services and for administrative purposes are stated in the financial statements at cost or transfer value, being the fair value at the date of transfer of ownership less any subsequent accumulated depreciation and/or accumulated impairment losses. No revaluation is carried out unless required.

Land is maintained at cost and is not depreciated. Land vested to Council by land and residential property promoters, Ministry of Housing and Land and other governmental and non-governmental bodies are not capitalized. These land and property is for community use for the inhabitants of that particular community where the development actually took place, however its maintenance and up-lifting is handed over to Council.

Plant, machineries, fixtures, fittings, furniture, vehicles and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, and stated at its carrying value.

Depreciation is charged so as to write off the cost of fixed assets less the residual value at the annual estimated rates over their useful lives, using the straight line method. The estimated useful lives, residual value and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

THE DISTRICT COUNCIL OF RIVIERE DU REMPART
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2013

Property, Plant and Equipment (continued)

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of performance.

The annual rates are used in the calculation of depreciation:

Building	5%
Plant and Equipment	20%
IT Equipment	25%
Furniture, fixtures & Fittings	10%
Motor Vehicles	20%
Electrical Installation & Lighting Network	10%
Children Play Equipment	20%

Expenses incurred for the maintenance, up-grading and repairs of public infrastructures are charged to the statement of income in the year they are incurred. Construction of drains and roads, resurfacing of roads, accommodation of playground and green space, and cost of traffic sign and names plates are charged to the income statement as expenses in the year they are incurred.

Inventories

Inventories are stated at weighted average value or weighted average price of lots of items where balance of the lot is greater than zero. Value for the item of stock is the cost charged by supplier. The Council practices the first in first out basis (FIFO) for the issue of stock items.

Receivables and Impairment

Receivables are recognized initially at fair value and subsequently measured at carrying value after adjusting for impairment loss. Impairment loss is charged to the statement of comprehensive income.

A provision for impairment of trade fee is established when there is objective evidence that the Council will not be able to collect all the amounts according to the original terms of receivables. Trade fee is payable whenever an economic operator or any person carry out a classified trade as stipulated by the Local Government Act 2011 Section 122 (2). It is an offence to carry out such trade without the payment of the appropriate fees.

The significant difficulties of accruing unpaid trade fee as receivable when the probability that the debtors are not operating his trade is high, the payment of trade fee in the following years is remote and when there is high risk that the debtor will fail to complete the procedure for cessation. The non-operation and non-payment of the trade are considered as clear indicators that the trade receivable is impaired and

THE DISTRICT COUNCIL OF RIVIERE DU REMPART
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2013

Receivables and Impairment (continued)

adjustment is made accordingly to reflect the actual amount receivable. When a trade fee receivable is uncollectible, it is written off against the allowance account of trade receivables. Subsequently recoveries previously written off are credited in the statement of comprehensive income.

Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank, term deposit, in hand and bank overdraft. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value.

Trade and other payables

Trade and other payables are stated at their nominal value. All known trade payables are recognized at its cost.

3. FINANCIAL MANAGEMENT RISK

The Council exposes to financial, credit and liquidity risks. The overall risk management of the Council is focused on the mitigation of liquidity and credit risks and seek to minimize potential adverse effects on the financial performance and service delivery of the Council.

Interest risk

Interest rate risk primarily results from exposures to the volatility of interest rates on variable interest borrowings. The income and operating cash flows are substantially independent of changes in market interest rates and therefore any changes have insignificant impact on the financial status and net assets of the Council.

The interest rate payable on the government loan is fixed at 5% throughout the repayment period.

Credit risk

Credit risk arises from cash and cash equivalents as well as credit exposures to customers. The Council does not consider the need to have an independent rating of its customers. In fact, no trade fee receipt is issued on credit while three credit facilities are allowed to holders of market stall.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of credit facilities. The Council have appropriate management policy in place to ensure that there is sufficient cash to meet its financial obligations.

THE DISTRICT COUNCIL OF RIVIERE DU REMPART
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2013

Fair value estimation

The carrying amounts of receivables, payables, borrowings, cash and cash equivalent approximate their fair values.

Statements based on Programme

The statement of financial performance is prepared based on the five functions or programme of the Council both for financial and non-financial performance.

The five basic functions/programme of the Council are:

Programme 1 - Policy, management and financial administration

Programme 2 - Provision and maintenance of community based infrastructure and amenities

Programme 3 - Managing development and planning

Programme 4 - Maintenance and promotion of healthy sanitary conditions to local citizen.

Programme 5 - Promotion of sports, welfare, social, educational and cultural development to local citizen

THE DISTRICT COUNCIL OF RIVIERE DU REMPART**NOTES TO FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2013****28 CONTINGENCY**

The Council is a defendant in several legal actions involving the non-issue of building and land use permit cases on illegal construction and the arbitration case between the contractor, Alphamix Ltd and the ex-Pamplemousses/Riviere du Rempart District Council.

A claim for Rs 113 M from Alphamix Ltd is before the arbitrator appointed by the Supreme Court. However, Council believe, based on the legal advice that the action can be successfully defended and therefore no liability is expected to be incurred.

29 POST BALANCE SHEET EVENT

Winding-up and distribution of the Net Assets/Liabilities of the Pamplemousses/Riviere du Rempart District Council.

Upon the dissolution of the Pamplemousses/Riviere du Rempart District Council (PRDC) the assets, liabilities and fund were distributed between the new created District Council of Pamplemousses and Riviere du Rempart in a proportionate that has been mutually agreed between the two Councils as far as it was practical and possible. The splitting agreed was endorsed by the Ministry of Local Government and Outer Islands.

The identifiable assets and liabilities have been shared between the two Councils as per the audited balance sheet 2012 after making necessary adjustment raised by audit to the assets and liabilities. The fair value assets and liabilities at the balance sheet date was recognised as opening balance of the District Council of Riviere du Rempart and presented in the financial statements as comparable figures.
