FOOTNOTE :

This register is compiled from applications received from registered contractors in furtherance of the Federal Military Government's decision to compile a new register in accordance with the new rules for registration approved in 1968 and notified for general information under Government Notice No. 926 published in the Federal Official Gazette No. 50 Vol. 55 of the 4th of July, 1968. Due to lack of communications, it was not possible to consider applications from the three Eastern States. For the time being therefore, contractors based in these states will continue to use their old registration numbers until they are reclassified under the new rules.

Due to slow response from many contractors, and to communication difficulties, it has not been possible to complete the process of registration. This register will however become operative from 1-4-70, and will be enlarged as appropriate from time to time until the process of re-registration is completed.

Enquiries regarding the new register shall be addressed under registered cover to the Secretary, Federal Works Registration Board, Federal Ministry of Works and Housing, Lagos.
