**In the matter of:-**

**Mr Jean Eric Soonil Ramdhun (Disputant)**

**And**

**Cargo Handling Corporation Ltd (Respondent)**

**I.P.O: (1) Port Louis Maritime Employees  
Association**

**(2) Mr Alain Edouard**

**(3) Mr Gino Michael Duval**

**(4) Mr Maghen Sunjeevee**

**(5) Mr Dario Steeve Laguette**

The present matter has been referred to the Tribunal by the Commission for Conciliation and Mediation (CCM) under Section 69(7) of the Employment Relations Act (hereinafter referred to as "the Act"). Co-Respondent No 1, a trade union having exclusive bargaining rights on behalf of the relevant employees, and Co-Respondents No 2 to 5,

who have been selected as trainers for a batch of RTG ("Rubber, Tyre and Gantry", that is handling of containers in the yard as opposed to loading or unloading of containers on or from ships) Trainees, have been joined in as parties in the present matter. They were duly informed of the nature of the dispute and all parties were assisted by counsel. The terms of reference of the point in dispute read as follows:

*"Whether I was unfairly and wrongly treated when I was not selected as trainer for RTG Trainees or otherwise."*

The Disputant deposed before the Tribunal and he stated that he joined the Respondent on 3 January 2003 as Operator Grade 1, Plant & Equipment and was confirmed on 3 January 2004. He was employed as RTG Operator as from 6 August 2005 and confirmed in the said post with effect from 1 September 2006. He also referred to a warning given to him and to an agreement reached between Respondent and himself before the Commission for Conciliation and Mediation whereby the warning was waived and his promotion as Trainer RTG was to take effect as from 1 July 2014 for seniority purposes. He produced copies of a series of documents (Docs A, B, B1 to N). He averred that he was the senior most RTG Operator and he relied on the seniority list of 2013 (Doc J). He stated that he was called for an informal meeting in relation to training of Trainee RTG Operators of the Respondent. However, after some time he came to know that he was not in the pool of trainers. He sought explanations in a letter dated 10 July 2017 (copy marked Doc K) and he received a reply from the Officer-In-Charge to the effect that the Training Unit will be comprised of the "2 Senior most Foreman RTG (their seniority was based on the date they were physically posted as ex RTG Trainer) namely Messrs. Dario Laguette and Maghen Sunjeevee assisted by Messrs. A. Edouard STS Trainer and Gino Duval Foreman STS (formerly assigned duties as STS Trainer)" (Doc L).

Disputant then reported a dispute to the CCM and he came to know of the existence of another seniority list (copy marked Doc M) which is dated March 2017. He was ranked third on this new list of seniority. A new criterion which is the date on which one was "Physically Trainer RTG", that is, the date on which one started to do the work physically on the relevant site was added. He suggested that he was simply asked when he had actually started doing the work. He stated that the criterion of "physically in post" is a criterion which was accepted by management and a trade union. He also produced a copy of an extract of a collective agreement signed by management and that union (Doc N). He was in the bargaining unit of that trade union even though he was the member of another trade union. He suggested that his rights will be prejudiced if he remains third on the seniority list. He added that, according to him, Co-Respondents No 2 and 3 have nothing to do with the training of RTG Trainees being themselves from STS ("Ship to Shore" that is, involved in the loading or unloading of containers on or from ships) and not RTG.

In cross-examination, Disputant agreed that the trade union he mentioned was the union which had sole bargaining rights on behalf of all the employees of the Respondent. He agreed that following the SRC report 2016, the post of Trainer RTG was restyled Head of RTG. A copy of an extract of a Memorandum dated 3 July 2017 (Doc P) was shown to him and he agreed that Management had decided to constitute the Training Unit as comprising of two persons from RTG and STS respectively. He did not agree that Co-Respondents No 5 and 4 who were “physically posted” on 18 February 2013 and 25 February 2013 respectively were his seniors.

Mr Dahari, the HR Manager, then deponed on behalf of the Respondent and he stated that Disputant is ‘Head of RTG’. He stated that Co-Respondent No 1 is the trade union which has sole bargaining rights in relation to terms and conditions of employment of the employees. He stated that the report signed with Co-Respondent No 1 in 2016 provided for the restyling of the post of Trainer RTG into that of Head of RTG. This applied for Disputant and three other ex-Trainers RTG including Co-Respondents No 4 and 5. He explained that the Respondent had to recruit RTG Trainees both from internal and external candidates. The Board thus decided to constitute a Training Unit for the purpose of the selection and it consisted of the two senior most ex-RTG Trainers and Co-Respondent Nos. 2 and 3 who were STS Trainer and Foreman STS (having allegedly been assigned duties of STS Trainer before) respectively. He stated that the seniority list of 2013 has now changed following the agreement reached with Co-Respondent No 1 whereby the main criteria now used to determine seniority is ‘physical posting’. Mr Dahari explained the rationale for using ‘physical posting’ as he averred that there was some sort of anomaly mainly in relation to manual workers where some workers were paid to perform continuously in certain posts but without any appointment letter. Very often, a worker who came to work in that post much later but with an appointment letter was considered as senior most in that post.

Mr Dahari stated that management then had to amend all seniority lists, where applicable, based on the ‘physical posting’ criterion. He added that the decision to consider ‘physical posting’ was a decision taken following agreement reached with the relevant trade union. Management reworked the seniority list together with the relevant trade union based on the ‘physical posting’ criterion. According to him, Doc M was, thus, the prevailing seniority list for Head of RTG. Mr Dahari suggested that the Logistics Department is responsible for recruiting the personnel and decides where a worker is to be posted. He averred that the information concerning ‘physical posting’ came from the said department. He also stated that performance appraisal has nothing to do with the seniority list. He suggested that the relevant ‘senior most’ has priority whenever there is a promotion but that other criteria such as attendance, work conduct and work performance are also considered. There is no proper performance appraisal

at the Respondent but they do carry out a “performance appraisal at time” to give a promotion.

In cross-examination, Mr Dahari was requested to produce a copy of the Equal Opportunity Policy of the Respondent (Doc Q). He agreed that there are five trade unions which are recognised by management at the Respondent. He stated that Co-Respondent No 1 however has sole negotiating rights and agreed that when the latter bargains collectively with the Respondent, he bargains on behalf of all the other trade unions. He conceded that Doc J is in order and that, according to that document, Disputant was the senior most. He was confronted with the agreement entered into between Co-Respondent No 1 and Respondent (Doc N) and more particularly paragraph 10 thereof and the duration of the agreement. He agreed that if ‘physical posting’ was not considered, Disputant would have remained as the senior most (in his grade) as was provided in the 2013 seniority list.

The Tribunal has examined all the evidence on record and the submissions of all counsel.

The Tribunal whilst enquiring into the dispute referred to it is bound by the terms of reference. For ease of reference, we will reproduce, once more, the terms of reference of the dispute:

*“Whether I was unfairly and wrongly treated when I was not selected as trainer for RTG Trainees or otherwise.”*

The award being sought from the Tribunal in the present case will be of a declaratory nature. The Tribunal has stated in a number of cases that it does not deliver awards which are of a declaratory nature (**vide Mr Ugadiran Mooneeapen And The Mauritius Institute of Training and Development, ERT/RN 35/12, Mr Abdool Rashid Johar And Cargo Handling Corporation Ltd, ERT/RN 93/12, Mr Dhan Khednee And National Transport Corporation, ERT/RN 52/14, Mr Satianund Nunkoo And Beach Authority, ERT/RN 121/17**).

The Tribunal delivers awards which are binding on the parties (section 72 of the Act) and as per section 7A of the Second Schedule to the Act, the Tribunal has the power to issue execution of its orders.

However, in the light of the novel point raised in the present matter and in the interests of all parties and in furtherance of good and harmonious industrial relations within the organisation, the Tribunal feels that it should throw some light on the core of the issue raised in the present matter. The crux of the matter before us is whether the Respondent is entitled to bring changes to an existing seniority list emanating from

Respondent himself following a new collective agreement entered into with the trade union having exclusive negotiating rights at the Respondent.

It is apposite to note, firstly, that in the present case, the two lists that we have, that is, Doc J (seniority list for RTG Operators (MCT) dated 1 August 2013) and Doc M (seniority list for Head of RTG dated 31 March 2017) do not pertain to the same posts. There is no evidence that the grade of RTG Operator (MCT) has been restyled as Head of RTG. In fact, as per Doc O and the evidence adduced before us, it is the grade of Trainer/ Foreman RTG which has been restyled as Head of RTG. The Tribunal will not venture to say more on Docs J and M.

However, on the issue of the posted "seniority list", the Tribunal is of the view that once an employer has posted or formally issued a "seniority list" to which relevant employees and/or the trade union have had access, it cannot, generally, after a substantial period of time, bring changes to that same list, in the sense of changing the relative seniority of the employees. The seniority list becomes the *status quo* between the parties for competitive status purposes (vide "**Seniority rights under the Collective Agreement**" by R.I. Abrams and D.R. Nolan in *The Labor Lawyer*, Vol. 2, No. 1 at pp 99-144). The authors cited above go on at page 115 (above) by stating the following: "*Stability and certainty in making competitive employment decisions based on seniority, such as layoffs and promotions, require that an erroneous list be considered "frozen" after a period of time.*" The rules used for reckoning seniority may certainly be varied through collective bargaining (seniority will depend on the collective agreement) but a new collective agreement cannot, generally, affect a "posted seniority list" which has been there for a substantial period of time.

Reference has been made to the above article as guidance, and we may also refer to **rule 8(3) of The Punjab Civil Servants (Appointment and Conditions of Service) Rules** as guidance (though this applies for civil servants in the relevant jurisdiction). It reads as follows:

*8(3) Notwithstanding the provisions of this rule, the seniority lists already prepared in accordance with the rules applicable immediately before the commencement of these rules shall be construed as seniority lists for the respective new grades in respect of persons already in service and amendments therein shall continue to be made in accordance with those rules to settle inter se seniority disputes among them.*

The union and management may, no doubt, bargain for changes in seniority rules but unless the intention is clearly laid down in the agreement that the rules are to be given retrospective effect (vide **Supreme Court of India judgment in the case of P. Mohan Reddy v E.A.A Charles (2001) 4SCC 433**) and there are compelling reasons for the

new rules such as a prior discriminatory practice, new seniority rules cannot be given retrospective effect.

For the reasons given above and more particularly the manner in which the terms of reference have been drafted, the dispute is otherwise set aside.

## AFRICAN EXPORT-IMPORT BANK ABRIDGED UNAUDITED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30 JUNE 2019

### DIRECTORS' COMMENTARY

This communique is issued pursuant to SEM Listing Rules 11.3 and 12.20 and section 8.8 of the Securities Act of Mauritius 2005.

### GENERAL INFORMATION

The African Export-Import Bank (the Bank) is a multilateral trade finance institution, established in October 1993. It commenced lending operations in September 1994. The Bank's mandate is to promote, finance and facilitate intra and extra-African trade, while operating commercially. The Bank is headquartered in Cairo, Egypt and is located at No. 72 (B) El Maahad El Eshteraky Street, Heliopolis, Cairo 11341, Egypt. In addition, the Bank has regional offices in Harare (Zimbabwe), Abuja (Nigeria), Abidjan (Cote D'Ivoire) and is currently setting up a regional office in East Africa. The Bank has four (4) classes of shareholders, Class A (African Governments and African Multilateral institutions e.g. African Development Bank) and/or associated institutions, Class B (African financial institutions and private investors), Class C (non-African institutions) and Class D (any investor). Class A, B and C shares are partially paid, 40% upon subscription, while Class D shares are fully paid. Class D shares were created in 2012 to broaden the shareholder base and sources of equity, particularly through the capital markets. In October 2017 the Bank listed Depository Receipts on the Stock Exchange of Mauritius backed by Class D shares.

### REVIEW OF FINANCIAL PERFORMANCE

The Directors are pleased to report that the unaudited financial performance for the six months ended 30 June 2019 was ahead of prior year performance and in line with expectation. Having successfully completed two years of implementing its Fifth Strategic Plan "IMPACT 2021 – Africa Transformed", the Bank began 2019 by prioritising initiatives aimed at deepening the successes achieved around the key strategic pillars of expanding intra-African trade, promoting industrialization and export development, deepening and expanding access to trade finance and ensuring a solid financial performance and soundness. Significant strides were made during the first six months of 2019 towards the attainment of the key strategic goals of the Bank. The Bank delivered a solid performance with net income for the six months ended 30 June 2019 rising by 82.28% compared to the same period in 2018 (H1 -2018) despite the negative impact of IFRS 9. The increase in profitability was primarily driven by the growth in loans and advances, which grew by nearly US\$ 2.55 billion on a net basis compared to H1-2018.

In line with the increase in net income, the Bank achieved an average return on shareholders' equity (ROAE) of 10.46% compared to 9.96% in the prior period (restated IFRS 9 impact: 7.07%). In addition, the Bank achieved a return on average assets (ROAA) of 1.90% compared to 1.88% in the prior year

(restated IFRS 9 impact: 1.30%). The increases in ROAE and ROAA were due to higher growth in net income.

The Bank's capital adequacy ratio was strong at 23.05% (2018: 23.88%) in line with the Bank's capital management policy targets. A more detailed analysis of the statement of comprehensive income is presented hereunder.

During the period under review, the Bank posted a 50.37% growth in interest and similar income, reaching US\$473.37 million (2018: US\$314.81 million). The increase was as a result of higher interest rates as well as the growth in volumes of loans and advances, which increased by US\$2.55 billion from US\$ 8.85 billion at the end of June 2018 to US\$11.40 billion at the end of June 2019. On the other hand, interest and similar expenses increased by 64.74% to US\$229.44 million (2018: US\$139.27 million). This increase was as a result of higher global interest rates and the growth in interest bearing liabilities, which increased by 37.34%.

Despite the significant planned increases in staff numbers to strengthen organizational capacity, operating expenses increased modestly by 12.58% compared to H1-18, reaching US\$46.07 million (H1-18: US\$40.92 million). Staff costs drove the cost increases as general expenses only rose slightly by 3.16% year-on-year. Depreciation and amortisation expenses increased by 11.45% mainly due to the acquisition of new information and technology (IT) related software and equipment, in line with the Bank's strategic drive to enhance automation of its processes and activities.

The Bank adopted IFRS 9 (Financial instruments) effective 1 January 2018 and its implementation was finalised for the financial year ended 31 December 2018. The previously published financial statements for the half year ended 30 June 2018, which were prepared and published in July 2018 before the finalisation of IFRS 9 implementation, have had to be restated to reflect the impact of IFRS 9 and to ensure comparability with the current half year financial statements. The level of non-performing loans (NPLs), at 2.96% (H1-18: 2.36% and restated (IFRS 9 impact) H1-18: 3.75%) was within the acceptable strategic target of the Bank. The NPLs outcome reflected the continued reliance on the structured trade finance model, the benefits of the Bank's preferred creditor treatment across its member countries, sound risk management and very good knowledge of the African markets.

In general, following the adoption of IFRS 9 effective 1 January 2018, the loan loss provisions/impairment are expected to be comparatively higher than in previous Accounting periods when the impairment allowances were based on the International Accounting Standard No.39 (IAS39), which was based on incurred, rather than expected, credit losses (ECL). Besides expanding the financial instruments (on and off-

Balance Sheet Financial Instruments) that are subjected to ECL provisioning IFRS 9 provisioning, is forward-looking and results in some ECL provisions being made even for performing financial instruments.

It is in the context of the foregoing that the expected credit losses (ECL) increased to US\$ 388.78 million as at 30 June 2019 compared to US\$ 382.45 million from the restated half year financial statements for 30 June 2018.

In line with plans targeted at rebuilding the balance sheet as loans and advances under the emergency countercyclical trade liquidity facility (COTRALF) got repaid, the Bank's total assets increased by 35.38% from US\$11.35 billion as at 30 June 2018, to US\$15.37 billion as at 30 June 2019. This increase is explained mainly by higher volumes of loans and advances, which increased on a net basis by 28.81 %, with continued notable progress in geographical diversification of the loan book, covering 33 countries (H1 - 18: 31 countries).

Total liabilities of the Bank stood at US\$ 12.67 billion (2018: US\$ 9.21 billion) as at 30 June 2019, an increase of 37.59% mainly due to an increase of US\$ 1.62 billion in customer deposits. Borrowing increased by 23.23% from US\$ 7.42 billion in 2018 to US\$ 9.14 billion in 2019. This increase was necessary to enhance liquidity to support expected business growth. Total borrowings accounted for about 72.14% (2018: 80.54%) of total liabilities while customer deposits and balances accounted for about 25.04% (2018: 16.81%) of total liabilities.

As a result of the evolution of the Bank's assets and liabilities as described above, increases in retained earnings and general reserves arising from higher profitability as well as new equity injections of US\$ 265.48 million, the Bank's shareholders' funds rose by 25.89% to US\$ 2.70 billion from US\$ 2.15 billion at end of the first half of 2018. The strong capitalisation of the Bank reflected solid support by existing

shareholders, an expanded shareholder base and continued strong internal capital generation. The Bank's callable capital, which has been significantly credit enhanced as part of the Bank's capital management strategy, amounted to US\$ 920.07 million (2018: US\$ 771.79 million) as at 30 June 2019.

The Board of Directors are pleased with the results achieved for the first half of the year, in line with expectation. In general, all the key performance metrics were in line with budget and strategic plan targets. The results buttressed the healthy financial standing of the Bank, reflected in reported earnings growth, satisfactory profitability levels, high asset quality, solid liquidity and capital levels to support both existing and future business volumes. Expectations are that the Bank would grow the attributable income in the second half of the year to meet full year targets whilst maintaining a sustainable balance between a strong capital base, business growth and profitability to deliver sustainable returns to its shareholders.

#### NET ASSET VALUE ("NAV")

The NAV per share at 30 June 2019 was US\$52,648 (June 2018: US\$43,881), equivalent to US\$5.3 (June 2018: US\$4.4) per Depository Receipt (DR).

#### DIVIDENDS

The Bank's dividend policy has remained the same with dividends declared and paid once a year based on annual audited accounts. The shareholders approved a dividend appropriation amounting to US\$68,970,000 (2017: US\$57,534,000) at the June annual general meeting. The June 2019 financial statements do not reflect the dividend payable, which will be accounted for in equity as an appropriation of retained earnings in the year ending 2019, after approval by shareholders.

<b>CASH AND CASH EQUIVALENTS</b>	<b>3,605,339</b>	<b>2,331,915</b>

**NOTES**

The Bank is required to publish financial results for the six months ended 30 June 2019 as per Listing Rule 12.19 of the SEM. The abridged unaudited financial statements for the six months ended 30 June 2019 ("financial statements") have been prepared in accordance with the requirements of IFRS and the SEM Listing Rules.

The accounting policies adopted in the preparation of these financial statements are consistent with those applied in the preparation of the audited financial statements for the year ended 31 December 2018. The abridged unaudited financial statements have not been reviewed or reported on by the Bank's external auditors.

Copies of the abridged unaudited financial statements and the statement of direct and indirect interests of each officer of the Bank, pursuant to Rule 8(2)(m) of the Securities (Disclosure Obligations of Reporting Issuers) Rules 2007, are available free of charge, upon request to the Executive Secretary at the Registered Office of the Bank at No. 72(B) El-Maahad El-Eshteraky Street, Heliopolis, Cairo 11341, Egypt.

This communique is issued pursuant to SEM Listing Rules 11.3 and 12.20 and section 8.8 of the Securities Act of Mauritius 2005. The Board of Directors accepts full responsibility for the accuracy of the information contained in these financial statements. Directors are not aware of any matters or circumstances arising subsequent to the period ended 30 June 2019 that require any additional disclosure or adjustment to the financial statements.

**Announcement**

*The African Export-Import Bank (Afreximbank) is continuing to explore various strategic initiatives to support the growth of its business and further strengthen its balance sheet. These options may include a new listing of Global Depositary Receipts on another stock exchange, including potentially the London Stock Exchange. At this point in time, no decisions have been taken as to whether Afrximbank will proceed with any such transaction. If Afrximbank decides to proceed with any transaction, further announcements will be made in due course in accordance with applicable laws and regulations.*
