Oil Pipelines Act 1965 (Cap. 145)

APPLICATION FOR OIL PIPELINE LICENCE

Notice is hereby given in accordance with section 8 of the Oil Pipelines Act Cap 145, 1965 that the Shell-BP Petroleum Development Company of Nigeria Limited has applied to the Federal Ministry of Mines and Power for the grant of a licence to enter upon, take possession of and use for 20 (twenty) years a strip of land for the purpose of laying an

8-inch diameter oil pipeline running from the Adibawa-NE flowstation to the existing 12" Adibawa Delivery Line, all in the Brass Division in the Rivers State of Nigeria, the route of which is demarcated on the ground by a survey trace marked with yellow pegs and is herein described.

DESCRIPTION

All that strip of land approximately 8.0 kilometers long, situate within the Brass Division in the Rivers State of Nigeria, the route of which traverses dryland and seasonal swamp and is shown in the Licensee's Drawing No. 56097 dated June 1973.

The width of the said strip of land will be variable and will be approximately as follows:

- | | |
|--|---------|
| (a) where the route traverses dryland | 50 feet |
| (b) where the route traverses seasonal swamp... | 50 feet |
| (c) in the vicinity of all points of intersection (P.I.'s) | 50 feet |

Where in the following text the bearing of the line is described as proceeding to a certain P.I. the line will follow a simple curve from a tangent point before the P.I. and will enter the next bearing at a tangent point after the P.I. the exact distance from tangent point to tangent point will vary according to the radius of the curve used.

The route of the line is described as follows:

Starting at a point on the P.D. Meter Skid of Adibawa-NE flowstation marked P.I. 0 on the plan, whose Nigerian Co-ordinates are N139 356 E451 473 (M Belt) the route proceeds on a bearing of 149° 55' for a distance of 47m to a point marked P.I. 1, thence on a bearing of 239° 54' for a distance of 256m to a point marked P.I. 2, thence on a bearing of 254° 46' for a distance of 1,031m to a point marked P.I. 3, thence on a bearing of 204° 29' for a distance of 2,258m to a point marked P.I. 4, thence on a bearing of 199° 42' for a distance of 3,766m to a point marked P.I. 5, thence on a bearing of 216° 11' for a distance of 454m to a point marked P.I. 6, thence on a bearing of 197° 09' for a distance of 134m to a point marked P.I. 7, thence on a bearing of 107° 40' for a distance of 58m terminating at a point marked P.I. 8, whose Nigerian Co-ordinates are N132 803 E447 823 (M Belt) which is the tie-in point to the existing 12" Adibawa Delivery Line.

All co-ordinates, bearings and lengths are approximate and all bearings refer to Grid North.

2. A copy of the plan of the pipeline route identifying land affected can be inspected during all normal working hours at the Divisional Office at Brass, the Federal Ministry of Mines and Power, Port Harcourt and Lagos, and the office of the Principal Secretary to the Governor of Rivers State, Government House, Port Harcourt and office of the aforesaid Company at Umuobiakani near Port Harcourt.

3. Any person who considers that his land or interest in land will be injuriously affected by the grant of the licence should lodge orally or in writing not less than seven days before the hearing date in paragraph 6, with Administrative Officer in charge, Brass Division, notice of objection stating the interest of the objector and the grounds of objection.

4. Any public officer who receives a verbal objection in the course of his duties shall record the name and address, interest and grounds of objection of any person lodging such verbal objection and forward such details to the Administrative Officer in charge of Brass Division.

5. Matters relating to the amount of compensation payable by the aforesaid Company for its use of the land affected shall not be material grounds to include in a notice of objection.

6. The Administrative Officer in charge of Brass Division shall enquire into objections (if any) duly lodged in accordance with paragraphs 3 and 4 above at their office at Brass at 10 a.m. on the 27th day of December, 1973, giving all parties an opportunity to be heard. Reports thereof shall be sent without

delay to the Director of Petroleum Resources, Federal Ministry of Mines and Power, Lagos.

7. Compensation payable by the aforesaid Company for its use of the land affected shall be determined by negotiations between the Company and the landowners and/or occupiers.

EAST AFRICAN INSTITUTE FOR
METEOROLOGICAL TRAINING AND
RESEARCH RAF/71/199

The East African Institute for Meteorological Training and Research has been established as a joint organization between the East African Community and the University of Nairobi, with assistance from the U.N.D.P. It consists of two components, i.e. the Regional Meteorological Training and Research Centre within the East African Meteorological Department and the Department of Meteorology within the Faculty of Science of the University of Nairobi.

The training activities at the Institute are as follows:—

(i) at the Centre components:

training courses for Class IV, III and II personnel, including courses for agrometeorological and hydrometeorological technicians which are planned to be initiated in July 1974; refresher courses.

(ii) at the University component:

post-graduate diploma course in meteorology; meteorology courses under the B.Sc. programme;

courses in analysis and forecasting (given at the Centre component);

higher degree in meteorology (M.Sc. and Ph.D.).

The team of international experts assigned to the Institute is headed by a Project Manager, who is responsible for the implementation of the project and for the administrative aspects of the activities of the team as a whole. The instructors assigned to the Centre may be invited to present lectures on selected subjects at the University component.

Research programmes are carried out in different areas of applied meteorology as related to economic development, such as agriculture and water resources.
