REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as [@gpw.gov.za](mailto:gpw@gpw.gov.za)

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at www.gpwonline.co.za
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

PROCLAMATION

by the MEC for Economic Development, Environmental Affairs and Tourism
January 2020

1. I, Mlungisi Mvoko, Member of the Executive Council (MEC) for Economic Development, Environmental Affairs and Tourism (DEDEAT), acting in terms of Sections 78 and 79 of the Nature and Environmental Conservation Ordinance, 1974 (Ordinance No. 19 of 1974), and Section 18 of the Problem Animal Control Ordinance, 1957 (Ordinance 26 of 1957) hereby determine for the year 2020 the hunting season and the daily bag limits, as set out in the second and third columns, respectively, of Schedule 1, hereto in the Magisterial Districts of the Province of the Eastern Cape of the former Province of the Cape of Good Hope and in respect of wild animals mentioned in the first column of the said Schedule 1, and I hereby suspend and set conditions pertaining to the enforcement of Sections 29 and 33 of the said Ordinance to the extent specified in the fourth column of the said Schedule 1, in the district and in respect of the species of wild animals and for the periods of the year 2020 indicated opposite any such suspension and/or condition, of the said Schedule 1.
2. In terms of Section 29 (e), [during the period between one hour after sunset on any day and one hour before sunrise on the following day], subject to the provisions of this ordinance, I prohibit hunting at night under the following proviso, that anyone intending to hunt at night for management purposes by culling any of the Alien and Invasive listed species, Hares, specified species, Rodents, Porcupine, Springhare or hunting Black-backed jackal, Bushpig and Caracal, in accordance with the Ordinance, must apply to DEDEAT for a provincial permit and must further notify the relevant DEDEAT office, and where applicable the SAPS Stock Theft Unit, during office hours, prior to such intended hunt. Proof of membership of a registered culling team is a requirement for an annual permit. In the absence of such proof of membership or ownership applications will be dealt with per hunt.
3. The EC Predation Management Forum has indicated that there is a need for a coordinated approach with the issuing of permits to qualified night hunters. The DEDEAT and Agri EC together with their Farmer's Associations have agreed to work together with the EC Predation Management Forum on this matter. Each agricultural regional manager will nominate hunters, who they will allow to conduct their night shooting of black-backed jackal and caracal, in their respective areas of jurisdiction. Permits will only be issued to these nominated night shooting hunters to hunt black-backed jackal and caracal.
4. In terms of Section 29 (i), [by means of a bow-and-arrow], subject to the provisions of this ordinance, I prohibit any natural person from hunting with a bow and arrow under the following proviso, that anyone intending to hunt with a bow and arrow must be in possession of a bow hunting certificate of competency, obtained from a recognized training institution, and must apply to DEDEAT for a provincial permit. Any other hunter, who is escorted by a professional hunter, may hunt without proof of a bow hunting certificate of competency. This applies to all bow hunting and includes properties with a Certificate of Adequate Enclosure (CAE).
5. In terms of Section 33 (1), no person shall without a provincial permit, use any motor vehicle or aircraft (includes a drone) to hunt any wild animal or to hunt, disturb, drive or stampede any wild animal or animals for the purpose of filming or photographing such hunt, disturbance, drive or stampede or for any other purpose whatsoever. This also applies to a property with a CAE.
6. In terms of Section 79 (f), subject to the provisions of this Ordinance, I restrict the live transport of any wild animal/s, excluding birds and reptiles, to the period 01 March to 31 October 2020.
7. In terms of Section 82 (1) (b), subject to the provisions of this proclamation, I suspend by proclamation under Section 79 (b), the operation of Section 29 (l) [by the use of a dog] only for properties larger than 300ha. For properties smaller than 300ha a permit must be obtained from the nearest DEDEAT office. Dogs used in the hunting of birds are excluded from this clause.
8. Should any person, for any reason whatsoever, hunt any wild animal/s in contravention to the provisions of this proclamation, such person must notify the nearest DEDEAT office, in the form of a sworn affidavit, within 24 hours of such contravention having taken place.
9. Protected species NOT listed in this proclamation, may only be hunted by means of a provincial permit or, if it is a Threatened or Protected Species (ToPS), by means of a ToPS ordinary hunting permit. An EC Provincial hunting licence is mandatory.
10. Please note further that a permit is NOT required to hunt, during the day, any of the species listed in the Alien and Invasive Species Regulations (AIS), promulgated in terms of Section 97(1) of the National Environmental Management: Biodiversity Act, 2004 (Act No. 10 of 2004). An AIS permit is, however, required by the landowner to possess live specimens.
11. This Proclamation remains effective until a new Proclamation has been gazetted. In the absence of a new Proclamation, the year shall be deemed to be the present year.
