NOTICE UNDER THE ENVIRONMENT  
PROTECTION ACT

**NOTICE FOR PUBLIC INSPECTION OF  
DECISION ON EIA APPLICATION**

Notice is hereby given under Section 28 (5) of the Environment Protection Act 2002 that this project mentioned below has been declared an **exempt undertaking** and that the **Environmental Impact Assessment (EIA) has been approved.**

The undertaking concerns the EIA for the **proposed construction of a Bypass at Cap Malheureux.**

The proponent is the **Road Development Authority.**

This conditions attached to the approval of the EIA are as follows:

1. Notwithstanding all the other permits and clearances from the relevant authorities, a Ramsar clearance from the Ministry of Agro Industry and Food Security shall be obtained and all the conditions attached therewith shall be scrupulously observed. A copy of all the permits/clearance obtained shall be submitted to the Director of Environment.
2. The development shall be undertaken as per the mitigating measures stated in the EIA report and the additional information submitted unless; as otherwise advised herein.
3. The Department of Environment shall be informed in writing of the date of commencement of works for monitoring purposes. A detailed programme of work shall be submitted to the Department of Environment for monitoring purposes.
4. In accordance with section 18(2)(1) of the Environment Protection Act 2002, the proponent shall submit to the Director of Environment, an Environmental Monitoring Plan (EMP) for approval. The proponent

shall thereafter submit reports on the implementation accordingly.

5. The Department of Environment shall be informed in writing of the date of completion of all work on site, with copy of the as-built layout plan, prior to the start of operation for monitoring purposes.
6. The proponent shall settle all issues pertaining to land acquisition with the private land owners whose land are affected by the implementation of the project.
7. The proponent shall ensure that no adjoining sites are landlocked after the implementation of the road project
8. The proponent shall obtain prior approval of Conservator of Forests for the felling of any tree along the proposed alignments.
9. Solid wastes including construction debris shall be properly collected and disposed of to the satisfaction of the Local Authority.
10. During the construction phase, all domestic wastewater shall be disposed of as per the recommendations of the Wastewater Management Authority.
11. No waste of any type shall have access or be disposed to the wetlands or sea.
12. Machines and plants shall be maintained in good working condition during construction period so as to avoid excessive noise emanation.
13. All necessary precautions shall be taken to the satisfaction of the Water Resources Unit so that the purposed development does not impact negatively on the ground water and surface water quality given that the site lies on a permeable zone.
14. The development shall not impede the flow of storm water within the vicinity of the proposed alignment. Natural drains found within the road alignment shall be restored and upgraded to the satisfaction of the Local Authority and the National Development Unit.
15. The proponent shall make provision for an appropriate means of discharging storm water through mud/ silts traps and

hydrocarbon separators to the road drainage networks prior to open discharge in the receiving environment. In order to prevent accumulation of water and flooding along the road alignment, the proponent shall consider water run-off during high intensity rainfall in designing the proposed drainage network and soak away.

16. The road reserves shall be planted with trees and landscaped in consultation with the Forestry Service. A Landscaping plan shall be submitted to the Forestry Service with copy to the Department of Environment for monitoring purposes.
17. Necessary precautions shall be taken during site preparation and infrastructural works so as not to cause any nuisance by way of noise, dust and vibration nuisances to the public and the surrounding environment.

18. Electric motors such as pumps, compressors, generators and other noise generating equipment shall be housed in sound attenuating structures so that noise generated therefrom be within permissible limits as per EPA 2002 (Standard for Noise Regulations).
19. In case of any environmental nuisances arising from this development, this Ministry will take necessary action in accordance with the provisions of the Environment Protection Act.
20. Any proposed deviation shall be subject to an application to the Director of Environment. No deviation or part thereof shall be executed prior to the determination of the application by the Director.

Date: 16 May 2018.

*General Notice No. 821 of 2018*

**THE PROFESSIONAL LAND SURVEYORS'  
COUNCIL ACT 2014**

*[Section 7 (1) (c)]*

**Notice of Election of Four Professional Land  
Surveyors as members of the Professional  
Land Surveyors' Council**

Notice is hereby given to all Professional Land Surveyors that the election of four Professional Land Surveyors as members of the Council, in accordance with section 7(1)(c) of the Professional Land Surveyors' Council Act 2014, will be conducted on the **eighth (08<sup>th</sup>) day of June 2018 between 09.30 a.m. and 02.30 p.m.** at the Ministry

of Housing and Lands, in the conference room, 6<sup>th</sup> floor Ebene Tower, Plot No. 52, Ebene.

Counting will start as from **03.00 p.m.** and the results will be proclaimed on the same day.

The following persons have been duly nominated to stand as candidates for election as members of the Council:

- (1) DWARDKA Krishnasing
- (2) JHURRY Banyduth
- (3) KHEDDOO Ishwaraj
- (4) KODARUTH Mohammad Fadil
- (5) NUCKCHADEE Mulkraj
- (6) NUCKCHADY Mohammad Irsaad
- (7) RAMIAH-ISABEL Marie François Ricardo
- (8) ROOPUN Somrajsing
- (9) RUNGHEN Harris
- (10) TUPSY Ravin
- (11) UJHOODHA Vishwajeet

Every professional Land Surveyor will be entitled to elect four (4) candidates only on the condition that:

- (i) by **10<sup>th</sup> May 2018 before 04.00 p.m.**, he/she is a Professional Land Surveyor and has furnished the security under section 5(2)(a)(i) of the Land Surveyors Act, as may be applicable;
- (ii) on the date of election, he/she produces to the Supervising Officer or his representative his/her National Identity Card as proof of identity.

**Voting by Proxy will not be allowed.**

Dated this 15<sup>th</sup> day of May, 2018.

## EMPLOYMENT RELATIONS TRIBUNAL

ERT/RN 166/2017

### AWARD

Before: -

Shameer Janhangeer	-	Vice-President
Vijay Kumar Mohit	-	Member
Karen K. Veerapen (Mrs)	-	Member
Ghianeswar Gokhool	-	Member

In the matter of: -

**Mr Avikash Sharma BEEJAN**

*Disputant*

and

**IRRIGATION AUTHORITY**

*Respondent*

The present matter has been referred to the Tribunal by the Commission for Conciliation and Mediation (the "CCM") for arbitration pursuant to *section 69 (7)* of the *Employment Relations Act*. The Terms of Reference of the dispute read as follows:

*Whether I should be reverted back to my previous posting at Plaine des Papayes substation following my transfer to Port Louis to look after projects found at St Felix, Bel Ombre, Plaisance, Belle Mare and Trou D'eau Douce or otherwise.*

The Disputant appeared *inops consilii* nor was he assisted by a trade union representative. The Respondent was assisted by Miss A. Ombrasine, Ag. Principal State Counsel instructed by Mrs R. Camiah, Ag. Deputy Chief State Attorney. Both parties have respectively submitted a Statement of Case in the present matter.

*THE DISPUTANT'S STATEMENT OF CASE*

The Disputant has averred that he has been working at the Irrigation Authority since 10 May 2005 on a permanent and pensionable basis. He has been conferred the responsibilities of two irrigation projects known as Block 2 and Block 3 in the Fond Du Sac region. On 15 August 2017, he was sent a letter (attached to the Statement of Case) by the Respondent stating that a group of planters of Block 2 and Block 3 are not satisfied with his services and was given up to 24 August 2017 to answer the letter. A letter of complaint dated 18 July 2017 was also attached. The planters requested his transfer from Block 2 and Block 3.

The Disputant replied to the letter through his Attorney at Law in a letter dated 21 August 2017 (attached to the Statement of Case). On 25 August, he was informed by his two Supervising Officers, namely Mr Kong, Head of Operation and Maintenance, and Mr Dabeeah, Divisional Irrigation Operation Officer of a meeting held on the same date around 1400 hrs between four planters and the Ag. General Manager Mr Hauzaree, the Chairman of the Respondent Mr Sarju, the Deputy Permanent Secretary Mr Boodna, wherein the Ag. General Manager took the decision to transfer him with immediate effect following the request of the planters and instructed Mr Kong to take necessary action. On 29 August 2017, he received a memorandum (attached to the Statement of Case) from the Respondent stating that it has been decided to transfer him to Port Louis to look after small scale projects situated at Belle Mare, Trou D'Eau Douce, Plaisance, St Felix and Bel Ombre with immediate effect. Irrigation Operation Officer Mr Ramdhun, who was looking after these projects, was transferred to Plaines des Papayes to look after Block 2 and Block 3. The Respondent is well aware that his residence is found at Goodlands and that he has to travel to Plaisance, St Felix, Bel Ombre, Belle Mare and Trou D'Eau Douce to look after these small scale projects.

The Disputant has also averred that he holds the position of President of the Irrigation Authority Employees Union and that the Union has, in the last two years, complained on the wrongdoings of the Ag. General Manager to Government institutions. He also made a statement that an external candidate should be nominated for the post of General Manager in presence of the Minister of Agro Industry and Food Security. He has also made public the bad state of industrial relations prevailing at the Respondent and signed, with other officers of the Operation and Maintenance Department, a letter of complaint against the Ag. General Manager.

#### THE RESPONDENT'S STATEMENT OF REPLY

The Respondent has averred that the Disputant joined as Irrigation Operation Maintenance Officer (now restyled to Irrigation Operation Officer ("IOO") by the Pay Research Bureau ("PRB") Report of 2008) on 10 May 2005; he has been posted at Stage 1, Plaine des Papayes for the past 12 years being entrusted with the responsibilities of two projects, namely Block 2 and Block 3 – Block 2 has an acreage of 360 hectares with 610 planters and Block 3 an acreage of 147 hectares with 300 planters; a copy of complaints received from a group of Block 2 and Block 3 planters was sent to Disputant on 15 August 2017 and he was requested to submit explanations; and Disputant did not submit any explanations but instead requested the Respondent, through his Attorney, to submit the names of the complaining planters.

The Respondent has further averred that IOOs have to comply with the Scheme of Service for their post; may be given responsibilities in respect of any irrigation project situated in any area of the island; may be transferred from one project to another to be acquainted with the different irrigation systems; and have to work towards providing service to the planters' community efficiently. The transfer of the Disputant was made for the purposes of administrative convenience and with a view to provide better service to the community of planters; and has no bearing on his trade union activities for which he is allowed time-off to undertake. The Respondent moves that the dispute be set aside.

#### THE EVIDENCE OF WITNESSES

Mr Avikash Sharma Beejan, Irrigation Operation Officer, adduced evidence in the present matter. Mr Beejan refuted the Respondent's Statement of Reply. He referred to the award of the Tribunal in *Mrs Allas and SBI (Mauritius) Ltd (ERT/RN 159/15)* stating that his transfer is also a punitive one. There is no mobility clause attached to the post of IOO nor is there a collective agreement on the issue of transfer. No transfer policy exists at the Irrigation Authority. He disagreed that the Scheme of Service for the post of IOO does not provide for recruitment to be made in respect of a particular location or site. He was recruited and posted at Block 2 and Block 3, which was a new project recently implemented in 2005. He was the only person living in the North recruited by the Respondent. Referring to the duty of '*To effect regular site visit during and outside working hours to ensure that operations are carried out as scheduled*' in his Scheme of Service, he stated that it is practically impossible to do after-hour

site visits to projects far away from his residence; he comes back home at Goodlands at 5.30 pm. He cannot do site visits in the dark. When posted in the North, he could effect site visits at any time when the need arose. This is also detrimental to *paragraph 18* of the *Code of Practice* of the *Employment Relations Act*. There is no issue of constructive dismissal and his dispute is not on same. He stated that the Tribunal is the most appropriate forum for his dispute.

Mr Beejan went on to state that he is not disputing paragraph 2 (a) to (e) of the Respondent's Statement of Reply. Regarding paragraph 3 (a) of the Statement of Reply, he has always complied with the Scheme of Service. In relation to paragraph 3 (b) and (c), he stated that it is the first time he is taking cognizance that he may be transferred from one project to another. According to his letter of appointment dated 4 May 2005 (produced as Document A), there is no mobility clause; ever since he joined, he has never been informed by the Respondent that he could be transferred at any time or may be given responsibilities of any irrigation project. He referred to *paragraph 49* of the *Code of Practice of the Employment Relations Act*. Management should have informed him at the time of his recruitment of the main terms and conditions attached, which has never been done. No Workers' Handbook has been published and issued to the workers. He produced a *communiqué* from the Respondent on a Committee of Inquiry at the Irrigation Authority (Document B), stating that it is now that the Respondent is thinking of implementing an Employee Handbook. The argument that he '*may be transferred from one project to another to be acquainted with the different irrigation systems*' does not stand as the Respondent has not disclosed to him that his transfer is to get acquainted with different irrigation systems when he was transferred. There is no other type of irrigation system which he has not been exposed to at the Irrigation Authority. Paragraph 3 (d) of the Statement of Reply is not in issue and is already being respected.

In relation to paragraph 4 (a) of the Respondent's Statement of Reply, that he was transferred for administrative convenience, Mr Beejan stated that the reason for his transfer has not been disclosed; he has not been treated with transparency and fairness and produced a memorandum dated 29 August 2017 (Document C) pertaining to his transfer. According to him, '*administrative convenience*' means suitable arrangements that will cause the least difficulty needed to control the operation of an organisation. He is experiencing the drawbacks of this administrative convenience as he resides in the North and has been allocated projects in the South; additional public funds are being spent to pay for the increase in mileage and he produced a copy of his payslips for the months of November 2017 and August 2017 (Document D) in support. He also has to disburse an additional Rs 175 to Rs 200 per day for parking in Port Louis. He referred to *section 6 (2)* of the *Occupational, Safety and Health Act*, stating that management has not provided him with safety and health information, instruction and training before his transfer, as well as to *paragraph 70 (b)* of the *Code of Practice of the Employment Relations Act*, which has not been followed. Regarding paragraph 4 (b) of the Statement of

Reply, the issue of time-off and trade union activities are not in dispute. He has been victimised by the former Acting General Manager who has fostered a grudge against him. His witnesses, Messrs Dabeeah and Kong, were present in a meeting on 25 August (2017).

Mr Beejan was thoroughly cross-examined by Counsel for the Respondent. He notably stated that he ranks third among the IOOs in terms of seniority of service. His trade union activities are ongoing without any problems. He agreed that there is a memorandum dated 18 October 2016, wherein Mr Kong mentioned him and four other Officers for transfer in terms of posting. However, he will only accept the transfer if it is based on mutual arrangement and not forced. It is more convenient for Officers who live in the proximity of projects to do site visits when the need arises. He could not answer if it is important to have an experienced IOO to look after his sites. His new posting is at Port Louis with frequent site visits to the sites he is allocated to. He has not done any after-hour site visits as it is impossible. He has no instructions on involving other members of his team on after-hour site visits. In 2016, Mr Kong informally told him of the need for a roaster. A mutually agreed transfer is not a victimisation. He was recruited to work at Block 2 and there is no mobility clause in his Scheme of Service or in his letter of appointment. The roaster prepared by Mr Kong is only a proposal. He does not complain on informal matters but on formal issues. He agreed that the final say rests on mutual arrangement with management and the IOOs.

Mr Beejan also replied that is not mentioned in his Statement of Case that he is incurring additional parking fees since his transfer. Following the complaint from planters, he retained the services of an Attorney-at-Law, who replied to the Respondent. He was referred to a letter from the Respondent dated 14 September 2017 addressed to his Attorney-at-Law. He does not agree that he was made aware of the reason for his transfer. He maintained that IOOs should be posted to projects near to their residence; however, this is not written in the *Irrigation Authority Act* or his letter of appointment. He agreed that he receives mileage as per the PRB Report. The increase of his mileage from Rs 7,000 to Rs 16,000 is due to additional distance travelled. He benefits from extra mileage. He also benefits from duty free facilities. When posted in the North, he was receiving travel grant. He does not receive any other allowance apart from mileage for his travel. He did not inform Mr Kong of the failure to provide him with a manual or to give him instructions. It is important for him to have a collective agreement regarding transfer.

Mr Beejan further replied that when posted at sites, as an IOO he is in charge of a team. He did not agree that it is valid for the Respondent to transfer him from one project to another. He maintained that he was not given the reason for his transfer but did not make any complaint with Mr Kong, his higher officer. It is in the Respondent's Statement of Reply he took

cognizance that he was transferred on administrative convenience. He was not aware of a letter in September 2017 addressed to his Attorney-at-Law. He has not received a copy of the letter (dated 14 September 2017) which was not addressed to him. He was not present at the meeting (on 25 August 2017). There was no further disciplinary action taken against him following the *mise en demeure*. He confirmed that a letter dated 18 August 2017 (produced as Document E) was sent on his behalf by his Attorney-at-Law to the Ag. General Manager. He has not produced the *mise en demeure* as it relates to a criminal case of victimisation and is not important for the Tribunal. The *mise en demeure* dated 8 September 2017 was made on his behalf and was in relation to disciplinary action which may have been instituted against him and there was no further action taken. He agreed that his transfer has no bearing on his trade union activities. He also agreed that there would be no diminution of his ability to take time off.

Mr Preetam Raj Dabeeah, Divisional Irrigation Operation Officer, was called as a witness on behalf of the Disputant. He notably stated that he attended a meeting on 25 August 2017 at 2 pm at Head Quarters in Port Louis. Those present were the Ag. General Manager Mr Hauzaree, the Chairman, the Ag. Head of Administration, Mr Kong, himself and later Mr Boodhna, Deputy Permanent Secretary; Mr Seebarun, Head of Construction, Office Management Assistant Mr Bhoojawon and four planters were also present. During the meeting, the four planters were complaining about Mr Beejan and the Ag. General Manager informed his Head to take immediate action to transfer Mr Beejan with immediate effect. Mr Dabeeah also stated that they receive several complaints at their office at Plaine des Papayes. The complaints are dealt at their own level and not in meetings. He has never received any complaint against Mr Beejan from planters.

Mr Dabeeah was questioned by Counsel for the Respondent. He notably stated that not all complaints received from planters go through his office. He was not aware of any complaint against Mr Beejan prior to attending the meeting. The letter dated 18 July 2017 is regarding a complaint made at the General Manager's office. Complaints are one of the aspects of the work of the Irrigation Authority. Complaints made by Mr Beejan have not come to his office. Transfers at the Irrigation Authority are not scheduled nor is there a planned transfer roaster. It is important for IOOs to become aware of various types of projects and systems. Mr Kong Thoo Lin is his Head and has been working longer than him at the Irrigation Authority. He is not aware of a memorandum dated 8 December 2016 signed by Mr Kong Thoo Lin.

Mr Kong Chong Siew Kong Thoo Lin, Head of Operation and Maintenance, was also called as a witness on behalf of the Disputant. Mr Kong Thoo Lin notably stated that he attended a meeting on 25 August 2017 at the Head Office of the Respondent at 2 pm. The Ag. General Manager, the Chairman, the representative of the Ministry of Argo-Industry Mr

Boodna, four planters – one of whom is an employee of the Respondent – and Mr Dabeeah were present at the meeting. The four planters were complaining of the attitude of Mr Beejan towards them, that he does not go on site and is not doing his work properly. After the meeting, he was instructed by the Ag. General Manager to transfer Mr Beejan with immediate effect. It is the Ag. General Manager who decided to transfer Mr Beejan where he is now working. He sent a memo to the Head of Administration to effect the transfer. He does not agree to the transfer of Mr Beejan as the residence of the Officer and the project's distance has to be considered. Mr Kong Thoo Lin produced a memorandum dated 28 August 2017 (Document F) signed by himself.

Mr Kong Thoo Lin also stated that there are other projects in the North the Disputant could have been transferred to. He has not received any complaints from planters against Mr Beejan. He is not aware if management made any inquiry into the allegations of the planters. It is not possible to effect after-hour site visits in projects far from Mr Beejan's residence in Goodlands. There are many complaints received per day from planters. When a planter makes a complaint, it is looked after by the IOO and if it cannot be resolved by him, the IOO discusses same with the Divisional Irrigation Officer. Complaints do not normally come at his level. Meetings like the one referred to are not normally conveyed. There is no mobility clause in Mr Beejan's Scheme of Service. There should be some sort of co-operation from Officers regarding transfer; the Officers should come to an agreement as there is shortage of staff.

Mr Kong Thoo Lin was comprehensively questioned by Counsel for the Respondent. Mr Kong Thoo Lin notably stated that throughout his career, he did not stay in one region, but moved as and when the post required. He was unaware of the complaints prior to the meeting. It could be that Mr Achumbit was not present at the meeting. He is not aware of any steps the Respondent has taken in relation to the complaints. There were five IOOs, now there are only four. IOO Mr Kundhai is based at Head Office looking after projects of Palma, Cressonville, Rempart and Cottage and lives in the region of Plaines Wilhems. Another IOO Mr Ramdhun also lives in a different District to where is he posted to work at. The difference in the various schemes is in the system of irrigation. Mr Beejan may be third in terms of seniority among IOOs. Mr Beejan verbally complained to him about lack of a Code of Practice or Circular regarding transfer within the organisation. He does not find the transfer to be good as Mr Ramdhun was looking after the projects very well and the transfer was done abruptly.

Mr Kong Thoo Lin also stated that complaints may be received by other Officers of the Respondent. The planters' complaints should have been made in the Occurrence Book and then the Officers will deal with same. The law provides that the General Manager is responsible for administration. He was not happy with Mr Beejan's transfer, but was instructed to make same.

He agreed that he may recommend but ultimately it's for management and the Board to decide of the transfers. Not all his recommendations are approved; but when things go wrong, he should not be blamed. Mr Beejan may be required to effect after-hour site visits, it is not something that has to be done every day but it depends on the circumstances. Mr Beejan as IOO works in a team and it is up to the IOO to work on the schedule. IOOs are provided with duty-free facilities and Mr Beejan has availed himself of same. He agreed that the PRB provides for the payment of mileage. The Irrigation Authority may be required to work in new irrigation areas declared.

Mr Kong Thoo Lin went on to state that he agreed that the Scheme of Service for IOO provides for the Officers to plan, organise and manage irrigation operations at various schemes. According to the scheme of duties, IOOs may be transferred. Transfers can be effected when there are enough Officers. There are 686.66 hectares at Plaisance, Belle Mare, Palmar, Trou d'Eau Douce and Bel Ombre and their number of planters is 797. In a memorandum dated 8 December 2016 (produced as Document G), he mentioned that '*Transfer of officers/workers is a normal practice within our organization*'. He agrees with this principle but it can only be done if there is enough staff. Paragraph 2 of the memo concerns him. He wrote the memorandum at the request of the Ag. General Manager. He also produced a memorandum dated 18 October 2016 (Document H), wherein he discussed moving the IOOs. He proposed same at the request of the Ag. General Manager. Mr Ramdhun, who lives in Plaines Wilhems, was proposed for posting at Souvenir. He discussed but there was no agreement. Despite no consensus among the staff, a decision needs to be taken nevertheless and there has to be some sort of compromise. The transfers were not done because of shortage of staff.

Mr Kong Thoo Lin also stated that he has a grievance against the Respondent currently pending before the CCM. The Ag. General Manager wanted him to take leave and was pressing and even harassed him; he had to report a case to the Police. He has nothing against the Authority but only against one person, the Ag. General Manager. His objective is to serve the planters, who are the clients. He agreed that there is need to ensure capacity building among Officers and that they are exposed to the various sites and methods of work.

Mr Arun Achumbit, Administrative Assistant at the Irrigation Authority, was called to depose on behalf of the Respondent. Referring to the Scheme of Service for IOO, he confirmed that duty (i) provides for an IOO to plan and manage the operations at various irrigation schemes. The mission of the Respondent is to provide quality service to the planters' community in an effective and efficient way. The object of the Authority is to implement and manage irrigation projects in every area and to do all other acts incidental thereto as per *section 4 of the Irrigation Authority Act*. A Minister can declare an area to be an irrigation area

and the Authority shall prepare projects for irrigation of land in every irrigation area. He confirmed that the Respondent's Statement of Reply is correct. In the present matter, the Authority received complaints from some planters in relation to Mr Beejan and he produced a letter dated 18 July 2017 (Document J) addressed to the General Manger from a group of planters of Block 2 and Block 3. He also produced a printout from the portal of the Irrigation Authority, which sets out its aims, objectives and incentives to the planters' community (Document K). The Disputant's transfer was made purely on administrative convenience. Mr Ramdhun who lives in Plaines Wilhems is working at Stage 1 and has not made any complaint. IOOs benefit from duty-free and mileage in order to go and come back from their sites. Mr Beejan avails of mileage and there is no problem with his claims. Mr Beejan's trade union activities have no bearing on his transfer which was only an administrative procedure. Mr Beejan receives time-off and all the facilities he requires for trade union activities. Mr Beejan has not complained on same.

Mr Achumbit also produced an extract of the PRB Report 2016 pertaining to paragraph 18.2.69 (iii) (Document L). Mr Beejan is third in terms of seniority among the IOOs. He produced a document showing a table setting out the various differences between the sites (Document M). There are differences in terms of extent, complexity, number of planters between the various schemes. As per his letter of appointment, there is no legal obligation for Mr Beejan to remain in one place throughout his employment. As per the Scheme of Service, an IOO needs to work on different irrigation schemes. Not all IOOs have been transferred during their work and they are working in Districts other to where they are residing. Different projects have different irrigation systems and crops also differ. To become Head of the Department, an IOO has to get the necessary experience of the various schemes to enable him to manage. There have been no complaints regarding the memorandums dated 8 December 2016 and 18 October 2016 produced by Mr Kong Thoo Lin. No amendment has been made to these documents. There has been no complaint from Mr Kong Thoo Lin or Mr Beejan regarding transfer policy according to records. Mr Kong can make recommendations regarding transfer of Officers but it is the Authority which decides.

Mr Achumbit also confirmed that the Respondent has a separate case with Mr Kong Thoo Lin at the CCM in relation to the payment of an increment. He is not aware of any Police enquiry in relation to a complaint made by Kong Thoo Lin. Mr Hauzaree was the Ag. General Manager and it is now Mrs Nowbuth who is Officer-in-Charge since January 2018. He confirmed that the memorandum dated 28 August 2017 (produced as Document F) is similar to the original document. Document F is a confidential document for the Respondent. He cannot say how Mr Beejan obtained this document. Following an exchange of correspondence with Disputant's Attorney-at-Law, there was a letter dated 14 September 2017 from Mrs Dulthummon sent to the Attorney-at-Law (produced as Document N). The transfer was only for

administrative convenience and no disciplinary action was taken further to the exchange of correspondences. All the five IOOs have been transferred.

Mr Achumbit replied to questions put by the Disputant. He notably stated that by administrative convenience, he referred to the mission of the Respondent to provide quality service to the planters' community in an effective and efficient way; an IOO should be able to cater for the different needs and requirements of planters; there are different regions over the island and different climatic conditions which gives rise to different needs from planters. An IOO need to be acquainted with different types of irrigation to cater for different planters. In relation to transfer, the representative referred to the duty of '*plan, organize and manage irrigation operations for irrigation schemes*' in Mr Beejan's letter of appointment. An IOO needs to cater for all the irrigation schemes.

Mr Achumbit also replied that regarding a letter sent to Disputant by himself dated 15 August 2017 there was a complaint, Mr Beejan was asked for explanations and no other action was taken. No explanation was received from Mr Beejan. The signatory planters were not disclosed to Mr Beejan and the letter was not anonymous. Regarding complaints, they are dealt by the General Manager when received at Head Office and by the Divisional Irrigation Officer when received at Stage 1. The complaints regarding Disputant were not referred to Mr Dabeeah or Mr Kong Thoo Lin as they were made against the Disputant. He is aware of the meeting of 25 August 2017 but does not know the contents discussed and was not present. It depends on the Ag. General Manager if a meeting is convened to deal with planters' problems. There is no written policy of transfer and the Respondent is governed by the PRB and the Human Resource Manual. He agreed that the Disputant's Union and other Unions did write letters complaining of the wrong doings of the Ag. General Manager during the last three years. It has not been communicated for how long Mr Beejan has been transferred for.

#### *THE MERITS OF THE DISPUTE*

The Disputant in the present matter is asking the Tribunal to inquire into whether he should be reverted to his previous posting at Plaine des Papayes substation following his transfer to Port Louis to look after projects found at St Felix, Bel Ombre, Plaisance, Belle Mare and Trou D'Eau Douce or otherwise.

The Disputant works as an IOO at the Irrigation Authority having joined the organisation on 10 May 2005. He was posted at Plaine des Papayes for 12 years being entrusted with the responsibilities of two irrigation projects, namely Block 2 and Block 3. It should be noted that the Respondent is a body corporate established pursuant to the *Irrigation Authority Act (Act 39 of 1978)* (the "Act").

Following complaints received from a group of planters in Block 2 and Block 3, the Disputant was requested to submit his explanations via a memorandum dated 15 August 2017 from the Respondent. The Disputant did not submit any explanations but instead, through his Attorney-at-Law, requested the Respondent to submit the names of the complaining planters.

The Disputant thereafter received a memorandum dated 29 August 2017 from the Respondent's Ag. Head of Administration *inter alia* informing him that '*it has been decided to transfer you in Small Scale Irrigation Projects with immediate effect*'. The Disputant is since posted at the Head Quarters in Port Louis looking after irrigation projects in Belle Mare, Trou D'Eau Douce, Plaisance, St Felix and Bel Ombre.

The Disputant, as per the Terms of Reference of the present dispute, is seeking to be reverted to his previous posting at Plaine des Papayes substation. In support of his case, the Disputant has over the course of the hearing put forward certain reasons as to why he should be reverted to his previous posting within the Irrigation Authority.

The main contention of the Disputant is that there is no mobility clause in his Scheme of Service nor in his letter of appointment. He has also stated that there is no collective agreement on the issue of transfer and that no transfer policy exists at the Irrigation Authority. The Disputant also mentioned having been recruited and posted to work in the North at Block 2 and Block 3, being the only person residing in the North when recruited.

A perusal of the Scheme of Service for the post of IOO notably reveals that the IOO is tasked with the duty of '*To plan, organize and manage irrigation operations for irrigation schemes*'. It should be noted that the same duty is also reproduced at paragraph 3 (i) of the Disputant's letter of appointment dated 4 May 2005.

It must also be considered that the Respondent has the statutory object of implementing and managing irrigation projects. Same may be gleaned from *section 4* of the Act:

**4. Objects of Authority**

*The objects of the Authority shall be to—*

- ...
- (b) *implement and manage irrigation projects in every irrigation area and do all other acts incidental thereto; and*

It should be noted that the Act, in conferring the mandate of doing '*all other acts incidental thereto*', has bestowed wide powers on the Respondent in the furtherance of its objective of implementing and managing irrigation projects. It therefore cannot be excluded that the Respondent has the power to transfer its employees, in particular its IOOs, from one irrigation project to another in undertaking this particular statutory object.

It cannot also be excluded that an IOO, having the duty of planning, organising and managing irrigation operations for irrigation schemes, will be posted at a particular irrigation scheme/project in the execution of the object of the Irrigation Authority. In view of the number of irrigation schemes managed by the Respondent, one cannot expect an IOO to be posted to all the schemes at once nor would it be practical to do so. In this optic, it should be noted that the irrigation schemes/projects are divided among the IOOs working at the Authority.

Although the Disputant has denied that he may be transferred, it must be noted from his letter of appointment that it is not stated that he would be posted or be working at any particular region, site, project or scheme. The letter of appointment has however set out the duties attached to the post of Irrigation Operation & Maintenance Officer, which has now been restyled as IOO by the PRB Report 2008. If it were to be the case that the Disputant was recruited by the Respondent to work exclusively at Block 2 and Block 3, his letter of appointment should have at the very least stated so.

It cannot also be overlooked that the Disputant's own witness, namely the Head of Operation and Maintenance Mr Kong Thoo Lin, has recognised that according to their duties in the Scheme of Service, IOOs may be transferred. However, he has also emphasized that transfers can be effected when there are enough Officers. It must also be noted that the

Disputant is not the only IOO who has been transferred. In this vein, the following should be noted from what has been stated by Mr Kong Thoo Lin in a memorandum dated 8 December 2016:

1. *Transfer of officers/workers is a normal practice within our organization. The main objective of any transfer is to allow the officers/workers to get acquainted with different sites.*

Although there is no express mobility clause in the Disputant's Scheme of Service or in his letter of appointment, the Tribunal cannot be satisfied that the Disputant, being an IOO, cannot be transferred from one irrigation scheme/project to another in light of his Scheme of Service and the Respondent's statutory objects or that he was recruited by the Respondent to work at only one particular irrigation scheme.

The Disputant has also laid emphasis on a meeting held on 25 August 2017 which his two witnesses, Messrs Dabeeah and Kong Thoo Lin, apparently informed him of. In fact, both witnesses called by the Disputant stated that a meeting was held on 25 August 2017 at 2 pm at the Head Quarters in Port Louis whereby four planters present complained about the Disputant; and after the meeting, the Ag. General Manager instructed Mr Kong Thoo Lin to transfer the Disputant with immediate effect.

Moreover, a memorandum dated 28 August 2017, which refers to the meeting, was produced by Mr Kong Thoo Lin. This has notably stated:

*Following complaints against IOO Beejan by planters at a meeting held on 25/08/17 at HQ in the presence of Chairman, Ag GM, Ag HOA, Mr Bhoojawon, DIOO (D), HOM and 4 planters, it was decided to transfer IOO Beejan in small scale irrigation projects with immediate effect.*

With the support of this memorandum from Mr Kong Thoo Lin, the Tribunal has noted that the Disputant has endeavored to uncover the reason for which he believes he was transferred. Although, it has not been disputed that the Ag. General Manager instructed Mr Kong Thoo Lin to transfer Mr Beejan with immediate effect after the meeting, it has not been sufficiently established that this was due to the complaints of the four planters present at the meeting. The more so, there are no notes of meeting to demonstrate same.

If it were to be the case that it is due to the planters' complaints that Mr Beejan was transferred, the Tribunal would need to be in presence of evidence from the Ag. General Manager himself on this issue. It should be noted that neither Mr Dabeeah nor Mr Kong Thoo Lin have stated that it is due to the planters' complaints that the Ag. General Manager gave instructions to transfer the Disputant with immediate effect. Thus, it cannot be safely concluded nor inferred that owing to the complaints made during the aforesaid meeting that the Disputant was transferred from Plaine des Papayes substation.

The Disputant has also stated that he was not given any reasons for the transfer relying on the memorandum dated 29 August 2017, wherein it was notably stated that *'it has been decided to transfer you in Small Scale Irrigation Projects with immediate effect'*. The Disputant has also stated he became aware that his transfer was made for the purposes of administrative convenience from the Respondent's Statement of Reply submitted before the Tribunal.

The Tribunal has however noted during the hearing of the present matter that the Respondent did write to the Disputant's Attorney-at-Law on 14 September 2017 informing of the reason of the Disputant's transfer. The relevant aspect of this letter reads as follows:

*b. The transfer was never a calculated one as a transfer is an administrative procedure which may happen at any time during the employment of your client at the IA. Moreso, the Scheme of Service of Irrigation Operation Officer at the IA is clear to the effect that an Irrigation Operation Officer shall be under the directive of the Responsible Officer and he shall comply with the exigencies of service.*

Although the Disputant has contended that he has not received this letter, it has been clearly addressed to his Attorney-at-law. It would thus be unreasonable to impute any blame on the Respondent due to the Disputant having failed to liaise with his Attorney-at-Law regarding correspondences received from the former. The more so that the aforesaid letter is in reply to a *mise en demeure* which the Disputant acknowledged was sent on his behalf.

It should also be noted that the Respondent has also put forward *'with a view to provide a better service to the community of planters'* in its Statement of Reply as a reason why the Disputant was transferred. This is moreover consistent with the mission of the Respondent,

which is to provide quality service to the planters' community in an efficient and effective way. Furthermore, the Disputant himself has stated that this is not in issue and is already being respected. The mission of the Respondent has also been recognised by Mr Kong Thoo Lin, who stated that his objective is to serve the planters.

The Disputant has also complained that with his new posting, it is impossible to effect after-hour site visits as is required under his Scheme of Service. This has also been confirmed by Mr Kong Thoo Lin in his evidence. The Tribunal has, on this issue, noted that the Disputant works in a team and that it is possible to involve other members of his team to effect same. The Tribunal has also noted that the need to effect after-hour site visits has not arisen as per the Disputant's own evidence. Furthermore, as per the evidence of Mr Kong Thoo Lin in cross-examination as well as that of the Respondent's representative, not all IOOs are posted to irrigation schemes within the District where they reside.

The Disputant has also referred to his trade union activities and, in particular, stated being victimised by the former Ag. General Manager. The Tribunal has however noted that the Disputant has not contested that he receives time-off and that his transfer had no bearing on his trade union activities. Despite the sayings of the Disputant on victimisation, the Tribunal cannot be satisfied of same in the absence of any actual or material evidence. Although the Disputant is President of the Irrigation Authority Employees Union, his mere sayings cannot suffice. The more so, the Respondent has maintained that Mr Beejan's trade union activities have no bearing on his transfer.

The Disputant has also complained that management has not provided him with safety and health information, instruction and training prior to his transfer contrary to provisions of the *Occupational, Safety and Health Act*. It must be noted that this is a matter which the Tribunal cannot be involved with as it relates to the jurisdiction of the Industrial Court. In any event, the Disputant may seek remedies available to him under the aforementioned enactment itself for any redress. Furthermore, the Disputant has complained of the lack of a Worker's Handbook at the Authority. The Tribunal however notes that same is within the Terms of Reference of the Committee of Inquiry set up to look at issues at the Irrigation Authority.

The Tribunal has also noted that despite the fact that the Head of Operation and Maintenance Mr Kong Thoo Lin does not agree with the Disputant's transfer to small scale

irrigation projects, the power of the employer to organise its business cannot be overlooked. In this vein, the following may be noted from what the Supreme Court stated in *Dyers and Finishers Ltd. v Permanent Arbitration Tribunal & Ors.* [2010 SCJ 176]:

*It is settled law in France, from which country we inspire ourselves in matters of labour law, and in Mauritius, that the employer is at liberty to organise his enterprise in the best interests of that enterprise. But he must also comply with the law of the country with respect to the rights of the employees.*

Moreover, it should be noted that Mr Kong Thoo Lin has not disputed that the responsibility of administration rests with the General Manager. He agreed that he can recommend but that it is for management and the Board to decide. Indeed, the Act has placed the responsibility for the control and management of the Authority's day-to-day business as well as the administrative control of staff on the General Manager. Same may be gleaned from the following sections:

**8. General Manager**

...

(2) *The General Manager shall—*

*(a) attend every meeting of the Board;*

*(b) be responsible for the execution of the policy of the Board and for the control and management of the Authority's day-to-day business.*

...

**10. Appointment of staff**

(1) *The Board may employ, on such terms and conditions as it may determine, such staff as may be necessary for the proper discharge of its functions under this Act.*

(2) *All staff of the Authority shall be under the administrative control of the General Manager.*

The aforementioned provisions of the Act make it clear that there is no obligation on the General Manager to follow the recommendations of the Head of Operation and

Maintenance. The *Act* has expressly placed the responsibility for the running of the organisation and the administrative control of its staff upon the shoulders of the General Manager.

It should also be noted that the Respondent has emphasized that IOOs should be acquainted with different irrigation projects and systems. Same has not been disputed by the Disputant's two witnesses. Mr Kong Thoo Lin, in particular, recognised that there is a need to ensure capacity building among Officers and that they are exposed to the various sites and methods of work. Moreover, the Disputant has himself stated that there is no other type of irrigation system he has not been exposed to at the Irrigation Authority.

In the circumstances, having considered the grounds which the Disputant is relying upon in seeking to revert to Plaine des Papayes substation and, in particular, the statutory powers conferred upon the General Manager of the Irrigation Authority, the Tribunal cannot find that the Disputant should be reverted back to his previous posting following his transfer to Port Louis to look after projects found at St Felix, Bel Ombre, Plaisance, Belle Mare and Trou D'Eau Douce.

The dispute is therefore set aside.

**In the matter of:-**

**Mr Soobeeeraj Porowtee (Disputant)**

**And**

**National Transport Corporation (Respondent)**

The present matter has been referred to the Tribunal by the Commission for Conciliation and Mediation under Section 69(7) of the Employment Relations Act (hereinafter referred to as "the Act"). The Disputant was assisted by a negotiator whereas the Respondent was assisted by counsel. The terms of reference of the points in dispute read as follows:

1. *"Whether the National Transport Corporation (NTC) should pay me the mileage allowance in lieu of travel grant for period June, August, September and October 2016 and January to June 2017."*
2. *"Whether the National Transport Corporation should pay me responsibility allowance for shouldering additional responsibilities namely, for being responsible for NTC payroll."*

The Tribunal proceeded to hear the parties and the Disputant deponed to the effect that he had sent his claims for payment several times and queried why he was not being paid but to no avail. He averred that he has always informed his superior about his official displacements. He stated that he is the "only qualified IT personnel" at the Respondent where there are five depots and that there are servers and IT systems installed at the depots. Even the ticketing machine which bus conductors use fall under his responsibility and when there are problems, he has to attend. He averred that he has always fulfilled his responsibility and informed his superiors about his whereabouts. He maintained that if he does not attend to the depots, there may be a situation where buses will not be able to operate because of the non-availability of the ticketing machine.

Disputant stated that it is the Respondent's Finance Department which pays his mileage allowance and that he has never given instructions to pay himself mileage allowance. He stated that in 2012 there was no full-fledged Human Resource Manager or Financial Controller and that the then General Manager appointed him to shoulder the responsibility of payroll. He stated that he was eligible to 80% overtime over his basic salary and that whenever he needed to work for the "management of payroll" he was paid overtime. Respondent recruited a Human Resource Manager in October 2015 and a Financial Controller in December 2015. Despite his request to stop shouldering the responsibility for payroll, he was requested to continue with the payroll. An 'Officer in Charge' was then appointed at the Respondent and Disputant requested in vain for an allowance for the extra responsibility in relation to payroll. He averred that he is still shouldering the responsibility for payroll. He explained the specificities in relation to payroll at the Respondent.

Disputant confirmed that input of information like leaves are done by the HR department and data are input by the Finance department. Disputant states that he verifies the amount which the payroll generates and compares the amount with amounts generated for previous months. He checks the rosters and if manual adjustments are required these are then computed. Disputant then referred to what he termed as "negative pay" where he would decide what has to be done. Disputant avers that he verifies and checks items like passage benefits, end of year bonus and so on and then he has to sign before payment is made by the Finance Department. He added that what he has to do is different from "system errors" which falls within his responsibility.

In cross-examination, Disputant agreed that up to April 2015, he had opted for a travel grant and that as from April 2015 he sought approval to get a mileage allowance instead of a travel grant. As from May 2015, the Respondent started paying him mileage allowance and he earned his mileage allowance every month. He stated that the "commuted allowance" is a fixed allowance and that mileage allowance is paid for attending duty and for official travelling if one performs at least once in a month official

travelling. Disputant stated that in his case he has to be ever ready to attend any problem since one cannot say when a computer will have a problem.

Disputant then suggested that in fact he had not been paid the mileage claimed for the month of May 2016 and that instead he had been paid a travel grant of Rs 4085 for the month of May. He now suggested that he had been paid fully for the month of June. He then averred that it is only after the Statement of Case of Respondent that he indeed went to see what had been paid exactly. When confronted with a document, Disputant stated that the document is indeed his payslip for the month of August 2016 but that the payment was in relation to his mileage claim for the month of July 2016. Disputant then stated that in August 2016 he received instructions that the date for mileage claims has changed and mileage allowance will henceforth be paid in the payroll (as opposed to payment by cheque previously).

Disputant suggested that he is eligible for overtime and that all his overtime were approved by the General Manager or Management. He stated that he was not aware if Mr Pursun would have informed him in September 2016 that he has to obtain management's prior approval before performing any official travelling. He however averred that even before that date, he was obtaining approval. He was aware of the notice issued by the Financial Controller in January 2016 on the need for prior approval before engaging on any official trip. He averred that in October 2016 he was paid a travel grant of Rs 4085. When shown a document purporting to be his payslip, he then averred he was paid travel grant for the months of May and August 2016, i.e Rs 4085 x 2. He stated that though he opted for mileage allowance, he was paid travel grant. Then, he stated that on his payslip for October 2016, he was paid a commuted allowance of Rs 3165 for the month of October itself and Rs 8170 representing travel grants for two months, that is, May and August 2016.

Disputant agreed that he received only his commuted allowance and no mileage allowance for the period January to June 2017. He did not agree however that this was because he failed to obtain prior approval before his displacements. He agreed that for the payroll all data are input by two Senior Computer Operators, one Clerical Officer and one Data Input Clerk. Disputant maintained that he then does the 'processing' whilst 'Finance' transfers the wages to the employees' respective bank accounts. He explained what he meant by 'processing' referring to processing of overtime, PAYE and even verifying attendance of workers. He does not agree that he controls the data prepared by the officers mentioned above. His job stops at control of throughput but he avers that in this case he has to verify that wages are processed correctly. He did not agree that he was merely implementing the work of the clerks and operators and is not eligible for overtime.

In re-examination, Disputant referred to duties which would pertain to other officers. He stated that in the National Audit report, it is clearly mentioned that the responsibility of payroll should be segregated from him to the concerned department.

Mr Pursun, the Human Resource Manager of Respondent, then deponed and he stated that up to April 2015, Disputant was being paid a travel grant. Then he applied for mileage allowance and approval was as per eligibility as per the Pay Research Bureau report. Mr Pursun stated that the Disputant has to carry out official travelling to be paid mileage and in that case he would be paid even for attending duty. On other days when he does not do official travelling, only the commuted allowance would be applicable.

Mr Pursun stated that Disputant has been paid Rs 12967 plus commuted allowance of Rs 3165 for the month of May 2016. He stated that the pay period at the Respondent is from 19<sup>th</sup> of a month to the 18<sup>th</sup> of the next month whilst for mileage it was paid from 1<sup>st</sup> to 31<sup>st</sup> of the month. Mileage thus, at that time, did not appear on the payslip and was paid separately by cheque. In June 2016, Disputant was paid Rs 9672 as mileage and a commuted allowance of Rs 3165 in his payslip. Mr Pursun produced a document purporting to show mileage allowance payments made to Disputant by cheque (Doc B). He stated that Disputant was just computing mileage for approval at the end of the month. All mileage claims where there was no indication where Disputant was going have been "held". He stated that from January 2016 up to September 2016 there have been several communiqués where officers have been informed that mileage will be monitored and that prior approval is required before any official travelling. Mr Pursun stated that there has always been failure on the part of Disputant to comply with the above.

Mr Pursun then stated that the General Manager does not have the power to delegate to anybody higher duties at that level. This is within the province of the Board of Directors. He stated that the officers in the IT department put all the data and compute all the salaries. Disputant, as head of the IT department, has a password and he merely implements the process when all tasks have been completed for the month. He also referred to noticing huge sums which were being claimed for overtime whenever there was an increase in the CPI. He at the same referred to the maintenance contract fee which was being paid yearly to the supplier of the software. He stated that he has now put some order and that since 2016, there is no overtime for this item of salary adjustments. He also produced a copy of a letter dated 10 October 2017 from Disputant whereby the latter expressed his very deep concern to note major restructuring in the management of payroll by HR (Doc C).

In cross-examination, Mr Pursun stated that it is the HR department which controls the claims for mileage allowance and the Finance department makes the payment subject

to the approval of the HR department. He conceded however that in the past there was no control mechanism in place before the claim went to the Finance department.

The Tribunal has examined all the evidence on record including the submissions of Counsel and statement made by the negotiator. The Disputant has deponed before us but the Tribunal has not been impressed by his testimony at all. When it was put to him that he was informed that he had to obtain prior approval before making any official displacement, Disputant initially stated that he was not aware of same. Later when confronted with Doc A which was a notice dated 19 January 2016 addressed among others to the "Head IT Supp. Serv." and which related to claims for mileage allowance and which specifically provided that "Prior approval should be sought from Line Managers before engaging on any official trips", Disputant conceded that he was aware of the said notice. Disputant in cross-examination answered in a very vague manner that he was already getting approval from his superior without mentioning whether it was prior approval before he engaged on an official trip (underlining is ours). At paragraph 7 of the Statement of Case of Disputant we have the following: "*Whereas on 19 December 2016, Plaintiff requested the new Management Team for the payment of the Mileage Allowance. Plaintiff also informed the Defendant that he has been attending to urgent issues which requires official travelling. No reply was received from the Defendant.*"

Disputant, who alleged that he was responsible for payroll, came up with a fairly detailed Statement of Case with particulars of the months for which he was paid and not paid mileage allowance and he even submitted in a tabular form at paragraph 15, details of amounts claimed, amounts paid and amounts allegedly due for the period from June 2016 to June 2017. Before the Tribunal however, Disputant sought to come back on averments he had made in relation to payments he had received and he stated, for instance, that he has not been paid the amount he claimed for the month of May 2016. He went further and stated the following before us "... after what I have read in the Respondent's Statement of Case, I have updated the claim ...". At paragraph 4 of his Statement of Case, Disputant had averred that "... Plaintiff was paid the mileage allowance for the Month of May 2016." This was accepted by Respondent at paragraph 2 of Respondent's Statement of Case since Respondent in turn averred that there was no longer any issue in relation to the said paragraph 4 as the mileage allowance for May 2016 had been paid. However there is more to it, and copies of the payslips of Disputant for the months of June and August 2016 annexed to Respondent's Statement of Case do not tally at all with the figures put forward by Disputant in his Statement of Case and more particularly at paragraph 15 of the said Statement of Case. Also, the Tribunal has not been impressed by Disputant's explanation in relation to the figure of Rs 8170 put to him as appearing in his payslip for October 2016 and which Disputant stated referred to "travel grant" of Rs 4085 for months of May and August 2016.

The Disputant has the burden of proof in cases like the present one and clearly the Disputant has failed lamentably to prove any of the figures allegedly claimed by him as mileage allowance for the relevant months. There is absolutely no supporting document at all for the figures Disputant has put in his Statement of Case. As per the terms of reference, he is even claiming mileage allowance for June 2016 whereas now he is stating that he has in fact been fully paid for June 2016. The Tribunal finds that the Disputant has failed to show that Respondent should have paid him mileage allowance as claimed in the Statement of Case or as he tried to 'update' unilaterally in evidence before us for the period June, August, September and October 2016 and January to June 2017. There is also no sufficient evidence before us to suggest that Disputant performed official travelling during that period which had been duly authorized as required by Respondent.

The Tribunal also observes that no evidence was adduced as to whether Disputant did sign the option form pertaining to the PRB Report 2016 and the Tribunal can thus only assume that this was the case based on the Statements of Case before us. The Tribunal will thus refer to Recommendation 26 at paragraph 18.2.69 of the PRB report 2016 (extract annexed to the Statement of Case of Respondent) which provides as follows:

**Recommendation 26**

**18.2.69 We also recommend that:**

(i) ...

***(iii) officers eligible for a travel grant and performing official travelling should be paid either a monthly travel grant of Rs 7250 or, subject to the approval of the Supervising Officer, a monthly commuted allowance of Rs 3165 together with mileage for attending duty and for official travelling at the rate of Rs 6.50 per km, whichever is higher. The latter provision would be applicable only in case the officer performs official travelling during the month;*** (underlining is ours).

From the above, it appears that if there is no official travelling during the month, the monthly travel grant of Rs 7250 should be paid to the relevant qualified officer. It is not envisaged in any case that only commuted allowance may be paid during a month save and except in the case contemplated by Recommendation 26 (paragraph 18.2.96 (i)) of the same report where the beneficiary was, for example, on approved leave with pay during the whole calendar month.

For all the reasons given above, the dispute under limb 1 is otherwise set aside.

As regards the dispute under limb 2, the Disputant is relying on the recommendation at paragraph 18.7.7 of the Pay Research Bureau (PRB) Report 2016 (as laid down at paragraph 20 of the Disputant's Statement of Case) which reads as follows:

**18.7.7 We recommend that senior officers not eligible for the payment of overtime or extra duty allowance or any other form of compensation for additional hours of work put in for the completion of an assignment/report by set time-frame as per mandatory/administrative requirements and, who have to work unusually long hours over an extended period of a minimum of three months and put in exceptional effort on a sustained basis for the timely production of planned output, within the normal scope of their schedule of duties, may, on the recommendation of the Responsible Officer, be granted a monthly allowance of up to a maximum of two thirds of a month's salary based on the duration of the work and the extent and quality of the contributions.**

Though there is again no direct evidence to that effect, we will assume that Disputant agreed to the terms of the relevant PRB Report and signed the relevant option form. It is clear that the above recommendation cannot be of much help to the Disputant. Indeed, there is no evidence before us that Disputant's involvement in relation to the payroll required him "to work unusually long hours over an extended period of a minimum of three months and [to] put in exceptional effort on a sustained basis for the timely production of planned output, within the normal scope of [his] schedule of duties". Also, Disputant agreed that the payroll is prepared by two Senior Computer Operators, one Clerical Officer and one Data Input Clerk who all work under his responsibility. The Tribunal also understands from Annex 1 to the Statement of Case of Respondent that the Disputant (the "only qualified IT personnel" at Respondent) was responsible among others for the control of data throughput and to design, maintain and develop software programs. Good governance certainly requires less use of manual intervention and discretion (to minimize the risk of mistakes, abuse and corruption) and more reliance on appropriate IT systems which can also deliver relevant reports (Disputant has stated that the system in place has all the reports and that he can generate new reports as requested) which can assist in verifications and to minimize mistakes in the payroll.

The Tribunal is not satisfied at all that Disputant was shouldering such additional responsibilities which would warrant payment of a responsibility allowance as claimed by Disputant in his Statement of Case (and more particularly at its paragraph 20) and before us.

For all the reasons given above, the Tribunal finds that the Disputant has failed to show that the Respondent should pay him a responsibility allowance in relation to the payroll. The dispute under limb 2 is thus also set aside.

*General Notice No. 831 of 2018*

**NATIONAL TRANSPORT AUTHORITY**

**Application for taxi licence**

Notice is hereby given that the Authority proposes to grant taxi licences to operate from **Shanti Nagar, Belle Mare**.

**2. CRITERIA**

Applicants must satisfy the following criteria:

- (a) they must be residents of the locality in respect of which they are applying and must produce documentary evidence to that effect;
- (b) they must be holder of a valid driving licence for taxi;
- (c) they must have a clean criminal record for the last three years;
- (d) they must be the full-time driver in case their applications are successful;
- (e) they must provide a full-time service to the inhabitants of their locality in case their applications have been approved; and
- (f) they must not have been the holder of a taxi licence which had either lapsed or been revoked or transferred to a third party.

- 3.** Applicants who have applied in response to press communiqué dated 16 August 2014 for the locality of **Shanti Nagar, Belle Mare** should not submit fresh applications. Their applications, together with the newly made applications, shall be considered by the Authority.

**4. MODE OF APPLICATION**

- (a) Application forms may be collected at the Licensing Section of the Authority, MSI Building, Cassis between 09h00 and 15h00 on any working day as from 21 May 2018.
- (b) Application forms duly filled in, together with an application fee of Rs. 300, shall be deposited at the Licensing Section on 25 May 2018 by 15h00 at latest.
- (c) Applicants must produce the original as well as a copy of the following:
  - (i) Birth Certificate;
  - (ii) National Identity Card; and
  - (iii) Driving Licence.
  - (iv) Utility Bill (CEB or CWA)
  - (v) One passport sized photograph

**Note: Applications received after the closing date shall not be considered.**

**5. WARNING**

**Any applicant who knowingly makes a false statement in his application shall commit an offence under section 160 of the Road Traffic Act and shall, on conviction, be liable to a fine not exceeding 10,000 rupees and to imprisonment for a term not exceeding 12 months.**

## AFRICAN EXPORT-IMPORT BANK

### Abridged Unaudited Financial Statements for the Quarter Ended 31 March 2018

#### DIRECTORS' COMMENTARY

##### GENERAL INFORMATION

The African Export-Import Bank (the Bank) is a multilateral trade finance institution, established in October 1993. It commenced lending operations in September 1994. The Bank's mandate is to promote, finance and facilitate intra and extra-African trade, while operating commercially. The Bank is headquartered in Cairo, Egypt and is located at No. 72 (B) El Maahad El Eshteraky Street, Heliopolis, Cairo 11341, Egypt. In addition, the Bank has regional offices in Harare (Zimbabwe), Abuja (Nigeria), Abidjan (Cote D'Ivoire) and is currently setting up a regional office in East Africa. The Bank has 4 classes of shareholders, class A (African Governments and/or associated institutions and African Multilateral institutions e.g African Development Bank), class B (African financial institutions and private investors), class C (non-African institutions) and class D (any investor). Classes A,B and C shares are partially paid 40% upon subscription while class D shares are fully paid. Class D shares were created in 2012 to facilitate the Bank's entry into the equity capital markets as a way of attracting more private sector investments into the Bank's equity. In October 2017 the Bank Listed Depository Receipts on the Stock Exchange of Mauritius backed by class D shares.

##### REVIEW OF FINANCIAL PERFORMANCE

The Bank started the second year of implementing its 5th strategic plan- Impact 2021 Africa Transformed- on a positive note and in line with expectations. For the quarter ended 31 March 2018 the Bank achieved Net Income of US\$53.86 million against a budget of US\$19 million due to savings on operating expenses and lower impairment charges than budgeted. The impact of International Financial Reporting Standard (IFRS) 9 - "Financial Instruments", impairment assessment is yet to be determined as the Bank is still to complete the IFRS 9 implementation and expect to fully adopt the accounting standard by end of year 2018, thus the reported results exclude the transition adjustments on impairment of loans and advances and off-balance sheet exposures. The cost to income ratio remained low at 23%, notwithstanding the significant growth in capacity, especially staff numbers, and reflected high operating efficiency levels on the back of well managed expenses growth. The Return on Average Assets (ROAA) and Return on Average Equity (ROAE) were satisfactory and in-line with plan targets at 1.86% and 10.02% respectively.

The Bank's total assets at US\$11.3 billion exceeded budget by 3% mainly due to higher cash balances in preparation for imminent disbursements early in the second quarter of the year. Loans and Advances were 9% lower than budget at US\$7.8 billion on account of the repayment in December 2017

of a large proportion (US\$ 3.2 billion) of the 2 – year emergency Counter Cyclical Trade Liquidity Facility as it began to wind down. Going into the second quarter, the loan balance is expected to increase in line with expectation supported by a healthy pipeline of transactions for the year 2018. The quality of the loan book remained high reflected in low Non-performing loans (NPL) ratio of 2.69% despite the repayment of the COTRALF facilities. Capital adequacy position was strong at 28% well above target of 20% on account of continued growth in classes A,B and C shares subscriptions and strong internal capital generation. Capital adequacy is, however, expected to reduce to 23% by year end as the Bank deploy its current cash holding into growing the loan book.

##### OUTLOOK

The Bank will continue to execute its current 5th strategic plan dubbed "Impact 2021- Africa Transformed" which focuses on promoting and financing intra-African trade, promoting Industrial and Export development in Africa and expanding access to trade finance across Africa. The forecast GDP growth rate for African economies at 4% and the Continental free trade agreement (ACTFTA) recently signed by 44 African countries will present opportunities for the Bank to advance trade in Africa in line with its mandate and be able to generate commensurate business volumes to deliver sustainable returns to its shareholders. In executing the strategy, the Bank expects to maintain solid growth in shareholders' value as it has demonstrated over the years by maintaining financial soundness and strong profitability and prudent asset growth performance in line with its strategic plan targets.

##### NET ASSET VALUE ("NAV")

The NAV per share at 31 March 2018 was US\$46,187 (December 2017: US\$45,114).

##### DIVIDENDS

During the March 2018 Board meeting, the Directors proposed a dividend appropriation amounting to US\$57,534,000 from the 2017 financial year profit. The proposed dividend appropriation is subject to approval by the shareholders at their next Annual General Meeting to be held in July 2018. The dividend appropriation amounted to 5% dividend yield on fully paid shares. The March 2018 financial statements do not reflect the dividend payable, which will be accounted for in equity as an appropriation of retained earnings in the 3rd quarter ending September 2018 after approval by shareholders. Dividend payments made during 1st quarter ending March 2018 related to 2016 financial year.

## STATEMENT OF FINANCIAL POSITION AS AT 31 MARCH 2018

**NOTES**

The Bank is required to publish financial results for the three months ended 31 March 2018 as per Listing Rule 12.19 of the SEM. The abridged unaudited financial statements for the three months ended 31 March 2018 («financial statements») have been prepared in accordance with the requirements of IFRS and the SEM Listing Rules. The Bank has not been able to adopt IFRS 9 «Financial Instruments» on 1 January 2018 when the accounting standard became effective as the implementation project is still ongoing with a view to fully adopt the accounting standard on reporting the full year end results by the end of the year.

The accounting policies adopted in the preparation of these financial statements are consistent with those applied in the preparation of the audited financial statements for the year ended 31 December 2017. The abridged unaudited financial statements have not been reviewed or reported on by the Bank's external auditors.

Copies of the abridged unaudited financial statements and the Statement of direct and indirect interests of each officer of the Bank, pursuant to Rule 8(2)(m) of the Securities (Disclosure Obligations of Reporting Issuers) Rules 2007, are available free of charge, upon request to the Executive Secretary at the Registered Office of the Bank at No.72(B) ElMaahad El Eshteraky Street, Heliopolis, Cairo 11341, Egypt.

This communique is issued pursuant to SEM Listing Rules 11.3 and 12.20 and section 8.8 of the Securities Act of Mauritius 2005. Management accepts full responsibility for the accuracy of the information contained in these financial statements. Management are not aware of any matters or circumstances arising subsequent to the period ended 31 March 2018 that require any additional disclosure or adjustment to the financial statements.
