2. Applicants will be required to produce evidence that they are likely to be able to fulfil the minimum conditions set out in the following paragraphs, which are based on:—

- (a) the normal functions which a licensed buying agent is required to perform;

(b) ability to purchase and handle a minimum purchase requirement of 0.25 per cent (*i.e.*, one-four hundredth) of an average crop. This is felt to be the lowest possible figure of purchases compatible with orderly marketing and is taken as a quantity of 250 tons for an average season;

(c) average conditions as regards storage, evacuation, etc., ruling in past seasons.

3. *Functions of Licensed Buying Agents.*—The main functions which licensed buying agents will be required to perform on behalf of the Board are:—

(c) to finance purchases and provide suitable storage until the time of shipment;

(d) to make returns of purchases and stocks as the Board or its duly authorised executive may require;

(e) to arrange for approved conveyance to port and for shipment in accordance with shipping instructions given by the Nigerian Produce Marketing Company Limited or its duly authorised executive;

The minimum capital requirement based on the 1958-59 season producer price is £9,000. This minimum capital requirement may however be adjusted in proportion to any increase or decrease in

the producer price of cocoa announced by the Board before the opening of the 1959-60 cocoa season and any such alteration will be taken into account in assessing an applicant's ability to finance purchases;

(d) *Storage.*—Applicants must be able to provide evidence that they have available in their proposed areas of operation proper storage to cover at least a hundred tons of cocoa, and adequate port storage where appropriate;

All stores must comply with the requirements of, and be approved by, the Western Regional Produce Inspection Service. It is the responsibility of the applicant to request, in writing, the Produce Officer of the area concerned to inspect and approve his stores.
