UNESCO VACANCY

SPECIAL FUND APPOINTMENT

1. *Title of post.*—Expert in Land Survey (Geodesy)

2. *Location.*—Faculty of Engineering, University College, Nairobi, Kenya.

3. *Background and functions.*—The Government of Kenya is implementing a programme of expansion and improvement of its educational facilities for the training of professional engineers to meet the manpower requirements of economic and social development in Kenya and the countries of East Africa. In this connection, the University College, Nairobi, trains university-level professional engineers.

The College is one of the three Colleges forming the University of East Africa and now has the following Faculties:

Faculty of Arts	Faculty of Engineering
Faculty of Arts and Architecture	Faculty of Science
Faculty of Commerce	Faculty of Veterinary Medicine
Faculty of Education	Faculty of Medicine
Institute of Development Studies	Faculty of Agriculture

The United Nations Special Fund has provided assistance to the Faculty of Engineering during the period 1963-1968 and supplementary assistance is being provided until December 1971.

The Faculty offers full-time courses in:

Civil Engineering	Mechanical Engineering
Electrical Engineering	Land Survey

The duration of the initial courses leading to the B.Sc. degree in Land Survey is three and one-third years. There are facilities for research leading to the M.Sc. and Ph.D. degrees.

The planned student-intake into the Faculty in 1969 is 180 undergraduates, of whom about 20 will be in the Department of Land Survey.

UNESCO is the Executing Agency for this Project which provides part of the staff of the Faculty and also assists in planning teaching programmes in various specialities, in selecting equipment, and in teaching and research. UNESCO provides a team of seven international experts, offers twenty-seven man-years of fellowships to enable local staff to study teaching programmes and facilities abroad or to make special status in East Africa, and also provides funds for equipment.

During the period 1963-1968 over \$300,000 have been provided for equipment. In the period 1968-1971, only about \$60,000 will be spent on equipment as the Faculty is now well-equipped having funds from many sources. In this period funds have been allocated to train local East-Africans by means of local and overseas fellowships. The UNESCO experts will help to select these people, to devise training programmes and to see that they are implemented.

The experts are as follows:

- One expert in Electrical Engineering (Power)
- One expert in Civil Engineering (Soil Mechanics)
- One expert in Electrical Engineering (Communications)
- One expert in Agricultural Engineering
- One expert in Land Survey
- One expert in Mechanical Engineering
- One expert in Civil Engineering (Public Health Engineering)

The expert in Land Survey will be expected *inter alia*:

(a) to examine the existing equipment and the curricula of the source of Land Survey and allied subjects and draw up proposals to improve them to meet the objectives of the project;

(b) to supervise the installation of Special Fund equipment;

(c) to train local counterpart teaching personnel who will continue the programme initiated herein;

(d) to teach subjects and conduct research in the field of the geodetic sciences in the class-room, laboratory and field.

4. *Qualifications.*—Post-graduate degree in one of the geodetic sciences. Several years' professional experience and/or of research in the geodetic sciences is required. Lecturing experience in a university would be an advantage.

5. *Language requirements.*—Excellent command of English and ability to give lectures in the language.

6. *Duration of appointment.*—2 years from August 1969.

7. *International salary and allowances.*—(Net of national income tax—payable partly in the currency of the staff member's home or of the duty station).
