#### Government Notice No. 1709

CLAIMS AGAINST THE FORMER GREMAN REICH

Persons who have claims against the former German Reich (including claims in respect of bonded ar other debts) which have not been eligible for settlement under Federal German municipal legislation in force before 1958 or under the Agreement of 1953 on German External Debts are reminded of the entry into force in the Federal Republic of Germany on 1st January, 1958 of the Allgemeines Kriegsfolgengesetz (General Law on Consequences of the War) (AKFG). This provides for the settlement of certain claims against the former Reich, the Reichsbahn, the Reichspost, the former State of Prussia and the Reichsautobahnen, and requires that all claims shall be submitted as soon as possible and not later than 31st December, 1958.

2. The German text of the law may be purchased from Bundesanzeiger-Veriag G. m. b. H. Bonn, or from Interbook Limited, 12 Fitzroy Street, London, W.1.-If in doubt claimants are advised to consult a lawyer practising in German Law.

3. The AKFG does not deal with or affect claims regulated by other laws of the Federal Republic, or its Lander, of the Combined Economic Area or of the Occupation Powers, nor will claims be settled under it which are 'deferred under Article 5 (2), read in conjunction with Annex VIII, of the London Agreement of 27th. February, 1953 on German External Debts (Command 8781 : HMSO, price 3s net). The Law itself also specifies categories of claims, notably those arising from reparations and restitutions measures, the settlement of which is reserved for future German legislation.

4. Subject to the reservations in the preceding paragraph, the AKEG purports to extinguish, at German municipal law, claims not covered by its provisions for settlement. This however, expressly, does not preclude any further legislative settlement of claims not capable of settlement under the terma of the AKFG to the extent that experience of the AKFG's application may show this to be necessary. Further, the law provides that claims submitted within the time limit by foreign claimants and stateless persons outside the Federal Republic may be tested in German courts for validity at German municipal law before entry into force of the AKFG.

5. As it may be difficult for claimants to be sure whether or not their claims are eligible for settlement under this Law or for testing in the courts it is advisable in any case of doubt to submit requests for settlement of claims against the Reich or its agencies not later than 31st December, 1958 in order to safeguard-the right of asserting them, though there cannot, of course, be any guarantee that such action will secure settlement.

6. Application forms and information concerning bonded debts are being made available to banks in the United Kingdom or, in case of difficulty, may be obtained from the German Securities Agency, 23 College Hill, E.C.4.

7. Other claims should be made by letter to the Oberfinanzdirektion at Cologne, Federal Republic of Germany, and be accompanied by full supporting information.

8. Applicants should note that claims other than in respect of bonded debts submitted by foreign claimants will not result in payment before 1st January, 1961.

9. The AKFG is a measure of Federal German municipal legislation, not a matter of international law. Claimants should therefore deal direct with the competent German authorities (according to the instructions connected with the application forms in the case of bonded debts and, in the case of other claims, the Oberfinanzdirektion at Cologne), and not with any department of Her Majesty's Government. It is advisable to retain copies of relevant correspondence.

#### Government Notice No. 1712

#### H.M. CUSTOMS AND EXCISE NOTICE TO IMPORTERS AND AGENTS

This notice is issued under the authority of the Comptroller of Customs and Excise and cancels Federal Government Notice No. 1684 of 1958. It deals with the general invoicing requirements for goods imported for consumption in Nigeria and in particular the special procedure under Federal Government Notice No. 1467 to be followed in respect of Trade Goods liable to a duty ad valorem.

2. Value.—The value for duty purposes is defined in section 20 of Cap. 48. It is the price which an importer would pay for the goods on a purchase in the open market at the time of importation, if the goods were delivered to him, at the port of importation, freight, insurance, commission and all other costs, charges and expenses incidental to making the contract of sale and the delivery of the goods at such port having been paid (except any duties of Customs payable in Nigeria and any allowable discounts, we paragraph 6).

3. Trade Discount—is the freely available discount normally given when goods are consigned to a merchant for resale.
