Government Notice No. 1681

PAYMENT OF WATER RATE

The attention of the public is drawn to the Water Works Ordinance 1958, in particular to sections 9 and 10, Chapter 213 thereof, regarding liability for payment of water rate.

The owner and/or occupier of every tenement not exempt from water rate is liable to the Water Authority for payment of general water rate assessed on the capital, annual or unimproved value of such tenements. In the absence of any agreement to the contrary, the liability falls on the owner of the tenement; and the amount thereof, if paid by the occupier, may be recovered by him from the owner in an action for money paid to his use, or may be deducted from any rent due or to become due in respect of the tenement.

The public is reminded that the Water Authority may, without prejudice to his right to take legal proceedings to recover rate, cut off water supply to any tenement as a result of failure to pay rate.

The existing practice of giving notices and warnings through monthly water rate bills to defaulters prior to the imposition of the prescribed penalty is an act of grace designed for the convenience of consumers.

The attention of all consumers is drawn to these provisions of the law which are not new and consumers are urged to pay their rates promptly and without fail and so avoid the inconvenience of shutting off the supply and the expense of re-connection.

S. O. WILLIAMS,
Acting Director of Federal Public Works,
Water Authority
