Government Notice No. 47

Nigerian Standards Organisation Decree, 1971

(1971 No. 56)

CERTIFICATION MARK

For purposes of section 10 (1) of the Nigerian Standards Organisation Decree 1971, the Nigerian Standards Council has approved the following design as the Certification Mark for products conforming to Nigerian Industrial Standards:

Consumers and users of products for which Nigerian Industrial Standards have been established are hereby warned against the use of products which do not carry the Certification Mark since such products do not have any guarantee of quality.

Manufacturers should apply for the Certification Mark through the Director, Nigerian Standards Organisation, Federal Ministry of Industries, 11 Kofo Abayomi Road, Victoria Island, Lagos.

A. L. CIROMA,
Chairman,
Nigerian Standards Council,
Federal Ministry of Industries,
Lagos

Government Notice No. 48

The Minerals Act (Cap. 121)

APPLICATION TO CONSTRUCT A LEAT

Notice is hereby given that, under the provisions of the above Act, application (A.I.M. Northern Inspectorate's Memo No. WL.1320/5 dated 7th March, 1972 (Jos Division)) has been made by the Ex-Lands Nigeria Limited to construct a leat on such land as may be required for the conveyance of Water not exceeding 7 cubic feet per second starting from a point of intake on A.W.L. 1305 at CB.3 of ML.10716 one of the leases to be served and runs in the North-Easterly direction through D. K. Ejukorlem's AEPL. 10488 and A.T.M.N. Ltd.'s ML. 16777 for a distance of 2,700 feet, terminating at a point on line CB.2—LN of MN 16777 distance 400 feet at a bearing of 68°51'.

This Water Licence (No.1320) is required to serve Mining Leases Nos. 10433 and 10716.

2. The application for Water Licence is situated in Gashish District of the Jos Division (Mines Sheet DRE-II/F.4).

3. Any objection to the grant of this water licence should be lodged with the Permanent Secretary, Ministry of Land and Survey, Benue-Plateau State.

Government Notice No. 49

Government Notice No. 40 (2nd publication)

MINISTRY OF COMMUNICATIONS
INVITATION TO TENDERS

ORON - EKET MAIL CONTRACT

Tenders are invited by the Permanent Secretary, Ministry of Communications, for the conveyance of mails by Motor Transport in each direction between Oron and Eket and such other intermediate places on the route as may be nominated by the Permanent Secretary. The contract will commence on 14th February, 1973, and operate for a period of two years with an option of extension for a further period of one year.

2. Mails will be required to be conveyed on such days and at such times as may be appointed in writing from time to time by the Permanent Secretary or his officers.

3. The average volume and the weight of mails to be conveyed on each journey as at present are:—

(a) Outward : Oron—Eket

4 bags weighing not more than 180 lbs.

(b) Inward : Eket—Oron

4 bags weighing not more than 180 lbs.

4. Tenders should be enclosed in sealed envelopes marked "Confidential Tender for Mails Oron—Eket" and forward by Registered post to the Territorial Controller, Ministry of Communications, Posts and Telecommunications Department, Calabar, to reach him latest by 12 noon on Monday, 22nd of January, 1973.

5. No tenders will be accepted unless they are submitted in full compliance with the provisions of this notice.

6. The successful tenderer will be required to accept the conditions concerning the payment of "FAIR WAGES" as set out in the appendix to Government Circular No. 57/1946 of 30th August, 1946, a copy of which may be obtained on application to the Postmasters enroute Oron-Eket.

7. Further information may also be obtained on application to the Territorial Controller, Ministry of Communications, Posts and Telecommunications Department, Calabar.

8. The Permanent Secretary, Ministry of Communications, does not undertake to accept the lowest or any tender.

Permanent Secretary,
Ministry of Communications

Government Notice No. 41 (2nd publication)

FEDERAL MINISTRY OF INFORMATION

TENDER FOR THE SALE OF
DEPARTMENTAL VEHICLES, MACHINES
AND OTHER INSTRUMENTS

Tenders are invited for the sale of the under-mentioned Departmental Vehicles, Machines and the other instruments.

Tenderers should apply to the Secretary, Departmental Tenders Board, Federal Ministry of Information, Independence Building, Lagos.

The first vehicle can be inspected at the Federal Ministry of Information, Conference Visitor's Unit, Obalende. The last two vehicles can be checked with the Federal Ministry of Information, Film Unit, Ikoyi. The machines and the other instruments can be checked with Mr A. O. Ogunsanya, Engineering Section, Government Press, Yakubu Gowon Street, Lagos. Inspection should be during office hours on week days.

Tenders should be forwarded under Confidential Cover and should specify the identification mark of the vehicles in respect of which the tender is made. All tenders should be deposited in a tender Box at Room 103, Independence Building, Tafawa Balewa Square not later than four weeks.

The Board is not bound to accept any tender and its decision shall be final and binding for the purpose of this tender.

Government Notice No. 59

**ANNOUNCEMENT OF FIELD POST VACANCY IN THE
FOOD AND AGRICULTURE ORGANIZATION
OF THE UNITED NATIONS**

Post title (Post No., Project).—DEVELOPMENT ADVISER TF/AFG. 6—Project on Agricultural Credit and related Services through Co-operatives in Afghanistan (Phase II).

Vacancy announcement.—No. 941-ESR-39.

Date issued.—20th December, 1972.

Closing date.—14th February, 1973.

Duty station.—Kabul (Kohdaman Devel. Centre).

Duration.—48 months (initial appointment for one year).

Starting date.—As soon as possible.

Background.—The emphasis on the second phase of the project is a more balanced organization and management of government services at all administrative levels especially on the development of co-operatives. The project operation will be carried out primarily at four locations, Kabul, Badam Bagh, Kohdaman, Baghlan.

Duties.—Generate, develop, plan, implement and co-ordinate activities which will benefit the Development Centre and Training Institute. In collaboration with the national Director of the Development Centre, evaluate regularly the work carried out in the Centre as well as the surrounding pilot areas. Carry out teaching responsibilities at the Training Institute. Prepare and submit proposals for a co-operative structure for credit, supply of inputs and marketing within the pilot area.

Qualifications.—Degree in agriculture or agricultural economics.

Experience.—In implementing institutions building projects with emphasis on providing service for comprehensive agricultural development. Experience in working with co-operatives will be desirable.

Languages.—English. Working knowledge of Persian desirable.

Other.—Must not be over 58 years of age.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 14th February, 1973. Quote : 941-ESR-39.

Government Notice No. 60

**ANNOUNCEMENT OF FIELD POST VACANCY IN THE
FOOD AND AGRICULTURE ORGANIZATION
OF THE UNITED NATIONS**

Post title (Post No., Project).—ANIMAL PRODUCTION OFFICER. Improvement of Livestock and Meat Marketing MLI/71/523.

Vacancy announcement.—No. 931-AGA-42.

Date issued.—6th December, 1972.

Closing date.—31st January, 1973.

Duty station.—Demonstration Centre (to be determined) North of Bamako, Mali.

Duration.—3 years.

Starting date.—February 1973.

Background.—The office *Malien de Commercialisation du bétail et de la viande*—OMBEVI (Mali Office for Livestock and Meat Marketing) has started to improve and organize the livestock and meat trade both inside the country and outside for export purposes. On the animal production side, work will cover the adaptation of traditional stock-raising methods to the new commercial structures and will include the influence of improved livestock and meat marketing on stock-raising.

Duties.—Under the authority of the Project Manager and the technical guidance of the chief animal production specialist, the officer will be in charge of a regional demonstration operation for improved stock-raising and marketing and will help to train counterpart professionals. He will also be responsible for disseminating the new methods tested at the project stock-raising centre and for assisting and encouraging groups of stock-raisers in the region.

Qualifications.—Preferably university degree in agriculture or veterinary science with specialization in animal husbandry, or a diploma from a school of agriculture with the same specialization, together with long professional experience.

Experience.—At least five years' professional experience, preferably in Africa.

Language.—French.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 31st January, 1973. Quote: 931-AGA-42.

Government Notice No. 61

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—VETERINARY INVESTIGATION OFFICER (Strengthening of Veterinary Research Centre, Montevideo) URU/72/004.

Vacancy announcement.—No. 935-AGA-45.

Date issued.—20th December, 1972.

Closing date.—14th February, 1973.

Duty station.—Montevideo, Uruguay.

Duration.—24 months.

Starting date.—1st July, 1973.

Background.—The Government of Uruguay is planning to establish a modern and expanded veterinary research, investigation and diagnostic service, essential for the increase of livestock numbers and productivity. The assistance of FAO and the UNDP has been requested for this purpose. Assistance will be provided in the form of a 4½ year project including the services of nine experts, provision of equipment and fellowships.

Duties.—Under the general supervision of the Project Manager to :

Train counterpart personnel in post-mortem techniques, gross pathology, bacteriology, parasitology, serology and toxicology, as related to field investigations.

Investigate disease conditions, whose causes have not been fully established as yet.

Assist in investigations on diseases of bovine reproduction, peri-natal losses in sheep flocks and causes of low farrowing index.

Design disease control schemes.

Qualifications.—Degree in veterinary medicine.

Experience.—A minimum of 7 years' experience in veterinary laboratory and field investigational work. Experience in post mortem technique, general veterinary microbiology, parasitology and design of disease control schemes.

Languages.—Good knowledge of Spanish and a working knowledge of English or French.

Other.—A post-graduate degree in epizootiology desirable. Ability to work as a member of a team and in harmony with persons of different nationalities.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 12th February, 1973. Quote: 935-AGA-45.

Government Notice No. 62

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—PARASITOLOGIST (Strengthening of Veterinary Research Centre, Montevideo URU/72/004).

Vacancy announcement.—No. 936-AGA-46.

Date issued.—20th December, 1972.

Closing date.—14th February, 1973.

Duty station.—Montevideo, Uruguay.

Duration.—24 months.

Starting date.—October 1973.

Background.—The Government of Uruguay is planning to establish a modern and expanded veterinary research, investigation and diagnostic service, essential for the increase of livestock numbers and productivity. The assistance of FAO and the UNDP has been requested for this purpose. Assistance will be provided in the form of a 4½ year project including the services of nine experts, provision of equipment and fellowships.

Duties.—Under the general supervision of the Project Manager to :

Examine parasitological problems in particular as they refer to gastro-intestinal conditions and to advise on control measures.

Supervise the establishment of a Department of Parasitology.

Organize field trials and to teach the principles and practice of field trials as a method of diagnosing parasitic disease.

Train counterpart personnel in all aspects of parasitological work.

Qualifications.—Degree in Veterinary Medicine.

Experience.—A minimum of seven years' experience in laboratory and field aspects of the control of parasitic diseases including the organization of field trials.

Languages.—Good knowledge of Spanish and a working knowledge of English or French.

Other.—A postgraduate degree in parasitology desirable but not essential. Ability to work as a member of a team and in harmony with persons of different nationalities.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional) Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 14th February, 1973. Quote: 936-AGA-46.

Government Notice No. 63

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—AGRONOMIST
Agricultural Research and Training Project (PHASE II)
PDY/71/516.

Vacancy announcement.—No. 926-AGP-164.

Date issued.—4th December, 1972.

Closing date.—29th January, 1973.

Duty station.—EL-Kod, People's Democratic Rep. of Yemen.

Duration.—3 years.

Starting date.—As soon possible.

Background.—The main crops in the People's Democratic Republic of Yemen are cotton, sorghum, vegetables, wheat, berseem, alfalfa and very limited tropical fruits and citrus. Cotton is the only exportable commodity and, in general, the country does not produce its needs of any of the essential agricultural commodities. The demonstration of appropriate techniques at the EL-Kod Research Station and the training of technical personnel at Giar Training Centre are among the main aims of this project.

Duties.—Field tests and demonstrations of cotton varieties and cultural practices; and propagation, certification and distribution of selected seeds to improve cotton production.

Experimental plantings of wheats, sorghum and maize, to determine the best production practices and their costs.

Collection and analysis of farm production cost data on the above-mentioned crops to assist the planning and policy-making functions of the Ministry of Agriculture.

Training of counterpart personnel.

Assistance in the selection of suitable candidates for in-service training in the field of agronomy.

Carrying out other related duties.

Qualifications.—University degree in Agriculture (preferably Ph.D.).

Experience.—At least seven years' experience in the crops mentioned and in conducting field extension trials.

Languages.—English essential. Arabic speaking desirable.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional) Personnel Division; FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 29th January, 1973. Quote: 926-AGP-164.

Government Notice No. 64

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—PROJECT MANAGER
Improvement of Pasture and Fodder Crops (Phase II)

Vacancy announcement.—No. 927-AGP-165.

Date issued.—5th December, 1972.

Closing date.—30th January, 1973.

Duty station.—David, Panama.

Duration.—3 years.

Starting date.—February 1973.

Background.—The purpose of the project is to assist in improving the production of pasture, forage crops and livestock through research to solve problems of tropical pasture improvement, utilization and management. Research information will support recommendations for the establishment of a sound development programme. Additionally phase II will co-ordinate its activities with the Extension Service of Panama and other information agencies to provide assistance to livestock farmers in the improvement of pastures and livestock production.

Duties.—The Project Manager will:

Compile and evaluate the background information with a view to carrying out a continuing programme aimed at reducing immediate and longer-term deficiencies in pasture and livestock production.

Advise and assist with the continuation of studies with pasture and livestock problems, including soil deficiencies, fertilization, the use of native and exotic legumes, evaluation of grasses, species, improving indigenous pastures, grazing management systems, fodder conservation, weed control and the development of planting materials.

Assist in developing efficient and economic pasture development and management practices which can be used by livestock growers.

Assist the national extension service and other agencies dealing with livestock production in providing information to livestock growers.

Advise the Government on technical and organizational aspects of a sound livestock development programme.

Qualifications.—Degree in agriculture, specifically related to pasture management, graduate training to the Ph.D. level is desirable.

Experience.—At least ten years of experience in tropical pasture and livestock research development and extension.

Languages.—Very good knowledge of Spanish and good knowledge of English.

Other.—Ability to work with high-level government officials and to promote team work spirit among workers of different nationalities.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional) Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 30th January, 1973. Quote: 927-AGP-165.

Government Notice No. 66

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—PLANT PATHOLOGIST/
VIROLOGIST Philippine Coconut Research Institute
PHI/71/523.

Vacancy announcement.—No. 928-AGP-166.

Date issued.—5th December, 1972.

Closing date.—30th January, 1973.

Duty station.—Guinobatan, Albay.

Duration.—12 m/m possible extension.

Starting date.—As soon as possible.

Background.—The former FAO Cadang-Cadang Research project has been absorbed in the above large-scale project which is now operating on PPA funds during protracted negotiations with Government and preparation for expanded operations. A bridging period is required to sustain previous research efforts and to participate in planning on pathology aspects.

Duties.—Under the general supervision of the Project Manager, to prepare a plan of work and initiate work under the following headings:

- to continue investigations on the Etiology and Epidemiology of Cadang-Cadang disease of coconut already started under the EPTA programme;

- to investigate the use of Cadang-Cadang resistant varieties;

- to assist in extension work on other serious coconut pests and diseases;

- to train counterpart staff.

Qualifications.—University degree in Plant Pathology and/or Entomology.

Experience.—At least 7 years experience with Pests and Diseases of Perennials including extensive experience of work with plant viruses.

Languages.—English essential, Spanish desirable.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 30th January, 1973. Quote: 928-AGP-166.

Government Notice No. 66

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—DAIRY ENGINEER
(EQUIPMENT DESIGN) IND/70/022 Milk Marketing
and Development (Operation Flood).

Vacancy announcement.—No. 929-AGA-41.

Date issued.—5th December, 1972.

Closing date.—30th January, 1973.

Duty station.—Anand, India.

Duration.—24 months renewable.

Starting date.—15th February, 1973.

Background.—The World Food Programme has entered into an agreement with the Government of India (WFP project 618), the main object of which is the expansion of milk processing facilities in four major cities and their milksheds. This would involve expansion of the capacities of the milk plants in rural and urban areas, as well as a number of other operations related to the scheme.

The Design Office concerned is near Baroda, headquarters city of the Indian Dairy Corporation, which the Government of India has made responsible for project implementation.

Duties.—The expert will assist the National Dairy Development Board in:

- equipment design, plant engineering and development work required for the project;

- development of the technical staff involved in this work into a fully-fledged design and development group of engineers.

The expert's duties might make it necessary for him to travel frequently within India.

Qualifications.—University degree or graduate diploma in electro-mechanical engineering, or equivalent. Biochemical engineering studies at university level, although not essential, are also highly desirable.

Experience.—10 years' experience including three at executive level. Long experience in equipment design and related development work is essential. Practical knowledge of conception and realisation of entire systems of milk processing from producer to consumer, including process engineering, selection and procurement of equipment, planning and scheduling construction of milk plants, is also desirable.

Language.—A good knowledge of English is essential.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 30th January, 1973. Quote: 929-AGA-41.

Government Notice No. 67

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—HOME ECONOMICS OFFICER (NUTRITION) Establishment of a Three-Year Diploma Course for Women in Agriculture and Home Economics, Egerton College, Kenya. (TF/KEN. 11/DAN).

Vacancy announcement.—No. 930-ESN-24.

Date issued.—5th December, 1972.

Closing date.—30th January, 1973.

Duty station.—Njoro, Kenya.

Duration.—1973-75.

Starting date.—As soon as possible.

Background.—The project was set up in 1969, assisted by DANIDA (Danish International Development Agency) and FAO, to establish a 3-year diploma course for women in Agriculture and Home Economics. The training programme covers: Foods and Nutrition; Clothing and Textiles; Housing and Home Improvement; Family Life and Child Care; Home Management and Household Economics; Extension Education. The curriculum has been revised to enable students from other streams to take courses in Human Nutrition and Family Life Education and Planning for Better Family Living. The international staff assisting the project is composed of a Project Leader (home economist), a Lecturer in Home Economics Extension and a Lecturer in Nutrition.

Duties.—To plan and develop food and nutrition courses within the framework of the home economics and agriculture curriculum.

To assist in the development and teaching of a core course in human nutrition to be offered to male and female students.

To develop appropriate teaching methods, subject-matter content instructional materials, field training experiences and evaluation techniques for home economics programme implementation in the area of foods and nutrition.

Qualifications.—B.S. or equivalent in Home Economics with specialization in Nutrition.

Experience.—Implementing field programmes with emphasis on nutrition problems in developing countries (minimum 3 years); organization of training programmes for women in rural/agricultural development.

Language.—English.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 30th January, 1973. Quote: 930-ESN-24.

Government Notice No. 68

ANNOUNCEMENT OF FIELD POST VACANCY IN THE FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS

Post title (Post No., Project).—ANIMAL HEALTH OFFICER (TOXICOLOGY) Veterinary Toxicology COL/72/007.

Vacancy announcement.—No. 934-AGA-44.

Date issued.—20th December, 1972.

Closing date.—14th February, 1973.

Duty station.—Bogota, Colombia.

Duration.—24 months.

Starting date.—Soonest.

Background.—The livestock industry of the Republic of Colombia is suffering economic losses from intoxications caused by toxic plants, indiscriminate use of pesticides and herbicides and other factors. It has been decided to establish an integrated Centre of Veterinary Toxicology between the Veterinary Faculty of the National University of Colombia and Instituto Colombiano Agropecuario (I.C.A.). The services of a veterinary toxicologist are sought for the purpose of advising on the functions of this Centre.

Duties.—To advise on the toxicology research programmes of the Veterinary Faculty and I.C.A.

To train counterpart personnel in toxicological techniques.

To collaborate in the teaching of veterinary toxicology at the Veterinary Faculty.

Qualifications.—A degree in veterinary medicine and preferably a post-graduate degree in veterinary toxicology.

Experience.—At least five years' experience in veterinary toxicology.

Languages.—Good knowledge of Spanish and a working knowledge of English or French.

Other.—Experience in teaching.

Emoluments.—Salaries and benefits are liberal commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 14th February, 1973. Quote: 934-AGA-44.

Government Notice No. 69

WORLD METEOROLOGICAL ORGANIZATION OF THE UNITED NATIONS DEVELOPMENT PROGRAMME

VACANCY ANNOUNCEMENT— PAK/WMO/11 Rev. 1

Country.—Pakistan.

Title of post.—Expert in upper air observational techniques.

Duration.—Five months.

When required.—As soon as possible.

Duty station.—Karachi, with travel to other parts of the country as required.

Duties.—In close co-operation with the Director, Meteorological Services, the expert will be required to:

(a) effect improvement in the network instrumentation and techniques of upper air observations, in order that accurate data can be obtained up to an altitude of 10 mb., at three or four selected rawinsonde stations in the country;

(b) provide training to meteorological personnel in advanced techniques and instrumentation for high level observations.

Qualifications.—The expert should have a diploma in electronics or instrument engineering from a recognized Technical Institute or equivalent qualifications. He should have considerable professional experience in rawinsonde instruments, mainly frequency modulated, skill in designing new instruments, and he should be familiar with Metox ground equipment.

Language.—An excellent knowledge of English is required.

Salary level.—Basic salary equivalent of US \$11,682.00 per annum plus allowances (net of national tax).

Allowances.—A daily subsistence allowance will be payable in local currency at the following rates applying at present to Pakistan:

Karachi, Dacca	Rupee 110 (equivalent to US \$23)	Rupee 84
Rawalpindi, Lahore, Islamabad	Rupee 100 (equivalent to US \$21)	Rupee 84
Elsewhere	Rupee 76 (equivalent to US \$16)	Rupee 76

Note.—Travel on appointment and on separation from service will also be payable in accordance with applicable rules.

Method of application.—Applications should be made on UN or WMO personal history forms and should be addressed to the Secretary-General, World Meteorological Organization, Case postale No. 1, CH-1211 Geneva 20, Switzerland.

Applications by cable will also be considered.

Closing date.—Applications should reach the Secretariat not later than 28th February, 1973.

Government Notice No. 70

WORLD METEOROLOGICAL ORGANIZATION OF THE UNITED NATIONS DEVELOPMENT PROGRAMME

ANNOUNCEMENT OF VACANCY NIC/WMO/3

Country.—Nicaragua.

Title of post.—Expert in operation hydrology.

Duration.—One year with possibility of extension.

When required.—As soon as possible.

Duty station.—Nicaragua, with travel as necessary within the country.

Duties.—The expert will be required to:

(a) Give advice on the planning and implementation of hydrological activities undertaken in the country and co-ordinating these activities with those of the regional hydrometeorological project in Central America;

(b) Give advice to the Government with regard to the establishment of a service to be responsible for operational hydrology and for the collection, processing and storage of hydrological data;

(c) Assist local hydrologists in the evaluation of hydrological data and in assessing the water resources of the country;

(d) Provide professional on-the-spot training for local personnel.

Qualifications.—The candidate should hold a university degree in civil engineering or have had equivalent university training. He should also have had practical experience in the organization of a hydrological service, in hydrological computation and analysis and in machine processing of hydrological data.

Language.—It is essential to have a good knowledge of Spanish.

Salary level.—Initial net salary equivalent of US \$13,578.00 per annum, plus allowances.

Allowances:

1. **Post adjustment.**—This adjustment is variable according to the cost of living at the duty station; at present, for Managua, the equivalent of US \$1,584.00 per annum is payable for an expert without dependants and the equivalent of US \$2,376.00 per annum is payable for an expert with dependants.

2. **Assignment allowance.**—Without dependants, equivalent of US \$950.00 per annum; with dependants, equivalent of US \$1,200.00 per annum.

3. **Dependency allowance.**—Equivalent of US \$400.00 for a dependent wife; equivalent of US \$300.00 per annum for each dependent child.

4. **Education grant.**—A grant up to a maximum of the equivalent of US \$1,000.00 per annum is payable, under certain conditions, in respect of each dependent child in full time attendance at a school or university.

5. **Other main benefits in accordance with Staff Rules.**—United Nations Joint Staff Pension Fund and Group Life Insurance Plan (compulsory); medical scheme compulsory for experts and optional for dependants;

Closing date.—Applications should reach the Secretariat not later than 15th February, 1973.

Government Notice No. 71

WORLD METEOROLOGICAL ORGANIZATION OF THE
UNITED NATIONS DEVELOPMENT PROGRAMME

ANNOUNCEMENT OF VACANCY
NIC/WMO/2

Country.—Nicaragua.

Title of post.—Meteorologist.

Duration.—One year with possibility of extension.

When required.—As soon as possible.

Duty station.—Managua, with travel as necessary within the country.

Duties.—The expert will be required to:

(a) Give advice on the planning and implementation of meteorological activities of the country and their co-ordination with those of the regional hydrometeorological project in Central America;

(b) Give advice on the preparation of programmes of work of the Meteorological Service and appropriate technical and administrative instructions;

(c) Assist the Meteorological Service in carrying out its functions as a National Meteorological Centre in the World Weather Watch programme, particularly as regards the collection, processing and storage of data;

(d) Assist in the organization and operation of a system of forecasts and warnings for agriculture and hydrology;

(e) Provide practical instruction for local personnel as required.

Qualifications.—The expert should have a university degree in mathematics, physics or meteorology and have a wide experience in the organization and operation of a National Meteorological Service. He should also have experience in machine processing of meteorological data and in the application of meteorology to research on water resources.

Languages.—It is essential to have a good knowledge of Spanish.

Salary level.—Initial net salary equivalent of US \$13,578.00 per annum, plus allowances.

Allowances:

1. *Post adjustment.*—This adjustment is variable according to the cost of living at the duty station; at present, for Managua, the equivalent of US \$1,584.00 per annum is payable for an expert without dependants and the equivalent of US \$2,376.00 per annum is payable for an expert with dependants.

2. *Assignment allowance.*—Without dependants, equivalent of US \$950.00 per annum; with dependants, equivalent of US \$1,200.00 per annum.

3. *Dependency allowance.*—Equivalent of US \$400.00 per annum for a dependent wife; equivalent of US \$300.00 per annum for each dependent child.

4. *Education grant.*—A grant up to a maximum of the equivalent of US \$1,000.00 per annum is payable, under certain conditions, in respect of each dependent child in full time attendance at a school or university.

5. *Other main benefits in accordance with Staff Rules.*—United Nations Joint Staff Pension Fund and Group Life Insurance Plan (Compulsory); medical scheme compulsory for experts and optional for dependants;

Annual, home and sick leave;

Travel expenses on appointment, repatriation and home leave; installation and repatriation grant; transport of personal effects and household goods. Under certain conditions, these benefits are also applicable to recognized dependants.

Exonerations from taxation in respect of salary and allowances are the same as those enjoyed by officials of the United Nations.

Applications.—Applications should be made on UN or WMO Personal History forms and should be addressed to the Secretary-General, World Meteorological Organization, Case postale No. 1 CH-1211 GENEVA 20, Switzerland.

Applications by cable will also be considered.

Closing date.—Applications should reach the Secretariat not later than 15th February, 1973.

Government Notice No. 72

WORLD METEOROLOGICAL ORGANIZATION OF THE
UNITED NATIONS DEVELOPMENT PROGRAMME

ANNOUNCEMENT OF VACANCY
MAG/WMO/4

Country.—Madagascar.

Title of post.—Expert in Radar Electronics.

Duration.—Two years (initial contract for one year).

When required.—October 1973.

Duty station.—Tananarive.

Duties.—The expert will be one of the members of the team of experts in the project "Establishment of a Cyclone and Thunderstorm Forecasting, Detection and Warning System".

The expert will perform the following duties, as instructed by the Project Manager and in collaboration with the national counterpart personnel:

(a) give lectures in electronics to the personnel of the Malagasy Meteorological Service and ensure the training of personnel for maintenance of meteorological radars;

(b) draft radar specialization manuals for maintenance technicians;

(c) participate in the installation of radars in Madagascar and in the installation of equipment in central laboratory for the maintenance of the radars as well as prepare technical instructions for use of this equipment;

(d) in collaboration with an expert in radar meteorology :

- bring radars into operation
- train observers
- establish operational procedures
- establish correlations between radar data and meteorological phenomena.

Qualifications.—The expert should have a diploma in electronic engineering or equivalent education. He should have several years of experience in installation, maintenance and operation of meteorological radars as well as in the field of training.

Languages.—A sound knowledge of French is essential.

Salary level.—Net pay salary equivalent of US \$13,578 per annum, plus allowances.

Allowances :

1. **Post adjustment.**—This adjustment is variable according to cost of living at the duty station ; at present, for Tananarive, the equivalent of US \$2,376 per annum is payable for an expert without dependants and the equivalent of US \$3,564 per annum is payable for an expert with dependants.

2. **Assignment allowance.**—Without dependants, equivalent of US \$950 per annum ; with dependants, equivalent of US \$1,200 per annum.

3. **Dependency allowance.**—Equivalent of US \$400 per annum for a dependent wife ; equivalent of US \$300 per annum for each dependent child.

4. **Education grant.**—A grant up to a maximum of US \$1,000 per annum is payable, under certain conditions, in respect of each dependent child in full time attendance at a school or university.

5. **Other main benefits in accordance with Staff Rules.**—United Nations Joint Staff Pension Fund and Group Life Insurance Plan (compulsory) ; medical scheme compulsory for experts and optional for dependants ;

Annual, home and sick leave ;

Travel expenses on appointment, repatriation and home leave ; installation and repatriation grant ; transport of personal effects and household goods. Under certain conditions, these benefits are also applicable to recognized dependants.

Exoneration from taxation in respect of salary and allowances are the same as those enjoyed by officials of the United Nations.

Method of application.—Applications should be submitted on UN or WMO Personal History Forms and sent to the Secretary-General, World Meteorological Organization, Case postale No. 1, CH-1211 Geneva 20, Switzerland.

Applications submitted by telegram will be considered.

Closing date.—Applications should reach the Secretariat by 15th March, 1973 at the latest.

Government Notice No. 73

**WORLD METEOROLOGICAL ORGANIZATION OF THE UNITED NATIONS DEVELOPMENT PROGRAMME
ANNOUNCEMENT OF VACANCY**

Country.—Algeria.

Title of post.—Instructor in General and Synoptic Meteorology.

Duration.—One year with possibility of extension.

When required.—As soon as possible.

Duty station.—Oran.

Duties.—The person appointed will be a member of the WMO team of experts responsible for implementing the project "Hydrometeorological Training and Research Institute" (detailed information on the project is contained in the annex). The expert will perform the following duties, as instructed by the Project Manager and in collaboration with counterpart personnel :

(a) give lectures in general and synoptic meteorology to students of Classes I and II ;

(b) supervise and advise on the teaching of the above subjects to the students of Classes III and IV ;

(c) conduct the preparation and supervise the utilization of didactic material for synoptic meteorology, intended for students of all classes ;

(d) participate in applied research work in the field of regional (Maghreb) and local forecasting.

Qualifications.—The candidate should have a Master's Degree or a Doctorate from a recognized University in meteorology or in physics or mathematics or equivalent qualification. He should have experience in training and research. He should know the modern applications of mathematical analysis of atmospheric phenomena to the synoptic meteorology. Experience in problems encountered in arid and semi-arid zones would be an advantage.

Language.—An excellent knowledge of French is essential.

Salary level.—Net base salary equivalent of US \$13,578 per annum, plus allowances.

Allowances :

1. This adjustment is variable according to cost of living at the duty station ; at present, for Oran, the equivalent of US \$1,584 per annum is payable for an expert without dependants and the equivalent of US \$2,376 per annum is payable for an expert with dependants.

2. **Assignment allowance.**—Without dependants, equivalent of US \$950 per annum ; with dependants, equivalent of US \$1,200 per annum.

3. **Dependency allowance.**—Equivalent of US \$400 per annum for a dependent wife ; equivalent of US \$300 per annum for each dependent child.

4. **Education grant.**—A grant up to a maximum of the equivalent of US \$1,000 per annum is payable, under certain conditions, in respect of each dependent child in full time attendance at a school or university.

5. *Other main benefits in accordance with Staff Rules.*—United Nations Joint Staff Pension Fund and Group Life Insurance Plan (compulsory); medical scheme compulsory for experts and optional for dependants;

Annual, home and sick leave;

Travel expenses on appointment, repatriation and home leave; installation and repatriation grants; transport of personal effects and household goods. Under certain conditions, these benefits are also applicable to recognized dependants.

Exonerations from taxation in respect of salary and allowances are the same as those enjoyed by officials of the United Nations.

Applications.—Applications should be submitted on UN or SMO Personal History Forms and sent to: The Secretary-General, World Meteorological Organization, Case postale No. 1 CH-1211, Geneva 20, Switzerland. Applications submitted by telegram will be considered.

Closing date.—Applications should reach the Secretariat by 15th February, 1973 at the latest.

ANNEX TO ALG/WMO/10

HYDROMETEOROLOGICAL TRAINING AND RESEARCH INSTITUTE, ORAN

The purpose of this project is to assist the Algerian Government to establish a Training and Research Institute for the training of specialists in meteorology, hydrometeorology and agrometeorology of all levels. This project has begun in May 1970 for a duration of four years.

This Institute will be incorporated in the National Meteorological Service which will be established in due course and will assume the entire responsibility for satisfying all meteorological and applied meteorological needs in Algeria.

Within the framework of the Institute the following training activities are being carried out:

professional training of Class I, Class II, Class III and Class IV meteorologists;

practical or specialized training in the fields of: instruments and methods of observation, forecasting; climatology, agrometeorology and hydro-meteorology;

short-term refresher courses for personnel of the meteorological service or other governmental institutions.

The research work to be undertaken at the Institute will specially concern with the problems of arid and semi-arid zones in the fields of agrometeorology and operational hydrology. The research programme shall be drawn up in agreement with the Technical and Scientific Board of the Institute.

The language of instruction at the Institute is French. The Institute is open to foreign students.

In addition to the Project Manager, six instructors are included in the international staff. Provision is also made for consultant services. Study fellowships will be granted to counterpart instructors.

Besides teaching materials, the UNDF will provide laboratory equipment and equipment for the reception, transmission and processing of data.

Government Notice No. 74

WORLD METEOROLOGICAL ORGANIZATION OF THE UNITED NATIONS DEVELOPMENT PROGRAMME
