MINISTRY OF EDUCATION

REBATE ON STUDENTS AIR PASSAGE

It is notified for general information that the Nigeria Airways in consultation with the Federal Ministry of Education is prepared to make a concessional rebate of 35 per cent on their air passage between Nigeria and Britain to students during the peak period of student departures to Britain for courses of studies. This period is from 1st of June to 30th September.

2. To be entitled to this rebate, a student MUST be a government scholar, *i.e.*, one who has been awarded a government scholarship to study overseas, or a government sponsored student, *i.e.*, one who has been recommended to study overseas by either the Federal or any of the Regional Students Advisory Committee. Students when presenting themselves for air rebate forms must produce evidence that they belong to one or the other of these categories.

3. The rebate form issued to a student must be handed to the Nigeria Airways. On no account should the form be made available to any other Airlines.

4. Students are also warned against the activities of some unscrupulous Travel Agents who elect to book students' passage for them. Experience of the past years has revealed that some students have had their flights deferred to the embarrassment of those students and their relations because Travel Agents failed to book their passage according to the schedule. It will, therefore, be in their interest if students collect the rebate forms themselves and book their passage direct with the Nigeria Airways.

As will be observed, the majority of the above courses are tenable in Nigerian Institutions. The Scholarship Board exercises discretion in determining the place of study in a few cases where this has not been specifically indicated.

3. The number of awards in each field of study or training will be governed by the anticipated needs of the Federal Public Service, the Federal Statutory Corporations and generally Nigeria's manpower requirements in the various fields, with appropriate scales of priority.

4. *Value of Awards.*—Scholarships will not necessarily cover all costs of study or training, but in all cases it will cover at least the tuition fees. The present values of awards, which are subject to revision in the light of experience, are as follows :—

(a) Nigerian Universities and Institutions of higher learning	.. .. .	£160 per student per annum.
(b) United Kingdom and Europe	.. .. .	£360 per student per annum.
(c) United States and Canada	.. .. .	£576 per student per annum.

5. Candidates are advised to acquaint themselves with the conditions of admission to courses of study or training which they wish to undertake in order to ensure that they hold the requisite academic qualifications.

The following points should be noted :—

(a) *For University Degree Courses.*—The qualifications required are the General Certificate of Education at Advanced Level or the Higher School Certificate at Principal Level in subjects appropriate to the intended courses of study, in addition to evidence of a general education to the level of the West African School Certificate, Grade II or its equivalent.

(b) *For Non-University Degree Courses.*—West African School Certificate or equivalent qualifications obtained through the General Certificate of Education at Ordinary Level or officially recognised examinations in subjects related to the proposed course of study.

6. In addition to submitting scholarship applications, candidates are expected to apply for admission direct to institutions of their choice. This applies in particular to candidates wishing to study subjects available in Nigeria and West African institutions of higher learning. Applicants for courses tenable overseas are also advised in their own interest to apply for provisional admission to institutions of their choice. Where they fail, successful candidates will be assisted by the Ministry in securing admissions. Candidates should generally acquaint themselves with the conditions of admission to their courses of study. In the case of successful candidates who produce evidence of admission to overseas institutions, the Scholarship Board normally confirm such admission through the appropriate Nigeria High Commission or Embassy in the country concerned.

7. In cases where courses of study are not available in Nigeria or West Africa, arrangements will be made, at the Board's discretion, to place successful candidates in overseas institutions. This will be done primarily by the utilisation of scholarship offers from foreign governments and institutions, and from international organisations.

8. It is necessary to draw the special attention of candidates who wish to apply from outside West Africa to paragraph 2 above. They will not be awarded scholarships tenable abroad, if study or training in their chosen fields can be pursued in Nigerian or West African institutions. Such candidates are therefore advised to apply promptly for admission to Nigerian or West African institutions of higher learning. If offered scholarships tenable in Nigeria or West Africa, they will be normally required to return to Nigeria or West Africa, at their own expense.

9. *Other qualifications required.*—(a) Applications for scholarships may be submitted by candidates of either sex who are Nigerian citizens and who are under 30 years of age on 1st January, 1966.

(b) Successful candidates will be required to pass a medical examination of fitness which will include a tuberculin test and an X-Ray examination of chest.
