Government Notice No. 92

RESTRUCTURING OF TRADE UNIONS

The Federal Military Government has approved, consequent upon the report of the Administrator of Trade Union Affairs and the recommendations of the Commissioner for Labour, the restructuring into 71 industrial unions of the existing registered trade unions of senior and junior staff, professional personnel, self-employed persons, independent contractors and employers which are over 800. Consequently, a number of trade unions will have their certificates of registration cancelled. It is in the interest of self-employed persons, contractors and employers, etc. whose unions will be cancelled to re-group as Co-operative Unions to further the interest of their members as their various unions do not conform with the present concept of a trade union.

Approval has also been given by Government for a number of measures, including check-off arrangement designed to give effect to the other recommendations of the Administrator. Details of the measures will be embodied in a Decree which will be promulgated soon.

In order to finalise other arrangements relating to the establishment of the 71 industrial unions and a new Central Labour Organisation, the Administrator of Trade Union Affairs will be publishing soon his programme of meetings and conferences with the trade unions.

The proposed 71 industrial unions with their constituent unions and the 277 unions whose registration will be cancelled are listed below :

- (a) List of the proposed 71 industrial unions
- (b) List of trade unions whose registration will be cancelled.
