**Mr Alain Gaetan Sylvio ARTHUR**

*Disputant*

and

**RIGHTS MANAGEMENT SOCIETY**

*Respondent*

***In presence of: -***

**PAY RESEARCH BUREAU**

*Co-Respondent*

The present matter has been referred to the Tribunal for arbitration by the Commission for Conciliation and Mediation ("CCM") pursuant to *section 69 (7) of the Employment Relations Act*. It should be noted that at the time of referral, the Respondent was known as the Rights Management Society. However, with the proclamation of the *Copyright (Amendment) Act 2017 (Act 13 of 2017)*, with effect from 14 December 2017, it is now known as the Mauritius Society of Authors ("MASA") same as it was previously known under the previous *Copyright Act 1997*. The Terms of Reference of the dispute read as follows:

*Whether the Board of the Rights Management Society could recommend the post of Senior Officer/Lead Licensing to the PRB.*

Each party was assisted by Counsel. Mr J. Moirt appeared for the Disputant. Whereas, Mr R. Daureeawo, SC appeared for the Respondent. The Co-Respondent was assisted by Mrs C. Servansingh-Bhuruth, Senior State Counsel, instructed by Mrs R. Vydelingun, Principal State Attorney. Each party has submitted their respective Statement of Case in the present matter.

#### *THE DISPUTANT'S AMENDED STATEMENT OF CASE*

The Disputant was appointed as Licensing Officer on 1 July 2003 and his employment contract was renewed on 1 July 2005 for a period of three consecutive years. On 7 August 2007, the Disputant was selected by the Respondent to lead the Licensing Department. The Pay Research Bureau ("PRB"), in its 2008 report, created a new grade of Senior Officer on the Respondent's establishment to perform polyvalent duties and be multifunctional. On 16 June 2008, the Disputant was offered the post of Senior Officer/Lead Licensing Officer on a permanent and pensionable basis and was confirmed in a substantive capacity as same on 10 October 2009 with effect from 01 July 2009. Between 23 August 2012 to 18 January 2013, the Disputant acted as Responsible Officer looking after the Respondent's day-to-day affairs. The Respondent, on 22 October 2012, confirmed that Disputant held the post of Senior Officer/Lead Licensing Officer on its establishment. On 25 April 2014, the Respondent confirmed that the Disputant's salary scale had been aligned to that of the grade of Senior Officer.

It has further been averred that the Disputant, by a letter dated 11 July 2014, complained that the failure of the Respondent to submit proposals to the PRB in relation to the post of Senior Officer/Lead Licensing Officer has caused and is continuing to cause him severe prejudice. The Respondent instead embarked upon an unlawful and unilateral modification of the terms and conditions of his employment contract – letter dated 1 September 2015 from the Respondent refers. Disputant, on 31 October 2015, had no other alternative than to report a labour dispute under *section 68 (1) of the Act*.

In the circumstances and on the basis of his qualifications, experience, merit and seniority, the Disputant had the legitimate expectation that the post of Senior Officer/Lead Licensing Officer appears in the PRB Report 2016, which was not the case. He was instead transferred to the Distribution Section on 22 January 2016 and after appealing, the said transfer was cancelled. The Disputant considers that his long and unblemished career at the Respondent's service has been ignored altogether and the decision not to submit any proposals to the PRB in relation to the post of Senior Officer/Lead Licensing Officer was based on irrelevant considerations, which if maintained would indefinitely affect his seniority and subsequently his pension entitlement. The Disputant therefore prays that the Tribunal awards that the Respondent be ordered to submit relevant proposals to the PRB regarding the post of Senior Officer/Lead Licensing Officer.

#### *THE RESPONDENT'S REPLY TO THE DISPUTANT'S AMENDED STATEMENT OF CASE*

The Respondent has notably averred that its Board, on 14 June 2008, approved the appointment of Disputant as Lead Licensing Officer on a permanent and pensionable basis. There is no provision in the PRB Report 2008 for this grade. The PRB recommended that officers in the grade of Licensing Officer should integrate the grade of Officer – post restyled to Management Support Officer in the PRB Report 2013. The Disputant was appointed to the grade of Senior Officer instead of Officer. The Disputant was confirmed in his post by the Board on 2 October 2009, but it is not mentioned if he was confirmed as Senior Officer/Lead Licensing Officer. It is admitted that Disputant acted as Responsible Officer, he was allocated an allowance for same and the assignment was terminated by the Board on 18 January 2013. In relation to the letter dated 22 October 2012, it is admitted that the Disputant was designated as Senior Officer/Lead Licensing Officer to overlook the day to day running of the Licensing section and no further recommendations were submitted to the PRB on the overall structure of the former MASA.

The Respondent further avers that the Disputant was appointed as Lead Licensing Officer by a letter dated 16 June 2008 and in a second letter of the same date, he was appointed as Senior Officer/Lead Licensing Officer. Although no submissions were made for the PRB Report 2013, the PRB revised the terms and conditions of service and the basic salary scale. The Disputant, on 15 November 2011, opted for the PRB Report 2013. With the Errors,

Omissions and Classification Report 2013, the Disputant's salary scale was adjusted taking into consideration the revised salary scale of the grade of Senior Officer.

The Respondent further averred that the Disputant's complaint in writing dated 11 July 2014 was submitted to the PRB on 14 July 2014 and also as a collective proposal for the PRB Report 2016 on behalf of the Respondent's employees. Respondent added the name of Disputant to allow him an opportunity to write his own job description and submit same to the PRB for consideration. It has also been averred that an internal report dated 6 August 2014 on the review of the Disputant's title was circulated to the Human Resource Committee. The Committee noted that there has been misinformation and confusion since the beginning in his appointment – he was appointed to the post of Senior Officer/Lead Licensing Officers which does not exist on the establishment and was also given the top salary scale of the post of Senior Officer. As the post did not exist, the Committee requested that he use the designation of Senior Officer.

In relation to the Disputant's report of the dispute, the stand of the Board as per its meeting held on 25 November 2016 is that the post of Senior Officer/Lead Licensing Officer is not under establishment and does not appear in the PRB Reports of 2008, 2013 and 2016. As the Respondent is reviewing its structure, it cannot say if the aforesaid post will appear in the PRB Report. The Respondent has also averred that there is no record of the Disputant's qualifications in relation to the post of Licensing Officer created in the PRB Report 2003. A document labelled '*Lead Licensing Officer (New Post)*' was submitted on 29 January 2008 to the PRB for consideration, but was not taken into account by the latter in its report. No provision was made for the post of Senior Officer/Lead Licensing Officer in the PRB Report 2008. However, the PRB recommended that Licensing Officers should integrate the grade of Officer, which was restyled to Management Support Officer in the PRB Report 2013. The Disputant was appointed as Senior Officer instead of Officer on the establishment.

#### *THE CO-RESPONDENT'S STATEMENT OF REPLY*

The Co-Respondent has notably averred that the polyvalent grades of Officer and Senior Officer were created on the establishment of the Mauritius Society of Authors with the publication of the PRB Report in May 2008. The post of '*Senior Officer/Lead Licensing Officer*',

which the Disputant was offered on a permanent and pensionable basis, did not exist on the establishment of the Mauritius Society of Authors as per the PRB Reports of 2003 and 2008; it does not appear in subsequent PRB Reports. The Co-Respondent takes note that the Disputant was confirmed in a substantive capacity as '*Senior Officer/Lead Licensing Officer*' and avers that the aforesaid post does not exist on the establishment of the Mauritius Society of Authors. The Co-Respondent shall otherwise abide by the decision of the Tribunal.

#### THE EVIDENCE OF WITNESSES

Mr Alain Gaetan Sylvio Arthur, Senior Officer at the Mauritius Society of Authors, was called to depose. He joined the MASA as a Licensing Officer on 1 July 2003. On 7 August 2007, he was designated by the Board to lead the Licensing Department. The posts of Officer and Senior Officer were created in the PRB Report 2008; the former is now called Management Support Officer. He produced a letter dated 16 June 2008 from the Respondent (Document A) whereby he was offered the post of Senior Officer/Lead Licensing Officer. Referring to paragraph 38.16 of the PRB Report 2008, he stated that he had more than four years in service and he was in 2007 asked to be the Lead Licensing in the establishment. His scheme of duties is annexed to the aforesaid letter (Annex A4 to his Statement of Case). On 10 October 2009, he was confirmed in the post of Senior Officer/Lead Licensing Officer (letter produced as Document B) with effect from 1 July 2009. From 23 August 2012 to 18 January 2013, he acted as Officer-in-Charge of the MASA having the responsibility of overseeing the affairs of the Society. He also stated that the MASA wrote a letter (dated 22 October 2012) on his behalf confirming that he holds the post of Senior Officer/Lead Licensing Officer.

Mr Arthur went on to state that with the implementation of the Errors, Omissions and Classifications Report 2013, his salary was adjusted in April 2014 with that of the post of Senior Officer as no recommendations were made for the post of Senior Officer/Lead Licensing Officer by the MASA. He accepted the salary of the post of Senior Officer despite assuming the post Senior Officer/Lead Licensing. If not, he would have been on the 2008 salary. He thereafter wrote, on 11 July 2014, to the then Officer-in-Charge saying that no recommendations have been made. He was deprived of a new salary scale in the PRB Report 2013. Despite his letter, nothing was done. He was instead told, by letter dated 1 September 2015 (produced as Document C), not to use the designation of '*Senior Officer/Lead Licensing*' but to use the

designation of 'Senior Officer', but this was not a decision of the Board. He objected and reported a dispute at the Labour Office.

Mr Arthur also stated that he was not informed that the MASA had submitted his complaints in July 2014 to the PRB. He confirmed having written his own job description and remitted same to the Officer-in-Charge of the MASA to make recommendations to the PRB. He was not informed if same was forwarded to the PRB. The PRB Report 2016 did not have any recommendations for the post of Senior Officer/Lead Licensing Officer. Thereafter, he was transferred to the Distribution Department as from 2 February 2016, to which he objected. The transfer was then annulled with immediate effect. He is asking for the Board of the MASA to recommend the aforesaid post to the PRB as he is assuming its duties which bears higher responsibility than that of Senior Officer. If no recommendations are made, there will be an impact on his salary, his future and his pension. He is at the MASA since July 2002 and expected that the necessary would be done but unfortunately this was not so and he is being deprived of a progress in his career. He has been deprived of a post conferred to him which has not been published in the PRB Report.

Mr Arthur was questioned by Counsel for the Respondent. He notably stated that in 2007, he was asked to lead the Licensing Department. He agreed that no post was mentioned and received an allowance of Rs 2000 for this. He produced a letter dated 7 August 2007 (Document D) asking him to lead the Licensing Department. He agreed that the post of Lead Licensing Officer did not exist. He agreed that to become Senior Officer as per the PRB Report, one has to be an Officer. He did not have the qualifications for the post of Officer as prescribed by the PRB but he did possess the experience. He did not have the qualifications for Senior Officer but had other qualifications which the Board accepted.

Mr Arthur also produced an organigram of the MASA (Document E). He agreed that same did not refer to Lead Licensing Officer but mentions Licensing Senior Officer. He produced a letter dated 21 January 2013 (Document F) whereby his assignment as Officer-in-Charge was terminated by the Board of the MASA. The post of Senior Officer/Lead Licensing Officer does not exist on the establishment of the MASA as per the PRB. The recommendation he is seeking will have a favourable impact on his salary and indirectly he is fighting for an improvement in his salary. He is not aware that pursuant to the 2017 amendment of the law, there will be a reorganisation of the MASA's organigram, but is aware that the Board will be newly recomposed.

In re-examination by his Counsel, Mr Arthur notably clarified that as per the organigram produced, he reports to the Director-General as do all Heads of Department. Referring to Document C, it is stated that the post of Senior Officer/Lead Licensing does not exist at the Society as, according to him, no recommendations were made to the PRB in 2013.

Miss Kisbin Taucoory, Management Support Officer, was called to depose on behalf of the Respondent. She stated that she is familiar with the file of the Disputant. The Disputant was confirmed in a substantive capacity on 10 October 2009. The qualifications for the post of Officer are School Certificate with five credits and Higher School Certificate with two 'A'-Levels and IC3. The Disputant has four subjects at 'O'-Level and no Higher School Certificate according to records. In 2008, the Disputant did not have the qualifications to become a Licensing Officer. The Board of the Respondent appointed the Disputant as Senior Officer/Lead Licensing Officer on 16 June 2008 for which there was no vacancy advertised and no interview held. The PRB Report 2008 and 2013 does not make mention of the post of Senior Officer/Lead Licensing Officer. The Disputant made representations to the Respondent in a letter dated 11 July 2014 and this was transmitted to the PRB by the representative of the union. Mr G. Louise, a Director of the Respondent who is under interdiction, had sent a list of duties to the PRB. However, the post of Lead Licensing Officer was not recommended in the PRB Report 2008.

Miss Taucoory was questioned by Counsel for the Disputant. She notably stated that she was assigned with the responsibilities and duties of human resource. Mr Arthur's four years of service since joining the Respondent in July 2003 was on a contractual basis. It is not recommended at paragraph 38.16 of the PRB Report 2008 that the four years of service in the post of Officer must be on a permanent and pensionable basis. The MASA also sent the letter dated 11 June 2014 from the Disputant to the PRB as a collective proposal for the PRB Report 2016. Once the job description questionnaire is filled by the employee, it should be left with the Administration Section who will then send it to the PRB. The section to be completed by the Supervisor on Mr Arthur's job questionnaire form was incomplete as he did not submit the questionnaire to the Administration Section but sent it directly to the PRB. The post of Senior Officer/Lead Licensing Officer does not exist, but she accepted that Mr Arthur received a letter of appointment from the Board. She could not say if it is the duty of the MASA to make recommendations with regard to the post of the Disputant but stated that it is the Board which decides.

Miss Taucoory was also questioned by State Counsel for the Co-Respondent. She agreed that the MASA could not have offered the post of Senior Officer/Lead Licensing Officer, which does not exist under the PRB Report 2008, on a permanent and pensionable basis. The PRB Report 2008 recommended that the grade of Licensing Officer be phased out and that incumbents integrate the grade of Officer. There is no scheme of service on record for the post of Senior Officer at the MASA. She agreed that there needs to be a scheme of service before an appointment is made to any post.

Mr Jean Yves Hansley Antoine, Senior Officer at the MASA, was also called to depose by Counsel for the Respondent. He referred to a letter dated 21 July 2014 signed by himself and one Mr Patrick Ballard entitled '*Proposals for the PRB Report 2016*' addressed to the Director of the PRB (produced as Document G). He also produced a letter dated 16 January 2015 from the Respondent (Document H) addressed to the PRB submitting the job description questionnaire of employees. The Disputant's job description questionnaire was submitted directly to the PRB. The PRB had requested the Respondent by way of letter dated 9 September 2014 (produced as Document J) to make arrangements for the distribution of the job description questionnaire and guidelines to a list of ten officers. The name of the Disputant did not appear and it was Dr Boodhun, the then Officer-in-Charge, who requested him to add the name of Mr Arthur.

Mr Antoine was questioned by Counsel for the Respondent. Referring to the letter dated 16 January 2015, he confirmed that Mr Arthur had sent his job description questionnaire directly to the PRB. He therefore did not send any job description questionnaire for the Disputant to the PRB as it was not made available to the Administration Section for onward transmission to the PRB. The request of the PRB as per the letter dated 9 September 2014 was addressed to the Officer-in-Charge. The letter dated 21 July 2014 signed by himself and Mr Ballard are proposals sent on behalf of employees on their own initiative and he agreed that decisions rest with the Board.

Mrs Sanyukta Nobutsing-Shibloll, Job Analyst, was called to depose on behalf of the Co-Respondent. She stated that representations come from unions, management and individuals in preparing a PRB Report. From records, there were no representations received for the job of Lead Licensing Officer at the PRB. Recommendations made by the PRB are applicable for grades on the pensionable and permanent establishment and not for contract officers. Job description questionnaires are forms filled by officers sampled, is used for re-assessing jobs and does not

amount to representations for the creation of a post. Representations are used to make recommendations in the report but the job description questionnaire is used more as a process in their work towards the publication of the report. They did receive the job description questionnaire of Mr Arthur and as it was not signed by the Supervisor, it was not valid for the PRB. As per records, no representations nor complaints were received from the Disputant by the PRB. A scheme of service is the legal document to be used for appointment of an officer.

Upon questions from Counsel for the Disputant, Mrs Nobutsing-Shibloll notably stated that between one report and the next, there could be changes made to the job description of a post and this is the purpose of the questionnaire. The job description questionnaire of Mr Arthur was not considered as the Supervisor's signature was missing. Their records were not updated for the post of the Disputant. Recommendations cannot be made to posts that do not exist. Referring to the letter dated 9 September 2016 (Document J) from the PRB to the Officer-in-Charge of the MASA, it is the latter's responsibility to return the duly filled job description questionnaires to the Bureau.

In reply to questions from Counsel for the Respondent, Mrs Nobutsing-Shibloll notably stated that the PRB studies all representations and the final decision rests with the Director of the PRB. It is not necessary that all requests are acceded to. The option form does not concern the PRB, they just recommend and implementation is left to the Ministry of Civil Service. Under re-examination, Mrs Nobutsing-Shibloll notably stated that they analyse the job description questionnaire to see whether there has been an evolution in the job between two reports. It is used for job evaluation and as a technique for salary determination by the PRB.

#### *THE SUBMISSIONS OF COUNSEL*

Learned Counsel for the Disputant submitted that the Terms of Reference is asking whether the Board of the Respondent could recommend the post of Senior Officer/Lead Licensing Officer to the PRB. If not, there will be no recommendation from the PRB. It has not been disputed that the aforesaid post was offered to the Disputant and he was confirmed in same. The Board is the supreme authority at the Respondent. The Disputant is performing the job of Senior Officer/Lead Licensing Officer but is only paid as a Senior Officer. He has even acted as responsible officer of the Respondent organisation and has the qualities and

experience to act as such. Counsel concluded by stating that the Terms of Reference is within the jurisdiction of the Tribunal and that an award should be made for the Respondent to make the appropriate representations to the PRB.

Learned Senior Counsel for the Respondent submitted that it is admitted that the Disputant was offered the post of Senior Officer/Lead Licensing Officer in 2008 and was confirmed thereafter. Letters have been regrettably issued giving high hopes to a person who is not qualified to be. The Disputant is in a position to which he is ineligible. The Respondent cannot recommend somebody to hold the post of Senior Officer/Lead Licensing Officer, which does not exist, without having been legitimately an Officer. The Disputant does not hold the required qualifications and this is why the MASA is resisting the issue of recommending his post to the PRB. Senior Counsel submitted that this is not a fit and proper case to make the recommendation.

Learned Senior State Counsel for the Co-Respondent notably submitted that the PRB is abiding by the decision of the Tribunal. She stated that although the Board is supreme, the MASA has chosen to be governed by the PRB Report and must be in line with same. If representations are to be made, then the PRB will consider whether it is proper to create the post or not.

#### *THE MERITS OF THE DISPUTE*

The Terms of Reference of the present matter is asking the Tribunal to determine whether the Board of the Respondent could recommend the post of Senior Officer/Lead Licensing Officer to the PRB.

The Disputant Mr Arthur has been working at the Respondent since July 2003. Initially on contract as Licensing Officer, the Board of the Respondent designated him to lead the Licensing Department in August 2007. By way of letter dated 16 June 2008 from the MASA, Mr Arthur was offered the post of Senior Officer/Lead Licensing Officer. This offer can be sufficiently gleaned from the aforesaid letter as follows:

*Mr Alain Arthur*

*Dear Colleague*

*Following your contribution and personal effort and investment in terms of time in the success of the Society and upon my recommendation to the Committee, it is with pleasure that I am informing you that the Board has decided to offer you the post of **Senior Officer / Lead Licensing Officer on a permanent and pensionable basis with a monthly salary of twenty three thousand and two hundred rupees Rs 23,200 plus travelling allowance.***

Thereafter, the Disputant, in October 2009, was confirmed in the post of Senior Officer/Lead Licensing Officer with effect from 1 July 2009. This may be noted from a letter dated 10 October 2009 from the MASA under the hand of the Director General:

*Dear Mr. Arthur*

**Re: Confirmation for the post of Senior Officer / Lead Licensing Officer**

*I am directed by the Board of Management of the Mauritius Society of Authors (MASA) to inform you that you have been confirmed on a substantive capacity for the post of Senior Officer / Lead Licensing Officer with effect as from 1<sup>st</sup> July 2009.*

The Disputant has not denied that the post of Senior Officer/Lead Licensing Officer does not exist on the establishment of the Rights Management Society, now MASA, nor has it been mentioned in the various PRB Reports. In fact, on 1 September 2015, the Disputant was even informed, on behalf of the Director, not to use the designation of the aforesaid post but to use that of Senior Officer. However, he did not agree to same and reported a labour dispute thereon.

The PRB Report 2013 did not contain any recommendations in relation to the post of Senior Officer/Lead Licensing Officer and the Disputant wrote to the then Officer-in-Charge of the Respondent highlighting this issue. Furthermore, the Respondent's representative confirmed that a letter dated 11 June 2014 was sent to the PRB as a collective proposal for the upcoming PRB Report in 2016.

Mr Hansley Antoine, a Senior Officer at the Respondent, also confirmed that the Disputant was given a job description questionnaire to fill, that same was forwarded directly to the PRB and was not made available to the Administration Section for onward transmission. It was not disputed that Mr Arthur's job description questionnaire was unsigned by his Supervisor as is required in the form.

Notwithstanding the endeavours of the Disputant, the post of Senior Officer/Lead Licensing Officer was not recommended in the PRB Report of 2016. The Disputant has therefore reported the present labour dispute asking that the aforesaid post be recommended to the PRB by the Respondent's Board. It should be noted that the Board is entrusted with the administration of the MASA under the *Copyright Act 2014 (Act 2 of 2014)*.

Although the post of Senior Officer/Lead Licensing Officer does not exist on the Respondent's establishment nor was it ever recommended in the PRB Reports, it has not been in doubt that the Disputant was offered the aforesaid post on a permanent and pensionable basis and was even confirmed in same with effect from 1 July 2009 by the Board of the MASA.

Would it therefore have been in order for the Board of the MASA to have offered the post of Senior Officer/Lead Licensing Officer to Mr Arthur and have thereafter confirmed him in same when the post is non-existent on its own establishment? The powers of the Board in the appointment of its staff, as per *section 44* of the *Copyright Act 2014*, notably provides as follows:

**44. Appointment of staff**

(1) *The Board shall appoint on such terms and conditions as appropriate —*

...

(b) *such other staff as may be necessary for the proper discharge of the functions of the Society.*

(2) *The staff referred to in subsection (1)(b) shall be under the administrative control of the Director.*

It may be noted that this provision is not significantly different from *section 33* of the previous *Copyright Act 1997* (repealed by the *Copyright Act 2014* on 31 July 2014) which dealt with appointment of staff by the Board. The powers of the Board enable it to appoint staff as may be necessary for the proper discharge of the functions of the MASA on terms and conditions as appropriate. Thus, if the Board has deemed it fit to appoint and confirm the Disputant to the post of Senior Officer/Lead Licensing Officer, it would be well within its powers.

The qualifications of the Disputant have also been made an issue in relation to this dispute by the Respondent. Although, the Disputant did not deny that he did not possess the qualifications for the post of Officer as recommended by the PRB Report or even for the post of Senior Officer, he has relied mainly on his experience acquired. The Disputant has also highlighted the fact that he was designated as Officer-in-Charge of the MASA from 23 August 2012 to 18 January 2018.

Counsel for the Respondent has strongly contended that the post of Senior Officer/Lead Licensing Officer cannot be recommended by the Respondent's Board in as much as the Disputant is not even qualified to be an Officer, let alone a Senior Officer. Despite the stand of the Respondent, it cannot at this stage be said what the requisite qualifications for the post of Senior Officer/Lead Licensing Officer would be if ever the post were to be recommended by the PRB. This exercise would be for the PRB to undertake if ever it were to draw up recommendations for the aforesaid post.

The Tribunal, in relation to the issue of qualification, would also wish to point out that the dispute at hand is not asking it to assess the qualifications of the Disputant nor is it asking the Tribunal to determine whether the Disputant is qualified to be in his actual appointment at the MASA.

Indeed, the Tribunal must pay heed to what was stated in by the Supreme Court in the matter of *Air Mauritius Ltd v Employment Relations Tribunal* [2016 SCJ 103]:

*Under section 70 (1) the Tribunal is required to enquire into the substance of the dispute that is referred to it and to make an award thereon and it is not empowered to enquire into any new matter that is not within the terms of reference of the dispute.*

The facts in the present matter have also revealed that following a letter dated 9 September 2014 from the PRB, the Disputant was given a job description questionnaire to fill. He did so and submitted same directly to the PRB instead of the Respondent's Administration Section without having had his Supervisor sign same. As per the evidence of the representative of the PRB, the aforesaid questionnaire was invalid for lack of the Supervisor's signature.

Despite the PRB not having considered the Disputant's job description questionnaire, the representative of the PRB has clearly explained that same is used for re-assessing jobs and does not amount to representations for the creation of a post. The questionnaire also helps in noticing changes in the job description of a particular post. It cannot therefore be said the post of Senior Officer/Lead Licensing Officer was not recommended in the PRB Report of 2016 due to the PRB deeming the Disputant's questionnaire to be invalid.

The Disputant, in the present matter, contends that the Board of the Respondent should recommend the post of Senior Officer/Lead Licensing Officer to the PRB as he is assuming duties which are higher to that of Senior Officer. He is being deprived of a post to which he was appointed and does not exist in the PRB Reports.

The Disputant has also stated that recommending the post will have an impact on his salary, his future and pension. However, the Tribunal notes that it would be speculative to state what the impact of the aforesaid post would be in being recommended. As per the Terms of Reference, the Tribunal is not being asked to determine whether the post of the Disputant should be recommended by the Board to the PRB, but to simply determine whether the Board could recommend the aforesaid post itself to the PRB. A distinction should be made between the Disputant and the post *in lite*. Moreover, this does not necessarily imply that it would be the Disputant who would be occupying the aforesaid post, depending on its conditions and requirements, if same is recommended by the PRB.

Regarding Learned Senior Counsel for the Respondent's contention that what the Disputant is asking for is in relation to his remuneration and salary, the Tribunal notes that the Disputant agreed that this would have an indirect impact on his salary and that Learned Senior Counsel has conceded that it is indirect. As previously noted, we are not in a position to say

what the recommendations, if any, in relation to the post would be. Moreover, the Tribunal has already ruled on a plea *in limine litis* raised by the Respondent on this very issue.

It has been seen that the Board of the Respondent, in their wisdom, did clearly offer the post of Senior Officer/Lead Licensing Officer to Mr Arthur on 16 June 2008 and subsequently confirmed him as same on 10 October 2009. If it were the stand of the Board that the Disputant is not qualified to hold the aforesaid post or even the post of Senior Officer, to which he is being paid, it would have been open for the Board to seek appropriate remedies to have Mr Arthur removed from the post he occupies. However, no such demarches have been borne out in the present matter.

The Tribunal cannot also see what prejudice will be caused to the Respondent if the post of Senior Officer/Lead Licensing Officer were to be recommended to the PRB nor has the Respondent adduced any evidence to this effect, save for the issue of the Disputant's qualifications. On the contrary, recommending the post would demonstrate its importance in the Respondent's organisation, if the Board does so consider.

In having offered and confirmed the post of Senior Officer/Lead Licensing Officer to the Disputant, the Board should abide to its responsibilities and make this post a reality on its establishment by, at the very least, recommending the post to the PRB. The Tribunal can only therefore find that the Board of the Rights Management Society, now MASA, can recommend the post of Senior Officer/Lead Licensing Officer to the PRB.

The Tribunal awards accordingly.

# NATIONAL AUDIT OFFICE

## REPORT OF THE DIRECTOR OF AUDIT

### TO THE COUNCIL OF

### THE DISTRICT COUNCIL OF FLACQ

#### Report on the Financial Statements

I have audited the accompanying financial statements of the District Council of Flacq which comprise the balance sheet as of 31 December 2013, the income and expenditure account and the cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory notes.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in Mauritius and the Local Government Act, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International Standards of Supreme Audit Institutions. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Opinion**

In my opinion, the financial statements present fairly, in all material respects, the financial position of the District Council of Flacq as of 31 December 2013, and of its financial performance and its cash flows for the year then ended in accordance with accounting principles generally accepted in Mauritius.

### **Emphasis of Matter**

I draw attention to Note 1 to Accounts wherein it is reported that the provisions of Section 166 (3) of the Local Government Act 2011 have been complied with, except for the pension fund. The pension fund of the ex-Moka Flacq District Council that has been transferred to SICOM has not yet been split to determine the pension contributions for the staff posted at the District Council of Flacq and for those at the District Council of Moka. As per Note 13, the pension fund of the ex- Moka Flacq District Council was Rs 70,819,946 as at 31 December 2012.

My opinion is not qualified in respect of this matter.

### **Report on Other Legal and Regulatory Requirements**

#### ***Management's Responsibility***

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the laws and authorities which govern them.

#### ***Auditor's Responsibility***

In addition to the responsibility to express an opinion on the financial statements described above, my responsibility includes expressing an opinion on whether the activities, financial transactions and information reflected in the financial statements are, in all material respects, in compliance with the laws and authorities which govern them. This responsibility includes performing procedures to obtain audit evidence about whether the agency's expenditure and income have been applied to the purposes intended by the legislature. Such procedures include the assessment of the risks of material non-compliance.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Opinion on Compliance*****Local Government Act***

The financial statements for the year ended 31 December 2013 were received at my Office on 30 April 2014. Following examination of the financial statements, a few amendments had to be made. The amended financial statements were submitted on 9 April 2019.

In my opinion, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the Local Government Act.

***Public Procurement Act***

The District Council of Flacq is responsible for the planning and conduct of its procurement. It is also responsible for defining and choosing the appropriate method of procurement and contract type in accordance with the provisions of the Act and relevant Regulations. My responsibility is to report on whether the provisions of Part V of the Act regarding the Bidding Process have been complied with.

In my opinion, the provisions of Part V of the Act have been complied with as far as it appears from my examination of the relevant records.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF BCP BANK (MAURITIUS) LTD  
(FORMERLY KNOWN AS BANQUE DES MASCAREIGNES LTÉE)

## Report on the Audit of the Consolidated and Separate Financial Statements

*Opinion*

In our opinion, the accompanying consolidated and separate financial statements give a true and fair view of the financial position of BCP Bank (Mauritius) Ltd (formerly known as Banque des Mascareignes Ltée (the "Bank") and its subsidiary (together referred to as the "Group") at 31 December 2018, and of their financial performance and their cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs") and in compliance with the requirements of the Mauritius Companies Act 2001, the Financial Reporting Act 2004 and the Banking Act 2004.

## What we have audited

The Group's and the Bank's accompanying consolidated and separate financial statements comprise:

- the statement of financial position as at 31 December 2018;
- the statement of profit and loss or other comprehensive income for the year then ended;
- the statement of changes in equity for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes, comprising significant accounting policies and other explanatory notes.

*Basis for Opinion*

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of Consolidated and Separate Financial Statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Independence

We are independent of the Bank and its subsidiary in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

## Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report but does not include the consolidated and separate financial statements and our auditor's report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. Our reporting responsibilities regarding the corporate governance report is dealt with in the "Report on Other Legal and Regulatory Requirements" section of this report.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF BCP BANK (MAURITIUS) LTD (FORMERLY KNOWN AS BANQUE DES MASCAREIGNES LTÉE) (CONTINUED)

### Report on the Audit of the Consolidated and Separate Financial Statements (Continued)

#### Other information (Continued)

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### *Responsibilities of Directors for the Consolidated and Separate Financial Statements*

The directors are responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with International Financial Reporting Standards and in compliance with the requirements of the Mauritius Companies Act, the Financial Reporting Act and the Banking Act and regulations and guidelines of the Bank of Mauritius, and for such internal control as the directors determine is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, directors are responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group and/or the Bank or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for overseeing the Group's and Bank's financial reporting process.

#### *Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

**Report on the Audit of the Consolidated and Separate Financial Statements (Continued)**

*Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements  
(Continued)*

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and/or the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and the Bank to express an opinion on the consolidated and separate financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have compiled with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters.
