FEDERAL GOVERNMENT SCHOLARSHIPS  
ADVISORY BOARDFOR UNDER-GRADUATE STUDIES  
AND TECHNICAL TRAINING, 1965:  
SUPPLEMENTARY NOTICE

In order to give prospective applicants a clear picture of the Government's relevant priorities for the award of scholarships in 1965, below is a detailed schedule showing the number of awards which are likely to be made in each particular field. The purpose of this publication is to afford prospective applicants a complete picture of the needs of the Government in order to avoid the tendency for having too many applicants for awards in a few areas by candidates who could qualify for scholarships in other more desirable fields. In the final analysis the number of awards in a particular field may be slightly less, if suitable candidates are not available. The Board may also increase very slightly the awards in other fields if they feel it necessary.
