PROCLAMATIONS

BY THE STATE PRESIDENT OF THE REPUBLIC OF SOUTH AFRICA.

No. R. 135, 1965.]

HIDES AND SKINS DECLARED AS AN AGRICULTURAL PRODUCT.

Under the powers vested in me in the definitions of "agricultural produce" or "produce" in section *one* of the Agricultural Produce Export Act, 1959 (Act No. 10 of 1959), I hereby declare hides and skins or any part thereof, derived from cattle, sheep and goats as agricultural products for the purposes of the said Act, and any regulations persuant thereto and in force.

Proclamation No. 252 of 24th October, 1930, is hereby repealed.

Given under my Hand and the Seal of the Republic of South Africa, at Cape Town on this the Seventh day of May, One thousand Nine hundred and Sixty-five.

C. R. SWART,
State President.

By Order of the State President-in-Council.
D. C. H. UYS.

No. R. 136, 1965.]

CANCELLATION OF PROCLAMATION RELATING TO THE REGISTRATION OF PERSONS AS EXPORTERS OF HIDES AND SKINS, CANCELLATION OF CERTIFICATES OF REGISTRATION, AND REQUIREMENTS TO WHICH HIDES AND SKINS INTENDED FOR EXPORT SHALL CONFORM.

Proclamation No. 84 of 1956 issued under section *five* of the Agricultural Produce Export Act, 1917 (Act No. 35 of 1917), and relating to the registration of persons as exporters of hides and skins, the cancellation of such certificates of registration and the requirements to which hides and skins intended for export shall conform, is hereby withdrawn with effect from 30th August, 1965.

Given under my Hand and the Seal of the Republic of South Africa at Cape Town on this Seventh day of May, One thousand Nine hundred and Sixty-five.

C. R. SWART,
State President.

SCHEDULE.

1. In these regulations any expression to which a meaning has been assigned in the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, shall have the meaning so thereto assigned, and unless inconsistent with the context—

(i) "angora goat skin" means a skin derived from a typical white angora goat; (i)

(ii) "bastard angora goat skin" means a skin derived from crosses between a goat and angora goat and having a covering in which angora hair predominates: Provided that goat hair shall predominate in the flank and belly portions of the skin; (ii)

(iii) "bastard goat skin" means a skin derived from crosses between a goat and angora goat having a covering in which goat hair predominates; (iii)

(iv) "bull hide" means a hide of which the shoulder part is noticeably thicker than the butt portion; (vi)

(v) "butt" means the rear middle portion of the hide or calf skin demarcated by—

(*a*) two straight lines on either side of and about parallel with the back line through the apexes of the shorter-hair-covered rear flanks (flank portion) and the two shorter-hair-covered front flanks;
(*b*) a line rectangular with the back line immediately in front of the two shorter-hair-covered front flanks; and
(*c*) the line formed by the tail end of the hide or calf skin, between the two straight lines which are about parallel with the back line referred to in (*a*); (xii)

(vi) "coarse woolled skin" means a skin covered with a mixture of wool and hair with wool predominating; (vii)

(vii) "controlled area" means an area defined in Proclamation No. 138 of 19th June, 1953; (iv)

(viii) "crossbred skin" means a skin derived from a white woolled breed other than the merino or from crosses between such white woolled breeds or from crosses between such white woolled breeds and the merino: Provided that slight kemp in the flank, belly and lower leg or shoulder portions and inconspicuous kemp in the fleece shall be permissible; (xiii)

(ix) "fleece" means the wool covering or the wool-and-hair covering of a skin other than the covering over the belly and leg portions; (xx)

(x) "glover skin" means a skin covered with hair or kemp or silky gloss-hair, or a skin of which the belly and flank portions are covered with hair or kemp or gloss-hair and the back portion with a mixture of wool of a temporary nature and hair, with hair predominating; (viii)

(xi) "goat skin" means a skin derived from all types and breeds of goats, other than the angora goat; (v)

(xii) "karakul skin" means a skin, other than the "karakul pelt", with definite and predominant karakul characteristics derived from a karakul sheep or a karakul sheep crossed with other sheep breeds; (xi)

(xiii) " kemp " means a thick, coarse, brittle and non-elastic fibre with air inclusions between the medullary cells. It appears opaque and chalky white in contrast to the transparent whiteness of other wool fibres and normally shows a pointed tip; (xix)

(xiv) " lamb skin " means a skin derived from a merino or crossbred sheep which has not been shorn and which as a skin in its complete form shall not exceed 4 square feet in the dry or dry-salted or 4½ square feet in the wet-salted or freshly-flayed state; (xiv)

(xv) " mark " means a letter or figure or conbination of letters or figures indicating the different types, classes and grades of hides or skins; (xvi)

(xvi) " merino skin " means a skin derived from a merino sheep; (xv)

(xvii) " neck area " of a skin means that part which protrudes immediately in front of the foremost breast part of the skin; (xvii)

(xviii) " pitted hide " or " pitted skin " means a hide or skin which has been salted in a tank or pit and allowed to lie in its own liquor; (x)

(xix) "recured hide " or " recured skin " means a hide or a skin which has been previously partially or wholly dried out into a dry-salted or sun-dried or shade-dried condition and subsequently wetted back and recured into a wet-salted or dry-salted condition; (ix)

(xx) " spinning count " means the fineness or fibre-thickness of wool indicated according to number; (xviii)

(xxi) " woolly glover skin " means a skin of which the covering on the belly portions consists of hair or kemp or silky gloss-hair whereas the remainder of the skin is covered with a mixture of wool and hair: Provided that the pelt shows the characteristics of a glover skin. (xxi)

2. These regulations shall apply to cattle hides, calf skins, goat skins or sheep skins which originate in the Republic of South Africa and South-West Africa: Provided that hides or skins imported from other territories shall be sorted and packed separately according to class and grade under the marks as specified but countermarked " F ".

3. *Grading, Marking and Packing.*—All hides and skins sold in Controlled Areas, shall in the case of—

(*a*) cured hides or skins be sorted and packed according to sort, type, class and grade and each bale, bundle, container or stack shall be legibly marked accordingly, as specified in Regulations 4 to 20 and Regulation 32;

(*b*) freshly-flayed hides or skins, be sorted and packed according to sort, type, class and grade as specified in Regulations 21 to 32.

DRY, DRY-SALTED AND WET-SALTED HIDES AND SKINS.

SHEEP SKINS.

4. *Merino Skins with a wool length of over* 1 (*one*) *inch*—

(1) *Grading.*—There shall be three grades, viz.—

(*a*) " sound skin "—denoting a well-flayed and well-cured skin of which the wool and pelt shall comply with the following requirements:—

Wool.

The Wool—

(i) shall show definite characteristic merino features;

(ii) shall be of at least fair average quality;

(*a*) *Grading.*—A skin which is reasonably well-flayed and reasonably well-cured and of which the wool and pelt comply with the following requirements shall qualify for this selection:—

Wool.

The wool—

(i) shall be of reasonably good quality;
(ii) shall show no breaks or shall not be damaged in any other way; and
(iii) may contain a moderate amount of dust, burr, steekgrass or other foreign or vegetable matter.

Pelt.

The pelt from which fleshings and fat are reasonably well removed—

(i) shall be of reasonably good substance and quality;
(ii) shall not be excessively ribbed; and
(iii) may have three small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or within 1 (one) inch from the four bare flank portions or within 4 (four) inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects.

9. *Lamb skins.*

(1) *Grading.*—There shall be two grades viz.:—

(*a*) "sound skin"—denoting a well-flayed and well-cured skin of which the wool and pelt shall comply with the following requirements:—

Wool.

The wool—

(i) shall be of at least fair average quality;
(ii) shall show no breaks or shall not be damaged in any other way;
(iii) shall be free from oil-paint or tar marks;
(iv) shall not be smudged; and
(v) may contain a slight amount of dust, burr or other foreign or vegetable matter:

Provided that blood in the neck area shall not be regarded as a disqualifying defect.

Pelt.

The pelt from which fleshings and fat must be well removed—

(i) shall be of at least fair average quality;
(ii) shall not be excessively ribbed; and
(iii) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or within 1 (one) inch from the four bare flank portions or within 2 (two) inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) "damaged skin"—denoting a skin with defects in excess of those prescribed for a "sound skin" as specified in paragraph (*a*).

(2) *Classification and packing.*—Skins shall be sorted and packed as specified below:—

11. *Coarse woolled skins.*

(1) *Grading.*—There shall be three grades viz.:—

(*a*) " sound skin "—denoting a well-flayed and well-cured skin, other than a re-cured or pitted skin, of which the wool-and-hair covering and pelt shall comply with the following requirements:—

Wool-and-hair covering.

The wool-and-hair covering—

(i) shall be of fair average quality;
(ii) shall be free from oil-paint or tar marks; and
(iii) shall be reasonably free from seed of the penetrating types, dust, burr or other foreign or vegetable matter.

Pelt.

The pelt from which fleshings and fat must be properly removed—

(i) shall be of good substance and quality;
(ii) shall be free from ribs;
(iii) shall be at least five square feet in size;
(iv) shall not show seed which has penetrated to the grain or into the pelt;
(v) shall not show any oil-paint or tar marks;
(vi) shall not be oily, stale and discoloured; and
(vii) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " secondary skin "—denoting a well-flayed and reasonably well-cured skin of which the wool-and-hair covering and pelt shall comply with the following requirements:—

Wool-and-hair covering.

The wool-and-hair covering—

(i) shall be of fair average quality;
(ii) shall be free from oil-paint or tar marks; and
(iii) shall not contain excessive seed, dust, burr or other foreign or vegetable matter:

Provided that seed in the belly portions shall not be regarded as a disqualifying defect.

Pelt.

The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of at least fairly good substance and quality;
(ii) shall be at least three square feet in size;
(iii) may show very slight seed which has penetrated to the pelt or into the grain other than the bellies which may contain slight seed;
(iv) shall not be oily, stale and discoloured; and
(v) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " damaged skin "—denoting a skin of which the wool-and-hair covering or pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(2) *Classification and packing.*—Skins shall be sorted into two types, viz.:—

(*a*) " white coarse woolled skin "—denoting a skin of which the wool-and-hair covering does not contain any coloured wool fibres or coloured hair; and

(*b*) " coloured coarse woolled skin "—denoting a skin of which the wool-and-hair covering contains coloured wool fibres or coloured hair.

The aforementioned types shall be sorted and packed as specified below:—

14. *Glover skins and woolly glover skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " sound skin "—denoting a well-flayed and well-cured skin, other than a developed ram skin or a re-cured or pitted skin, of which the hair or wool-and-hair covering as well as the pelt shall comply with the following requirements:—

Hair or wool-and-hair covering.

The hair or wool-and-hair covering shall not contain conspicuous seeds such as steekgrass or cockleburr which can cause damage to the pelt.

Pelt.

The pelt from which fleshings and fat must be properly removed—

(i) shall be of good substance and quality;
(ii) shall be at least three square feet in size in the dry or dry-salted state and three-and-a-half square feet in the wet-salted state;
(iii) shall show no seed which has penetrated to the grain or into the pelt;
(iv) shall not show any oil-paint or tar marks;
(v) shall not be oily, stale and discoloured; and
(vi) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck or tail portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " secondary skin "—denoting a well-flayed and reasonably well-cured skin of which the hair or wool-and-hair covering as well as the pelt shall comply with the following requirements:—

Hair or wool-and-hair covering.

The hair or wool-and-hair covering shall not contain conspicuous seed such as steekgrass or cockleburr which can cause damage to the pelt: Provided that slight seeds of these types in the bellies are permissible.

Pelt.

The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of fairly good substance and quality;
(ii) shall be at least three square feet in size in the dry or dry-salted state and three-and-a-half square feet in the wet-salted state;
(iii) shall not show seed which has penetrated to the grain or into the pelt;
(iv) may show slight oil-paint or tar marks;
(v) shall not be oily, stale and discoloured; and
(vi) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck or tail portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " damaged skin "—denoting a skin of which the hair or wool-and-hair covering or pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(2) *Classification and packing.*

(*a*) Skins complying with the requirements for a "sound skin" or a "secondary skin" as specified in paragraphs (*a*) and (*b*) of sub-regulation (1) shall be sorted and packed as specified below:—

GOAT SKINS.

15. *Goat skins (other than angora goat skins).*

(1) *Grading.*—There shall be three grades viz.:—

(*a*) "sound skin"—denoting a well-flayed and well-cured skin, other than a developed ram skin or a bastard goat skin or a re-cured or pitted skin or a skin weighing less than 14 ounces in the dry-salted state or 10 ounces in the dry state or less than 1¼ lb. in the wet-salted state, of which the hair covering as well as the pelt shall comply with the following requirements:—

Hair covering.

The hair covering—

(i) shall not contain conspicuous seeds such as steekgrass or cockleburr which can cause damage to the pelt; and
(ii) shall not be excessively long and dense over the whole area of the skin.

Pelt.

The pelt from which fleshings and fat must be properly removed—

(i) shall be of good substance and quality;
(ii) shall not show any oil-paint or tar marks, or seed which has penetrated to the grain or into the pelt;
(iii) shall not be oily, stale and discoloured;
(iv) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) "secondary skin"—denoting a well-flayed and reasonably well-cured skin, other than a skin weighing less than 14 ounces in the dry-salted state or 10 ounces in the dry state or less than 1¼ lb. in the wet-salted state, of which the hair covering as well as the pelt shall comply with the following requirements:—

Hair covering.

The hair covering may contain on the belly portions only slight seed such as steekgrass or cockleburr which can cause damage to the pelt.

Pelt.

The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of fairly good substance and quality;
(ii) may show slight oil-paint or tar marks;
(iii) shall not be oily, stale or discoloured; and
(iv) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) "damaged skin"—denoting a skin of which the hair covering or pelt does not comply with the requirements for a "secondary skin" as specified in paragraph (*b*).

(2) *Classification and packing.*

(*a*) Skins complying with the requirements for a " sound skin " or a " secondary skin " as specified in paragraphs (*a*) and (*b*) of sub-regulation (1) shall be sorted and packed as specified below:—

(3) Notwithstanding the provisions of paragraph (*a*) of sub-regulation (2) the range of weight limits may be waived by a properly authorised official of the Board.

16. *Angora goat skins and Bastard Angora goat skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " sound skin "—denoting a well-flayed and well-cured skin, other than a re-cured or pitted skin, of which the mohair in the case of an " angora skin " and the mohair (angora)-and-goat hair in the case of a " bastard angora goat skin " as well as the pelt shall comply with the following requirements:—

Mohair (Angora) or mohair (Angora)-and-goat hair.

The monair (angora) or mohair (angora)-and-goat hair—

(i) shall at least be of a good average quality;
(ii) shall not contain conspicuous dust, dirt, seed or other foreign or vegetable matter;
(iii) shall be free from oil-paint or tar marks;
(iv) shall not be excessively stained by urine.

Pelt.

The pelt from which fleshings and fat shall be properly removed—

(i) shall be of good substance and quality;
(ii) shall be at least three square feet in size;
(iii) shall not show any oil-paint or tar marks;
(iv) shall not be oily, stale and discoloured; and
(v) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within four inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " secondary skin "—denoting a well-flayed and reasonably well-cured skin of which the mohair in the case of an " angora goat skin " and the mohair (angora)-and-goat hair in the case of a " bastard angora goat skin " as well as the pelt shall comply with the following requirements:—

Mohair (Angora) or mohair (Angora)-and-goat hair.

The mohair (angora) or mohair (angora)-and-goat hair—

(i) may contain a moderate amount of dust, dirt, seed or other foreign or vegetable matter; and
(ii) may show slight oil-paint or tar marks.

Pelt.

The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of fairly good substance and quality;
(ii) shall be at least three square feet in size;
(iii) may show slight oil-paint or tar marks;
(iv) shall not be oily, stale and discoloured; and
(v) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within four inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " damaged skin "—denoting a skin of which the mohair (angora) or mohair (angora)-and-goat hair or pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(2) *Classification and packing.*

HIDES.

17. *Dry-salted hides.*

(1) *Grading.*—There shall be five grades, *viz.*:—

(*a*) "first grade hide"—denoting a well-flayed and well-cured hide, other than a bull hide or a re-cured or pitted hide, of good appearance, substance and quality, with fleshings and fat properly removed, and which may have not more than the following visible defects:—

(i) a localised brand mark(s) not exceeding twenty-five square inches in size or a through or near through cut not exceeding three inches in length in the butt and one defect of a different nature, other than putrefaction, of similar proportion outside the butt; or

(ii) a localised brand mark(s) not exceeding twenty-five square inches in size outside the butt and one defect of a different nature, other than putrefaction, of similar proportion or a through or near through cut not exceeding three inches in length in the butt; or

(iii) a localised brand mark(s) not exceeding twenty-five square inches in size or one defect of a different nature, other than putrefaction or a through or near through cut, of similar proportion in the butt and a through or near through cut not exceeding three inches in length outside the butt; or

(iv) a localised brand mark(s) not exceeding twenty-five square inches and two other defects of a different nature, other than putrefaction, of similar proportion each, one of which may be a through or near through cut not exceeding three inches in length outside the butt; or

(v) three defects, other than brand marks or putrefaction but of which one may be a through or near through cut not exceeding three inches in length outside the butt:

Provided that defects such as whip marks, scratches, horn marks, which have caused actual damage to the grain shall not exceed eight inches each in length: Provided further that brand marks or other defects which may include one through or near through cut not exceeding three inches in length but excluding putrefaction, irrespective of the number but which are localised outside the butt in an area not exceeding one hundred square inches but with no other visible defects on the remainder of the hide, shall not be a disqualification for this grade: Provided further that brand marks, cuts or other defects, other than putrefaction, in the four shorter hair covered flank portions or within six inches from the edge of the hide, with the exception of the butt, shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of three inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*b*) " second grade hide "—denoting a well-flayed and well-cured hide, other than a bull hide, of fairly good appearance, substance and quality, with fleshings and fat fairly well removed and which may have not more than the following visible defects:—

(i) two brand marks in the butt and one brand mark and two defects of a different nature, other than putrefaction, outside the butt; or

(ii) one brand mark in the butt and two brand marks and two defects of different nature, other than putrefaction, outside the butt; or

(iii) three brand marks and three defects of different nature, other than putrefaction, outside the butt:

Provided that each brand mark must be localised and shall not exceed twenty-five square inches in size; Provided further that brand marks where permissible may be replaced by the same number of defects of different nature of similar proportion: Provided further that two of the permissible defects may be through or near through cuts not exceeding three inches in length each, of which not more than one may be in the butt: Provided further that defects such as scratches, whip or horn marks, as a result of which the grain is actually damaged, shall not exceed ten inches each in length: Provided further that brand marks or other defects, other than putrefaction or more than two through or near through cuts, irrespective of number but which are localised outside the butt in an area not exceeding one hundred and thirty square inches but with no other visible defects on the remainder of the hide shall not be a disqualification for this grade: Provided further that brand marks, cuts or other defects, other than putrefaction, in the four shorter hair covered flank portions or within six inches from the edge of the hide, with the exception of the butt, shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of three inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*c*) " third grade hide "—denoting a reasonably well-flayed and fairly well-cured hide of fair average quality not showing signs of putrefaction, except on the extreme edges, with defects in excess of those permissible for a " second grade hide " as specified in paragraph (*b*): Provided that at least half of the surface area of the hide in one complete portion is unaffected on both the grain and flesh sides of such portion;

(*d*) " fourth grade hide "—denoting a hide with defects in excess of those permissible for a " third grade hide " as specified in paragraph (*c*): Provided that at least one-quarter of the surface area of the hide in one complete portion is unaffected on both the grain and flesh sides of such portion;

(*e*) " fifth grade hide "—denoting a hide with defects in excess of those permissible for a " fourth grade hide " as specified in paragraph (*d*).

(2) *Classification and packing*.—Hides shall be sorted and packed as specified below:—

CALF SKINS.

20. *Dry-salted, dry and wet-salted calf skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " first grade calf skin "—denoting a well-flayed and well-cured skin, other than a recured or pitted skin, of good appearance, substance and quality, with fleshings and fat properly removed, without visible oil-paint or tar marks or seed which has actually penetrated into the pelt and shall be free from brand marks, through cuts, near through cuts, sores, cracks or other defects: Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four shorter hair covered flank portions or within two inches from the edge of the remainder of the skin with the exception of the butt shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of two inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*b*) " second grade calf skin "—denoting a well-flayed and well-cured skin of fairly good substance and quality, with fleshings and fat fairly well removed and which may have not more than the following visible defects:—

(i) slight oil-paint or tar marks;
(ii) slight seed which has actually penetrated into the pelt, on the belly portions only; and
(iii) two through or near through cuts not exceeding one-and-a-half inches in length each or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four shorter hair covered flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of two inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*c*) " third grade calf skin "—denoting a skin with defects in excess of those permissible for a " second grade calf skin " as specified in paragraph (*b*).

(2) *Classification and packing.*—Skins shall be sorted and packed as specified below:—

FRESHLY-FLAYED HIDES AND SKINS.

SHEEP SKINS.

21. *Merino skins with a wool length of over 1 (one) inch.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 skin "—denoting a well-flayed skin of which the wool and pelt shall comply with the following requirements:—

Wool.

The wool—

(i) shall show definite characteristic merino features;
(ii) shall be of at least fair average quality;
(iii) shall show no breaks or shall not be damaged in any other way;
(iv) shall be free from oil-paint or tar marks;
(v) shall not be smudged;
(vi) shall be reasonably free from dust, burr or other foreign or vegetable matter; and
(vii) shall not have an excessive grease content:

Provided that blood in the neck area shall not be regarded as a disqualifying defect.

Pelt.

The pelt shall—

(i) be of at least fair average quality;
(ii) not have more than two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or within 1 (one) inch from the four bare flank portions or within 4 (four) inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " grade 2 skin "—denoting a skin of which the wool and pelt shall comply with the following requirements:—

Wool.

The wool—

(i) shall show definite characteristic merino features;
(ii) shall be of at least fair average;
(iii) shall show no breaks or shall not be damaged in any other way;
(iv) shall be free from oil-paint or tar marks;
(v) may be slightly smudged;
(vi) may be moderately contaminated with dust, burr or other foreign or vegetable matter; and
(vii) shall not have an excessive wool grease content:

Provided that blood in the neck area shall not be regarded as a disqualifying defect.

Pelt.

The pelt may have cuts, tears or other defects: Provided that the normal pattern of the pelt is retained;

(*c*) " grade 3 skin "—denoting a skin of which the wool or the pelt does not comply with the requirements for a " grade 2 skin " as specified in paragraph (*b*).

(2) *Classification and packing.*

(*a*) Skins complying with the requirements for a " grade 1 skin " or a " grade 2 skin " as specified in paragraphs (*a*) and (*b*) of sub-regulation (1) shall be sorted and packed as specified below:—

Wool Spinning Count 64's and over.		Wool Spinning Count below 64's.		Wool Length.

G–MQ	G–SMQ	G–MS	G–SMS	Over 1 inch to 1½ inches.

(*b*) Skins which are graded as " grade 3 skins " in accordance with the provisions of paragraph (*c*) of sub-regulation (1) shall, irrespective of wool spinning count, be sorted and packed as specified below:—

Mark.	*Wool Length.*
G–DXQS	Over 2½ inches.
G–DCQS	Over 2 inches to 2½ inches.
G–DLQS	Over 1½ inches to 2 inches.
G–DMQS	Over 1 inch to 1½ inches.

22. *Crossbred skins with a wool length of over* 1 (*one*) *inch.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 skin ";
(*b*) " grade 2 skin "; and
(*c*) " grade 3 skin ";

as defined for merino skins in regulation 21 (1).

(2) *Classification and packing.*—Skins shall be sorted and packed as specified below:—

Grade.			Wool Length.
" Grade 1 ".	" Grade 2 ".	" Grade 3 ".

23. *Merino and crossbred skins with a wool length of* 1 (*one*) *inch and under.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 skin "—denoting a specially selected and well-flayed skin, other than a developed ram skin, of which the wool and pelt shall comply with the following requirements:—

Wool.

The wool—

(i) shall be of good quality;
(ii) shall show no breaks or is not damaged in any other way;
(iii) shall be free from oil-paint or tar marks;
(iv) shall not be smudged;
(v) shall not contain conspicuous dust, burr, steekgrass, seed or other foreign or vegetable matter;
(vi) shall be dense over the whole area of the pelt excluding the bellies; and
(vii) shall not have an excessive grease content:

Provided that blood in the neck area shall not be regarded as a disqualifying defect.

Pelt.

The pelt—

(i) shall be of good substance and quality;
(ii) shall be at least six-and-a-half square feet in size;
(iii) may have slight ribs on the neck or buttocks only; and
(iv) shall be free from through cuts, near through cuts, sores, or other defects:

Provided that cuts or other defects in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " grade 2 skin "—denoting a specially selected and well-flayed skin, other than a developed ram skin, of which the wool and pelt shall comply with the following requirements:—

Wool.

The wool—

(i) shall be of reasonably good quality;
(ii) shall show no breaks or shall not be damaged in any other way;
(iii) shall be free from oil-paint or tar marks;
(iv) may be slightly smudged;
(v) may contain slight dust, burr, steekgrass, seed or other foreign or vegetable matter;
(vi) may show a slight variation in overall density; and
(vii) shall not have an excessive grease content:

Provided that blood in the neck area shall not be regarded as a disqualifying defect.

Pelt.

The pelt—

(i) shall be of good substance and quality;
(ii) shall be at least five-and-a-half square feet in size;
(iii) may have ribs, but not heavy, on the neck or buttocks and slight ribs on the remainder of the pelt; and
(iv) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " grade 3 skin "—denoting a skin of which the wool or the pelt does not comply with the requirements for a " grade 2 skin " as specified in paragraph (*b*).

(2) *Classification and packing.*—Skins shall be sorted and packed as specified below:—

Grade.			Wool Length.

G–LL	Over 1½ inches.
G–SL	Over ½ inch to 1½ inches.
G–PL	½ inch and under.

25. *Coarse Woolled skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 skin "—denoting a well-flayed skin of which the wool-and-hair covering and pelt shall comply with the following requirements:—

Wool-and-hair covering.

The wool-and-hair covering—

(i) shall be of fair average quality;
(ii) shall be free from oil-paint or tar marks; and
(iii) shall be reasonably free from seed of the penetrating types, dust, burr or other foreign or vegetable matter.

Pelt.

The pelt—

(i) shall be of good substance and quality;
(ii) shall be free from ribs;
(iii) shall be at least five-and-a-half square feet in size;
(iv) shall not show seed which has penetrated to the grain or into the pelt;
(v) shall not show any oil-paint or tar marks; and
(vi) shall be free from through cuts, near through cuts, sores, or other defects:

Provided that cuts or other defects in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " grade 2 skin "—denoting a well-flayed skin of which the wool-and-hair covering and pelt shall comply with the following requirements:—

Wool-and-hair covering.

The wool-and-hair covering—

(i) shall be of fair average quality;
(ii) shall be free from oil-paint or tar marks; and
(iii) shall not contain excessive seed, dust, burr or other foreign or vegetable matter:

Provided that seed in the belly portions shall not be regarded as a disqualifying defect.

Pelt.

The pelt—

(i) shall be of at least fairly good substance and quality;
(ii) shall be at least three-and-a-half square feet in size;
(iii) may show very slight seed which has penetrated to the pelt or into the grain, other than the bellies which may contain slight seed;
(iv) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " grade 3 skin "—denoting a skin of which the wool-and-hair covering or pelt does not comply with the requirements for a " grade 2 skin " as specified in paragraph (*b*).

(2) *Classification and packing.*—Skins shall be sorted into two types, viz.:—

(*a*) " white coarse woolled skin "—denoting a skin of which the wool-and-hair covering does not contain any coloured wool fibres or coloured hair; and
(*b*) " coloured coarse woolled skin "—denoting a skin of which the wool-and-hair covering contains coloured wool fibres or coloured hair.

The aforementioned types shall be sorted and packed as specified below:—

27. *Glover skins and woolly glover skins.*

(1) *Grading.*—There shall be three grades viz.:—

(*a*) " grade 1 skin "—denoting a well-flayed skin, other than a developed ram skin, of which the hair or wool-and-hair covering as well as the pelt shall comply with the following requirements:—

Hair or wool-and-hair covering.

The hair or wool-and-hair covering shall not contain conspicuous seeds such as steekgrass or cockleburr which can cause damage to the pelt.

Pelt.

The pelt—

(i) shall be of good substance and quality;
(ii) shall be at least three-and-a-half square feet in size;
(iii) shall show no seed which has penetrated to the grain or into the pelt;
(iv) shall not show any oil-paint or tar marks; and
(v) shall be free from through cuts, near through cuts, sores or other defects:

Provided that cuts or other defects in the neck or tail portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " grade 2 skin "—denoting a well-flayed skin of which the hair or wool-and-hair covering as well as the pelt shall comply with the following requirements:—

Hair or wool-and-hair covering.

The hair or wool-and-hair covering shall not contain conspicuous seed such as steekgrass or cockleburr which can cause damage to the pelt, provided that slight seeds of these types in the bellies are permissible.

Pelt.

The pelt—

(i) shall be of fairly good substance and quality;
(ii) shall be at least three-and-a-half square feet in size;
(iii) shall not show seed which has penetrated to the grain or into the pelt;
(iv) may show slight oil-paint or tar marks; and
(v) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck or tail portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " grade 3 skin "—denoting a skin of which the hair or wool-and-hair covering or pelt does not comply with the requirements for a " grade 2 skin " as specified in paragraph (*b*).

(2) *Classification and packing.*

(*a*) Skins complying with the requirements for a " grade 1 skin " or a " grade 2 skin " as specified in paragraphs (*a*) and (*b*) of sub-regulation (1) shall be sorted and packed as specified below:—

GOAT SKINS.

28. *Goat skin (other than Angora goat skin).*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 skin "—denoting a well-flayed skin, other than a developed ram skin or a bastard goat skin, of which the hair covering as well as the pelt shall comply with the following requirements:—

Hair covering.

The hair covering—

(i) shall not contain conspicuous seeds such as steekgrass or cockleburr which can cause damage to the pelt; and
(ii) shall not be excessively long and dense over the whole area of the skin.

Pelt.

The pelt—

(i) shall be of good substance and quality;
(ii) shall not show any oil-paint or tar marks, or seed which has penetrated to the grain or into the pelt; and
(iii) shall be free from through cuts, near through cuts, sores or other defects:

Provided that cuts or other defects in the neck portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " grade 2 skin "—denoting a well-flayed skin of which the hair covering as well as the pelt shall comply with the following requirements:—

Hair covering.

The hair covering may contain on the belly portions only slight seed such as steekgrass or cockleburr which can cause damage to the pelt.

Pelt.

The pelt—

(i) shall be of fairly good substance and quality;
(ii) may show slight oil-paint or tar marks; and
(iii) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " grade 3 skin "—denoting a skin of which the hair covering or pelt does not comply with the requirements for a " grade 2 skin " as specified in paragraph (*b*).

(2) *Classification and packing.*—Skins shall be sorted and packed as specified below:—

29. *Angora goat skins and bastard Angora goat skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 skin "—denoting a well-flayed skin of which the mohair in the case of an " angora goat skin " and the mohair (angora)-and-goat hair in the case of a " bastard angora goat skin " as well as the pelt shall comply with the following requirements:—

Mohair (Angora) or mohair (Angora)-and-goat hair.

The mohair (angora) or mohair (angora)-and-goat hair—

(i) shall at least be of a good average quality;
(ii) shall not contain conspicuous dust, dirt, seed or other foreign or vegetable matter;
(iii) shall be free from oil-paint or tar marks;
(iv) shall not be excessively stained by urine.

Pelt.

The pelt—

(i) shall be of good substance and quality;
(ii) shall be at least three-and-a-half square feet in size;
(iii) shall not show any oil-paint or tar marks; and
(iv) shall be free from through cuts, near through cuts, sores or other defects:

Provided that cuts or other defects in the neck portion or in the four bare flank portions or within four inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " grade 2 skin "—denoting a well-flayed skin of which the mohair in the case of an " angora goat skin " and the mohair (angora)-and-goat hair in the case of a " bastard angora goat skin " as well as the pelt shall comply with the following requirements:—

Mohair (Angora) or mohair (Angora)-and-goat hair.

The mohair (angora) or mohair (angora)-and-goat hair—

(i) may contain a moderate amount of dust, dirt, seed or other foreign or vegetable matter; and
(ii) may show slight oil-paint or tar marks.

Pelt.

The pelt—

(i) shall be of fairly good substance and quality;
(ii) shall be at least three-and-a-half square feet in size;
(iii) may show slight oil-paint or tar marks; and
(iv) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck portion or in the four bare flank portions or within four inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " grade 3 skin "—denoting a skin of which the mohair (angora) or mohair (angora)-and-goat hair or pelt does not comply with the requirements for a " grade 2 skin " as specified in paragraph (*b*).

(2) *Classification and packing.*

30. *Hides.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 hide "—denoting a well-flayed hide, other than a bull hide, of good appearance, substance and quality, and which may have not more than the following visible defects:—

(i) a localised brand mark(s) not exceeding tweny-five square inches in size or a through or near through cut not exceeding three inches in length in the butt and one defect of a different nature of similar proportion outside the butt; or
(ii) a localised brand mark(s) not exceeding twenty-five square inches in size outside the butt and one defect of a different nature of similar proportion or a through or near through cut not exceeding three inches in length in the butt;
(iii) a localised brand mark(s) not exceeding twenty-five square inches in size or one defect of a different nature or a through or near through cut, of similar proportion in the butt and a through or near through cut not exceeding three inches in length outside the butt; or
(iv) a localised brand mark(s) not exceeding twenty-five square inches and two other defects of a different nature of similar proportion each, one of which may be a through or near through cut not exceeding three inches in length outside the butt; or
(v) three defects, other than brand marks, but of which one may be a through or near through cut not exceeding three inches in length outside the butt:

Provided that defects such as whip marks, scratches or horn marks which have caused actual damage to the grain shall not exceed eight inches each in length: Provided further that brand marks or other defects which may include one through or near through cut not exceeding three inches in length irrespective of the number but which are localised outside the butt in an area not exceeding one hundred square inches but with no other visible defects on the remainder of the hide, shall not be a disqualification for this grade: Provided further that brand marks, cuts or other defects in the four shorter hair covered flank portions or within six inches from the edge of the hide, with the exception of the butt, shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of three inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*b*) " grade 2 hide "—denoting a well-flayed hide, other than a bull hide, of fairly good appearance, substance and quality, which may have not more than the following visible defects:—

(i) two brand marks in the butt and one brand mark and two defects of a different nature outside the butt; or
(ii) one brand mark in the butt and two brand marks and two defects of different nature outside the butt; or
(iii) three brand marks and three defects of different nature outside the butt:

Provided that each brand mark must be localised and shall not exceed twenty-five square inches in size: Provided further that brand marks where permissible may be replaced by the same number of defects of different nature of similar proportion: Provided further that two of the permissible defects may be through or near through cuts not exceeding three inches in length each, of which not more than one may be in the butt: Provided further that defects such as scratches, whip or horn marks as a result of which the grain is actually damaged, shall not exceed ten inches each in length: Provided further that brand marks or other defects, other than more than two through or near through cuts, irrespective of number but which are localised outside the butt in an area not exceeding one hundred and thirty square inches but with no other visible defects on the remainder of the hide shall not be a disqualification for this grade: Provided further that brand marks, cuts or other defects in the four shorter hair covered flank portions or within six inches from the edge of the hide, with the exception of the butt, shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of three inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*c*) " grade 3 hide "—denoting a hide with defects in excess of those permissible for a " grade 2 hide " as specified in paragraph (*b*).

31. *Calf skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " grade 1 calf skin "—denoting a well-flayed skin of good appearance, substance and quality without visible oil-paint or tar marks or seed which has actually penetrated into the pelt and shall be free from brand marks, through cuts, near through cuts, sores or other defects: Provided that cuts or other defects in the neck portion or in the four shorter hair covered flank portions or within two inches from the edge of the remainder of the skin with the exception of the butt shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of two inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*b*) " grade 2 calf skin "—denoting a well-flayed skin of fairly good substance and quality which may have not more than the following visible defects:—

(i) slight oil-paint or tar marks;
(ii) slight seed which has actually penetrated into the pelt on the belly portions only; and
(iii) two through or near through cuts not exceeding one-and-a-half inches in length each or other defects of similar proportion:

Provided that cuts or other defects in the neck portion or in the four shorter hair covered flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of two inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*c*) " grade 3 calf skin "—denoting a skin with defects in excess of those permissible for a " grade 2 calf skin " as specified in paragraph (*b*).

(2) *Classification and packing.*—Skins shall be sorted and packed as specified below:—

Grade.	*Mark.*
" Grade 1 "	G–WC
" Grade 2 "	G–SWC
" Grade 3 "	G–TWC

32. Except where otherwise indicated in these regulations, parts or pieces of hides or skins shall be sorted and packed as follows:—

	Mark.
Hides and calf skins—

Skins—	
(*a*) Pieces with a wool or wool-and-hair covering	WS–PIECES
(*b*) Pieces with a hair covering	HS–PIECES

33. Notwithstanding the provisions of regulations 4 to 31, a properly authorised official of the Board may, in the case where the quality of a hide or skin is better than the prescribed minimum requirements for the grade concerned according to class, permit a corresponding allowance in regard to the number of permissible defects in accordance with the general quality and porportionate to the degree in which the quality exceeds the minimum requirements.

34. Notwithstanding the provisions of regulation 3, the Board may, on timely application, consider and allow special selections for which no provision has been made in these regulations, to be sold under marks to be decided upon by it.

METHOD OF DETERMINATION OF WOOL- WOOL-AND-HAIR OR HAIR LENGTH.

35. (1) A sheep skin which—

(*a*) is graded, classified and packed in accordance with the provisions of regulations 4, 5, 6, 21 and 22 shall be folded crosswise so that the tail portion lies on the neck portion and the natural length of the shortest staple in the fleece along this transverse fold, except in that portion one inch on either side of the back line, measured without the staple being stretched or folded shall be the length for the class into which the skin shall be sorted and packed;

(*b*) is graded, classified and packed in accordance with the provisions of regulations 7, 8, 9, 11, 12, 13, 23, 24, 25 and 26, shall be folded crosswise so that the tail portion lies on the neck portion and the natural length of the shortest staple in the fleece along this transverse fold, measured without the staple being stretched or folded, shall be the length for the class into which the skin shall be sorted and packed.

(2) An Angora goat skin or bastard Angora goat skin shall be folded crosswise so that the tail portion lies on the neck portion and the average natural length of the hair along this transverse fold, measured without the hair being stretched or folded, shall be the length for the class into which the skin shall be sorted and packed: Provided that the hair covering on the belly portions of the skin shall not be taken into account for the purpose of determining length standard.

METHOD OF DETERMINATION OF SPINNING COUNT.

36. The skin shall be folded crosswise so that the tail portion lies on the neck portion and the lowest spinning count of any wool staple along this transverse fold in the fleece shall be the spinning count for the class into which the skin shall be sorted and packed.

37. Should the range of weight limits be waived by a properly authorised official of the Board in terms of—

(1) sub-regulation (3) of regulation 15, the skins shall be sorted and packed as specified below:—

BYLAE.

1. In hierdie regulasies het enige uitdrukking waaraan 'n betekenis geheg is in die Vee- en Vleisreëlingskema gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, die betekenis aldus daaraan geheg, en tensy strydig met die samehang, beteken—

(i) „angorabokvel", 'n vel verkry van 'n tipiese wit angorabok; (*i*)

(ii) „baster-angorabokvel", 'n vel verkry van kruisings tussen 'n bok en angorabok en waarvan die bedekking oorheersend uit angorabokhaar bestaan: Met dien verstande dat bokhaar in die flank- en pensgedeeltes van die vel oorheersend is; (ii)

(iii) „baster-bokvel", 'n vel verkry van kruisings tussen 'n bok en angorabok met 'n bedekking waarin bokhaar oorheersend is; (iii)

(iv) „beheerde gebied", 'n giebied in Proklamasie No. 138 van 19 Junie 1953 omskryf; (vii)

(v) „bokvel", 'n vel verkry van alle tipes en rasse bokke, uitgesonderd die angorabok; (xi)

(vi) „bulhuid", 'n huid waarvan die bladgedeelte merkbaar dikker as die kernstukgedeelte is; (iv)

(vii) „growwewolvel", 'n vel wat bedek is met 'n mengsel van wol en haar met wol oorheersend; (vi)

(viii) „handskoenvel", 'n vel met 'n bedekking wat bestaan uit haar of steekhaar of syagtige blinkhaar of 'n vel waarvan die pens- en flankgedeeltes met haar of steekhaar of blinkhaar en die ruggedeelte met 'n mengsel van wol van tydelike aard en haar met haar oorheersend, bedek is; (x)

(ix) „herbereide huid" of „herbereide vel", 'n huid of vel wat vooraf geheel of gedeeltelik uitgedroog is tot 'n drooggesoute of songedroogde of skadugedroogde toestand en daarna weer natgemaak en tot 'n natgesoute of drooggesoute toestand herberei is; (xix)

(x) „ingekuipte huid" of „ingekuipte vel", 'n huid of vel wat in 'n tenk of kuip gesout is en toegelaat is om in sy eie vloeistof te lê; (xviii)

(xi) „karakoelvel", 'n vel, uitgesonder die „karakoelpels", met besliste en oorheersende karakoeleienskappe wat verkry is van 'n karakoelskaap of 'n karakoelskaap gekruis met ander skaaprasse; (xii)

(xii) „kernstuk", die agterste middelgedeelte van die huid of kalfvel wat omlyn word deur—

(*a*) twee reguit lyne aan weerskante van en naasteby parallel met die ruglyn deur die punte van die korter haarbedekte agterflanke (flankgedeelte) en die twee korter haarbedekte voorflanke;

(*b*) 'n lyn reghoekig met die ruglyn onmiddellik vóór die twee korter haarbedekte voorflanke; en

(*c*) die lyn wat gevorm word deur die stertkant van die huid of kalfvel, tussen die twee reguit lyne wat naasteby parallel met die ruglyn is waarna in (*a*) verwys word; (v)

(xiii) „kruisrasvel", 'n vel van 'n witwolras behalwe die merino of van kruisings tussen sodanige witwolrasse of van kruisings tussen sodanige witwolrasse en die merino verkry: Met dien verstande dat geringe steekhaar in die flank-, pens- en laer boud- of bladgedeeltes en nie-opvallende steekhaar in die vag toelaatbaar is; (viii)

(xiv) „lamvel", 'n vel verkry van 'n merino- of kruisrasskaap wat nie geskeer was nie en wat as 'n hele vel in die droë of drooggesoute toestand hoogstens 4 vierkante voet of in die natgesoute of pasafgeslagte toestand hoogstens 4½ vierkante voet groot is; (xiv)

(xv) „merinovel", 'n vel wat van 'n merinoskaap verkry is; (xvi)

(xvi) „merk", 'n letter of syfer of kombinasie van letters en syfers wat die verskillende tipes, klasse en grade huide of velle aandui; (xv)

(xvii) „nekgedeelte" van 'n vel, dié gedeelte wat onmiddellik vóór die voorste borsgedeelte van die vel uitsteek; (xvii)

(xviii) „spintelling", die fynheid of veseldikte van wol volgens nommer aangedui; (xx)

(xix) „steekhaar", 'n dik, growwe, bros en nie-elastiese vesel met luginsluitsels tussen die medullaselle. Die voorkoms daarvan is ondeursigtig en kalkagtig wit in teenstelling met die deurskynende witheid van ander wolvesels en vertoon normaalweg 'n spits punt; (xiii)

(xx) „vag", die wolbedekking of die wol- en -haarbedekking van 'n vel behalwe die bedekking op die pens- en pootgedeeltes; (ix)

(xxi) „wollerige handskoenvel", 'n vel waarvan die bedekking op die pensgedeeltes uit haar of steekhaar of syagtige blinkhaar bestaan terwyl die orige gedeelte van die vel met 'n mengsel van wol en haar bedek is: Met dien verstande dat die pelt die eienskappe van dié van 'n handskoenvel toon. (xxi)

2. Hierdie regulasies het betrekking op beeshuide, kalfvelle, bokvelle of skaapvelle wat hul oorsprong in die Republiek van Suid-Afrika en Suidwes-Afrika het: Met dien verstande dat huide of velle wat uit ander gebiede ingevoer is volgens klas en graad afsonderlik gesorteer en verpak moet word onder die merke soos gespesifiseer, maar met die teenmerk „F".

3. *Gradering, merk en verpakking.*—Alle huide en velle wat in beheerde gebiede verkoop word moet, in die geval van—

(*a*) bereide huide of velle, volgens soort, tipe, klas en graad gesorteer en verpak word en elke baal, bondel, houer of stapel moet dienooreenkomstig duidelik leesbaar gemerk word soos gespesifiseer in regulasies 4 tot 20 en regulasie 32;

(*b*) pasafgeslagte huide of velle, volgens soort, tipe, klas en graad gesorteer en verpak word soos gespesifiseer in regulasies 21 tot 32.

DROË, DROOGGESOUTE EN NATGESOUTE HUIDE EN VELLE.

SKAAPVELLE.

4. *Merinovelle met 'n wollengte van oor* 1 (*een*) *duim.*

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ onbeskadigde vel " wat beteken 'n goed afgeslagte en goed bereide vel waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.

Die wol—

(i) moet duidelike kenmerkende merino-eienskappe toon;
(ii) moet minstens van 'n redelike gemiddelde gehalte wees;
(iii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;
(iv) moet vry van olieverf- of teermerke wees;
(v) mag nie besmeer wees nie;
(vi) moet redelik vry van stof, klitsgras of ander vreemde of plantaardige stowwe wees; en
(vii) mag nie 'n buitensporige mate van wolvet hê nie: Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.

Die pelt waarvan vleis- en vetkleefsels deeglik verwyder moet wees, moet—

(i) minstens van 'n redelike gemiddelde gehalte wees;
(ii) nie meer as twee klein snye of ander defekte van gelyke omvang hê nie:

Met dien verstande dat snye of ander defekte in die nekgedeelte of binne 1 (een) duim van die vier kaal flankgedeeltes of binne 4 (vier) duim van die kant van die res van die vel nie beskou word as diskwalifiserende defekte nie;

(*b*) „ sekondêre vel " wat beteken 'n vel waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.

Die wol—

(i) moet duidelike kenmerkende merino-eienskappe toon;
(ii) moet minstens van 'n redelike gemiddelde gehalte wees;
(iii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;
(iv) moet vry van olieverf- of teermerke wees;
(v) mag effens besmeer wees;
(vi) mag matig met stof, klitskras of ander vreemde of plantaardige stowwe belaai wees; en
(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.

Die pelt waarvan die vleis- en vetkleefsels redelik goed verwyder moet wees mag snye, skeure of ander defekte hê: Met dien verstande dat die normale patroon van die pelt behou is;

(*c*) „ beskadigde vel " wat beteken 'n vel waarvan die wol of pelt nie aan die vereistes vir 'n „ sekondêre vel " voldoen soos in paragraaf (*b*) gespesifiseer nie.

(2) *Klassifikasie en verpakking van droë velle.*

(iv) mag effens besmeer wees;
(v) mag 'n matige hoeveelheid stof, klitsgras, steekgras, saad of ander vreemde of plantaardige stowwe bevat;
(vi) mag 'n effense wisseling in die algehele digtheid hê; en
(vii) mag nie 'n buitensporige mate wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.

Die pelt waarvan vleis- en vetkleefsels deeglik verwyder moet wees—

(i) moet van goeie substansie en gehalte wees;
(ii) moet minstens vyf vierkante voet groot wees;
(iii) mag plooie, hoewel nie swaar nie, aan die nek of boude en effense plooie op die res van die pelt hê;
(iv) mag nie vetterig, verouderd en verkleur wees nie; en
(v) mag twee klein snye of ander defekte van gelyke omvang hê:

Met dien verstande dat snye of ander defekte, uitgesonderd verrotting, in die nekgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*c*) „ beskadigde vel " beteken 'n vel waarvan die wol of die pelt nie voldoen aan die vereistes vir 'n „ sekondêre vel " soos in paragraaf (*b*) gespesifiseer nie.

HUIDE.

17. ***Drooggesoute huide.***

(1) *Gradering.*—Daar is vyf grade, nl.—

(*a*) „ eerstegraadse huid " beteken 'n goed afgeslagte en goed bereide huid, uitgesonderd 'n bulhuid of 'n herbereide of ingekuipte huid, van 'n goeie voorkoms, substansie en gehalte, en waarvan die vleis- en vetkleefsels deeglik verwyder is en wat nie meer sigbare defekte as die volgende mag hê nie:—

(i) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie of 'n deur- of byna-deursny nie langer as drie duim in die kernstuk nie en een defek van 'n ander aard, uitgesonderd verrotting, van gelyke omvang buite die kernstuk; of

(ii) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie buite die kernstuk en een defek van 'n ander aard, uitgesonderd verrotting, van gelyke omvang of 'n deur- of byna-deursny nie langer as drie duim nie in die kernstuk; of

(iii) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie of een defek van 'n ander aard, uitgesonderd verrotting of 'n deur- of byna-deursny van gelyke omvang binne die kernstuk en 'n deur- of byna-deursny nie langer as drie duim nie buite die kernstuk; of

(iv) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim en twee ander defekte van 'n ander aard, uitgesonderd verrotting, elk van gelyke omvang, die een waarvan 'n deur- of byna-deursny nie langer as drie duim nie, buite die kernstuk mag wees; of

(v) drie defekte, uitgesonderd brandmerke of verrotting, buite die kernstuk maar waarvan een 'n deur- of byna-deursny nie langer as drie duim nie, mag wees: Met dien verstande dat defekte soos sweepmerke, skrape of horingmerke, wat werklike skade aan die nerf veroorsaak het, nie langer as agt duim elk moet wees nie: Met dien verstande verder dat brandmerke of ander defekte wat een deur- of byna-deursny nie langer as drie duim nie mag insluit, uitgesonderd verrotting, ongeag die getal maar wat buite die kernstuk gelokaliseer is in 'n gedeelte nie groter as eenhonderd vierkante duim nie maar met geen ander sigbare defekte op die res van die huid, nie as 'n diskwalifikasie vir hierdie graad beskou word nie: Met dien verstande verder dat brandmerke, snye of ander defekte, uitgesonderd verrotting, in die vier korthaarbedekte flankgedeeltes of binne ses duim van die kant van die huid, met uitsondering van die kernstuk, nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van drie duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*b*) „ tweedegraadse huid " beteken 'n goed afgeslagte en goed bereide huid, uitgesonderd 'n bulhuid, van 'n redelike goeie voorkoms, substansie en gehalte, waarvan die vleis- en vetkleefsels redelik goed verwyder is en wat nie meer as die volgende sigbare defekte mag hê nie:—

(i) Twee brandmerke in die kernstuk en een brandmerk en twee defekte van 'n ander aard, uitgesonderd verrotting, buite die kernstuk; of

(ii) een brandmerk in die kernstuk en twee brandmerke en twee defekte van 'n ander aard, uitgesonderd verrotting, buite die kernstuk; of

(iii) drie brandmerke en drie defekte van 'n ander aard, uitgesonderd verrotting, buite die kernstuk:

Met dien verstande dat elke brandmerk gelokaliseer en nie groter as vyf-en-twinting vierkante duim mag wees nie: Met dien verstande verder dat brandmerke, waar toelaatbaar, vervang mag word deur dieselfde aantal defekte van 'n ander aard van gelyke omvang: Met dien verstande verder dat twee van die toelaatbare defekte deur- of byna-deursnye nie langer as drie duim elk nie, mag wees en waarvan nie meer as een in die kernstuk mag wees nie: Met dien verstande verder dat defekte soos skrape, sweep- of horingmerke, as gevolg waarvan die nerf werklik beskadig is, nie langer as tien duim elk mag wees nie: Met dien verstande verder dat brandmerke of ander defekte, uitgesonderd verrotting of meer as twee deur- of byna-deursnye, ongeag die getal maar wat buite die kernstuk gelokaliseer is in 'n gedeelte nie groter as een honderd-en-dertig vierkante duim nie maar met geen ander sigbare

defekte op die res van die huid, nie 'n diskwalifikasie vir hierdie graad is nie: Met dien verstande verder dat brandmerke, snyplekke of ander defekte, uitgesonderd verrotting, in die vier korthaarbedekte flankgedeeltes of binne ses duim van die kant van die huid, met uitsondering van die kernstuk, nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van drie duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*c*) „ derdegraadse huid " beteken 'n redelik goed afgeslagte en redelik goed bereide huid van 'n redelike gemiddelde gehalte sonder enige teken van verrotting, behalwe aan die uiterste kante, met meer defekte as wat vir 'n „ tweedegraadse huid " toelaatbaar is soos in paragraaf (*b*) gespesifiseer: Met dien verstande dat minstens die helfte van die huid se oppervlakte in een deurlopende gedeelte onbeskadig is aan sowel die nerf- as vleiskant van sodanige gedeelte;

(*d*) „ vierdegraadse huid " beteken 'n huid met meer defekte as wat toelaatbaar is vir 'n „ derdegraadse huid " soos in paragraaf (*c*) gespesifiseer: Met dien verstande dat minstens 'n kwart van die huid se oppervlakte in een deurlopende gedeelte onbeskadig is aan sowel die nerf- as vleiskant van sodanige gedeelte;

(*e*) „ vyfdegraadse huid " beteken 'n huid met meer defekte as wat toelaatbaar is vir 'n „ vierdegraadse huid " soos in paragraaf (*d*) gespesifiseer.

(2) *Klassifikasie en verpakking.*—Huide moet gesorteer en verpak word soos hieronder gespesifiseer:—

KALFVELLE.

20. *Drooggesoute, droë en natgesoute kalfvelle.*

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ eerstegraadse kalfvel " wat beteken 'n goed afgeslagte en goed bereide vel, uitgesonderd 'n herbereide of ingekuipte vel, van 'n goeie voorkoms, substansie en gehalte, met vleis- en vetkleefsels deeglik verwyder, sonder sigbare olieverf- of teermerke of saad wat werklik in die pelt ingedring het en moet vry van brandmerke, deur- of byna-deursnye, sere, barste of ander defekte wees: Met dien verstande dat snyplekke of ander defekte, uitgesonderd verrotting, in die nekgedeelte of in die vier korthaarflankgedeeltes of binne twee duim van die kant van die res van die vel met uitsondering van die kernstuk nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van twee duim vanaf die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*b*) „ tweedegraadse kalfvel " beteken 'n goed afgeslagte en goed bereide vel van redelike goeie substansie en gehalte met vleis- en vetkleefsels redelik goed verwyder en wat nie meer as die volgende sigbare defekte mag hê nie:—

(i) Effense olieverf- of teermerke;

(ii) geringe saad, wat werklik in die pelt ingedring het, alleenlik op die pensgedeeltes; en

(iii) twee deur- of byna deur-snye, elk nie langer as 'n anderhalf-duim nie, of ander defekte van dieselfde omvang:

Met dien verstande dat snye of ander defekte, uitgesonderd verrotting, in die nekgedeelte of in die vier korthaarbedekte flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van twee duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*c*) „ derdegraadse kalfvel " wat beteken 'n vel met meer defekte as daardie wat toelaatbaar is vir 'n „ tweedegraadse kalfvel " soos in paragraaf (*b*) gespesifiseer.

(2) *Klassifikasie en verpakking.*—Velle moet gesorteer en verpak word soos hierdonder gespesifiseer:—

PASAFGESLAGTE HUIDE EN VELLE.

SKAAPVELLE.

21. *Merinovelle met 'n wollengte van oor* 1 (*een*) *duim.*

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ graad 1 vel " wat beteken 'n goed afgeslagte vel waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.

Die wol—

(i) moet duidelike kenmerkende merino-eienskappe toon;

(ii) moet minstens van 'n redelike gemiddelde gehalte wees;

(iii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;

(iv) moet vry van olieverf- of teermerke wees;

(v) mag nie besmeer wees nie;

(vi) moet redelik vry van stof, klitsgras of ander vreemde of plantaardige stowwe wees; en

(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.

Die pelt moet—

(i) minstens van 'n redelike gemiddelde gehalte wees;

(ii) nie meer as twee klein snye of ander defekte van gelyke omvang hê nie:

Met dien verstande dat snye of ander defekte in die nekgedeelte of binne 1 (een) duim van die vier kaal flankgedeeltes of binne 4 (vier) duim van die kant van die res van die vel nie beskou word as diskwalifiserende defekte nie;

(*b*) „ graad 2 vel " wat beteken 'n vel waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.

Die wol—

(i) moet duidelike kenmerkende merino-eienskappe toon;

(ii) moet minstens van 'n redelike gemiddelde gehalte wees;

(iii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;

(iv) moet vry van olieverf- of teermerke wees;

(v) mag effens besmeer wees;

(vi) mag matig met stof, klitsgras of ander vreemde of plantaardige stowwe belaai wees; en

(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.

Die pelt mag snye, skeure of ander defekte hê: Met dien verstande dat die normale patroon van die pelt behou is;

(*c*) „ graad 3 vel " wat beteken 'n vel waarvan die wol of pelt nie aan die vereistes vir 'n „ graad 2 vel " voldoen soos in paragraaf (*b*) gespesifiseer nie.

(2) *Klassifikasie en verpakking.*

(*a*) Velle wat aan die vereistes vir 'n „ graad 1 vel " of 'n „ graad 2 vel " soos gespesifiseer in paragrawe (*a*) en (*b*) van subregulasie (1) voldoen moet gesorteer en verpak word soos hieronder gespesifiseer:—

23. *Merino- en kruisrasvelle met 'n wollengte van* 1 *(een) duim en onder.*

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ graad 1 vel " wat beteken 'n spesiaal uitgesoekte, goed afgeslagte vel, uitgesonderd 'n ontwikkelde ramvel, waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.

Die wol—

(i) moet van 'n goeie gehalte wees;
(ii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;
(iii) moet vry van olieverf- of teermerke wees;
(iv) mag nie besmeer wees nie;
(v) mag nie opvallende stof, klitsgras, steekgras, saad of ander vreemde of plantaardige stowwe hê nie;
(vi) moet dig oor die hele oppervlakte van die pelt uitgesonderd die pensgedeeltes wees; en
(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.

Die pelt—

(i) moet van goeie substansie en gehalte wees;
(ii) moet minstens ses-en-'n-half vierkante voet groot wees;
(iii) mag effense plooie, slegs op die nek of boude hê;
(iv) moet vry wees van deursnye, byna-deursnye, sere of ander defekte:

Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*b*) „ graad 2 vel " beteken 'n spesiaal uitgesoekte en goed afgeslagte vel, uitgesonderd 'n ontwikkelde ramvel, waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.

Die wol—

(i) moet van 'n redelike goeie gehalte wees;
(ii) mag geen breekplekke toon of op enige ander wyse beskadig wees nie;
(iii) moet vry van olieverf of teermerke wees;
(iv) mag effens besmeer wees;
(v) mag 'n matige hoeveelheid stof, klitsgras, steekgras, saad of ander vreemde of plantaardige stowwe bevat;
(vi) mag 'n effense wisseling in die algehele digtheid hê; en
(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.

Die pelt—

(i) moet van goeie substansie en gehalte wees;
(ii) moet minstens vyf-en-'n-half vierkante voet groot wees;
(iii) mag plooie, hoewel nie swaar nie, aan die nek of boude en effense plooie op die res van die pelt hê;

(iv) mag twee klein snye of ander defekte van gelyke omvang hê:

Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*c*) „ graad 3 vel " beteken 'n vel waarvan die wol of die pelt nie voldoen aan die vereistes vir 'n „ graad 2 vel " soos in paragraaf (*b*) gespesifiseer nie.

(2) *Klassifikasie en verpakking.*—Velle moet gesorteer en verpak word soos hieronder gespesifiseer:—

27. *Handskoenvelle en wollerige handskoenvelle.*

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ graad 1 vel " wat beteken 'n goed afgeslagte vel, uitgesonderd 'n ontwikkelde ramvel, waarvan die haar- of wol-en-haarbedekking asook die pelt aan die volgende vereistes moet voldoen:—

Haar- of wol-en-haarbedekking.

Die haar- of wol-en-haarbedekking mag nie opvallende sade soos steekgras of kankerroos bevat wat skade aan die pelt kan veroorsaak nie.

Pelt.

Die pelt—

(i) moet van goeie substansie en gehalte wees;
(ii) moet minstens drie-en-'n-half vierkante voet groot wees;
(iii) mag geen saad toon wat tot die nerf of tot in die pelt deurgedring het nie;
(iv) mag geen olieverf- of teermerke toon nie; en
(v) moet vry van deursnye, byna-deursnye, sere of ander defekte wees:

Met dien verstande dat snye of ander defekte in die nek- of stertgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*b*) „ graad 2 vel " wat beteken 'n goed afgeslagte vel waarvan die haar of-wol- en-haarbedekking asook die pelt aan die volgende vereistes moet voldoen:—

Haar- of wol-en-haarbedekking.

Die haar- of wol-en-haarbedekking mag nie opvallende saad soos steekgras of kankerroos bevat wat skade aan die pelt kan veroorsaak nie, met dien verstande dat geringe saad van hierdie tipes in die pensgedeeltes toelaatbaar is.

Pelt.

Die pelt—

(i) moet van redelike goeie substansie en gehalte wees;
(ii) moet minstens drie-en-'n-half vierkante voet groot wees;
(iii) mag geen saad toon wat tot die nerf of tot in die pelt deurgedring het nie;
(iv) mag effense olieverf- of teermerke toon; en
(v) mag twee klein snye of ander defekte van gelyke omvang hê:

Met dien verstande dat snye of ander defekte in die nek- of stertgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*c*) „ graad 3 vel " wat beteken 'n vel waarvan die haar- of wol-en-haarbedekking of pelt nie voldoen aan die vereistes vir 'n „ graad 2 vel " soos gespesifiseer in paragraaf (*b*) nie.

(2) *Klassifikasie en verpakking.*

(*a*) Velle wat aan die vereistes vir 'n „ graad 1 vel " of 'n „ graad 2 vel " voldoen soos in paragrawe (*a*) en (*b*) van subregulasie (1) gespesifiseer moet gesorteer en verpak word soos hieronder gespesifiseer:—

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ graad 1 vel " wat beteken 'n goed afgeslagte vel, uitgesonderd 'n ontwikkelde ramvel of 'n basterbokvel, waarvan die haarbedekking asook die pelt aan die volgende vereistes moet voldoen:—

Haarbedekking.

Die haarbedekking—

(i) mag nie opvallende saad soos steekgras of kankerroos bevat wat skade aan die pelt kan veroorsaak nie; en
(ii) mag nie buitensporig lank en dig oor die hele oppervlakte van die vel wees nie.

Pelt.

Die pelt—

(i) moet van goeie substansie en gehalte wees;
(ii) mag geen olieverf- of teermerke of saad wat tot die nerf of tot in die pelt deurgedring het, toon nie; en
(iii) moet vry wees van deursnye, byna-deursnye, sere of ander defekte:

Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die pelt nie as diskwalifiserende defekte beskou word nie;

(*b*) „ graad 2 vel " wat beteken 'n goed afgeslagte vel waarvan die haarbedekking asook die pelt aan die volgende vereistes moet voldoen:—

Haarbedekking.

Die haarbedekking mag slegs op die pensgedeeltes geringe saad soos steekgras of kankerroos bevat wat skade aan die pelt kan veroorsaak.

Pelt.

Die pelt—

(i) moet van redelike goeie substansie en gehalte wees;
(ii) mag geringe olieverf- of teermerke toon; en
(iii) mag twee klein snye of ander defekte van gelyke omvang hê:

Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*c*) „ graad 3 vel " beteken 'n vel waarvan die haarbedekking of pelt nie voldoen aan die vereistes vir 'n „ graad 2 vel " soos in paragraaf (*b*) gespesifiseer nie.

(*a*) „ graad 1 vel " wat beteken 'n goed afgeslagte vel waarvan die angorabokhaar in die geval van 'n „ angorabokvel " en die angorabokhaar en bokhaar in die geval van 'n „ basterangorabokvel " asook die pelt aan die volgende vereistes moet voldoen:—

Angorabokhaar of angorabokhaar en bokhaar.

Die angorabokhaar of angorabokhaar en bokhaar—

(i) moet minstens van 'n goeie gemiddelde gehalte wees;
(ii) mag nie opvallende stof, vuiligheid, saad of ander vreemde of plantaardige stowwe bevat nie;
(iii) moet vry van olieverf- of teermerke wees; en
(iv) mag nie oormatig deur urine bevlek wees nie.

Pelt.

Die pelt—

(i) moet van 'n goeie substansie en gehalte wees;
(ii) moet minstens drie-en-'n-half vierkante voet groot wees;
(iii) mag geen olieverf- of teermerke toon nie; en
(iv) moet vry van deursnye, byna-deursnye, sere of ander defekte wees:

Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier kaal flankgedeeltes of binne vier duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*b*) „ graad 2 vel " beteken 'n goed afgeslagte vel waarvan die angorabokhaar in die geval van 'n „ angorabokvel " en die angorabokhaar en bokhaar in die geval van 'n „ basterangorabokvel " asook die pelt aan die volgende vereistes moet voldoen:—

Angorabokhaar of angorabokhaar en bokhaar.

Die angorabokhaar of angorabokhaar en bokhaar—

(i) mag matige hoeveelheid stof, vuiligheid, saad of ander vreemde of plantaardige stowwe bevat; en
(ii) mag geringe olieverf- of teermerke toon.

Pelt.

Die pelt—

(i) moet van 'n redelike goeie substansie en gehalte wees;
(ii) moet minstens drie-en-'n-half vierkante voet groot wees;
(iii) mag geringe olieverf- of teermerke toon; en
(iv) mag twee klein snye of ander defekte van gelyke omvang hê:

Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier kaal flankgedeeltes of binne vier duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*c*) „ graad 3 vel " wat beteken 'n vel waarvan die angorabokhaar of angorabokhaar en bokhaar of pelt nie aan die vereistes vir 'n „ graad 2 vel " voldoen soos in paragraaf (*b*) gespesifiseer nie.

(1) *Gradering.*—Daar is drie grade, nl.:—

(*a*) „ graad 1 huid " beteken 'n goed afgeslagte huid, uitgesonderd 'n bulhuid, van 'n goe'e voorkoms, substansie en gehalte en wat nie meer sigbare defekte as die volgende mag hê nie:—

(i) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie of 'n deur- of byna-deursny nie langer as drie duim in die kernstuk nie en een defek van 'n ander aard, van gelyke omvang buite die kernstuk; of

(ii) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie buite die kernstuk en een defek van 'n ander aard, van gelyke omvang of 'n deur- of byna-deursny nie langer as drie duim nie in die kernstuk; of

(iii) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie of een defek van 'n ander aard, uitgesonderd 'n deur- of byna-deursny, van gelyke omvang binne die kernstuk en 'n deur- of byna-deursny nie langer as drie duim nie buite die kernstuk; of

(iv) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim en twee ander defekte van 'n ander aard, elk van gelyke omvang, die een waarvan 'n deur- of byna-deursny nie langer as drie duim nie, buite die kernstuk mag wees; of

(v) drie defekte, uitgesonderd brandmerke, buite die kernstuk maar waarvan een 'n deur- of byna-deursny nie langer as drie duim nie, mag wees:

Met dien verstande dat defekte soos sweepmerke, skrape of horingmerke, wat werklike skade aan die nerf veroorsaak het, nie langer as agt duim elk moet wees nie: Met dien verstande verder dat brandmerke of ander defekte wat een deur- of byna-deursny nie langer as drie duim nie mag insluit, ongeag die getal maar wat buite die kernstuk gelokaliseer is in 'n gedeelte nie groter as eenhonderd vierkante duim nie maar met geen ander sigbare defekte op die res van die huid, nie as 'n diskwalifikasie vir hierdie graad beskou word nie: Met dien verstande verder dat brandmerke, snye of ander defekte, in die vier korthaarbedekte flankgedeeltes of binne ses duim van die kant van die huid, met uitsondering van die kernstuk, nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van drie duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*b*) „ graad 2 huid " beteken 'n goedafgeslagte huid, uitgesonderd 'n bulhuid, van 'n redelike goeie voorkoms, substansie en gehalte, wat nie meer as die volgende sigbare defekte mag hê nie:—

(i) twee brandmerke in die kernstuk en een brandmerk en twee defekte van 'n ander aard buite die kernstuk; of

(ii) een brandmerk in die kernstuk en twee brandmerke en twee defekte van 'n ander aard buite die kernstuk; of

(iii) drie brandmerke en drie defekte van 'n ander aard buite die kernstuk:

Met dien verstande dat elke brandmerk gelokaliseer en nie groter as vyf-en-twintig vierkante duim mag wees nie: Met dien verstande verder dat brandmerke, waar toelaatbaar, vervang mag word deur dieselfde aantal defekte van 'n ander aard van gelyke omvang: Met dien verstande verder dat twee van die toelaatbare defekte deur- of byna-deursnye nie langer as drie duim elk nie, mag wees en waarvan nie meer as een in die kernstuk mag wees nie: Met dien verstande verder dat defekte soos skrape, sweep- of horingmerke, as gevolg waarvan die nerf werklik beskadig is, nie langer as tien duim elk mag wees nie: Met dien verstande verder dat brandmerke of ander defekte, uitgesonderd meer as twee deur- of byna-deursnye, ongeag die getal maar wat buite die kernstuk gelokaliseer is in 'n gedeelte nie groter as eenhonderd-en-dertig vierkante duim nie maar met geen ander sigbare defekte op die res van die huid, nie 'n diskwalifikasie vir hierdie graad is nie: Met dien verstande verder dat brandmerke, snye of ander defekte in die vier korthaarbedekte flankgedeeltes of binne ses duim van die kant van die huid, met uitsondering van die kernstuk, nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van drie duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*c*) „ graad 3 huid " wat beteken 'n huid met meer defekte as wat toelaatbaar is vir 'n „ graad 2 huid " soos in paragraaf (*b*) gespesifiseer.

(2) *Klassifikasie en verpakking.*—Huide moet gesorteer en verpak word soos hieronder gespesifiseer:—

„ Graad 3 ".....	G–TWH

31. *Kalfvelle.*

(1) *Gradering.*—Daar is drie grade, nl.:—

(*a*) „ graad 1 kalfvel " wat beteken 'n goed afgeslagte vel van 'n goeie voorkoms, substansie en gehalte sonder sigbare olieverf- of teermerke of saad wat werklik in die pelt ingedring het en moet vry van brandmerke, deursnye, byna-deursnye, sere of ander defekte wees: Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier korthaar-flankgedeeltes of binne twee duim van die kant van die res van die vel met uitsondering van die kernstuk nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van twee duim vanaf die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*b*) „ graad 2 kalfvel " beteken 'n goed afgeslagte vel van redelike goeie substansie en gehalte en wat nie meer as die volgende sigbare defekte mag hê nie;

(i) effense olieverf- of teermerke;

(ii) geringe saad, wat werklik in die pelt ingedring het, alleenlik op die pensgedeeltes;

(iii) twee deur- of byna-deursnye elk nie langer as 'n ander half duim nie of ander defekte van dieselfde omvang:

Met dien verstande dat snye of ander defekte in die nekgedeelte of in die vier korthaarbedekte flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van twee duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*c*) „ graad 3 kalfvel " wat beteken 'n vel met meer defekte as daardie wat toelaatbaar is vir 'n „ graad 2 kalfvel " soos in paragraaf (*b*) gespesifiseer.

(2) *Klassifikasie en verpakking.*—Velle moet gesorteer en verpak word soos hieronder gespesifiseer:—

33. Ondanks die bepalings van regulasies 4 tot 31 mag 'n behoorlik daartoe gemagtigde amptenaar van die Raad in die geval waar die gehalte van 'n huid of vel beter is as die voorgeskrewe minimum-vereistes vir die betrokke graad volgens klas, na gelang van die algemene gehalte en namate dit beter as die minimum-gehaltevereiste is, 'n ooreenkomstige toelating met betrekking tot die aantal toelaatbare defekte maak.

34. Ondanks die bepalings van regulasie 3 mag die Raad na 'n tydige aansoek spesiale seleksies waarvoor geen voorsiening in hierdie regulasies gemaak is nie, oorweeg en toelaat dat dit verkoop word onder merke waarop hy moet besluit.

LENGTEBEPALINGSMETODE VAN WOL, WOL-EN-HAAR OF HAAR.

35. (1) 'n Skaapvel wat—

(*a*) ooreenkomstig die bepalings van regulasies 4, 5, 6, 21 en 22 gegradeer, geklassifiseer en verpak word, moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die natuurlike lengte van die kortste stapel langs hierdie dwars vou in die vag, uitgesonderd in dié deel een duim aan weerskante van die ruglyn, gemeet sonder dat die stapel gerek of gevou word, is die lengte vir die klas waarin die vel gesorteer en verpak moet word;

(*b*) ooreenkomstig die bepalings van regulasies 7, 8, 9, 11, 12, 13, 23, 24, 25 en 26 gegradeer, geklassifiseer en verpak word, moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die natuurlike lengte van die kortste stapel langs hierdie dwars vou in die vag, gemeet sonder dat die stapel gerek of gevou word, is die lengte vir die klas waarin die vel gesorteer en verpak moet word.

(2) 'n Angorabokvel of basterangorabokvel moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die gemiddelde natuurlike lengte van die haar langs hierdie dwars vou, gemeet sonder dat die haar gerek of gevou word, is die lengte vir die klas waarin die vel gesorteer en verpak moet word: Met dien verstande dat die haar wat die pensgedeeltes van die vel bedek nie in aanmerking geneem moet word vir die bepaling van lengtestandaarde nie.

METODE VIR DIE BEPALING VAN SPINTELLING.

36. Die vel moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die laagste spintelling van enige wolstapel langs hierdie dwars vou in die vag is die spintelling vir die klas waarin die vel gesorteer en verpak moet word.

37. Indien gewigsgrensbeperkings ter syde gestel word deur 'n behoorlik daartoe gemagtigde amptenaar van die Raad ingevolge—

No. R. 855.] [18 June 1965.

REGULATIONS RELATING TO THE TREATMENT, GRADING, PACKING AND MARKING OF HIDES AND SKINS, EXCLUDING KARAKUL PELTS, INTENDED FOR EXPORT.

The State President has, under the powers vested in him by section *seven* of the Agricultural Products Export Act, 1959 (Act No. 10 of 1959), with effect from 30th August, 1965, made the Regulations as set out in the Schedule hereto, relating to the treatment, grading, packing and marking of cattle hides, calf skins, goat skins or sheep skins, excluding karakul pelts, intended for export, in substitution for the Regulations published in Government Notice No. 863 of 18th May, 1956, which notice is hereby repealed.

No. R. 855.] [18 Junie 1965.

REGULASIES MET BETREKKING TOT DIE BEHANDELING, GRADERING, VERPAKKING EN MERK VAN HUIDE EN VELLE, UITGESONDERD KARAKOELPELSE, WAT VIR UITVOER BESTEM IS.

Die Staatspresident het, kragtens die bevoegdheid hom verleen by artikel *sewe* van die Wet op Uitvoer van Landbouprodukte, 1959 (Wet No. 10 van 1959), met ingang van 30 Augustus 1965 die Regulasies soos uiteengesit in die Bylae hierby, gemaak met betrekking tot die behandeling, gradering, verpakking en merk van beeshuide, kalfvelle, bokvelle of skaapvelle, uitgesonderd karakoelpelse, wat vir uitvoer bestem is, ter vervanging van die Regulasies gepubliseer in Gowermentskennisgewing No. 863 van 18 Mei 1956 welke kennisgewing hierby herroep word.

SCHEDULE.

1. These regulations shall apply to cattle hides, calf skins, goat skins or sheep skins, excluding karakul pelts, which originate in the Republic of South Africa and South West Africa: Provided that hides or skins excluding karakul pelts imported from other territories shall be sorted and packed separately according to class and grade under the marks as specified but countermarked " F ".

DEFINITIONS.

2. For the purpose of these regulations—

(i) " angora goat skin " means a skin derived from a typical white angora goat; (i)

(ii) " bastard angora goat skin " means a skin derived from crosses between a goat and angora goat and having a covering in which angora hair predominates: Provided that goat hair shall predominate in the flank and belly portions of the skin; (ii)

(iii) " bastard goat skin " means a skin derived from crosses between a goat and angora goat having a covering in which goat hair predominates; (iii)

(iv) " bull hide " means a hide of which the shoulder part is noticeably thicker than the butt portion; (vi)

(v) " butt " means the rear middle portion of the hide or calf skin demarcated by—

(*a*) two straight lines on either side of and about parallel with the back line through the apexes of the shorter-hair-covered rear flanks (flank portion) and the two shorter-hair-covered front flanks;

(*b*) a line rectangular with the back line immediately in front of the two shorter-hair-covered front flanks; and

(*c*) the line formed by the tail end of the hide or calf skin, between the two straight lines which are about parallel with the back line referred to in (*a*); (xviii)

(vi) " calf skin " means a skin or any part thereof derived from a young bovine and which in its complete form shall weigh less than 5 lb., 6 lb., 10 lb. or 12 lb. in the dry, dry-salted, wet-salted or freshly-flayed state respectively; (xv)

(vii) " coarse woolled skin " means a skin covered with a mixture of wool and hair with wool predominating; (ix)

(viii) " crossbred skin " means a skin derived from a white woolled breed other than the merino or from crosses between such white woolled breeds or from crosses between such white woolled breeds and the merino: Provided that slight kemp in the flank, belly and lower leg or shoulder portions and inconspicuous kemp in the fleece shall be permissible; (xix)

(ix) " cure " or " curing " in respect of—

(*a*) a wet-salted hide or skin means the treatment with salt, with or without any approved preservative or any approved combination of preservatives as provided by regulations made or directives issued from time to time by the Minister or the Livestock and Meat Industries Control Board;

(*b*) a dry-salted hide or skin means the treatment with salt, with or without any approved preservative or any approved combination of preservatives and the hide or skin subsequently dried, as provided by regulations made or directives issued from time to time by the Minister or the Livestock and Meat Industries Control Board;

(*c*) a sun-dried or shade-dried hide or skin means the treatment with or without an approved preservative other than salt, or any approved combination of preservatives of which salt is not an ingredient and the hide or skin subsequently dried, as provided by regulations made or directives issued from time to time by the Minister or the Livestock and Meat Industries Control Board; (iv)

(x) " dry hide " or " dry skin " means a sun-dried or shade-dried hide or skin; (vii)

(xi) " dry-salted hide " or " dry-salted skin " means a hide or skin which has been dried artificially or in the sun or shade after having been treated with salt in the freshly-flayed state, without or with an approved preservative or any approved combination of preservatives; (viii)

(xii) " fleece " means the wool covering or the wool-and-hair covering of a skin other than the covering over the belly and leg portions; (xxx)

(xiii) " freshly-flayed state " means the condition in which a hide or skin is after removal from the carcase and prior to being subjected to a process of curing or processing; (xxv)

(xiv) " glover skin " means a skin covered with hair or kemp or silky gloss-hair, or a skin of which the belly and flank portions are covered with hair or kemp or gloss-hair and the back portion with a mixture of wool of a temporary nature and hair with hair predominating; (x)

(xv) " goat skin " means a skin derived from all types and breeds of goats, other than the angora goat; (v)

(xvi) " hide " means a skin or any part thereof derived from a bovine and which shall weigh in its complete form not less than 5 lb., 6 lb., 10 lb. or 12 lb. in the dry, dry-salted, wet-salted or freshly-flayed state respectively; (xii)

(xvii) " inspector " means a person designated by the Minister in terms of section *eleven* of Act No. 10 of 1959, as amended; (xiv)

(xviii) " karakul pelt " means a karakul lamb skin or any part thereof which is suitable for use in the fur trade; (xvi)

(xix) " karakul skin " means a skin, other than the " karakul pelt ", with definite and predominant karakul characteristics derived from a karakul sheep or a karakul sheep crossed with other sheep breeds; (xvii)

(xx) " kemp " means a thick, coarse, brittle and non-elastic fibre with air inclusions between the medullary cells. It appears opaque and chalky white in contrast to the transparent whiteness of other wool fibres and normally shows a pointed tip; (xxix)

(xxi) " lamb skin " means a skin derived from a merino or crossbred sheep which has not been shorn and which as a skin in its complete form shall not exceed 4 square feet in the dry or dry-salted or 4½ square feet in the wet-salted or freshly-flayed state; (xx)

(xxii) " mark " means a letter or figure or combination of letters or figures indicating the different types, classes and grades of hides or skins; (xxii)

(xxiii) " merino skin " means a skin derived from a merino sheep; (xxi)

TREATMENT, SORTING, PACKING AND MARKING.

3. (1) Hides or skins shall not be impregnated with any foreign materials except approved materials used for preservation or curing.
(2) Hides or skins shall not be " re-cured " or " pitted ".
(3) Hides or skins shall at no stage during a process of drying be laid flat on the ground or on roofs in the open air or placed in such a way that proper air circulation is disrupted.
(4) All hides or skins shall be carefully protected against insect damage and only approved insecticides shall be used.
(5) Insecticides when applied within forty-eight hours prior to baling for export purposes, shall be in the form of powder or flakes.
(6) Sheep skins having a wool covering or angora goat skins shall not be treated with naphthaline or silico fluoride.
(7) Hides or skins shall not be treated with silico fluoride.
(8) All sun-dried, shade-dried or dry-salted hides or skins shall be shipped in a thoroughly dry condition.
(9) All dry-salted hides shall be well shaken and the hair side shall be brushed to remove loose salt before being packed for export.
(10) All dry-salted skins shall be well shaken to remove loose salt before being packed for export.
(11) All hides shall be trimmed through the knees (carpal joint) and the lower parts of the hocks (tarsal joint), bones shall be removed from the tails and cheeks shall be trimmed through the eyes and the hides left as square as possible without faces, noses, head pieces, horns or unattractive loose strips: Provided that the cheek portions of hides derived from animals which have been slaughtered by the throat-cutting method shall be removed.
(12) All skins shall be trimmed through the knees (carpal joint), the lower parts of the hocks (tarsal joint) and the topmost part of the neck immediately behind the crown of the head and left as square as possible without cheek portions, faces, ears, noses, head pieces, horns or unattractive loose strips, and bones shall be removed from the tails.
(13) Skins shall be free from dags.
(14) Hides shall not be matted with dirt.
(15) All wet-salted hides or skins shall be shipped in a well-drained condition.
(16) All hides and skins shall be sorted and packed according to sort, type, class and grade and each bale, bundle or container shall be legibly marked accordingly, as specified in regulations 13 to 29 and regulation 31: Provided that only one grade or class mark shall be permissible.
(17) Each bale, bundle and container of hides and skins shall be marked with a distinguishing mark of the exporter concerned, which mark shall be not less than 4 inches in height, except in the case of wet salted hides and wet salted skins where such mark shall be marked on a rustproof tag as prescribed in sub-regulation (21).
(18) No mark referred to in sub-regulation (17) shall be so marked before the exporter concerned has obtained confirmation from the Chief, Division of Commodity Services of the Department of Agricultural Economics and Marketing, Koedoe Building (Private Bag 258), Pretoria, that he is satisfied that such mark cannot be confused with any other marks to be marked on hides and skins in terms of these regulations, or with any such distinguishing mark being used by any other exporter of hides and skins: Provided that an exporter of hides and skins may use more than one such distinguishing mark.
(19) The weight of hides and skins contained in each bale, bundle or container shall be clearly marked thereon in addition to the other prescribed markings.
(20) All bales, bundles or containers in each consignment containing dry hides or skins and containers containing wet-salted hides or skins shall be numbered distinctively.
(21) All bales or bundles, of wet-salted hides or skins shall be marked with rustproof tags, with all prescribed marks indicated in a clearly legible manner.
(22) An analine dye shall be used for all markings on bales of dry and dry-salted hides or skins.
(23) Every mark placed on any bale or container of hides or skins, other than bundles of wet-salted hides or wet-salted skins, in terms of these regulations shall—
(*a*) in the case of export by sea from the Republic be of the distinctive colour for the seaport from which those hides or skins are exported, viz. black in the case of Cape Town, red in the case of Port Elizabeth, light blue in the case of East London, light green in the case of Durban, purple in the case of Mossel Bay and brown in the case of Walvis Bay;
(*b*) in the case of export by rail from the Republic be of a distinctive yellow colour.
(24) Each bale or bundle of hides shall be bound with rope.
(25) Skins shall be packed in neat bales.
(26) Each bale of dry skins shall be bound with rope or hoops and shall be covered with clean hessian on both sides of the bale: Provided that hoops shall not be used in the case of skins which have been treated with salt. The complete markings prescribed in these regulations shall appear on these hessian covers only.

NOTICE OF INTENTION OF EXPORT.

4. (1) Every person who intends to export hides or skins shall at least four days before he desires such hides or skins to be inspected for export, give notice of his intention to export, to the Inspector in charge of the centre at which the bales of hides or skins intended for export are to be graded, sorted and packed for export.
(2) Every notice of intention to export referred to in sub-regulation (1) shall set out—
(*a*) the name and full address of the person who intends to export;
(*b*) the address of the store where the hides or skins will be graded, sorted and packed for export;
(*c*) the name of the country to which the hides or skins are to be exported;
(*d*) the number of hides or skins to be exported;
(*e*) the types, classes and grades of hides or skins to be exported.

TAKING AND EXAMINATION OF SAMPLES.

5. (1) The Inspector may at any time remove from bales in premises in which hides and skins intended for export are stored, such samples as may be required for the purpose of further examination.
(2) The exporter shall ensure that all bales or bundles or containers of hides or skins referred to in paragraphs (*d*) and (*e*) of sub-regulation (2) of Regulation 4 are presented for inspection in such a manner that the Inspector shall have access to any bale, bundle or container and shall be able to identify all prescribed markings.
(3) At least 5 (five) per cent of the number of bales, bundles or containers of hides or skins in any one consignment shall be examined by the Inspector and each bale, bundle or container examined shall, if the consignment is passed for export, be sealed by the Inspector.

ISSUE, TRANSFER AND CANCELLATION OF EXPORT CERTIFICATES.

6. (1) If the hides or skins referred to in Regulation 4 are approved for export, the Inspector shall issue to the person who intends to export such hides or skins, an export certificate in the form prescribed in the Annexure hereto in respect of such hides or skins.
(2) An export certificate issued in terms of sub-regulation (1) shall, unless it is cancelled in terms of sub-regulation (3) be valid for a period of not more than *ninety* days reckoned from the date of issue.
(3) An export certificate issued in terms of sub-regulation (1) may be cancelled at any time prior to the export of hides or skins if any bale is found on re-examination—
(*a*) at the store of the exporter; or
(*b*) in the case of export by sea from the Republic at the docks; or
(*c*) in the case of export by rail from the Republic, at the railway station from which the hides or skins are consigned; or
(*d*) in the case of export by road from the Republic at the port of export at the border of the Republic;
to contain hides or skins which do not comply with the description of hides or skins shown on the bale or in the export certificate, or with any regulation or if it is found that seals affixed by an Inspector or the bales have been tampered with.
(4) No person to whom an export certificate has been issued in terms of sub-regulation (1) shall transfer such certificate to any person without the authority of the Inspector in charge of the centre at which the hides or skins concerned were graded, sorted and packed for export by the person to whom the certificate had been issued and every certificate transferred in terms of this sub-regulation shall be endorsed to that effect by the said officer in the space reserved in the certificate for that purpose.

APPEAL.

7. (1) If the exporter or his agent feels aggrieved as a result of the decision or action taken by an inspector he may appeal to the Secretary for Agricultural Economics and Marketing against such decision or action, by handing in a notice of appeal to the inspector concerned while the inspector is still in the warehouse on the day of inspection and paying the deposit as prescribed in sub-regulation (2): Provided that separate appeals shall be lodged in respect of different consignments and that a separate deposit shall be paid in respect of each such separate appeal.

(2) The deposit referred to in sub-regulation (1), shall be R40.00.
(3) The inspector may apply to a bale or bales in respect of which an appeal has been lodged under sub-regulation (1), a mark or take such other precautionary measures as he may deem necessary for identification purposes.
(4) The Secretary for Agricultural Economics and Marketing or an officer of his Department nominated by him shall designate a person or persons who shall decide such an appeal, and such person or persons shall decide such an appeal within ten days after the date on which the appeal was lodged with the inspector, and the decision of the person or persons so designated, shall be final.
(5) (*a*) If an appeal is upheld in full the amount deposited in respect thereof, shall be refunded to the appellant;
(*b*) if an appeal is dismissed or if the hides or skins to which it relates are not available on the day and at the time and place determined by the person or persons designated to decide the appeal, the amount deposited in respect thereof shall be forfeited: Provided that if the appeal was lodged in respect of more than one bale of hides or skins and the appeal is not upheld in full, the appellant shall forfeit a portion of the deposit made in respect of such appeal which bears the same proportion to the amount deposited as the number of bales in respect of which such appeal was dismissed bears to the total number of bales in respect of which the appeal was lodged.
(6) The person or persons designated by the Secretary for Agricultural Economics and Marketing to decide an appeal may determine their own procedure of examination: Provided that if an appeal was lodged in respect of more than one bale of hides or skins, the appeal official shall examine a reasonable and sufficient number of bales to enable him to come to a proper decision.
(7) The exporter of the hides or skins concerned or his agent and the inspector who rejected the consignment may be present during the examination referred to in sub-regulation (6) subject to the concurrence of the person or persons designated to decide the appeal.
(8) The decision of the person or persons who decide the appeal shall be reduced to writing and be furnished to the inspector who rejected the consignment of hides or skins, and a copy thereof shall be furnished to the appellant, should he so desire.

NOTICE OF DESPATCH TO DOCKS OR STATION.

8. Every person who intends to export hides or skins in respect of which an export certificate has been issued in terms of sub-regulation (1) of regulation 6 shall—
(1) in the case of hides or skins which are to be exported by sea from the Republic, notify the Inspector in charge at the sea port from which the hides or skins are to be exported of the date on which the hides or skins are to be despatched to the docks;
(2) in the case of hides or skins to be exported by rail from the Republic, notify the Inspector in charge of the centre in which the railway station from which the hides or skins are to be railed is situated, of the date on which the hides or skins are to be despatched to the railway station specified in such notice, in sufficient time to permit of one or more bales being examined at the docks or railway station concerned or while it is being loaded on to a vehicle belonging to the South African Railways and Harbours Administration for cartage to the docks or that station.

CONDITIONS UNDER WHICH EXPORT IS PERMITTED.

9. The customs or railway officer at the docks or railway station shall not permit any hides or skins to be loaded for export unless—
(1) the export certificate in respect of such hides or skins has been issued to the person in whose name the hides or skins are to be exported or has been endorsed by the Inspector to the effect that the certificate has been transferred to that person in terms of sub-regulation (4) of Regulation 6; and
(2) the said certificate has been endorsed by the Inspector to the effect that the hides or skins have been released for export.

METHOD OF DETERMINATION OF WOOL, WOOL-AND-HAIR OR HAIR LENGTH.

10. (1) A sheep skin which—
(*a*) is graded, classified and packed in accordance with the provisions of regulations 13, 14 and 15 shall be folded crosswise so that the tail portion lies on the neck portion and the natural length of the shortest staple in the fleece along this transverse fold, except in that portion one inch on either side of the back line, measured without the stapel being stretched or folded, shall be the length for the class into which the skin shall be sorted and packed;
(*b*) is graded, classified and packed in accordance with the provisions of regulations 16, 17, 18, 20, 21 and 22, shall be folded crosswise so that the tail portion lies on the neck portion and the natural length of the shortest staple in the fleece along this transverse fold, measured without the stapel being stretched or folded, shall be the length for the class into which the skin shall be sorted and packed.
(2) An angora goat skin or bastard angora goat skin shall be folded crosswise so that the tail portion lies on the neck portion and the average natural length of the hair along this transverse fold, measured without the hair being stretched or folded, shall be the length for the class into which the skin shall be sorted and packed: Provided that the hair covering on the belly portions of the skin shall not be taken into account for the purpose of determining length standards.

METHOD OF DETERMINATION OF SPINNING COUNT.

11. The skin shall be folded crosswise so that the tail portion lies on the neck portion and the lowest spinning count of any wool staple along this transverse fold in the fleece shall be the spinning count for the class into which the skin shall be sorted and packed.

EXEMPTION FROM SORTING, PACKING AND MARKING ACCORDING TO PRESCRIBED PROVISIONS.

12. Notwithstanding the provisions of sub-regulation (16) of regulation 3 the Secretary for Agricultural Economics and Marketing may, on timely application, consider and allow special selections for which no provision has been made in these regulations, to be exported under marks to be decided upon by him.

SHEEP SKINS.

13. *Merino skins with a wool length of over* 1 *(one) inch.*
(1) *Grading:* There shall be three grades, viz.—
(*a*) " sound skin "—denoting a well-flayed and well-cured skin of which the wool and pelt shall comply with the following requirements:—
Wool: The wool—
(i) shall show definite characteristic merino features;
(ii) shall be of at least fair average quality;
(iii) shall show no breaks or shall not be damaged in any other way;
(iv) shall be free from oil-paint or tar marks;
(v) shall not be smudged;
(vi) shall be reasonably free from dust, burr or other foreign or vegetable matter; and
(vii) shall not have an excessive grease content:
Provided that blood in the neck area shall not be regarded as a disqualifying defect.
Pelt: The pelt from which fleshings and fat must be well removed shall—
(i) be of at least fair average quality;
(ii) not have more than two small cuts or other defects of similar proportion:
Provided that cuts or other defects in the neck area or within 1 (one) inch from the four bare flank portions or within 4 (four) inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;
(*b*) " secondary skin "—denoting a skin of which the wool and pelt shall comply with the following requirements:—
Wool: The wool—
(i) shall show definite characteristic merino features;
(ii) shall be of at least fair average quality;
(iii) shall show no breaks or shall not be damaged in any other way;
(iv) shall be free from oil-paint or tar marks;
(v) may be slightly smudged;
(vi) may be moderately contaminated with dust, burr or other foreign or vegetable matter; and
(vii) shall not have an excessive wool grease content:
Provided that blood in the neck area shall not be regarded as a disqualifying defect.
Pelt.—The pelt from which fleshings and fat must be reasonably well removed may have cuts, tears or other defects: Provided that the normal pattern of the pelt is retained;
(*c*) " damaged skin "—denoting a skin of which the wool or the pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(iii) shall be free from oil-paint or tar marks;
(iv) may be slightly smudged;
(v) may contain slight dust, burr, steekgrass, seed or other foreign or vegetable matter;
(vi) may show a slight variation in overall density, and
(vii) shall not have an excessive grease content:

Provided that blood in the neck area shall not be regarded as a disqualifying defect.

Pelt.—The pelt from which fleshings and fat must be well removed—

(i) shall be of good substance and quality;
(ii) shall be at least five square feet in size;
(iii) may have ribs, but not heavy, on the neck or buttocks and slight ribs on the remainder of the pelt;
(iv) shall not be oily, stale and discoloured; and
(v) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " damaged skin "—denoting a skin of which the wool or the pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(2) *Classification and Packing.*—Skins shall be sorted and packed as specified below:—

Method of Cure.									Wool Length.

(3) Notwithstanding the provisions of sub-regulations (1) and (2) skins complying with the requirements specified in paragraph (*a*) may be sorted and packed as indicated in paragraph (*b*) below:—

(*a*) *Grading.*—A skin which is reasonably well-flayed and reasonably well-cured and of which the wool and pelt comply with the following requirements shall qualify for this selection:—

Wool.—The wool—

(i) shall be of reasonably good quality;
(ii) shall show no breaks or shall not be damaged in any other way; and
(iii) may contain a moderate amount of dust, burr, steekgrass or other foreign or vegetable matter.

Pelt.—The pelt from which fleshings and fat are reasonably well removed—

(i) shall be of reasonably good substance and quality;
(ii) shall not be excessively ribbed; and
(iii) may have three small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or within 1 (one) inch from the four bare flank portions or within 4 (four) inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects.

18. *Lamb Skins.*

(1) *Grading.*—There shall be two grades, viz.:—

(*a*) "sound skin"—denoting a well-flayed and well-cured skin of which the wool and pelt shall comply with the following requirements:—

Wool.—The wool—

(i) shall be of at least fair average quality;
(ii) shall show no breaks or shall not be damaged in any other way;
(iii) shall be free from oil-paint or tar marks;
(iv) shall not be smudged; and
(v) may contain a slight amount of dust, burr or other foreign or vegetable matter:

Provided that blood in the neck area shall not be regarded as a disqualifying defect.

Pelt.—The pelt from which fleshings and fat must be well removed—

(i) shall be of at least fair average quality;
(ii) shall not be excessively ribbed; and
(iii) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or within 1 (one) inch from the four bare flank portions or within 2 (two) inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects:

(*b*) "damaged skin"—denoting a skin with defects in excess of those prescribed for a "sound skin" as specified in paragraph (*a*).

(2) *Classification and Packing.*—Skins shall be sorted and packed as specified below:—

Method of Cure.									Wool Length.

PIECES—LHP	PIECES—WLHP	Over 1 inch.
PIECES—SHP	PIECES—WSHP	1 inch and under.

20. *Coarse Woolled Skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) "sound skin"—denoting a well-flayed and well-cured skin, other than a re-cured or pitted skin, of which the wool-and-hair covering and pelt shall comply with the following requirements:—

Wool-and-hair Covering.—The wool-and-hair covering—

(i) shall be of fair average quality;
(ii) shall be free from oil-paint or tar marks; and
(iii) shall be reasonably free from seed of the penetrating types, dust, burr or other foreign or vegetable matter.

Pelt.—The pelt from which fleshings and fat must be properly removed—

(i) shall be of good substance and quality;
(ii) shall be free from ribs;
(iii) shall be at least five square feet in size;
(iv) shall not show seed which has penetrated to the grain or into the pelt;
(v) shall not show any oil-paint or tar marks;
(vi) shall not be oily, stale and discoloured; and
(vii) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) "secondary skin"—denoting a well-flayed and reasonably well-cured skin of which the wool-and-hair covering and pelt shall comply with the following requirements:—

Wool-and-hair Covering.—The wool-and-hair covering—

(i) shall be of fair average quality;
(ii) shall be free from oil-paint or tar marks; and
(iii) shall not contain excessive seed, dust, burr or other foreign or vegetable matter:

Provided that seed in the belly portions shall not be regarded as a disqualifying defect.

Pelt.—The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of at least fairly good substance and quality;
(ii) shall be at least three square feet in size;
(iii) may show very slight seed which has penetrated to the pelt or into the grain other than the bellies which may contain slight seed;
(iv) shall not be oily, stale and discoloured; and
(v) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects in the neck area or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) "damaged skin"—denoting a skin of which the wool-and-hair covering or pelt does not comply with the requirements for a "secondary skin" as specified in paragraph (*b*).

(2) *Classification and Packing.*—Skins shall be sorted into two types, viz.:—

(*a*) "white coarse woolled skin"—denoting a skin of which the wool-and-hair covering does not contain any coloured wool fibres or coloured hair; and
(*b*) "coloured coarse woolled skin"—denoting a skin of which the wool-and-hair covering contains coloured wool fibres or coloured hair.

The aforementioned types shall be sorted and packed as specified below:—

23. *Glover Skins and Woolly Glover Skins.*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " sound skin "—denoting a well-flayed and well-cured skin, other than a developed ram skin or a re-cured or pitted skin, of which the hair or wool-and-hair covering as well as the pelt shall comply with the following requirements:—

Hair or Wool-and-Hair Covering.—The hair or wool-and-hair covering shall not contain conspicuous seeds such as steekgrass or cockleburr which can cause damage to the pelt.

Pelt.—The pelt from which fleshings and fat must be properly removed—

(i) shall be of good substance and quality;
(ii) shall be at least three square feet in size in the dry or dry-salted state and three-and-a-half square feet in the wet-salted state;
(iii) shall show no seed which has penetrated to the grain or into the pelt;
(iv) shall not show any oil-paint or tar marks;
(v) shall not be oily, stale and discoloured; and
(vi) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck or tail portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " secondary skin "—denoting a well-flayed and reasonably well-cured skin of which the hair or wool-and-hair covering as well as the pelt shall comply with the following requirements:—

Hair or Wool-and-hair Covering.—The hair or wool-and-hair covering shall not contain conspicuous seed such as steekgrass or cockleburr which can cause damage to the pelt: Provided that slight seeds of these types in the bellies are permissible.

Pelt.—The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of fairly good substance and quality;
(ii) shall be at least three square feet in size in the dry or dry-salted state and three-and-a-half square feet in the wet-salted state;
(iii) shall not show seed which has penetrated to the grain or into the pelt;

(iv) may show slight oil-paint or tar marks;
(v) shall not be oily, stale and discoloured; and
(vi) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck or tail portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " damaged skin "—denoting a skin of which the hair or wool-and-hair covering or pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(2) *Classification and Packing.*

(*a*) Skins complying with the requirements for a " sound skin " or a " secondary skin " as specified in paragraphs (*a*) and (*b*) of sub-regulation (1) shall be sorted and packed as specified below:—

GOAT SKINS.

24. *Goat Skins (other than Angora Goat Skins).*

(1) *Grading.*—There shall be three grades, viz.:—

(*a*) " sound skin "—denoting a well-flayed and well-cured skin, other than a developed ram skin or a bastard goat skin or a re-cured or pitted skin or a skin weighing less than 14 ounces in the dry-salted state or 10 ounces in the dry state or less than 1¼ lb. in the wet-salted state, of which the hair covering as well as the pelt shall comply with the following requirements:—

Hair covering.—The hair covering—

(i) shall not contain conspicuous seeds such as steekgrass or cockleburr which can cause damage to the pelt; and
(ii) shall not be excessively long and dense over the whole area of the skin.

Pelt.—The pelt from which fleshings and fat must be properly removed—

(i) shall be of good substance and quality;
(ii) shall not show any oil-paint or tar marks, or seed which has penetrated to the grain or into the pelt;
(iii) shall not be oily, stale and discoloured;
(iv) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " secondary skin "—denoting a well-flayed and resonably well-cured skin, other than a skin weighing less than 14 ounces in the dry-salted state or 10 ounces in the dry state or less than 1¼ lb. in the wet-salted state, of which the hair covering as well as the pelt shall comply with the following requirements:—

Hair covering.—The hair covering may contain on the belly portions only slight seed such as steekgrass or cockleburr which can cause damage to the pelt.

Pelt.—The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of fairly good substance and quality;
(ii) may show slight oil-paint or tar marks;
(iii) shall not be oily, stale or discoloured; and
(iv) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " damaged skin "—denoting a skin of which the hair covering or pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(2) *Classification and Packing.*

(*a*) Skins complying with the requirements for a " sound skin " or a " secondary skin " as specified in paragraphs (*a*) and (*b*) of sub-regulation (1) shall be sorted and packed as specified below;—

(3) Notwithstanding the provisions of paragraph (*a*) of sub-regulation (2) the range of weight limits may be waived by the Inspector if the exporter furnishes satisfactory documentary proof that it is required at the specific request of the buyer.

25. *Angora Goat Skins and Bastard Angora Goat Skins.*

(1) *Grading.*—There shall be three grades, viz.—

(*a*) " sound skin "—denoting a well-flayed and well-cured skin, other than a re-cured or pitted skin, of which the mohair in the case of an " angora goat skin " and the mohair (angora)-and-goat hair in the case of a " bastard angora goat skin " as well as the pelt shall comply with the following requirements:—

Mohair (Angora) or Mohair (Angora)-and-goat Hair.—The mohair (angora) or mohair (angora)-and-goat hair—

(i) shall at least be of a good average quality;
(ii) shall not contain conspicuous dust, dirt, seed or other foreign or vegetable matter;
(iii) shall be free from oil-paint or tar marks;
(iv) shall not be excessively stained by urine.

Pelt.—The pelt from which fleshings and fat shall be properly removed—

(i) shall be of good substance and quality;
(ii) shall be at least three square feet in size;
(iii) shall not show any oil-paint or tar marks;
(iv) shall not be oily, stale and discoloured; and
(v) shall be free from through cuts, near through cuts, sores, cracks or other defects:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within four inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*b*) " secondary skin "—denoting a well-flayed and reasonably well-cured skin of which the mohair in the case of an " angora goat skin " and the mohair (angora)-and-goat hair in the case of a " bastard angora goat skin " as well as the pelt shall comply with the following requirements:—

Mohair (Angora) or Mohair (Angora)-and-goat Hair.—The mohair (angora) or mohair (angora)-and-goat hair—

(i) may contain a moderate amount of dust, dirt, seed or other foreign or vegetable matter; and
(ii) may show slight oil-paint or tar marks.

Pelt.—The pelt from which fleshings and fat must be fairly well removed—

(i) shall be of fairly good substance and quality;
(ii) shall be at least three square feet in size;
(iii) may show slight oil-paint or tar marks;
(iv) shall not be oily, stale and discoloured; and
(v) may have two small cuts or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four bare flank portions or within four inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects;

(*c*) " damaged skin "—denoting a skin of which the mohair (angora) or mohair (angora)-and-goat hair or pelt does not comply with the requirements for a " secondary skin " as specified in paragraph (*b*).

(2) *Classification and Packing.*

(*a*) Skins shall be sorted and packed as specified below:—

HIDES.

26. *Dry-salted Hides.*

(1) *Grading.*—There shall be five grades, viz.—

(a) " first grade hide "—denoting a well-flayed and well-cured hide, other than a bull hide or a re-cured or pitted hide, of good appearance, substance and quality, with fleshings and fat properly removed and which may have not more than the following visible defects:—

(i) a localised brand mark(s) not exceeding twenty-five square inches in size or a through or near through cut not exceeding three inches in length in the butt and one defect of a different nature, other than putrefaction, of similar proportion outside the butt; or

(ii) a localised brand mark(s) not exceeding twenty-five square inches in size outside the butt and one defect of a different nature, other than putrefaction, of similar proportion or a through or near through cut not exceeding three inches in length in the butt; or

(iii) a localised brand mark(s) not exceeding twenty-five square inches in size or one defect of a different nature, other than putrefaction or a through or near through cut, of similar proportion in the butt and a through or near through cut not exceeding three inches in length outside the butt; or

(iv) a localised brand mark(s) not exceeding twenty-five square inches and two other defects of a different nature, other than putrefaction, of similar proportion each, one of which may be a through or near through cut not exceeding three inches in length outside the butt; or

(v) three defects, other than brand marks or putrefaction but of which one may be a through or near through cut not exceeding three inches in length outside the butt:

Provided that defects such as whip marks, scratches or horn marks which have caused actual damage to the grain shall not exceed eight inches each in length: Provided further that brand marks or other defects which may include one through or near through cut not exceeding three inches in length but excluding putrefaction, irrespective of the number but which are localised outside the butt in an area not exceeding one hundred square inches but with no other visible defects on the remainder of the hide, shall not be a disqualification for this grade: Provided further that brand marks, cuts or other defects, other than putrefaction, in the four shorter hair covered flank portions or within six inches from the edge of the hide, with the exception of the butt, shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of three inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*b*) " second grade hide "—denoting a well-flayed and well-cured hide, other than a bull hide, of fairly good appearance, substance and quality, with fleshings and fat fairly well removed and which may have not more than the following visible defects:—

(i) Two brand marks in the butt and one brand mark and two defects of a different nature, other than putrefaction, outside the butt; or

(ii) one brand mark in the butt and two brand marks and two defects of different nature, other than putrefaction, outside the butt; or

(iii) three brand marks and three defects of different nature, other than putrefaction, outside the butt:

Provided that each brand mark must be localised and shall not exceed twenty-five square inches in size: Provided further that brand marks where permissible may be replaced by the same number of defects of different nature of similar proportion: Provided further that two of the permissible defects may be through or near through cuts not exceeding three inches in length each, of which not more than one may be in the butt: Provided further that defects such as scratches, whip or horn marks, as a result of which the grain is actually damaged, shall not exceed ten inches each in length: Provided further that brand marks or other defects, other than putrefaction or more than two through or near through cuts, irrespective of number but which are localised outside the butt in an area not exceeding one hundred and thirty square inches but with no other visible defects on the remainder of the hide shall not be a disqualification for this grade: Provided further that brand marks, cuts or other defects, other than putrefaction, in the four shorter hair covered flank portions or within six inches from the edge of the hide, with the exception of the butt, shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of three inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*c*) " third grade hide "—denoting a reasonably well-flayed and fairly well-cured hide of fair average quality not showing signs of putrefaction, except on the extreme edges, with defects in excess of those permissible for a " second grade hide " as specified in paragraph (*b*): Provided that at least half of the surface area of the hide in one complete portion is unaffected on both the grain and flesh sides of such portion;

(*d*) " fourth grade hide "—denoting a hide with defects in excess of those permissible for a " third grade hide " as specified in paragraph (*c*): Provided that at least one-quarter of the surface area of the hide in one complete portion is unaffected on both the grain and flesh sides of such portion;

(*e*) " fifth grade hide "—denoting a hide with defects in excess of those permissible for a " fourth grade hide " as specified in paragraph (*d*).

(2) *Classification and Packing.*—Hides shall be sorted and packed as specified below:—

Grade.					Weight.
" First Grade ".	" Second Grade ".	" Third Grade ".	" Fourth Grade ".	" Fifth Grade ".	
Mark.	Mark.	Mark.	Mark.	Mark.	
BDSK	SDSK	TDSK	4DSK	RDSK	6 lb. to 10 lb.
BDSL	SDSL	TDSL	4DSL	RDSL	Over 10 lb. to 20 lb.
BDSH	SDSH	TDSH	4DSH	RDSH	Over 20 lb. to 30 lb.
BDSXH	SDSXH	TDSXH	4DSXH	RDSXH	Over 30 lb.

(3) Notwithstanding the provisions of sub-regulation (2) the range of weight limits in respect of " third grade ", " fourth grade " and " fifth grade " may be waived by the Inspector on request from the exporter and the Inspector may further waive the range of weight limits in respect of " first grade " and " second grade " if the exporter furnishes satisfactory documentary proof that it is required at the specific request of the buyer.

27. *Dry Hides.*

(1) Notwithstanding the definition of a " sun-dried hide " as specified in Regulation 2, a hide which has been dried after having been treated with an insufficient quantity of salt or salt solution and with or without some other approved preservative but which shows salty patches on the flesh side not exceeding fifteen per cent of the surface area of the hide, may be sorted and packed with dry hides.

(2) *Grading.*—There shall be five grades, viz.—

(*a*) " first grade hide ";
(*b*) " second grade hide ";
(*c*) " third grade hide ";
(*d*) " fourth grade hide "; and
(*e*) " fifth grade hide ";

as specified for dry-salted hides in sub-regulation (1) of regulation 26.

(3) *Classification and Packing.*—Hides shall be sorted and packed as specified below:—

BSDK	SSDK	TSDK	4SDK	RSDK	5 lb. to 9 lb.
BSDL	SSDL	TSDL	4SDL	RSDL	Over 9 lb. to 14 lb.
BSDH	SSDH	TSDH	4SDH	RSDH	Over 14 lb.

(4) Notwithstanding the provisions of sub-regulation (3) the range of weight limits in respect of " third grade ", " fourth grade " and " fifth grade " may be waived by the Inspector on request from the exporter and the Inspector may further waive the range of weight limits in respect of " first grade " and " second grade " if the exporter furnishes satisfactory documentary proof that it is required at the specific request of the buyer.

28. *Wet-salted Hides.*

(1) *Grading.*—There shall be three grades, viz.—

(*a*) " first grade hide "—denoting a hide complying with the grade requirements as specified in paragraph (*a*) of sub-regulation (1) of regulation 26;

(*b*) " second grade hide "—denoting a hide complying with the grade requirements as specified in paragraph (*b*) of sub-regulation (1) of regulation 26.

(*c*) " third grade hide "—denoting a hide with defects in excess of those permissible for a " second grade hide " as specified in paragraph (*b*).

(2) *Classification and Packing.*—Hides shall be sorted and packed as specified below:—

Grade.			Weight.
" First Grade ".	" Second Grade ".	" Third Grade ".	
Mark.	Mark.	Mark.	
WLH	SWLH	TWLH	10 lb. to 30 lb.
WLMH	SWLMH	TWLMH	Over 30 lb. to 40 lb.

WHH	SWHH	TWHH	Over 50 lb. to 60 lb.
WXHH	SWXHH	TWXHH	Over 60 lbs.

(3) Notwithstanding the provisions of sub-regulation (2) the range of weight limits may be waived by the Inspector if the exporter furnishes satisfactory documentary proof that it is required at the specific request of the buyer.

CALF SKINS.

29. *Dry-salted, Dry and Wet-salted Calf Skins.*

(1) *Grading.*—There shall be three grades, viz.—

(*a*) " first grade calf skin "—denoting a well-flayed and well-cured skin, other than a re-cured or pitted skin, of good appearance, substance and quality, with fleshings and fat properly removed, without visible oil-paint or tar marks or seed which has actually penetrated into the pelt and shall be free from brand marks, through cuts, near through cuts, sores, cracks or other defects: Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four shorter hair covered flank portions or within two inches from the edge of the remainder of the skin with the exception of the butt shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of two inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*b*) " second grade calf skin "—denoting a well-flayed and well-cured skin of fairly good substance and quality, with fleshings and fat fairly well removed and which may have not more than the following visible defects—

(i) slight oil-paint or tar marks;

(ii) slight seed which has actually penetrated into the pelt on the belly portions only; and

(iii) two through or near through cuts not exceeding one-and-a-half inches in length each or other defects of similar proportion:

Provided that cuts or other defects, other than putrefaction, in the neck portion or in the four shorter hair covered flank portions or within two inches from the edge of the remainder of the skin shall not be regarded as disqualifying defects: Provided further that small through or near through cuts within a radius of two inches from the centre of the root of the tail shall not be regarded as disqualifying defects;

(*c*) " third grade calf skin "—denoting a skin with defects in excess of those permissible for a " second grade calf skin " as specified in paragraph (*b*).

(2) *Classification and Packing.*—Skins shall be sorted and packed as specified below:—

BEHANDELING, SORTERING, VERPAKKING EN MERK.

3. (1) Huide of velle mag nie gempregneer word met enige vreemde stowwe nie, uitgesonderd goedgekeurde stowwe wat vir preservering of bereiding gebruik word.

(2) Huide of velle mag nie herberei of ingekuip word nie.

(3) Huide of velle mag op geen stadium gedurende 'n drogingsproses plat op die grond of op dakke in die opelug neergelê of op so 'n wyse geplaas word dat behoorlike lugsirkulasie ontwrig word nie.

(4) Alle huide of velle moet sorgvuldig teen beskadiging deur insekte beskerm word en alleen goedgekeurde insekdodende middels mag gebruik word.

(5) Wanneer insekdodende middels binne agt-en-veertig uur vóór baling vir uitvoerdoeleindes toegedien word, moet dit in die vorm van poeier of vlokkies wees.

(6) Skaapvelle met 'n wolbedekking of angorabokvelle mag nie met naftalien of silikofluoried behandel word nie.

(7) Huide of velle mag nie met silikofluoried behandel word nie.

(8) Alle songedroogde, skadugedroogde of drooggesoute huide of velle moet in 'n absoluut droë toestand verskeep word.
(9) Alle drooggesoute huide moet vóór verpakking vir uitvoer goed geskud word en die haarkant moet geborsel word om los sout te verwyder.
(10) Alle drooggesoute velle moet vóór verpakking vir uitvoer goed geskud word om los sout te verwyder.
(11) Alle huide moet deur die knieë (karpale gewrig) en die laer dele van die hakgewrigte (tarsale gewrig) heen reggesny word, bene moet van die sterte verwyder word en wange moet deur die oë heen reggesny word en die huide moet so vierkantig as moontlik gelaat word sonder gesigte, neuse, kopstukke, horings of onaantreklike los repe: Met dien verstande dat die wanggedeeltes aan huide afkomstig van diere wat volgens die keelsnymetode geslag is, verwyder moet word.
(12) Alle velle moet deur die knieë (karpale gewrig), die laer dele van die hakgewrigte (tarsale gewrig) en die boonste deel van die nek onmiddellik agter die kroon van die kop heen reggesny word en moet so vierkantig as moontlik gelaat word sonder wanggedeeltes, gesigte, ore, neuse, kopstukke, horings of onaantreklike los repe en bene moet van die sterte verwyder word.
(13) Velle moet vry van klosse wees.
(14) Daar mag geen vuiligheid aan huide gekoek wees nie.
(15) Alle natgesoute huide of velle moet in 'n goed gedreineerde toestand verskeep word.
(16) Alle huide en velle moet gesorteer en verpak word volgens soort, tipe, klas en graad en elke baal, bondel of houer moet dienooreenkomstig duidelik leesbaar gemerk word, soos gespesifiseer in regulasies 13 tot 29 en regulasie 31: Met dien verstande dat slegs een graad- of klasmerk toelaatbaar is.
(17) Elke baal, bondel en houer van huide en velle moet gemerk wees met 'n onderskeidingsmerk van die betrokke uitvoerder, watter merk minstens vier duim hoog moet wees, behalwe in die geval van natgesoute huide en natgesoute velle waar die merk op 'n roesvrye etiket soos in subregulasie (21) voorgeskryf, aangebring moet word.
(18) Geen merk in subregulasie (17) bedoel, mag aldus aangebring word nie voordat die betrokke uitvoerder van die Hoof, Afdeling Kommoditeitsdienste van die Departement van Landbou-ekonomie en -bemarking, Koedoegebou (Privaatsak 258), Pretoria, bevestiging verkry het dat hy daarvan oortuig is dat sodanige merk nie met enige ander merke wat ingevolge hierdie regulasies op huide en velle aangebring moet word, of met enige sodanige onderskeidingsmerk, wat deur 'n ander uitvoerder van huide en velle gebruik word, verwar kan word nie: Met dien verstande dat 'n uitvoerder van huide en velle meer as een sodanige onderskeidingsmerk mag gebruik.
(19) Die gewig van huide of velle in elke baal, bondel of houer moet duidelik daarop aangedui word, benewens die ander voorgeskrewe merke.
(20) Alle bale, bondels of houers in elke besending wat droë huide of velle bevat en houers bevattende natgesoute huide of velle moet onderskeidend genommer word.
(21) Alle bale of bondels natgesoute huide of velle moet met roesvrye etikette gemerk word met alle voorgeskrewe merke duidelik daarop aangebring.
(22) 'n Analienkleurstof moet vir alle merke op bale droë en drooggesoute huide of velle gebruik word.
(23) Elke merk wat ingevolge hierdie regulasies aangebring word op enige baal of houer van huide of velle, uitgesonderd bondels natgesoute huide of natgesoute velle, moet—

(*a*) in die geval van uitvoer per skip uit die Republiek, van die onderskeidende kleur vir die uitvoerhawe vanwaar daardie huide of velle uitgevoer word, wees, dit wil sê swart in die geval van Kaapstad, rooi in die geval van Port Elizabeth, ligblou in die geval van Oos-Londen, liggroen in die geval van Durban, pers in die geval van Mosselbaai en bruin in die geval van Walvisbaai;
(*b*) in die geval van uitvoer per spoor uit die Republiek, van 'n onderskeidende geel kleur wees.

(24) Elke baal of bondel huide moet met tou vasgebind word.
(25) Velle moet in netjiese bale verpak word.
(26) Elke baal droë velle moet met tou of hoepels vasgebind en aan weerskante van die baal met skoon goiingsak bedek wees: Met dien verstande dat hoepels in die geval van velle wat met sout behandel is nie gebruik mag word nie. Die volledige merke soos in hierdie regulasies bepaal mag alleen op hierdie goiingsakbedekkings verskyn.

KENNISGEWING VAN VOORNEME OM UIT TE VOER.

4. (1) Enige persoon wat voornemens is om huide of velle uit te voer, moet minstens vier dae voordat hy sodanige huide of velle vir uitvoer wil laat inspekteer, van sy voorneme om uit te voer kennis gee aan die verantwoordelike Inspekteur by die sentrum waar die bale huide of velle wat vir uitvoer bestem is, gegradeer, gesorteer en vir uitvoer verpak sal word.
(2) In elke kennisgewing van voorneme om uit te voer soos vermeld in sub-regulasie (1), moet onderstaande uiteengesit word—

(*a*) die naam en volledige adres van die persoon wat voornemens is om uit te voer;
(*b*) die adres van die pakhuis waar die huide of velle gegradeer, gesorteer en vir uitvoer verpak sal word;
(*c*) die naam van die land waarheen die huide of velle uitgevoer sal word;
(*d*) die aantal huide of velle wat uitgevoer sal word;
(*e*) die tipes, klasse en grade huide of velle wat uitgevoer sal word.

DIE NEEM EN ONDERSOEK VAN MONSTERS.

5. (1) Die Inspekteur kan te eniger tyd sodanige monsters as wat vir die doel van verdere ondersoek nodig mag wees, verwyder uit bale wat in 'n perseel waarin huide en velle wat vir uitvoer bestem is, opgeberg word.
(2) Die uitvoerder moet seker maak dat alle bale of bondels of houers van huide of velle waarna in paragrawe (*d*) en (*e*) van subregulasie (2) van regulasie 4 verwys word op so 'n wyse vir inspeksie aangebied word dat die Inspekteur toegang sal hê tot enige baal, bondel of houer en in staat sal wees om alle voorgeskrewe merke te identifiseer.
(3) Ten minste 5 (vyf) persent van die getal bale, bondels of houers huide of velle in iedere besending moet deur die Inspekteur ondersoek word en indien die besending vir uitvoer goedgekeur word, moet elke baal, bondel of houer wat ondersoek is, deur die Inspekteur verseël word.

UITREIKING, OORDRAG EN INTREKKING VAN UITVOERSERTIFIKATE.

6. (1) Indien die huide of velle vermeld in regulasie 4, vir uitvoer goedgekeur word, moet die Inspekteur aan die persoon wat voornemens is om sodanige huide of velle uit te voer, 'n uitvoersertifikaat ten opsigte van sodanige huide of velle uitreik in die vorm voorgeskryf in die aanhangsel hiervan.
(2) 'n Uitvoersertifikaat ingevolge sub-regulasie (1) uitgereik, is, tensy dit kragtens sub-regulasie (3) ingetrek word, geldig vir 'n tydperk van hoogstens *negentig dae* met ingang van die uitreikingsdatum.
(3) 'n Uitvoersertifikaat ingevolge sub-regulasie (1) uitgereik, kan op enige tyd voor die uitvoer van die huide of velle ingetrek word indien by herondersoek enige baal gevind word—

(*a*) by die pakhuis van die uitvoerder; of
(*b*) in die geval van uitvoer per skip uit die Republiek, by die dokke; of
(*c*) in die geval van uitvoer per spoor uit die Republiek, by die Spoorwegstasie vanwaar die huide of velle versend word; of
(*d*) in die geval van uitvoer per pad uit die Republiek, by die plek van uitvoer aan die grens van die Republiek;

huide of velle te bevat wat nie aan die beskrywing van die huide of velle verstrek op die baal of in die uitvoersertifikaat of aan enige regulasie voldoen nie of indien gevind word dat daar met die seëls deur die Inspekteur aangeheg of met die bale gepeuter is.
(4) Geen persoon aan wie 'n uitvoersertifikaat ingevolge sub-regulasie (1) uitgereik is, mag sodanige sertifikaat aan enige ander persoon oordra sonder die magtiging van die verantwoordelike Inspekteur by die sentrum waar die betrokke huide of velle vir uitvoer gegradeer, gesorteer en verpak is deur die persoon aan wie die sertifikaat uitgereik is nie, en elke sertifikaat wat ingevolge hierdie sub-regulasie oorgedra word, moet te dien effekte deur gemelde amptenaar geëndosseer word in die ruimte wat vir daardie doel in die sertifikaat gelaat is.

APPÈL.

7. (1) Indien die uitvoerder of sy agent hom veronreg ag deur 'n beslissing van of stappe geneem deur 'n inspekteur, kan hy by die Sekretaris van Landbou-ekonomie en -bemarking appèl aanteken teen sodanige beslissing of stappe, deur op die dag van inspeksie 'n 'n kennisgewing van appèl by die betrokke inspekteur, en terwyl die inspekteur in die pakhuis is, in te handig en die deposito soos voorgeskryf in sub-regulasie (2) te stort: Met dien verstande dat afsonderlike appèlle aangeteken word ten opsigte van verskillende besendings en dat 'n afsonderlike deposito ten opsigte van elke sodanige appèl gestort moet word.
(2) Die deposito in sub-regulasie (1) genoem moet die bedrag van R40.00 bedra.
(3) Die inspekteur mag op 'n baal of bale ten opsigte waarvan 'n appèl ingevolge sub-regulasie (1) aangeteken is, 'n merk aanbring of sodanige ander voorsorgmaatreëls tref as wat hy vir identifikasiedoeleindes mag nodig ag.
(4) Die Sekretaris van Landbou-ekonomie en -bemarking of 'n beampte van sy Departement deur hom benoem wys 'n persoon of persone aan deur wie so 'n appèl beslis moet word en sodanige persoon of persone moet daaroor beslis binne tien dae na die datum waarop appèl by die inspekteur ingedien is, en die beslissing van die aldus aangewese persoon of persone is afdoende.

(5) (*a*) Indien 'n appèl in sy geheel gehandhaaf word, word die bedrag wat ten opsigte daarvan gedeponeer is, aan die appellant terugbetaal;

(*b*) indien 'n appèl afgewys word, of as die huide of velle waarop dit betrekking het nie op die dag en tyd en plek bepaal deur die persoon of persone wat aangewys is om oor die appèl te beslis, beskikbaar is nie word die bedrag wat ten opsigte daarvan gedeponeer is, verbeur: Met dien verstande dat indien die appèl aangeteken is ten opsigte van een of meer bale huide of velle, en die appèl nie in die geheel gehandhaaf word nie, die appellant 'n gedeelte van die deposito, gestort ten opsigte van daardie appèl, verbeur wat in dieselfde verhouding staan tot die bedrag gedeponeer, as wat die getal bale ten opsigte waarvan die appèl afgewys is, staan tot die totale getal bale ten opsigte waarvan die appèl aangeteken is.

(6) Die persoon of persone wat deur die Sekretaris van Landbou-ekonomie en -bemarking aangewys is om oor 'n appèl te beslis kan self hul prosedure van ondersoek bepaal: Met dien verstande dat indien daar meer as een baal huide of velle is ten opsigte waarvan appèl aangeteken is, 'n genoegsame en redelike aantal bale deur die appèlbeampte(s) ondersoek sal word ten einde hom in staat te stel om 'n behoorlike beslissing te kan maak.

(7) Die uitvoerder van huide of velle, of sy agent en die inspekteur wat die besending afgekeur het, mag tydens die ondersoek genoem in sub-regulasie (6) teenwoordig wees onderhewig aan die instemming daartoe van die persoon of persone aangewys om oor die appèl te beslis.

(8) Die beslissing van die persoon of persone wat oor die appèl beslis, moet op skrif gestel en aan die inspekteur wat die besending huide of velle afgekeur het, oorhandig word, en 'n afksrif daarvan moet aan die appellant voorsien word indien so verlang.

KENNISGEWING VAN VERSENDING NA DOKKE OF STASIE.

8. Iedere persoon wat voornemens is om huide of velle uit te voer ten opsigte waarvan 'n uitvoersertifikaat ingevolge sub-regulasie (1) van regulasie 6 uitgereik is, moet—

(1) in die geval van huide of velle wat per boot uit die Republiek uitgevoer sal word, die verantwoordelike Inspekteur by die hawe vanwaar die huide of velle uitgevoer sal word, in kennis stel van die datum waarop dit na die dokke versend sal word;

(2) in die geval van huide of velle wat per spoor uit die Republiek uitgevoer sal word, die verantwoordelike Inspekteur by die sentrum waarin die spoorwegstasie vanwaar die huide of velle versend sal word, geleë is, in kennis stel van die datum waarop die huide of velle versend sal word na die spoorwegstasie in sodanige kennisgewing vermeld, binne die nodige tydsbestek sodat een of meer bale by die betrokke dokke of spoorwegstasie ondersoek kan word, of terwyl dit gelaai word op 'n voertuig behorende aan die Administrasie van die Suid-Afrikaanse Spoorweë en Hawens vir vervoer na die dokke of daardie stasie.

VOORWAARDES WAARONDER UITVOER TOEGELAAT WORD.

9. Die Doeane- of Spoorwegbeampte by die dokke of spoorwegstasie mag nie toelaat dat enige huide of velle vir uitvoer gelaai word nie, tensy—

(1) die uitvoersertifikaat ten opsigte van sodanige huide of velle uitgereik is aan die persoon op wie se naam die huide of velle uitgevoer sal word, of geëndosseer is deur die Inspekteur te dien effekte dat die sertifikaat ingevolge sub-regulasie (4) van regulasie 6 aan daardie persoon oorgedra is; en

(2) gemelde sertifikaat geëndosseer is deur die Inspekteur te dien effekte dat die huide of velle vir uitvoer vrygestel is.

LENGTEBEPALINGSMETODE VAN WOL, WOL-EN-HAAR OF HAAR.

10. (1) 'n Skaapvel wat—

(*a*) ooreenkomstig die bepalings van regulasies 13, 14 en 15 gegradeer, geklassifiseer en verpak word, moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die natuurlike lengte van die kortste stapel langs hierdie dwars vou in die vag, uitgesonderd in dié deel een duim aan weerskante van die ruglyn, gemeet sonder dat die stapel gerek of gevou word, is die lengte vir die klas waarin die vel gesorteer en verpak moet word;

(*b*) ooreenkomstig die bepalings van regulasies 16, 17, 18, 20, 21 en 22 gegradeer, geklassifiseer en verpak word, moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die natuurlike lengte van die kortste stapel langs hierdie dwars vou in die vag, gemeet sonder dat die stapel gerek of gevou word, is die lengte vir die klas waarin die vel gesorteer en verpak moet word.

(2) 'n Angorabokvel of baster angorabokvel moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die gemiddelde natuurlike lengte van die haar langs hierdie dwars vou, gemeet sonder dat die haar gerek of gevou word, is die lengte vir die klas waarin die vel gesorteer en verpak moet word: Met dien verstande dat die haar wat die pensgedeeltes van die vel bedek nie in aanmerking geneem moet word vir die bepaling van lengte-standaarde nie.

METODE VIR DIE BEPALING VAN SPINTELLING.

11. Die vel moet dwars gevou word sodat die stertgedeelte op die nekgedeelte lê en die laagste spintelling van enige wolstapel langs hierdie dwars vou in die vag is die spintelling vir die klas waarin die vel gesorteer en verpak moet word.

VRYSTELLING VAN SORTERING, VERPAKKING EN MERK VOLGENS VOORGESKREWE BEPALINGS.

12. Ondanks die bepalings van sub-regulasie (16) van regulasie 3 mag die Sekretaris van Landbou-ekonomie en -bemarking na 'n tydige aansoek spesiale seleksies waarvoor geen voorsiening in hierdie regulasies gemaak is nie, oorweeg en toelaat dat dit uitgevoer word onder merke waarop hy moet besluit.

SKAAPVELLE.

13. *Merinovelle met 'n wollengte van oor* 1 (*een*) *duim.*

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ onbeskadigde vel " wat beteken 'n goed afgeslagte en goed bereide vel waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.—Die wol—

(i) moet duidelike kenmerkende merino-eienskappe toon;
(ii) moet minstens van 'n redelike gemiddelde gehalte wees;
(iii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;
(iv) moet vry van olieverf- of teermerke wees;
(v) mag nie besmeer wees nie;
(vi) moet redelik vry van stof, klitsgras of ander vreemde of plantaardige stowwe wees; en
(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.—Die pelt waarvan vleis- en vetkleefsels deeglik verwyder moet wees, moet—

(i) minstens van 'n redelike gemiddelde gehalte wees;
(ii) nie meer as twee klein snye of ander defekte van gelyke omvang hê nie;

Met dien verstande dat snye of ander defekte in die nekgedeelte of binne 1 (een) duim van die vier kaal flankgedeeltes of binne 4 (vier) duim van die kant van die res van die vel nie beskou word as diskwalifiserende defekte nie;

(*b*) „ sekondêre vel " wat beteken 'n vel waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.—Die wol—

(i) moet duidelike kenmerkende merino-eienskappe toon;
(ii) moet minstens van 'n redelike gemiddelde gehalte wees;
(iii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;
(iv) moet vry van olieverf- of teermerke wees;
(v) mag effens besmeer wees;
(vi) mag matig met stof, klitsgras of ander vreemde of plantaardige stowwe belaai wees; en
(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.—Die pelt waarvan die vleis- en vetkleefsels redelik goed verwyder moet wees mag snye, skeure of ander defekte hê: Met dien verstande dat die normale patroon van die pelt behou is;

(*c*) „ beskadigde vel " wat beteken 'n vel waarvan die wol of pelt nie aan die vereistes vir 'n „ sekondêre vel " voldoen soos in paragraaf (*b*) gespesifiseer nie.

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ onbeskadigde vel " wat beteken 'n spesiaal uitgesoekte, goed afgeslagte en goed bereide vel, uitgesonderd 'n ontwikkelde ramvel of 'n herbereide of ingekuipte vel, waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.—Die wol—

(i) moet van 'n goeie gehalte wees;
(ii) mag geen breekplekke toon of mag op geen ander wyse beskadig wees nie;
(iii) moet vry van olieverf- of teermerke wees;
(iv) mag nie besmeer wees nie;
(v) mag nie opvallende stof, klitsgras, steekgras, saad of ander vreemde of plantaardige stowwe hê nie;
(vi) moet dig oor die hele oppervlakte van die pelt uitgesonderd die pensgedeeltes wees; en
(vii) mag nie 'n buitensporige mate wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.—Die pelt waarvan vleis en vetkleefsels deeglik verwyder moet wees—

(i) moet van goeie substansie en gehalte wees;
(ii) moet minstens ses vierkante voet groot wees;
(iii) mag effens plooie, slegs op die nek of boude hê;
(iv) mag nie vetterig, verouderd en verkleur wees nie; en
(v) moet vry wees van deursnye, byna-deursnye, sere, barste of ander defekte:

Met dien verstande dat snye of ander defekte, uitgesonderd verrotting, in die nekgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*b*) „ *sekondere vel* "—beteken 'n spesiaal uitgesoekte, goed afgeslagte en goed bereide vel, uitgesonderd 'n ontwikkelde ramvel of 'n vel wat herberei of ingekuip is, waarvan die wol en pelt aan die volgende vereistes moet voldoen:—

Wol.—Die wol—

(i) moet van 'n redelike goeie gehalte wees;
(ii) mag geen breekplekke toon of op enige ander wyse beskadig wees nie;
(iii) moet vry van olieverf- of teermerke wees;
(iv) mag effens besmeer wees;
(v) mag 'n matige hoeveelheid stof, klitsgras, steekgras, saad of ander vreemde of plantaardige stowwe bevat;
(vi) mag 'n effense wisseling in die algehele digtheid hê; en
(vii) mag nie 'n buitensporige mate van wolvet hê nie:

Met dien verstande dat bloed aan die nekgedeelte nie as 'n diskwalifiserende defek beskou word nie.

Pelt.—Die pelt waarvan vleis- en vetkleefsels deeglik verwyder moet wees—

(i) moet van goeie substansie en gehalte wees;
(ii) moet minstens vyf vierkante voet groot wees;
(iii) mag plooie, hoewel nie swaar nie, aan die nek of boude en effense plooie op die res van die pelt hê;
(iv) mag nie vetterig, verouderd en verkleur wees nie; en
(v) mag twee klein snye of ander defekte van gelyke omvang hê:

Met dien verstande dat snye of ander defekte, uitgesonderd verrotting, in die nekgedeelte of in die vier kaal flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie;

(*c*) „ beskadigde vel " beteken 'n vel waarvan die wol of die pelt nie voldoen aan die vereistes vir 'n „ sekondêre vel " soos in paragraaf (*b*) gespesifiseer nie.

(1) *Gradering.*—Daar is vyf grade, nl.—

(*a*) „ eerstegraadse huid " beteken 'n goed afgeslagte en goed bereide huid, uitgesonderd 'n bulhuid of 'n herbereide of ingekuipte huid, van 'n goeie voorkoms, substansie en gehalte, en waarvan die vleis- en vetkleefsels deeglik verwyder is en wat nie meer sigbare defekte as die volgende mag hê nie:—

(i) 'n Gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie of 'n deur- of byna-deursny nie langer as drie duim in die kernstuk nie en een defek van 'n ander aard, uitgesonderd verrotting, van gelyke omvang buite die kernstuk; of

(ii) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie buite die kernstuk en een defek van 'n ander aard, uitgesonderd verrotting, van gelyke omvang of 'n deur- of byna-deursny nie langer as drie duim nie in die kernstuk; of

(iii) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim nie of een defek van 'n ander aard, uitgesonderd verrotting of 'n deur- of byna-deursny, van gelyke omvang binne die kernstuk en 'n deur- of byna-deursny nie langer as drie duim nie buite die kernstuk; of

(iv) 'n gelokaliseerde brandmerk(e) nie groter as vyf-en-twintig vierkante duim en twee ander defekte van 'n ander aard, uitgesonderd verrotting, elk van gelyke omvang, die een waarvan 'n deur- of byna-deursny nie langer as drie duim nie, buite die kernstuk mag wees; of

(v) drie defekte, uitgesonderd brandmerke of verrotting, buite die kernstuk, maar waarvan een 'n deur- of byna-deursny nie langer as drie duim nie, mag wees:

Met dien verstande dat defekte soos sweepmerke, skrape of horingmerke wat werklike skade aan die nerf veroorsaak het, nie langer as agt duim elk moet wees nie: Met dien verstande verder dat brandmerke of ander defekte wat een deur- of byna-deursny nie langer as drie duim nie mag insluit, uitgesonderd verrotting, ongeag die getal maar wat buite die kernstuk gelokaliseer is in 'n gedeelte nie groter as eenhonderd vierkante duim nie maar met geen ander sigbare defekte op die res van die huid, nie as 'n diskwalifikasie vir hierdie graad beskou word nie: Met dien verstande verder dat brandmerke, snye of ander defekte, uitgesonderd verrotting, in die vier korthaarbedekte flankgedeeltes of binne ses duim van die kant van die huid, met uitsondering van die kernstuk, nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van drie duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*b*) „ tweedegraadse huid " beteken 'n goed afgeslagte en goed bereide huid, uitgesonderd 'n bulhuid, van 'n redelike goeie voorkoms, substansie en gehalte, waarvan die vleis- en vetkleefsels redelik goed verwyder is en wat nie meer as die volgende sigbare defekte mag hê nie:—

(i) twee brandmerke in die kernstuk en een brandmerk en twee defekte van 'n ander aard, uitgesonderd verrotting, buite die kernstuk; of

(ii) een brandmerk in die kernstuk en twee brandmerke en twee defekte van 'n ander aard, uitgesonderd verrotting, buite die kernstuk; of

(iii) drie brandmerke en drie defekte van 'n ander aard, uitgesonderd verrotting, buite die kernstuk:

Met dien verstande dat elke brandmerk gelokaliseer en nie groter as vyf-en-twintig vierkante duim mag wees nie: Met dien verstande verder dat brandmerke, waar toelaatbaar, vervang mag word deur dieselfde aantal defekte van 'n ander aard van gelyke omvang: Met dien verstande verder dat twee van die toelaatbare defekte deur- of byna-deursnye nie langer as drie duim elk nie, mag wees en waarvan nie meer as een in die kernstuk mag wees nie: Met dien verstande verder dat defekte soos skrape, sweep- of horingmerke as gevolg daarvan die nerf werklik beskadig is, nie langer as tien duim elk mag wees nie: Met dien verstande verder dat brandmerke of ander defekte, uitgesonderd verrotting of meer as twee deur- of byna-deursnye, ongeag die getal maar wat buite die kernstuk gelokaliseer is in 'n gedeelte nie groter as een honderd-en-dertig vierkante duim nie maar met geen ander sigbare defekte op die res van die huid, nie 'n diskwalifikasie vir hierdie graad is nie: Met dien verstande verder dat brandmerke, snyplekke of ander defekte, uitgesonderd verrotting, in die vier korthaarbedekte flankgedeeltes of binne ses duim van die kant van die huid, met uitsondering van die kernstuk, nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van drie duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*c*) „ derdegraadse huid " beteken 'n redelik goed afgeslagte en redelik goed bereide huid van 'n redelike gemiddelde gehalte sonder enige tekens van verrotting, behalwe aan die uiterste kante, met meer defekte as wat vir 'n „ tweedegraadse huid " toelaatbaar is soos in paragraaf (*b*) gespesifiseer: Met dien verstande dat minstens die helfte van die huid se oppervlakte in een deurlopende gedeelte onbeskadig is aan sowel die nerf- as vleiskant van sodanige gedeelte;

(*d*) „ vierdegraadse huid " beteken 'n huid met meer defekte as wat toelaatbaar is vir 'n „ derdegraadse huid " soos in paragraaf (*c*) gespesifiseer: Met dien verstande dat minstens 'n kwart van die huid se oppervlakte in een deurlopende gedeelte onbeskadig is aan sowel die nerf- as vleiskant van sodanige gedeelte;

(*e*) „ vyfdegraadse huid " beteken 'n huid met meer defekte as wat toelaatbaar is vir 'n „ vierdegraadse huid " soos in paragraaf (*d*) gespesifiseer.

(2) *Klassifikasie en verpakking.*—Huide moet gesorteer en verpak word soos hieronder gespesifiseer:—

KALFVELLE.

29. *Drooggesoute, droë en natgesoute kalfvelle.*

(1) *Gradering.*—Daar is drie grade, nl.—

(*a*) „ eerstegraadse kalfvel " wat beteken 'n goed afgeslagte en goed bereide vel, uitgesonderd 'n herbereide of ingekuipte vel, van 'n goeie voorkoms, substansie en gehalte, met vleis- en vetkleefsels deeglik verwyder, sonder sigbare olieverf- of teenmerke of saad wat werklik in die pelt ingedring het en moet vry van brandmerke, deur- of byna-deursnye, sere, barste of ander defekte wees: Met dien verstande dat snyplekke of ander defekte, uitgesonderd verrotting, in die nekgedeelte of in die vier korthaar-flankgedeeltes of binne twee duim van die kant van die res van die vel met uitsondering van die kernstuk nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van twee duim vanaf die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*b*) „ tweedegraadse kalfvel " beteken 'n goed afgeslagte en goed bereide vel van redelike goeie substansie en gehalte met vleis- en vetkleefsels redelik goed verwyder en wat nie meer as die volgende sigbare defekte mag hê nie:—

(i) effense olieverf- of teermerke;
(ii) geringe saad, wat werklik in die pelt ingedring het, alleenlik op die pensgedeeltes; en
(iii) twee deur- of byna-deursnye elk nie langer as 'n ander halfduim nie of ander defekte van dieselfde omvang:

Met dien verstande dat snye of ander defekte, uitgesonderd verrotting, in die nekgedeelte of in die vier korthaarbedekte flankgedeeltes of binne twee duim van die kant van die res van die vel nie as diskwalifiserende defekte beskou word nie: Met dien verstande verder dat klein deur- of byna-deursnye binne 'n radius van twee duim van die middelpunt van die wortel van die stert nie as diskwalifiserende defekte beskou word nie;

(*c*) „ derdegraadse kalfvel " wat beteken 'n vel met meer defekte as daardie wat toelaatbaar is vir 'n „ tweedegraadse kalfvel " soos in paragraaf (*b*) gespesifiseer.

(2) *Klassifikasie en verpakking.*—Velle moet gesorteer en verpak word soos hieronder gespesifiseer:—

PAYMENT OF LEVY ON HIDES AND SKINS.

The State President has, under the powers vested in him by section *forty-three* of the Marketing Act, 1937 (Act No. 26 of 1937), prescribed the regulations contained in the Schedule hereto in regard to the payment of levy on hides and skins imposed in Government Notice No. R. 857 of 18th June, 1965.

Government Notice No. 2857 of 18th December, 1953, is hereby repealed.

This notice shall come into operation on 30th August, 1965.

SCHEDULE.

1. In these regulations any expression to which a meaning has been assigned in the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, shall have the meaning so thereto assigned, and unless inconsistent with the context—

"month" means a period extending from the first to the last day, both inclusive, of any of the twelve months of the year.

2. Every—

(1) processor shall, on or before the last day of each month pay to the Board the levies due on industrial hides or industrial skins received by him for processing during the preceding month;

(2) exporter shall pay to the Board the levies on export hides or export skins before the hides or skins are exported;

(3) payment of such levy shall be accompanied by a return, as prescribed by the said Board in terms of section 25 of the said Scheme, to be rendered by the person liable for such payment.

No. R. 857.] [18 June 1965.

LEVY ON HIDES AND SKINS.

In terms of section *twenty-nine* of the Marketing Act, 1937 (Act No. 26 of 1937), I, DIRK CORNELIS HERMANUS UYS, Minister of Agricultural Economics and Marketing, hereby make known that the Livestock and Meat Industries Control Board, referred to in section 3 of the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, has, in terms of section 18 of the said Scheme, with my approval, imposed the levies specified in the Schedule hereto, in substitution for the levies specified in the Schedule to Government Notice No. 2856 of 18th December, 1953, which are hereby repealed.

These levies become operative on 30th August, 1965.

D. C. H. UYS,
Minister of Agricultural Economics and Marketing.

No. R. 856.] [18 Junie 1965.

BETALING VAN HEFFING OP HUIDE EN VELLE.

Die Staatspresident het, kragtens die bevoegdheid hom verleen by artikel *drie-en-veertig* van die Bemarkingswet, 1937 (Wet No. 26 van 1937), die regulasies in die Bylae hiervan uiteengesit, uitgevaardig met betrekking tot die betaling van heffing op huide en velle opgelê in Goewermentskennisgewing No. R. 857 van 18 Junie 1965.

Goewermentskennisgewing No. 2857 van 18 Desember 1953 word hierby herroep.

Hierdie kennisgewing word op 30 Augustus 1965 van krag.

BYLAE.

1. In hierdie regulasies het enige uitdrukking waaraan 'n betekenis geheg is in die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, die betekenis aldus daaraan geheg, en tensy strydig met die samehang, beteken—

„maand", 'n tydperk wat van die eerste tot en met die laaste dag van enigeen van die twaalf maande van die jaar strek.

2. Elke—

(1) verwerker moet voor of op die laaste dag van elke maand die verskuldigde heffing op industriële huide of industriële velle gedurende die vorige maand deur hom vir verwerking ontvang, aan die Raad betaal;

(2) uitvoerder moet die heffing op uitvoerhuide of uitvoervelle aan die Raad betaal voordat die huide of velle uitgevoer word;

(3) betaling van sodanige heffing moet vergesel wees van 'n opgawe ingevolge artikel 25 van genoemde skema deur genoemde Raad voorgeskryf en moet verstrek word deur die persoon wat sodanige betaling doen.

No. R. 857.] [18 Junie 1965.

HEFFING OP HUIDE EN VELLE.

Ingevolge artikel *nege-en-twintig* van die Bemarkingswet, 1937 (Wet No. 26 van 1937), maak ek, DIRK CORNELIS HERMANUS UYS, Minister van Landbou-ekonomie en -bemarking, hierby bekend dat die Raad van Beheer oor die Vee- en Vleisnywerhede, vermeld in artikel 3 van die Vee- en Vleisreëlngskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, kragtens artikel 18 van genoemde Skema, met my goedkeuring die heffings in die Bylae hiervan uiteengesit, opgelê het ter vervanging van die heffings uiteengesit in die Bylae van Goewermentskennisgewing No. 2856 van 18 Desember 1953, wat hiermee herroep word.

Hierdie heffings tree op 30 Augustus 1965 in werking.

D. C. H. UYS,
Minister van Landbou-ekonomie en -bemarking.

SCHEDULE.

1. In this Schedule any expression to which a meaning has been assigned in Government Notice No. R. 854 of 18th June, 1965, and in the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, shall have the meaning so thereto assigned, and unless inconsistent with the context—

(i) "hair skin" means an angora goat skin, bastard angora goat skin, goat skin, bastard goat skin or glover skin; (i)

(ii) "woolled skin" means a coarse woolled skin, karakul skin, crossbred skin, lamb skin, merino skin or woolly glover skin. (ii)

2. The levies as set out in the Annexure hereto are hereby imposed on all industrial hides, industrial skins, export hides or export skins.

No. R. 858.] [18 Junie 1965

UITVOER VAN HUIDE EN VELLE.

Ingevolge artikel *nege-en-twintig* van die Bemarkings-Wet, 1937 (Wet No. 26 van 1937), maak ek, DIRK CORNELIS HERMANUS UYS, Minister van Landbou-ekonomie en -bemarking, hierby bekend dat die Raad van Beheer oor die Vee- en Vleisnywerhede, vermeld in artikel 3 van die Vee- en Vleisreëlingskema gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, kragtens die bevoegdheid hom verleen by artikel 22 van genoemde Skema, met my goedkeuring, die verbodsbepalings uiteengesit in die Bylae hiervan opgelê het ter vervanging van die verbodsbepalings opgelê in die Bylae van Goewermentskennisgewing No. 2859 van 18 Desember 1953, wat hiermee herroep word.

Voorts maak ek bekend dat hierdie kennisgewing op 30 Augustus 1965, van krag word.

D. C. H. UYS,

Minister van Landbou-ekonomie en -bemarking.

BYLAE.

1. In hierdie Bylae het enige uitdrukking waaraan 'n betekenis geheg is in die Vee- en Vleisreëlingskema gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, die betekenis aldus daaraan geheg.

2. No person shall export hides or skins or any part thereof except under permit issued by the Board in the form prescribed in the Annexure hereto.

3. The permit referred to in regulation 2 shall be issued subject to the condition set out in regulation 4: Provided that no permit will be issued unless—

(1) the applicant submits an application, in the form prescribed in the Annexure hereto, duly completed;

(2) the applicant submits an export certificate issued in terms of regulations made under the Agricultural Produce Export Act, 1959 (Act No. 10 of 1959);

(3) the levy due to the Board in terms of Government Notice No. R. 857 of 18th June, 1965, in respect of export hides or export skins has been paid in terms of Government Notice No. R. 856 of 18th June, 1965;

(4) the applicant—

(*a*) has purchased the hides or skins by public auction sale conducted by a broker registered with the Board; or

(*b*) is in possession of a permit issued by the Board, which authorized him to purchase the hides or skins in a manner other than by public auction sale conducted by a broker registered with the Board: Provided that he shall be entitled to a permit if the hides or skins had been duly offered for sale at such an auction.

4. The permit referred to in regulation 2 shall be issued subject to the condition that it may be withdrawn by the Board at any time before export of the products mentioned therein if—

(1) it appears that any information furnished in the application on the strength of which it was approved was false in any material respect; or

(2) any export certificate referred to in the application has been cancelled; or

(3) a duly authorised officer of the Board ascertains that—

(*a*) the products in any parcel, bale, bundle or container do not correspond with the description set out in the export certificate concerned; or

(*b*) the weights of the products differ by more than five per cent from the weights shown on any parcel, bale, bundle or container or in the export certificate concerned.

2. Niemand mag huide of velle of enige gedeelte daarvan uitvoer nie behalwe op gesag van 'n permit deur die Raad uitgereik in die vorm soos in die Aanhangsel hiervan voorgeskryf.

3. Die permit in regulasie 2 bedoel word uitgereik onderhewig aan die voorwaarde in regulasie 4 uiteengesit: Met dien verstande dat geen permit uitgereik sal word nie tensy—

(1) die applikant 'n aansoek, in die vorm soos in die aanhangsel hiervan voorgeskryf, na behore voltooi, indien;

(2) die applikant 'n uitvoersertifikaat wat kragtens regulasies uitgevaardig onder die Wet op Uitvoer van Landbouprodukte, 1959 (Wet No. 10 van 1959) uitgereik is, indien;

(3) die heffing wat kragtens Goewermentskennisgewing No. R. 857 van 18 Junie 1965, ten opsigte van uitvoerhuide of uitvoervelle betaalbaar is aan die Raad kragtens Goewermentskennisgewing No. R. 856 van 18 Junie 1965 betaal is;

(4) die applikant—

(*a*) die huide of velle by wyse van 'n openbare veiling gehou deur 'n makelaar wat by die raad geregistreer is aangekoop het; of

(*b*) in besit is van 'n permit deur die Raad uitgereik wat hom gemagtig het om die huide of velle op 'n ander manier as by wyse van 'n openbare veiling gehou deur 'n makelaar wat by die Raad geregistreer is aan te koop: Met dien verstande dat hy geregtig sal wees op 'n permit indien die huide of velle behoorlik vir verkoop op sodanige veiling aangebied was.

4. Die permit in regulasie 2 bedoel word uitgereik onderworpe aan die voorwaarde dat dit te eniger tyd voordat die produkte daarin vermeld uitgevoer word, deur die Raad ingetrek kan word indien—

(1) dit blyk dat enige inligting wat verstrek is in die aansoek op grond waarvan dit toegestaan is in enige belangrike opsig onjuis was; of

(2) enige uitvoersertifikaat waarna in die aansoek verwys word ingetrek is; of

(3) 'n behoorlik gemagtigde amptenaar van die Raad vasstel dat—

(*a*) die produkte in enige pakket, baal, bondel of houer nie met die beskrywing in die betrokke uitvoersertifikaat aangedui, ooreenkom nie; of

(*b*) die gewigte van die produkte met meer as vyf persent verskil van die gewigte op enige pakket, baal, bondel of houer of in die betrokke uitvoersertifikaat aangedui.

No. R. 859.] [18 June 1965.

THE FLAYING AND CURING OF HIDES AND SKINS DERIVED FROM CATTLE, CALVES, SHEEP OR GOATS.

In terms of sub-section (1) of section *twenty-nine* of the Marketing Act, 1937 (Act No. 26 of 1937), I, DIRK CORNELIS HERMANUS UYS, Minister of Agricultural Economics and Marketing, hereby make known that the Livestock and Meat Industries Control Board, referred to in section 3 of the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, has, under paragraph (*y*) of section 15 of the said Scheme, with my approval, imposed the prohibitions as set out in the Schedule hereto.

There prohibitions become operative on 30th August, 1965.

D. C. H. UYS,
Minister of Agricultural Economics and Marketing.

SCHEDULE.

1. These prohibitions shall apply to cattle hides, calf skins, goat skins and sheep skins excluding karakul pelts.

2. In this Schedule any expression to which a meaning has been assigned in Government Notice No. R. 854 of 18th June, 1965, and in the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, hereinafter referred to as the Scheme shall have the meaning so thereto assigned, and unless inconsistent with the context—

(i) "artificial drying" means the drying of hides or skins in chambers or tunnels in which air is mechanically circulated; (iii)

DIE AFSLAG EN BEREIDING VAN HUIDE EN VELLE AFKOMSTIG VAN BEESTE, KALWERS, SKAPE OF BOKKE.

Ingevolge subartikel (1) van artikel *nege-en-twintig* van die Bemarkingswet, 1937 (Wet No. 26 van 1937), maak ek, DIRK CORNELIS HERMANUS UYS, Minister van Landbou-ekonomie en -bemarking, hierby bekend dat die Raad van Beheer oor die Vee- en Vleisnywerhede, vermeld in artikel 3 van die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, kragtens paragraaf (*y*) van artikel 15 van genoemde Skema, met my goedkeuring die verbodsbepalings opgelê het wat in die Bylae hiervan uiteengesit is.

Die verbodsbepalings tree op 30 Augustus 1965 in werking.

D. C. H. UYS,
Minister van Landbou-ekonomie en -bemarking.

BYLAE.

1. Hierdie verbodsbepalings het betrekking op beeshuide kalfvelle, bokvelle en skaapvelle uitgesonderd karakoelpelse.

2. In hierdie Bylae het enige uitdrukking waaraan 'n betekenis geheg is in Goewermentskennisgewing No. R. 854 van 18 Junie 1965, en in die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, hierna die Skema genoem, die betekenis aldus daaraan geheg, en tensy strydig met die samehang, beteken—

(i) „afslagmes", 'n mes of instrument wat gebruik word om die huid of vel van 'n bees-, skaap- of bokkarkas te verwyder; (ii)

(ii) "flaying knife" means a knife or instrument used to remove the hide or skin from a bovine, sheep or goat carcase; (i)

(iii) "insecticide" means a toxin or preparation used to control insects damaging hides or skins; (ii)

(iv) "preservative" means a chemical or combination of chemicals used for the prevention of harmful bacterial action in hides or skins; (iv)

(v) "slaughtering contractor", means a person who slaughters cattle, calves, sheep or goats on behalf of himself or some other person at an abattoir or slaughter-pole referred to in sub-sections (1) and (2) of section 16 of the Scheme. (v)

3. Every slaughtering contractor shall flay all cattle, calves, sheep or goats in the manner set out in clauses 5 and 9, unless he is in possession of a permit issued by the Board.

4. Every curer shall cure all freshly-flayed hides or freshly-flayed skins in the manner set out in clauses 6, 7, 8 and 9, unless he is in possession of a permit issued by the Board.

5. (1) *Cattle.*—(*a*) *The main opening line* shall follow a straight line extending from a point in the centre of the mandible and in line with the mouth corners, thence all along the centre of the throat, neck, breast and belly portion up to the anus. The cut made to bleed the carcase shall be made longitudinally in the neck in such a manner that this cut in the hide will form an integral part of the main opening line.

(*b*) *The opening lines for cheek portions* shall follow the following lines on both sides of the head: From the starting point of the main opening line upwards to the face and thence towards the rear along a line just below the eyes and upwards behind the ears and horns up to a point directly behind the crown of the head.

(*c*) *The opening lines for the forelegs* shall follow lines starting at the knees, thence moving upwards along the front of the legs up to where the legs join the torso and then slightly to the inside downwards along the sides of the breast to join the main opening line practically at right angles at the apex of the breastbone.

(*d*) *The opening lines for the hindlegs* shall follow lines starting at the heels, thence moving upwards along the back of the legs and swerving with curves to the inside to join the main opening line practically at right angles at a point approximately halfway between the anus and udder or testicle.

(*e*) *The opening lines for the tail* shall be from the anus in line with the main opening line to as near as possible to the switch without damaging the switch.

(*f*) If the carcase is bled by means of a transverse cut across the animal's throat—

(i) the opening lines around the neck shall be a continuation of this transverse cut;

(ii) the opening lines for cheek portions as defined in paragraph (*b*) shall not apply;

(iii) no part of the hide on the head shall be left on the hide;

(iv) the main opening line shall start practically at right angles to the transverse cut.

(2) *Sheep, Goats and Calves.*—(*a*) *The main opening lines* shall start at a point as described in sub-paragraph (iv) of paragraph (*f*) of sub-clause (1) and shall thence be the same as for cattle.

(*b*) *Cheek portions* shall not be flayed and no part of the skin on the head shall be left on the skin.

(ii) „insekdodende middel", 'n gifstof of preparaat wat gebruik word vir die bestryding van insekte wat huide of velle beskadig; (iii)

(iii) „kunsmatige droging", die droogmaak van huide of velle in kamers of tonnels waarin lug meganies gesirkuleer word; (i)

(iv) „preserveermiddel", 'n chemiese stof of samestelling van chemiese stowwe wat gebruik word vir die voorkoming van skadelike bakteriese werking in huide of velle; (iv)

(v) „slagkontrakteur", iemand wat beeste, kalwers, skape of bokke namens homself of iemand anders slag by 'n abattoir of slagpaal waarna in subartikels (1) en (2) van artikel 16 van die Skema verwys word. (v)

3. Elke slagkontrakteur moet alle beeste, kalwers, skape of bokke afslag op die wyse in klousules 5 en 9 uiteengesit tensy hy in besit is van 'n permit deur die Raad uitgereik.

4. Elke bereider moet alle pasafgeslagte huide of pasafgeslagte velle berei, op die wyse in klousules 6, 7, 8 en 9 uiteengesit, tensy hy in besit is van 'n permit deur die Raad uitgereik.

5. *Beeste.*—(*a*) *Die hoofoopsnylyn* moet 'n reguit lyn volg wat strek vanaf 'n punt in die middel van die onderkaak en in lyn met die bekhoeke, vandaar al langs die middel van die keel, nek, bors en pensgedeelte tot by die anus. Die sny wat gemaak word om die karkas uit te bloei moet op so 'n wyse in die lengte in die nek aangebring word dat hierdie sny in die huid 'n onafskeidbare deel van die hoofoopsnylyn uitmaak.

(*b*) *Die oopsnylyne vir wanggedeeltes* moet die volgende lyne aan weerskante van die kop volg: Vanaf die beginpunt van die hoofoopsnylyn op na die gesig en vandaar na agter net onderkant die oë langs en op agter die ore en horings tot by 'n punt reg agter die kruin van die kop.

(*c*) *Die oopsnylyne vir die voorbene* volg lyne wat by die knieë begin, vandaar aan die voorkant van die bene op beweeg tot waar die bene by die romp aansluit en dan effens na binne swaai om aan die sye van die bors af te gaan en die hoofoopsnylyn feitlik reghoekig op die hoogste punt van die borsbeen te ontmoet.

(*d*) *Die oopsnylyne vir die agterbene* volg lyne wat by die hakke begin, vandaar aan die agterkante van die bene op beweeg en met rondings na binne swenk om die hoofoopsnylyn feitlik reghoekig by 'n punt ongeveer halfpad tussen die anus en uier of teelbal te ontmoet.

(*e*) *Die oopsnylyne vir die stert* moet van die anus af in lyn met die hoofoopsnylyn tot so na as moontlik aan die kwas gaan sonder om die kwas te beskadig.

(*f*) Indien die karkas deur middel van 'n dwarssny in die dier se keel uitgebloei word—

(i) moet die oopsnylyne om die nek 'n verlenging van hierdie dwarssny wees;

(ii) is die oopsnylyne vir wanggedeeltes soos in paragraaf (*b*) omskryf nie van toepassing nie;

(iii) mag geen deel van die huid aan die kop aan die huid gelaat word nie;

(iv) moet die hoofoopsnylyn feitlik reghoekig met die dwarssny begin.

(2) *Skape, Bokke en Kalwers.*—(*a*) *Die hoofoopsnylyn* begin by 'n punt soos in sub-paragraaf (iv) van paragraaf (*f*) van subklousule (1) vermeld en is daarna dieselfde as dié vir beeste.

(*b*) *Wanggedeeltes* mag nie afgeslag word nie en geen deel van die vel aan die kop mag aan die vel gelaat word nie.

(*c*) *The opening lines for the forelegs* shall be the same as those stipulated for cattle.

(*d*) *The opening lines for the hindlegs* shall follow lines starting at the heels and thence continuing in a straight line upwards along the back of the legs up to the anus.

(*e*) *The opening line for the tail* shall be in line with the main opening line from the anus up to the point of the tail.

6. *Hides.*—Flesh and fat adhering to the hide shall, as soon as practicable after removal of the latter from the carcase, be removed and immediately thereafter the hide shall be thoroughly washed with clean cold water to remove all blood or foreign matter. Immediately thereafter the hide shall be cured by means of any of the following methods:—

(1) *Wet-salting.*—This method of curing shall only be applied if the curer has at his disposal a well-ventilated curing shed with a well-drained impervious floor where the hides can be salted and stacked in accordance with any of the following methods:—

(*a*) The hide shall be laid down flat, flesh side up on the impervious floor or on a wooden slatted platform, at least three inches from the floor, and shall then be completely covered with clean dry salt equivalent in weight to at least 50 per cent of the weight of the freshly-flayed hide. Every hide shall be placed flesh side up, either one on top of the other to build a single stack or in an overlapping position so as to form a square stack. In the case where a square stack is being built the folding of the hides along the edges of the stack is permissible: Provided that the hides are folded flesh to flesh with a sufficient quantity of salt strewn into the fold to prevent sharp bending: Provided further that the folding of hides shall not hamper drainage of the liquid formed in any part of the stack. The stack shall then be covered with damp hessian or salt. The hides shall remain in the stack for a minimum period of 21 days unless the Board agrees to a shorter period.

(*b*) The hide shall be salted in the manner as specified in paragraph (*a*) and folded lengthwise, flesh to flesh, bringing the bellies towards the line of the back-bone, then folded along the line of the back-bone with the bellies against each other and rolled up. The hide shall be left in this position for at least 72 hours but not longer than 96 hours, after which period the hide shall be opened, resalted and stacked in a manner as specified in paragraph (*a*).

(*c*) The hide shall be immersed in a clean and saturated solution of salt where it shall remain for at least 12 hours but not longer than 48 hours and then stacked in a manner as specified in paragraph (*a*).

(2) *Dry-salting.*—(*a*) The hides shall—

(i) be treated and stacked in the manner specified in either paragraph (*a*) or paragraph (*c*) of sub-clause (1): Provided that after a period of not less than 72 hours they be removed from the stacks and air-dried; or

(ii) be treated with salt and rolled up in the manner specified in paragraph (*b*) of sub-clause (1) and then air-dried.

(*b*) Air-drying shall be carried out in the following manner:—

(i) The hides shall be hung flesh side up symmetrically along the line of the back-bone over horizontal poles with diameters of not less than

(*c*) *Die oopsnylyne vir die voorbene* is dieselfde as dié wat ten opsigte van beeste voorgeskryf is.

(*d*) *Die oopsnylyne vir die agterbene* volg lyne wat by die hakke begin en vandaar reguit aan die agterkant van die bene op beweeg tot by die anus.

(*e*) *Die oopsnylyn vir die stert* gaan in lyn met die hoofoopsnylyn vanaf die anus tot by die punt van die stert.

6. *Huide.*—Vleis en vet wat aan die huid kleef, moet so spoedig moontlik nadat die huid van die karkas verwyder is, verwyder word en onmiddellik daarna moet alle bloed en vreemde stowwe van die huid verwyder word deur dit met skoon koue water te was. Onmiddellik daarna moet die huid volgens enige van die volgende metodes berei word:—

(1) *Natsouting.*—Hierdie bereidingsmetode mag alleen aangewend word indien die bereider 'n goedgeventileerde bereidingskuur met 'n goedgedreineerde sypeldigte vloer tot sy beskikking het waar die huide gesout en gepak kan word ooreenkomstig enige van die volgende metodes:—

(*a*) Die huid moet op die sypeldigte vloer of op 'n platform van houtlatte, minstens drie duim van die vloer, met die vleiskant na bo plat neergelê word en dan moet die hele oppervlakte van die huid met skoon, droë sout, in gewig die ekwivalent van minstens 50 persent van die gewig van die pasafgeslagte huid, bedek word. Elke huid moet met die vleiskant na bo, die een op die ander geplaas word om 'n enkel-stapel te bou of die een gedeeltelik op die ander om 'n vierkantige stapel te vorm. In die geval waar een vierkantige stapel gebou word mag die huide langs die kante van die stapel gevou word mits die huide gevou word met vleiskante teen mekaar en met 'n genoegsame hoeveelheid sout in die vou gestrooi sodat 'n plat vou nie gevorm word nie en verder, mits die vou van huide nie die dreinering van vloeistof wat in enige deel van die stapel vorm belemmer nie. Die stapel moet daarna met sout of met klam goiingsak bedek word. Die huide moet minstens 21 dae in die stapel bly, tensy die Raad tot 'n korter tydperk instem.

(*b*) Die huid moet gesout word op die wyse wat in paragraaf (*a*) bepaal word en in die lengte, vleiskant teen vleiskant gevou word deur die pensgedeeltes na die ruglyn oor te bring. Daarna moet dit langs die ruglyn, met die pensgedeeltes teen mekaar, gevou en opgerol word. Die huid moet in hierdie posisie gelaat word vir minstens 72 uur, maar nie meer as 96 uur nie waarna die huid geopen, weer gesout en gestapel word op 'n wyse soos in paragraaf (*a*) bepaal word.

(*c*) Die huid moet in 'n skoon en versadigde soutoplossing gedompel word waar dit vir minstens 12 uur, maar nie meer as 48 uur nie gelaat en dan gestapel word op 'n wyse wat in paragraaf (*a*) bepaal word.

(2) *Droogsouting.*—(*a*) Die huide moet—

(i) behandel en gestapel word op die wyse wat in paragrawe (*a*) of (*c*) van subklousule (1) bepaal word: Met dien verstande dat hulle na 'n periode van minstens 72 uur van die stapels verwyder word en dan lugdroog word; of

(ii) met sout behandel en opgerol word op die wyse wat in paragraaf (*b*) van subklousule (1) bepaal word en dan luggedroog word.

(*b*) Lugdroging moet op die volgende wyse uitgevoer word:—

(i) Die huide moet simmetries langs die ruglyn met die vleiskant na bo oor horisontale pale met 'n deursnee van minstens 3 duim en hoog-

3 inches and not more than 6 inches, and dried in the shade or sun. The hides shall be turned regularly at intervals in order to prevent putrefaction along the line of contact with the pole due to insufficient air circulation; or

(ii) the hides shall be suspended in wooden frames and dried in the shade or sun without touching the ground. When sun-drying is employed the frame shall be placed in such a position that the direct rays of the sun strike on the flesh side at an oblique angle; or

(iii) the tail and hind shanks of the hide shall be tied to a horizontal pole, in an east-west direction and the neck and front shanks fastened to pegs in the ground in such a manner that the hide with flesh side uppermost is at an angle to the ground and the direct rays of the sun strike on the flesh side obliquely.

(3) *Shade- or Sun-drying.*—The hide shall be air-dried as specified in sub-paragraphs (i), (ii) and (iii) of paragraph (*b*) of sub-clause (2), without being treated with salt at any stage.

7. *Calf Skins.*—Flesh and fat adhering to the skin shall, as soon as practicable after removal of the latter from the carcase, be removed and immediately thereafter the skin shall be thoroughly washed with clean cold water to remove all blood or foreign matter. Immediately thereafter the skin shall be cured by means of any of the following methods:—

(1) *Wet-salting.*—Wet-salting shall be carried out according to one of the methods specified in sub-clause (1) of clause 6: Provided that the skins may be removed from the stacks after a minimum period of 10 days unless the Board agrees to a shorter period.

(2) *Dry-salting.*—Dry-salting shall be carried out according to one of the methods specified in sub-clause (2) of clause 6.

(3) *Shade- or sun-drying.*—Shade- or sun-drying shall be carried out according to the method specified in sub-clause (3) of clause 6.

8. *Sheep Skins or Goat Skins.*—(1) Flesh and fat adhering to the skin shall be removed as soon as practicable after removal of the skin from the carcase and immediately thereafter the blood or other foreign matter on the flesh side of the skin shall be removed by wiping it with a damp cloth dipped in clean, cold water. Immediately thereafter the skin shall be cured by means of any of the following methods:—

(*a*) *Wet-salting.*—The skin shall be laid down flat, flesh side up, on a well-drained impervious floor or on a wooden slatted platform, at least three inches from the floor, and shall then be completely covered with at least 4 lb. of clean unused salt. Every skin shall be placed flesh side up, one on top of the other to form a single stack or they may be folded flesh side to flesh side along the line of the backbone and stacked. Stacks may not be built in such a manner that drainage of liquid formed in any part of the stack is hampered or remains in contact with any part of the stack. The skins shall remain in the stack for at least 48 hours but not longer than 10 days unless the Board agrees to a shorter or longer period.

(*b*) *Dry-salting.*—The skins shall be—

(i) salted and stacked in the manner as specified in paragraph (*a*) and thereafter loose salt shall be shaken off and the skins dried artificially or air-dried in the manner specified in sub-paragraph (i) of paragraph (*b*) of sub-clause (2) of clause 6; or

stens 6 duim gehang word en in die skadu of son gedroog word. Die huide moet met gereelde tussenposes gedraai word ten einde verrotting as gevolg van onvoldoende lugsirkulasie langs die kontaklyn met die paal, te voorkom; of

(ii) die huide moet in houtrame vasgemaak en sonder dat die huide aan die grond raak, in die skadu of son gedroog word. Wanneer van sondroging gebruik gemaak word, word die raam in so 'n posisie geplaas dat die direkte sonstrale die vleiskante skuinsweg tref; of

(iii) die stert en agterbeengedeeltes van die huid word aan 'n horisontale paal vasgemaak in 'n oos-wes-rigting en die nek en voorbeengedeeltes word aan penne in die grond vasgemaak op so 'n wyse dat die huid met die vleiskant na bo 'n hoek met die grond vorm en die direkte sonstrale die vleiskant skuinsweg tref.

(3) *Skadu- of sandroging.*—Die huid moet luggedroog word soos in subparagrawe (i), (ii) en (iii) van paragraaf (*b*) van subklousule (2) bepaal word sonder dat dit op enige stadium met sout behandel word.

7. *Kalfvelle.*—Vleis en vet wat aan die vel kleef, moet so spoedig moontlik nadat die vel van die karkas verwyder is, verwyder word en onmiddellik daarna moet alle bloed en vreemde stowwe van die vel verwyder word deur dit met skoon, koue water te was. Onmiddellik daarna moet die vel volgens enige van die volgende metodes berei word:—

(1) *Natsouting.*—Natsouting moet geskied volgens een van die metodes wat in subklousule (1) van klousule 6 bepaal word: Met dien verstande dat die velle van die stapels verwyder mag word na 'n minimum periode van 10 dae tensy die Raad tot 'n korter tydperk instem.

(2) *Droogsouting.*—Droogsouting moet geskied volgens een van die metodes wat in subklousule (2) van klousule 6 bepaal word.

(3) *Skadu- of sondroging.*—Skadu- of sondroging moet geskied volgens die metode wat in subklousule (3) van klousule 6 bepaal word.

8. *Skaap- of bokvelle.*—(1) Vleis en vet wat aan die vel kleef moet so spoedig moontlik nadat die vel van die karkas verwyder is, verwyder word en onmiddellik daarna moet bloed of ander vreemde stowwe van die vleiskant van die vel verwyder word deur dit met 'n klam doek, wat in skoon, koue water gedoop is, af te vee. Onmiddellik daarna moet die vel volgens enige van die volgende metodes berei word:—

(*a*) *Natsouting.*—Die vel moet op 'n goed-gedreineerde sypeldigte vloer of op 'n platform van houtlatte minstens drie duim van die vloer met die vleiskant na bô neergelê word en die hele oppervlakte van die vel moet dan met minstens 4 lb. skoon, ongebruikte sout bedek word. Elke vel moet met die vleiskant na bo, die een op die ander geplaas word om 'n enkelstapel te bou of hulle mag langs die ruglyn, vleiskant teen vleiskant, gevou en gestapel word. Stapels mag nie op so 'n wyse gebou word dat die dreinering van vloeistof wat in enige deel van die stapel gevorm word, belemmer word of met enige deel van die stapel in kontak bly nie. Die velle moet vir minstens 48 uur, maar nie meer as 10 dae nie, in die stapel bly tensy die Raad tot 'n korter of langer tydperk instem.

(*b*) *Droogsouting.*—Die velle moet—

(i) behandel en gestapel word op die wyse wat in paragraaf (*a*) bepaal word en los sout moet dan afgeskud en die velle kunsmatig gedroog of luggedroog word op die wyse wat in subparagraaf (i) van paragraaf (*b*) van subklousule (2) van klousule 6 bepaal word; of

(ii) treated with salt and rolled up in the manner specified in paragraph (*b*) of sub-clause (1) of clause 6 and left for at least 48 hours but not longer than 72 hours before being dried artificially or air-dried as described above.

(*c*) *Shade Drying.*—The skins shall be dried artificially or air-dried as specified in sub-paragraph (i) of paragraph (*b*) of sub-clause (2) of clause 6, without being treated with salt at any stage: Provided that the diameters of the horizontal poles shall be not less than one-and-a-half inches and not more than 3 inches: Provided further that the skins shall not be exposed to the direct rays of the sun: Provided further that curled-up sides of the skins shall be opened regularly in order to prevent putrefaction of these parts due to insufficient air circulation.

(2) Notwithstanding the provisions of sub-clause (1), flesh and fat adhering to the glover, woolly glover, karakul or coarse woolled types may be removed after the skins had been treated with salt and stacked for 24 hours: Provided that the salting process shall be repeated after removal of flesh and fat and the skins stacked for a further period of not less than 24 hours.

9. *General Prohibitions.*—(1) Slaughtering contractors may only use flaying knives as approved by the Board from time to time.

(2) Curers may only use insecticides and preservatives as approved by the Board from time to time.

(3) At no stage during the drying process shall hides or skins be laid down flat on the ground or on roofs in the open air or placed in such a way that proper air circulation is disrupted.

(4) Immediately after flaying hides or skins shall not be dumped in heaps whereby proper cooling is disrupted, nor shall they be exposed to the direct rays of the sun.

(5) Hides or skins shall not be re-cured or pitted.

10. *Permits.*—The permits referred to in clauses 3 and 4 shall be issued at the discretion of the Board and may be cancelled by the Board if the holder contravenes or fails to comply with a condition set out therein or a provision of the Scheme or a regulation promulgated under the Act.

No. R. 860.] [18 June 1965.

PROCEDURE IN CONNECTION WITH APPLICATION FOR REGISTRATION AS A HIDE AND SKIN BROKER OR CURER.

In terms of section *twenty-nine* of the Marketing Act, 1937 (Act No. 26 of 1937), I, DIRK CORNELIS HERMANUS UYS, Minister of Agricultural Economics and Marketing, hereby make known that the Livestock and Meat Industries Control Board, referred to in section 3 of the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, has, under the powers vested in it by sub-section (2) of section 24 of the said Scheme, with my approval, prescribed the procedure in regard to the registration of hide and skin brokers and curers as set out in the Schedule hereto.

I further make known that this notice shall come into operation on 30th August, 1965.

D. C. H. UYS,
Minister of Agricultural Economics and Marketing.

(ii) met sout behandel en opgerol word op die wyse wat in paragraaf (*b*) van subklousule (1) van klousule 6 bepaal word en vir minstens 48 uur, maar nie meer as 72 uur nie so gelaat en dan kunsmatig gedroog of luggedroog word soos hierbo beskryf.

(*c*) *Skadudroging.*—Die velle moet kunsmatig gedroog of luggedroog word soos in sub-paragraaf (i) van paragraaf (*b*) van subklousule (2) van klousule 6 bepaal word sonder dat hulle op enige stadium met sout behandel word: Met dien verstande dat die horisontale pale minstens anderhalf en hoogstens 3 duim in deursnee moet wees: Met dien verstande verder dat die velle nie aan direkte sonstrale blootgestel mag word nie: Met dien verstande verder dat kante van velle wat omkrul, gedurende die drogingsproses gereeld oopgevou moet word ten einde verrotting van dié dele weens gebrek aan voldoende lugsirkulasie te voorkom.

(2) Ondanks die bepalings van subklousule (1) mag vleis en vet wat aan handskoen-, wollerige handskoen-, karakoel- of growwewoltipes kleef, verwyder word nadat die velle met sout behandel en vir 24 uur gestapel is mits die soutingsproses herhaal word nadat vleis en vet verwyder is en die velle vir 'n verdere periode van minstens 24 uur gestapel word.

9. *Algemene verbodsbepalings.*—(1) Slagkontrakteurs mag slegs afslagmesse soos van tyd tot tyd deur die Raad goedgekeur, gebruik.

(2) Bereiders mag slegs insekdodende middels en preserveermiddels soos van tyd tot tyd die Raad goedgekeur, gebruik.

(3) Op geen stadium gedurende die drogingsproses mag huide of velle plat op die grond of op dakke in die opelug neergelê of op so 'n wyse geplaas word dat behoorlike lugsirkulasie ontwrig word nie.

(4) Onmiddellik na afslagting mag huide of velle nie in hope gegooi word waardeur behoorlike afkoeling belemmer sal word nie en ook nie aan direkte sonstrale blootgestel word nie.

(5) Huide of velle mag nie herberei of ingekuip word nie.

10. *Permitte.*—Die permitte waarna verwys word in klousule 3 en 4 word na goeddunke deur die Raad uitgereik en kan deur die Raad ingetrek word indien die houer 'n voorwaarde daarin uiteengesit of 'n bepaling van die Skema of 'n regulasie kragtens die Wet uitgevaardig, oortree of versuim om daaraan te voldoen.

PROSEDURE IN VERBAND MET AANSOEK OM REGISTRASIE AS 'N HUIDE- EN VELLEMAKELAAR OF BEREIDER.

Ingevolge artikel *nege-en-twintig* van die Bemarkingswet, 1937 (Wet No. 26 van 1937), maak ek, DIRK CORNELIS HERMANUS UYS, Minister van Landbou-ekonomie en -bemarking, hierby bekend dat die Raad van Beheer oor die Vee- en Vleisnywerhede, vermeld in artikel 3 van die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, kragtens die bevoegdheid hom verleen by subartikel (2) van artikel 24 van genoemde Skema, met my goedkeuring die prosedure in verband met die registrasie van huide- en vellemakelaars en bereiders soos in die Bylae hierby uiteengesit, voorgeskryf het.

Voorts maak ek bekend dat hierdie kennisgewing op 30 Augustus 1965 van krag word.

D. C. H. UYS,
Minister van Landbou-ekonomie en -bemarking.

SCHEDULE.

1. In this Schedule, unless inconsistent with the context, any expression to which a meaning has been assigned in the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, shall have the meaning so hereto assigned: Further "controlled area" shall mean an area set out in the Schedule to Proclamation No. 138 of 19th June, 1953.

2. Every person who intends to apply to the Board for registration as a broker or a curer shall advertise his intention to do so once in the *Government Gazette* and once in a newspaper (to appear on a Friday), which newspaper, in the case of an application for registration as broker, circulates in every controlled area, and in the case of an application for registration as curer, circulates in the area in which the place is situated where the applicant intends to cure hides or skins. Such advertisement shall be in the form prescribed in the Annexure hereto and shall invite persons who desire to object to the registration to lodge their objections with the General Manager of the Board within a period of fourteen days from the date of publication of the advertisement.

3. Every person who desires to apply to the Board for registration as a broker or a curer, shall complete an application form as prescribed by the Board from time to time, and submit it in duplicate, completed in every detail, together with a memorandum in duplicate, setting out the reasons for the application.

4. Every person desiring to lodge an objection against the registration of a broker or a curer, shall furnish the Board with a memorandum, in triplicate, setting out his reasons for objecting to the registration of the applicant.

5. In the event of an objection being lodged against the registration of an applicant as a broker or a curer, the Board will furnish—

(1) the applicant with a copy of the memorandum of the objector, and the applicant shall thereupon furnish the Board with a reply to that memorandum within fourteen days from the date of dispatch of the said memorandum to him by the Board;

(2) the objector with a copy of the applicant's reply referred to in sub-clause (1).

6. (1) After consideration of an application for registration as a broker or a curer, the Board may—

(*a*) grant the application subject to such conditions as it may deem fit; or

(*b*) refuse such application; or

(*c*) if it is of the opinion that it is necessary in order to arrive at a decision, afford the applicant an opportunity of supplementing the information regarding his application, by means of an affidavit in further support of his application, and after consideration of such affidavit, the Board may, in its discretion, afford the applicant the opportunity, should he so desire, of stating his case before the Board, either personally or through a representative.

(2) If an applicant, in terms of paragraph (*c*) of sub-clause (1) has been afforded an opportunity of either stating his case personally or through a representative, an objector shall be informed accordingly and likewise be afforded an opportunity of stating his objection personally or through a representative.

7. An applicant whose application has been refused by the Board is entitled to appeal to the Minister as provided for by section 24 (5) of the Scheme.

8. Government Notice No. 331 of 18th February, 1955, is hereby repealed with effect from 30th August, 1965.

BYLAE.

1. In hierdie Bylae het enige uitdrukking waaraan 'n betekenis geheg is in die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, tensy strydig met die samehang, die betekenis aldus daaraan geheg: Voorts beteken „beheerde gebied" 'n gebied in die Bylae van Proklamasie No. 138 van 19 Junie 1953 omskryf.

2. Elkeen wat voornemens is om by die Raad om registrasie as 'n makelaar of 'n bereider aansoek te doen, moet sy voorneme om dit te doen eenmaal in die *Staatskoerant* en eenmaal in 'n nuusblad (op 'n Vrydag) adverteer, welke nuusblad, in die geval van aansoek om registrasie as makelaar, in omloop is in elke beheerde gebied en in die geval van aansoek om registrasie as bereider, in omloop is in die gebied waarin die plek geleë is waar die applikant van voorneme is om huide of velle te berei. Sodanige advertensie moet in die vorm voorgeskryf in die Aanhangsel hiervan verskyn en moet persone wat beswaar wil aanteken teen die registrasie versoek om hulle besware binne 'n tydperk van veertien dae vanaf die datum van publikasie van die advertensie by die Hoofbestuurder van die raad te dien.

3. Elkeen wat by die Raad om registrasie as 'n makelaar of 'n bereider wil aansoek doen moet 'n aansoekvorm soos van tyd tot tyd deur die Raad voorgeskryf voltooi en volledig in alle besonderhede in tweevoud indien, tesame met 'n memorandum, in tweevoud, waarin die redes vir die aansoek uiteengesit word.

4. Enigiemand wat beswaar wil aanteken teen die registrasie van 'n makelaar of 'n bereider moet die Raad voorsien van 'n memorandum, in drievoud, waarin die redes waarom hy teen die registrasie van die applikant beswaar maak, uiteengesit word.

5. Indien daar 'n beswaar ingedien word teen die registrasie van 'n applikant as 'n makelaar of 'n bereider, sal die Raad—

(1) die applikant voorsien van 'n afskrif van die memorandum van die beswaarmaker en die applikant moet die Raad van 'n antwoord op daardie memorandum voorsien binne veertien dae vanaf die datum waarop die Raad gemelde memorandum aan hom versend het;

(2) die beswaarmaker van 'n afskrif van die applikant se antwoord vermeld in subklousule (1) voorsien.

6. (1) Na oorweging van 'n aansoek om registrasie as 'n makelaar of 'n bereider mag die Raad—

(*a*) die aansoek onderworpe aan sulke voorwaardes wat hy goed ag, toestaan; of

(*b*) sodanige aansoek weier; of

(*c*) indien hy van mening is dat dit nodig is, ten einde tot 'n besluit te geraak, die applikant 'n geleentheid bied om inligting by wyse van 'n beëdigde verklaring ter verdere ondersteuning van sy aansoek aan te vul, en na oorweging van sodanige beëdigde verklaring, kan die Raad na goeddunke, aan die applikant die geleentheid bied, indien hy dit verlang, om sy saak voor die Raad te stel hetsy persoonlik of deur middel van 'n verteenwoordiger.

(2) Indien 'n applikant, kragtens paragraaf (*c*) van subklousule (1) die geleentheid gebied is om sy saak òf persoonlik òf deur 'n verteenwoordiger te stel, moet 'n beswaarmaker, dienooreenkomstig in kennis gestel word en insgelyks die geleentheid gebied word om sy beswaar persoonlik of deur middel van 'n verteenwoordiger te stel.

7. 'n Applikant wie se aansoek deur die Raad geweier is, is geregtig daarop om by die Minister appèl aan te teken soos bepaal in artikel 24 (5) van die skema.

8. Goewermentskennisgewing No. 331 van 18 Februarie 1955, word hiermee herroep met ingang vanaf 30 Augustus 1965.

DIE AANKOOP OF VERKOOP VAN HUIDE EN VELLE.

Ingevolge artikel *nege-en-twintig* van die Bemarkingswet, 1937 (Wet No. 26 van 1937), maak ek, DIRK CORNELIS HERMANUS UYS, Minister van Landbou-ekonomie en -bemarking, hierby bekend dat die Raad van Beheer oor die Vee- en Vleisnywerhede, vermeld in artikel 3 van die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, kragtens die bevoegdheid hom verleen by paragraaf (*y*) van artikel 15 van genoemde Skema, met my goedkeuring die verbodsbepaling uiteengesit in die Bylae hiervan opgelê het ter vervanging van die verbodsbepaling uiteengesit in die Bylae van Goewermentskennisgewing No. 745 van 27 April 1956, wat hiermee herroep word.

Voorts maak ek bekend dat hierdie kennisgewing op 30 Augustus 1965 van krag word.

D. C. H. UYS,
Minister van Landbou-ekonomie en -bemarking.

BYLAE.

1. Hierdie verbodsbepaling het betrekking op beeshuide, kalfvelle, bokvelle en skaapvelle.

2. In hierdie Bylae het enige uitdrukking waaraan 'n betekenis geheg is in die Vee- en Vleisreëlingskema gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, die betekenis aldus daaraan geheg: Voorts beteken „beheerde gebied" 'n gebied in die Bylae van Proklamasie No. 138 van 19 Junie 1953 omskryf.

3. Niemand mag in 'n beheerde gebied pasafgeslagte of bereide huide of velle of enige gedeelte daarvan aankoop of verkoop nie behalwe by wyse van 'n openbare veiling gehou deur 'n makelaar wat by die Raad geregistreer is, tensy hy in besit is van 'n permit deur die Raad uitgereik wat hom magtig om pasafgeslagte of bereide huide of velle of enige gedeelte daarvan op 'n ander wyse as deur middel van sodanige veiling te koop of te verkoop: Met dien verstande dat enigiemand op so 'n permit geregtig sal wees indien die betrokke huide of velle of enige gedeelte daarvan behoorlik vir verkoop op sodanige veiling aangebied was.

4. Geen uitvoerder mag enige pasafgeslagte of bereide huide of velle of enige gedeelte daarvan op 'n ander manier aankoop nie as by wyse van 'n openbare veiling gehou deur 'n makelaar wat by die Raad geregistreer is, tensy hy in besit is van 'n permit deur die Raad uitgereik wat hom magtig om pasafgeslagte of bereide huide of velle of enige gedeelte daarvan aan te koop op 'n ander manier as by wyse van sodanige veiling.

5. No processor shall purchase any freshly-flayed or cured hides or skins or any part thereof in any other manner than by public auction sale conducted by a broker registered with the Board, unless he is in possession of a permit issued by the Board authorising him to purchase freshly-flayed or cured hides or skins or any part thereof in a manner other than by such auction.

6. No broker shall purchase any freshly-flayed or cured hides or skins or any part thereof in any other manner than by public auction sale conducted by a broker registered with the Board, unless he is in possession of a permit issued by the Board authorising him to purchase freshly-flayed or cured hides or skins or any part thereof in a manner other than by such auction: Provided that he shall not purchase any hides or skins or any part thereof at an auction conducted by himself.

7. Any permit referred to in clause 3, 4, 5 or 6, will be issued at the discretion of the Board and may be cancelled if the person to whom it has been issued fails to comply with the conditions subject to which it has been issued.

HIDE AND SKIN RETURNS TO BE RENDERED BY PERSONS PROCESSING OR EXPORTING HIDES OR SKINS.

In terms of sub-section (2) of section *twenty-nine* of the Marketing Act, 1937 (Act No. 26 of 1937), I, DIRK CORNELIS HERMANUS UYS, Minister of Agricultural Economics and Marketing, hereby make known that the Livestock and Meat Industries Control Board, referred to in section 3 of the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, has, in terms of section 25 of the said Scheme, with my approval, prescribed that persons processing or exporting hides or skins, shall render returns in the form and at the times indicated in the Schedule hereto.

I further make known that this notice shall come into operation on 30th August, 1965.

D. C. H. UYS,
Minister of Agricultural Economics and Marketing.

SCHEDULE.

1. In this Schedule any expression to which a meaning has been assigned in Government Notice No. R. 854 of 18th June, 1965, and the Livestock and Meat Control Scheme, published by Proclamation No. R. 200 of 21st August, 1964, shall have the meaning so thereto assigned, and unless inconsistent with the context—

(i) "hair skin" means an angora goat skin, bastard angora goat skin, goat skin, bastard goat skin or glover skin; (i)

(ii) "wooled skin" means a coarse wooled skin, karakul skin, crossbred skin, lamb skin, merino skin or woolly glover skin. (ii)

2. Every payment of levy made in terms of Government Notice No. R. 856 of 18th June, 1965, shall in the case of—

(i) dry or dry-salted woolled skins be accompanied by a return (in triplicate) in the form prescribed in Annexure I hereto;

(ii) wet-salted woolled skins be accompanied by a return (in triplicate) in the form prescribed in Annexure II hereto;

(iii) freshly-flayed woolled skins be accompanied by a return (in triplicate) in the form prescribed in Annexure III hereto;

(iv) hides or calf skins or hair skins be accompanied by a return (in duplicate) in the form prescribed in Annexure IV hereto;

(v) industrial hides and industrial skins be accompanied by a return in the form prescribed in Annexure V hereto; and

which returns shall specify the particulars required therein.

5. Geen verwerker mag enige pasafgeslagte of bereide huide of velle of enige gedeelte daarvan op 'n ander manier aankoop nie as by wyse van 'n openbare veiling gehou deur 'n makelaar wat by die Raad geregistreer is, tensy hy in besit is van 'n permit deur die Raad uitgereik wat hom magtig om pasafgeslagte of bereide huide of velle of enige gedeelte daarvan aan te koop op 'n ander manier as by wyse van sodanige veiling.

6. Geen makelaar mag enige pasafgeslagte of bereide huide of velle of enige gedeelte daarvan op 'n ander manier aankoop nie as by wyse van 'n openbare veiling gehou deur 'n makelaar wat by die Raad geregistreer is, tensy hy in besit is van 'n permit deur die Raad uitgereik wat hom magtig om pasafgeslagte of bereide huide of velle of enige gedeelte daarvan aan te koop op 'n ander manier as by wyse van sodanige veiling: Met dien verstande dat hy geen huide of velle of enige gedeelte daarvan mag aankoop op 'n veiling wat deur homself gehou word nie.

7. Enige permit waarna in klousule 3, 4, 5 of 6 verwys word, word na goeddunke deur die Raad uitgereik en kan ingetrek word indien die persoon aan wie dit uitgereik is, versuim om aan 'n voorwaarde daarin genoem, te voldoen.

No. R. 862.] [18 Junie 1965.

HUIDE- EN VELLE-OPGAWES WAT VERSTREK MOET WORD DEUR PERSONE WAT HUIDE OF VELLE VERWERK OF UITVOER.

Ingevolge subartikel (2) van artikel *nege-en-twintig* van die Bemarkingswet, 1937 (Wet No. 26 van 1937), maak ek, DIRK CORNELIS HERMANUS UYS, Minister van Landbou-ekonomie en -bemarking hierby bekend dat die Raad van Beheer oor die Vee- en Vleisnywerhede, vermeld in artikel 3 van die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964, kragtens artikel 25 van genoemde Skema, met my goedkeuring voorgeskryf het dat persone wat huide of velle verwerk of uitvoer opgawes moet verstrek in die vorm en op die tye in die Bylae hiervan aangedui.

Voorts maak ek bekend dat hierdie kennisgewing op 30 Augustus 1965 van krag word.

Minister van Landbou-ekonomie en -bemarking.

BYLAE.

1. In hierdie Bylae het enige uitdrukking waaraan 'n betekenis geheg is in Goewermentskennisgewing No. R. 854 van 18 Junie 1965, en in die Vee- en Vleisreëlingskema, gepubliseer by Proklamasie No. R. 200 van 21 Augustus 1964 die betekenis aldus daaraan geheg en tensy strydig met die samehang, beteken—

(i) „haarvel", 'n angorabokvel, baster-angorabokvel, bokvel, baster-bokvel of handskoenvel; (i)

(ii) „wolvel", 'n growwewolvel, karakoelvel, kruisrasvel, lamvel, merinovel of wollerige handskoenvel. (ii)

2. Elke heffingsbetaling kragtens Goewermentskennisgewing No. R. 856 van 18 Junie 1965 moet in die geval van—

(i) droë of drooggesoute wolvelle vergesel wees van 'n opgawe (in drievoud) in die vorm soos voorgeskryf in Aanhangsel I hiervan;

(ii) natgesoute wolvelle vergesel wees van 'n opgawe (in drievoud) in die vorm soos voorgeskryf in Aanhangsel II hiervan;

(iii) pasafgeslagte wolvelle vergesel wees van 'n opgawe (in drievoud) in die vorm soos voorgeskryf in Aanhangsel III hiervan;

(iv) huide of kalfvelle of haarvelle vergesel wees van 'n opgawe (in tweevoud) in die vorm soos voorgeskryf in Aanhangsel IV hiervan;

(v) industriële huide en industriële velle vergesel wees van 'n opgawe in die vorm soos voorgeskryf in Aanhangsel V hiervan; en

welke opgawes die besonderhede wat daarin verlang word, moet aandui.
