DISPOSIZIONI IN MATERIA DI DISCIPLINA DEI TITOLI DEI METALLI PREZIOSI

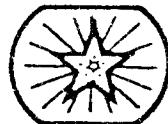

A norma della legge vigente in Italia in materia di disciplina dei Titoli dei metalli preziosi (legge 5 febbraio 1934, n. 305), tra l'altro, sui metalli preziosi, greggi o lavorati, anche di importazione, deve essere apposto, a cura dei commercianti e dei fabbricanti interessati, uno speciale contrassegno, detto «marchio del produttore».

Nella tabella contenuta nella pagina seguente sono rappresentati tali contrassegni, che vengono impressi mediante oppositi punzoni forniti dalla Zecca, e sono attribuiti dagli uffici provinciali metrici e del saggio, competenti per territorio, ai singoli commercianti o fabbricanti che ne facciano richiesta. I contrassegni sono costituiti dalla sigla della rispettiva provincia (corrispondente a quella automobilistica) e da un numero (corrispondente al numero progressivo di iscrizione, assegnato dallo stesso Ufficio alla Ditta richiedente, risultante da apposito registro), il tutto contenuto in un contorno a forma di losanga tronca ai due angoli acuti opposti.

DESCRIPTION OF THE INMARSAT EMBLEM

The emblem of INMARSAT is composed of a symbol and a logogram.

The symbol is in the form of a highly stylized circle symbolizing the earth, and consisting of a lower section symbolizing the land, a middle section symbolizing the sea, and an upper section symbolizing, on the right side, a smaller wave and, on the left side, a larger wave, the latter reaching towards a symbolized satellite that delimits the upper right portion of the symbol. The logogram is a specific graphic form given to the official abbreviation "INMARSAT", located adjacent to the symbolized satellite in the upper right corner of the symbol, and using a Standard Helvetica Medium Typeface.

It is equally important that the integrity of the symbol and the logogram be maintained. They should not be deformed or distorted in any way, nor should any graphic element be used with them in such a way that it would appear to be part of the element. Plenty of space should be provided around the symbol and the logogram in order to ensure prominence.

SCHEDULE 8
REPÚBLICA DE CUBA
BANDERA DE CARLOS MANUEL DE CÉSPEDES

Es el símbolo que consagra la fecha del 10 de Octubre de 1868, izada por Carlos Manuel de Céspedes, Padre de la Patria, al iniciar la Guerra de los Diez Años por la independencia de Cuba. La Ley No. 42 de 27 de diciembre de 1983, de la Asamblea Nacional del Poder Popular, la define y reconoce como un símbolo patrio.

Descripción del diseño: Consiste en una figura que representa una bandera. Está dividida longitudinalmente, en dos campos de igual altura: el superior, que a su vez se divide en dos rectángulos; uno rojo --el más próximo al asta--, cuya longitud se define por la proporción áurea; y el otro blanco. En el centro del rectángulo rojo lleva una estrella blanca de cinco puntas inscripta en una circunferencia imaginaria de diámetro igual a la tercera parte de la latitud de la bandera, una de cuyas puntas está orientada hacia el borde libre superior de la misma. El campo inferior es azul turquí en toda su extensión.

REPUBLIC OF CUBA
CARLOS MANUEL DE CESPEDES BANNER

This is the symbol that commemorates the 10th of October of 1868; it was hoisted by Carlos Manuel de Céspedes, the Father of the Homeland, to begin the Ten-Year War for the independence of Cuba. Law 42, of December 27, 1983, passed by the National Assembly of People's Power, defines and recognizes it as a patriotic symbol.

Description of the design: It is in the shape of a flag, divided along its length into two equal parts. The upper one is in turn divided into two rectangles, one --the one closest to the pole-- is red and its length is determined by the golden section; the other is white. In the center of the red rectangle is a white five-pointed star drawn within an imaginary circumference whose diameter is equal to one-third of the latitude of the banner. One of the points of the star is oriented toward the free upper border of the banner. The entire lower field is dark blue.

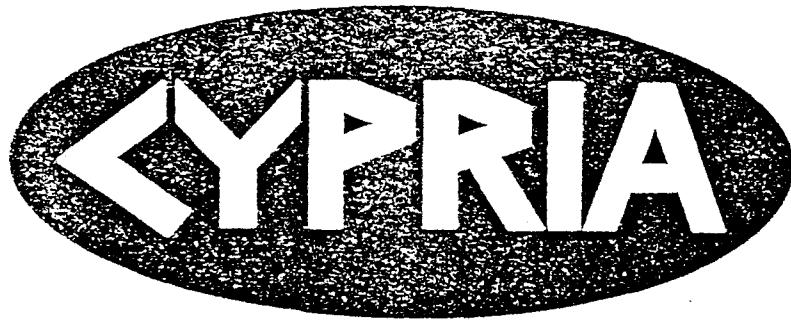

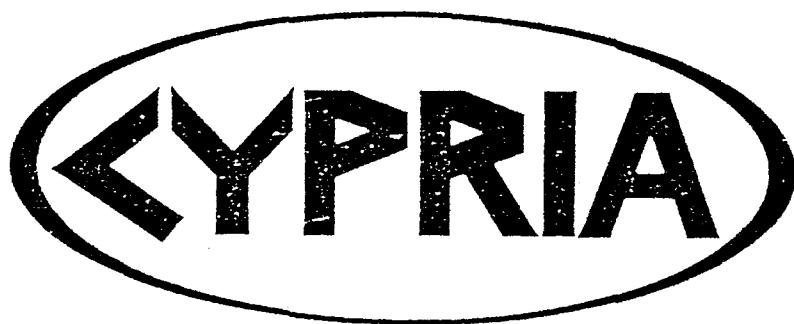

RÉPUBLIQUE DE CUBA
DRAPEAU DE CARLOS MANUEL DE CÉSPEDES

Symbol qui consacre la date du 10 octobre 1868, il a été hissé par Carlos Manuel de Céspedes, le Père de la Patrie, au début de la guerre de Dix Ans pour l'indépendance de Cuba. Ce drapeau a été défini et reconnu comme un symbole de la patrie par la Loi 42, du 27 décembre 1983, de l'Assemblée nationale du pouvoir populaire.

Description du dessin: Il consiste en une figure qui représente un drapeau. Celui-ci est divisé dans sa longueur en deux champs de même hauteur: le supérieur, est divisé à son tour en deux rectangles, l'un rouge --le plus proche de la hampe-- dont la longueur est définie par le nombre d'or, et l'autre blanc. Au centre du rectangle rouge, on trouve une étoile blanche à cinq pointes inscrite dans un cercle imaginaire de diamètre égal au tiers de la largeur du drapeau et dont l'une des pointes est orientée vers le bord libre supérieur de celui-ci. Le champ inférieur est entièrement bleu turquoise.
