G is a UK registered not-for-profit body corporate and is registered as a Scottish Charity. It offers degree programmes.

P is a company incorporated in Mauritius and is engaged in the provision of educational services. It is registered with the Tertiary Education Commission ("TEC") in Mauritius but not registered with Mauritius Qualification Authority ("MQA"). G is not registered either with the TEC or the MQA.

G and P are not related entities. They have entered into an Agreement whereby G and P will collaborate to provide higher education to students in Mauritius and, in particular to facilitate learning to enable students to attain degrees which are conferred by G as the sole awarding body.

Delivery of teaching service will be at the premises of P.

The Agreement will span over 12 years for the delivery of the following degree Programme(s):

- BA (Hons) Business Management
- BA (Hons) Social Sciences
- BSc (Hons) Computing
- BSc (Hons) Applied Psychology

The first year of the degree programmes will be delivered solely by P and the second, third and fourth year degree programmes will be provided by both G and P. However, in the case where P cannot deliver the correct level and skills of staff during the first year of the degree programme, G will take delivery and charge P a higher rate for same.

An academic year consists of 3 trimesters. Each trimester lasts an average of 15 weeks. It is estimated that overall the fly-in-fly-out staff of G will spend not more than 3 weeks in Mauritius in any trimester

The delivery model will be a blended service with part of the degree being delivered online to students via e-learning and partly by face-to-face teaching. P will maintain at its own

expenses appropriate offices, teaching facilities, equipment, administration facilities and systems as may be necessary for the effective performance of its duties under the Agreement.

P will allow G and its authorised representatives, at any reasonable time, to have access to the teaching premises for the purpose of ongoing assurance and confirmation of the academic environment to support the delivery of the Programmes.

The Agreement between G and P further provides for, inter alia the following -

- G will have ultimate responsibility and discretion in respect of the award of qualifications to students.
- All Programme Documents and teaching materials or content provided by P for the purpose of delivering the Programme(s) will be reviewed and approved by G prior to use of the same on the Programme(s).
- Both G and P recognise that the financial arrangements applicable to the Programme will be monitored and reviewed by both parties throughout the Term. Any changes required to the financial arrangements as a result of any monitoring or review activity will be discussed and agreed in writing by both Parties before implementation by the Parties without prejudice to the remainder of the Agreement.
- The Parties recognise and agree that all publicity and promotional activity relating to all programmes and awards offered or made in its name, including the Programmes or use of G's Trade Marks, service marks, trade names, logos or other references to G or other indicia is subject to final approval of G and P shall not issue any such public information or undertake any such publicity or use G's Trade Marks, service marks, trade names, logos or make other references to G or other indicia, without the prior written consent of G. P shall not publicise the Programmes in any way without the prior written consent of G.
- The Parties recognise and agree that all publicity and promotional activity relating to the Programmes (whether or not reference is made to the G) is subject to final approval of G.
- P will develop and operate an educational institution which will conform to the standards already in practice at G. The programme management structure specified in the programme documents will be developed (recognising the different organisational structures and personnel of P) to maintain the university's quality assurance standards.

- P shall recruit academic staff that, in the reasonable opinion of G, shall be appropriately qualified to support the delivery of the Programmes to the standard set out in G Quality Enhancement and Assurance Handbook.
- G will provide to P the current generic role profiles for academic staff and where applicable the specific role profiles for the Programmes which can be used by P when developing the role profiles of their academic staff.
- G will ensure that external examining procedures for the Programmes are comparable to those of internal programmes and that these are applied in accordance with the system set out in the University Assessment Regulations.
- The Parties recognise and agree that the admission requirements and acceptable entry qualifications for students joining the Programmes shall be set by and be at the sole discretion of G. The final decision as to whether a student is accepted onto each Programme rests solely with G.
- The Parties recognise and agree that the responsibility and control for the production of degree parchments and academic transcripts for students exiting the Programmes rests solely with G.

According to the Financial Arrangements between the Parties, G will invoice P for two types of costs each year, namely –

- (i) Separately billable amounts ; and
- (ii) Per student per annum charge.

The separately billable amounts are to be agreed annually ahead of the start of the academic year.

#### **Points at issue**

1. Whether G will be subject to income tax in Mauritius?
2. Whether G will be subject to Tax Deduction at Source (“TDS”) in Mauritius?
3. Whether payments made to G with relation to the services like access to G’s student on-line systems, access to library systems, student registration and administration services, graduation and brand will be considered as a royalty payment made by P?

4. Whether employees of G coming to Mauritius for periods not exceeding six months to deliver courses with regards to the degree programmes will be subject to Pay As You Earn ("PAYE") in Mauritius?
5. Whether G should be VAT registered in Mauritius?
6. Whether reverse charge should be applicable on the services provided by G to P?

### **Ruling**

On the basis of the facts provided : -

1. G is conducting business in Mauritius on the premises of P for the delivery of degree programmes, the award parchment of which bears the signatures of the authorities of G only as the sole awarding body. G will therefore be considered to have a permanent establishment in Mauritius and will be subject to income tax in respect of the income it derives from the delivery of the degree programmes in Mauritius.
2. G will not be subject to TDS in Mauritius. It will have to submit an annual return of income declaring the income derived and the related allowable deductions.
3. In the light of the reply to question (1) and (2), the issue of royalty does not arise.
4. Since G will have a Permanent Establishment in Mauritius, Article 15 of the DTAA between UK and Mauritius will apply regarding the taxation of the teaching staff of G. In accordance with sections 2 and 82(1)(c) of the Income Tax Act, G will be declared to be an absentee and P will be deemed to be an agent of the absentee respectively. P will be required to operate the PAYE system in respect of the lecturers sent by G. Being given that Article 15 is subject to Article 21 which provides for an exemption period of 2 years, the lecturers who qualify for the exemption may submit an income tax return on the due date and claim refund of the tax deducted under the PAYE system.
5. G will not have any obligation to apply for VAT registration in Mauritius since educational services provided in Mauritius is an exempt supply by virtue of item 16(a) of the First Schedule to the Value Added Tax Act.
6. Being given that G will have a Permanent Establishment in Mauritius and educational services are exempted from VAT, the question of reverse charge does not apply.

C, a company incorporated in Mauritius has received an order from D, a company based in Zimbabwe. Owing to foreign exchange controls in Zimbabwe, D has suggested that the order be channelled through M.

M currently holds a Category 1 Global Business Licence under the Financial Services Act and forms part of the same group of companies as D. M will report each transaction as a purchase of goods from C and a corresponding sale to D but the goods will not be subject to any process by M.

For purposes of the Bill of Lading, the shipper and the consignee will be C and D respectively. The terms of the shipment will be Free on Board. The goods will leave the warehouse of C and will be loaded directly to a ship such that M will not take any physical possession of the goods. However, on the Customs declaration, M will appear as the exporter and D will be the importer.

C will receive cash from M and the trade debt of M will be settled by its holding company. D and M have certain financial arrangements whereby the trade debt of D from M will be settled over a period of time.

**Point at issue**

Whether the sales made by C to M will qualify for the 3% tax rate on export of goods?

**Ruling**

Based on the above facts, C will be selling goods to M, a company incorporated in Mauritius. Consequently, the sales to M will not be a transaction falling under Section 44B of the Income Tax Act and will be subject to tax at the rate of 15%.

**TR 211****Facts**

E is a UK registered not for profit body corporate and is a Scottish charity. It is tax resident in the UK and it delivers degree programmes.

P is a company incorporated in Mauritius and is engaged in the provision of educational services. It is registered with the Tertiary Education Commission (“TEC”) and Mauritius Qualification Authority (“MQA”) in Mauritius.

E and P which are not related entities have entered into a Collaboration Agreement whereby they will collaborate to deliver a degree programme in International Hospitality Management (“the Programme”) to students in Mauritius.

The course will run over 2 years. Each year will comprise of 3 trimesters. E will supply the undergraduate degree course materials. The tutors will comprise of local tutors appointed by P as well as 3 members of E’s staff who will teach in Mauritius for a total of 30 days per year.

Overall fees for the Programme in Mauritius will be collected by P. E will invoice P 50% of the overall fees. E will not contract directly with the Mauritius students.

The Collaboration Agreement between E and P is for an initial term of 5 years and may be renewed before the expiry of the term. The Agreement provides inter alia, for the following:-

- The degree Programme will be dispensed on the premises of P, which will have to maintain at its own expense appropriate offices, teaching facilities equipment, administration facilities and systems.
- E will have the responsibility for ensuring academic standards and quality assurance of the Programme. In particular –
  - E will ensure that all procedures and decisions relating to the Programme provided under the Agreement are based on E’s Regulations which are systematic and open to scrutiny.
  - E will ensure that the academic standards of all awards provided under the Agreement are compatible with relevant benchmark information recognised within the United Kingdom.
  - The qualification conferred at the end of the Programme will be equal in academic standing to that conferred on successful completion of the same or comparable internal E programmes.

- Both E and P recognise that the final responsibility and accountability for the academic standards of the Programme, or any element of the Programme, rests with E.
- Both E and P recognise that final responsibility and accountability for quality assurance arrangements applicable to the Programme, or any element of the Programme, rests with E.
- Both E and P recognise that final accountability for the submission requirements and acceptable entry qualifications for students joining the Programme and the final decision as to whether a student is accepted rests with E.
- Both E and P recognise that final responsibility and accountability for the control and accuracy of all public information, publicity and promotional activity relating to all programmes and awards offered or made in its name, including the Programme or use of any E logo, name or indication rests with E and P shall not issue any such public information or undertake any such publicity or use any E logo, name or other indication, without prior written consent and approval of E.
- Both E and P recognise that final responsibility for the issue and control of award certificates, diploma supplements and transcripts associated with the Programme rests with E.
- Both E and P recognise that information provided to prospective students and to those registered on the Programme must be comparable with that given to internal E prospective or registered students.

### **Points at issue**

1. Whether E will be treated as having a Permanent Establishment in Mauritius?
2. Whether E staff coming to Mauritius would be subject to PAYE?
3. Whether social security contributions are applicable for E staff sent to Mauritius?

### **Ruling**

On the basis of facts mentioned above,

1. The Collaboration Agreement between E and P will span over several years and goes beyond the supply of course materials and three teaching staff for 30 days per academic year. Having regard to the many features or elements of a partnership business which is evident from the terms of the collaboration agreement, E will be considered to be

conducting business in Mauritius on the premises of P. E will therefore be treated as having a Permanent Establishment in Mauritius.

2. As E will have a Permanent Establishment in Mauritius, Article 15 of the DTAA between UK and Mauritius will apply regarding the taxation of the teaching staff of E. In accordance with sections 2 and 82(1)(c) of the Income Tax Act, E will be declared to be an absentee and P will be deemed to be an agent of the absentee respectively. The Partner will be required to operate the PAYE system in respect of lecturers sent by E. Being given that Article 15 is subject to Article 21 which provides for an exemption period of 2 years, the lecturers who qualify for the exemption period of 2 years, the lecturers who qualify for the exemption may submit an Income Tax return on the due date and claim refund of the tax deducted under the PAYE system.
3. E staff in Mauritius will not be required to pay social security contributions.

B will receive cash from M and the trade debt of M will be settled by its holding company. D and M have certain financial arrangements whereby the trade debt of D from M will be settled over a period of time.

**Point at issue**

Whether the sales made by the company to M will be subject to VAT at zero-rate?

**Ruling**

Based on the above facts, B will be selling goods to M, a company incorporated in Mauritius. The supply of goods by B to M will not fall within the ambit of Item 1 of the Fifth Schedule to the VAT Act as the supply will not constitute goods exported from Mauritius under Customs control. Therefore, the supply will be subject to VAT at standard rate.

## REPORT OF THE DIRECTOR OF AUDIT

### TO THE DISTRICT COUNCIL OF RIVIÈRE DU REMPART

#### Report on the Financial Statements

I have audited the financial statements of The District Council of Rivière du Rempart which comprise the statement of financial position as at 30 June 2016, and the statement of comprehensive income, statement of changes in net assets/equity and the statement of cash flow for the six-month period then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International Standards of Supreme Audit Institutions. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial misstatements, whether due to fraud or error. In making those risks assessments, the auditor considers internal control relevant to The District Council of Rivière du Rempart's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The District Council of Rivière du Rempart's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

### **Basis for Qualified Opinion**

#### ***Public Infrastructure, Plant and Equipment - Rs 163,405,206***

Property, Plant and Equipment allocated to The Rivière du Rempart District Council amounted to Rs 258,592,970 as at 1 January 2013, following the split of councils. The net book value of assets was however, accounted at Rs 45,121,428. This excluded land, buildings, roads, drains and street lighting networks. The accuracy of this opening balance could not be ascertained.

Survey of buildings were carried out and some Rs 66 million relating to prior years was accounted in financial statements for the six-month period ended 30 June 2016. Land, roads, drains and street lighting networks were not accounted for.

In the absence of an updated Fixed Assets Register and periodical survey of assets, the existence and conditions of assets could not be ascertained.

#### ***Cash and Cash Equivalent - Rs 61,071,983***

The Council did not keep cash books nor perform bank reconciliations for the year ended 31 December 2014. No explanation could be provided for adjustments made in respect of prior years. Hence, the completeness and accuracy of Cash and Cash Equivalent could not be ascertained.

### **Qualified Opinion**

In my opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the attached financial statements give a true and fair view of the financial position of The District Council of Rivière du Rempart as at 30 June 2016 and of its statement of financial performance for the six-month period then ended in accordance with International Financial Reporting Standards (IFRS).

### **Emphasis of Matter**

I draw attention to Notes 32 and 33 of the financial statements, wherein it is reported that the Arbitrator has issued a final Award in favour of a contractor for the payment of compound interest until date of final settlement on capital payment of Rs 72.3 million. The contingent liability of Rs 427,324,630 was disclosed. The Council has lodged a case of *Recours en Annulation* to set aside the award as it has been issued after the prescribed mandate of arbitration.

My opinion is not modified in respect of this matter.

**Other Matter**

The current version of ISSAI 1700 – *Forming an Opinion and Reporting on Financial Statements* is effective for audits of financial statements for periods ending on or after 15 December 2016. The form and content of this report are in accordance with the preceding version of the ISSAI as the financial statements relate to a period ending prior to 15 December 2016.

**Report on other Legal and Regulatory Requirements*****Management's Responsibility***

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the laws and authorities which govern them.

***Auditor's Responsibility***

In addition to the responsibility to express an opinion on the financial statements described above, my responsibility includes expressing an opinion on whether the activities, financial transactions and information reflected in the financial statements are, in all material respects, in compliance with the laws and authorities which govern them. This responsibility includes performing procedures to obtain audit evidence about whether The District Council of Rivière du Rempart's expenditure and income have been applied to the purposes intended by those charged with governance. Such procedures include the assessment of the risks of material non-compliance.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

**Opinion on Compliance*****Local Government Act***

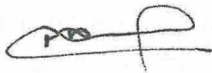

The financial statements of The District Council of Rivière du Rempart for the six-month period ended 30 June 2016 were submitted on 19 December 2016 that is more than one month after the statutory time limit. Following examination of financial statements, various amendments were deemed necessary. The amended financial statements were submitted on 14 November 2019.

In my opinion, except for the late submission of the financial statements, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the Local Government Act.

***Public Procurement Act***

The District Council of Rivière du Rempart is responsible for the planning and conduct of its procurement. It is also responsible for defining and choosing the appropriate method of procurement and contract type in accordance with the provisions of the Act and relevant Regulations. My responsibility is to report on whether the provisions of Part V of the Act regarding the Bidding Process have been complied with.

In my opinion, the provisions of Part V of the Act have been complied with as far as it appears from my examination of the relevant records.

30 June 2016**

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

**1. GENERAL INFORMATION**

The District Council of Riviere du Rempart is a corporate body established under the Local Government Act 2011, Part II Section 3 and 7. The place of management is at Royal Road, Mapou.

**Activities of the Local Authority**

The Council's principal activities are the provision of sound public infrastructure and its maintenance, household waste collection, licensing of business activities, issuing of development permit and the promotion of sport, leisure and welfare activities as stipulated under Section 50 of the Local Government Act 2011.

The District Council is responsible for overseeing the administration of the Riviere du Rempart District area and its 19 villages.

**APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS AND SIGNIFICANT ACCOUNTING POLICIES**

The principal accounting policies applied in the preparation of these financial statements are set out below.

**A. Basis of Preparation and Statement of Compliance**

The financial statements have been prepared in accordance with Section 133 of the Local Government Act 2011, the International Financial Reporting Standards and the International Accounting Standards.

The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The Financial statements are presented in Mauritian Rupees (RS) which is the functional currency of the Council and all values are rounded to the nearest rupee. The accounting policies have been consistently applied to all the years presented. The cash flow statement is prepared using the direct method and the financial statements are prepared on the accruals basis.

Following the amendment brought to the Finance and Audit Act the financial reporting was changed to period starting 01 July to 30 June. The first financial reporting period was for a period of six month ended 30 June 2016.

**B. Application of new and revised International Financial Reporting Standards**

In current year, the Council has adopted all of the new and amended Standards and Interpretations issued by the International Accounting Standards Board (the "IASB") and the International Financial Reporting Interpretations Committee (the "IFRIC") of the IASB that are relevant to its operations and mandatory for application for the financial year. The adoption of these new or amended IFRS and interpretations has not

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

resulted in substantial changes to the accounting policies of the Council and have had no material effect on the amounts reported for the current or prior financial years.

At the date of authorization of these financial statements, the following Standards and Interpretations have already been issued but not effective:

Description	Issue Date	Effective Date Annual periods commencing on
<b>IFRS 1 First-time Adoption of International Financial Reporting Standards</b> (Amendments resulting from Annual Improvements 2014–2016 Cycle (removing short-term exemptions))	December 2016	Annual periods beginning on or after 1 January 2018

IAS 40 Investment Property Amendments to clarify transfers of property to, or from, investment property)	December 2016	Annual periods beginning on or after 1 January 2018

**IFRS 16 leases**

The Council currently leases a hall for one of its village council. Under the IFRS 16 lease, the Council will have to account for right-of-use asset and a corresponding liability in its statement of financial position.

The Council anticipates that the adoption of the remaining standards in the future periods will have no material effect on the financial statements.

**C. Significant Accounting Policies**

**(a) Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the District Council and the revenue can be reliably measured, regardless of when the payment is received.

The general policy of the Council is to recognize revenue on an accrual basis with the substance of the relevant agreement.

- (i) School fees, advertising fees and bus toll are accounted for as income on an accrual basis unless collectability is in doubt.
- (ii) Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.
- (iii) Building and land use permit fee, burial and incinerator fees are recognized on an actual basis, that is the amount actually received and/or collected.

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

- (iv) Trade fee is payable whenever an economic operator or any person carries out a classified trade as stipulated by the Local Government Act 2011 Section 122 (2). It is an offence to carry out such trade without the payment of the appropriate fees. However, there is a high risk that a trader is not operating his trade and has failed to complete the procedure for cessation and thus the probability of payment of outstanding trade fee in the following years is low. Hence, as the collectability of trade fee receivable is not reasonably assured, in accordance with IAS 18 revenue, the District Council has not recognized trade fee on an accrual basis. Trade fee has instead been accounted on an actual basis.
- (v) Interest income arising from investments of the Passage Fund is not accounted in the statement of profit or loss but is instead accounted as equity in the statement of financial position.

**(b) Government Grants**

Government grants are not recognized until there is reasonable assurance that the Council will comply with the conditions attached to them and that the grants will be received.

- (i) Government grants whose primary condition is that the Council should purchase, construct or otherwise acquire non-current assets are recognized as deferred income in the statement of financial position and transferred to the statement of financial performance on a systematic and rational basis over the useful economic lives of the related assets.
- (ii) Other government grants are recognized as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grant-in-aid that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Council with no future related costs are recognized in the statement of financial performance in the period in which they become receivable.

**(c) Public Infrastructure, Plant and Equipment, Land and Intangible Assets**

**(i) Buildings**

Buildings held for use in the supply of services and for administrative purposes are stated in the financial statements at cost or transfer value, being the fair value at the date of transfer of ownership less any subsequent accumulated depreciation and/or accumulated impairment losses. No revaluation is carried out unless required.

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

- (ii) Land is maintained at cost and is not depreciated.

Land vested by Morcellement promoters to the Council are in principle transferred to the Council at the token amount of MUR 1 per plot and the contract of the deed of sale clearly stipulates that the plot of land shall be used only for the purpose for which it has been vested to the Council under the Morcellement Act. The land shall be used only as green space or for social purpose without the right to dispose. These land have been capitalized.

Land vested to the Council by the Ministry of Housing and Lands are in fact vested to the Ministry of Local Government. These land are for community use for the inhabitants of that particular region where the development actually took place, however its maintenance and up-lifting is handed over to Council. The Council has no right to sell it or use for any other purpose. These land have been disclosed in the notes to the Financial Statements.

- (iii) Construction of drains and roads, accommodation of playground and green space, and street lighting costs and resurfacing of existing roads are capitalized under public infrastructure. On the other hand, cost of patching of roads, cost of traffic signs and names plates, maintenance and repairs of public infrastructures are charged to the income statement as expenses in the year they are incurred.
- (iv) Computer and Equipment, Furniture, Fixtures, Fittings, Motor Vehicles, Intangibles are stated at cost less accumulated depreciation and accumulated impairment losses, and stated at its carrying value.

Depreciation is charged so as to write off the cost of fixed assets less the residual value at the annual estimated rates over their useful lives, using the straight line method. The estimated useful lives, residual value and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of performance.

The annual rates are used in the calculation of depreciation:

Building	5%
Public Infrastructure	20%
Computer and Equipment	25%
Furniture, Fixtures and Fittings	10%
Motor Vehicles	20%
Intangible Assets	25%

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

**(d) Inventories**

Inventories are carried at the lower of cost and net realisable value. Inventories are stated at weighted average value or weighted average price of lots of items where balance of the lot is greater than zero. Value for the item of stock is the cost charged by supplier. The Council practices the first in first out basis (FIFO) for the issue of stock items.

**FINANCIAL ASSETS**

Financial assets are classified as financial assets at fair value through surplus/deficit, loans and receivables, held to maturity investments, and the Council determines the classification of its financial assets at initial recognition.

**(e) Cash and Cash Equivalents**

Cash and cash equivalents comprise cash at bank, cash in hand and short term deposits with financial institutions. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value.

**(f) Receivables and Impairment**

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the balance sheet date which are presented as non-current assets.

Receivables are recognized initially at fair value and subsequently measured at carrying value after adjusting for impairment loss. Impairment loss is charged to the statement of comprehensive income.

A provision for impairment of fees is established when there is objective evidence that the Council will not be able to collect all the amounts according to the original terms of receivables.

**(g) Held-to-Maturity Financial Assets**

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturities that the District Council has the positive intention and ability to hold to maturity. If the District Council were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. They are presented as non-current assets, except for those maturing within 12 months after the balance sheet date which are presented as current assets.

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

**FINANCIAL LIABILITIES**

Financial liabilities are classified as financial liabilities at their value through surplus or deficit or loans and borrowings, as appropriate and the classification is determined at the initial recognition date. They are recognized at fair value and in the case of loans and borrowings, plus directly attributable transaction costs.

The Council's financial liabilities include borrowings, trade and other payables.

Financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires.

Financial liabilities and financial assets are offset and the net amount if any is either settled or realized the assets.

**(h) Trade and Other Payables**

Trade and other payables are stated at their nominal value. All known trade payables are recognized at its cost. They are classified as current liabilities if payment is due within one year. Otherwise, they are presented as non-current liabilities.

**(i) Provisions**

Provisions are recognized when the District Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties required to settle the present obligation. When the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

**(j) Contingent liabilities**

The Council does not recognize a contingent liability, but discloses details of any contingency in the notes to the financial statements, unless the possibility of an outflow of resources is remote.

**(k) Retirement Benefit Costs**

**(i) State Plan**

The Council contributes 6 % of the gross emoluments of part-time employees and employees who are not on a permanent and pensionable establishment to the National Pension Fund.

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

The Council also contributes 2.5% of the gross emoluments of all employees to the National Savings Fund.

The above contributions are charged to statement of profit or loss in the year they are due.

(ii) Defined Contribution Plan

Defined contribution plans are post-employment benefit plans under which the District Council pays fixed contributions (12% of gross emoluments) into another entity, the State Investment Company of Mauritius Limited ("SICOM Ltd"), for new full time employees who joined the Local Authorities from 1 January 2013 onwards. The district council has no further payment obligations once the contributions have been paid. These contributions are charged to statement of profit or loss in the year they are due.

(iii) Retirement Pension To Retirees Before 1 July 2008

The Council pays retirement pension to those employees who retired before 1 July 2008. This is charged to statement of profit or loss in the year it is due.

(iv) Compassionate Allowance

In accordance with the Local Authority Employees (Allowance) Regulations 1964 (GN 159 of 1964) the Council also pays Compassionate Allowance to part time employees who have been in service for more than 5 years on their retirement. This has been computed based on the number of year of services up to the year end, average annual wage for the last 5 years.

(v) Defined Benefit Plan

The Council operates a defined benefit plan, administered by and invested with SICOM Ltd. The pension plan is funded by payment of contribution to the fund (Council: 12% of gross emoluments and employee: 6% of gross emoluments) taking account of the recommendations of the Pay Research Bureau (PRB) report.

Defined benefit plans are post-employment benefit pension plans other than defined contribution plans. Defined benefit plans typically define the amount of benefit that an employee will receive on or after retirement, dependent on factors such as years of service and compensation.

The liability recognised in the balance sheet in respect of a defined benefit pension plan is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognised past-service costs. The defined benefit

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

obligation has been calculated by independent actuaries from SICOM Ltd using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using market yields on bonds.

Actuarial gains and losses arising from changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period when they arise.

Past service costs are recognised immediately in profit or loss.

(vi) Bank of Sick Leave

Employee entitlements to bank sick leave as defined in the PRB report are recognized as and when they accrue to employees. An accrual is made for the estimated liability for bank sick leave.

(vii) Unutilized Vacation Leave

Employee entitlements to vacation leave as defined in the PRB report are recognized as and when they accrue to employees. An accrual is made for the estimated liability for unutilized vacation leave.

**(l) Nature and Purpose of Reserves**

The Council creates and maintains reserves in terms of specific requirements.

Passage Fund

Enacted under Section 81 of the Local Government Act 2011, a passage fund has been created by the Council to finance the payment of passage benefit to officers transferred from other Local Authorities, from the public service, from a statutory body or from any other institution.

Income derived from investment of the unutilized passage benefit payable to employees of the Council is transferred to equity under the item passage fund.

**(m) Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or manufacture of qualifying fixed assets, which are assets that necessarily take substantial period of time to get ready for their intended use are added to the cost of those fixed assets, until such time as the assets are substantially ready for their intended use.

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

Investment income earned on the temporary investment of the specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Otherwise all other borrowing costs are recognized in the statement of financial performance in the period in which they are incurred.

The interest rate payable on the government loan is fixed at 5% throughout the repayment period.

**D. Critical Accounting Estimates, Assumption and Judgements in Applying Accounting Policies and Estimates**

The preparation of the financial statements in conformity with IFRS requires the District Council to make certain accounting estimates and judgements that have an impact on the policies and the amounts reported in the financial statements. Estimates and judgements are continually evaluated and based on historical experiences and other factors, including expectations of future events that are believed to be reasonable at the time such estimates and judgements are made, although actual experience may vary from these estimates.

The estimates and assumptions that have a significant risk of causing adjustment to carrying amounts of assets and liabilities are discussed below:

- (i) **Provision for Bad Debts**  
Provision is made when there is objective evidence that the District Council will not be able to collect certain debts. This is made based on detailed analysis and historical experience.
- (ii) **Defined Benefit Obligations**  
The present value of the post-employment pension obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions such as discount rate, expected salary increase and mortality. Any change in these assumptions will impact the carrying amount of pension obligations.

**2. FINANCIAL MANAGEMENT RISK**

The District Council is exposed to financial, credit and liquidity risks. The overall risk management of the District Council is focused on the mitigation of liquidity and credit risks and seek to minimize potential adverse effects on the financial performance and service delivery of the Council.

**Credit risk**

Credit risk arises from credit exposures to customers. The Council does not consider the need to have an independent rating of its customers. In fact no trade fee receipt is issued on credit while three month credit facilities are allowed to holders of market stall in principle.

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

**Liquidity risk**

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of credit facilities. The Council has appropriate management policy in place to ensure that there is sufficient cash to meet its financial obligations.

The plan is exposed to actuarial risks such as : investment risk, interest rate risk, longevity risk and salary risk. The risk relating to death in service benefits is re-insured.

The cost of providing the benefits is determined using the Projected Unit Method. The principal assumptions used for the purpose of the actuarial valuation were as follows:

**THE DISTRICT COUNCIL OF RIVIERE DU REMPART**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2016**

**13 EMPLOYEE RETIREMENT BENEFIT OBLIGATION - CONTINUED**

	<u>2016</u> RS	<u>2015</u> RS

Mortality before retirement	A 6770 Ultimate Tables	
Mortality in retirement	PA (90) Tables rated down by 2 years	
Retirement age	As per Second Schedule of Statutory Bodies Pension Funds Act	

The discount rate is determined by reference to market yields on bonds.

Significant actuarial assumptions for determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analyses below have been determined based reasonably on possible changes of the assumptions occurring at the end of the reporting period.

If the discount rate would be 100 basis points (one percent) higher (lower), the defined benefit obligation would decrease by Rs 30.7 M (increase by Rs 38.5 M) if all other assumptions were held unchanged.

If the expected salary growth would increase (decrease) by 100 basis points, the defined benefit obligation would increase by Rs 19.5 M (decrease by Rs 17.0 M) if all assumptions were held unchanged.

If life expectancy would increase (decrease) by one year, the defined benefit obligation would increase by Rs 5.1 M (decrease by Rs 5.1 M) if all assumptions were held unchanged.

In reality one might expect interrelationships between the assumptions, especially between discount rate and expected salary increases, given that both depends to a certain extent on expected inflation rates. The analysis above abstracts from these interdependence between the assumptions.

As at 31 December 2014, the extension to the second floor of the administrative building which was meant to be used as a mini conference and social hall for the Council was under construction by in-house labour and was therefore classified as current asset.

As at 31 December 2015, the extension has been completed and the building has been re-classified to property, plant and equipment. The work in progress of around Rs 1.9 million as at 31 December 2015 relates to construction of Village Complex / Hall at Petit Raffray. The total estimated cost of construction is around Rs 3.6 Million.

**32 CONTINGENCIES**

The Council is a defendant in several legal actions involving the non-issue of building and land use permit and cases on illegal construction.

On 3rd January 2019, the arbitrator in the arbitration case between Council and Alphamix Ltd, has issued a final award in favour of the contractor for the payment of compound interest on the capital payment of Rs 72.3 M at the rate of 3.5% up to the date of final settlement.

Upon the advise received from the parent ministry, Council has lodged a case of "Recours en Annulation" to the award issued by the arbitrator outside the agreed mandate of the arbitration.

The amount of interest turn around Rs 427,324,630.

**33 EVENTS AFTER THE REPORTING DATE**

As at the date of approval of the financial statements no such post balance sheet even was known which may materially effect the financial reporting and the fair and true view of the financial position with the exception of the above contingent liability of Rs 427,324,630 which has been recognised in the financial statements as adjusting events.

**34 APPROVAL OF THE FINANCIAL STATEMENTS**

The financial statements were approved by the full council and authorised for its issue at its meeting of 30 October 2019.
