WESTERN NIGERIA MARKETING BOARD
**APPOINTMENT OF LICENSED BUYING
 AGENTS UNDER THE 1974 PALM
 KERNELS AND PALM OIL MARKETING
 SCHEMES**

It is notified for general information that the Board is prepared to consider applications for appointment as licensed buying agents under the 1974 Palm Kernels and Palm Oil Marketing Schemes.

2. An applicant will be required to produce evidence that he is able to fulfil the minimum conditions set out in the following paragraphs, which are based on:—

(a) the normal functions which a licensed buying agent is required to perform under the existing marketing schemes.

(b) Ability to purchase with reasonable regularity throughout the duration of the scheme the following minimum quantities:—

Palm Kernels	600 tons
Palm Oil	175 tons

3. (a) Containers:—

(i) *Palm Kernels*.—"B" Twill Bags will be sold to licensed buying agents by the Board. Applicants must, also, produce evidence of ability to provide sufficient twine to cover at least the minimum purchase.

(ii) *Palm Oil*.—Applicants must show that they possess enough drums/casks to cover the minimum purchase requirements.

(b) *Capital*.—Applicants will be required to produce acceptable evidence of their ability to provide the necessary capital to finance their purchases. Buying agents will be required to buy at not less than minimum prices at gazetted buying stations and to arrange for the produce to be evacuated to port (in the case of palm kernels) or Bulk Oil Plant (in the case of Palm Oil), at which point payment is made against delivery of the produce in the approved manner.

The minimum capital requirements are as follows:

Palm Kernels	₦8000.00
Palm Oil	₦6000.00

Applicants will be required to forward, as evidence of their ability to satisfy the minimum capital requirement, copies of their bank statements for the six months preceding the date of the application, duly certified by their bankers. Only application to which such bank statements have been attached will be considered.

(c) *Storage*.—Applicants must be able to provide evidence that they have available in their proposed areas of operation proper storage to cover at least two hundred tons of Palm Kernels.

All stores must comply with the requirements of, and be approved by the Produce Inspection Service of the Western State. It is the responsibility of the applicant to request in writing the Produce Officer of the area concerned to inspect and approve his store.

(d) *General*.—An applicant must be prepared to produce satisfactory evidence that he is fully conversant with the produce trade in question and that in particular he will be able to fulfil the following conditions:—

(i) *Equipments*.—That he possesses the required equipment for the grading of produce for export,

(ii) *Inspection of Produce*.—That he will be able to provide grading equipment and an adequate labour force at all stores.

(iii) *Returns*.—That he will render promptly and accurately all returns particularly as to purchases and stocks, which may be called for by the Board's executive.

(iv) *Evacuation*.—That he will be able to make arrangements to secure the necessary transport to ensure the smooth and regular evacuation of produce by approved routes.

(v) *Delivery*.—That he can arrange delivery of Palm Oil to the appropriate Bulk Oil Plant and of Palm Kernels to Board Stores at port of shipment and also in accordance with instructions issued from time to time by the Board's executive.

Government Notice No. 1261

FEDERAL MINISTRY OF INDUSTRIES

**INVITATION FOR PROPOSALS FOR THE
 ESTABLISHMENT OF THREE COMMERCIAL
 VEHICLES ASSEMBLY/MANUFACTURING
 PLANTS IN NIGERIA**

The Government of the Federal Republic of Nigeria wishes to establish three plants for the assembly/manufacture of at most three makes of commercial vehicles with payloads in excess of 2 tons.

(A) GENERAL REQUIREMENTS:

(1) The commercial vehicle assembly/manufacturing industry should be economically viable within the framework of agreed fiscal concession together with any other protective measure that the Government will adopt in order to ensure a relatively safe market for the locally assembled/manufactured vehicle. The level of dispensation to be allowed would depend on the degree of manufacture being undertaken from time to time;

(2) The commercial vehicle manufacturing plants should justify their establishment by guaranteeing satisfactory benefits to the economy;

(3) The overseas manufacturer(s) that will be largely responsible for the technical and economic performance of the proposed industry should have a sufficient stake in the establishment to an extent necessary to reassure the consumers that the locally manufactured vehicle compares favourably with international equivalents;

(4) Initially, the manufacturer's equity participation in each assembly plant should not exceed 40 per cent while the remaining 60 per cent should be reserved for government and Nigerian participation which shall include the existing distributors;

(5) Managerial and Technical personnel in each assembly/manufacturing plant should be predominantly Nigerian and adequate training schemes before and after commencement of operations should be formulated to ensure the realization of this goal;

(6) The proposed plants will be expected to utilize all locally manufactured components certified to be comparable in quality and price to foreign equivalents. The tempo of further addition of locally manufactured parts and the extent of adaptation to local conditions will be determined later by negotiation. It is expected that the overseas manufacturers will not only give every possible administrative and technical assistance to interested local parts manufacturers, but also encourage their traditional suppliers overseas to come in to establish local support facilities;

(7) Each assembly/manufacturing plant should be able to operate with a diversified distribution channel; but the availability of spare parts and adequate servicing facilities should be guaranteed;

(8) The locally produced commercial vehicles should be competitively priced relative to comparable models on the international market, and the qualities should be of the same standard as those of comparable imported vehicles;

(9) It will be advisable not to assume Coastal locations although such possibilities are not ruled out. However, special dispensations may where necessary be considered for hinterland locations which shall also provide for the maximum utilization of existing installations;

(10) It will be an advantage to any tenderer who is ready, able and willing to satisfy its traditional share of the markets of neighbouring countries from the local establishment. In fact this will be one of the decisive factors in the negotiations.

(B) QUALIFICATIONS OF PROSPECTIVE TENDERERS (PROPOSERS):

(1) Experience in the manufacture of commercial vehicles and the manufacture, and/or procurement of parts;

(2) Experience in establishing commercial vehicle manufacturing plants in a developing economy;

(3) Ability to produce evidence of consumers acceptance of the manufacturer's make of vehicle in Nigeria and neighbouring markets;

(4) Capability of attracting overseas manufacturers of components;

(5) Capability of training personnel for independent truck distribution organizations;

(6) Experience in the supply of spare parts and servicing facilities.

(C) DETAILS OF PROPOSALS:

The detailed proposals based on the general requirement specified in paragraph (A) above should also include details of:

(a) the makes, models, payloads and Gross Vehicle Weight of commercial vehicles proposed for assembly/manufacturing;

(b) other relevant technical specifications (e.g. BHP at a stated RPM, engine type, etc);

(c) the proposed assembly operations and plant capacities for the various models;

(d) the CKD parts of the vehicles to be assembled and details of components that could be manufactured and/or procured locally from start-up and the values of the essential individual parts;

(e) market surveys and demand projections for different commercial vehicle payload categories, and proposed plant development (expansion) resulting from such projections;

(f) complete financial scheme specifying:

(i) initial capital investment,

(ii) operating costs,

(iii) working capital, and

(iv) flow of funds account.

(g) complete cost-benefit analysis;

(h) comprehensive ex-factory price list of CKD parts and CBU vehicles for each category;

(i) proposed site of assembly plant and justification;

(j) the contractual obligations that will exist between each overseas manufacturer or the suppliers of parts or materials, and the Nigerian commercial vehicle assembly/manufacturing plant, such as royalties, technical fees and management fees;

(k) any Government concessions or assistance required for the rapid and orderly development of the commercial vehicle and ancillary industries;

(l) a comprehensive local parts manufacture programme.

(D) Manufacturers desiring to submit detailed proposals, subject to the requirements and constraints stated above should in the first instance, give indications of their intention in a letter, addressed to the Permanent Secretary, Federal Ministry of Industries, P.M.B. 12614, Lagos, Nigeria, to reach him within one month of this announcement. Such a letter should include evidence of proposer's satisfaction of the requirements set out in paragraph (B) 1-4 above.

It must be emphasized that acceptance of any proposals rests critically on a guaranteed programme for local parts manufacture. Detailed proposals containing such a carefully defined programme should be submitted in six copies to the Permanent Secretary, Federal Ministry of Industries, Lagos, not later than two months after the submission of the letter of intention.
