TRAINING OF NIGERIANS AS COMMERCIAL PILOTS

The Federal Government invites applications from suitably qualified young men to train as commercial pilots and to take their place in Nigeria's developing civil aviation. To be eligible for training under this scheme, candidates must be aged between 17 and 25 years, unmarried, and hold the West African School Certificate (or equivalent), with credits in English Language and Mathematics; candidates with higher educational qualifications will receive preference. A high standard of physical fitness is essential.

2. An initial training course of about six months' duration will be held at the Flying School near Lagos, during which successful candidates will be paid a salary or allowances of £28 per month and provided with uniform and flying clothing. They will, however, have to make their own arrangements for board and lodging.

3. On completion of the initial training course, successful candidates may qualify for the Private Pilot's Licence, and the more outstanding pupils will be eligible for selection for further training overseas, the successful completion of which would make them eligible for the Commercial Pilot's Licence. During this advanced training the Federal Government's scholarship rates will be paid, together with all the usual allowances.

4. Successful candidates returning to Nigeria with Commercial Licences may be offered appointment with Nigeria Airways, but there may also be opportunities for employment in the Northern Region Communications Flight, and with Nigerian non-scheduled operators. Holders of Commercial Licences appointed to Nigeria Airways would begin their careers as Second Officers, and with experience, would be required to gain higher qualifications, making them eligible for promotion, ultimately to the responsibility of having their own command. Somewhat similar arrangements would apply to those taking up other air crew appointments.

5. Candidates holding the requisite educational qualifications should apply immediately by letter, addressed to the Chief Flying Instructor, Nigerian Federal Flying School, c/o Ministry of Transport and Aviation, Aviation Division, Private Mail Bag 12518, Lagos, giving the following information only :—

- (vi) Present employment
- (vii) A statement as to whether or not the candidate will be free to undergo aptitude testing which will last approximately 3 to 4 weeks, and if selected, to start initial training about 1st May, 1963.

6. Candidates who appear to be prima facie qualified will be sent a formal application form, together with instructions about undergoing medical examination. Those who are selected for interview on the basis of their records will receive further instructions about the date and place of such interview.

7. The closing date for the receipt of applications is 18th April, 1963. *Government Notice No. 454*

NOTICE

Registration with the Federal Works Registration Board as a Government contractor does not place the Board under any obligation whatsoever to find work for contractors.

It is the responsibility of individual contractors to find jobs not necessarily from within the Ministry of Works and Surveys.

Award of contracts to contractors depends, among other things, on availability of jobs. When jobs are available, contractors are invited in rotation in the appropriate category.

Certificate of Registration given to contractors by the Federal Works Registration Board is an evidence of recognition that the contractor is capable of executing jobs up to the value of the category as the certificate may indicate.

R. E. ERUNSE,
Secretary,
Federal Works Registration Board,
Federal Ministry of Works and Surveys

3. The number of awards to be made in each field of study or training will be determined in the light of the anticipated needs of the Federal Public Service, the Federal Statutory Corporations and the general economic development of Nigeria as determined by the National Manpower Board.

4. The majority of these awards are open to candidates from all parts of the Federation, but a certain number will be reserved for candidates from Northern Nigeria, Niger Delta Special Area and the Federal Territory of Nigeria. Candidates, who are eligible and intend to apply for the latter awards at a later date, are free to apply for the open awards as well.

5. Candidates should not assume that scholarships will cover all costs of study or training, though in all cases they will cover tuition fees.

6. Candidates are advised to acquaint themselves with the conditions of admission to the Courses of study or training they wish to take up and ensure that they hold the necessary academic qualifications. The following points should be noted :—

(a) *for university degree courses.*—the qualifications required are the General Certificate of Education at Advanced Level or the Higher School Certificate at Principal Level in subjects appropriate to the intended course of study, in addition to evidence of a general education to the level of the West African School Certificate, Grade II or its equivalent ;

(b) *for non-university courses.*—West African School Certificate or an equivalent qualification obtained through the General Certificate of Education at Ordinary Level or officially recognised examinations in subjects related to the proposed course of study.

7. Candidates wishing to study subjects available in Nigerian and West African institutions of higher learning and training should, in addition to submitting their scholarship applications, apply for admission direct to the institutions of their choice. Candidates will be required to produce evidence of admission before their applications for scholarships are finally considered, but no assurance of an award can be given to every applicant who has obtained entry to an institution of learning.

8. In those cases where it appears to the Federal Scholarships' Advisory Board that places for courses of study or training are not available in Nigeria or West Africa, arrangements will, at the Board's discretion, be made to place successful candidates in overseas institutions. This will be done primarily by the utilisation of scholarship offers from foreign governments and institutions and from international organisations. However, applicants for courses marked "Overseas" in paragraph 2 above are also advised to apply for provisional admission to institutions of their choice through the Students Advisory Committee of the Federal Ministry of Education.

9. The particular attention of candidates who wish to apply from abroad is drawn to paragraph 2 above. They will not be awarded scholarships tenable abroad, if study or training in their chosen fields can be pursued in West Africa. Such candidates are therefore advised to apply promptly for admission to Nigerian institutions of learning. If offered a scholarship tenable in West Africa, they will be required to return to West Africa at their own expense.

10. *Other Qualifications required.*—(a) Applications for scholarships may be submitted by candidates of either sex who are Nigerian citizens and who are under 30 years of age on 1st January, 1963.

(b) Successful candidates will be required to pass a medical examination of fitness which will include a tuberculin test and an X-ray examination of the chest.

11. *Bonding.*—Successful candidates will be required to sign a bond to serve the Federation of Nigeria in any capacity approved by the Federal Government.

12. *Application Forms.*—Scholarship application forms are obtainable from:—

- (a) The Federal Ministry of Education, Lagos;
- (b) The Secretary, Northern Nigeria Scholarship Board, Kaduna;
- (c) The Secretary, Eastern Nigeria Scholarship Board, Enugu;
- (d) The Secretary, Western Nigeria Scholarship Board, Ibadan;
- (e) All Nigerian High Commissions, Embassies and Consulates abroad;
- (f) The Academic Registrars of all Nigerian Universities.

Candidates who want application forms to be sent to them by post from the Federal Ministry of Education, Lagos, should attach a self-addressed envelope marked "SCHOLARSHIPS F.G. 1963" in the left hand corner while applying for the forms.
