## MEMORANDUM ON THE OBJECTS OF THE DRAFT WESTERN CAPE SPECIAL ECONOMIC DEVELOPMENT INFRASTRUCTURE COMPANY BILL, 2018

### 1. BACKGROUND

The Western Cape government (the WCG) is responsible for the creation of an enabling environment to promote sustainable economic activity and job creation within the Western Cape Province (the Province). Accordingly, the WCG has embarked on a number of special economic development infrastructure projects aimed at catalysing industry growth and economic competitiveness. These investments are made on the basis that such infrastructure acts as a facilitator of job opportunities, new capital investments, investor confidence and other inputs to production, thereby improving competitiveness and reducing business costs.

Economic development infrastructure projects usually have long lead times, are dependent on co-funding and require significant time after the investment before there is a direct dividend to the government. They are also often implemented across the different spheres of government or in partnership with private sector investors. These dynamics mean that the driver of catalytic projects requires thorough project development capabilities and the appropriate institutional structures for project management and ongoing investment management. Unless projects are driven through a dedicated coordinating body, there is the risk that investments will be made in an uncoordinated fashion, leading to sub-optimal returns on investment.

One of the key economic development infrastructure projects that the WCG has embarked on is the Atlantis Special Economic Zone (ASEZ), which was designated by the Minister of Trade and Industry under the Special Economic Zones Act (Act 16 of 2014)(the SEZ Act), by Government Notice 1130 of 2018, published in *Government Gazette* 41982 on 19 October 2018. The SEZ Act requires that once a Special Economic Zone (SEZ) has been designated, a provincial government business enterprise as contemplated in section 1 of the Public Finance Management Act, 1999 (Act 1 of 1999)(the PFMA) be established to manage the SEZ. In addition to the needs of the ASEZ, there are a number of other special economic development infrastructure projects that are in various stages of development and that will require the coordination and institutional capacity intended to be created by the Western Cape Special Economic Development Infrastructure Company SOC Ltd (the Company), as proposed by the Draft Western Cape Special Economic Development Infrastructure Company Bill, 2018 (the Draft Bill). These projects include—

- Cape Health Technology Park
- Cape Town International Convention Centre
- Proposed Design and Innovation Hub
- Broadband and Big Data

## 2. PURPOSE OF THE DRAFT BILL

**Kort titel en inwerkingtreding**

16. Hierdie Wet heet die Wet op die Wes-Kaapse Maatskappy vir Spesiale Ekonomiese-ontwikkelingsinfrastruktuur, 2018.

## MEMORANDUM OOR DIE OOGMERKE VAN DIE KONSEPWETSONTWERP OP DIE WES-KAAPSE MAATSKAPPY VIR EKONOMIESE-ONTWIKKELINGSINFRASTRUKTUUR, 2018

### 1. AGTERGROND

Die Wes-Kaapse regering (WKR) is verantwoordelik vir die skepping van 'n bemagtigende omgewing in die Provinsie Wes-Kaap (die Provinsie) om volhoubare ekonomiese aktiwiteit en werkskepping te bevorder. Dienooreenkomstig het die WKR 'n aantal spesiale ekonomiese-ontwikkelingsinfrastruktuur-projekte aangepak wat daarop gemik is om industriële groei en ekonomiese mededingendheid te bevorder. Hierdie beleggings word gedoen op grond daarvan dat sodanige infrastruktuur as 'n fasiliteerder van werksgeleenthede, nuwe kapitaalbeleggings, beleggersvertroue en ander insette tot produksie dien, waardeur mededingendheid verbeter en besigheidskoste verlaag word.

Ekonomiese-ontwikkelingsinfrastruktuur-projekte het gewoonlik 'n lang lewertyd, is afhanklik van medebefondsing en vereis aansienlik baie tyd ná die belegging voordat daar 'n direkte dividend vir die regering is. Dit word dikwels ook oor die verskillende regeringsfere geïmplementeer, of in vennootskap met privaatsektorbeleggers. Hierdie dinamika beteken dat die aandrywer van katalitiese projekte deeglike projekontwikkelingsvermoë en die gepaste institusionele strukture vir projekbestuur en voortdurende beleggingsbestuur vereis. Tensy die projekte aangedryf word deur 'n toegewyde koördinerende liggaam, bestaan daar die risiko dat beleggings op 'n ongekoördineerde wyse gemaak sal word, wat tot suboptimale opbrengste uit beleggings sal lei.

Een van die sleutel- ekonomiese-ontwikkelingsinfrastruktuur-projekte wat die WKR aangepak het, is die Atlantis Spesiale Ekonomiese Sone (ASEZ), wat deur die Minister van Handel en Nywerheid kragtens die "Special Economic Zones Act, 2014" (Wet 16 van 2014)(die SEZ-wet), aangewys is by Goewermentskennisgewing 1130/2018, gepubliseer in *Staatskoerant* 41982 van 19 Oktober 2018. Die SEZ-wet vereis dat, wanneer 'n Spesiale Ekonomiese Sone (SEZ) aangewys is, 'n provinsiale regeringsbesigheidsonderneming soos beoog in artikel 1 van die Wet op Openbare Finansiële Bestuur, 1999 (Wet 1 van 1999)(die WOFB), ingestel word om die SEZ te bestuur. Benewens die behoeftes van die ASEZ is daar 'n aantal ander spesiale ekonomiese-ontwikkelingsinfrastruktuur-projekte wat in verskeie stadiums van ontwikkeling is en wat die koördinerende en institusionele kapasiteit benodig wat beoog word geskep te word deur die Wes-Kaapse Maatskappy vir Spesiale Ekonomiese-ontwikkelingsinfrastruktuur MSB Bpk (die Maatskappy), soos voorgestel by die Konsepwetsontwerp op die Wes-Kaapse Maatskappy vir Spesiale Ekonomiese-ontwikkelingsinfrastruktuur, 2018 (die Konsepwetsontwerp). Hierdie projekte sluit in—

- Kaapse Gesondheidstegnologiesepark

- Voorgestelde Ontwerp- en Innoveringspulpunt
- Breëband en Groot Data
