PROVINCIAL NOTICE

P.N. 44/2022

8 April 2022

DEPARTMENT OF ENVIRONMENTAL AFFAIRS AND DEVELOPMENT PLANNING**NATIONAL ENVIRONMENTAL MANAGEMENT: INTEGRATED COASTAL MANAGEMENT ACT, 2008 (ACT 24 OF 2008)****INVITATION FOR PUBLIC COMMENT: DRAFT WESTERN CAPE PROVINCIAL COASTAL MANAGEMENT PROGRAMME 2022-2027**

The Provincial Minister of Local Government, Environmental Affairs and Development Planning in the Western Cape (the Provincial Minister) gives notice that he is reviewing the Western Cape Coastal Management Programme, 2016 (WC:CMP, 2016), and that he intends to adopt the Draft Western Cape Provincial Coastal Management Programme 2022-2027 (Draft WC:PCMP 2022-2027), in terms of section 46(1)(b) and (c) of the National Environmental Management: Integrated Coastal Management Act, 2008 (Act 24 of 2008) (the Act). He invites members of the public to submit written representations or objections on the Draft WC:PCMP 2022-2027.

The WC:CMP, 2016, currently under review, was published by the Provincial Minister under Provincial Notice 212/2016 in *Provincial Gazette* 7620 dated 27 May 2016.

In terms of section 47(1) of the Act, a provincial coastal management programme (PCMP) must be a provincial policy directive for the management of the coastal zone in a province. It must provide for an integrated, coordinated and uniform approach to coastal management in a province and must be consistent with the national coastal management programme and national estuarine management protocol. A PCMP must be reviewed at least once every five years and may be amended when necessary (section 46(1)(b) and (c) of the Act).

A PCMP must be taken into account when a coastal boundary is determined or adjusted (section 26(4)(b)(iii) of the Act) as well as when an application for an environmental authorisation for coastal activities in terms of Chapter 5 of the National Environmental Management Act, 1998 (Act 107 of 1998) (NEMA) (section 63(1)(d) of the Act), a general discharge authorisation or an application for a coastal waters discharge permit (section 69(7)(c) of the Act) or an application for a dumping permit (section 71(2)(b) of the Act) is considered. A coastal authorisation may be amended, revoked, suspended or cancelled if it is in conflict with a PCMP or if it will significantly prejudice the attainment of a coastal management objective (section 68(1)(b) of the Act).

The designation of coastal access land by municipalities is subject to the applicable PCMP (section 18(3)(a)(ii) of the Act). Programmes and plans in terms of the NEMA or any specific environmental management Act, integrated development plans in terms of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), and provincial and municipal land development plans must be aligned with the applicable PCMP, contain those provisions of the PCMP that specifically apply to it, and give effect to the PCMP (section 51 of the Act). In addition, estuarine management plans and the process by which they are developed, municipal coastal management programmes as well as coastal planning schemes must be consistent with the applicable PCMP (sections 34(1)(b)(ii), 49(1)(b)(i) and 56(2)(b)(iii) of the Act).

The Draft WC:PCMP 2022-2027 is informed by the Western Cape Government's plans; responds to the requirements of current legal mandates as well as national and provincial policies, strategies and programmes; and supports the implementation of the national coastal management programme. The Draft WC:PCMP 2022-2027 is a transversal initiative that is implemented through partnership with all relevant sectors, spheres of government and stakeholders. It seeks to indicate and align itself with changes to the legislative, environmental, and economic context, and primarily aims to reflect updated implementation targets in respect of planned and ongoing projects, and strategies to achieve projects.

After all representations and objections from the public have been considered, the review will be completed, and the Draft WC:PCMP 2022-2027 will be finalised and submitted to the Provincial Minister for adoption under section 46(1) of the Act.

The Draft WC:PCMP 2022-2027 may be viewed at <https://www.westerncape.gov.za/eadp/>. Alternatively, details may be obtained electronically on request by email to wccmp@westerncape.gov.za. Queries can be made on weekdays between 08:30 and 16:00 to Ms M Naiker at tel: 060 984 5004.

OPROEP OM OPENBARE KOMMENTAAR: WES-KAAPSE PROVINSIALE KONSEPKUSBESTUURSPROGRAM 2022-2027

Die Provinciale Minister van Plaaslike Regering, Omgewingsake en Ontwikkelingsbeplanning in die Wes-Kaap (die Provinciale Minister) gee kennis dat hy tans die “Wes-Kaapse Kusbestuursprogram, 2016” (WK:KBP, 2016), hersien en dat hy van voorneme is om die “Wes-Kaapse Provinciale Konsepkusbestuursprogram 2022-2027 (Konsep-WK:PKBP 2022-2027) ingevolge artikel 46(1)(b) en (c) van die “National Environmental Management: Integrated Coastal Management Act, 2008” (Wet 24 van 2008) (die Wet), aan te neem. Ingevolge artikel 47(1) van die Wet moet 'n provinsiale kusbestuursprogram (PKBP) 'n provinsiale beleidsvoorskrif vir die bestuur van die kussone in 'n provinsie wees. Dit moet voorsiening maak vir 'n geïntegreerde, gekoördineerde en eenvormige benadering tot kusbestuur in 'n provinsie en moet met die nasionale kusbestuursprogram en nasionale riviermondingsprotokol bestaanbaar wees. 'n PKBP moet minstens een keer elke vyf jaar hersien word en kan wanneer nodig gewysig word (artikel 46(1)(b) en (c) van die Wet).

'n Kusmagtiging kan gewysig, ingetrek, opgeskort of gekanselleer word indien ditstrydig is met 'n PKBP of indien dit die bereiking van 'n kusbestuursdoelwit aansienlik sal benadeel (artikel 68(1)(b) van die Wet).

Die aanwysing van kustoegangsgrond deur munisipaliteite is onderhewig aan die toepaslike PKBP (artikel 18(3)(a)(ii) van die Wet). Programme en planne ingevolge die WNOB of enige spesifieke omgewingsbestuurswet, geïntegreerde ontwikkelingsplanne ingevolge die Wet op Plaaslike Regering: Munisipale Stelsels, 2000 (Wet 32 van 2000), en provinsiale en munisipale grondontwikkelingsplanne moet met die toepaslike PKBP ooreenstem, daardie bepalings van die PKBP bevat wat spesifiek daarop van toepassing is, en uitvoering gee aan die PKBP (artikel 51 van die Wet). Daarbenewens moet riviermondingsbestuursplanne en die proses waardeur dit opgestel word, munisipale kusbestuursprogramme, asook kusbeplanningskemas, in ooreenstemming wees met die toepaslike PKBP (artikel 34(1)(b)(ii), 49(1)(b)(i) en 56(2)(b)(iii) van die Wet).

Die Konsep-WK:PKBP 2022-2027 word ingelig deur die Wes-Kaapse regering se planne; takel die vereistes van huidige wetlike mandate asook nasionale en provinsiale beleidsdokumente, strategieë en programme; en ondersteun die implementering van die nasionale kusbestuursprogram.
