In the matter of: -

Mr Mahadeo ROOPSING

Disputant

and

THE STATE OF MAURITIUS as represented by the Ministry of Civil Service and Administrative Reforms

Respondent

The present matter has been referred to the Tribunal by the Commission for Conciliation and Mediation (the "CCM") pursuant to section 69 (7) of the Employment Relations Act (the "Act"). The Terms of Reference of the dispute reads as follows:

Whether I should be granted Incremental Credit as per paragraph 18.9.19 of the Pay Research Bureau (PRB) Report 2013 for the Bachelor in science degree in Management awarded to me in December 2015 or be paid the relevant non-pensionable lump sum for same as per para. 18.9.16 (v) of the PRB Report 2016.

The Disputant was assisted by his trade union representative Mr N. Gopee. Whereas, the Respondent was assisted by Miss B. H. Maherally, State Counsel instructed by Ms A.

Mohun, State Attorney. The Respondent has, in its Statement of Reply, raised a threefold Preliminary Objection in Law to the dispute in the present matter. This states as follows:

Respondent avers that the Tribunal has no jurisdiction to deal with the present matter inasmuch as-

- (a) it does not constitute a labour dispute as defined in Section 2 of the Employment Relations Act, in particular paragraph (b) of the said definition, since the Disputant has exercised an option to be governed by the recommendations made in the Pay Research Bureau Report 2016;
- (b) the terms of reference read together with the prayer at paragraph 17 of the Disputant's statement of case would require a fundamental change or departure from the relevant recommendations of the Pay Research Bureau Report 2016; and
- (c) the Disputant is seeking to challenge an administrative decision.

Respondent therefore moves that the present matter be set aside.

The matter was therefore fixed for arguments on the Preliminary Objection in Law raised by the Respondent.

The Respondent called its representative, Mrs Sattamah Millien, Ag. Manager Human Resource at the Ministry of Civil Service and Administrative Reforms, to adduce evidence in support of the Preliminary Objections. The representative notably produced a copy of the original of the Option Form signed by the Disputant (Document A) on 15 April 2016. She also produced Circular Note No. 6 of 2016 dated 7 April 2016 (Document B) issued by the Ministry of Civil Service and Administrative Reforms ("MCSAR") for implementation of the *Pay Research Bureau* ("*PRB*") *Report 2016*; Circular Note No. 16 of 2016 dated 17 October 2016 (Document C) from MCSAR pertaining to the Addendum Report; Circular Note No.1 of 2017 dated 3 February 2017 (Document D) from MCSAR pertaining to implementations of the *PRB* recommendations regarding Higher Qualification Incentives ("HQI"). On being questioned by the Disputant's representative on whether there is a smooth transitional mechanism as recommended by the *PRB* at *paragraph 18.9.18A* in its report, Mrs Millien referred to the Standing Committee set up under aforesaid paragraph of the Addendum Report, where regulations should be devised to deal with the award of HQI; the Standing Committee did make recommendations wherever necessary.

State Counsel for the Respondent has, in relation to the first limb of the Preliminary Objection, notably submitted that the present matter does not constitute a labour dispute referring to the definition of same in the *Act* - in particular paragraph (b), as the Disputant has opted to be governed by the recommendations made in the *PRB Report 2016* as witnessed by the Option Form produced. According to Circular Note No. 6 of 2016, the effective date for the implementation of the *PRB Report 2016* is 1 January 2016. The Disputant has averred that he qualifies for an increment under the relevant recommendations at paragraph 3 of his Statement of Case. The issue is not about eligibility, but relates to remuneration or allowance. The Disputant is asking for the increment as per the *PRB Report 2013* when he is being governed by the *PRB Report 2016*. State Counsel referred to the ruling of the Tribunal in *S. Dawon and Mauritius Institute of Training and Development (ERT/RN 163/15 to ERT/RN 170/15)*. She submitted that the matter is purely and simply related to remuneration. An extract from Hansard relating to *Debate No. 15 of 13.06.03* was produced in relation to an amendment brought to the *Industrial Relations Act* in 2003.

State Counsel has further submitted from the definition of remuneration in the *Employment Rights Act* and produced the definition of the term 'emoluments' from Stroud's Judicial Dictionary of Words and Phrases, submitting that 'emoluments' has a wide definition. It is her humble submission that the HQI, which is also a lump sum payment, is part of emoluments. The dispute concerns whether HQI will apply or increments; the increment, according to the ruling, is part of remuneration or allowance of any kind. The Disputant is therefore debarred from reporting a dispute having exercised his option to be governed by the recommendations of the PRB Report.

State Counsel chose to argue the second and third limbs of the Preliminary objection together. Reference was made to paragraph 17 of the Disputant's Statement of Case, whereby the Disputant is praying to be awarded an incremental credit for his higher qualification in line with paragraph 18.9.19 of the PRB Report 2013. A copy of paragraph 21.27 of the PRB Report 2016 was produced referring to the recommendation that the matter should be referred to the High Powered Committee ("HPC") where there would be a fundamental change or departure from the main recommendation of the 2016 Report. According to paragraph 2 of the Disputant's Statement of Case, the matter has already been referred to the HPC and a decision was taken. This administrative decision is now being contested before the Tribunal. In relation to the third limb, State Counsel submitted that it appears that a decision was taken by the Ständing Committee (set up under paragraph 18.9.18 of the PRB Report 2016) referring to a letter dated 8 August 2016 annexed as Document 3 to the Disputant's Statement of Case; this

decision is being presently contested before the Tribunal, which is not the proper forum to do so.

Mr N. Gopee has made a statement on behalf of the Disputant in reply to the arguments of the Respondent. Under the first limb of the Preliminary Objection, Mr Gopee stated that it is not disputed that the Disputant signed an Option Form and offered his consent to be governed by the recommendations of the *PRB* in its 2016 report. However, this does not debar the Disputant from disputing the interpretation of any of the recommendations of the report so long as the dispute does not relate to the substance of the report. The present dispute was not rejected by the President of the CCM nor did the Respondent submit any Preliminary Objection at that instant. Due process requires that the Respondent raises the objections in *limine litis* at that stage.

Mr Gopee has stated that the present case concerns the erroneous application of the *PRB* recommendation regarding HQI in light of *paragraph 18.9.18A* of the *Addendum Report* (copy of which was produced). Owing to the confusion that HQI might create, the *PRB* has entrusted the Standing Committee to look into the smooth transition mechanism so that there is no dispute over either incremental credit or HQI. The *Act* restricts disputes over the substance of the recommendation as far as remuneration and allowance is concerned, but this cannot be construed as a bar to the right of the Disputant to report a dispute over the applicability and implementation of the recommendation. The Disputant contends that the recommendation is wrongly being implemented. A public officer is not debarred from reporting a dispute over the applicability, interpretation and implementation of the recommendation of the *PRB*. The jurisdiction of the Tribunal can only be disputed on grounds as set out in *section 71* of the *Act*, which does not apply to the present dispute. Under *section 97* of the *Act*, the Tribunal has to maintain good employment relations.

Under the second limb of the Preliminary Objection, Mr Gopee stated that the prayer of the Disputant at paragraph 17 of his Statement of Case does not motivate a fundamental change in the substance of the relevant recommendation of the PRB Report 2016 nor does it motivate any departure from same as claimed by the Respondent. He produced a copy of paragraph 21.7 of the PRB Report 2016 relating to the effective date of the 2016 report. He referred to the definition of the word 'prospectively' in the case of Government Services Employees Association and The State of Mauritius as represented by the Mauritius Fire and Rescue Services (ERT/RN 65/17). He also submitted a copy of paragraph 18.9.16 (v) of the PRB Report 2016 dealing with HQI. Under the third limb of the Preliminary Objections, the Disputant has contended that he is not challenging the administrative decision of the HPC but just simply disputing the implementation, applicability and interpretation. Mr Gopee also stated that

definition of remuneration under the *Employment Rights Act* does not apply to public officers and applies to the private sector.

The Respondent, under the first limb of the Preliminary Objection in Law, contends that the dispute does not constitute a labour dispute as defined at paragraph (b) of the meaning of labour dispute under section 2 of the Act. In fact, the Respondent is referring to the following provision of the law:

"labour dispute" –

(b) does not, notwithstanding any other enactment, include a dispute by a worker made as a result of the exercise by him of an option to be governed by the recommendations made in a report of the Pay Research Bureau or a salary commission, by whatever name called, in relation to remuneration or allowances of any kind;

As per the Terms of Reference of the present matter, the Tribunal is being asked to enquire into whether the Disputant should be granted incremental credit as per *paragraph* 18.9.19 of the *PRB Report 2013* for the BSc in Management awarded to him in December 2015 or be paid a non-pensionable lump sum for same in accordance with *paragraph* 18.9.16 (v) of the *PRB Report 2016*.

It should also be noted that the Disputant, in his Statement of Case, is praying for 'the Tribunal to reinstate him in his right to be awarded an incremental credit for his higher qualification in line with paragraph 18.9.19 under Recommendation 7 of PRB Report 2013'.

It is useful to set out the aforesaid paragraphs of the aforementioned *PRB Reports*. *Paragraph 18.9.19* of the *PRB Report 2013 Volume 1* provides as follows:

Recommendation 7

18.9.19 We recommend the grant of one incremental credit for each level of additional qualification obtained, whether partly relevant or not, subject to a maximum of three, as follows:

- (a) Bachelor Degree One increment
- (b) Master's Degree Two increments [inclusive of the increment at (a)]

(c) Doctorate and above - Three increments [inclusive of the two increments at (b)]

Moreover, paragraph 18.9.16 (v) of the PRB Report 2016 Volume 1 has to be considered in the whole of paragraph 18.9.16 and this provides as follows:

Recommendation 4

18.9.16 We recommend the payment of lump sum rates of Higher Qualification Incentives (HQI) as per table at (v) for qualifications which are directly relevant to the performance of the duties of the grade and are higher than the qualifications specified in the scheme of service for the grade and subject to the following conditions:

- (i) the additional qualifications are obtained following an examination and are duly recognised by the Mauritius Qualifications Authority or the Tertiary Education Commission;
- (ii) where different qualifications are laid down in a particular scheme of service, the highest one would be taken as the basic qualification for the purpose of determining eligibility for payment of HQI;
- (iii) only officers holding a substantive appointment would be considered for the grant of HQI for additional qualifications;
- (iv) officers who have already benefited from the payment of HQI for additional qualifications in one capacity would not be granted HQI anew for the same qualifications in another capacity;
- (v) the payment of a lump sum rate of HQI for additional qualifications should be as follows:

Qualification	Amount (Rs)
Doctorate and above including specialist qualifications for medical profession. V	30000
Master's Degree	20000
Bachelor Degree	16000

an officer should not be eligible more than twice in his or her career.

As is apparent from the above mentioned provisions of the *PRB Reports*, the Disputant is claiming incremental credit depending on the qualification as per the 2013 report; or the payment of a lump sum for HQI pursuant to the conditions set out being fulfilled in accordance with the 2016 report.

Would the recommendation of the payment of the increment pursuant to paragraph 18.9.19 of the PRB Report 2013 relate to 'remuneration or allowances of any kind'? It should be noted that this recommendation directly relates to the issue of the grant of incremental credit. From paragraph 18.9.1 of the PRB Report 2013, increment has been described as follows:

Increment

18.9.1

Most of the grades in the Public Sector have the salaries which are in scales. A salary scale has an initial and a top salary point. Movement from the initial to the top salary point is incremental. A few grades have a flat salary (one point salary). When the salary of an officer is on an incremental scale, the holder is not entitled to draw any increment as of right. An officer, on appointment, is granted the initial salary of the salary scale of the grade. The guaranteed salary for an incumbent in the grade is the initial salary and any movement in the scale has to be earned. Increment is a method for rewarding those who have demonstrated adequate yearly progress and whose work and conduct have been satisfactory.

A similar description of increment has also been offered by the *PRB* at paragraph 18.9.1 of its 2016 report. As may be gleaned from this description, increment is directly related to salary. Would it therefore fall under the ambit of the term 'remuneration'? Although the term 'remuneration' has not been defined in the *Act*, the following may be noted from what the Supreme Court stated in *A.J. Maurel Construction Lie v Froget* [2008 MR 6]:

Remuneration includes salary and the benefits that may be said to go with the salary or "the salarium" which includes the "accessories:" see Jean-Emmanuel Ray Droit du Travail, Droit Vivant p. 173, para 123.

Moreover, it would be appropriate to note what the Supreme Court stated in relation to the term 'remuneration' in the case of Stella Insurance Co Ltd v Ramphul [1987 MR 151]:

It should, in our view, mean, to quote from the editor of Stroud's Judicial Dictionary who thus paraphrases the ratio decidendi of the English case just referred to: "everything which is quantifiable and paid to the worker."

The following may also be noted from *J. Pélissier*, *G. Auzero* and *E. Dockès* in *Droit du travail*, *Précis Dalloz*, 26^e édition, p.875, 876, note 851 on the issue of remuneration in relation to salary:

Une distinction est ainsi introduite entre une notion large de rémunération de l'emploi, et une notion plus étroite de salaire, qui serait essentiellement le prix de base du travail fourni. Mais les expressions de « salaire » et de « rémunération (du travail) » sont souvent employées, dans le Code du travail, comme synonymes. Il faut donc admettre que « salaire » possède, dans la langue du droit du travail, un sens étroit (salaire de base) et un sens large (ensemble du salaire de base augmenté des « compléments du salaire », qui en sont des « éléments constitutifs »), dans lequel il a pour synonyme « rémunération ».

It is thus clear that as increment is directly linked to salary, it would amply fall within the ambit of the term 'remuneration' and thus a dispute concerning the grant of same would not be deemed to be a labour dispute pursuant to paragraph (b) of the meaning of labour dispute under section 2 of the Act.

It is also pertinent to note that it has not been disputed that the Disputant has signed the Option Form opting to be governed by the recommendations of the *PRB Report* as is evidenced by Document A produced. It has not also been disputed that the Disputant applied for the award of incremental credits under the *PRB Report 2013* in or around June 2016, which is after the effective date implementation of the *PRB Report 2016* and after he signed the Option Form to be governed by same on 15 April 2016.

It now remains to be seen if the payment of a lump sum for HQI pursuant to paragraph 18.9.16 (v) of the PRB Report 2016 would fall within the ambit of the term 'remuneration' as has been contemplated at paragraph (b) of the meaning of labour dispute under section 2 of the Act. A scrutiny of the whole of paragraph 18.9.16 of the PRB Report 2016 reveals that the payment of the lump sum is not automatic and is subject to certain conditions as set out therein.

The payment of the lump sum comprises the payment of an amount of money depending on the type of qualification as set out in the table at *paragraph 18.9.16* (v) of the *PRB Report 2016*. This payment is normally made in the salary of the officer and would thus be part of the salary of the beneficiary. Despite the appellation of a lump sum, its payment, whether one off or otherwise, is made as part of the salary of the officer and would thus be within the officer's remuneration.

Given that the legislator has contemplated the exclusion of disputes pertaining to recommendations of the *PRB Report* in relation to 'remuneration ... of any kind' from the meaning of a labour dispute, the payment of the lump sum would fall within the wide ambit of paragraph (b) of the meaning of labour dispute under section 2 of the Act.

The Disputant would thus be barred from bringing a dispute for the payment of a lump sum for his BSc in Management as per paragraph 18.9.16 (v) of the PRB Report 2016 in view of the exclusion to the meaning of a labour dispute made at paragraph (b) under section 2 of the Act.

The Tribunal has noted that it is the argument of the Disputant that his dispute relates to the application, interpretation and implementation of the *PRB* recommendations and not to the substance of same. The Tribunal, in view of the Terms of Reference of the present dispute and of the prayer sought by the Disputant as set out in his Statement of Case, cannot concur with this argument.

Indeed, a perusal of the Terms of Reference reveal that the Disputant is asking to be granted an incremental credit or be paid a non-pensionable lump sum. This clearly demonstrates that the Disputant is first and foremost seeking the award of an increment or of a lump sum pursuant to the relevant paragraphs of the *PRB Reports* of 2013 and 2016 and is not *per se* principally concerned with the application, interpretation or implementation of the aforementioned recommendations of the *PRB Reports* as cited in the Terms of Reference.

Likewise, the Disputant, at paragraph 17 of his Statement of Case, is praying for the Tribunal 'to reinstate him in his right to be awarded an incremental credit for his higher qualification ...'. This again clearly shows that the Disputant is not primarily seeking the interpretation or the applicability of the *PRB* recommendation but the award of the increment pursuant to the relevant paragraph of the *PRB Report*.

At this juncture, it would be useful to reflect on what was stated by the Supreme Court in Federation of Civil Service and Other Unions and others v The State of Mauritius and anor. [2009 SCJ 214]:

Should he of his own free will, however, opt to be governed by the recommendations in the new report, he is presumed like any citizen to know the law, including the new provisions, and cannot declare a dispute in relation to his remuneration or allowances.

It has also been noted that the representative of the Disputant has stated that the present Preliminary Objections in Law to the dispute should have been raised before the CCM and not before the Tribunal. The Disputant has also contended that the jurisdiction of the Tribunal can only be disputed on grounds as set out in *section 71* of the *Act*, which does not apply to the present dispute.

The Tribunal, in view of the contentions of the Disputant, would refer to a ruling of the then Permanent Arbitration Tribunal in *Mrs C. M. Tatiah and Development Bank of Mauritius (RN 758)* delivered on 4 August 2004, which was followed in the matter of *S. Dawon and Mauritius Institute of Training and Development (supra)*. Therein, the Permanent Arbitration Tribunal notably stated:

The Tribunal wishes to address itself first on whether once a referral is made, it is bound to adjudicate on the dispute. Indeed Section 83 of the Industrial Relations Act 1973 as amended states "Where any dispute is referred to the Tribunal by the Minister under section 82, the Tribunal shall, with all diligence, inquire into the dispute and make an award on it". Section 5 of the Interpretation and General Clauses Act defines "shall" as "may be read as imperative". (the underlining is ours).

Are we to hear any dispute referred to us by the Minister if the Tribunal finds that the dispute does not fall within the legal parameters of an industrial dispute as per the Industrial Relations Act 1973 as amended?

Russell on Arbitration, 18th Edition by Anthony Walton Q.C. at page 73 reads:

"It can hardly be within the arbitrator's jurisdiction to decide whether or not a condition precedent to his jurisdiction has been fulfilled. However, an arbitrator is always entitled to inquire whether or not he has jurisdiction. (see Brown v. Oesterreichischer Waldbesitzer R.G.m.b.h. (1954) (Q.B.8) An umpire faced with a dispute whether or not there was a contract from which alone his jurisdiction, if any, deal with the matter at all and leave the parties to go to the court, or he can consider the matter and if he forms the view that the contract upon which the claimant is relying and from which, if established, alone his jurisdiction can arise is in truth the

contract, he can proceed accordingly. (Per Roskill J. in Lunada Exportadora and others v. Tamari and Sons and Others (1967) L. Lloyd's Rep. 353 at page 364)."

The Tribunal concedes therefore that whenever a compulsory arbitration is referred to it, it has no choice than to inquire into the dispute provided it satisfies the Tribunal that it is an industrial dispute.

It is trite understanding that the Tribunal will have no jurisdiction to hear a dispute which is not a labour dispute as defined in the *Act*. The Tribunal cannot therefore be precluded from being satisfied as to whether the dispute before it is a labour dispute as is defined under the *Act*.

Under section 71 of the Act, the Tribunal cannot enquire into a labour dispute where same relates to any issue within the exclusive jurisdiction of the Industrial Court; or which is the subject of pending proceedings before the Commission or any court of law. The Tribunal, before reaching this threshold, must however be satisfied as to whether the dispute before it amounts to a labour dispute in the first place. Only after having been satisfied of same can the Tribunal determine whether the labour dispute would fall within the exclusions provided for in the aforesaid section. The Tribunal is therefore entitled to satisfy itself as to whether the dispute is indeed a labour dispute as defined under the Act.

The Tribunal therefore finds that the first limb of the Preliminary objection in Law raised by the Respondent must succeed. As the Tribunal has found that the present dispute does not constitute a labour dispute as is defined under the *Act*, the Tribunal does not find it necessary to consider the other two limbs of the Preliminary Objection in Law raised by the Respondent.

*

The present dispute is therefore set aside.

In the matter of:-

ERT/RN 146/17 - Miss Marie Florence François

(Disputant)

And

Rodrigues Regional Assembly

(Respondent)

In the presence of:-

Ministry of Civil Service & Administrative Reforms (Co-Respondent)

On 27th July 2017, Miss Marie Florence François, residing at Citronelle, Rodrigues reported to the Rodrigues Commission for Conciliation and Mediation the existence of a labour dispute between herself and the Rodrigues Regional Assembly as per Section 64(1) of the Employment Relations Act 2008, as amended. Conciliation meetings were held at the Commission. As no settlement could be reached, the Commission referred the labour dispute to the Tribunal for

arbitration in terms of Section 69(7) of the Employment Relations Act 2008, as amended.

Miss Marie Florence François is hereinafter referred to as the Disputant and the Rodrigues Regional Assembly as the Respondent. The hearing took place on 13th January 2018 in the District Court of Rodrigues in the presence of the Ministry of Civil Service & Administrative Reforms.

Mr Ajay Daby, of Counsel, instructed by Mr Hemend Kumar Fulena, Attorney, appeared for the Disputant. Mr Isnoo Vijay Cooshna, of Counsel, instructed by Mr Anwar Abbasakoor, Attorney, appeared for the Respondent. The Co-Respondent was not legally represented.

The point in dispute is,

"Whether in accordance with recommendation EOAC 316 paragraph 39.38 of the EOAC report PRB 2013, my grade as Higher Executive Officer should have merged with the grade of Office Management Executive and be restyled Office Management Exècutive as has been the case for my counterpart in Mauritius".

In her Statement of Case, Disputant avers in substance:

She joined the service as Extra Teaching Assistant on 27th April 1979. She was appointed as Clerical Assistant on 21st January 1981, Executive Office on 25th August 2003 and promoted Higher Executive Officer on 19th July 2010.

The Errors, Omissions and Anomalies Committee Report (EOAC) – PRB
 2013 Recommendation EOAC 316 paragraph 39.38 stipulates that:

"The Committee recommends that the grade of Higher Executive Officer be merged with the grade of Office Management Executive and be restyled Office Management Executive. However, this merger should apply to those Higher Executive Officers in post as at 31 December 2012."

Same was not mentioned in the EOAC Report PRB 2013 for the Rodrigues Regional Assembly for the Higher Executive Officers of the Island of Rodrigues.

• However, Recommendation 7 paragraph 23 (d) of the above report stipulates:

"that subject to the approval of the Ministry of Civil Service and Administrative Reforms, revised conditions in respect of grades of the Island of Mauritius would, in principle, be applicable to similar grades of the Rodrigues Regional Assembly."

- The restyling of post from Higher Executive Officer to Office Management Executive has already been effected for her counterparts in Mauritius who have opted for same since 2013.
 - Representations were made on 14th April 2015, 10th June 2016 and 31
 May 2017 to the Island Chief Executive of the Rodrigues Regional
 Assembly requesting for the merging of the post of the grade of
 Higher Executive Officer be merged with the grade of Office

Management Executive and be restyled Office Management Executive. No reply was received.

- On 27th July 2017, Disputant reported a dispute to the Rodrigues Commission for Conciliation and Mediation.
- The Rodrigues Commission for Conciliation and Mediation has organized meetings for both parties on 10th August and 11 September 2017.
- As no settlement could be reached, on 25th October 2017, the Rodrigues Commission for Conciliation and Mediation referred the case to the Employment Relations Tribunal.
- The Pay Review Report 2016 for the RRA recommended the following at paragraph 2.1.3:

"Higher Executive Officer (Rodrigues) presently, appointment to the grade of Higher Executive Officer (Rodrigues) is made by promotion of Executive Officers (Rodrigues) reckoning at least two years' service in a substantive capacity. Given that all the officers in the latter grade have already joined the grade of Office Management Assistant formerly General Services Executive, recruitment to the grade of Higher Executive Officer (Rodrigues) would, henceforth, no longer be made. Besides, the RRA has in 2013 PRB Report, already been provided with a new level structure for general services. As the need for the level of Higher Executive Officer (Rodrigues) is no longer warranted, we are making the grade evanescent."

• Recommendation 4 paragraph 2.1.13 stipulates that:

"We recommend that the grade of Higher Executive Officer (Rodrigues), be made evanescent. Personal salaries are being provided for incumbents."

- Disputant did not have the opportunity to opt or not for the grade as Higher Executive Officer should have merged with the grade of Office Management Executive and be restyled Office Management Executive as has been the case for her counterparts in Mauritius.
- Taking into consideration that the Report PRB 2013 (RRA), Miscellaneous, Recommendation 7 paragraph 23 (d) of the report and where same has been replicated in each report of the RRA:
 - "that subject to the approval of the Ministry of Civil Service and Administrative Reforms, revised conditions in respect of grades of the Island of Mauritius would, in principle, be applicable to similar grades of the Rodrigues Regional Assembly", two letters were referred to the Island Chief Executive of the RRA on 10th June 2016 and 31 May 2017. There was no reply.
- Disputant firmly contends that it was the responsibility of the Island Chief Executive of the RRA to address the issue since 2013 as it has been the case for the other grades such the Higher Clerical Officer to General Service Officer which is now Management Support Officer, Executive Officer to General Services Executive which is now Office Management Assistant and the Word Processing Operators whose Scheme of Service has been amended to enable them to join the Grade of Management Support Officer.

- It is important to note that the appointment to the grade of Higher Executive Officer was done by promotion from Executive Office (Now) Office Management Assistant. The same Office Management Assistant is now drawing salary in a scale of Rs 21950 x 625 23200 x 775 32500 x 925 37125 x 1225 39575 whereas the grade of Higher Executive Officer (Rodrigues) (Personal) is drawing salary in a scale of Rs 22575x625 32000 x 775 32500x 925 37125 x 1225 38350. (Pay Review Report 2016)
- The Disputant is advised and firmly believes that as a citizen of the Republic of Mauritius:
 - She is eligible for the grade of Higher Executive Officer to be merged with the grade of Office Management Executive and be restyled Office Management Executive as it has been the case for her counterparts in Mauritius because Disputant was promoted on 19 July 2010.
 - Disputant was deprived of the opportunity to opt or not for the grade as Higher Executive Officer which should have merged with the grade of Office Management Executive and be restyled Office Management Executive as has been the case for her counterparts in Mauritius.
 - The grade of Higher Executive Officer has been made evanescent for the Rodrigues Regional Assembly as per Recommendation 4 of the Pay Review 2016 as it has been the case for her counterparts in Mauritius who did not opt to join.

- Her constitutional rights have not been protected against discrimination because she has been born in Rodrigues.
- This situation has caused prejudice to her since 2013.

In its Statement of Case, Respondent made the following averments, amongst others:

- Creation of posts in the civil service are established under the Civil Establishment Act.
- Respondent can only appoint through delegated power by the Public Service Commission which is empowered to make appointments.
- The Errors, Omissions and Anomalies Committee (EOAC) set up in the wake of the publication of the PRB 2013 had recommended at paragraph 39.38 that "the grade of Higher Executive Officer for officers in post as at 31 December 2012 be merged with the grade of Office Management Executive and be restyled Office Management Executive".
- However, the abovementioned recommendation was not reproduced by the EOAC in its Report as regards the Higher Executive Officers on the establishment of the Rodrigues Regional Assembly but has instead recommended at paragraph 2.1.43 A for:
 - "the creation of a grade of Office Management Executive. Appointment thereto should be made by selection from among Senior Executive Officers, Higher Executive Officers and

Executive Officers (Personal) reckoning at least 15 years service in a substantive capacity in the Executive Cadre and (...) and

- the grade of Office Superintendent should be made evanescent"
- At paragraph 2.1.43C of its Report, the EOAC also recommended that "the incumbent in the grade of Office Superintendent be given the option to join the new grade of Office Management Executive and be granted one increment on joining the grade".
- Thereafter, the Respondent made necessary arrangement with the Ministry of Civil Service and Administrative Reforms and the post of Office Management Executive was created by the Civil Establishment (Rodrigues Regional Assembly) Order 2013.
- The Scheme of Service for the new post of Office Management Executive (OME) was prescribed on the 22 April 2014 and the only Office Superintendent in post was appointed OME on 07 August 2014.
- It is worth mentioning that the structure of the General Service/Executive Cadre on the establishment of Mauritius and Rodrigues is not the same in that a grade of Senior Executive Officer (SEO), promotional from officers in the grade of Higher Executive Officer (HEO) exists on the establishment of the Respondent whereas this is not the case for the establishment in Mauritius.
- During the pre PRB 2016 consultations, Higher Executive Officers in post on the establishment of the Respondent made representations to the PRB for the creation of additional posts of OME. Management and employees unions, on their part, made joint representations to the PRB for the merging

of the grades of SEO and HEO into the grade of OME. The PRB in its Report in 2016 made no recommendations as such.

- Further representations were made by the Disputant to the Respondent in connection with the present dispute.
- Respondent has on the 24 August 2017 written to the Senior Chief Executive
 of the Ministry of Civil Service and Administrative Reforms to look into
 representations made by the Higher Executive Officers to remedy the
 anomaly.
- Reply of Ministry of Civil Service and Administrative Reforms is awaited.
- The Respondent has taken all necessary actions that would be reasonably expected of such a responsible institution in response to representations made by the Disputant.

In a document dated 4th January 2018, the Co-Respondent avers the following:-

- The new grade of Office Management Executive (OME) was created following the recommendation 15.19 of the Pay Research Report (PRB) Report 2008 on the Mauritian establishment but there was no such recommendation for the creation of that grade for the Rodrigues Regional Assembly (RRA) in that report.
- The grade of Office Management Executive (OME) on the establishment of the RRA was only created on the Errors, Omissions and Anomalies Committee (EOAC) Report 2013 in pursuance of paragraph 2.1.43 A thereof. Appointment to the grade was to be made by selection from among Senior Executive Officers (Rodrigues), Higher Executive Officers

(Rodrigues), General Services Executive (RRA) and Executive Officers (Rodrigues) (Personal).

- On the other hand, in the same EOAC Report 2013, at paragraph 39.38, it is recommended that the grade of Higher Executive Officer (HEO) in the Mauritian establishment be merged with the grade of Office Management Executive and be restyled Office Management Executive. However, this merger should apply only to those HEOs in post as at 31 December 2012.
- As there are no specific recommendations in the PRB Report 2016 regarding the grades of OME's on the establishment of the RRA and the Ministry of Civil Service and Administrative Reforms (MCSAR), the recommendations of the EOAC Report 2013 still stand good.
- It should be noted that on the establishment of the RRA, there still exists a grade of Senior Executive Officer (Rodrigues) which, on the other hand, has been abolished on the establishment of the MCSAR. This grade provides an avenue for promotion for HEOs on the RRA.
- The recommendation in the EOAC Report 2013 that appointment to the grade was to be made by selection from among Senior Executive Officers (Rodrigues), Higher Executive Officers (Rodrigues), General Services Executive (RRA) and Executive Officers (Rodrigues) (Personal) still prevails and the MCSAR has no authority to change that recommendation and merge the grade of HEO (Rodrigues) with that of OME.

The Disputant deponed before the Tribunal and solemnly affirmed to the truthfulness of the contents of her Statement of Case. Being aware of the stand of

the Co-Respondent in relation to the issue of implementation of the PRB Report, she stated that this goes in line with her prayer. She produced the various correspondences between herself and the Respondent in relation to the present issue. She signed the option form in relation to the PRB Report 2016 in which she agreed to the Terms and Conditions laid out in that report. It has been her belief that despite the signing of the option form, management would in the meantime look into the case of Higher Executive Officers. She understands that the final approval does not emanate from the Respondent, but rather from the Co-Respondent.

The Respondent's representative, Ms Marie Louise May Perrine, Assistant Manager HR, stated that she is the leading person at the office of the Island Chief Executive to channel matters regarding conditions of service to the Co-Respondent. Following representations made by the Disputant and others in the same grade on the 24th August 2017, the Island Chief Executive wrote to the Co-Respondent regarding the merging of the post of Higher Executive Officers into that of Office Management Executive (OME). She added that the role of Island Chief Executive is to implement the recommendation of the PRB Report and to address representations from employees.

Mr Shin King Wan Ah Fat, Assistant Manager HR, deponed on behalf of the Co-Respondent. His stand is that the grade of OME was created in the PRB Report 2008 in the civil service excluding Rodrigues. It was only after the Errors, Omissions and Anomalies Committee (EOAC) Report 2013 that it was created for Rodrigues. According to the witness, it was clear in that report that the grade of OME was by appointment, by selection from Higher Executive Officer and other grades. This was a specific recommendation for the Rodrigues Regional

Assembly, whereas on the Civil Service Mauritian establishment (excluding Rodrigues), it was a merger of Office Management Executive with Higher Executive Officer. As a result of the recommendation of EOAC, a Scheme of Service was prescribed. The witness stressed that the Co-Respondent only complies with approved recommendations.

Counsel for the Respondent submitted that by virtue of Section 3(2) of the Rodrigues Regional Assembly Act 2001, the Rodrigues Regional Assembly is a body corporate and the exercise of its functions is regarded as done on behalf of the Government of the Republic of Mauritius. The 4th schedule to the Act provides a list of areas of responsibilities to be exercised by the Rodrigues Regional Assembly and according to Counsel, Civil Service affairs are not included. He referred to section 66(3) of the Act that provides:

"The Staff of the Regional Assembly shall be under the administrative control of the Island Chief Executive."

The latter, he submitted, is therefore the best person to assess the qualities and weaknesses of his officers and make proper recommendations to the Public Service Commission in cases of in-house appointment or promotion. As far as the Rodrigues Regional Assembly is concerned, it has no authority regarding appointment, promotion, creation and merging of posts. The issue of appointment and promotion is the sole responsibility of the Public Service Commission (G.Appadu v The Public Service Commission and Mr Harish Bundhoo SCJ 29 of 2003). Reference has also been made to the case of Mrs S.Hurry v the Government of Mauritius SCJ 51 of 1996), where it was stated that the duty to prepare Schemes of Service rests on the responsible officer but, that these must obtain the sanction

of the Head of the Civil Service and agreed to by the Public Service Commission and which application before the Court could not succeed as one of the main parties was not before it. Counsel submitted that in the present case, the Public Service Commission was not made a party to it.

On the issue of the creation of posts, Counsel referred to the case of N.Dyall v J.Beegoo and the P.S, Ministry of Education, Arts and Culture [1998 SCJ 317]:-

"Now, the power to establish posts in the public service is conferred on the President (vide section 74 of the Constitution). When exercising his power the latter is required to act in accordance with the advice of the Minister for Civil Service Affairs (vide section 64 of the Constitution) and also in accordance with section 3 of the Civil Establishment Act. However, the power to appoint officers in the public service rests on the Public Service Commission (vide section 89 of the constitution). (See (1) [1987 MR 88]; (2) [1987 MR 109]."

He also cited the case of Rodrigues Government Employees Association & Others v/s the Government of Mauritius (2000 SCJ 375):-

"It is perhaps appropriate that we state at the outset that the public service draws its source from section 74 of the Constitution and that the President acting in accordance with the advice of the Minister responsible for the Civil Service and in accordance with the provisions of the Civil Establishment Act constitutes officers or establishes posts for the State of Mauritius. The Civil Establishment Order made under the Civil Establishment Act.... sets out the offices created under the various Ministries or Government Departments.

All public officers whether they originate from the Island of Mauritius or Rodrigues or any other island within the State of Mauritius are governed by the Public Service Commission Regulations 1967."

In short, he submitted that the Rodrigues Regional Assembly as a body corporate depends wholly on the Ministry of Civil Service Affairs for creation of posts, whereas for appointment and promotion, it is up to the Public Service Commission. His ending address was that the employer is always the Government of Mauritius.

Counsel for the Disputant submitted that it is established on facts that the Disputant deserves the attention of the employer. According to him, the Respondent accepted in its averments that it is the employer and that the latter cannot discriminate.

We will first deal with the legal issues raised. It has been strenuously argued that the present dispute should not have been directed against the Rodrigues Regional Assembly inasmuch as it is the Government of Mauritius which is the employer. We agree that neither a Minister nor a Ministry is an employer with regard to matters pertaining to a particular Ministry and that it is the State that carries the status of employer. With regard to the present case, reference should be made to the definition of the 'employer' in Section 2 of the Employment Relations Act 2008, as amended.

Section 2 provides:-

'Employer' includes a person, an enterprise, the State, a statutory corporation, a body of persons employing a worker, or a group of employees or a trade union of employers.

The Rodrigues Regional Assembly Act 2002, as amended, clearly and unambiguously stipulates:Section 3 (2):

"The Regional Assembly shall be a body corporate and the exercise of its functions shall be regarded as done on behalf of the Government of the Republic of Mauritius." (Underlining is ours).

We therefore conclude that the Rodrigues Regional Assembly being an agent of its principal, the Government of Mauritius, can only act on its behalf. This dispute should then have been directed against the Government of Mauritius and not the Rodrigues Regional Assembly. (D.Bagha and Ministry of Education, Culture & Human Resources [CSAT Award R/N 1023]). We reiterate, en passant, what the Supreme Court had to say in Morris J. V Merville Beach Hotel & others (SCJ 414 of 2009):-

"....If a party does not know who his defendant is, his legal advisers should ascertain it for him. He should go to Court to determine his rights and not to find out who his defendant is....It is not the function of the courts to undertake an investigation as to who a claimant in any particular case should sue..."

The Respondent in its Statement of Reply averred that the dispute cannot be considered in the absence of all interested parties and its Counsel expatiated lengthily on the absence of the Public Service Commission as a party to the present dispute. Yet, in the end, he plainly stated: "I did not say it should have been a party."

Indeed, Section 118 (4) of the Constitution of Mauritius provides:-

"Subject to Section 91 A, in the exercise of its functions under this Constitution, no such Commission shall be subject to the direction or control of any other person or authority."

The exceptions would be the Public Bodies Appeal Tribunal and a Court of Law. The latter's power to adjudicate over the decision of such commission is provided in Section 119 of the Constitution:-

"No provision of this Constitution that any person or authority shall not be subject to the direction or control of any other person or authority in the exercise of any functions under this Constitution shall be construed as precluding a court of law from exercising jurisdiction in relation to any question, whether that person or authority has performed those functions in accordance with this Constitution or any other law or should not perform those functions."

The above section was canvassed in *Devanand Bagha v Ministry of Education*, Culture and Human Resources and Ministry of Civil Service & Administrative Reforms (RN 1023 of 2009). Quoting the Mauritius Senior Civil Servants

Association and Ministry of Health and of Quality of Life, in presence of Public Service Commission (Civil Service Arbitration Tribunal Award RN 963 of 2009), the Tribunal stated:-

".....However, we do not share the view that the present matter cannot be entertained in presence of the Public Service Commission. We refer here to what we stated in a Ruling delivered in RN 963 (Mauritius Senior Civil Servants Association & Ministry of Health and Quality of Life in presence of Public Service Commission):

The Tribunal considers that Section 118 (4) of the Constitution should not be looked at in isolation:-

"In the exercise of its function under this Constitution, no such Commission shall be subject to the direction or control of any person or authority."

Indeed, we read the following in Section 119 of the Constitution:-

"Saving for jurisdiction of courts

No provision of this Constitution that any person or authority shall not be subject to the direction or control of any other person or authority in the exercise of any functions under this Constitution shall be construed as precluding a court of law from exercising jurisdiction in relation to any question, whether that person or authority has performed those functions in accordance with this Constitution or any other law or should not perform those functions."

The Legislator clearly intended that there should be an exception when it comes to the jurisdiction of Courts. We may anticipate Counsel arguing that our present forum is not as such a Court of law but a Tribunal. We find conflicting views emanating from our Supreme Court on that issue and that renders the state of our law on this issue incomprehensible. The Supreme Court of Mauritius sought to answer the question in Mauritius Breweries Ltd v Commissioner of Income Tax and six other cases (MR 1997) at page 3.

"It is clear that counsel on all sides have raised interesting issues which may resolved if we can provide answers to the following pertinent questions-

- (1) Are the Tribunal and the MCCB Tribunal administrative tribunals or Courts of law?
- (2) What is the rationale, behind administrative tribunals and are they Compatible with framework of our Constitution?
- (3) Is Hinds applicable to the Tribunal and the MCCB Tribunal?
- (4) Is an appeal on points of law really restrictive in practice and does it cover much the same ground as the Supreme Court's powers of review?
- (5) Are the Tribunal and the MCCB Tribunal, by reason of their membership, independent and impartial?

(6) Is a right of appeal on points of law only from the Tribunal to the Supreme Court repugnant to our Constitution?

With regard to the first question, we have no difficulty in holding that, in the light especially of the powers, functions duties entrusted to the Tribunal and the MCCB Tribunal by the Legislator, both tribunals are essentially administrative tribunals and not Courts of law established "to exercise the judicial power of the State". In relation to the Tribunal, there is the additional argument that it is inconceivable that the Legislator would entrust judicial power to two members who are laymen without any legal training who may, contrary to the views of the Chairman, decide the outcome of the Tribunal's decision – see Banana and Ramie Products Co Ltd v Ministry of Lands and Natural Resources (1991) LRC 728 which makes an exhaustive analysis of the main case on this issue.

Moreover, applying the test laid down by Sankey LC in Shell Company of Australia Ltd v Federal Commissioner of Taxation [1931] AC 275 at page 297, we consider that the Tribunal and the MCCB Tribunal are not Courts of law although (a) they give final decisions, (b) may hear witness on oath, (c) two or more contending parties appear before them between whom they have to decide, (d) they give decisions which affect the rights of parties, (e) there is an appeal against their decisions to a Court of law and (f) they are bodies to which a matter is referred. In other words, the Tribunal and the MCCB Tribunal do not cease to be administrative tribunals in spite of the fact that they act and are bound to act judicially and follow substantially the procedure of Court of law.

We turn now to our second question. In Wade on Administrative Law (6th edition), the learned author at pages to 897 to 900, makes the following points -

- a) The system of tribunals is an essential part of the machinery of government as it offers speedier, cheaper and more accessible justice in specialized fields while the process of the Courts of law is elaborate, slow and costly;
- b) There is a close relationship between the supplementary network of adjudicating bodies, like tribunals and Courts of law, since in the majority of cases Parliament has provided a right of appeal from the tribunals to the Courts on question of law;
- c) The term "administrative tribunals" is a misnomer since (i) they are independent and are insulated from administrative interference in their decision-making, (ii) their power to determine legal questions is entrusted by statutes, (iii) their decisions are, in essence judicial. Rather than administrative in that they ascertain the facts and apply legal rules to them impartially, without regard to executive policy;
- d) The tribunals are administrative only in so far as they are part of an administrative set-up for which a Minister is answerable to Parliament and there exist administrative reasons for preferring them to Courts of law.

So much for the 'raison d'être' of administrative tribunals, like the Tribunal and the MCCB Tribunal. But how do those two tribunals fit in within the framework of our Constitution? The Constitution does not make specific mention of administrative tribunals but their existence is acknowledged in our opinion, in section 10(8) to (10) thereof. When our Constitution speaks of "any

court or other authority required or empowered by law to determine the existence or extent of any civil right or obligation shall be established by law and shall be independent and impartial", (the emphasis is ours), it has in mind administrative tribunals, like the Tribunal and the MCCB Tribunal and countless others.

We may usefully refer to Akonaay and Anor v Attorney-General (1994) LRC 399, which was quoted to us by learned Counsel for the appellants in the sixth case, where at page 410 Nyalall CJ had this to say –

We agree that the Constitution allows the establishment of quasi-judicial bodies, such as the Land Tribunal. What we do not agree is that the Constitution allows the Courts to be ousted of jurisdiction by conferring exclusive jurisdiction on such quasi-judicial bodies. It is the basic structure of a democratic constitution that state power is divided and distributed between three state pillars. These are the Executive, vested with executive power, the Legislature vested with legislative power and the judicature vested with judicial powers. This is clearly so stated under article 4 of the Constitution. This basic structure is essential to any democratic constitution and cannot be changed or abridged while retaining the democratic nature of the constitution: It follows therefore that wherever the constitution establishes or permits the establishment of any other institution or body with executive or legislative or judicial power, such institution or body is meant to function not in lieu of or in derogation of these three central pillars of the state, but only in aid of, and subordinate to those pillars (the emphasis is ours).

His Lordship went on to observe that any purported ouster of the jurisdiction of the ordinary Courts over a justiciable dispute would therefore have been

constitutional "but adjudicative powers could properly be conferred on bodies other than Courts provided that final adjudication by way of review or appeal was reserved for the High Court or Court of Appeal."

Yet a year later our Supreme Court asked again the same question in Chadraduth Sooknah v. The Central Water Authority SCJ 115 of 1998:-

"The question that needs to be asked here is whether the Permanent Arbitration Tribunal can be equated to a Court. The answer is to be found in the following passage at page 319 in Phipson op. cit.:

"A court includes not only the regular superior courts of judicature but also inferior courts and tribunals, even domestic tribunals, provided they have jurisdiction either by the law or by the parties consenting to submit their affairs to adjudication by such tribunals. Thus the principle of conclusiveness has been held to be applicable to decisions of courts-martial, arbitrators and domestic tribunals such as the General Medical Council. In the present context, the awards of any such tribunal, however lowly, "are as conclusive and unimpeachable (unless and until set aside in any of the recognized grounds) as the decisions of any of the constituted courts of the realm."

Reference can also be made to Encyclpédie Dalloz v Chose Jugée:

12. L'autorité de la chose jugée s'attache également aux sentences arbitrales (Cass. Civ. 26 août 1873, DP 74.1.475; Cass. Req. 31 mai 1902, DP 1902.1.352) même si les arbitres ont la qualité d'amiables compositeurs (Cass. Civ. 21 juin 1852, DP 53.1.109; 18 nov. 1884, DP 85.1.317). Ainsi, l'une des

parties ne peut pas recommencer le procès devant une autre juridiction, ni devant d'autres arbitres (Cass. Civ. 21 juin 1852, 18 nov. 1884, préc. ; 28 déc. 1927, DH 1928.51).''

We take the view that had the Legislator intended to exclude administrative tribunals from the saving jurisdiction clause, it would have explicitly and expressly said so. We also find in paragraph 6 (2) (d) (ii) of the second Schedule annexed to the Industrial Relations Act 1973 as amended that the Tribunal may in relation to any dispute or other matter before it order any person to be joined as a party to the proceedings who, in the opinion of the Tribunal ought in the interests of justice to be joined as a party and to do so on such terms and conditions as the Tribunal may decide. We stress that the PSC in the present matter is not being put into cause as a Respondent but upon whose presence the matter is being called. We are not here to exercise any control or give directives to the PSC. We simply consider that it can enlighten us with respect to the dispute that we are called upon to adjudicate."

On the merits of the dispute, likewise we find no reason to intervene in favour of the Disputant. After considering both the testimonial and documentary evidence and in particular, after perusing the Scheme of Service of the various posts concerned, we find the following:-

The Pay Research Bureau Report 2007 at paragraph 15.19 recommended the creation of the new grade of Office Management Executive (OME) on the Mauritian establishment without recommending same for the Rodrigues Regional Assembly. It was the Errors, Omissions and Anomalies Committee (EOAC) Report 2013 in its paragraph 2.1.43 A that created the

grade of Office Management Executive on the establishment of the Rodrigues Regional Assembly. It is noted that appointment to that grade was to be made by selection from among Senior Executive Officers (Rodrigues), Higher Executive Officers (Rodrigues), General Services Executive (Rodrigues Regional Assembly) and Executive officers (Rodrigues) (Personal). At paragraph 39.38 of the EOAC Report 2013, it is recommended that the grade of Higher Executive Officer in the Mauritian establishment be merged with the grade of Office Management Executive and be restyled Office Management Executive. The proviso here is that this merger should apply only to those Higher Executive Officers in post as at 31st December 2012.

Higher Executive Officers on the establishment on the Rodrigues Regional Assembly have two avenues on the promotion:-

a) Promotion to the grade of Senior Executive Officer on the basis of experience and merit (see Scheme of Service of Senior Executive Officer, Rodrigues);

and

b) Appointment by selection to the grade of Office Management Executive (see Scheme of Service of Office Management Executive [Rodrigues Regional Assembly]).

We need to highlight that Higher Executive Officers in the establishment of Ministry of Civil Service and Administrative Reforms who were promoted from Executive Officers after 2013, do not, currently have any avenue of promotion. The grade of Senior Executive Officer does no longer exist on its establishment and appointment to the grade of Office Management Executive on the establishment of Ministry of Civil Service and Administrative Reforms is made by promotion from Office Management Assistants.

Indeed, if we were to accede to the demand of the Disputant with regard to the merging of the Office Management Executive grade with that of the Higher Executive Officer, then the latter will be placed at a higher level than that of Senior Executive Officer who is at an intermediate level between Higher Executive Officer and Office Management Executive and this would be creating an anomalous situation. We note also that the grade of Higher Executive Officer is personal to the holder of the post.

Evidence has been adduced showing that the Disputant has opted to accept the revised emoluments and conditions of service as set out in the Pay Research Bureau Reports of 2013 and 2016.

It has been ushered that the different procedural appointments exercised between Mauritius and Rodrigues lead to discrimination. We may here conveniently quote part of the Judgment delivered by the Law Lords in the matter of Matadeen and Others v. M.G.C. Pointu and Others (Mauritius) [1998] UKPC 9 (18th February, 1998):-

"Democracy and equality.

As a formulation of principle of equality, the Court cited Rault J. in Police v. Rose [1976] M.R. 79,81:-

"Equality before the law requires that persons should be uniformly treated, unless there is some valid reason to treat them differently."

Their Lordships do not doubt that such a principle is one of the building blocks of democracy and necessarily permeates any democratic constitution. Indeed, their Lordships would go further and say that treating like cases alike and unlike cases differently is a general axiom of rational behaviour. It is, for example, frequently invoked by the courts in proceedings for judicial review as a ground for holding some administrative act to have been irrational: see Professor Jeffrey Jowell Q.C., Is Equality a Constitutional Principle? [1994] Current Legal Problems 1, 12-14 and De Smith, Woolf and Jowell, Judicial Review of Administrative Action, paras. 13-036 to 13-045.

But the very banality of the principle must suggest a doubt as to whether merely to state it can provide an answer to the kind of problem which arises in this case. Of course persons should be uniformly treated, unless there is some valid reason to treat them differently."

We hold that in the present matter, any difference in the merging of posts in lite cannot be considered to be discriminatory.

Lastly, the Tribunal observes that the issue of whether the dispute is a labour dispute has not been taken and the Tribunal will leave open the question whether the dispute was reported more than three years after the act or omission that gave rise to the dispute.

For all the reasons stated above, the dispute is set aside.

In the matter of:-

Mr Sydney Wong Tong Chung (Appellant)

And

Commission for Conciliation and Mediation (Respondent)

The Appellant has by way of a letter dated 22 January 2018 (received on 23 January 2018) appealed against the rejection of a dispute by the Commission for Conciliation and Mediation (the "CCM"). The Appellant has not filed grounds of appeal as such but has filed a Statement of Case.

The Respondent has filed a Statement of Reply and is maintaining the decision to reject the points in dispute as per section 65(1)(f) of the Act.

Both parties were assisted by counsel and the Tribunal proceeded to hear the appeal.

The disputes before the CCM were as follows:

- 1. "Whether my pension under the Rogers Money Purchase Retirement Fund should be readjusted to take into account my date of entry which is June 1976 instead of 1996."
- 2. "Whether I am entitled to a retirement gratuity as per provision of the law."

The appeal is only in relation to dispute under limb 1 and it is conceded that the dispute under limb 2 in relation to gratuity falls within the exclusive jurisdiction of the Industrial Court.

The Tribunal will have to address a few issues which are called for in the present matter:

1. The Tribunal has on a number of occasions stated that an appeal under section 66 of the Act must be directed against the President of the CCM and not the CCM. The power to reject a report of a dispute is given to the President of the CCM under section 65 of the Act when the latter is of the opinion that, for example, the dispute relates to any issue within the exclusive jurisdiction of the Industrial Court (Section 65(1)(f) of the Act).

Section 65(1)(f) of the Act thus provides as follows:

65. Rejection of labour disputes

- (1) "The President of the Commission may reject a report of a labour dispute made under section 64 where he is of the opinion that-
 - (a)
 - (f) the dispute relates to any issue within the exclusive jurisdiction of the Industrial Court.

This is unfortunately not a mere "typing mistake" as Counsel for Appellant has put it and in effect amounts to the appeal having been made against the wrong party. Any order of the Tribunal would be made against the wrong person.

2. As per the record, Counsel for Appellant confirmed that the Statement of Case filed in the present case constituted in fact the grounds of appeal of the Appellant. The Statement of Case of Appellant reads as follows:

Appeal against the decision of the CCM as per CCM letter dated 5 January 2018 (Annex 1).

- 1. The dispute was declared in conformity with section 64 of the Employment Relations Act on 26 December 2017 (Annex 2).
- 2. On basis of the CCM Report, the matter was reported to the Labour Office of Port Louis.
- 3. The Labour Office informed Mr Jean Sydney Wong Tong Chung:
 - 3.1 That **ONLY** dispute No.2 will be inquired into and in case the employer has not respected the retirement gratuity provisions of the law (The Employment Rights Act), the matter will be referred to the Industrial Court.
 - 3.2 That regarding Dispute 1 "Whether the pension of Mr Wong, under the Rogers Money Purchase Retirement Fund, should be readjusted to take into account his the date of entry as June 1976 instead of 1996" the matter is NOT "within the exclusive jurisdiction of the Industrial"

Court" as stated by the Commission. That in fact it **CANNOT** be dealt with by the Industrial Court.

- 4. Hence the application of Mr. Wong.
- 5. Mr. Wong contends that as per section 69(7) of the Employment Relations Act the dispute should have been referred to the Tribunal.
- 6. **Question**: In case this matter **CANNOT** be referred to the Industrial Court, is it a matter that can be referred to a Civil Court? Surely, in the form of a claim for compensation. However, Mr. Wong can opt as per the Employment Relations Act to refer the matter to the Tribunal. The consent of the worker has been given or can be given.

The Tribunal finds that the Statement of Case will be more appropriate for the arbitration of a labour dispute and not for an appeal. The Tribunal has difficulty in ascertaining the grounds on which the Appellant is in fact challenging the decision in the present matter. Reference has been made to what the 'Labour Office' allegedly told Appellant and this would be the basis for the appeal before us. The Statement of Case then ends with a question. The only clear averment made by Appellant himself is that the dispute should have been referred to the Tribunal. Even if this is accepted as a ground of appeal, the Tribunal cannot eventually allow the appeal on such a 'ground' as the appeal is concerned with the rejection of a report of a dispute and the Tribunal cannot preempt that the dispute has to be referred to the Tribunal when it was not even considered by the CCM.

Though the Tribunal no doubt operates with a minimum of legal formalities and tries to be as practical as possible, the Tribunal is faced with a major obstacle in the present matter in relation to the 'grounds of appeal'.

- 3. The Tribunal is of the view that an appeal under section 66 of the Act (though the section itself is nowhere mentioned by Appellant in his 'appeal') must also be directed against the employer as Co-Respondent or at least be made in the presence of the employer. The Tribunal will refer to sections 64(7) and 65(3) of the Act which read as follows:
 - 64(7) Where a labour dispute is reported to the Commission, a copy of the report of the dispute shall be served by or on behalf of the party making the report upon every other party to the dispute.

65(3) The President of the Commission shall give written notice of any rejection within 14 days of receipt of the report of the dispute to all the parties to the dispute.

The Tribunal will also quote the following from a judgment of the Supreme Court in the case of Pharmaceutical Import& Export Ltd & anor v Bahemia F.H. & Ors 2012 SCJ 379:

"Mr. Jaddoo, Counsel for the respondents, on the strength of the authorities of Comty v Loizeau [1884 MR 132], Lam Shang Leen v Sauzier [1958 MR 237], Chamroo v La Preservatrice Co. Ltd. [1990 MR 302], and an unreported decision of the Court of Civil Appeal, dated 17 October 2011, in the case of Raman v Macky & Ors bearing reference SCR No. 932 (6B/43/08), has moved that the present appeal be dismissed on the ground that failure to join a party to an appeal is fatal to the appeal proceedings.

Mr. Pursem, for the appellants whilst fairly conceding that in principle all interested parties must be joined as parties to an appeal, nevertheless submitted that the decisions cited by Mr. Jaddoo do not lay down any hard and fast rule as regards the joining of parties.

In **Comty (supra)**, the Appellate Court answered the question whether an execution debtor who was made ex-officio a party to the interpleader proceedings in the Court below and was heard as a witness, ought to have on appeal been made a party, in the following terms:

"...can we deal with a judgment in which he (the execution debtor) is concerned when he has had no notice of the appeal and was not summoned to appear as a co-respondent. We think that he ought to have been made a respondent, and that in his absence we cannot deal with this appeal."

In Raman (supra), Counsel for the appellant conceded that no notice of appeal had been served on the Registrar of Civil Status who was not a party in the appeal proceedings but who was a co-respondent in the case between the appellants and the respondents. She however urged the Court of Appeal to allow the appeal to proceed for three reasons:

1. The appeal was against a dismissal of the case on a plea in limine litis. Should the appellants be successful on appeal, the case will be referred back to the trial Court for a proper determination and the Registrar will be a party.

- 2. The Registrar was made a party to the case to amend the register of the Civil Status in the event the appellant (then plaintiffs) were successful. His stand was merely that he was abiding by the decision of the Court.
- 3. The other parties to the appeal proceedings had no objection to the appeal being proceeded in the absence of the Registrar.

The Court of Civil Appeal declined to follow the suggestions of Counsel for the appellant taking the view that the law makes no distinction between a respondent and a co-respondent. The Court found that as one of the parties was not a party in the appeal case, the appeal could not be proceeded with. The appeal was accordingly dismissed.

Our understanding and interpretation of the ratio decidendi of the aforementioned cases are that parties before the lower Court must be joined in the Appeal proceedings."

In the case of Baines J v Pothunah P & Ors 2016 SCJ 9, the Supreme Court made a distinction between the non-joinder of parties in relation to a plaint with summons (which was the case there) as compared to 'principles governing appeals and applications for judicial review'.

The Supreme Court thus stated the following:

"In my view, principles governing appeals and applications for judicial review are of little avail when considering non-joinder in relation to a plaint with summons, in the light of the clear and express provisions of rule 19 (1) of the SCR 2000."

The Tribunal is thus of the view that the appeal should have been made at least in the presence of the employer. The Tribunal will leave open the question whether the "Rogers Money Purchase Retirement Fund" should also have been joined in as a party before the CCM.

Despite these issues, the Tribunal wishes to observe, very importantly, that The Private Pension Schemes Act 2012 (which appears, on the basis of material available before us, to be the relevant piece of legislation in the present matter and which deals with matters pertaining to private pension schemes including, for example, the transfer of a member from one pension scheme to another) provides at section 54(2) the following:

54 (2) Notwithstanding any other enactment, any civil or criminal proceedings instituted under this Act shall, in the Island of Mauritius, be entered before the District Court of Port Louis.

The term "date of entry" has been used in a very vague manner in the terms of reference and the Tribunal will not linger over whether it relates to the date Appellant joined his last employer, the Fund or simply to "continuous employment" which is specifically provided for under the Employment Rights Act (section 9).

For the reasons given above, the Tribunal finds that the present appeal cannot be entertained by the Tribunal and the decision of the President of the CCM is thus confirmed. The appeal is set aside.

INDEPENDENT AUDITOR'S REPORT ON THE SUMMARY FINANCIAL STATEMENTS TO THE MEMBERS OF DEUTSCHE BANK (MAURITIUS) LIMITED

Opinion

Summary Financial Statements

The accompanying summary financial statements, which comprise the statement of financial position as at 31 December 2017, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, are derived from the audited financial statements of Deutsche Bank (Mauritius) Limited (the 'Bank') for the year ended 31 December 2017. Those financial statements, and the summary financial statements, do not reflect the effects of events that occurred subsequent to the date of our report on those financial statements. The summary financial statements do not contain all the disclosures required by International Financial Reporting Standards. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of Deutsche Bank (Mauritius) Limited.

The Audited Financial Statements and our Report Thereon

We expressed an unmodified audit opinion on the audited financial statements in our report dated 20 March 2018. That report also includes an Emphasis of Matter which draws attention to Note 4 in the audited financial statements. Note 4 of the audited financial statements indicates that management has no intention to carry out any further business activities in Mauritius, and the Board of Directors and the sole shareholder of the Bank approved to surrender the Bank's banking license to the Bank of Mauritius. The Bank has also started implementing a structured plan to terminate its banking business in Mauritius. These conditions indicate that the Bank is no longer a going concern at the reporting date, and that the final amounts to be received upon realisation of the assets and settlement of the liabilities could vary from the amounts shown in the statement of financial position.

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of a summary of the audited financial statements in accordance with International Financial Reporting Standards and in compliance with the requirements of the Companies Act 2001, the Financial Reporting Act 2004 and the Banking Act 2004.

Auditor's Responsibility

Our responsibility is to express an opinion on the summary financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing (ISA) 810 (Revised), "Engagements to Report on Summary Financial Statements."

Other matter

This report has been prepared solely for the Bank's members, as a body, in accordance with Section 205 of the Companies Act 2001.

Our audit work has been undertaken so that we might state to the Bank's members those matters we are required to state to the latter in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not assume responsibility to anyone other than the Bank and the Bank's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Report on other legal and regulatory requirements

Companies Act 2001

We have no relationship with or interests in the Bank other than in our capacities as auditors and in dealings in the ordinary course of business. We have obtained all the information and explanations we have required.

In our opinion, proper accounting records have been kept by the Bank as far as it appears from our examination of those records.

Banking Act 2004

In our opinion, the financial statements have been prepared on a consistent basis and are complete, fair and properly drawn up and comply with the Banking Act 2004 and the regulations and guidelines of the Bank of Mauritius. The explanations or information called for or given to us by the officers or agents of the Bank were satisfactory.

Financial Reporting Act 2004

The directors are responsible for preparing the Statement of Corporate Governance Practices. Our responsibility is to report on the extent of compliance with the Code of Corporate Governance (the 'Code') as disclosed in the annual report and whether the disclosure is consistent with the requirements of the Code. In our opinion, the disclosures in the Statement of Corporate Governance Practices are consistent with the requirements of the Code.

INDEPENDENT AUDITORS' REPORT TO THE MEMBER OF BRITISH AMERICAN EXCHANGE CO. LTD

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of British American Exchange Co. Ltd (the "Company") set out on pages 19 to 38, which comprise the statement of financial position as at 31 December 2017 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, these financial statements give a true and fair view of the financial position of the Company as at 31 December 2017 and of its financial performance, its changes in equity and its cash flows for the year then ended in accordance with International Financial Reporting Standards and in compliance with the requirements of the Mauritius Companies Act 2001, the Financial Reporting Act 2004 and the Banking Act 2004.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Directors are responsible for the other information. The other information comprises the Annual Report, Corporate Governance Report and Certificate from the Company Secretary, or any other information. The other information does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard,

Directors' Responsibility for the Financial Statements

The Directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards and in compliance with the requirements of the Mauritius Companies Act 2001, the Financial Reporting Act 2004 and the Banking Act 2004, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error. design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may east significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

This report is made solely to the Company's member, in accordance with Section 205 of the Mauritius Companies Act 2001, the Financial Reporting Act 2004 and the Banking Act 2004. Our audit work has been undertaken so that we might state to the Company's member those matters that we are required to state in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member, for our audit work, for this report, or for the opinions we have formed.

Report on Other Legal and Regulatory Requirements

Mauritius Companies Act 2001

- We have no relationship with or interests in the Company other than in our capacity as auditors.
- We have obtained all the information and explanations we have required.
- In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

 of Manufities.
