1. THE MANDATE AND ROLE OF THE OFFICE OF THE PREMIER

1.1 The Role of the Office

The mandate of the Office of the Premier is to support the Premier in executing his/her constitutional responsibilities and other political and ceremonial functions. In essence, the role of the Office of the Premier is to manage political processes and outcomes for the greater benefit of the Gauteng Province.

In keeping with the new mandate of the Gauteng Provincial Government that was adopted in 2009, the mandate of the Office of the Premier continues to be:

- Centralised strategic and spatial planning to achieve the objectives of the new mandate.
- Monitoring and evaluation to ensure improved service delivery and improved governance.
- Strengthening the cabinet system to assert the political authority of the Premier and the Executive Council at the centre of government.
- Improved policy research and advisory services to support governance and monitoring and evaluation.
- Facilitation of intergovernmental relations to ensure greater collaboration and alignment across all spheres of government.
- Co-ordinating service delivery in support of the new mandate.
- Leading and facilitation efforts to prevent corruption and ensure state accountability and transparency.
- Improving relations between government and its stakeholders at all levels and the development of partnerships in line with strategic priorities.

1.2 Constitutional mandate

The role, responsibilities and functions of the Premier are defined in Chapter 6 of the Republic of South Africa, 1996 (the Constitution). The Premier has executive, policy, legislative, intergovernmental and ceremonial functions and responsibilities defined in Chapter 6 of the Constitution. The Premier as the political head of the Provincial Government is also responsible for the implementation of Chapter 3 of the Constitution which deals with co-operative government. Section 41(1) defines the relationship and principles underlying cooperation between the various spheres of government. Section 127(2) of the Constitution defines the powers and functions of the Premier, among others, as follows:

- (a) Assenting to and signing Bills;
- (b) referring a Bill back to the provincial legislature for reconsideration of the Bill's constitutionality;
- (c) referring a Bill to the Constitutional Court for a decision on the Bill's constitutionality;
- (d) summoning the legislature to an extraordinary sitting to conduct special business;
- (e) appointing commissions of inquiry; and
- (f) calling a referendum in the Province in accordance with national legislation.

The Premier and Member of Executive Council must act in accordance with the Constitution and provide the legislature with full and regular reports concerning matters under their control. The Premier and MECs must act in accordance with the code of conduct prescribed by the National Legislature.

1.3 Legislative Mandate

Schedule 4 and 5 of the Constitution detail the specific areas of service delivery that provincial governments, concurrently with national and local government, are tasked with. These include: agriculture, consumer protection; cultural affairs; education at all levels, excluding university and technikon education; environment; health services; housing; local government (subject to the provisions of Chapter 10); police(subject to the provisions of Chapter 14); provincial public media; public transport; regional planning and development; road traffic; tourism; and welfare services.

The Province interacts with the national legislative mandate, which is put into operations through Parliament, through the National Council of Provinces. The National Council of Provinces comprises of provincial delegation of ten members from each Province, including Premiers. The Gauteng Provincial Government works in close collaboration with the National Council of Provinces and the Premier attends sessions from time to time, as and when necessary.

Section 125(2) of the Constitution determines that the Premier exercises the executive authority of the Province together with other members of the Executive Council. The Premier, together with the Executive Council exercises executive power by:

- (a) implementing provincial legislation in the Province;
- (b) implementing all national legislation within the functional areas listed in Schedule 4 or 5 except where the Constitution or an Act of Parliament provides otherwise;
- (c) administering in the Province, national legislation outside the functional areas listed in Schedules 4 and 5, the administration of which has been assigned to the provincial executive in terms of an Act of Parliament;
- (d) developing and implementing provincial policy;
- (e) co-ordinating the functions of the provincial administration and its departments;
- (f) preparing and initiating provincial legislation; and
- (g) performing any other function assigned to the provincial executive in terms of the Constitution or an Act of Parliament.

The Executive Council of the Gauteng Province has eleven members including the Premier. The Executive Council meets once a month and is the fulcrum upon which the Provincial Government revolves. The cabinet cycle meetings start with one technical committee meeting, followed by an Executive Council subcommittee meeting which then culminates with the Executive Council meeting. There are three clusters, vis a vis the Governance and Legislative Cluster, the Justice and Safety Cluster and the Socio-economic and Infrastructure Development Cluster.

The Legislative authority of the Province is vested in Provincial Legislature. In terms of Section 133(2) of the Constitution, MEC's are accountable collectively and individually to the Provincial

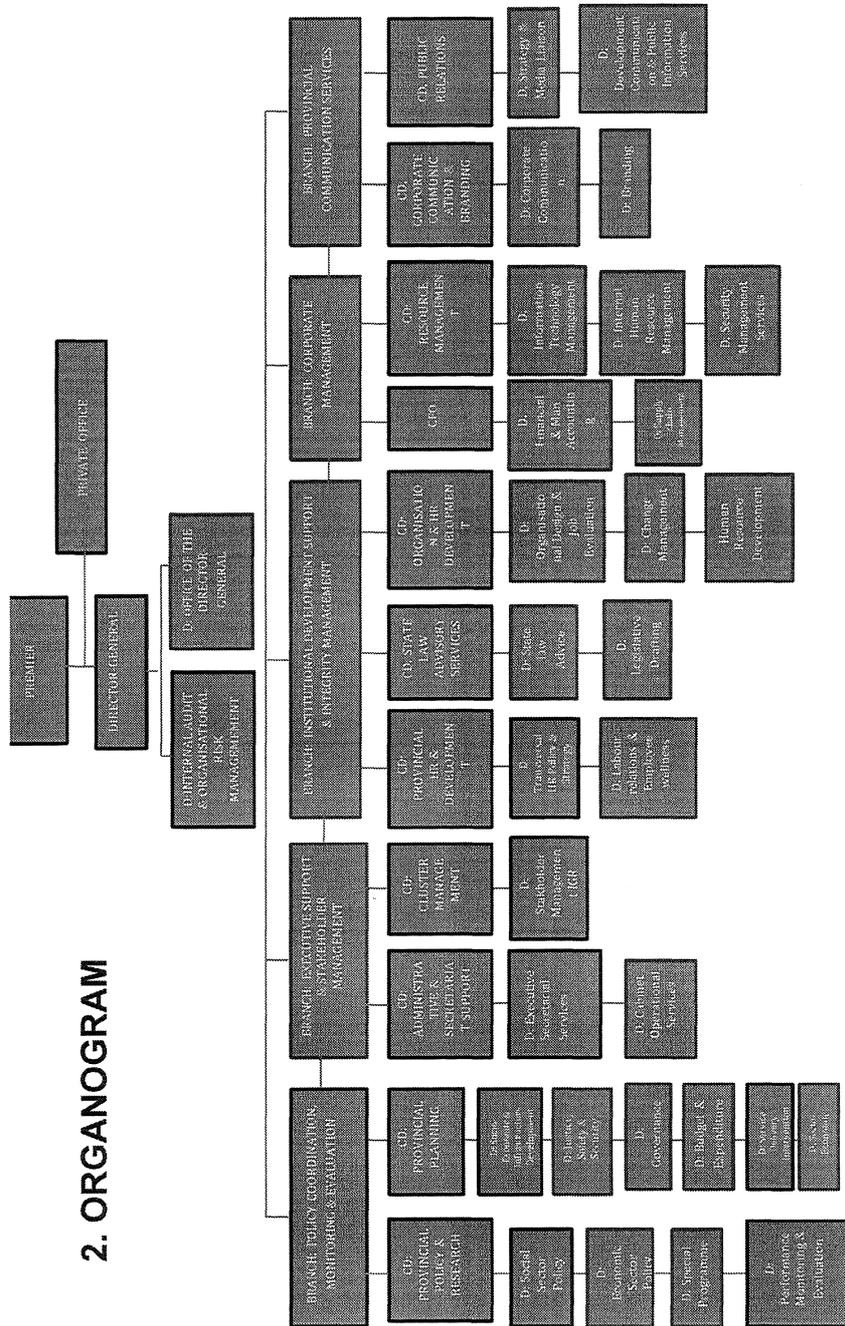

Legislature for the exercise of powers and performance of its functions. The Office of the Premier accounts to the Oversight Committee on the Premier's Office and the Legislature (OCPOL) for its budget allocations and the discharging of its mandate and responsibilities in terms of its voted budget.

1.4 Good governance mandate

The Gauteng Provincial Government is part and parcel of the Government of the Republic of South Africa and is obliged to observe and adhere to the principles of corporative governance and conduct its activities within the parameters of the Constitution.

- (1) All spheres of government and all organs of state within each sphere must-
 - (a) Preserve the peace, national unity and the indivisibility of the Republic;

2. ORGANOGRAM

3. THE STRUCTURE AND FUNCTIONS OF THE OFFICE OF THE PREMIER

- 3.1 The structure was approved by the Minister of DPSA in April 2012. The implementation plan was approved by the Premier for implementation on 1 August 2012. Consistent with the demand of the mandate, greater emphasis is placed in this new structure by creating branches representing the core functions of the Office.
- 3.2 In the old structure, the OoP had three (3) branches, whereas with the revised structure, the OoP has five (5) branches:
- Policy Coordination, Monitoring and Evaluation
 - Executive Support & Stakeholder Management
 - Institutional Development and Integrity Management
 - Corporate Management
 - Provincial Communications services
- 3.3 To support and strengthen centralised planning in the province, the Gauteng Planning Commission (GPC) was established within the OoP. In an effort to ensure continuous emphasis on centralised planning from a provincial perspective, the development planning component within the Department of Economic Development was migrated to the OoP, reporting to the Head of the GPC.
- 3.4 The primary purpose of the implementation of the new organisational structure was to capacitate critical service delivery areas such as the strengthening and building capacity of the Gauteng Planning Commission and Executive support to the Premier and Executive Council. Fundamental changes have been made to the proposed OoP organisational structure due to the implementation of a generic structure across all Offices of the Premier by the Department of Public Service Administration.
- 3.5 The new organisational structure will be phased in over the MTEF. The proposed generic structure posed a number of challenges as critical posts have been omitted from the new generic structure.
