12. **US 2104: 2019, Face pack (Cosmetic mask) — Specification**
Scope: This Uganda Standard specifies the requirements, sampling and test methods for face packs.
13. **US 2141-1: 2019, Detonators — Specification — Part 1: Shock-tube detonator**
Scope: This Uganda Standard specifies requirements, sampling and test methods for permitted shock-tube detonators for commercial use. This standard applies to shock-tube detonator No. 6 (surface) and No.8 (In-hole) for commercial use.
14. **US EAS 926:2019, Varnishes for interior surfaces — Specification**
Scope: This Uganda Standard specifies requirements, methods of sampling and test for varnishes used on interior surfaces such as wood, concrete, stones, metals etc. This standard covers two types of varnishes namely type I and type II.
15. **US. EAS 927:2019, Road marking paints — Specification**
Scope: This Uganda Standard specifies requirements, methods of sampling and test for solvent-borne and water-borne paints for marking on bituminous or concrete surfaces. It makes provision for white, yellow, and black colours. *(This standard cancels and replaces US 745-1:2007, Road and runway marking paints — Specification — Part 1: Single pack solvent borne and water-borne paints and: US 745-2:2007, Road and runway marking paints — Specification — Part 2: Single pack water borne paints, which have been withdrawn).*
16. **US EAS 928-1:2019, Hot applied thermoplastic road marking paint — Specification — Part 1: Constituent material and mixtures**
Scope: The Uganda Standard specifies the requirements, methods of sampling and test for hot applied thermoplastic road marking paint and constituents that are melted and applied by spray, screed or extruded
17. **US EAS 928-2:2019, Hot applied thermoplastic road marking paint — Specification — Part 2: Road performance**
Scope: This Uganda Standard specifies the performance requirements for thermoplastic material which have been melted and applied on road surfaces by spray, screed or extruded.
18. **US EAS 929:2019, Solvent-based paint remover — Specification**
Scope: This Uganda Standard specifies the requirements, methods of sampling and test for solvent-based paint removers. The paint removers

are intended for general use on painted, varnished or lacquered on metal and other appropriate surfaces

19. **US ISO 16408:2015, Dentistry — Oral care products — Oral rinses**

Scope: This Uganda Standard specifies physical and chemical requirements and test methods for oral rinses.

20. **US ISO 28158:2018, Dentistry — Integrated dental floss and handles**

Scope: This Uganda Standard specifies the requirements and test methods for integrated dental floss and handles used for home care, community care, professional care of oral health or a part of dental treatment.

SECTION 2

ENGINEERING

- 2.1 **Building and construction materials**

- 2.1.1 **Concrete products**

21. **US 65:2019, Precast concrete paving units — Specification (2nd Edition)**

Scope: This Uganda Standard specifies the classification, general provisions, technical requirements, test method, inspection rules, marking, operation instruction, packaging, transport and storage of precast concrete paving units. The standard applies to the blocks and slabs with cement and aggregate as main raw materials, produced through pressurization, vibration pressurization or other forming processes, for paving concrete pavement and ground works for walkway, carriageway, square and warehouse (hereinafter referred to as paving units). The surface may have or be free of surface course (material), and may have colour or be colourless. *(The standard cancels and replaces the first edition US 65:2002, Specification for precast paving blocks which has been technically revised).*

- 2.1.2 **Concrete materials**

22. **US 2115:2019, Fly ash used for cement and concrete — Specification**

Scope: This Uganda Standard specifies the terms and definition, classification, grade, technical requirements, test methods, inspection rules, packaging, marking, transportation and storage of the fly ash used for cement and concrete. The standard is applicable to the fly ash used as admixture at time of mixing mortar and concrete, and fly ash used as active addition at time of cement production.

- 2.1.3 **Ceramic tiles**

23. **US ISO 13006:2018, Ceramic tiles — Definitions, classification, characteristics and marking**

Scope: This Uganda Standard defines terms and establishes classifications, characteristics and marking requirements for ceramic tiles of the best commercial quality (first quality). This document is not applicable to tiles made by other than normal processes of extrusion or dry pressing. It

is not applicable to decorative accessories or trim such as edges, corners, skirting, capping, coves, beads, steps, curved tiles and other accessory pieces or mosaics (i.e. any piece that can fit into a square, the side of which is less than 7 cm). *(The standard cancels and replaces the first edition US ISO 13006:2012, Ceramic tiles — Definitions, classification, characteristics and marking, which has been technically revised).*

2.1.4 Sanitation systems

24. US ISO 30500:2018, Non-sewered sanitation systems — Prefabricated integrated treatment units — General safety and performance requirements for design and testing

Scope: This Uganda Standard specifies general safety and performance requirements for design and testing as well as sustainability considerations for non-sewered sanitation systems (NSSS). A NSSS, for the purposes of this document, is a prefabricated integrated treatment unit, comprising frontend (toilet facility) and backend (treatment facility) components that

- a) collects, conveys, and fully treats the specific input within the system, to allow for safe reuse or disposal of the generated solid, liquid, and gaseous output, and
- b) is not connected to a networked sewer or networked drainage systems.

2.2 Mechanical engineering and metallurgy

2.2.1 Steel and steel products

25. US EAS 11:2019, Hot-dip galvanized plain and corrugated steel sheets — Specification (3rd Edition)

Scope: This Uganda Standard specifies requirements, test methods and sampling for hot-dip galvanized plain and corrugated steel sheets for roofing and general use. *(This standard cancels and replaces the second edition US EAS 11:2013, which is has been technically revised).*

26. US EAS 134:2019, Cold rolled steel sections — Specification (3rd Edition)

Scope: This Uganda Standard specifies the requirements and sectional properties of cold rolled steel sections of thickness of 1.0 mm to 8.0 mm for use in structural and general engineering applications. *(This standard cancels and replaces the second edition US EAS 134:2013, which is has been technically revised).*

27. US EAS 412-1:2019 Steel for the reinforcement of concrete — Part 1: Plain bars (3rd Edition)

Scope: This Uganda Standard specifies technical requirements for plain bars to be used as reinforcement in non-structural concrete. *(This standard cancels and replaces the second edition US EAS 412-1:2013, which is has been technically revised).*

28. US EAS 412-2:2019 Steel for the reinforcement of concrete — Part 2: Ribbed bars (3rd Edition)

Scope: This Uganda Standard specifies technical requirements for ribbed bars to be used as reinforcement in concrete. *(This standard cancels and replaces the second edition US EAS 412-2:2013, which is has been technically revised).*

29. US EAS 412-3:2019, Steel for the reinforcement of concrete — Part 3: Welded fabric

Scope: This Uganda Standard specifies technical requirements for factory made sheets and rolls of welded fabric, manufactured from steel wires or bars with diameters from 4 mm to 16 mm and designed for the reinforcement of concrete structures and the ordinary reinforcement of pre stressed concrete structures

30. US EAS 468:2019, Pre-painted metal coated steel sheets and coils — Specification (3rd Edition)

Scope: This Uganda Standard specifies requirements, sampling and test methods for pre-painted metal coated steel sheets and coils. *(This standard cancels and replaces the second edition US EAS 468:2013, which is has been technically revised).*

31. US EAS 914:2019, Mild steel nails — Specification

Scope: This Uganda Standard specifies requirements, sampling and test methods, tolerance on dimensions, finish and surface coating, for the mild steel nails for general applications.

32. US 193-1:2019, Steel wires and wire products for fencing — Specification — Part 1: Barbed wires

Scope: This Uganda Standard specifies the mechanical requirements, dimensions, sampling criteria and test methods for zinc-coated steel barbed wire to be used for general fencing purposes. *(This standard cancels and replaces US ISO 7900:2013, Steel wire and wire products for fences — Zinc and zinc-alloy coated steel barbed wire and US 195:2000, Specification for Zinc coated fencing wires, which have been withdrawn).*

33. US 193-2:2019, Steel wires and wire products for fencing — Specification — Part 2: Chain link

Scope: This Uganda Standard specifies the requirements for the dimensions, tolerances, coatings, test methods and delivery conditions of chain link steel wire mesh products specified for fencing and civil engineering purposes.

2.2.2 Glass in building

34. US ISO 12543-2:2011, Glass in building — Laminated glass and laminated safety glass — Part 2: Laminated safety glass

Scope: This Uganda Standard specifies performance requirements for laminated safety glass as defined in US ISO 12543-1.

35. US ISO 12543-3:2011, Glass in building — Laminated glass and laminated safety glass — Part 3: Laminated glass

Scope: This Uganda Standard specifies performance requirements for laminated glass as defined in US ISO 12543-1.

36. US ISO 12543-5:2011, Glass in building — Laminated glass and laminated safety glass — Part 5: Dimensions and edge finishing

Scope: This Uganda Standard specifies dimensions, limit deviations and edge finishes

of laminated glass and laminated safety glass for use in building. This part of US ISO 12543 is not applicable to panes having an area less than 0.05 m²

37. **US ISO 12543-6:2011, Glass in building — Laminated glass and laminated safety glass — Part 6: Appearance**

Scope: This Uganda Standard specifies defects of finished sizes and test methods with regard to the appearance of laminated glass when looking through the glass. This part of US ISO 12543 is applicable to finished sizes at the time of supply.

2.2.3 **Cutlery and tableware**

38. **US ISO 8442-1:1997, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 1: Requirements for cutlery for the preparation of food**

Scope: This Uganda Standard specifies material and performance requirements and test methods for metal cutlery and related implements intended for use in the preparation of food. Two grades of cutlery are specified:

- a normal grade with corrosion resistant blades or prongs capable of withstanding dishwasher cleaning procedures;
- a special grade with corrosion resistant blades capable of withstanding dishwasher cleaning procedures and sterilization processes.

39. **US ISO 8442-2:1997, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 2: Requirements for stainless steel and silver-plated cutlery**

Scope: This Uganda Standard specifies material, performance requirements and test methods for table cutlery (knives, forks, spoons, carving sets, ladles, children's cutlery and other serving pieces). This standard is applicable to stainless steel cutlery and to silver-plated nickel silver, or silver-plated stainless steel, cutlery. It does not cover cutlery made wholly of precious metals, aluminium, nonstainless steel or that made entirely of nickel silver, nor does it cover gold-plated or chromium-plated cutlery.

40. **US ISO 8442-3:1997, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 3: Requirements for silver-plated table and decorative holloware**

Scope: This Uganda Standard specifies material, performance requirements and test methods for silver-plated table and decorative holloware made principally from metals, and intended for use at or upon the dining table. Composition limits are specified for the basic metals for fabrication of the holloware prior to silver-plating. This standard applies to decorative items such as vases and trophies and includes such items as jugs, dishes, tea- and coffee-pots, trays and tureens, candlesticks, wine-coolers etc. Requirements are specified for brass, copper, nickel-silver, pewter and stainless steel holloware with a silver-plated coating and for silver-plated cast attachments thereto. The thickness levels of silver coatings are specified as first, second and third class,

these deposits can also be protected by lacquer. The standard does not apply to holloware made entirely of precious metals, brass, nickel-silver, pewter, stainless steel or that made from ceramics or glass.

41. **US ISO 8442-4:1998, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 4: Requirements for gold-plated cutlery**

Scope: This Uganda Standard specifies the following requirements for gold plated cutlery:

- a) performance requirements for table cutlery (for example, knives, forks, spoons, carving sets, ladles, and other serving pieces);
- b) composition limits for base metals for cutlery;
- c) tests for resistance to permanent deformation, firmness of handle attachment, hardness of blades, resistance to corrosion and the thickness and adhesion of gold coatings;
- d) three minimum thicknesses of gold plating: a first class, a second class, and a third class.

This standard specifies the method of defining gold deposits for each and every item and also test methods. This standard does not apply to table cutlery which has only small areas of gold plate as inlays in non-gold plated decoration.

42. **US ISO 8442-5:2004, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 5: Specification for sharpness and edge retention test of cutlery**

Scope: This Uganda Standard specifies the sharpness and edge retention of knives which are produced for professional and domestic use in the preparation of food of all kinds, specifically those knives intended for hand use. Powered blade instruments of any kind are excluded.

43. **US ISO 8442-6:2000, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 6: Lightly silver-plated table holloware protected by lacquer**

Scope: This Uganda Standard specifies material and performance requirements for table holloware and cast attachments, made from metals which are lightly silver-plated and protected by lacquer. This standard is applicable to such items as jugs, dishes, wine coolers, tea- and coffee-pots, trays and tureens. Requirements are specified for brass, copper, bronze, nickel-silver, pewter and stainless steel holloware with a light silver-plating and a lacquered coating. The standard does not cover holloware made entirely of precious metals, brass, nickel-silver, stainless steel or made from ceramics or glass or non-stainless steel or zinc-based die cast. Composition limits are specified for the basic metals for fabrication of the holloware prior to silver-plating and lacquering. The standard does not include requirements for design, size or any other characteristics which are matters of personal choice or which can be readily assessed by the purchaser at the point of sale.

44. **US ISO 8442-7:2000, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 7: Requirements for table cutlery made of silver, other precious metals and their alloys**

Scope: This Uganda Standard specifies material and performance requirements for table cutlery made of silver, other precious metals and their alloys (knives with stainless steel blades, forks, spoons, carving sets, ladles and other pieces). It does not include requirements for design, size, type of finish, blade flexibility, or similar characteristics which are matters of personal choice or which can be readily assessed by the purchaser at the point of sale. No sampling provisions are included in this standard, the requirements specified are applicable for each and every item produced.

45. **US ISO 8442-8:2000, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 8: Requirements for table cutlery made of silver table and decorative holloware**

Scope: This Uganda Standard specifies material, performance and marking requirements for silver table and decorative holloware, intended for use at or upon the dining table. This standard extends to decorative items such as vases and candlesticks and includes such items as jugs, dishes, tea- and coffee-pots, trays and tureens and wine-coolers.

46. **US ISO 8442-9:2018, Materials and articles in contact with foodstuffs — Cutlery and table holloware — Part 9: Requirements for ceramic knives**

Scope: This Uganda Standard specifies material and performance requirements and test method of ceramic blades of knives intended for use in the preparation of food.

2.3 Packaging and packaging products

47. **US EAS 930:2019, Paper and board food contact material — Specification**

Scope: This Uganda Standard specifies the requirements, sampling and test methods for paper and board food contact packaging material

48. **US EAS 932:2019, Paper Plates, Cups for food packaging — Specification**

Scope: This Uganda Standard specifies the requirements, sampling and test methods for paper plates and cups, with or without lids, used for food packaging.

THE TRADE MARKS ACT.

(Cap. 83).

NOTICE.

NOTICE IS HEREBY GIVEN that any person who has grounds to oppose the registration of any of the marks advertised herein may within sixty days from the date of this Gazette, lodge a Notice of opposition on Trade Mark Form No. 6 together with a fee of Shs. 4000 in case of National applicants or US\$ 250 in case of Foreign applicants. The period of lodging Notice of opposition may be extended in suitable cases by the Registrar as he thinks fit upon such terms as he may direct. Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant so that he may have an opportunity to withdraw his application before the expense of opposition proceedings is incurred. Failure to give such notice will be taken into account in considering any application by the opponent for an order for costs if the opposition is uncontested by the applicant. Representations of the marks herein advertised can be inspected at the office of the Registrar of Trade Marks, Amamu House, Plot No. 5B George Street, P.O. Box 6848, Kampala.
