Note 1.

The accompanying financial statements, without reference to the detailed notes, are derived from the audited financial statements of Mauritius Post Foreign Exchange Co Ltd (the "Company") for the year ended 30 June 2020. These audited financial statements, which have been prepared in accordance with International Financial Reporting Standards, are available from the regulatory authorities.

The financial statements comprise the statement of financial position at 30 June 2020 and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, as presented in the audited financial statements for the year without reference to the detailed notes.

Financial Highlights of Mauritius Post Foreign Exchange Co Ltd:

Following the major challenges facing the postal industry worldwide, new objectives were introduced by the holding company, Mauritius Post Ltd. New product lines along financial services and the e-Commerce activities are among the main ones being developed.

As such the RIA instant money transfer was introduced following successful negotiation with RIA Financial Services based in the USA. Thus, Mauritius Post Foreign Exchange Co. Ltd was created and incorporated on 26 October 2017 as a subsidiary of The Mauritius Post Ltd to provide the service of money transfer.

The company started with a share capital of Rs.40M. Initially, given the high set up cost and low business activity, the first year of operation was quite difficult. With added marketing strategies and more visibility of its brand name all over the island, the financial results of the second year ending June 2020 improved considerably and cost contained. The loss incurred during the first year of operation was indeed reduced by nearly 55% with higher revenues noted from business activities. The company is expected to show a profit at the end of the current financial year 2020-2021.

Independent auditor's report to the Shareholder of

Mauritius Post Foreign Exchange Co Ltd

**Opinion**

The financial statements, which comprise the statement of financial position as at 30 June 2020, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended and related note 1, are derived from the audited financial statements of Mauritius Post Foreign Exchange Co Ltd (the "Company") for the year ended 30 June 2020.

In our opinion, the accompanying financial statements are consistent in all material respects, with the audited financial statements of the Company prepared in accordance with International Financial Reporting Standards (IFRSs) and in compliance with the requirements of the Mauritius Companies Act 2001 and the Banking Act 2004.

Financial Statements

The financial statements do not contain all the disclosures required by International Financial Reporting Standards. Reading the financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited financial statements and the auditor's report thereon.

The Audited Financial Statements and Our Report Thereon

We expressed an unmodified audit opinion on the audited financial statements in our report dated 29 September 2020.

Responsibilities of Directors for the Financial Statements

The directors are responsible for the preparation of the financial statements on the basis described in the note 1.

Auditor's Responsibility

Our responsibility is to express an opinion on whether the financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing (ISA) 810 (Revised), Engagements to Report on Summary Financial Statements.

Other Matter**Predecessor auditor**

The financial statements of the Company for the year ended 30 June 2019 were audited by another auditor who expressed an unmodified opinion on those financial statements on 30 September 2019.

Banking Act 2004

This report, including our opinion, has been prepared for and only for the Company's shareholder in accordance with Section 34(6)(b)(ii) of the Mauritius Banking Act 2004 and for no other purpose. TR 212**Facts**

C is a company incorporated in Mauritius and is engaged in the BPO/ICT sector by providing computer consultancy and computer facility management.

In the United States and Canada, C is listed on the stock exchange and all employees in different geographies can buy shares at a discounted price under the “Employee Stock Purchase Plan” whereas Management are granted shares as part of their remuneration under the “Gift Stock Purchase Plan”.

Points at issue

- i. Whether under the Employee Stock Purchase Plan, the taxable amount in the hands of the employees is the value of the discount they have benefitted on acquisition of the shares or the difference between the price paid for the share and the price the share was disposed of?
- ii. Whether under the Gift Stock Purchase Plan, the taxable amount in the hands of the management staff is the value of the share at the time it was granted to them or the value the share was disposed of?

Ruling

On the basis of facts mentioned above,

- i. The employees will be taxed under the Employee Stock Purchase Plan on the amount of discount they have benefitted at the time they purchased the shares. Any gain between the market value of the share at time of acquisition and the market value at time of disposal will be capital in nature and therefore will not be subject to income tax.
- ii. The management staff will be taxed under the Gift Stock Purchase Plan on the value of the shares at the time they accepted the shares. Any gain between the market value of the share at time of acceptance and the market value at time of disposal will be capital in nature and therefore will not be subject to income tax.

TR 213**Facts**

Z is a company incorporated in Mauritius and holds a Global Business Licence. Z equally holds an Investment Adviser (Unrestricted) Licence issued by the Financial Services Commission (the "FSC").

The principal activity of Z is to act as an Investment Advisor and authorized to manage, under a mandate, portfolios of securities and give advice on securities transactions through printed materials or any other means. Z will also facilitate partnerships, acquisitions and investments.

Points at issue

- i. Whether Z, by virtue of holding an Investment Adviser (Unrestricted) Licence from the FSC, will benefit from a tax exemption in respect of 80% of its income?
- ii. Whether the tax exemption applies to all income derived by Z or only to income covered by the Investment Adviser Licence?

Ruling

On the basis of facts mentioned above, it is confirmed that Z being holder of an Investment Adviser licence issued by the FSC will be eligible to claim the partial exemption as per item 41(a) of Sub-Part C of Part II of the Second Schedule to the Income Tax Act provided it carries out its core income generating activities relating to Investment Advisory services in Mauritius and it satisfies all the other prescribed conditions relating to the substance of its activities as laid down in Regulation 23D of the Income Tax Regulations 1996.

Where all the required conditions are met, the above exemption will apply only to income derived from investment advisory services offered by Z.

TR 214**Facts**

L is incorporated in Mauritius and it currently holds a Global Business Licence and a Credit Finance Licence issued by the Financial Services Commission (FSC). L is engaged in the business of leasing equipment to customers under an Ijarah Finance Scheme (the “Ijarah Finance Scheme”).

Ijarah Finance Scheme is an Islamic financing technique used to finance the acquisition of assets on terms compliant with the principles of Shariah. In an Ijarah transaction, the financing party would typically purchase property desired by its client and then lease it to the client for a lease fee. Some Ijarah transactions give the client the right (but not the obligation) to purchase the asset at or before the end of the lease term.

The structure of such Ijarah Finance Scheme of L is as follows-

- The customer identifies the equipment it requires and makes an application for finance at L;
- L performs a due diligence on the customer prior to approving the application;
- Once the application is approved, L requests authorisation from a Shariah Board. The Shariah Board certifies the Islamic financial products as being Shariah-compliant in accordance with the Islamic Law;
- L purchases the required equipment and appoints an agent to get the equipment delivered to the customer’s premises;
- L leases the equipment directly to the customer under a lease agreement. The lease agreement will be based on the concept of Ijarah and all the rules of an Ijarah will be applicable;
- L will charge the customer a lease fee. The lease fee will comprise of –
 - (i) a capital element (the capital repayment); and
 - (ii) (ii) an effective return element (the finance income);
- At the end of the lease term, the customer has the option to either purchase the equipment from L or return the equipment to L. The Ijarah financing agreement is equivalent to a normal finance lease agreement; and

- L leases equipment directly to the final customer and there is no sub-lease agreement.

The customers of L are not tax resident in Mauritius and they are not related to L.

Points at issue

1. Whether the effective return element of the lease fee will be treated as interest income and the capital element as principal repayment for the purposes of the Income Tax Act?
2. Whether the effective return will be treated as interest income for the purposes of section 10 of the Income Tax Act and item 7 of Sub-Part B of Part II of the Second Schedule to the Income Tax Act?

Ruling

On the basis of facts mentioned above,

1. the effective return element of the lease fee under the Ijarah financing arrangement will be treated for income tax purposes as gross income derived from the leasing business. Repayment of the principal is not taxable.
2. the effective return element of the lease fee, although for accounting purposes may be characterised as interest income, will constitute the gross income of L for income tax purposes arising from the company's Shariah-compliant business of leasing equipment. Hence, it will be treated as gross income under section 10(1)(b) of the Income Tax Act rather than section 10(1)(d) of the Income Tax Act. Consequently, the income derived by L from its leasing business activities will not be treated as interest income for the purposes of item 7 of Sub-Part B of Part II of the Second Schedule to the Income Tax Act.

VATR 87**Facts**

C, a private domestic company is a subsidiary of B, a French entity.

The current business activity of C is the provision of IT support services, administrative support and project management services to related entities within D only, including Mauritian related entities of C. No service is rendered to any unrelated parties. The IT support service is provided by C to D on behalf of B. C invoices B directly for the IT services rendered to the entities in D and B reallocates the fees to the entities as appropriate. However, the invoices for the other services are issued directly by C to the related entities. Service fees charged to the related entities are determined at cost plus 5% mark up on operational cost. Services rendered to Mauritian entities represent less than 5% of the total services rendered to the D and can be tracked from available records/software used. The annual turnover of taxable supplies is likely to exceed rupees 6 million.

C carries out its activities from Mauritius and it locally employs the appropriate personnel with the relevant qualification and experience to be able to provide such services.

It also rents an office, incurs operating expenses such as audit fees, accounting and tax fees, parking fees, etc. on which VAT is charged by VAT registered service providers.

Points at issue

1. Whether the supply of services by C to the foreign entities is a zero-rated supply?
2. Whether the supply of services by C to Mauritian entities is a standard rated supply (i.e. liable to VAT at 15%)?
3. Whether C can register for VAT purposes and claim repayment for any input VAT incurred?
4. Whether VAT at the rate of 15% is applicable on 5% mark-up only or total fees charged to the local entities.

Ruling

On the basis of facts mentioned above,

1. The supply of services by C to the foreign entities is zero-rated by virtue of section 11 and Item 6(a) of the Fifth Schedule to the Value Added Tax Act.
2. The supply of services made by C to Mauritian entities including services rendered to Mauritian entities and invoiced directly to B, is a supply of services performed and utilised in Mauritius and is therefore subject to VAT at 15%.
3. Since the turnover of taxable supplies is likely to exceed rupees 6 million, C is liable to register for VAT under section 15 of the VAT Act. As C is mainly engaged in zero-rated supplies, it may make a claim for repayment of any excess input tax in accordance with section 24(4) of the VAT Act.
4. VAT at the rate of 15% is applicable on the total fee charged in respect of the local entities.

VATR 88**Facts**

L was incorporated in Mauritius and it holds a Global Business Licence ("GBL"). L is wholly owned by G, a French entity.

The business activity of L is to provide payroll management services to the subsidiaries of H operating in Africa, including C, holder of a Global Business Licence. Services rendered to foreign entities represents around 90% of the business activity of L. L manages the payroll of the Group subsidiaries and recharges the salaries/social contributions paid on their behalf with a mark-up of 5% of its operational expenses to those companies. The main source of income of L is in the form of service fees received from the provision of payroll management services. The annual turnover is likely to exceed rupees 6 million.

L carries out its core income generating activities from Mauritius and it employs local staff to carry out these payroll management activities.

It also rents an office, incurs operating expenses such as audit fees, accounting and tax fees, parking fees, etc. on which VAT is charged by VAT registered service providers.

Points at issue

1. Whether the supply of services by L to the foreign entities in Africa is a zero-rated supply?
2. Whether the supply of services by L to C is also a zero-rated supply?
3. Whether L can register for VAT purposes?
4. Whether L can claim repayment for any input VAT incurred?
5. Whether VAT of 15% is applicable on the 5% mark-up only or total fees charged in respect of the local entities?

Ruling

On the basis of facts mentioned above,

1. The supply of services by L to the foreign entities in Africa is zero-rated by virtue of Section 11 and Item 6(a) of the Fifth Schedule to the VAT Act.
2. The supply of services by L to C is zero rated provided that the latter is engaged in providing services to foreign entities.
3. Since the turnover of taxable supplies is likely to exceed rupees 6 million, L is liable to register for VAT under section 15 of the VAT Act.
4. As L is mainly engaged in zero-rated supplies, it may make a claim for repayment of any excess input tax in accordance with section 24(4) of the VAT Act.
5. VAT at the rate of 15% is applicable on the total fee charged to the local entities.
