Country/Region.—Indonesia.

Project No.—Ins/82/013 (Post 07).

Pasrec No.—5426.

Date issued.—October 1984.

Closing date for applications.—Urgent recruitment. Applications from both men and women will be equally welcome.

General field.—(Title of project).—Technical Co-operation in Trade Promotion.

Title of post.—Migration and Employment (Post 07).

Duty station.—Jakarta, Indonesia (with extensive travel throughout Middle East)

Duration of appointment.—6 months

Scheduled starting date.—March 1985.

Terms of appointment.—The monthly net salary for this assignment ranges from US \$2,139.33 to US \$3,021.00. It is normally free of income tax. In the absence of tax exemption, tax paid will be reimbursed in accordance with an ILO document which may be supplied on request. The salary is payable in the currency of the home country of the person selected or in another currency of his/her choice.

During the assignment, a daily subsistence allowance will be payable in the currency of the country or countries of assignment. At present, this allowance amounts to Rupiah 94,810 per day during the first 60 days, and to Rupiah 71,110 per day during the following period. The daily subsistence allowance rate is subject to change during the assignment.

Short-term experts and consultants are entitled to 2 working days' leave per month or the equivalent in cash for leave not taken. They also benefit from social security arrangements under specified conditions.

General project information.—The International trade centre UNCTAD/GATT (ITC), in co-operation with the International Labour Organisation (ILO), is implementing a programme of technical co-operation with the Government of Indonesia's capacity to export goods and services to the Middle East region. This programme, which is being executed in collaboration with the Co-ordinating Team for Export activities to the Middle East, will involve a series of short and medium-term advisory inputs aimed at :

(i) taking advantage of existing export opportunities for Indonesian manufactures ;

(ii) developing market prospects for the export of manpower and services ; and

(iii) expanding the capacity of local institutions to provide market-related trade information and to establish appropriate standards for the employment of Indonesian workers in the Middle East region.

It is envisaged that a project office will be created within the Department of Trade to co-ordinate the project's activities and that this project office will liaise closely with other ITC and ILO project offices in Indonesia concerned with overall export and manpower development.

Description of duties.—The expert will work in Jakarta and will also undertake study missions to the Middle East in co-operation with designated Indonesian counterparts from the Co-ordinating Team for Export Activities to the Middle East.

The specific duties/responsibilities of the expert will be :

1. To study the employment and living conditions of foreign workers in Saudi Arabia and other priority Middle East countries in order to :

(a) identify public or private support services necessary to help Indonesian workers, especially in cases of disputes ;

(b) determine minimum terms and conditions of employment appropriate for various jobs ; and

(c) collect information on relevant labour laws, immigration laws, regulations and procedures.

2. To elaborate, in the light of ILO instruments, a "Model Contract" that will provide the basis for dignified working conditions, the safeguarding of the interests and rights of the Indonesian workers and a linkage between productivity levels and the payment system.

3. To assist in the organisation of study missions by key officials from the Co-ordinating Team for Exports Activities to the Middle East and the Department of Manpower, to establish closer contacts with other Asian countries supplying manpower to the Middle East and to observe how their relevant policies, systems and procedures are implemented.

4. To prepare and submit a final report on his work.

Qualifications required.—The expert must have :

1. A post-graduate degree in Economics or Law or other social sciences.

2. Relevant professional experience in relation to international migration and employment contracting.

3. He must be willing to travel for extended periods in the Middle East.

It would be an asset if the expert had prior experience working in technical co-operation activities in developing countries.

Languages.—Fluent in English and Arabic.

The daily subsistence allowance rate is subject to change during the assignment.

Short-term experts and consultants are entitled to 2½ working days' leave per month or the equivalent in cash for leave not taken. They also benefit from social security arrangements under specified conditions.

General project information.—In 1983, the Women's Bureau (Office of the Prime Minister) acquired the premises of Thabana-li-Mele (TLM) with buildings and residential facilities. The Bureau wishes to use the Centre for training and other activities for women. However, in order to avoid overlap with other ministries and NGOs working on women's issues, a national consensus is being sought on the types of activities such a resource centre should engage in and the inputs that can be committed by all concerned. Only when these questions are resolved can the detailed planning of activities at TLM be started. Meanwhile—and pending the completion of renovations at the Centre—a number of other training-related activities can be undertaken.

Description of duties.—Under the guidance of the Adviser to the Women's Bureau, the consultant will help the counterpart in training planning:

(a) to organise and guide the work of six instructors now concentrating on following up groups of women already trained for income-earning activities by the Bureau, in order to identify new needs and give further training;

(b) identify constraints being encountered by village groups (already trained) in obtaining help from extension staff of other ministries, and propose practical solutions, bearing in mind the constraints on such staff and after consultation both at field and ministerial levels;

(c) organise a system for obtaining information on needs of village women, including possibilities for obtaining this through field staff of other Ministries, NGOs, etc.;

(d) finalise any training modules (already started that might still be outstanding);

(e) identify, if necessary with assistance from competent institutions/persons, new types of skills/activities for women that might be promoted on a Pilot basis to show others how this can be achieved, what constraints are to be foreseen and how they can bring women into their courses for these skills;

(f) after the national consensus on the activities of TLM, draw up master plans for programmes at the Thabana-li-Mele Women's Resource Centre;

(g) make appropriate contributions concerning her work for the periodic reports of the project;

(h) any other duties within her competence.

Qualifications required.—Degree in education, applied arts or training methodologies/systems.

Certificate in instructor training.

Experience of training of trainers, curriculum development, extension work, planning and organisation of training.

Language.—English.

General project information.—The expert will be a member of the ILO/DANIDA project team based at the Department of Co-operative Development, Ministry of Agriculture, Botswana. The project team leader will be the ILO Chief Technical

Adviser (CTA). The expert will work under the supervision of, and report to, the CTA. He will assist the Co-operative Department and, as appropriate, the national co-operative movement on all matters related to manpower development in order to build a strong and self-reliant co-operative movement as well as a co-operative department with a capacity to give efficient statutory services and guidance. He will advise on the planning, organisation, implementation and evaluation of training and education activities undertaken by the Department and directly assist in the training of trainers, in particular in subjects related to commercial activities, such as retailing and marketing. An important part of the work will be to build up a core of full-time specialised trainers with sufficient theoretical and practical background. The expert will also advise on the further training of committee members in management subjects, and give guidance on the strengthening of primary societies' education sub-committees to increase the output of locally arranged education activities. The Adviser will be integrated into the department structure as Adviser to the Head of the Training and Education Section.

In particular, the expert will have the following duties :

(1) advise and assist in the planning of training and education activities in a one-year perspective and tentative capacity planning of activities in a three to five-year perspective ;

(2) assist in compiling specific and general manpower development plans for different co-operative sectors and/or institutions as a basis for training plans ;

(3) design of standardised plans of study and curricula for the basic training to major target groups, with particular emphasis on staff training in larger retailing operations where training should be interlinked with the advancement of staff ;

(4) direct assistance and advice in the design and pedagogical adaptation of handbooks and manuals, etc., for use as basic training materials as a basis for extension work and as daily reference materials ;

(5) assist in the training of trainers in formal sources and on the job in the use of materials and aids and in training techniques ;

(6) give advice and support in the implementation of the separate "members" education and publicity "project" being implemented within the Botswana Co-operative Union, and advise and assist in the strengthening of education sub-committees ;

(7) advise and assist in the further training of committee members/elected leaders, with particular emphasis on Secondary Societies' Board of Directors, standardised basic courses and national and regional leadership conferences ;

(8) advise and assist in the creation of a more autonomous training function based at CODEC headquarters, following the physical separation of most department functions from the CODEC, premises, including specialised administration, equipment, etc. ;

(9) advise on the selection and use of "model operations" in primary societies for training purpose as a regular feature of training programmes ;

(10) carry out any other duties for the development of the project as assigned by the CTA.

Qualifications required :

—a degree in Business Administration/Commerce or equivalent practical experience ;

—practical experience in co-operative training and education or an appropriate professional qualification.

—practical experience as a trainer in business subjects and management or related subjects of at least seven years, including experience of training administration and curriculum development. Experience of training for retailing operations would be an advantage, as well as experience in a developing country in Africa.

Language.—Fluent in written and spoken English.
