101	Eastern Cape Provincial Treasury: Approval of the Health Tariffs for the 2019/20 Financial Year .....	4215	3

**PROVINCIAL NOTICES • PROVINSIALE KENNISGEWINGS****PROVINCIAL NOTICE 101 OF 2019****APPROVAL OF THE HEALTH TARIFFS FOR THE 2019/20 FINANCIAL YEAR**

1. Your submission dated 20 February 2019 regarding the request for the increase of patient fees tariffs for the 2019/20 financial year refers.
2. The detailed submission proposes the increase of an average of 5.6 per cent for patient fees which is in accordance with the Uniform Patient Fee Schedule (UPFS) tariffs. The increase is slightly above the projected inflation of 5.4 per cent as per the 2019 National Treasury Budget Review and this increase translates to health care services offered by the public hospitals. The UPFS is determined at a national level and is the competence of the National Department of Health for the uniform implementation of the patient fees across all provinces.
3. In accordance with Treasury Regulation 7.3.1 of the PFMA, the Provincial Treasury hereby approves the tariffs increase with effect from 1 April 2019 for patient fees as outlined in the 2019/20 UPFS. The department must ensure that the approved increase in tariffs is gazetted for implementation from 1 April 2019. Furthermore communities and other relevant stakeholders must be informed timoeously of the increase in patient fees tariffs.

Dear Mr. Majeke

Adjustment of Eastern Cape Department of Health tariffs: 2019/2020

**1. PURPOSE**

The purpose of this submission is to obtain Treasury Approval in terms of Treasury Regulations 7.3.1 for the adjustment of tariffs for the Eastern Cape Department of Health.

**2. BACKGROUND**

The department generates its revenue from patient fees charged to patients who present themselves for treatment at the public health institutions.

**3. METHOD OF CHARGING FEES**

**Patient Fees**

(i) These fees are charged according to the

- Ability of patients to pay for healthcare services rendered – means test.
- Level of public health service delivery
- Level of the health practitioner rendering the health care service
- Type of health care service rendered
- Bed type/ ward if the patient is admitted
- Emergency and rescue services: charges are calculated on the basis of stages of kilometres travelled and on the level of care rendered to the patient.

This means that patient fees will differ accordingly as above. Services rendered to indigent patients, however, are all inclusive and do not differentiate on bed / ward type and level of health care practitioner.

**4. CLASSIFICATION OF PATIENTS ACCORDING TO MEANS TEST AND EXPLANATION OF TARIFFS**

Patients are thus classified as follows;

**Table 1 – Patient Classification**

Category	Description	Applicable tariff
H0	No income Social pensioners	Services are free except where specified
H1	Individual : Income less than R70 000 per annum Household : Income less than R100 000 per annum	Minimum tariff applies and services are all inclusive. Maximum tariffs apply where specified
H2	Individual : Income less than R250 000 per annum Household : Income less than R350 000 per annum	A tariff above minimum is charged. Differentiation and itemized billing applies
H3 Self Funded	Earnings above R250 000 per annum single and R350 000 per annum household	85% of full UPFS tariff
Externally funded	Patients covered by a Health Insurance, and treated in a 'public ward'	Full UPFS rates apply
Hospital Staff and Government Employees	Hospital staff and civil servants treated or receiving healthcare services and medication in the institution	To health insurance members, full UPFS rates apply. Non-medical aid scheme members are charged according to means test.
Interdepartmental patients	E.g. Claimants from the Road Accident Fund/ Persons on awaiting trial e.t.c.	Full UPFS rates apply
Department of Justice	Psychiatric observations	Full UPFS high care rates apply
Private patients	Patients who prefer to be treated by their own doctors in a public hospital, including pregnant and lactating women and children under 6 years	Full UPFS Facility rates apply
Private patients	Patients treated in differentiated amenities	NHRPL equivalent or tariffs agreed to with Medical Aid Schemes.

(ii) **Free Services**

There exist certain circumstances under which patients will receive services free of charge. Such services include, but are not limited to Primary health care services. These services are illustrated in Table 2.

(iii) **By Pass Fee**

A by pass fee of R50.00 will be charged to all patients who come to public health hospitals without a referral letter from primary health care institutions and or a doctor.

**IMPLEMENTATION OF TARIFFS**

Patient fees will increase by 5.6% from the 2018/19 financial year and the increase applies to externally funded and subsidized patients. This is a Uniform Patient Fee Schedule (UPFS) tariff that is applicable throughout the Republic of South Africa.

**5. CONSULTATION**

On approval of the tariff reviews by Provincial Treasury, communities and other relevant stakeholders will be informed, and the tariffs will be gazetted.

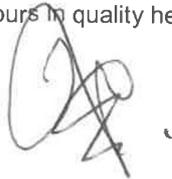

**6. FINANCIAL IMPLICATIONS**

The adjustment of tariffs will increase revenue.

**7. RECOMMENDATION**

It is hereby recommended that Eastern Cape Provincial Treasury approves the adjustment of tariffs with effect from 1 April 2019

Yours in quality health

Dear Ms Sauls-August

**RE: REVIEW OF THE UNIFORM PATIENT FEES SCHEDULE TARIFFS FOR 2019 / 2020**

In terms of section 41(1) and (2) of the National Health Act, 61 of 2003, the Minister of Health must annually make a determination regarding the Uniform Patient Fee Schedule (UPFS) tariffs. I have determined that the UPFS tariffs for the financial year 2019/2020 are increased by 5,6% CPI effective 01<sup>st</sup> April 2019. The increase is in line with the inflation rate of the period.

The UPFS tariffs are applicable to all paying patients treated at State Health Facilities and differentiated amenities.

Yours sincerely

  
DR A MOTSOLEDI, MP  
MINISTER OF HEALTH
