Government Notice No. 776

Oil Pipelines Act 1965

APPLICATION FOR OIL PIPELINE LICENCE

Notice is hereby given in accordance with section 8 of the Oil Pipelines Act 1965 that the SHELL-BP PETROLEUM DEVELOPMENT COMPANY OF NIGERIA LIMITED has applied to the Federal Ministry of Mines and Power for the grant of a licence to enter upon, take possession of and use for 20 (twenty) years a strip of land for the purpose of laying an 8-inch diameter oil pipeline running from the P.D. Meter Skid of the proposed Oben flowstation to the tie-in point on the Oben manifold where it joins the 10" Northern Delta Trunkline, all in the Eastern Benin Division in the Mid-Western State of Nigeria, the route of which is demarcated on the ground by a survey trace marked with yellow stakes and is herein described.

DESCRIPTION

All that strip of land approximately 0.66 kilometers long, situate within the Eastern Benin Division in the Mid-Western State of Nigeria, the route of which traverses dryland and is shown in the Licensee's Drawing No. 11757 dated March 1973.

The width of the said strip of land will be variable and will be approximately as follows:—

- (a) where the route traverses dryland 75 ft. (23m)
- (b) where the route traverses seasonal or tidal swamp .. 75 ft. (23m)
- (c) in the vicinity of all points of intersection (P.I.'s) .. 75 ft. (23m)

Where in the following text the bearing of the line is described as proceeding to a certain P.I. the line will follow a simple curve from a tangent point before the P.I. and will enter the next bearing at a tangent point after the P.I. the exact distance from tangent point to tangent point will vary according to the radius of the curve used.

The route of the line is described as follows:—

Starting at the P.D. Meter Skid of the proposed Oben flowstation marked P.I. 0 on the plan, whose Nigerian Co-ordinates are E 382 108m, N 222 532m (West Belt), the route proceeds on a bearing of 210° 48' for a distance of 203m (667') to a point marked P.I. 1, thence on a bearing of 114° 31' for a distance of 346m (1,135') to a point marked P.I. 2, thence on a bearing of 45° 23' for a distance of 115m (378') terminating at a point marked P.I. 3, whose Nigerian Co-ordinates are E 382 401m N 222 295m (West Belt) which is the tie-in point on the Oben manifold of the projected 10" Northern Delta Trunkline.

All co-ordinates, bearings and lengths are approximate and all bearings refer to grid North.

2. A copy of the plan of the pipeline route identifying land affected can be inspected during all normal working hours at Divisional Office, Benin, the Ministry of Mines and Power, Warri and Lagos, and at the office at Warri of the aforesaid Company.

3. Any person who considers that his land or interest in land will be injuriously affected by the grant of the licence should lodge orally or in writing

not less than seven days before the hearing date in paragraph 6, with the Ministry of Lands and Housing (Lands Division), Benin City, notice of objection stating the interest of the objector and the grounds of objection.

4. Any public officer who receives a verbal objection in the course of his duties shall record the name and address, interest and grounds of objection of any person lodging such verbal objection and forward such details to the Ministry of Lands and Housing (Lands Division), Benin City.

5. Matters relating to the amount of compensation payable by the aforesaid Company for its use of the land affected shall not be material grounds to include in a notice of objection.

6. The delegate of the Lands Division of the Ministry of Lands and Housing, Benin City, shall enquire into objections (if any) duly lodged in accordance with paragraphs 3 and 4 above at their office at Benin City, at 10 a.m. on the 2nd day of July, 1973, giving all parties an opportunity to be heard. Reports thereof shall be sent without delay to the Director of Petroleum Resources, Federal Ministry of Mines and Power, Lagos.

7. Compensation payable by the aforesaid Company for its use of the land affected shall be determined by negotiations between the Company and the landowners and/or occupiers.

Vacancy announcement.—No. 1017-AGA-357.

Date issued.—10th April, 1973.

Closing date.—5th June, 1973.

Duty station.—Kunduz, Afghanistan.

Duration.—12 months (may be extended to cover Project activities).

Starting date.—As soon as possible.

Background.—There are 20 million sheep in Afghanistan and approximately 8 million of these are Karakul sheep concentrated in the Northern and Western Provinces. Out of the country's 83 million dollars total exports, 12 million dollars are derived from the Karakul sheep. Most of the sheep are produced under transhumance system. Due to reduced carrying capacity of the ranges, ploughing up to migration routes, lack of watering facilities, malnutrition, animal diseases and out-dated production technology, annual losses amount to 15-25 per cent. The Government wish to find a formula for increasing sheep, Karakul lambskin, mutton and wool production on the ranges through range management and introduction of advanced sheep production technology, and prepare investment plans in the sheep industry.

Duties.—The Project Adviser will be responsible for implementing the following activities:

(1) to survey the rangeland and select pilot areas with adequate concentration of transhumance sheep flocks;

(2) to collect data on groundwater resources in project areas and prepare programmes for exploration and exploitation;

(3) to assist in the development of the Baisaqal Karakul Farm;

(4) to establish facilities and start testing and demonstration of rangeland improvement;

(5) to prepare first draft project document for the full-scale project.

Qualifications.—A university degree in the field of animal husbandry, with specialization in sheep husbandry.

Candidates may be requested to provide satisfactory evidence of the educational qualifications shown in their applications. Appointments to vacant positions may depend upon the candidate selected providing such inclusion in his personal file.

Experience.—Ten years of broad technical and practical professional experience, preferably in Karakul sheep under migratory systems of production.

Language.—English.

Other.—Must have administrative ability and experience in planning and management of UNDP projects.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional), Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 5th June, 1973. Quote: 1017-AGA-357.

Government Notice No. 797

ANNOUNCEMENT OF FIELD POST VACANCY IN THE
FOOD AND AGRICULTURE ORGANIZATION
OF THE UNITED NATIONS

Post title (Post No., Project).—INLAND FISHERY BIOLOGIST (AQUACULTURE) Inland Fisheries Research and Development Project (VEN/72/017/A701/12).

Vacancy announcement.—No. 1023-FID-99.

Date issued.—23rd April, 1973.

Closing date.—18th June, 1973.

Duty station.—Caracas, Venezuela.

Duration.—One year (renewable).

Starting date.—As soon as possible.

Background.—The inland waters of Venezuela are rich in species with its 17 families having 151 general and 364 species. Many of these species are economically important but their production potentials are not fully exploited. The production of fish is low, with an estimated 7.1 million kg worth 5.5 million bolivars taken during the last 12 years. At present there are large areas of natural water bodies which can be developed for aquaculture. Dams and reservoirs are also being constructed of which some 30,000 ha are at present developed. These natural and man-made waters are all potential focal points for the development of fish culture. Development of such areas can easily accelerate fish production from these waters.

Duties.—Survey present status and potential for development of aquaculture in the country.

Assess extent of development and facilities available at the existing Government aquaculture stations.

Supervise improvement and equipping of the Maracay and Guanapito stations so that they will be suitable as centres for research, training and demonstration.

Organize a programme of research on aquaculture in the designated pilot station.

In co-operation with the Fishery Biologist make a study of the ichthyofauna of the country and conduct field tests on the suitability for pond culture of a selected number of species.

Organize a training programme on aquaculture for local counterparts and other local workers in this field.

Qualifications.—University degree in biology, fisheries or other related fields.

Candidates may be requested to provide satisfactory evidence of the educational qualifications shown in their applications. Appointments to vacant positions may depend upon the candidate selected providing such evidence for inclusion in his official personal file.

Experience.—At least seven years experience, of which five years related to aquaculture.

Languages.—Very good knowledge of Spanish and good working knowledge of English.

Emoluments.—Salaries and benefits are liberal, commensurate with the responsibilities of the post and in line with the depth and breadth of training and experience.

Method of application.—Applications to reach Central Recruitment (Professional) Personnel Division, FAO, via delle Terme di Caracalla, 00100-Rome, Italy, by 18th June, 1973. Quote : 1023-FID-99.
