

GOVERNMENT NOTICE No. 11

PESTICIDES ACT

(CAP. 35:03)

PESTICIDES REGULATIONS, 2023

REGULATION

PART I—PRELIMINARY

1. Citation
2. Interpretation

PART II—REGISTRATION OF PESTICIDES

3. Application for registration
4. Processing of application
5. Registration of a pesticide
6. Invalid application
7. Form of certificate of registration
8. Simplified assessment
9. Application for permit to import pesticides
10. Form of permit

PART III—PRESENTATION OF PESTICIDES

11. Packaging
12. Labelling
13. Information to be contained on a label
14. Label to bear a colour band
15. Hazard statement on labels
16. Terms not to be printed on label
17. Household pesticides
18. Residues and time
19. Advertising
20. Hazard statement on advertisements
21. Puffery or misleading advertisement

PART IV—IMPORTATION, MANUFACTURING, EXPORTATION,  
TRANSPORTATION, SALE, STORAGE, APPLICATION AND PACKAGING OF  
PESTICIDES

22. Application for a licence to manufacture or export pesticides
23. Application for a commercial pesticide applicator's licence
24. Application for a sale or storage licence
25. Extension of sale licence, etc
26. Form of sale or storage licence
27. Persons to whom licence may be issued
28. Display of licence, etc.

## REGULATION

PART V—CONTROL OF STOCKPILING, POLLUTION AND SMUGGLING OF  
PESTICIDES

29. Temporary ban
30. Smuggling prevention
31. Extension of shelf life
32. Declaration of stockpiling
33. Declaration of contamination
34. Pesticides register

## PART VI—MISCELLANEOUS

35. General penalty
36. Fees
37. Administrative fines
38. Revocation

## SCHEDULES

IN EXERCISE of the powers conferred by section 53 of the Pesticides Act, I, SAM DALITSO KAWALE, Minister of Agriculture, on the advice of the Board, make the following Regulations—

## PART I—PRELIMINARY

Citation 1. These Regulations may be cited as the Pesticides Regulations, 2023.

Interpretation 2. In these Regulations, unless the context otherwise requires—

“biopesticide” means a substance derived from nature, such as microbial or biochemical which include botanicals (plant extracts) and semiochemicals, that may be formulated and applied in a manner similar to a conventional chemical pesticide and that is used for pest control;

“botanical pesticide” means a botanical substance that consists of one or more components found in plants and obtained by subjecting plants or parts of plants of the same species to a process such as pressing, milling, crushing, distillation or extraction and the process may include further concentration, purification or blending, provided that the chemical nature of the components is not intentionally modified or altered by chemical or microbial processes;

“consignment” means a pesticide lot as per import permit;

“country of origin” means a country where the pesticide was manufactured or formulated;

“microbial pesticide” means a microorganism, including a protozoan, fungus, bacterium, virus, or other microscopic self-replicating biotic entity and any associated metabolites, to which the effects of pest control are attributed;

“obsolete pesticides” means stocked pesticides that can no longer be used for their original purpose or any other purpose and therefore require disposal;

“permit” means a permit issued in accordance with section 20 of the Act, authorizing the importation, exportation and transportation of a pesticide;

“pesticide waste” means pesticides, empty pesticide containers and materials contaminated with pesticides that are no longer wanted or needed;

“sales licence” means a licence issued in accordance with the provisions of section 25 of the Act;

“smuggling” means bringing pesticides whether registered or unregistered into Malawi, with the intention to deprive the Government of Malawi of any revenue or to defeat any of the provisions of the Act, these regulations or any other written law;

“stockpiling” means inessential gradual accumulation of obsolete pesticides or used pesticide containers or materials contaminated with pesticides;

“storage licence” means a licence issued in accordance with the provisions of section 25 of the Act; and

“transportation” includes conveying, ferrying, moving, relocating, shifting and shipping of pesticides.

## PART II—REGISTRATION OF PESTICIDES

3.—(1) An application for registration or re-registration of a pesticide in accordance with Part IV of the Act shall be in the form set out in Form 1 in the *First Schedule*.

Application  
for  
registration

(2) Every application for registration shall be accompanied by—

(a) a commercial sample of the pesticide, unless this requirement is waived by the Board, with sufficient reasons in writing;

(b) an analytical standard of the active ingredient(s) and relevant impurity(ies), unless this requirement is waived by the Board, with sufficient reasons in writing; and

(c) a technical dossier consisting of information relating to the physical and chemical properties, analytical methods, efficacy, residues, and health and environmental risks of the pesticide, in accordance with section 18(2) of the Act as required by the Board.

(3) The Board may, in accordance with section 8 of the Act, form or appoint technical committees to assist in the registration process.

(4) The Board may issue guidelines on the mode of completion of the forms set out in the *First Schedule* and the composition of the technical dossier referred to under subregulation (2)(c).

(5) The Board may issue separate guidelines for conventional chemical pesticides and bio-pesticides.

Processing of application

4.—(1) The Board shall only evaluate an application for registration where the application has complied with the requirements provided under regulation 3, including the results of any required local efficacy or residue trials.

(2) The Board shall inform the applicant of any missing information, in writing, and the applicant shall be required to submit the missing information to the Registrar, thirty days before the date of the Board's meeting.

(3) The Board shall furnish the results of the application to the applicant for registration not later than thirty working days from the date of the Board's meeting, unless the Board requires additional information as set out in section 19(1) (c) of the Act.

(4) The minimum acceptable trial results under these Regulations shall be from three effective farming seasons and the minimum period for an adaptation trial shall be one effective farming season.

(5) For purposes of subregulation (4), the Board shall take into account the prevailing World Health Organisation or Food and Agricultural Organisation guidelines when determining the acceptable trial results of pesticides used in public health.

(6) The Board may accept reports of efficacy trials conducted outside Malawi, where the Board is satisfied that the agro-ecological or public health conditions under which they were tested are similar to those of Malawi.

(7) The Board may accept results of one effective season adaptation trial in respect of pesticides proven to be effective in any country having similar agro-ecological conditions as Malawi, in lieu of the required three effective farming seasons efficacy trials.

(8) The Board may register a pesticide already registered in another country with whom Malawi has concluded a bilateral trade agreement, where the Board is convinced that the requirements of section 19(3) of the Act have been satisfied.

Registration of a pesticide

5.—(1) Pursuant to section 19(3)(b) of the Act, a pesticide may be registered and deemed not to pose a significant danger to human or animal health or the environment where—

(a) the pesticide is readily biodegradable;

(b) the pesticide does not leave residues on food that may be harmful to human health; and

(c) the pesticide does not cause unacceptable risks to workers' health.

(2) A pesticide that cannot be used without posing a significant threat to human health and the environment may be deemed to satisfy the requirement of section 19(3)(c) of the Act only where it is demonstrated that no alternative method, substance or technology exists, to achieve the same function.

(3) The Board may issue guidelines specifying the conditions under which section 19(3) of the Act shall not be considered satisfied.

6. An application for registration shall be invalid where it—
- (a) relates to more than one pesticide;
  - (b) contains false information;
  - (c) is not made by a company incorporated in Malawi; or
  - (d) is not complete.

Invalid  
application

7. A certificate of registration of a pesticide issued under section 19 (6) of the Act shall be in the form set out in the *Second Schedule*.

Form of  
certificate of  
registration

8.—(1) Without prejudice to the requirements provided under section 18 of the Act, the Board may simplify the registration process for pesticides that pose lower risks to human health, animal health and the environment, particularly bio-pesticides, microbial pesticides and botanical pesticides.

Simplified  
assessment

(2) The Board shall issue guidelines for registrants of pesticides subject to simplified rules.

(3) Biopesticides or botanical pesticides undergoing a simplified assessment shall pay sixty per cent of the fee prescribed under the *Seventh Schedule*.

9.—(1) An application for a permit to import or transport pesticides shall be in Form 2 set out in the *First Schedule*.

Application  
for permit to  
import  
pesticides

(2) An application for a permit shall be made in respect of each consignment.

10. Where the Board is satisfied with an application issued pursuant to regulation 9, it shall issue to a successful applicant a permit in the form set out in the *Fourth Schedule*.

Form of  
permit

### PART III—PRESENTATION OF PESTICIDES

11.—(1) A pesticide shall be offered for sale in a container approved by the Board and any kind of decanting and offering for sale of a pesticide in alternate packaging shall be prohibited.

Packaging

(2) A registrant shall ensure that pesticides intended for sale to smallholder or subsistence farmers are also registered in containers suitable for smaller packs consistent with local requirements.

(3) Any household pesticide shall be equipped with child-resistant packaging designed and constructed to be difficult to open for a child under the age of five years.

12.—(1) A pesticide shall be held in a container with a label approved by the Board.

Information  
to be  
contained on  
a label

(2) Any person who holds pesticides for sale in a different packaging from the original or without the approved label commits an offence and shall be liable to a fine of K2,000,000.

(3) Any person that stores pesticides in a different package from the original one or with a defaced label or with a label that does not correspond to the label approved by the Board shall be liable to a penalty of K500,000.

Information  
to be  
contained on  
a label

13.—(1) A pesticide container shall bear a label containing—

(a) the trade name of the pesticide;

(b) the description, type or use of the pesticide;

(c) the type of formulation of the pesticide;

(d) names, using common names approved by the International Standards Organization, of all active ingredients in the pesticides, together with the minimum guaranteed amount of each active ingredient present expressed as—

(i) grams per kilogram (g/kg) for solids, viscous liquids, aerosols and volatile liquids;

(ii) grams per litre (g/l) for other liquids;

(iii) net contents of the pack expressed in metric units;

(iv) name and address of the individual or company in whose name the pesticide is registered; and

(v) name and address of the local agent;

(e) directions for use which shall clearly indicate how, when and where the product can be legally, effectively and safely used and shall, where applicable, include—

(i) warnings to prevent incorrect or inappropriate use;

(ii) stage of the crop and a description of the crop on which and the conditions under which it is recommended that the pesticide be used;

(iii) application rates, timing and method of application; and

(iv) a statement, where required, of the period which should elapse between last application, re-entry, harvest, grazing or slaughter;

(f) precautions to be taken in relation to preparing, mixing and applying the pesticide, storage and safe disposal of unwanted or leftover pesticides, and used pesticide containers;

(g) incompatibility with other products, where appropriate;

(h) date of manufacture of the product;

(i) manufacturing or packaging lot or batch number;

(j) registration number;

(k) warnings and steps to take to prevent ill effects on beneficial organisms;

(l) safety precaution to inform the user on handling of the product with minimum hazard;

(m) remedies or antidote to take in case of mishap or accidental consumption;

(n) the mode of action of the pesticide based on recognized international classification;

(o) safety pictograms in accordance with guidelines approved by the Board;

(p) QR code of the product; and

(q) any other information which the Board may require.

14.—(1) A label on a pesticide container shall bear a band—

(a) of the stipulated colour determined on the basis of the hazard of the formulation of the pesticide in accordance with the classification system prescribed in the *Fifth Schedule*;

(b) which shall comprise at least fifteen per cent of the label area; and

(c) which shall appear at the bottom of the label.

(2) A label on a pesticide container shall, unless the prior written permission of the Board has been obtained, not contain any information other than the information required under these Regulations.

15. The appropriate hazard statements and symbols based on the classification of pesticides prescribed in the *Fifth Schedule* shall be prominently printed on a label.

16. The terms “safe”, “harmless”, “non-toxic”, “non-poisonous”, “non-injurious”, “the best”, “most effective”, “superior control” or “unrivalled” or such other similar terms or their equivalents, in any other language, shall not be printed on the label.

17. Labels for household pesticides or insecticides shall have special warning messages intended to protect children and other young persons.

18. In case of pesticides to be used or applied on food or animal feed, every label shall specify the period to be observed between the application of the pesticide and the safe consumption of the food or feed.

19.—(1) A person shall not advertise any pesticide, except in accordance with section 30 of the Act.

(2) A pesticide advert shall contain the following—

(a) a complete trade name of the pesticide;

(b) description, type or use of the pesticide;

(c) type of formulation of the pesticide;

(d) name and address of the individual or company in whose name the pesticide is registered;

(e) name and address of the agent;

(f) warnings and steps to take to prevent ill effects on beneficial organisms; and

(g) any other information which the Board may require.

Label to bear a colour band

Hazard statement on labels

Terms not to be printed on label

Household pesticides

Residue and time

Advertising

Hazard statement on advertisements

20. The appropriate hazard statements and symbols based on the classification of pesticides in the *Fifth Schedule* shall be prominently included in any printed advertisement.

Puffery or misleading advertisement

21. A person shall not advertise a pesticide product in an exaggerated, extreme or misleading manner.

PART IV—MANUFACTURING, IMPORTATION, EXPORTATION, TRANSPORTATION, SALE, STORAGE, APPLICATION AND PACKAGING OF PESTICIDES

Application for a licence to manufacture or a permit to export or transport pesticides

22.—(1) The manufacturing of pesticides shall be licensed only where the Board is satisfied that the conditions prescribed in section 24 of the Act have been satisfied.

(2) An application for a licence to manufacture or transport a pesticide shall be in Form 3 set out in the *First Schedule*.

(3) A licence to manufacture or transport a pesticide shall be in the form set out in the *Third Schedule*.

(4) Subject to prior informed consent procedure, a person shall not manufacture any pesticide where the Board has rejected consent to import an ingredient of the pesticide.

(5) An application for a licence to export or transport a pesticide shall be in Form 7 set out in the *First Schedule* and the Board shall be furnished with an import permit from the destined country prior to the exportation.

(6) A licence to export or transport a pesticide shall be in form set out in the *Fourth Schedule* and shall be valid for a period of thirty days.

(7) An exporter shall ensure that copies of the stamped export documents are remitted to the Board, within fourteen days after the export.

(8) Where an applicant for a sale licence or storage licence is a body corporate, the applicant shall, through a person or persons duly authorized in that behalf by the body corporate, complete, sign and then submit to the Board, Form 5 set out in the *First Schedule*.

(9) The Board shall furnish the results granting or declining the licence as soon as practicable and in any event, not more than thirty days from the date of submission of the application.

Application for a commercial pesticide applicator's licence

23.—(1) The Board may issue a licence for trained commercial pesticide applicators where it is satisfied that the conditions prescribed in section 26 of the Act have been satisfied.

(2) An application for a commercial pesticide applicator's licence shall be in Form 4 set out in the *First Schedule*.

(3) A commercial applicator's licence shall be in the form set out in the *Fourth Schedule*.

(4) Where an applicant for a commercial applicators licence is a body corporate, the application shall be completed and signed by a person or persons duly authorized in that behalf by the body corporate.

(5) The Board shall furnish the results granting or declining the licence as soon as practicable and in any event, not more than thirty days from the date of submission of the application.

24.—(1) A person who stores pesticides shall ensure that he or she complies with the provisions of section 25A of the Act.

Application  
for a sale or  
storage  
licence

(2) An application for a sale licence or storage licence shall be in Form 5 set out in the *First Schedule*.

25.—(1) In addition to authorizing sale of a pesticide, a sale licence shall authorize the licensee to store the pesticide at the premises specified in the licence.

Additional  
authorization  
to sale  
licence, etc

(2) A storage licence shall authorize the licensee to sell the pesticide whose storage has been authorized by that storage licence.

26. A sale licence or storage licence shall be in the form set out in the *Third Schedule*.

Form of sale  
or storage  
licence

27. A licence under these Regulations shall not be issued to a person, unless the person—

Persons to  
whom licence  
may be issued

(a) is registered under the Business Names Registration Act and he holds a licence issued under the Businesses Licensing Act; or

Cap. 46:02

(b) the person has been exempted from the provisions of the Business Names Registration Act or the Businesses Licensing Act, as the case may be.

Cap. 46:01

28.—(1) A licensee shall, at all times, cause a licence to be displayed in a conspicuous part of the premises.

Display of  
licence, etc

(2) The licensee shall display such other information in a manner as the Registrar may, from time to time, prescribe.

#### PART V—CONTROL OF STOCKPILING, POLLUTION AND SMUGGLING OF PESTICIDES

29.—(1) The Board may issue a ban prescribed in Form 1 set out in the *Sixth Schedule* against importation, or manufacturing, of pesticides in accordance with section 11(2) (f) of the Act.

Temporary  
ban

(2) Any ban made under this regulation may be lifted on application by any interested party in Form 8, set out in the *First Schedule* or may naturally extinguish, if not renewed, at the end of prescribed period of the ban.

(3) Where the Board lifts the ban made pursuant to this regulation, the Board shall issue a notice in Form 2, set out in the *Sixth Schedule*, informing the public of the lifting of the ban.

(4) Any ban or notice under this regulation shall be addressed to any interested party or any organization in whose name the pesticide is registered and shall be published in any local newspaper.

Smuggling  
prevention

30.—(1) The Board shall ensure that smuggled pesticide that has been seized is, accordingly, disposed of at the expense of the person who was involved in the smuggling of the pesticides or the Board shall offer the pesticide for sale to registered agents or repatriated to country of origin by and at the expense of the person involved in the smuggling of the pesticides.

(2) Subject to subregulations (1) hereof, any person who smuggles pesticides into Malawi, commits an offence and shall be liable to a fine of K2,000,000 and in default of payment thereof to imprisonment for twelve months.

Extension of  
shelf life

31.—(1) The Board may alter the expiry date of any pesticide appearing on the label, to a future date, on application by the applicant.

(2) Where the Board alters an expiry date of a pesticide in accordance with subregulation (1), it may at its discretion require the applicant, in this regard, to prove compliance with relevant pesticide quality specifications and the efficacy of the pesticide for the period of extension applied for.

(3) The Board may adopt technical guidelines to specify the condition under which the shelf life of pesticides may be extended.

Declaration  
of stockpiling

32.—(1) The Board may issue importers, agents, manufacturers, vendors or storage facilities a declaration as provided by section 11(2)(h)(f) of the Act, in Form 3 as set out in the *Sixth Schedule*, declaring them as having caused or contributed to the stockpiling of pesticides.

(2) The Board may adopt technical guidelines to specify the conditions under which the stockpiling may be declared.

(3) A person declared to be responsible for stockpiling shall have the responsibility to dispose the pesticides and their containers in an environmentally sound manner as provided by the relevant written law and any other international agreement and such person shall bear the entire cost of such disposal.

(4) The Board may suspend the licence of an operator that has been responsible for stockpiling.

Declaration  
of  
contamination

33.—(1) The Board may issue, against importers, agents, manufacturers, vendors or storage facilities, a declaration as provided by section 11 (2) (h) (i) of the Act, in Form 3 as set out in the *Sixth Schedule*, declaring them as having caused or contributed to cause the contamination of a site with pesticides.

(2) A site may be deemed as contaminated when a relevant pesticide has infiltrated the soil, the groundwater, or it has been carried away by the wind or spread by runoff.

(3) The Board may issue guidelines for the assessment of soil contamination by pesticides that may lead to a declaration of contamination.

(4) A person declared to be responsible for contamination shall have the responsibility to dispose the pesticides and their containers in an environmentally sound manner and shall bear the entire cost of such disposal.

(5) Where the contamination risks causing harm to health or the environment, the Board shall suspend the licence of an operator that has been responsible for contamination and shall order to clean and remediate any pesticide contaminated farms or sites or storage facilities in the manner prescribed by the Minister.

34. The register under section 10 (2) (c) of the Act shall include—

- (a) the trade name, common name and chemical name of the active ingredient;
- (b) the concentration of the active ingredient;
- (c) name and contact details of the registrant;
- (d) name and contact details of agent;
- (e) the uses for which it is registered;
- (f) any restriction to the use of the pesticides;
- (g) the hazard classification of the pesticide; and
- (h) the list of co-formulants.

Pesticides register

#### PART VI—MISCELLANEOUS

35.—(1) A person who contravenes any provision of these Regulations, for which no penalty is specifically provided for, shall be liable to a fine of K2,000,000.

General penalty

(2) The Board may recover any fine that is not paid within a reasonable period by any person as a debt by commencing a civil action in a competent court of law.

36. The fees prescribed in the *Seventh Schedule* shall be payable in respect of the matters specified therein.

Fees

37. The administrative fines prescribed in the *Eighth Schedule* shall be payable in respect of the matters specified therein.

Administrative fines

38. The Pesticides Regulations are revoked.

Revocation  
G.N. 5/2002

## FIRST SCHEDULE

(regs. 3(1), 9(1),  
22(5), 22(8), 23(2),  
24(2) & 29(2))

## FORM I

## APPLICATION FOR REGISTRATION/RE-REGISTRATION OF A PESTICIDE

The Registrar

Pesticides Control Board

P.O. Box 51300

Limbe

Malawi.

1. I/We\* ..... (name of applicant) of .....  
trademark/trademark holder ..... of .....  
(Address of applicant) hereby apply under section 18 of the Pesticides Act for  
registration/ re-registration\* of the pesticide described in paragraphs 2 to 5 to enable the  
pesticide to be imported into\*, or manufactured in \*Malawi.
2. This pesticide has never been registered in Malawi\*/was last registered/ re-registered\*  
by the Pesticides Control Board on ..... with registration  
number.....
3. Addresses of applicant's places of business—
  - (a) .....
  - (b) .....
  - (c) .....
  - (d) .....
4. (This paragraph need only be completed if it is intended that the pesticide will be  
manufactured in Malawi).
  - (a) Name and address of the factory, building or premises at which the pesticide would  
be manufactured—
    - (i) .....
    - (ii) .....
  - (b) (Applicable to a manufacturer only)
  - (c) Nature of intended manufacturing activity—
    - (i) .....
    - (ii) .....

(State whether preparing, compounding, formulating, mixing, making, packing, packaging,  
labelling or treating the pesticide in any other manner with a view to its sale)
5. Names and addresses of premises at which the pesticide would be stored—
  - (a) .....

- .....  
 (b) .....  
 .....
6. Trade name of the pesticide .....
7. Details of all ingredient(s)—
- (a) common name ..... synonyms—
- (b) chemical name(s) .....
- (c) structural formula .....
- (d) purity (g/kg; g/l; etc.) of the pesticide—
- (e) state components and constituent elements (for biopesticides, microbials or botanicals only).....
8. Composition (g/kg; g/l; etc.) of the pesticide—
- | <i>Name</i> | <i>Concentration</i> |
|-------------|----------------------|
| (a) .....   | .....                |
| (b) .....   | .....                |
| (c) .....   | .....                |
| (d) .....   | .....                |
9. Concentration of active ingredient in the pesticide .....
10. Formulation of the pesticide .....
11. Type of pesticides .....
- (fungicide, herbicide, nematicide, viricide, acaricide, growth regulators, insecticide, etc.)
12. Any known downsides of the pesticide .....
- .....  
*(Please attach any supplement material if space is insufficient)*
13. The following toxicological information on the active ingredient/ pesticide as a whole is given in Appendix .....
- (Indicate with a tick).
- (a) Acute toxicity—
- (i) acute oral LD50 (in at least two unrelated species);
- (ii) acute dermal LD50 (with name(s) of test animals);
- (iii) inhalation toxicity; or
- (iv) toxicity to fish, bees and other non-target organisms.
- (b) Sub-acute toxicity studies (90 days);

- (c) Chronic toxicity studies (2 years);
- (d) Poisoning symptoms and antidote statement;
- (e) Protective clothing recommended when handling;
- (f) Safety precautions to be observed in handling, use and storage; and
- (g) Precautions to be observed for the protection of wildlife, livestock and the environment.
14. Residue data on food crops .....
- .....
15. Proposed use (crop, pest, rate and mode of application) .....
- .....
16. Recommended pre-harvest interval so that the residue remaining on the crop at harvest is within acceptable limits .....
- .....
17. The following reports are given in appendix.....  
(Indicate with a tick)—
- (a) efficacy trials supporting proposed uses;
- (b) phytotoxicity of the pesticide;
- (c) residual trials supporting proposed uses; or
- (d) environmental effects following the use of proposed rates.
- 18 (a) Details of net contents and nature of pesticide containers and retail packaging .....
- .....
- (b). Disposal methods for the used container is given in appendix.....
19. Distribution of the pesticide will be throughout Malawi\*/restricted to the following areas\*—
- .....
- (Please specify)
- (This information is required for the purposes of determining the language requirements for the labels) .....
20. Name of agent in Malawi .....
21. Pesticides and formulations with which the pesticide is known to be incompatible .....
- .....
22. The pesticide meets the following specifications (indicate with a tick)—
- (a) FAO specification;
- (b) WHO specification; and
- (c) any other .....
- (Identity of specification)

23. The pesticide has been registered in the country of origin and an authenticated copy of the certificate of registration is attached as Appendix .....\*  
 has not been registered in the country of origin for the following reasons\*

.....  
 .....

(Country)

Particulars

.....  
 .....

24. Particulars of registrations of the pesticide in other countries—

(a) country .....

(i) trade name of pesticide .....

(ii) formulation of pesticide .....

(iii) uses allowed .....

(iv) restrictions (if any) .....

(b) country .....

(i) trade name of pesticide .....

(ii) formulation of pesticides .....

(iii) uses allowed .....

(iv) restrictions (if any).....

(Copy of the certificate attached)

25. I/We\* ..... the applicants, hereby declare that all the information given in this application (which includes the annexes) is to the best of my/our\* knowledge and belief, true and correct.

Dated this ..... day of ....., 20.....

.....  
 (Signature)

.....  
 Name of signatory (printed)

Capacity of signatory (if applicant is not an individual).....  
 (Director/Secretary/duly authorized attorney)

For and on behalf of .....

### PARTICULARS FORM

NOTE: Each form is intended for one pesticide. Any information required, if cannot conveniently be given in the form, may be provided in appendices.

#### 1. Details of pesticides—

(a) product or trade name :.....

(b) common name of active ingredient :.....

(c) code name of active ingredient:.....

(d) type of pesticide (e.g. insecticide, nematicide) :.....

(e) chemical group :.....

(f) type of formulation :.....

(g) percentage of active ingredient :.....

(h) quantity to be manufactured :.....

(i) organization(s) or person(s) for whom manufactured :.....

#### 2. Toxicological information on the pesticide as a whole (stating name/species of test animal)—

(a) acute oral LD50:.....

(b) acute dermal LD50: .....

(c) inhalation toxicity: .....

(d) chronic toxicity: .....

(e) fish toxicity: .....; and

(f) other information: .....

#### 3. Particulars where pesticide is registered in any other country—

(a) country :.....

(b) uses allowed: .....

(c) country of manufacture : .....

(d) source of active ingredient(s).....

(e) country where the pesticide is imported from :.....

4. Particulars where pesticide is being experimented with, or being used in any other country —
- (a) country :.....
- (b) uses allowed (state whether commercial or experimental): .....
5. The experiment with the pesticide will be conducted in :.....
- (State locality) on the following crops/animals :.....

## FORM 4

## APPLICATION FOR A COMMERCIAL APPLICATOR'S LICENCE

(Three copies to be completed)

The Registrar  
Pesticides Control Board  
P.O. Box 51300  
Limbe  
Malawi

1. I/We\* .....of .....  
desiring to apply for gain pesticides belonging to the type/types specified below  
at.....
- (Address of premises) do hereby apply for a Commercial Applicator's Licence under  
section 26 of the Pesticides Act.
2. This application is for .....
- (a) a new licence; and  
(b) renewal of licence.
- Current licence No.: .....
- (Indicate with a tick)
3. Category of licence
- (a) Fumigation  
(b) Domestic  
(c) Field  
(d) Aerial
4. Period of licence: From ..... to ..... (annually)
5. The type of pesticides i/we desire to apply are—
- (a) fumigants ;  
(b) insecticides;  
(c) acaricides;  
(d) nematicides;  
(e) fungicides; and  
(f) herbicides.

6. The intended purpose—

- (a) fumigation of produce;
- (b) field crops;
- (c) household pests;
- (d) termite proofing;
- (e) weed control; and
- (f) Livestock treatment

7. Applicants check list (Tick Appropriate)

- (a) I/We are aware of the beneficial uses and potential effects of the pesticide(s) and the risks involved in using and handling it and I/We are equipped and able to effectively avoid or minimise the risks. Yes..... No.....
- (b) I/We or my/our employees who will be involved in handling or applying the Pesticide(s) have been adequately trained in the safe handling and use of the Pesticides Yes..... No.....
- (c) I/We have the standard equipment and facilities for professionally handling and carrying out the application of pesticides Yes... No...
- (d) I/We have insurance which is adequate to cover any reasonably foreseeable legal liability which the applicant may incur in respect of death, injury or loss arising from the use, transportation or storage of the Pesticide(s) by the applicant. Yes..... No.....
- (e) I/We have the capacity to keep up to date records in connection with the Pesticide(s) Yes..... No.....
- (f) I/We\* also forward a certified copy of Fumigation Competence Certificate No .....whose date of issue is . Yes.....No

7. I/We\* also forward a copy of the bank transfer Notification /cash/cheque to the value of ..... made payable to Pesticide Control Board as the application fee.
