5. Admission to the University does not guarantee a place in the Halls of Residence.

6. Since University hostels are not designed for single room accommodation, all students for whom accommodation is provided will be required to share rooms. Squatters and illegal lodgers in Halls will not be tolerated. The University accepts no responsibility for any student who moves to the campus without ensuring first that accommodation has been allocated to him/her.

7. The University warns all students and parents that it is extremely dangerous for a student to move into Lagos unless proper and firm arrangements have been concluded for his/her residential accommodation. The University would not like to see any of its students go through the unpleasant experience that inevitably comes to those who move into Lagos without adequate arrangements of where to live.

8. The University accepts no responsibility for such a situation.
