## Government Notice No. 878

IN THE MATTER OF SECTION 7 (1) OF THE TRADE DISPUTE ACT, 1976

AND

IN THE MATTER OF TRADE DISPUTE BETWEEN THE NATIONAL UNION OF PAPER AND PAPER PRODUCTS WORKERS AND MANAGEMENT OF WAHUM PACKAGES (NIGERIA) LIMITED

WHEREAS a trade dispute has arisen and now exists between the National Union of Paper and Paper Products Workers and Management of Wahum Packages (Nigeria) Limited.

AND WHEREAS the endeavours to promote a settlement through mediation and Conciliation have proved unsuccessful;

NOW THEREFORE, I, ADEBISI OGEDENGBE, Federal Minister of Employment, Labour and Productivity, in exercise of the powers conferred upon me by Section 7 (1) of the Trade Disputes Act, 1976, hereby refer the matter in dispute to the Industrial Arbitration Panel with the following terms of reference:—

To inquire into the trade dispute existing between the National Union of Paper and Paper Products workers and Management of Wahum Packages (Nigeria) Limited over the following points:—

- “1. Termination of our union branch Chairman.
2. Victimization of union members and high-handedness”

and to make such awards having regard to the circumstances of the dispute, and such other matters pertaining thereto or arising therefrom as the Industrial Arbitration Panel may deem necessary.

ADEBISI OGEDENGBE,  
Federal Minister of Employment,  
Labour and Productivity

Lagos, 18th September, 1981.

## Government Notice No. 879

## INSTITUTE OF MEDICAL LABORATORY TECHNOLOGY OF NIGERIA

The Governing Council of this Institute is pleased to announce the release of the results of its Part II (B) Final Diploma Examination held in April/July 1981.

The pass list is as follows:—

CHIEF S. O'NEILL,  
Chairman,  
Diploma Examinations  
Board

G. W. PARK,  
Secretary Registrar and  
Secretary to Diploma  
Examinations Board

for Chairman Governing Council

Issued from the Registry 17th July, 1981.

## Government Notice No. 880

INTERNATIONAL LABOUR OFFICE  
TECHNICAL CO-OPERATION PROGRAMME  
ANNOUNCEMENT OF VACANCY

*Country/Region.*—Greece.

*Project Code.*—PIACT RBTC 1981.

*Pasrec No.*—3417.

*Date issued.*—July 1981.

*Closing date for applications.*—No fixed date.

*General field.*—Occupational Health and Safety.

*Title of Post.*—Expert on chemical-analytical laboratory methods in industrial hygiene and toxicology.

*Duty station.*—Athens.

*Duration of appointment.*—(Short-term) 2 months.

*Scheduled starting date.*—1st October, 1981.

*Terms of appointment.*—The monthly net salary for this assignment ranges from US \$2,564.67 to US \$3,021. It is normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. The salary is payable in the currency of the home country of the person selected or in another currency of his/her choice.

During the assignment a daily subsistence allowance will be payable in the currency of the country or countries of assignment. At present, this allowance amounts to 2,080 Drachma per day. The daily subsistence allowance rate is subject to change during the assignment.

Short-term experts and consultants are entitled to 2½ working days' leave per month or the equivalent in cash for leave not taken. They also benefit from social security arrangements under specified conditions.

Applications from both men and women will be equally welcome.

*General Information.*—The Expert will be assigned to the Occupational Health and Safety Centre of the Ministry of Labour.

*Description of duties.*—(1) Review the work of the chemical-analytical laboratory of the Centre and assess the progress already achieved and the level of knowledge of his counterparts.

(2) On the basis of this review and assessment, prepare plans for and conduct further intensive training of the staff of the laboratory in advanced chemical-analytical methods and techniques applied in industrial hygiene and toxicology.

(3) Prepare the methodological instruction papers and other training aids as necessary.

(4) Advise on the proper organisation of work of the laboratory and make recommendations for its future development.

(5) Advise on the completion of the laboratory equipment.

(6) Prepare reports as required on the above activities.

*Qualifications required.*—(1) University degree in chemistry or biochemistry with considerable practical experience in industrial hygiene and toxicology chemical-analytical laboratory work.

(2) Ability to transfer his knowledge and experience to his counterparts.

(3) Ability to establish good working and personal relations with his counterparts.

(4) Good working knowledge of English. Knowledge of French would be an asset.

## Government Notice No. 881

INTERNATIONAL LABOUR OFFICE  
TECHNICAL CO-OPERATION PROGRAMME  
ANNOUNCEMENT OF VACANCY

*Country/Region.*—Burma.

*Project Code.*—BUR/79/010.

*Pasrec No.*—2516.

*Date issued.*—July 1981.

*Closing date for applications.*—No fixed date.

*General field.*—Co-operatives' Management Services.

*Title of Post.*—Adviser on Co-operatives' Management Consultancy.

*Duty station.*—Rangoon.

*Duration of appointment.*—(Short-term) 3 months.

*Scheduled starting date.*—January 1982.

*Terms of appointment.*—The monthly net salary for this assignment ranges from US \$2,564.67 to US \$3,021. It is normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. The salary is payable in the currency of the home country of the person selected or in another currency of his/her choice.

During the assignment a daily subsistence allowance will be payable in the currency of the country or countries of assignment. At present, this allowance amounts to 284 Kyat per day during the first 60 days and to 213 Kyat per day during the following period. The daily subsistence allowance rate is subject to change during the assignment.

Short-term experts and consultants are entitled to 2½ working days' leave per month or the equivalent in cash for leave not taken. They also benefit from social security arrangements under specified conditions.

*General information.*—During the preparatory phase of the project the Adviser will assist in the setting up of the Co-operatives' Management Service (CMS) to be established by the Ministry of Co-operatives for the purposes of improving the economy of operations and the quality of services of the co-operative societies.

*Description of duties.*—The Adviser on Co-operatives' Management Consultancy will:

(1) Assist in drawing up of the organisational structure of the CMS.

(2) Assist in defining the functions of the professional staff in form of job descriptions to be attached to the CMS by the Government.

(3) Initiate the procedures of work for the CMS staff.

(4) Finalise the specifications for procurement of the equipment, to be supplied to the CMS, and to place the equipment requests.

**Reporting.**—The Adviser reports to or through the National Project Co-ordinator, as will be requested, on the work done within his mission.

**Qualifications required.**—A university degree in economics, management, co-operatives or equivalent recognised experience. Experience in management/management consultancy within the co-operatives is required for a period of over five years.

**Language.**—Full command of English.

### Government Notice No. 882

#### INTERNATIONAL LABOUR OFFICE TECHNICAL CO-OPERATION PROGRAMME ANNOUNCEMENT OF VACANCY

**Country/Region.**—United Arab Emirates.

**Project code.**—UAE/80/009 (Post 01).

**Pasrec No.**—3384.

**Date issued.**—January 1981 (Revised July 1981).

**Closing date for application.**—No fixed date.

Applications from both men and women will be equally welcome.

**General field.**—Institution Building, Training.

**Title of post.**—Senior Adviser in Women's Handicraft (Post 01).

**Duty Station.**—Abu Dhabi.

**Duration of appointment.**—(fixed term) 12 months with possibility of extension.

**Scheduled starting date.**—January 1982.

**Terms of appointment.**—ILO base salaries and allowances are normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. Although quoted in US dollars, salaries and allowances are payable partly in the currency of the country of assignment and partly in a freely chosen currency.

The pensionable remuneration of this assignment ranges from US \$44,982 to US \$61,490 and the (net) base salary ranges from US \$25,672 to US \$35,085. The salary on appointment will be fixed on the basis of the qualifications, experience and family status of the person selected. The base salary will be supplemented by an annual post adjustment ranging from US \$16,024.70 to US \$21,392.30 which is subject to future changes depending on the fluctuation of cost-of-living index and exchange rate. In addition an assignment allowance will be paid of US \$1,600 (single rate) or US \$2,000 (dependant rate) and a child allowance of US \$450 per year and child, except for the first child if the dependant rate of salary is paid in respect of that child.

Further benefits are: installation allowance, education grant, repatriation grant, 30 working days' annual leave, home leave travel with eligible dependants every two years or, alternatively, annual travel to visit dependants if unaccompanied at the duty station, rest and recuperation leave for certain duty stations, participation in pension and health insurance schemes.

**General information.**—The Senior Adviser will work in and supervise the work of a team of international experts and national counterparts attached to the Ministry of Labour and Social Affairs and working in the Women's Handicraft Centre. The Senior Adviser will assist the Government in continuing work in the Women's Handicraft Centre serving as a pilot project and demonstration point. She will further improve all aspects of the production of women's handicraft activities at the Centre. She will design and ensure implementation of a handicraft extension programme within the context of the Women's Social Development Centres and women's handicraft activities outside the centres in women's organisations. The Senior Adviser will assist the Government in preparing a policy statement concerning the role of the Women's Handicraft Centre, its aims and structure.

#### Description of specific duties :

For the above groups specifically, and for women's handicraft production in general, the Senior Adviser will continue :

(a) assisting in formulating legal and organisational structures ;

(b) assisting in establishing handicraft production programmes ;

(c) assisting in identifying and ensuring raw material sources and organising raw material supplies ;

(d) assisting in formulating management structures ;

(e) organising and implementing training programmes for trainers and counterparts particularly in the weaving/spinning section ;

(f) selecting and creating designs for handicraft goods ;

(g) surveying equipment needs and ordering requisite goods ;

(h) assisting in surveying possible marketing channels, developing a pricing and cost system and other aspects of marketing women's handicraft production ;

(i) Assisting Trainees on completion of training programmes to establish co-operatives, containing all necessary functions to operate successfully ;

(j) assisting in carrying out an advisory extension programme for women's handicraft production throughout the Emirates, including establishing the necessary organisational and communications structure ;

(k) assisting in the creation of a permanent centralised exhibition of the arts and crafts of the Emirates.

#### Qualifications required :

(1) Wide and practical experience in handicraft production and promotion, with a good understanding of organisation and management.

(2) Knowledge of small-scale industries and related technology.

(3) Teaching experience in handicraft.

(4) Degree in arts and crafts or equivalent.

**Languages.**—Arabic mother tongue, with a working knowledge of English or French.

**Government Notice No. 883**

INTERNATIONAL LABOUR OFFICE  
TECHNICAL CO-OPERATION PROGRAMME  
ANNOUNCEMENT OF VACANCY

*Country/Region.*—India.

*Project Code.*—IND/80/020 (Post 02).

*Pasrec No.*—3413.

*Date issued.*—July 1981.

*Closing date for application.*—31st, December 1981.

Applications from both men and women will be equally welcome.

*General field.*—Working Conditions and Environment.

*Title of post.*—Expert in Psycho-Social Factors affecting quality of Working life (post 02).

*Duty station.*—Bombay.

*Duration of appointment.*—(Short-term) Six months.

*Scheduled starting date.*—end-1982.

*Terms of appointment.*—The monthly net salary for this assignment ranges from US \$ 2,564.67 to US \$ 3,021. It is normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. The salary is payable in the currency of the home country of the person selected or in another currency of his/her choice.

During the assignment a daily subsistence allowance will be payable in the currency of the country or countries of assignment. At present, this allowance amounts to 480 Rupee per day during the first 60 days and to 360 Rupee per day during the following period. The daily subsistence allowance rate is subject to change during the assignment.

Short-term experts and consultants are entitled to 2½ working days' leave per month or the equivalent in cash for leave not taken. They also benefit from social security arrangements under specified conditions.

*General Information.*—The expert will be associated with an inter-disciplinary project entitled "Humanisation of Work and Work Environment" in the Central Labour Institute, Bombay. Occupational psychology, industrial engineering and staff training are the disciplines concerned with the project. The Institute has also disciplines like industrial safety, hygiene, medicine, physiology for developing national policies and strategies based on research findings on working conditions and environment and also on demonstration projects undertaken for improving working conditions in industries. The Institute is also engaged in training and consulting activities on the subject.

*Description of duties.*—

(1) Assist in the formulation of research tools and methods and action research techniques related to group dynamics, worker participation and conflict resolution and other means of improving the quality of working life.

(2) Assist in the development of activities related to job stress.

(3) Carry out seminar, workshop and consulting activities related to on-going and new projects in these fields.

*Qualifications required.*—

(1) A Doctorate Degree or equivalent qualification in psychology, social psychology or sociology.

(2) At least 10 years experience in the field of organisational behaviour, group process assessment and in experimental social psychology in the study of small group behaviour and training.

(3) Ability to develop training strategies for conflict resolution, management development and organisational development.

(4) Ability to innovate action research strategies for assessing working conditions and environment and to promote union management co-operation for improving the same.

*Language.*—A thorough knowledge of written and oral English.

*Closing date for applications.*—30th October, 1981.

*General field.*—Working Conditions and Environment.

*Title of post.*—Expert in Job Design, Work Organisation and Group Technology (Post 01).

*Duty Station.*—Bombay.

*Duration of appointment.*—(Short term) 4 months.

*Scheduled starting date.*—Mid-1982.

*Terms of appointment.*—ILO base salaries and allowances are normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. Although quoted in US dollars, salaries and allowances are payable partly in the currency of the country of assignment and partly in a freely chosen currency.

The *pensionable remuneration* of this assignment ranges from US \$57,351 to US \$72,166 and the (net) *base salary* ranges from US \$30,776 to US \$39,485. The *salary on appointment* will be fixed on the basis of the qualifications experience and family status of the person selected. The base salary will be supplemented by an annual *post adjustment* ranging from US \$2,678 to US \$3,300 which is subject to future changes depending on the fluctuation of cost-of-living index and exchange rate. In addition an *assignment allowance* will be paid of US \$1,900 (single rate) or US \$2,400 (dependant rate) and a *child allowance* of US \$450 per year and child, except for the first child if the dependant rate of salary is paid in respect of that child. Further benefits are : *installation allowance, education grant, repatriation grant, 30 working days' annual leave, home leave travel* with eligible dependants every

two years or, alternatively *travel to visit dependants* if unaccompanied at the duty station, *rest and recuperation leave* for certain duty stations, participation in *pension and health insurance* schemes.

**General Information.**—The expert will be associated with an inter-disciplinary project entitled "Humanisation of Work and Work Environment" in the Central Labour Institute, Bombay. Occupational psychology, industrial engineering and staff training are the disciplines concerned with the project. The Institute has also disciplines like industrial safety, hygiene, medicine, physiology for developing national policies and strategies based on research findings on working conditions and environment and also on demonstrations projects undertaken for improving working conditions in industries. The Institute is also engaged in training and consulting activities on the subject.

**Description of duties.**—(1) Develop and conduct training programmes for the personnel of manufacturing industry in the area of work organisation job re-design and also semi-autonomous work group systems.

(2) Develop training/case study material for the conduct of training programme.

(3) Guide the field projects in the above area in selected industrial units and develop the local counterparts.

#### Qualifications required

(1) A university degree or other equivalent qualification.

(2) At least 10 years' professional experience in the area of job re-design and group production methods including group technology in manufacturing industries and ability to organise training programmes/seminars in these areas.

(3) Ability to establish and maintain good working relations with other persons and organisations.

**Language.**—Good working knowledge of English.

**Duty station.**—Jakarta, with travel within the country.

**Duration of appointment.**—(Fixed term) 12 months, with possibility of extension.

**Scheduled starting date.**—1st October, 1981.

**Terms of appointment.**—ILO base salaries and allowances are normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. Although quoted in US dollars, salaries and allowances are payable partly in the currency of the country of assignment and partly in a freely chosen currency.

The pensionable remuneration of this assignment ranges from US \$57,351 to US \$78,676 and the (net) base salary ranged from US \$30,776 to US \$42,054. The salary on appointment will be fixed on the basis of the qualifications, experience and family status of the person selected. The base salary will be supplemented by an annual post adjustment ranging from US \$12,586.60 to US \$16,327.80 which is subject to future changes depending on the fluctuation of cost-of-living index and exchange rate. In addition an assignment allowance will be paid of US \$1,900 (single rate) or US \$2,400 (dependant rate) and a child allowance of US \$450 per year and child, except for the first child if the dependant rate of salary is paid in respect of that child. Further benefits are : *installation allowance, education grant, repatriation grant, 30 working days' annual leave, home leave travel* with eligible dependants every two years or, alternatively, *annual travel to visit dependants* if unaccompanied at the duty station, *rest and recuperation leave* for certain duty stations, participation in *pension and health insurance* schemes.

**General information.**—The Chief Technical Adviser/Expert in management and organisation of technical services for working conditions and environment, will be the leader of an international team assigned to the Department of Manpower and Transmigration of the Government of Indonesia. The team's tasks are to assist the Government in developing and strengthening the capabilities of the Directorate General for Industrial Relations and Manpower Protection in the field of working conditions and environment, as specified in the Project Document.

#### Description of duties :

1. *In his capacity as Chief Technical Adviser.*—The incumbent will carry out the usual tasks of a chief technical adviser, with specific emphasis on :

(a) establishing a detailed *workplan* based on the Project Document, including identification and description of major tasks to be performed, their starting and completion times, the necessary inputs and the expected outputs, co-ordination requirements within and outside the project ; and in a general way, monitoring all project activities;

(b) assisting the Government in the selection of counterpart staff and of candidates for fellowship training abroad, establishing programmes of studies for the fellows and advising on their placement ;

*General information.*—The expert will be a part of the Team of International Experts under the chief technical adviser of the project to assist the Government of Bangladesh through the Bangladesh Small and Cottage Industries Corporation. In the course of his assignment the expert will prepare plans for organisation, development and setting up of an extension service and also for training of artisans, producers, and entrepreneurs of small, cottage, rural and handicrafts industries products, according to the felt needs of the project districts in co-ordination with the other members of the Project Team. He will also organise/assist in organising suitable training programmes for Extension Officers, etc. He will train suitable counterpart staff who will take over the expert's work on the expiry of his assignment. In particular, his duties will include :

*Description of duties :*

(a) Preparation of work plans for Extension Officers, their supervision and ensuring proper implementation, in close co-ordination with the rest of the Team.

(b) Preparation of development plans for selected product groups through the Extension Officers, and technical specialists.

(c) Identification of potential small, cottage, rural or handicraft products in each area and preparation of development proposals.

(d) Identification of defunctive crafts in the project districts and to formulate steps for their revival.

(e) Preparing proposals for training of artisans, entrepreneurs and potential managers, in related skill and organising implementation thereof. Preparation of course materials wherever needed.

(f) Preparing proposals for training of trainers in related fields.

(g) Ensuring adequate training of this counterpart staff, to enable them to continue the experts work on his departure.

(h) Generation of group activity in target groups of rural artisans and others.

(i) Developing mechanisms for interchange of Services and products between different product groups and other producers.

(j) Assisting to develop appropriate credit arrangements and other collective services for the benefit of producers at the grass roots level including collective purchases of raw materials, new designs, improved techniques of production, etc.

(k) Organising suitable post-training and follow-up activities for ex-trainees of different training programmes to ensure that the persons trained actually benefit from training received.

(l) Maintaining close co-ordination with all government voluntary and private agencies, involved in similar activities to eliminate duplication and to maximise impact.

(m) Assist in periodic surveys to be carried out through the Extension staff.

(n) To take all other steps that may be required to achieve the objectives of his assignment:

*Qualifications required :*

(a) Applicants must have a Degree or Diploma in Education, Extension programmes for Small/Cottage Industry, Industrial Engineering or Business Administration.

(b) At least five years practical experience in the field of industrial extension services including work with rural producers at the grass roots level in a developing country.

(c) At least five years experience organising and implementing formal training programme for small scale industry entrepreneurs and artisans.

TECHNICAL CO-OPERATION PROGRAMME

ANNOUNCEMENT OF VACANCY

Country/Region.—Bangladesh.

Project Code.—BGD/81 (Post 02).

Pasrec No.—3447.

Date issued.—July 1981.

Closing date for application.—No fixed date.

Applications from both men and women will be equally welcome.

General field.—Vocational Rehabilitation of Disabled Persons.

Title of post.—Expert in Production Workshop Development (Post 02).

Duty Station.—Dacca.

Duration of appointment.—(Short-term) 6 months.

Scheduled starting date.—1st January, 1982.

Terms of appointment.—The monthly net salary for this assignment ranges from US \$2,564.67 to US \$3,021. It is normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. The salary is payable in the currency of the home country of the person selected or in another currency of his/her choice.

During the assignment a daily subsistence allowance will be payable in the currency of the country or countries of assignment. At present, this allowance amounts to 480 Taka per day during the first 60 days and to 430 Taka per day during the following period. The daily subsistence allowance rate is subject to change during the assignment.

Short-term experts and consultants are entitled to 2½ working days' leave per month or the equivalent in cash for leave not taken. They also benefit from social security arrangements under specified conditions.

*General Information.*—The expert will assist the Government of the People's Republic of Bangladesh and particularly the Labour Department, Ministry of Labour and Industrial Welfare in developing a production workshop which will function in conjunction with an assessment and skill training programme for industrially disabled workers.

*Description of duties.*—In particular, the expert will be required to:

(a) investigate suitable products for manufacture, identify the machinery and equipment required and advise on production methods and operational procedures;

(b) establish a mechanism for the purchase of raw materials and the marketing of finished products;

(c) advise on suitable methods of quality control, the care of equipment and the economical use of materials;

(d) establish appropriate accounting and other administrative procedures;

(e) train national counterpart staff in the organisation, administration and technical operation of a production workshop.

**Qualifications required.**—The expert should possess a sound technical background of production workshop experience particularly relating to sheltered employment programmes for the disabled. A knowledge of works management, production methodology and quality control is essential. Experience in sales promotion and marketing would be an advantage.

**Language.**—English.

**Project No.**—3380.

**Date issued.**—July 1981.

**Closing date for applications.**—No fixed date.

Applications from both men and women will be equally welcome.

**General field.**—Rural Fuel, Women and Development.

**Title of post.**—Project Officer "Energy and Rural Women's Work".

**Duty station.**—Geneva.

**Duration of appointment.**—(Fixed term) 12 months with possibility of extension.

**Scheduled starting date.**—As soon as possible.

**Terms of appointment.**—ILO base salaries and allowances are normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. Although quoted in US dollars, salaries and allowances are payable partly in the currency of the country of assignment and partly in a freely chosen currency.

The pensionable remuneration of this assignment ranges from US \$35,969 to US \$61,490 and the (net) base salary ranges from US \$21,600 to US \$35,085. The salary on appointment will be fixed on the basis of the qualifications, experience and family status of the person selected. The base salary will be supplemented by an annual post adjustment ranging from US \$11,792.40 to US \$18,680.60 which is subject to future changes depending on the fluctuation of cost-of-living index and exchange rate. In addition an assignment allowance will be paid of US \$1,600 (Single rate) or US \$2,000 (dependant rate) and a child allowance of US \$450 per year and child, except for the first child if the dependant rate of salary is paid in respect of that child. Further benefits are: installation allowance, education grant, repatriation grant, 30 working days' annual leave, home leave travel with eligible dependants every two years or, alternatively, annual travel to visit dependants if unaccompanied at the duty station, rest and recuperation leave for certain duty stations, participation in pension and health insurance schemes.

**General information.**—The effect of increasing scarcity of household fuel for the poor in the rural areas of many countries (due to rising oil prices, deforestation, etc.) tends to increase the cash needs

and/or work burden, particularly of women, and can lead to undesirable shifts in the foods cooked. This project aims to develop concrete micro-level information in four countries on rural household fuel availability and needs, to determine the impact of real energy costs (and charges) on food production, processing, nutrition and rural women's work. After a workshop to discuss the case studies and possible action, technical advice would be provided.

**Description of duties.**—Initiate, plan and coordinate an inter-regional project to investigate the relationship between changing rural household fuel availability, women's work and family nutrition, including: the selection of countries and national consultants to do the investigation; overseeing the research; organising a workshop to discuss the results of case studies and explore possible interventions; fielding two team missions to advise officials, etc.; provide technical advice to countries where studies were carried out; reporting on and evaluation of the project; and other work as may arise in order to execute the project.

**Qualifications required.**—Advanced university degree (economics, sociology, rural development, resource economics).

Research experience and publications in the areas of rural development, women and energy (or renewable resources).

Field experience connected with rural development projects and energy (or renewable resources).

Experience in dealing with governments, and international organisations as well as in supervising research.

**Languages.**—Full fluency in English and in French and/or Spanish.

*General information.*—Within the framework of the technology and employment programmes, to work as a member of a multi-disciplinary team of professionals (consisting of development economist, village technology expert and rural sociologists anthropologist) for the purpose of determining how technological change can improve the condition of rural women in terms of both providing sources of income and employment and in terms of reducing the strain, drudgery and burden of household or other types of non-monetised and unpaid domestic work. Pilot operational activities will be undertaken in three villages of the eastern region of Ghana, involving the use of improved technologies in the

The *pensionable remuneration* of this assignment ranges from US \$35,969 to US \$61,490 and the (net) *base salary* ranges from US \$21,600 to US \$35,085. The *salary on appointment* will be fixed on the basis of the qualifications, experience and family status of the person selected. The base salary will be supplemented by an annual *post adjustment* ranging from US \$11,792.40 to US \$18,680.60 which is subject to future changes depending on the fluctuation of cost-of-living index and exchange rate. In addition an *assignment allowance* will be paid of US \$1,600 (single rate) or US \$2,000 (dependant rate) and a *child allowance* of US \$450 per year and child, except for the first child if the dependant rate of salary is paid in respect of that child. Further benefits are: *installation allowance, education grant, repatriation grant, 30 working days' annual leave, home leave travel* with eligible dependants every two years or, alternatively, *annual travel to visit dependants* if unaccompanied at the duty station, *rest and recuperation leave* for certain duty stations, participation in *pension and health insurance schemes*.

*General information.*—This project intends to draw on networks of women researchers and development workers in Africa and Asia to bring to light information on successful initiatives taken at various levels to gain and improve remunerative work/employment for poor rural women, then to provide for exchange of that information within and between the regions with a view to evolving profiles and guidelines.

*Description of duties.*—Initiate, plan and co-ordinate a project in Asia and Africa which will develop and disseminate knowledge about successful initiatives taken to achieve sustainable remunerative employment for poor rural women.

*Specific duties include.*—Establishing contacts with Asian and African regional women's organisations (particularly PAWF and AAWORD) so that their networks can be utilised; organising a workshop among representatives of regional organisations ILO and others to co-ordinate and plan the project; advising on the selection of researchers and consultants; overseeing the research and writing up of appraisals of successful initiatives; organising planning managing and reporting on an Asian regional workshop followed by an inter-regional Asian-African workshop to achieve an exchange of experiences and ideas; reporting on and evaluating the project, including the method of interaction; preparing and editing for publication the profiles that emerge in the course of the project; and other work as may be required to execute the project.

*Qualifications required.*—Advanced university degree (economics, sociology, rural development).

Research and publications in the areas of rural development and women.

Field project experience.

Experience in dealing with government officials and organisations as well as in supervising research.

*Languages.*—Fluency in English and French.

tasks identified by women as critical to their needs. The Ghana National Council on Women and Development (NCWD) in Accra will act as the counterparts and the project will be implemented in close collaboration with national research and development institutions, including the Technology Consultancy Centre (TCC) in Kumasi.

*Description of duties.*—(a) to participate in the formulation of multi-disciplinary analytical framework for policy-oriented investigative work and operational activities relating to technology and rural women and to develop the work methodology, particularly to provide the economics component to the cross-disciplinary work ;

(b) to identify activities (in non-farm, agriculture and services sectors) for which rural women are primarily responsible and to review the range of technologies available in these tasks and critically screen them for their economic suitability ;

(c) to review, evaluate and, if appropriate, propose modifications to policies affecting rural women's employment—generating technologies (including policies to arrest the observed trend which leads to gradual erosion of rural women's income and employment opportunities).

(d) to identify priorities between technologies which (a) relieve women of the burden of their heaviest and most difficult tasks, (b) enable them to work fewer hours a day, (c) liberate them from taking domestic unpaid and non-monetised (household work, (d) provide income-earning opportunities, and (e) increases work productivity ;

(e) to identify and recommend policies and measures which will improve rural women's access to sources of technology, working capital, extension services, etc. ;

(f) to examine the scope and feasibility of the formation of multi-purpose co-operatives to market products of women's enterprises using new technologies (e.g. co-operatives composed of women's enterprises, truck drivers and women traders in urban markets) ;

(g) to make a social and economic evaluation of the implications of introducing innovations in rural women's activities and to make an assessment of the social and economic constraints to the diffusion of technologies most-suited for women engaged in their activities ;

(h) to identify through feasibility studies rural women's activities which have the potential for rural investment ;

(i) to liaise and co-ordinate the activities of NCWD, TCC, extension staff, village multi-purpose co-operatives and traditional institutions, etc. in order to permit the establishment of a continuous machinery of joint collaborative work on technology and rural women.

The economist will be fully responsible for preparing and drafting of all progress, interim and final reports by obtaining and co-ordinating necessary inputs from other project experts and counterparts.

*Qualifications required:*

(a) Ph.D. in development economics or equivalent experience ;

(b) experience in the planning and organisation of research studies and operational activities undertaken in the developing countries, preferably from the African region ;

(c) field experience and first-hand knowledges of rural sectors in developing countries of Africa including a detailed knowledge of the role of, women in rural development ;

(d) Between three to five years of research experience in the field of rural development, some of which would have to be related to appropriate technology for rural women ;

Proven capability for written and analytical work on rural development, with particular reference to the impact of technology on employment and income-earning opportunities for women.

*Language.*—Very good knowledge of written and spoken English. Knowledge of West African language would be an advantage.

*General field.*—Appropriate Technology for Rural Women.

*Title of post.*—Village Technology Expert (Post 02).

*Duty station.*—Accra, with travel within the country.

*Duration of Appointment.*—(fixed term) 12 months, with possibility of extension.

*Scheduled starting date.*—1st April, 1982.

*Terms of appointment.*—ILO base salaries and allowances are normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. Although quoted in US dollars, salaries and allowances are payable partly in the currency of the country of assignment and partly in a freely chosen currency.

The pensionable remuneration of this assignment ranges from US \$44,982 to US \$61,490 and the (net) base salary ranges from US \$25,672 to US \$35,085. The salary on appointment will be fixed on the basis of the qualifications, experience and family status of the person selected. The base salary will be supplemented by an annual post adjustment ranging from US \$26,632.60 to US \$35,553.40 which is subject to future changes depending on the fluctuation of cost-of-living index and exchange rate. In addition an assignment allowance will be paid of US \$1,600 (single rate) or US \$2,000 (dependant rate) and a child allowance of US \$450 per year and child, except for the first child if the dependant rate of salary is paid

in respect of that child. Further benefits are : *installation allowance, education grant, repatriation grant, 30 working days' annual leave, home leave travel with eligible dependants every two years' or alternatively, annual travel to visit dependants if unaccompanied at the duty station, rest and recuperation leave for certain duty stations, participation in pension and health insurance schemes.*

*General information.*—Within the framework of the technology and employment programme, to work as a member of a multi-disciplinary team of professionals (consisting of development economist, village technology expert and rural sociologist/anthropologist) for the purpose of determining how technological change can improve the condition of rural women in terms of both providing sources of income and employment and in terms of reducing the strain, drudgery and burden of household or other types of non-monetised and unpaid domestic work. Pilot operational activities will be undertaken in three villages of the eastern region of Ghana, involving the use of improved technologies in the tasks identified by women as critical to their needs. The Ghana National Council on Women and Development (NCWD) in Accra will act as the counterparts and the project will be implemented in close collaboration with national research and development institutions, including the Technology Consultancy Centre (TCC) in Kumasi.

*Description of duties :—*

- (a) to identify activities for which rural women are primarily responsible and to review the range of technologies available in these tasks and critically screen them for their technical suitability ;
- (b) to assist NCWD, TCC, etc., in testing, evaluation, design and development and fabrication of prototype equipment innovations which meet local manufacturing situation, and establish appropriate testing and evaluation methods ;
- (c) to participate in the formulation of multi-disciplinary analytical and conceptual framework for policy analysis and operational work relating to technology and rural women and to develop the work methodology, particularly to provide the concrete operational technology input to the cross-disciplinary work ;
- (d) to assess the scope for upgrading traditional technologies to suit rural women's needs and determine priorities for improved technologies ;
- (e) to identify and evaluate existing projects, programmes and activities on village technology related to women in Ghana ;
- (f) to devise and implement pilot projects aimed at promoting income/employment generating technologies in food farming (e.g. handoperated cultivators and planters), processing (soap and cooking oil), garri-making (including cassava grating), weaving (handloom), crafts (e.g. basket making), food preservation (vegetables, fish smoking), food preparation (improved cooking and soup preparation), etc. ;
- (g) to analyse the technical constraints to diffusion of village technologies for women and to suggest remedial measures ;
- (h) to introduce and demonstrate the use of improved equipment prototypes and train rural women in their use, repair and maintenance ;

(i) to examine the scope and feasibility of the formation of multi-purpose co-operatives to market products of women's enterprises using new technologies (e.g. co-operatives composed of women's enterprises, truck drivers and women traders in urban markets) ;

(j) to explore the scope for use of existing traditional rural institutions, groups and village opinion leaders in the dissemination of new technologies for rural women ;

(k) to produce a manual of village technologies for women ;

(l) to formulate comprehensive operational projects using a package approach covering technology, institutional, financial, marketing and other related factors ;

(m) to produce guidelines for the design and development of village technologies for women ;

(n) to introduce appropriate equipment innovations and prototypes which are labour-saving or which lighten burdensome tasks and innovations which generate incomes.

*Qualifications required.—*

(a) graduate degree in agricultural/mechanical engineering (diploma with equivalent experience) ;

(b) knowledge of range of village technologies available and in use in developing countries, particularly in Africa ;

(c) knowledge of on-going research and development work in improved equipment relevant to rural women's tasks in Africa ;

(d) field experience and first-hand knowledge of rural sectors in developing countries preferably of Africa, including knowledge of the role of women in rural development.

(e) operational/field experience related to village technologies for women ;

(f) proven analytical work, including previous work on manuals, guidelines, etc.

*Language requirements.*—Very good knowledge of written and spoken English. Knowledge of West African languages would be an advantage.

*Date issued.*—July 1981.

*Closing date for applications.* 31st January, 1982.

*General field.*—Appropriate Technology for Rural Women.

*Title of post.*—Rural Sociologist/Anthropologist (Post 03).

*Duty station.*—Accra, with travel within the country.

*Duty station.*—Accra, with travel within the country.

*Duration of appointment.*—(fixed term) 12 months, with possibility of extension.

*Scheduled starting date.*—1 April, 1982.

Applications from both men and women will be equally welcome.

*Terms of appointment.*—ILO base salaries and allowances are normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. Although quoted in US dollars, salaries and allowances are payable partly in the currency of the country of assignment and partly in a freely chosen currency.

The *pensionable remuneration* of this assignment ranges from US \$44,982 to US \$61,490 and the (net) *base salary* ranges from US \$25,672 to US \$35,085. The *salary on appointment* will be fixed on the basis of the qualifications, experience and family status of the person selected. The base salary will be supplemented by an annual *post adjustment* ranging from US \$26,632.60 to US \$35,553.40 which is subject to future changes depending on the fluctuation of cost-of-living index and exchange rate. In addition an *assignment allowance* will be paid of US \$1,600 (single rate) or US \$2,000 (dependant rate) and a *child allowance* of US \$450 per year and child, except for the first child if the dependant rate or salary is paid in respect of that child. Further benefits are: *installation allowance, education grant, repatriation grant, 30 working days' annual leave, home leave travel* with eligible dependants every two years or, alternatively, *annual travel to visit dependants* if unaccompanied at the duty station, *rest and recuperation leave* for certain duty stations, participation in *pension and health insurance* schemes.

*General information.*—Within the framework of the technology and employment programme, to work as a member of a multi-disciplinary team of professionals (consisting of development economist, village technology expert and rural sociologist/anthropologist) for the purpose of determining how technological change can improve the condition of rural women in terms of both providing sources of income and employment and in terms of reducing the strain, drudgery and burden of household or other types of non-monetised and unpaid domestic work. Pilot operational activities will be undertaken in three villages of the eastern region of Ghana, involving the use of improved technologies in the tasks identified by women as critical to their needs. The Ghana National Council on Women and Development (NCWD) in Accra will act as the counterparts and the project will be implemented in close collaboration with national research and development institutions, including the Technology Consultancy Centre (TCC) in Kumasi.

*Description of duties.*—(a) to participate in the formulation of a multi-disciplinary analytical and conceptual framework for policy analysis and operational work relating to technology and rural women and to develop the work methodology, particularly to provide the sociological/anthropological component to the cross-disciplinary work;

(b) to identify activities for which rural women are primarily responsible and to review the range of technologies available in these tasks and critically screen them for their suitability, and social acceptability;

(c) to assess rural women's needs and determine priorities for improved technologies;

(d) to evaluate the sociological implications of the introduction of innovations in rural women's tasks;

(e) to analyse social and cultural factors influencing the adoption of traditional and improved technologies by rural women;

(f) to review and assess the social and cultural factors which prevent benefits (such as control over cash income and increased leisure) from accruing to rural women following the introduction and use of improved technologies, and to suggest remedial measures;

(g) to examine the existing rural institutions (community and family) governing the use and control of technologies by rural women and, in this connection, to explore the scope for use of existing traditional rural institutions, groups and village opinion leaders in the dissemination of new technologies for rural women;

(h) to identify and recommend policies and measures which will improve rural women's access to sources of technology, working capital, extension services, etc.;

(i) to assess the social and cultural constraints to the diffusion of technologies in rural women's tasks;

(j) to evaluate and suggest social and cultural factors that need to be considered in the development and introduction of improved technologies for rural women;

(k) on the basis of the above, to implement pilot operational activities and to extend technical advisory services to national level activities and programmes.

*Qualifications required.*—(a) post-graduate degree in sociology/social anthropology;

(b) field experience and first-hand knowledge of rural sectors in developing countries, including knowledge of the role of women in rural development;

(c) minimum two years of work experience in the field of rural development, some of which has to be related to technology and rural women;

(d) analytical and written work on rural development, particularly related to rural women.

*Language requirements.*—Very good knowledge of written and spoken English. Knowledge of a West African language would be an advantage.

#### INTERNATIONAL LABOUR OFFICE TECHNICAL CO-OPERATION PROGRAMME ANNOUNCEMENT OF VACANCY

*Country/Region.*—India.

*Project code.*—IND/75/090.

*Pasrec No.*—3385.

*Date issued.*—July 1981.

*Closing date for application.*—No fixed date.

*General field.*—Labour Management and Employment (Vocational Training).

*Title of post.*—Expert in Industrial Chemistry (Post 03).

*Duty station.*—Madras, with visits to ATI Bombay, ITI Baroda and other locations.

*Duration of appointment.*—12 months, with possibility of extension.

*Desirable starting date.*—1st January, 1982.

*Terms of appointment.*—ILO base salaries and allowances are normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. Although quoted in US dollars, salaries and allowances are payable partly in the currency of the country of assignment and partly in a freely chosen currency.

The pensionable remuneration of this assignment ranges from US \$57,351 to US \$72,166 and the (net base salary ranges from US \$30,776 to US \$39,495. The salary on appointment will be fixed on the basis of the qualifications, experience and family status of the person selected. The base salary will be supplemented by an annual *post adjustment* ranging from US \$2,678.00 to US \$3,300.00 which is subject to future changes depending on the fluctuation of cost of living index and exchange rate. In addition an *assignment allowance* will be paid of US \$1,900 (single rate) or US \$2,400 (dependant rate) and a *child allowance* of US \$450 per year and child, except for the first child of the dependant rate of salary is paid in respect of that child. Further benefits are: *installation allowance, education grant, repatriation grant, 30 working days annual leave, home leave travel* with eligible dependants every two years or, alternatively, *annual travel to visit dependants* if unaccompanied at the duty station, *rest and recuperation leave* for certain duty stations, participation in *pension and health insurance schemes*.

*Description of duties :*

*General.*—The Expert will work under the direction of the Chief Technical Adviser Team Leader. He will be a member of a team which will comprise himself and experts in Process Control Instrumentation, Production Technology, Tool and Die Making/Plastic Moulds/Indian Standards; Tool and Die Making/Design/Indian Standards (2); Metrology and Inspection; Mechanical/Electrical, Maintenance (2); Cool Mining Equipment Maintenance Marine Diesel Operation and Maintenance; and Welding (Heavy Plates and Pressure Vessels).

The Chief Technical Adviser and the team of experts will support the Indian Government, Ministry of Labour, Directorate-General of Employment and Training, New Delhi, to implement an "Advanced Vocational Training System" (AVTS) throughout India.

This AVTS will include extending "Advanced Skill Training" from the Advanced Vocational Training Institute (ATI) in Madras to 5 other training institutes, establishing 16 "Model Industrial Training Institutes" (Model ITI), introducing modern training programmes and also using "Modules of Employable Skill" (MES).

*Specific.*

In co-operation with counterparts, the Expert will be responsible for :

- (a) organisation and implementation of advanced training in the field of industrial chemistry;
- (b) development of laboratories, installation and putting into operation and maintenance on equipment including process simulators;
- (c) training industrial personnel in short-term courses and development of various course programmes using the modular concept;

(d) maintaining liaison with chemical industry, the sponsors of trainees and correlating his work with the activities in the field of process control instrumentation allied to the chemical industry;

(e) drafting and submitting reports and recommendations as required;

(f) contributing in such other ways as his own areas of competence allow and as requested by the Chief Technical Adviser or the Senior Expert.

*Qualifications required :*

*General.*—

(a) higher technical education in chemical engineering up to university level, preferably with specialisation in analytical chemistry;

(b) substantial experience in training/upgrading of chemical technicians and other employed personnel;

(c) all round knowledge of chemical industries and laboratories;

(d) experience in development of laboratories, determining training needs, developing training programmes for advanced training and use of the modular concept;

(e) previous experience of working in developing countries would be an advantage.

*Specific.*

(a) knowledge of instrumental methods of analysis: electrochemical method polarography, coulometry, gas chromatography, liquid chromatography visible/infrared/atomic absorption spectrophotometry;

(b) experience with the application of these analytical methods to the different chemical industries, especially for the analysis of petrochemicals, fertilizers, metals and alloys and other industrial products.

The following equipment is installed in the AVTS laboratories :

Thermatic Analyser for Oxygen, Nitrogen, Hydrogen in Steel, Automatic Carbon Determinator by Coulometry, Automatic Spectrophotometric Analyser for Phosphorous, Manganese and Silicon in Steel, Gas Chromatographs, High Pressure Liquid Chromatograph, Atomic Absorption Spectrophotometer, Infra-red Spectrophotometer, Polarograph.

*Language.*—Good working knowledge of English.
