GAUTENG PROVINCE

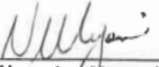

Consolidated Municipal Financial Report for the quarter ending 30 September 2022

GGT2030
GROWING GAUTENG TOGETHER

**PUBLICATION OF THE GAUTENG CONSOLIDATED STATEMENT ON THE
STATE OF MUNICIPAL BUDGETS FOR THE QUARTER ENDED 30
SEPTEMBER 2022.**

1. Section 71(7) of the MFMA requires the Provincial Treasury to publish a consolidated statement on the state of municipal budgets per municipality in the province, within 30 days after the end of each quarter.
2. The publication is based on the numbers as reported by all the municipalities in the Province, which the provincial treasury extracted from the National Treasury Local Government Database.
3. We have noted some discrepancies in the numbers which is mainly attributed to some municipalities still experiencing challenges with the implementation of the 'Municipal Standard Chart of Accounts' and related processes. Reporting is however a continuous process and municipalities are always requested to correct these discrepancies in subsequent reporting periods and thereby increasing the credibility of the reporting data strings.
4. In particular, the 'Monthly Budget Statements' from the National Treasury Local Government Database does not provide a complete set of information on cash flow position of municipalities and some municipalities reported distorted information in respect of their capital budgets and monthly Grant Reporting.
5. This publication is hereby made by the Gauteng Provincial Treasury in compliance with section 71(7) of the MFMA.
