BHISHO

PROCLAMATION

by the MEC for Economic Development, Environmental Affairs and Tourism

1. I, Mlungisi Mvoko, Member of the Executive Council (MEC) for Economic Development, Environmental Affairs and Tourism (hereinafter referred to as the department), acting in terms of Sections 78 and 79 of the Nature and Environmental Conservation Ordinance, 1974 (Ordinance No. 19 of 1974), and Section 18 of the Problem Animal Control Ordinance, 1957 (Ordinance 26 of 1957) hereby determine the following:
2. **That the Provincial Government Gazette Notice No 4924 as published on the 15<sup>th</sup> May 2023 is hereby repealed by this Notice.**
3. The hunting season and the daily bag limits, as set out in the second and third columns, respectively, of Schedule 1, hereto in the Magisterial Districts of the Province of the Eastern Cape of the former Province of the Cape of Good Hope and in respect of wild animals mentioned in the first column of the said Schedule 1, and I hereby suspend and set conditions pertaining to the enforcement of Sections 29 and 33 of the said Ordinance to the extent specified in the fourth column of the said Schedule 1, in the district and in respect of the species of wild animals indicated opposite any such suspension and/or condition, of the said Schedule 1.
4. In terms of Section 29 (b) *[with the aid of artificial light]* and (e) *[during the period between one hour after sunset on any day and one hour before sunrise on the following day]*, subject to the provisions of this ordinance, I prohibit hunting at night under the following proviso, that anyone intending to hunt at night for management purposes by culling any of the **Alien and Invasive listed species [AIS], Bushpig, Hares, Specified Species [Blesbuck, Blue wildebeest, Burchell's zebra, Gemsbok, Red hartebeest, Springbuck, Impala, Nyala, Waterbuck], Rodents, Porcupine and Springhare**, must apply to the department for a provincial permit. Proof of membership or ownership of a registered culling team is a requirement for an annual permit. In the absence of such proof of membership or ownership, applications will be dealt with per hunt.
3. In terms of Section 29 (b) *[with the aid of artificial light]* and (e) *[during the period between one hour after sunset on any day and one hour before sunrise on the following day]*, subject to the provisions of this ordinance, I prohibit hunting at night under the following proviso, that anyone intending to hunt at night for management purposes, by using the call-and-shoot method, of **Black-backed jackal and Caracal**, must apply to the department for a provincial permit. Proof of being a certified Call-and-Shoot Operator is a requirement for a permit. Please note that landowners require a provincial permit to call-and-shoot on their own property but are exempted from providing proof of certification.
4. In terms of Section 29 (i), *[by means of a bow-and-arrow]*, subject to the provisions of this ordinance, I prohibit any natural person from hunting with a bow and arrow under the following proviso, that anyone intending to hunt with a bow and arrow on land not covered by a valid Certificate of Adequate Enclosure (CAE), must be in possession of a bow hunting certificate of competency, obtained from a recognized training institution, or must be authorized in writing by a recognized hunting association, and must apply to the department for a permit. Any other hunter, who is escorted by a professional hunter, may hunt without proof of a bow hunting certificate of competency or written authorization by a recognized hunting association.
5. In terms of Section 33 (1), no person shall without a provincial permit, use any motor vehicle or aircraft (includes a drone) to hunt any wild animal or to hunt, disturb, drive or stampede any wild animal or animals for the purpose of filming or photographing such hunt, disturbance, drive or stampede or for any other purpose whatsoever. This also applies to a property with a CAE.
6. In terms of Section 79 (f), subject to the provisions of this Ordinance, I restrict the live transport of any wild animal/s, excluding birds and reptiles, to the period 01 March to 31 October.
7. In terms of Section 82 (1) (b), subject to the provisions of this proclamation, I suspend by proclamation under Section 79 (b), the operation of Section 29 (l) *[by the use of a dog]* only for properties larger than 300 hectares. For properties smaller than 300 hectares a provincial permit must be obtained from the relevant departmental office. The use of dogs is limited to the flushing of animals and for the tracking of wounded animals. Dogs are not to be used to attack or kill. Dogs used in the hunting of birds are excluded from this clause.
8. Should any person, for any reason whatsoever, hunt any wild animal/s in contravention to the provisions of this proclamation, such person must notify the relevant departmental office, in the form of a sworn affidavit, within 24 hours of such contravention having taken place.
9. Protected species NOT listed in this proclamation, may only be hunted by means of a provincial permit or, if it is a **Threatened or Protected Species [TOPS]**, by means of a TOPS ordinary hunting permit. An EC Provincial hunting licence is mandatory.

10. Please note further that a permit is NOT required to hunt, during the day, any of the species listed in the **Alien and Invasive Species Regulations [AIS]**, promulgated in terms of Section 97(1) of the National Environmental Management: Biodiversity Act, 2004 (Act No. 10 of 2004). An AIS permit is, however, required by the landowner to possess live specimens.
11. PLEASE NOTE that a **provincial hunting licence** IS NOT A PERMIT and does not authorize any hunting, by the holder thereof, UNLESS all permit requirements contained in legislation and in this proclamation have been adhered to.
12. Applications to hunt on **state land** –
- Any permit applications made to hunt on any state land, for example, Department: Rural Development and Land Reform [DRLAR], Land Affairs and Public Works properties must be channelled to the relevant official at the relevant offices of DRLAR, Land Affairs and Public Works who will then forward the authorization to the relevant departmental District Office. Once this authorization has been given, the department must forward the application and the authorization to the relevant Agricultural Association for comment before any permits may be issued. The Agricultural Association's comment must be provided within 72 hours, failing which it will be regarded by the department that there are no objections or comments.
13. This Proclamation remains effective until a new Proclamation has been gazetted. In the absence of a new Proclamation, the year shall be deemed to be the present year.

Hon. Mlungisi Mvoko  
Member of the Executive Council  
Department of Economic Development, Environmental Affairs and Tourism

**COMMENTS:**

This provincial gazette deals with the hunting of huntable wild animal species on land which does not have a Certificate of Adequate Enclosure [CAE]. It enables landowners to utilize these *res nullius* [literally means nobody's property or a thing which has no owner] huntable wild animal species which occur on their land. In ensuring that all landowners rights are entertained the department has an agreement to cooperate with organized agriculture and as such all landowner comments must be directed via your local Agricultural Association/Union to Agri Eastern Cape, Natasja Barkhuizen, via e-mail to [Natasja.Barkhuizen@agriec.co.za](mailto:Natasja.Barkhuizen@agriec.co.za).
