## ASSESSMENT SYLLABUSES

---

## Introduction

---

The main purposes of the end of the primary school cycle assessment leading to the *Primary School Achievement Certificate* are to:

1. assess the learning that has taken place and inform all stakeholders about the levels attained and
2. certify the achievement of learners in the different learning areas.

Assessment has a strong impact on the teaching and learning process. For this reason, care has been taken for the assessment to be in line with the *National Curriculum Framework* and the *Teaching and Learning Syllabuses (Grades 1 to 6)*, December 2015. The assessment objectives reflect the learning objectives set in the National Curriculum Framework (Grades 1 to 6). The assessment is based on the following guiding principles:

- allowing all learners to demonstrate their potential and their knowledge;
- encouraging the development of 21<sup>st</sup> Century skills and
- providing equal opportunities to all our learners.

The PSAC assessment will be based on end of year written assessments in the core subjects and School-Based Assessment in the non-core subjects. In 2018, Communication Skills and ICT Skills will be assessed as non – core subjects.

THE COMMISSION -

Mr. A. G. Pillay - Chairperson,

Mr. D. P. A. Mariette - Vice-Chairperson,

Mr. C. Seebaluck - Commissioner,

Mrs. M. B. Rajabally - Commissioner,

Mrs. V. Bikhoo - Commissioner,

Having regard to the Competition Act 2007,

Having regard to the Competition Commission Rules of Procedure 2009,

Having regard to the guidelines published under section 38 of the Competition Act 2007,

Having regard to a memorandum of the Executive Director dated 16<sup>th</sup> March 2018,

**WHEREAS:**

**I. Introduction**

1.1 This Decision relates to a recommendation of the Executive Director on the matter referred to as 'Minimum restriction on importation of cattle'.

1.2 Having taken cognizance of a memorandum of the Executive Director dated 16<sup>th</sup> March 2018 on the matter, the Commission has decided to accept the recommendation and to advise the Minister of Financial Services and Good Governance, regarding action taken by the Ministry of Agro-Industry and Food Security (MAIFS), to impose a minimum quantitative restriction on the importation of cattle.

CCM/DS/0023

- 1.3 Advice is being provided pursuant to section 19 of the Competition Act 2007 (the 'Act').

## **II. Background**

### **a. MAIFS**

- 1.4 The MAIFS aims to develop agriculture and the promotion of agro-industry by focusing on safety, supply, quality, innovation and new technology through its service providing institutions, and with stakeholders of the region.

### **b. Procedure**

- 1.5 In 2017, following a complaint received from the Consumer Advocacy Platform (CAP) on 4<sup>th</sup> June 2017 and concerning action allegedly taken by the MAIFS, the Executive Director decided, under rule 3(3) of the Competition Commission Rules of Procedure 2009, to enquire and issue a memorandum to the Commission together with his recommendation on the matter.
- 1.6 The enquiry focused on allegations that the MAIFS had imposed a minimum restriction of 500 heads on the importation of cattle for Eid-ul-Ahda (Qurbani). The CAP also submitted that the MAIFS had seemingly refused new importers to use its quarantine facilities in Richelieu or Palmar.
- 1.7 In 2018, the Executive Director submitted a memorandum on the matter to the Commission, following his assessment of the alleged actions of the MAIFS, together with his recommendation.

### **c. Impugned action**

- 1.8 A communiqué issued by MAIFS on 3<sup>rd</sup> May 2017 stipulated, inter alia, that any potential importer would be required to import a minimum of 500 heads of cattle and should already have quarantine facilities with minimum holding of 500 heads, approved by the Veterinary Services Division of MAIFS.

## **III. Legal framework**

- 1.9 The Executive Director conducted his assessment of the impugned action with a view to recommend that the Commission submit advice under section 19 of the Act.

**a. Action defined**

1.10 Section 19 of the Act empowers the Commission to advise on “*any action taken or proposed to be taken*”. ‘Action’ evokes a broad range of measures, including policy directives. With respect to timing, both actions which have already been taken and prospective actions fall within the ambit of the provision.

**b. State or any public body**

1.11 Measures taken by “*the State or any public body*” may form the basis for advice. The provision clearly covers action taken by any arm of Government, including Ministries and statutory bodies.

**c. Adverse effect on competition**

1.12 Only those actions which “*may adversely affect competition in the supply of goods and services*” may be subject to advice by the Commission. It is not required that the impugned action leads to actual effects on competition. Likely effects also fall within the scope of the provision. The Commission is required however to identify the markets in which such effects may be felt.

**d. Advice**

1.13 If the Commission finds adverse effects resulting from the impugned action, it “*may advise the Minister*”. Such advice is given by way of a decision of the Commission.

**IV. Views of the Executive Director**

1.14 The Commission has had regard to the memorandum of the Executive Director and the assessment that has been carried out together with the recommendation made to the Commission.

**a. Information gathered by the Executive Director**

1.15 Imported cattle are a major source of supply of fresh beef in Mauritius and for sacrifice during Muslim festivals, in particular for ‘Qurbani’.

1.16 Slaughter cattle are principally imported from South Africa, Kenya and Australia. Cattle are slaughtered at the Mauritius Meat Authority; the only legally authorized slaughterhouse in Mauritius. ‘Qurbani’ is an exception when cattle are allowed to be slaughtered at home. In fact, about 6,000 or around 50% of cattle imported annually are slaughtered on that occasion.

CCM/DS/0023

- 1.17 Socovia Ltd is the major player in the industry, and imports around 75% of total imports (around 8,000 slaughter cattle annually). For 'Qurbani' in 2017, only Socovia Ltd imported and supplied slaughter cattle (about 6,200 heads). Agro-boss Ltd, Melville Park Ltd and Zebu Ltd were issued with import permits by the MAIFS but for various reasons could not import cattle for the occasion. The Executive Director found that Melville Park Ltd had suffered logistics issues which prevented it from importing cattle on time.
- 1.18 The Executive Director learnt that the import restrictions imposed by the MAIFS are in response to the 2016 outbreak of foot and mouth disease in Mauritius. To mitigate the potential risk of the disease, the MAIFS imposed new conditions on importation of cattle for 'Qurbani' in 2017. These included, inter alia, minimum importation of 500 heads together with pre-disposal of corresponding quarantine facilities approved by the Division of Veterinary Services of MAIFS.
- 1.19 According to MAIFS, the rationale for imposing such import restrictions on importation is to ensure that sanitary and phytosanitary conditions for home slaughtering during 'Qurbani' are respected, and to prevent the propagation of any disease. Other reasons are to align with the requirements of the approved livestock carrier, the present capacity of the quarantines sites and local market requirements.
- 1.20 The Executive Director considers that subjecting importation of cattle to a minimum of 500 heads significantly raises the costs of entry for potential importers. The Executive Director was informed that more than Rs 30 million would be required to import 500 heads. Novel and small importers would find it difficult to invest such an amount. Consequently, this could deter entry and adversely affect competition in the supply of slaughter cattle in Mauritius.
- 1.21 Moreover, it is unclear as to how the policy objective of ensuring sanitary and phytosanitary conditions or mitigating the risk of foot and mouth disease outbreak would be achieved through restricting imports of cattle to a minimum of 500 heads. Stringent controls are already in place with regards to sanitary and phytosanitary conditions. Imported animals are subject to pre- and post-embarkation controls. For instance, it is mandatory for all importers to produce an International Veterinary Certificate for imported animals.
- 1.22 The MAIFS submitted that imposing a minimum of 500 heads would help in sourcing of animals from the same farm. This would contribute in mitigating the risk of disease propagation. It is to be highlighted that according to the Fact Finding Committee on the foot and mouth disease

CCM/DS/0023

outbreak, the disease may have originated from frozen meat imported from India and not from the countries from which slaughter cattle were imported.

1.23 The measure of imposing quantitative restrictions is deemed to have created a barrier to entry and thus adversely affected competition in the supply of slaughter cattle for 'Qurbani' in Mauritius. Yet, it is not clear as to how the policy objective of ensuring bio-security is achieved. As an alternative, it has been suggested that vaccination of cattle against foot and mouth disease prior to embarkation to Mauritius could be considered.

1.24 In relation to the refusal of access to potential importers to government-owned quarantine facilities, the Executive Director was informed that no application was made to the MAIFS in this regard. Potential importers confirmed this and the matter could and was thus disposed of.

**b. Recommendation of the Executive Director**

1.25 The Executive Director has recommended that the Commission advise the MAIFS, that the minimum import condition of 500 cattle be removed and that instead the requirement that all imported cattle be vaccinated against foot and mouth disease prior to their embarkation for Mauritius be imposed to achieve the policy objective of mitigating propagation risks.

**c. Assessment of the Commission**

1.26 The communiqué issued by MAIFS on 3<sup>rd</sup> May 2017 regarding the minimum import requirement clearly constitutes a policy directive enforced by that Ministry and aimed at a sector which it is mandated to regulate. There is therefore no contention as to whether section 19 extends to the impugned action. The measure is still in force and the latter provision therefore applies.

1.27 The impugned action having been taken by the MAIFS, it falls within the scope of section 19 as action taken by the State.

1.28 The relevant market which has been identified by the Executive Director is that of the *"supply of imported slaughter cattle for Qurbani"*. The Commission finds no issue with the definition of the market.

1.29 The Executive Director found that imposing quantitative restrictions on the importation of cattle has created a barrier to entry for smaller enterprises and has thus adversely affected competition in the supply of slaughter cattle for 'Qurbani' in Mauritius. It is well documented that such impositions do in fact usually constitute barriers to entry. By its own

CCM/DS/0023

admission, the MAIFS agrees that the measure is intended to deter certain types of importation, albeit for sanitary reasons.

1.30 It is significant to note that raising barriers to entry does not *per se* constitute an adverse effect on competition. At best, it leads to a presumption that competition may be affected. Just as in all competition cases, the counterfactual must be carefully considered before determining whether a barrier to entry indeed reduces or is likely to reduce competition in a particular market, as stated already. We therefore agree that the enforcement of the quota restriction has not only raised but is also likely to raise barriers to entry and in turn has adversely affected competition.

1.31 The Commission is consequently of the view that the recommendation of the Executive Director is well-founded and satisfies the requirements for giving advice under section 19 of the Act.

#### V. Advice of Commission to Minister

#### NOW THEREFORE,

For the reasons set out in this Decision and, pursuant to section 19 of the Act, the Commission advises the Minister of Financial Services and Good Governance as follows:

That the Ministry of Agro-Industry and Food Security considers rescinding the minimum import condition of 500 cattle as communicated to the public on 3<sup>rd</sup> May 2017 and adopting such other measures as requiring imported cattle to be vaccinated against foot and mouth disease prior to their embarkation to Mauritius.
