TRAINING IN DATA PROCESSING

POPULATION CENSUS, 1962

The next population census of Nigeria is to be held in May of 1962 and all the results will be processed on IBM data processing equipment. The planning and control of the work of these machines and, in particular, the wiring of the panels which control them, is highly specialised work and the Federal Census Office are proposing to send a number of suitably qualified Nigerians on a nine months' course of instruction in the United States under the auspices of the International Co-operation Administration and the United States Bureau of Census. The course will cover a general introduction to data processing, including the operation and wiring of machines, a course in procedure writing and practical experience in data processing work. The course will commence on the 1st February, 1962.

Candidates for this course of training should have attained at least intermediate degree standard, preferably in a scientific subject, and graduates in mathematics will be considered particularly suitable. The principal quality required for work of this nature is ability to think logically and all suitable applicants will be required to take an aptitude test designed to indicate whether they possess this quality.

Suitably qualified persons who wish to be considered for this course of training should apply in writing to the Federal Census Officer, P.M.B. 2622, Lagos, by the 15th August giving personal particulars including name, age, marital status, educational qualifications, employment past and present and the names of three persons who can speak as to the applicant's ability and personal character.

ADMISSION INTO THE FEDERAL EMERGENCY SCIENCE SCHOOL IN 1962

Applications are invited from suitably qualified Nigerians for admission into the Federal Emergency Science School in January 1962, for a two-year course leading to the General Certificate of Education (Advanced Level) in Science Subjects.

Qualifications.—(i) Candidates must have passed the West African School Certificate Examination or the Cambridge School Certificate Examination in Grade I or II and obtained credits in English Language, Elementary Mathematics and two of the following science subjects:

Physics, Chemistry, Biology, Physics-with-Chemistry, Additional Mathematics or Mechanics.

(ii) The General Certificate of Education examination at Ordinary Level with a pass in English Language, Elementary Mathematics and at least two of the subjects mentioned above at one sitting, will also be accepted.

(iii) Girls who are still at school and who will be sitting for the West African School Certificate Examination in December 1961, and offering English Language, Elementary Mathematics and any two of the science subjects listed in (i) above may apply through the Principals of their Schools. Only the applications of those who in the judgment of Principals are capable of doing sixth form work should be forwarded.

(iv) NORTHERN STUDENTS who are still at school and who will be sitting for the West African School Certificate Examination in December 1961, and offering English Language, Elementary Mathematics and any two of the Science subjects listed in (i) above will be accepted for admission provided that they are recommended by the Northern Regional Ministry of Education in consequence of their performance at the Regional Sixth Form Entrance Examination.

Conditions governing admission.—Candidates will be accepted on the basis of their academic qualifications and the result of personal interviews. A selected candidate will be required to pass a medical examination, enter into a bond to abide by the regulations governing the Federal Emergency Science School,

and pursue courses of studies leading to qualifications required for posts in the Federal Public Service or any other organisation Government may stipulate. Government will also require candidates to enter into a bond to serve for a period of years after completing their training.

Evening Classes.—A limited number of places will be available for fee-paying students in the Evening Classes leading to General Certificate of Education (Advanced and Ordinary) Level.

Method of application.—Application forms can be obtained from the Senior Lecturer-in-Charge, Federal Emergency Science School, Onikan, Lagos and must be returned to him not later than Saturday, the 14th of October, 1961.

Applications from candidates in Government Service, Statutory Corporations, Voluntary Agencies, or Commercial Houses must be submitted through the Heads of the applicants' Departments and be accompanied by Confidential Reports as to the candidates' suitability. Others must submit their application accompanied by Reports from the Headmaster or Principal of the last School attended.

Northern students qualifying under paragraph (iv) above will be recommended by the Northern Regional Ministry of Education for admission and need not apply to the Senior Lecturer-in-Charge for forms.
